ENOVA SYSTEMS, INC.

CONDENSED NOTES TO FINANCIAL STATEMENTS  
(Unaudited)

1. Description of the Company and its Business

Enova Systems, Inc., (“Enova”, “We” or “the Company”), a California corporation, was incorporated in July 1976, and trades on the OTCQB under the trading symbol “ENVS” and on the London Stock Exchange under the symbol “ENV” or “ENVS”. The Company believes it has been a globally recognized leader as a supplier of efficient, environmentally-friendly digital power components and systems products, in conjunction with associated engineering services. The Company’s core competencies are focused on the commercialization of power management and conversion systems for mobile and stationary applications.

THE DISCUSSION SET FORTH BELOW AND ELSEWHERE IN THIS 10-Q IS QUALIFIED IN ITS ENTIRETY BY THE FOLLOWING: ENOVA REMAINS INSOLVENT AND OWES IN EXCESS OF \$4.7 MILLION IN THE AGGREGATE TO ITS TWO PRINCIPAL CREDITORS, THE CREDIT MANAGERS ASSOCIATION AND ARENS CONTROLS COMPANY, L.L.C. (“ARENS”). WITHOUT IMMEDIATE ADDITIONAL FINANCING, THE COMPANY WILL NEED TO CEASE OPERATIONS. THE COMPANY CURRENTLY HAS NO VISIBILITY AS TO EITHER ADDITIONAL FINANCING OR THE COLLECTION OF RECEIVABLES. SPECIFICALLY, WITHOUT A MUTUALLY ACCEPTABLE SETTLEMENT OF THE ARENS JUDGMENT ARISING OUT OF ARENS CONTROLS COMPANY, L.L.C. v. ENOVA SYSTEMS, INC., CASE NO. 13-1102 (7TH CIRCUIT) IN THE AMOUNT OF \$2.0 MILLION, THE COMPANY DOES NOT CURRENTLY BELIEVE IT HAS ANY ALTERNATIVE OTHER THAN TO CEASE OPERATIONS. THE COMPANY CURRENTLY EMPLOYS ONLY TWO PERSONNEL, JOHN MICEK, THE COMPANY'S CEO, CFO AND SECRETARY, AND ONE ADDITIONAL INDIVIDUAL IN THE FINANCE DEPARTMENT.

ON SEPTEMBER 24, 2013, THE COMPANY ENTERED INTO A SETTLEMENT AGREEMENT AND MUTUAL RELEASE WITH ARENS PROVIDING A PERIOD OF 120 DAYS TO SETTLE THE JUDGMENT FOR THE AMOUNT OF \$300,000. THE COMPANY WAS NOT ABLE TO MAKE THE PAYMENT BY THE DUE DATE OF JANUARY 22, 2014. THEREFORE, THE JUDGMENT AGAINST THE COMPANY CAN BE ENFORCED WITHOUT FURTHER NOTICE.

2. Summary of Significant Accounting Policies

Basis of Presentation — Interim Financial Statements

The financial position, results of operations and cash flows for the three and six months ended June 30, 2015 and December 31, 2014 is unaudited but includes all adjustments (consisting only of normal recurring adjustments) that the Company considers necessary for a fair statement of its financial position at such dates and the operating results and cash flows for those periods. The year-end balance sheet data was derived from audited financial statements, and certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to SEC rules or regulations; however, the Company believes the disclosures made are adequate to make the information presented not misleading.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of

revenues and expenses during the reporting period. Although management believes these estimates and assumptions are adequate, actual results could differ from the estimates and assumptions used.

The results of operations for the interim periods presented are not necessarily indicative of the results of operations to be expected for the year. These interim financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2014, which are included in the Company's Annual Report on Form 10-K for the year then ended.

## Table of Contents

### Liquidity and Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. However, historically the Company has experienced significant recurring net losses and operating cash flow deficits. The Company's ability to continue as a going concern is dependent on many factors, including among others, its ability to raise additional funding, and its ability to successfully restructure operations.

