QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q. Why am I receiving these materials?

The Board of Directors (the “Board”) of Stereotaxis, Inc. (the “Company”) is soliciting proxies from the Company’s shareholders in connection with its 2019 Annual Meeting of Shareholders to be held on May 21, 2019 and any and all adjournments and postponements thereof. You are encouraged to vote on the proposals presented in these proxy materials. You are invited to attend the Annual Meeting, but you do not have to attend to vote.

Q. When and where is the Annual Meeting?

We will hold the Annual Meeting of Shareholders on May 21, 2019 at 9:00 a.m. Central Daylight Time, at our principal executive offices located at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108.

Q. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we may furnish proxy materials, including this proxy statement and our 2018 Annual Report on Form 10-K, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q. How do I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to view our proxy materials for the Annual Meeting on the Internet.

Q. Who is entitled to vote?

You are entitled to vote if you were a shareholder of record of shares of our common stock or Series A Convertible Preferred Stock at the close of business on March 25, 2019 (the “Record Date”). On March 25, 2019, there were 59,304,222 shares of our common stock outstanding and entitled to vote and 23,880 shares of our Series A Convertible Preferred Stock outstanding.

Q. How many votes do I have?

Each share of common stock that you own entitles you to one vote. On the Record Date, there were a total of 59,304,222 shares of common stock outstanding. As of the Record Date, each share of our Series A Convertible Preferred Stock is convertible into 1,768 shares of our common stock, and is entitled to one vote for each share of common stock into which it is convertible, subject to specified beneficial ownership limitations. On the Record Date there were 23,880 shares of Series A Convertible Preferred Stock outstanding, entitling the holders of those shares to an aggregate of 15,698,415 votes.

Q. What am I being asked to vote on?

We are asking our shareholders to (1) elect one Class I director to serve until our 2020 Annual Meeting of Shareholders and two Class III Directors to serve until our 2022 Annual Meeting of Shareholders, (2) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2019 fiscal year, (3) approve an ESPP Amendment to provide that an additional 250,000 shares of common stock of the Company be made available for issuance under the ESPP for awards to participants, (4) approve an amendment to the Company’s Certificate of Incorporation to authorize a reverse stock split of the Company’s common stock, par value \$0.001 per share, (5) approve an amendment to the Company’s Certificate of Incorporation to authorize a reduction of the authorized number of shares of our Common Stock, \$0.001 par value per share, from 300,000,000 to 100,000,000 and (6) transact such other business as may properly come before the meeting.

Q. What do I do if my shares of common stock are held in “street name” at a bank or brokerage firm?

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the vast majority of our shareholders, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares, and you are invited to attend the Annual Meeting.

Q. How do I vote?

Whether or not you expect to be present in person at the Annual Meeting, you are requested to vote your shares. Most shareholders will be able to choose whether they wish to vote using the Internet, by telephone or by mail. The availability of Internet voting or telephone voting for shareholders whose shares are held in street name by a bank or a broker may depend on the voting processes of that organization. If you vote using the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. Internet and telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on May 20, 2019, the day before the date of the Annual Meeting. If you hold your shares directly as a shareholder of record and you attend the meeting, you may vote by ballot. If you hold your shares in street name through a bank or broker and you wish to vote at the meeting, you must obtain a proxy, executed in your favor, from your bank or broker.

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a shareholder of record, you may vote by proxy. You can vote by proxy over the Internet by following the instructions provided in the Notice or if you requested to receive printed proxy materials, you can also vote by mail, telephone or the Internet pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Q. What if I want to change my vote?

If you are a shareholder of record, you can revoke your proxy at any time before it is voted at the Annual Meeting by:

timely delivering a properly executed, later-dated proxy;
submitting a later vote by Internet or telephone any time prior to 11:59 p.m., Eastern Daylight Time, on May 20, 2019;

delivering a written revocation of your proxy to our Secretary at our principal executive offices; or voting by ballot at the meeting.

If your shares are held in the name of a bank or brokerage firm, you may change your vote by submitting new voting instructions to your bank or broker following the instructions that they provide.

Q. What vote of the shareholders is needed?

No business can be conducted at the Annual Meeting unless a majority of the outstanding shares of common stock entitled to vote is present in person or represented by proxy at the meeting. Each share of our common stock is entitled to one vote with respect to each matter on which it is entitled to vote. Each share of Series A Convertible Preferred Stock is entitled to one vote on an as-converted basis, subject to specified beneficial ownership limitations applicable to the holders of the Series A Convertible Preferred Stock. A plurality of the shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" a director nominee. A majority of shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2019 fiscal year, and "FOR" the ESPP Amendment to provide that an additional 250,000 shares of common stock of the Company be made available for issuance under the ESPP for awards to participants. A majority of the combined number of shares of common stock outstanding as of the Record Date and the number of shares of common stock into which the Series A Convertible Preferred Stock are convertible as of the Record Date (subject to specified beneficial ownership limitations) must be voted "FOR" the amendment to our Certificate of Incorporation to accomplish the reverse stock split of our common stock. (1) A majority of the combined number of shares of common stock outstanding as of the Record Date and the number of shares of common stock into which the Series A Convertible Preferred Stock are convertible as of the Record Date (subject to specified beneficial ownership limitations) and (2) a majority of the shares of common stock outstanding as of the Record Date, voting as a separate class, must be voted "FOR" the amendment of our Certificate of Incorporation to decrease the number of authorized shares of common stock.

