Brown-Forman Winery Operations Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Brown-Forman Winery Operations Savings Plan (the Plan) at December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and of reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Brown-Forman Winery Operations Savings Plan
Notes to Financial Statements

1. Description of Plan:

The sponsor of the Brown-Forman Winery Operations Savings Plan (the Plan), Brown-Forman Corporation (the Sponsor), is a diversified producer and marketer of fine quality consumer products in domestic and international markets. The Sponsor's operations include the production, importing, and marketing of wines and distilled spirits and the manufacture and sale of luggage and, through the Lenox, Incorporated division, the manufacture and sale of china, crystal and silver.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

- a. General: The Plan is a defined contribution plan covering all eligible employees of Fetzer Vineyards, all eligible employees of Jekel Vineyards, and all eligible employees of Sonoma Cutrer Vineyards (collectively, the Companies) who are not members of a collective bargaining unit. An employee becomes eligible to participate in the Plan following attainment of age 21 and the completion of twelve consecutive months of employment, provided the employee works a minimum of 1,000 hours within the twelve-month period. Effective January 1, 2002, an employee becomes eligible to participate in the Plan on the employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. Contributions: Non-highly compensated employees may contribute to the Plan an amount of not less than 1% nor more than 15% of their annual compensation, not to exceed the Section 402(g) (of the Internal Revenue Code of 1986) limitation in effect for the 2002 calendar year, currently \$11,000. New employees may transfer assets from their

Edgar Filing: BROWN FORMAN CORP - Form 11-K

former employers' qualified plans to the Plan, but cannot make any further contributions until they meet the eligibility requirements to participate in the Plan.

Effective January 1, 2002, non-highly compensated employees may contribute to the Plan between 1% and 50% of their annual compensation.

The Companies' matching contribution is equal to 50% of the participant's elective contribution up to 5% of the participant's annual compensation. The Companies may also make a profit sharing contribution to the Plan, as determined by the Companies. Participants can no longer make voluntary contributions to the profit sharing portion of the Plan.

Each participant's account is credited with the participant's contribution on a monthly basis and an allocation of (i) the Companies' matching contribution on a monthly basis, (ii) plan earnings on a daily basis, and (iii) the Companies' profit sharing contribution and forfeited balances of terminated participants' nonvested accounts on an annual basis. The total annual contributions, as defined by the Plan, credited to a participant's account in a plan year may not exceed the lesser of (i) \$30,000, or (ii) 25% of the participant's compensation in the plan year. Effective January 1, 2002, the total annual contributions, as defined by the Plan, credited to a participant's account in a plan year may not exceed the lesser of (i) \$40,000, or (ii) 100% of the participant's compensation in the plan year.

Effective January 1, 2002, participants who have attained age 50 before December 31, 2002 may contribute an additional catch-up contribution up to \$1,000, subject to the limitations of the Internal Revenue Code and the Plan.

5

Forfeited balances of terminated participants' nonvested accounts are used first to reinstate previously forfeited account balances of re-employed participants, if any, and the remaining amounts are added to the Companies' contribution and allocated to eligible participants as defined by the plan agreement. The forfeited balances totaled \$15,294 and \$24,395 for 2002 and 2001, respectively.

Participants can allocate contributions among various investment options in 1% increments. The Plan currently offers ten mutual funds, one investment contract portfolio, and the Brown-Forman Corporation Class B common stock fund as investment options to participants.

- c. Vesting: Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Companies' contributions and earnings thereon is 25% per year of continuous service with the Company. Participants will become 100% vested in their company contributions account in case of death, normal retirement, or total and permanent disability.
- d. Withdrawals: Upon termination of service, a participant can elect to transfer his vested interest in the Plan to the qualified plan of his new employer, roll over his funds into an Individual Retirement Account, or receive his vested interest in the Plan in a lump-sum amount or in the form of installment payments over a period of time not to exceed his life expectancy. If the vested account balance is

Edgar Filing: BROWN FORMAN CORP - Form 11-K

less than \$5,000, a lump-sum distribution will be made. In the event of death, the participant's beneficiary will receive the vested interest in a lump-sum payment or in the form of an installment payment. A participant may also withdraw vested interest in the case of financial hardship under guidelines promulgated by the Internal Revenue Service. Effective January 1, 2002, the participant's contribution shall be suspended for six months after the receipt of a hardship distribution.

The distribution to a terminated participant is based on the market value of his vested interest in the Plan on the valuation date available immediately preceding the date of the benefit payment.

Effective January 1, 2002, a participant may request permission from the plan administrator to borrow a portion of such participant's vested accrued benefit under the Plan. Loans shall be limited to the lesser of \$50,000 or 50% of the vested account balance. Loans must bear a reasonable rate of interest, be collateralized, and be repaid within five years. Participants do not share in the earnings from the Plan's investments to the extent of any outstanding loans, except that the interest paid on such loans is allocated directly to the participant's account.

2. Summary of Significant Accounting Policies:

- a. Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. Withdrawals by participants are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

6

- b. Valuation of Investments: Investment contract and money market portfolios are valued at cost which approximates fair value. Mutual funds are valued at their net asset value per share as quoted by the National Association of Securities Dealers. Participant loans are valued at cost which approximates fair value. The Brown-Forman Corporation Stock Fund is comprised of Brown-Forman Corporation Class B shares, which are valued at the quoted closing market price.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

- c. Management Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

3. Investments:

The Plan's investments are held by a custodian trust company. The

Edgar Filing: BROWN FORMAN CORP - Form 11-K

following table presents the fair value of investments. Investments that represent 5% or more of the Plan's net assets are separately identified.

	\$ (1,496,689)	\$ (1,206,689)
	\$ (1,496,689)	\$ (1,206,689)

4. Tax Status:

The Internal Revenue Service has determined, and informed the Companies by a letter dated April 16, 2003, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

5. Plan Termination:

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the

Edgar Filing: BROWN FORMAN CORP - Form 11-K

event of plan termination, participants will become 100% vested in their accounts.

6. Related Party Transactions:

Certain administrative costs incurred by the Plan are paid by the Sponsor. Effective January 1, 2002, general administration expenses of the third-party recordkeeper and the administration fee for processing loans are allocated to the participants' accounts. Administrative expenses of \$5,384 in 2002 were allocated to participants' accounts. Effective July 1, 2002, participant recordkeeping fees were waived by the third party recordkeeper.