To date, the Company has incurred recurring net losses and negative cash flows from operations. At June 30, 2015, the Company had an accumulated deficit of approximately \$163.1 million, working capital of approximately negative \$6.1 million and shareholders' equity deficit of approximately \$6.1 million. Until the Company can generate significant cash from its operations, the Company expects to continue to fund its operations with borrowings from employees, proceeds from one or more private placement agreements, or potentially through debt financing or the sale of equity securities. However, the Company may not be successful in obtaining additional funding. In addition, the Company cannot be sure that additional financing will be available when needed or that, if available, financing will be obtained on terms favorable to the Company or its shareholders.

Our operations will require us to make necessary investments in human and production resources, regulatory compliance, as well as sales and marketing efforts. We do not currently have adequate internal liquidity to meet these objectives. On June 21, 2012, we reported in a Form 8-K filing that, as part of cost cutting measures in response to our decrease in revenue amid continued delays in industry adoption of EV technology resulting from ongoing battery cost and reliability concerns, in excess of 90% of our workforce left our Company, including the resignation of members of our senior management. We continue to evaluate strategic partnering opportunities and other external sources of liquidity, including the public and private financial markets and strategic partners. As a result of having insufficient funds, the Company has delayed all of its product development. Failure to obtain adequate financing also will adversely affect the Company's ability to continue in business. If the Company raises additional funds by issuing equity securities, substantial dilution to existing stockholders would likely result. If the Company raises additional funds by incurring debt financing, the terms of the debt may involve significant cash payment obligations, as well as covenants and specific financial ratios that may restrict its ability to operate its business.

The Company continues to pursue other options to raise additional capital to fund its operations; however, there can be no assurance that we can successfully raise additional funds through the capital markets.

As of June 30, 2015, the Company had no cash and cash equivalents and received loans from an employee in order to maintain minimal operations. We do not anticipate that our remaining assets will be sufficient to meet projected operating requirements through the end of 2015 to continue operations and market trading.

### Significant Accounting Policies

The accounting and reporting policies of the Company conform to US GAAP. There have been no significant changes in the Company's significant accounting policies during the six months ended June 30, 2015 compared to what was previously disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

### Revenue Recognition

The Company business is the manufacture of proprietary products and other products based on design specifications provided by its customers. The Company recognizes revenue only when all of the following criteria have been met:

## Table of Contents

◆ **Persuasive Evidence of an Arrangement** — The Company documents all terms of an arrangement in a written contract signed by the customer prior to recognizing revenue.

◆ **Delivery Has Occurred or Services Have Been Rendered** — The Company performs all services or delivers all products prior to recognizing revenue. Professional consulting and engineering services are considered to be performed when the services are complete. Equipment is considered delivered upon delivery to a customer's designated location. In certain instances, the customer elects to take title upon shipment.

◆ **The Fee for the Arrangement is Fixed or Determinable** — Prior to recognizing revenue, a customer's fee is either fixed or determinable under the terms of the written contract. Fees for professional consulting services, engineering services and equipment sales are fixed under the terms of the written contract. The customer's fee is negotiated at the outset of the arrangement and is not subject to refund or adjustment during the initial term of the arrangement.

◆ **Collectability is Reasonably Assured** — The Company determines that collectability is reasonably assured prior to recognizing revenue. Collectability is assessed on a customer-by-customer basis based on criteria outlined by management. New customers are subject to a credit review process which evaluates the customer's financial position and ultimately its ability to pay. The Company does not enter into arrangements unless collectability is reasonably assured at the outset. Existing customers are subject to ongoing credit evaluations based on payment history and other factors. If it is determined during the arrangement that collectability is not reasonably assured, revenue is recognized on a cash basis. Amounts received upfront for engineering or development fees under multiple-element arrangements are deferred and recognized over the period of committed services or performance, if such arrangements require the Company to provide on-going services or performance. All amounts received under collaborative research agreements or research and development contracts are nonrefundable, regardless of the success of the underlying research.

The Company recognizes revenue from milestone payments over the remaining minimum period of performance obligations.