Q. What happens if I request a paper copy of proxy material and return my signed proxy card but forget to indicate how I want my shares of common stock voted?

If you sign, date and return your proxy and do not mark how you want to vote, your proxy will be counted as a vote “FOR” all of the nominees for directors, “FOR” the ratification of our independent registered public accounting firm, “FOR” the approval of the ESPP Amendment, “FOR” approval of the reverse stock split, and “FOR” approval of authorizing a decrease in the number of authorized shares of the Company, and in the discretion of the proxy holders for such other business as may properly come before the meeting.

Q. What happens if I do not instruct my broker how to vote or if I indicate I wish to “abstain” on the proxy?

If you hold shares in street name through a broker or other nominee and do not vote your shares or provide voting instructions, your broker may vote for you on “routine” proposals but not on “non-routine” proposals. Rules of the New York Stock Exchange (“NYSE”) determine whether proposals are routine or non-routine. Therefore, if you do not vote on the non-routine proposals or provide voting instructions, your broker will not be allowed to vote your shares on these matters. This will result in a “broker non-vote”. Broker non-votes are not counted as shares present and entitled to vote so they will not affect the outcome of the vote.

We expect that the following proposals will be considered “routine” under applicable NYSE rules: Proposal 2 (the ratification of Ernst & Young LLP as the Company’s independent registered public accountants), Proposal 4 (the Reverse Split Amendment), and Proposal 5 (the Authorized Stock Amendment). Accordingly, if you do not provide voting instructions to your broker, we expect that your broker **will be** permitted to vote your shares on each of these proposals. We expect that Proposal 1 and Proposal 3 will be considered “non-routine” under applicable NYSE rules. Accordingly, if you do not provide voting instructions to your broker, we expect that your broker **will not be** permitted to vote your shares on each of these proposals.

If you indicate that you wish to “abstain,” your vote will have the same effect as a vote against the proposal or the election of the applicable director.

Q. What if other matters are voted on at the Annual Meeting?

If any other matters are properly presented for consideration at the Annual Meeting and you have voted your shares by Internet, telephone or mail, the persons named as proxies in your proxy will have the discretion to vote on those matters for you. As of the date we filed this proxy statement with the Securities and Exchange Commission, the Board

of Directors did not know of any other matter to be presented at the Annual Meeting.

Q. What do I need to do if I plan to attend the meeting in person?

All shareholders must present a form of personal identification in order to be admitted to the meeting. If your shares are held in the name of a bank, broker or other holder of record, you also must present proof of your ownership, such as a bank or brokerage account statement, to be admitted to the meeting.

Board Leadership Structure and Board Role in Risk Oversight

David L. Fischel became chief executive officer and chairman of the Board on February 3, 2017. Since February 2015, David W. Benfer has served as the lead independent director. The Board believes that it should have flexibility to make the determination of whether the same person should serve as both the chief executive officer and chairman of the board or if the roles should be separate. The Board believes that its current leadership structure, with the positions of chief executive officer and chairman of the Board held by the same individual and Mr. Benfer serving as lead independent director, provides appropriate leadership for the Company and best serves the shareholders. Mr. Benfer provides independent leadership on the Board and interacts with the chief executive officer and the independent directors to facilitate communications. Our independent directors regularly have executive sessions as part of our regular meeting schedule, during which only the independent directors are present. Mr. Benfer leads these sessions and provides feedback to the chief executive officer.

Our Board provides risk oversight to the Company through the Audit Committee. The Audit Committee monitors financial, healthcare compliance, and regulatory risks. This oversight process takes place through discussions at committee meetings with the members of senior management who are responsible for the Company's risk management policies and procedures. In addition, the Audit Committee regularly meets in a private session with the Company's independent auditors.

Director Independence

Our common stock was listed on The Nasdaq Capital Market until August 4, 2016. On August 4, 2016, our common stock began trading on the OTCQX[®] Best Market. The OTCQX[®] Best Market does not require that a majority of the board of directors be independent. Our Board has continued to consider the independence of our directors under the listing standards of The Nasdaq Capital Market. Currently, all of our directors are independent except David L. Fischel and Dr. Nathan Fischel.

Further, our Board determined that each of our directors and each member of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee were independent in 2018 under the listing standards of The Nasdaq Capital Market, except David L. Fischel and Dr. Nathan Fischel.

Director Nomination Process

The Nominating and Corporate Governance Committee is responsible for identifying and recommending to the Board candidates to serve as members of the Board. In carrying out this responsibility, the committee has adopted a written policy setting forth the minimum qualifications to serve as a director of the Company. These minimum qualifications emphasize integrity, independence, experiences, strength of character, mature judgment and technical skills applicable to the Company. The committee will also consider whether the candidate is able to represent all shareholders of the Company fairly and equally, without favoring or advancing any particular shareholder or other constituency of the Company.

The committee also seeks Board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and/or be selected based upon contributions they can make to the Company and Board. We do not have a formal policy regarding diversity, but the Board is committed to a diverse membership. In selecting nominees, the Board does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual orientation.

The committee may approve, in its discretion, the candidacy of a nominee who does not satisfy all of these requirements if it believes the service of the nominee is in the best interests of the Company and its shareholders.

