The historical occupancy rate (determined by the total rentable square fee actually occupied at the specified point in time indicated) for each of the Acquired Properties for the last five years is as follows:

	Barclay	Sweetgrass	Doral	Deltona	Parkway	Powder Springs	Kingwood
At December 31, 2013	100%	94.6%	100%	95.5%	95.1%	87.7%	88.1%
At December 31, 2012	100%	90.2%	100%	92.2%	92.5%	85.4%	90.4%

At December 31, 2009	95.6%	95.2%	97.5%	96.1%	92.8%	90.8%	91.9%

The average historical effective net annual rental rate per square foot (determined by taking total rent, including common area maintenance, taxes and insurance, divided by rentable square footage) at each of the Acquired Properties is as follows:

	Barclay	Sweetgrass	Doral	Deltona	Parkway	Powder Springs	Kingwood
At December 31, 2013	\$15.66	\$15.10	\$26.82	\$14.24	\$12.20	\$13.87	\$13.36
At December 31, 2012	\$15.99	\$15.65	\$26.05	\$14.61	\$11.80	\$13.74	\$13.30

At December 31, 2009	\$14.31	\$18.46	\$23.98	\$15.93	\$12.37	\$15.46	\$13.90

We currently plan to make approximately \$1.3 million in aggregate capital improvements to the Acquired Properties within the first two years of ownership and intend to put in place a more definitive plan for capital improvements closer to the closing date for the acquisitions. The Company currently anticipates there will be increases to the property taxes for 2014 and future years due to increased assessments that may occur in the future.

We expect that the initial basis in each of the Acquired Properties for federal income tax purposes will be equal to the purchase price allocated to each Acquired Property based on the third party appraisals to be performed prior to completing the acquisitions. We plan to depreciate each of the Acquired Properties for federal income tax purposes on a straight-line basis using an estimated useful life of 27.5 years. Upon our acquisition, we believe that each of the Acquired Properties will be adequately insured.

The material terms of the Purchase Agreements provide for: (i) an examination period that expired on August 1, 2014; (ii) an aggregate earnest money deposit of \$1.75 million (\$750,000 for the Fund VI Purchase Agreement and \$1.0 million for the Fund VII Purchase Agreement) due within one business day of executing the Purchase Agreements (the "Initial Deposit"); (iii) an additional earnest money deposit of an aggregate of \$1.75 million (\$750,000 for the Fund VI Purchase Agreement and \$1.0 million for the Fund VII Purchase Agreement) due within one business day of the expiration of the examination period; and (v) a closing date anticipated to occur on or before September 15, 2014, subject to the satisfaction of customary conditions to closing by the parties, unless the parties mutually agree otherwise. The Purchase Agreements also contain additional covenants, representations and warranties that are customary of real estate purchase and sale agreements. Although the Company believes these acquisitions are probable, there can be no assurance that the acquisitions will be consummated.

The Company expects to fund the acquisition of the Acquired Properties with planned debt financing for each Acquired Community and a combination of the following: (i) cash on hand; (ii) borrowings under the Company's senior secured credit facility with KeyBank National Association; (iii) bridge-debt financing; (iv) net proceeds from additional issuances of our securities; and (v) net proceeds from refinancing certain of our existing assets.

We currently are seeking quotes and applications from a variety of lenders to provide a non-recourse first mortgage loan on each of the Acquired Properties (the "New Loans") at approximately 65% of the purchase price, or approximately an aggregate of \$65 million for all of the Acquired Properties. We expect each of the New Loans will be non-recourse to the borrower, will mature in five to seven years, and will bear interest at a fixed rate of approximately 1.7% over the interest rate on the 5 or 7-Year United States Treasury

security. We expect each of the New Loans will amortize over a 30-year term for the stated term of the New Loans. We expect each New Loan will only be secured by its respective Acquired Property and there will be no loan guaranties by the Company or PAC-OP.

After completing applications and upon our receipt of commitment letters for the New Loans, we will review the final terms and conditions of the New Loans to ensure they meet our needs. Assuming the New Loans meet our needs, we would then enter into rate lock agreements which will determine the final structure and cost of our financing. The terms and conditions we have described for the New Loans are based on the terms and conditions quoted by lenders we have approached and remain our good faith estimate of the expected material terms and conditions of the New Loans until we submit our applications and receive final commitment letters; however, the interest rate indexes contained in the quotes move daily and will impact the cost of our financing.

The foregoing description of the Purchase Agreements is qualified in its entirety by reference to the Purchase Agreements, copies of which are filed as Exhibits 10.1 and 10.2 to this Current Report on Form 8-K.