The Company also recognizes engineering and construction contract revenues using the percentage-of-completion method, based primarily on contract costs incurred to date compared with total estimated contract costs. Customer-furnished materials, labor, and equipment, and in certain cases subcontractor materials, labor, and equipment, are included in revenues and cost of revenues when management believes that the company is responsible for the ultimate acceptability of the project. Contracts are segmented between types of services, such as engineering and construction, and accordingly, revenue and gross margin related to each activity is recognized as those separate services are rendered.

Changes to total estimated contract costs or losses, if any, are recognized in the period in which they are determined. Claims against customers are recognized as revenue upon settlement. Revenues recognized in excess of amounts received are classified as current assets. Amounts billed to clients in excess of revenues recognized to date are classified as current liabilities on contracts.

Changes in project performance and conditions, estimated profitability, and final contract settlements may result in future revisions to engineering and development contract costs and revenue.

These accounting policies were applied consistently for all periods presented. Information about the impact on our operating results is included in the footnotes to our financial statements.

Deferred Revenues

The Company recognizes revenues as earned. Amounts received or collected advance of the period in which service is rendered are recorded as a liability under deferred revenues. When the Company enters into production and development contracts with customers, an evaluation is made to ascertain the specific revenue generating activities of each contract and establishes the units of accounting for each activity. Revenue on these units of accounting is not recognized until a) there is persuasive evidence of the existence of a contract, b) the service has been rendered and delivery has occurred, c) there is a fixed and determinable price, and d) collectability is reasonable assured.

-6-

---

Table of Contents

## Warranty Costs

The Company provides product warranties for specific product lines and accrues for estimated future warranty costs in the period in which revenue is recognized. Our products are generally warranted to be free of defects in materials and workmanship for a period of 12 to 24 months from the date of installation, subject to standard limitations for equipment that has been altered by other than Enova Systems personnel and equipment which has been subject to negligent use. Warranty provisions are based on past experience of product returns, number of units repaired and our historical warranty incidence over the past twenty-four month period. The warranty liability is evaluated on an ongoing basis for adequacy and may be adjusted as additional information regarding expected warranty costs becomes known.

## Stock Based Compensation

We measure the compensation cost for stock-based awards classified as equity at their fair value on the date of grant and recognize compensation expense over the service period for awards expected to vest, net of estimated forfeitures.

## Loss Per Share

Basic loss per share is computed by dividing loss available to common stockholders by the weighted-average number of common shares outstanding. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Common equivalent shares are excluded from the computation if their effect is anti-dilutive. The Company's common share equivalents consist of stock options, warrants and preferred stock.

The potential shares, which are excluded from the determination of basic and diluted net loss per share as their effect is anti-dilutive, are as follows:

	Six Months Ended June 30,	
	2015	2014
Options to purchase common stock	8,641,000	5,210,000
Warrants to purchase common stock	11,250,000	11,250,000
Series A and B preferred shares conversion	83,000	83,000
Potential equivalent shares excluded	19,974,000	16,543,000

## Accounting Changes and Recent Accounting Pronouncements

Certain accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Company's financial position, results of operations and cash flows.

Table of Contents

## 3. Inventory

Inventory, consisting of materials, labor and manufacturing overhead, is stated at the lower of cost (first-in, first-out) or market and consisted of the following at:

	June 30, 2015	December 31, 2014
Raw materials	\$ 3,098,000	\$ 3,098,000
Work-in-process	222,000	222,000
Finished goods	449,000	449,000
Reserve for obsolescence	(3,547,000)	(3,401,000)
	\$ 222,000	\$ 368,000

The Company did not have production operations in the six months ended June 30, 2015. Therefore, there was no change in the balance of inventory between June 30, 2015 and December 31, 2014. Inventory valuation adjustments amounted to \$146,000 and \$59,000 for the three and six months ended June 30, 2015 and 2014, respectively.

## 4. Property and Equipment

Property and equipment consisted of the following at:

	June 30, 2015	December 31, 2014
Computers and software	\$ 59,000	\$ 59,000
Machinery and equipment	209,000	209,000
Furniture and office equipment	86,000	86,000
Demonstration vehicles and buses	127,000	127,000
Sub-total	481,000	481,000
Less accumulated depreciation and amortization	(481,000)	(481,000)
Total	\$ -	\$ -

Depreciation and amortization expense was \$0 and \$9,000 for the three months ended June 30, 2015 and 2014, respectively. Depreciation and amortization expense was \$0 and \$20,000 for the six months ended June 30, 2015 and 2014, respectively.