The committee has written procedures for identifying and evaluating candidates for election to the Board. The material elements of that process are as follows:

The committee gives due consideration to the re-nomination of incumbent directors who desire to continue their service and who continue to satisfy the committee's criteria for membership on the Board.

If there is no qualified and available incumbent or if there is a vacancy on the Board, the committee will identify and evaluate new candidates and will solicit or entertain recommendations for nominees from other Board members and the Company's management. The committee also may engage a professional search firm to assist it in identifying qualified candidates.

Nomination of Directors by Shareholders

The Nominating and Corporate Governance Committee will evaluate candidates proposed by shareholders for nomination as directors under criteria similar to the evaluation of other candidates. Our bylaws provide that shareholders seeking to nominate candidates for election as directors at an annual meeting of shareholders must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever occurs first. Our bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from making nominations for directors at an annual meeting of shareholders.

The Nominating and Corporate Governance Committee has established a written policy that it will consider recommendations for the nomination of a candidate submitted by holders of the Company's shares entitled to vote generally in the election of directors. The material elements of that policy include the following:

The committee will give consideration to these recommendations for positions on the Board where the committee has determined not to re-nominate a qualified incumbent director;

For each annual meeting of shareholders, it is anticipated that the committee will accept for consideration only one recommendation from any shareholder or affiliated group of shareholders (within the meaning of SEC Regulation 13D); and

While the committee has not established a minimum number of shares that a shareholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the shareholder must own its shares, the committee may, in its discretion, take into account the size and duration of a recommending shareholder's ownership interest in the Company.

The committee may, in its discretion, also consider the extent to which the shareholder making the nominating recommendation intends to maintain its ownership interest in the Company; to the extent such information is available to the committee. The committee may elect not to consider recommendations of nominees who do not satisfy the criteria described above, including that a director must represent the interests of all shareholders and not serve for the purpose of favoring or advancing the interests of any particular shareholder group or other constituency. Absent special or unusual circumstances, only those recommendations whose submission complies with the procedural requirements adopted by the committee will be considered by the committee.

Any shareholder wishing to submit a candidate for consideration should send the following information to the corporate secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

Shareholder's name, number of shares owned, length of period held and proof of ownership;

Name, age, business and residential address of candidate;

A detailed résumé describing, among other things, the candidate's educational background, occupation, employment history and material outside commitments (e.g., memberships on other boards and committees, charitable foundations);

A supporting statement which describes the candidate's reasons for seeking election to the Board and documents his/her ability to satisfy the director qualifications described herein;

Any information relating to the candidate that is required to be disclosed in the solicitation of proxies for election of director;

The class and number of shares of our capital stock that are beneficially owned by the candidate;

A description of any arrangements or understandings between the shareholder and the candidate; and

A signed statement from the candidate, confirming his/her willingness to serve on the Board.

Our corporate secretary will promptly forward such materials to the chair of our Nominating and Corporate Governance Committee and our chairman of the Board. Our corporate secretary will also maintain copies of such materials for future reference by the committee when filling Board positions. Shareholders may submit potential director candidates at any time pursuant to these procedures.

Shareholder Communications Policy

Any shareholder wishing to send communications to our Board should send the written communication and the following information to our Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

Name, age, business and residential address of shareholder; and
Any individual director or committee to whom the shareholder would like to have the written statement and other information sent.

The corporate secretary will forward the information to the chairman of the Board, if addressed to the full Board, or to the specific director to which the communication is addressed.

These materials are available in print to any shareholder upon request. From time to time, the Board and the committees review and update these documents, as they deem necessary and appropriate.

Audit Committee

The Board has determined that each member of the Audit Committee is independent under the listing standards of the NASDAQ Capital Market and the enhanced independence standards for audit committee members set forth in SEC rules under the Securities Exchange Act of 1934. Further, our Board has determined that each member of the Audit Committee is financially sophisticated and that Mr. Messey, who currently serves as the chair of the Audit Committee, qualifies as an Audit Committee Financial Expert under SEC rules and regulations. The Audit Committee assists our Board in its oversight of:

- the integrity of our financial statements;
- our accounting and financial reporting process, including our internal controls;
- our compliance with legal and regulatory requirements;
- the independent registered public accountants' qualifications and independence; and
- the performance of our independent registered public accountants.

The Audit Committee has direct responsibility for the appointment, compensation, retention and oversight of our independent registered public accountants. In addition, the Audit Committee must approve in advance:

- any related-party transaction that creates a conflict of interest situation;
- all audit services; and
- all non-audit services, except for *de minimis* non-audit services, provided the Audit Committee has approved such *de minimis* services prior to the completion of the audit.

During fiscal year 2018, the Audit Committee met six times.

Compensation Committee

Our Board has determined that each director serving on the Compensation Committee during 2018 was independent under the listing standards of The Nasdaq Capital Market, except Dr. Nathan Fischel, and that each qualified as an “outside director” under Section 162(m) of the Internal Revenue Code of 1986 and as a “non-employee director” under Rule 16b-3 under the Securities Exchange Act of 1934. The functions of the Compensation Committee include:

- assisting management and the Board in defining an executive compensation policy;
- determining the total compensation package for our chief executive officer and other executive officers;
- performing or, to the extent deemed appropriate delegating to our officers, reviewing and monitoring the administration of our equity-based compensation plans and qualified and non-qualified benefit plans;
- approving new incentive plans and major benefit programs; and
- approving changes to the outside directors’ compensation program.

The Compensation Committee has authority to retain compensation consultants to furnish advice or assistance to the committee within the scope of its duties. The committee has direct responsibility for the appointment, retention, and compensation of the compensation consultants as well as the oversight of the work of the consultants. In selecting any compensation consultant, the committee considers the factors relevant to the consultant’s independence from management in accordance with the listing standards of The Nasdaq Capital Market.

During fiscal year 2018, the Compensation Committee met one time and acted four times by unanimous written consent.

Nominating and Corporate Governance Committee

Our Board has determined that each director serving on the Nominating and Corporate Governance Committee during 2018 was independent under the listing standards of The Nasdaq Capital Market, except David L. Fischel. The Nominating and Corporate Governance Committee assists the Board in:

- identifying and evaluating individuals qualified to become Board members;
- reviewing director nominees received from shareholders;
- selecting director nominees for submission to the shareholders at our annual meeting;
- selecting director candidates to fill any vacancies on the Board;
- overseeing the structure and operations of the Board, including recommending Board committee structure, appointments and responsibilities; and
- overseeing our healthcare compliance policies.

The Nominating and Corporate Governance Committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines and principles. During fiscal year 2018, the Nominating and Corporate Governance Committee met one time.

DIRECTOR COMPENSATION

Director Compensation Policy

In February 2017, the Compensation Committee adopted a new compensation program for our non-employee directors effective January 1, 2017. Each director now receives an annual award of 60,000 restricted share units. The annual equity awards will be made in two equal installments on the first business day of January and the first business day of July in each calendar year, paid in arrears and pro-rated according to the length of time served as a director. Each director will have the option to choose one of two vesting schedules prior to the commencement of the year. The restricted share units will vest immediately with the first option. Alternately, with the second option, the restricted share units will vest on the earliest to occur of (i) the fifth anniversary of the date of the award, (ii) the date on which the service of the director on the Board of Directors terminates, or (iii) a Change of Control of the Company.

PROPOSAL 1: ELECTION OF DIRECTORS

Under the Company's bylaws, the number of directors of the Company may be fixed or changed from time to time by resolution of a majority of the Board of Directors, provided the number shall be no less than three and no more than fifteen. Currently, the Board has set the number of directors of the Company at nine. The directors are divided into three classes: Class I, Class II and Class III, each class to be as nearly equal in number as possible. The directors in each class are elected for a term of three years. Currently, there is one vacancy in Class I and one vacancy in Class II.

Shareholders are being asked to elect one director, Robert J. Messey, as a Class I director for a term of one year until the 2020 Annual Meeting of Shareholders, which is the remaining term of the Class I directors. Shareholders are also being asked to elect two directors, Ross B. Levin and Nathan Fischel, M.D., as Class III directors to serve until the 2022 Annual Meeting of Shareholders. The Board nominated Mr. Messey, Mr. Levin, and Dr. Fischel for election at the 2019 Annual Meeting of Shareholders upon the recommendation of the Nominating and Corporate Governance Committee. Each nominee currently is a director of our Company. Following the annual meeting if all nominated directors are elected, there will be a vacancy in one position of the Class II directors and a vacancy in one position of the Class III directors. Certain information with respect to the nominees for election is set forth above under the headings "Information about the Board of Directors" and "Board Meetings and Committees." Proxies cannot be voted for a greater number of persons than the number of nominees named.

The Board does not contemplate that any of the nominees will be unable to stand for election, but should any nominee become unable to serve or for good cause will not serve; all proxies (except proxies marked to the contrary) will be

voted for the election of a substitute nominee recommended by our Board.

EXECUTIVE COMPENSATION

Executive Compensation Summary and Analysis

The Compensation Committee is tasked with discharging the Board of Directors’ responsibilities related to oversight of the compensation of our directors and officers and ensuring that our executive compensation program meets our corporate objectives. The following is a summary and analysis of the executive compensation policies, programs and practices developed by the Compensation Committee, and a description of the compensation of our Named Executive Officers as determined by the committee for fiscal year 2018.

Compensation Philosophy

The objective of our compensation program is to attract, retain and motivate highly qualified executive officers while aligning the interests of these executives with those of shareholders. When designing compensation packages to achieve this objective, the committee is guided by the following principles:

Align pay and performance: Provide total compensation that is commensurate with stock price performance, the operational and financial success of our business, and the individual performance contributions of executives.

Manage program cost and dilution: Balance other considerations for executive pay programs with their impact on earnings, cash flow and stock dilution.

Provide market competitive pay: Targeted compensation opportunities should generally reflect levels, both in terms of size of pay opportunity and mix of pay elements, observed in the competitive marketplace, as defined by the market median pay levels among companies with which we compete for talent.

We believe that adhering to these principles will create a total compensation program that supports our aim to deliver long-term shareholder value through business performance. In addition to the above principles, the Compensation Committee exercises its judgment in setting pay levels with respect to individual competencies and experience and the internal compensation equity among Named Executive Officers.