## 5. Other Accrued Liabilities

Other accrued liabilities consisted of the following at:

	June 30, 2015	December 31, 2014
Accrued inventory received	\$ 10,000	\$ 10,000
Accrued professional services	319,000	298,000
Accrued warranty	-	74,000
Other	41,000	49,000

Total	\$ 370,000	\$ 431,000
-------	------------	------------

-8-

---

Table of Contents

Accrued warranty consisted of the following activities during the six months ended June 30:

	2015	2014
Balance at beginning of year	\$ 74,000	\$ 74,000
Accruals for warranties issued during the period	-	-
Expired warranty	(74,000)	
Warranty claims	-	-
Balance at end of quarter	\$ -	\$ 74,000

6. Notes Payable, Long-Term Debt and Other Financing

Notes payable consisted of the following at:

	June 30, 2015	December 31, 2014
Secured note payable to Credit Managers Association of California, bearing interest at prime plus 3% (6.25% as of June 30, 2015), and is adjusted annually in April through maturity. Principal and unpaid interest due in April 2016. A sinking fund escrow may be funded with 10% of future equity financing, as defined in the Agreement	\$ 1,238,000	\$ 1,238,000
Secured note payable to Coca Cola Enterprises in the original amount of \$40,000, bearing interest at 10% per annum. Principal and unpaid interest due on demand	40,000	40,000
	1,278,000	1,278,000
Less current portion of notes payable	((1,278,000))	(40,000)
Notes payable, net of current portion	\$ -	\$ 1,238,000

As of June 30, 2015 and December 31, 2014, the balance of interest payable amounted to \$1,523,000 and \$1,482,000, respectively, of which the Credit Managers Association of California note amounted to \$1,481,000 and \$1,442,000, respectively. Interest expense on notes payable amounted to approximately \$20,000 and \$19,000 for the three months ended June 30, 2015 and 2014, respectively.

In June 2013, the vehicle that secured the note payable due March 10, 2016 was repossessed by the secured lender. The Company was invoiced by the lender for \$8,000 for final settlement, which is included in accounts payable at June 30, 2015 and December 31, 2014, respectively. In the fourth quarter of 2013, three vehicles that secured notes due on February 19, 2014, August 25, 2014 and April 9, 2015 were repossessed by the secured lenders. The Company has accrued approximately \$18,000 for final settlements for the three vehicles, which is included in other accrued liabilities at June 30, 2015 and December 31, 2014, respectively.

7. Deferred Revenues

The Company had deferred \$213,000 in revenue related to a production contract at June 30, 2015 and December 31, 2014. The Company's management does not anticipate that funding can be obtained to complete the order in 2015.

Table of Contents

8. Stockholders' Equity

On February 23, 2014, Enova Systems, Inc, entered into Subscription Agreements with various offshore investors to sell approximately GBP 150,000 (approximately US\$249,000) in gross proceeds by a private subscription of 19,999,998 common shares to be newly issued on the Alternative Investment Market of the London Stock Exchange (the "AIM Exchange"). The common shares were issued at a price of 0.0075 pence (approximately US\$0.01 per share) to certain eligible offshore investors (the "Subscription"). In connection with the Subscription, Enova entered into an Agreement for the Provision of Receiving Agent Services (the "Agreement") with Daniel Stewart & Company PLC (UK) for receiving agent services. Daniel Stewart presently serves as the Nominated Adviser for the listing of Enova's common shares on the AIM Exchange. The newly issued common shares for the Subscription were issued in three tranches of approximately GBP 50,000 each.

Daniel Stewart received an introducing agent's fee of 10% of the aggregate funds raised pursuant to the subscription in addition to reimbursement of expenses. Factoring in the commission, legal and other expenses of the offering, Enova received approximately US\$223,000 in net proceeds.