Role and Independence of the Consultant

From time-to-time, when deemed necessary, the Compensation Committee engages the services of an independent compensation consultant to provide the committee with market data and analysis, advice on incentive design practices, and an external perspective on pay trends and legal and regulatory developments. The committee retained Radford, an Aon Hewitt Company, as its independent compensation consultant (the “Consultant”) most recently in November 2016. Radford does not provide any services to the Company other than those related to director and executive compensation consulting. The committee considers the Consultant to be fully independent and that the Consultant’s work has not raised any conflict of interest.

In 2016, Radford conducted an in-depth study and recommended to the Compensation Committee, and the committee approved, a peer group of 20 companies (listed below) based on objective industry and financial criteria. The Consultant collected and presented to the committee proxy data from the peer group and market data from a broader sample of high technology companies contained in the Radford Global Technology Database.

Executive Compensation Program

The elements of the compensation program are base salary, annual incentive, equity-based long-term incentive, and benefits. The committee has historically set targeted total compensation at the median of the competitive market. The committee may adjust targeted total compensation or the mix of total compensation based on other considerations such as business performance, company size and stock dilution. In addition, incentive programs are intended to be designed such that total compensation realized by executives is consistent with performance achievement.

Historically, the design of the annual incentive plan was intended to be primarily objective and formulaic. Each year, including 2016, the committee established annual performance metrics relating to financial performance and strategic initiatives and annual incentive opportunities for management employees, including the Named Executive Officers. The annual incentive opportunities were determined as a percentage of the individual’s base salary. In addition, the committee retained discretion to adjust annual incentive awards, taking into account non-formulaic considerations such as the context in which certain performance achievement occurred, the unique experience an individual brings to a role, and other factors the committee deemed relevant.

The objective of the Company’s long-term incentive program is to directly align compensation outcomes with returns received by shareholders, build equity ownership within the management team, and motivate the sustainable financial performance that supports stock price growth. Long-term incentive awards are made pursuant to the Company’s 2012 Stock Incentive Plan, which permits grants of cash awards, stock options, stock appreciation rights and stock awards (e.g., restricted stock and restricted share units). Throughout the year, the committee may also approve awards in connection with employee promotions, employee retention, an individual newly hired to the Company, or for purposes otherwise deemed to be in the best interest of the Company. The timing of these equity award grants is not based on the timing of the release of material, non-public information, nor is such information released for the purpose of affecting the value of executive compensation.

The typical pay review process occurs at the beginning of the fiscal year at which time the Compensation Committee reviews and approves executive compensation, including adjustments in base salaries, annual incentive awards and equity awards, and establishes performance goals and target incentive opportunities for the annual incentive plan for

the following fiscal year. During the review process, the committee considers a number of factors, including competitive market data, input received from the Company's management, an assessment of individual performance and the operating performance of the Company.

2018 Executive Compensation

Annual Base Salary. The Compensation Committee decided to make no changes to Mr. Stammer's annual base salary (\$290,000) during 2018. Kevin M. Barry was hired as Chief Legal Officer and Secretary on November 5, 2018 with a base salary of \$187,000. Mr. David Fischel does not receive a base salary.

Annual Incentive Plan. The committee decided not to establish a 2018 annual incentive plan based on objective, formulaic performance goals and metrics for the Company or the Named Executive Officers, and instead determined that annual incentive awards to management, including the Named Executive Officers, for the 2018 fiscal year would be discretionary. The committee decided to make no annual incentive awards to the Named Executive Officers for the 2018 fiscal year.

Long-Term Incentive Compensation. In February 2018, a grant of service-vested Incentive Stock Options, vesting 25% on the first anniversary and 2.083% per month thereafter through the fourth anniversary, was made with the intention of emphasizing retention and the criticality of shareholder alignment during this key phase in the Company's life-cycle.

Recoupment Policy

The Compensation Committee has a recoupment policy applicable to incentive compensation based on financial results, including the annual bonus and equity-based compensation, to our Named Executive Officers and other executives. If we are required to file a restatement of financial results due to fraud, gross negligence or willful misconduct, then our independent directors may take action to recoup any portion of the incentive compensation awarded to the executives that exceeded the amount that would have been awarded based on the restated financial results during the three fiscal years prior to the filing of the restated financial results.

Other Benefits

Healthcare and Other Insurance Programs: All of our employees, including the Named Executive Officers, are eligible to participate in medical, dental, short and long-term disability and life insurance plans. The terms of such benefits for our Named Executive Officers are the same as those for all of our employees.

401(k): We offer all eligible employees the opportunity to participate in a 401(k) plan. Employer matching contributions are discretionary under the 401(k) plan. During 2018, the Company matched employee contributions up to 3% of the employee's salary, subject to limitations. However, the employer match was not made until 2019.

Employee Stock Purchase Plan: The Company offers an employee stock purchase plan, under which all of our employees, including our Named Executive Officers, who do not own 5% or more of our outstanding common stock, have the opportunity to buy an aggregate for all employees of up to 250,000 shares of Company common stock at 95% of market price with up to 15% of their salaries and incentives (subject to certain limits), with the objective of allowing employees to profit when the value of our stock increases over time.

The following table summarizes the total compensation paid to the following executive officers (our “Named Executive Officers”) for fiscal years 2017 and 2018. (1) Shares issuable upon vesting of restricted share units are not included in the weighted average computation.

Potential Payments Upon Termination or Change of Control

The award agreements under our 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide for the acceleration of certain equity awards in the event of termination of the employee's employment due to a change of control of the Company. The provisions under the award agreements are generally applicable to awards granted to all participants in the Plan, including the Named Executive Officers. We have described those provisions generally below. Additionally, under the stock incentive plans, in the event of a change of control of the Company, the Compensation Committee has discretion to provide for termination of awards in exchange for cash payments or the issuance of substitute awards. Benefits or payments under other plans and arrangements that are generally available to the Company's employees on similar terms are not described.

In addition, we have entered into an employment agreement with Mr. Stammer that provides for a continuation of certain post-employment benefits, to the extent permitted under the applicable employment benefit plan(s). His employment agreement provides for payments at, following, or in connection with a variety of circumstances following his termination of employment or in the event of a change of control of the Company.

Provisions of awards under the Stock Incentive Plans

If Mr. Stammer's employment is terminated on or within one year after a change of control (or in the case of restricted stock, restricted stock units or SARs, the employee leaves for good reason, as defined in the agreement), the award agreements for such restricted stock, restricted stock units, and SARs under the 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide as follows: (1) all unvested SARs will vest immediately and all unexercised SARs can be exercised for their remaining terms; and (2) all outstanding restricted stock and restricted stock units vest immediately and become non-forfeitable.

The awards do not generally accelerate in connection with the retirement, resignation or other termination of employment (i.e., voluntary termination, termination for cause or involuntary termination) of any of the participants. In addition, none of the equity awards under the 2002 Stock Incentive Plan or 2012 Stock Incentive Plan accelerate in the event of termination by death or disability. SARs and options could be exercised for specified periods following retirement, death or disability.

Employment Agreements

If Mr. Stammer is terminated by the Company without cause, he will receive his monthly base salary as of the date of termination for 12 months following the date of termination. He also will receive continuation of medical and dental benefits and life and disability insurance benefits (subject to any requirement for employee premium contributions) for 12 months, except that such benefits will terminate upon receipt of comparable benefits from another employer. In the event of termination by the Company without cause, the salary continuation payments will be offset by the amount of any compensation that he receives during the severance period from the Company, any other employer or as an independent contractor.

In the event of a termination of Mr. Stammer during the period commencing six months prior to a change of control of the Company and ending two years after a change of control, or if he separates from service for good reason, as defined in the employment agreement, within two years after a change of control of the Company, then he will be entitled to a lump sum payment equal to the his annual base salary at a rate equal to the greater of the rate in effect immediately before the his separation or the rate in effect immediately before the change of control. In addition he will receive continued medical and dental coverage under the Company's benefit plans pursuant to COBRA for up to

REPORT OF AUDIT COMMITTEE

Currently, three non-employee directors serve on the Audit Committee. Each is independent as defined in the OTCQX Rules for U.S. Companies as well as NASDAQ Rule 5605(a)(2) and Rule 10-A-3(b)(1) of the Securities Exchange Act of 1934. The Board has adopted a written charter for the Audit Committee, which is posted on our website at www.stereotaxis.com, Investors, Governance.

The Audit Committee assists the Board in providing oversight of our accounting and financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal control. Our independent registered public accountants are responsible for performing an independent audit of our financial statements in accordance with auditing standards generally accepted in the United States and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances. In addition, the Company engages another accounting firm for assistance with internal audit services and their analysis is provided to the Committee.

The Audit Committee reviews with management the Company's major financial risk exposures and the steps management has taken to monitor mitigate and control such exposures. Management has the responsibility for the implementation of these activities. In fulfilling its oversight responsibilities, the committee reviewed and discussed the audited financial statements to be included in the Annual Report on Form 10-K for the year ended December 31, 2018 with management, including a discussion of the quality and the acceptability of our financial reporting practices and the internal controls over financial reporting.

The Audit Committee reviewed with the independent registered public accounting firm its judgments as to the quality and the acceptability of our financial reporting and such other matters as are required to be discussed with the committee under auditing standards of the Public Company Accounting Oversight Board (PCAOB). In addition, the committee discussed with the independent registered public accountants, the firm's independence from management and the Company, including the matters in the accountants' written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*.

Our independent registered public accountants did not provide any non-audit services to us during 2018.

The Audit Committee also discussed with the Company's internal audit service provider and the independent registered public accounting firm in advance the overall scope and plans for their respective audits. The committee meets regularly with the internal audit service provider and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the SEC. Submitted by the Audit Committee of the Board of Directors,

Robert J. Messey, Chair

David W. Benfer

Ross B. Levin

The report of the Audit Committee will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement or portions thereof into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate by reference the Audit Committee report, and will not otherwise be deemed filed under such Acts.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Our Audit Committee, pursuant to its charter, has appointed Ernst & Young LLP as the Company's independent registered public accountants to examine the financial statements of the Company for our 2019 fiscal year.

While the Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Audit Committee and our Board are requesting, as a matter of policy, that the shareholders ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants for 2019. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if the shareholders do not ratify the appointment, the Audit Committee may investigate the reasons for shareholder rejection and may consider whether to retain Ernst & Young LLP or to appoint another firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

A formal statement by representatives of Ernst & Young LLP is not planned for the Annual Meeting. However, Ernst & Young LLP representatives are expected to be present at the meeting and available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019.