The offer and sale of the shares were made pursuant to Regulation S under the Securities Act of 1933, as amended (the "Securities Act"). Among other things, each investor purchasing shares of Enova's common stock in the offering represented that the investor is not a United States person as defined in Regulation S. In addition, neither Enova nor the receiving agent conducted any selling efforts directed at the United States in connection with the offering. All shares of common stock issued in the offering included a restrictive legend indicating that the shares were issued pursuant to Regulation S under the Securities Act and are deemed to be "restricted securities." As a result, the purchasers of such shares will not be able to resell the shares unless in accordance with Regulation S, pursuant to a registration statement, or upon reliance of an applicable exemption from registration under the Securities Act. The shares to be sold pursuant to the Subscription Agreements were not registered under the Securities Act, and there is no obligation on the part of Enova to so register such shares.

During the three and six months ended June 30, 2015, the Company did not issue any shares of common stock to directors or employees as compensation.

9. Stock Options

Stock Option Program Description

As of June 30, 2015, the Company had two equity compensation plans, the 1996 Stock Option Plan (the "1996 Plan") and the 2006 equity compensation plan (the "2006 Plan"). The 1996 Plan has expired for the purposes of issuing new grants. However, the 1996 Plan will continue to govern awards previously granted under that plan. The 2006 Plan was approved by the Company's shareholders. Equity compensation grants are designed to reward employees and executives for their long term contributions to the Company and to provide incentives for them to remain with the Company. The number and frequency of equity compensation grants are based on competitive practices, operating results of the company, and government regulations.

The maximum number of shares issuable over the term of the 1996 Plan was limited to 65 million shares (without giving effect to subsequent stock splits). Options granted under the 1996 Plan typically have an exercise price of 100% of the fair market value of the underlying stock on the grant date and expire no later than ten years from the grant date. On August 27, 2013, the Board of Directors of Enova Systems approved amendments to Enova's 2006 Equity Compensation Plan (a) to increase the number of shares authorized for issuance from 3,000,000 shares to 9,000,000 shares and (b) to increase the number of shares of common stock that may be issued to an individual in any

calendar year from 500,000 shares to 5,000,000 shares.

Of the 9,000,000 shares reserved for issuance under the amended 2006 Plan, none were granted in the six months ended June 30, 2015 and 3,750,000 were granted in the six months ended June 30, 2014. As of June 30, 2015, 280,000 shares were available for grant. Options granted under the 2006 Plan have terms of between three and ten years and generally vest and become fully exercisable from one to three years from the date of grant or vest according to the price performance of our shares.

Table of Contents

Stock-based compensation expense related to stock options was \$15,000 and \$10,000 for the six months ended June 30, 2015 and 2014, respectively. As of June 30, 2015, the total compensation cost related to non-vested awards not yet recognized is \$40,000. The remaining period over which the future compensation cost is expected to be recognized is 19 months.

The following table summarizes information about stock options outstanding and exercisable at June 30, 2015:

	Number of Share Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term in Years	Aggregate Intrinsic Value(1)
Outstanding at December 31, 2014	8,641,000	\$ 0.06	2.03	\$ —
Granted	—	\$ —	—	\$ —
Exercised	—	\$ —	—	\$ —
Forfeited or Cancelled	—	\$ —	—	\$ —
Outstanding at June 30, 2015	8,641,000	\$ 0.06	1.79	\$ —
Exercisable at June 30, 2015	470,000	\$ 0.83	2.46	\$ —
Vested and expected to vest (2)	8,171,000	\$ 0.06	1.79	\$ —

- (1) Aggregate intrinsic value represents the value of the closing price per share of our common stock on the last trading day of the fiscal period in excess of the exercise price multiplied by the number of options outstanding or exercisable, except for the “Exercised” line, which uses the closing price on the date exercised.
- (2) Number of shares includes options vested and those expected to vest net of estimated forfeitures.

The exercise prices of the options outstanding at June 30, 2015 ranged from \$0.02 to \$4.35. The Company’s policy is to issue shares from its authorized shares upon the exercise of stock options.

Unvested share activity for the six months ended June 30, 2015 is summarized below:

	Unvested Number of Options	Weighted Average Grant Date Fair Value
Unvested balance at December 31, 2014	8,192,000	\$ 0.01
Granted	&#8