PROPOSAL 3: APPROVAL OF AN AMENDMENT TO THE 2009 EMPLOYEE STOCK PURCHASE PLAN

Our Employee Stock Purchase Plan (the “ESPP”) was adopted by our Board of Directors and approved by our shareholders in 2009. Under the ESPP, eligible employees have the opportunity to purchase shares of our common stock at a discount. Our Board believes that the ESPP is in the best interests of the Company and our shareholders, because enabling employees to own shares of common stock aligns our employees’ interests with those of our shareholders.

As of March 25, 2019, there were 36,626 remaining shares available for issuance under the ESPP.

In February 2019, the Board of Directors approved a proposal to amend the ESPP to increase the number of shares authorized for issuance under the ESPP by 250,000 shares. We are seeking shareholder approval of this amendment to the ESPP.

Set forth below is a summary of the material provisions of the ESPP. The summary of the provisions below is qualified in its entirety by the full text of the ESPP. A copy of the ESPP as amended and restated by the proposed amendment is attached to this proxy statement as **Appendix A**.

Vote Required and Recommendation

The affirmative vote of a majority of the shares present in person or by proxy will be required to approve the amendment to the ESPP. Because brokers are not permitted to vote on this proposal in the absence of voting instructions from beneficial owners, broker non-votes will have no effect on the outcome of this proposal. Abstentions will have the effect of negative votes.

Our executive officers have an interest in this proposal as they may purchase shares pursuant to the ESPP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL 3.

Description of Material Provisions of the 2009 Employee Stock Purchase Plan (“ESPP”)

General

The purpose of the ESPP is to provide employees of the Company and its designated subsidiaries with an opportunity to purchase our common stock through accumulated payroll deductions. It is the intention of the Company to establish the ESPP such that it will qualify as an “Employee Stock Purchase Plan” under Section 423 of the Internal Revenue Code (the “Code”).

Eligibility

Any person who is employed by the Company on a given enrollment date is eligible to participate in the plan. No participant shall be granted an option under the plan (i) to the extent that, immediately after the grant, such participant (or any other person whose stock would be attributed to such participant pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing 5% or more of the total combined voting power or value of all classes of the capital stock of the Company or of any subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds \$25,000 worth of stock for each calendar year in which such option is outstanding at any time.

Maximum Purchase

The Board of Directors may set a maximum number of shares of capital stock which any participant may purchase during any purchase period.

Authorized Shares

Currently, the number of shares of our common stock authorized for issuance under the ESPP is two hundred fifty thousand (250,000).

Administration

The ESPP is administered by the Board of Directors through a committee appointed by the Board. The Board or its committee has full and exclusive discretionary authority to construe, interpret and apply the terms of the plan, to determine eligibility and to adjudicate all disputed claims filed under the plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

Offering Periods

The plan is implemented by consecutive, 3 month offering periods with a new offering period commencing on the first trading day of each calendar quarter. The Board (or a committee of the Board) has the power to change the duration of offering periods (including the commencement dates thereof) with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first offering period to be affected thereafter.

Grant of Option

On the enrollment date of each offering period, each participant participating in such offering period will be granted an option to purchase on the exercise date for such offering period up to a number of shares of the Company's common stock determined by dividing such participant's payroll deductions accumulated prior to such exercise date and retained in the participant's account as of the exercise date by the applicable purchase price; provided, however, that in no event shall a participant be permitted to purchase during any calendar year more than a number of shares determined by dividing \$25,000 by the fair market value of a share of the Company's common stock on the exercise date or dates. The Board of Directors may, for future offering periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's common stock a participant may purchase during each purchase period of such offering period.

Payroll Deductions

At the time a participant files a subscription agreement with the Company to participate in the ESPP, he or she elects to have payroll deductions made on each pay day during the offering period in an amount not exceeding 15% of the compensation such participant receives on each pay day during the offering period. All payroll deductions made for a participant will be credited to his or her account under the plan and will be withheld in whole percentages only. A participant may not make any additional payments into such account. A participant may discontinue his or her participation in the plan effective with the first full payroll period following 5 business days after the Company's receipt of the withdrawal notice.

Tax Withholding

At the time the option is exercised, in whole or in part, or at the time some or all of the Company's common stock issued under the plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the common stock. At any time, the Company may, but is not obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of common stock by the participant.

Purchase Price

The purchase price per share at which shares of common stock are sold in an offering period under the ESPP cannot be less than 95% of the fair market value per share on the purchase date (i.e., the last business date of the offering period). The "fair market value" means, as of any given date, the closing sales price for such stock on the OTCQX Best Market for the last market trading day prior to the date of determination.

Purchase of Stock

Unless a participant withdraws from the plan, his or her option for the purchase of shares will be exercised automatically on the appropriate exercise date and the maximum number of full shares subject to option will be purchased for such participant at the applicable purchase price with the accumulated payroll deductions in his or her account. No fractional shares may be purchased; any payroll deductions accumulated in a participant's account that are not sufficient to purchase a full share will be retained in the Participant's account for the subsequent offering period. Any other monies left over in a participant's account after the exercise date will be returned to the participant. During a participant's lifetime, a participant's options are exercisable only by him or her.

Withdrawal

A participant in the plan may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the plan at any time by giving written notice to the Company. All of the participant's payroll deductions credited to his or her account will be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the offering period will be automatically terminated and no further payroll deductions for the purchase of shares will be made for such offering period. If a participant withdraws from an offering period, payroll deductions will not resume at the beginning of the succeeding offering period unless the participant delivers to the Company a new subscription agreement for the plan. Upon a participant's ceasing to be an employee of the Company or one of its designated subsidiaries, for any reason, he or she will be deemed to have elected to withdraw from the plan and the payroll deductions credited to such participant's account during the offering period but not yet used to exercise the option will be returned to such participant.

Transferability

Rights granted under the ESPP are not transferable by a participant other than by will, by the laws of descent and distribution or pursuant to the plan's beneficiary designation provisions.

Change of Control

In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event that the successor corporation

refuses to assume or substitute for the option, any purchase periods then in progress shall be shortened by setting a new exercise date and any offering periods then in progress will end on the new exercise date. The new exercise date will be before the date of the Company's proposed sale or merger.

Antidilution

Should any change be made to our common stock by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or any other increase or decrease in the number of shares of common stock effected without receipt of consideration, appropriate adjustments will be made to the per share price and number of shares issuable under the ESPP.

Amendment and Termination of Plan

The Board of Directors (or a committee of the Board) may at any time and for any reason terminate or amend the plan. Except as otherwise provided in the plan, no such termination can affect options previously granted, provided that an offering period may be terminated by the Board (or a committee of the Board) on any exercise date if the Board (or a committee of the Board) determines that the termination of the offering period or the plan is in the best interests of the Company and its stockholders. Unless otherwise terminated, the plan has a term of ten years.

Federal Income Tax Information

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the ESPP. Tax consequences for any particular individual may be different.

Rights to purchase shares granted under the plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under the provisions of Section 423(b) of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of. If the shares are disposed of within two years from the stock purchase right grant date (i.e., the beginning of the offering period or, if later, the date the participant entered the offering period) or within one year from the purchase date of the shares, a transaction referred to as a “disqualifying disposition,” the participant will realize ordinary income in the year of such disposition equal to the difference between the fair market value of the stock on the purchase date and the purchase price. The amount of such ordinary income will be added to the participant’s basis in the shares and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be a capital gain or loss. A capital gain or loss will be long-term if the participant holds the shares for more than one year after the purchase date.

If the stock purchased under the ESPP is sold (or otherwise disposed of) more than two years after the stock purchase right grant date and more than one year after the stock is transferred to the participant, then the lesser of (i) the excess of the sale price of the stock at the time of disposition over the purchase price and (ii) the excess of the fair market value of the stock as of the date the participant entered the offering period over the purchase price (determined as of the date the participant entered the offering period) will be treated as ordinary income. If the sale price is less than the purchase price, no ordinary income will be reported. The amount of such ordinary income will be added to the participant’s basis in the shares and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be long-term capital gain or loss.

The Company will generally be entitled to a deduction in the year of a disqualifying disposition equal to the amount of ordinary income realized by the participant as a result of such disposition, subject to the satisfaction of any tax-reporting obligations. In all other cases, no deduction is allowed.

THE FOREGOING IS ONLY A SUMMARY OF CERTAIN FEDERAL INCOME TAX CONSEQUENCES TO THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE EMPLOYEE STOCK PURCHASE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT’S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Accounting Treatment

ASC Topic 718 requires the estimated fair market value of all share-based payments to employees, including grants of employee stock options, to be recognized as expense in the statement of operations. The Employee Stock Purchase Plan has been structured in a way that no related compensation expense under the provisions of ASC Topic 718 will be required in the Company's financial statements.

PROPOSAL 4: APPROVAL OF AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO AUTHORIZE A REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK

The Company's Board of Directors has adopted a resolution approving and recommending to the Company's shareholders for their approval a proposal to amend our certificate of incorporation to authorize a reverse split of our outstanding shares of common stock within a range of one share of common stock for every two shares of common stock to one share of common stock for every ten shares of common stock, with the exact reverse split ratio to be decided and publicly announced by the Board of Directors prior to the effective time of the reverse stock split amendment. If the shareholders approve this Proposal No. 4, the Board of Directors will have the authority to decide, at any time prior to 12 months after the date of the Annual Meeting, whether to implement the reverse stock split and the precise ratio of the reverse stock split within a range of one-for-two shares of our common stock to one-for-ten shares of our common stock. If the Board of Directors decides to implement the reverse stock split, the reverse stock split will become effective upon the filing of an amendment to our certificate of incorporation with the Secretary of State of the State of Delaware ("Reverse Split Amendment").

The Board of Directors reserves the right, even after shareholder approval, to abandon or postpone the filing of the Reverse Split Amendment if the Board of Directors determines that it is not in the best interest of the Company and the shareholders. If the reverse stock split proposal is approved by the shareholders but is not implemented by the Board of Directors within 12 months from the Annual Meeting, the proposal will be deemed abandoned, without any further effect. In that case, the Board of Directors may again seek shareholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time

The form of the Reverse Split Amendment to accomplish the reverse stock split is attached to this Proxy Statement as Appendix B. The following discussion is qualified in its entirety by the full text of the Reverse Split Amendment, which is incorporated herein by reference.

Reasons for the Reverse Stock Split

The Board's primary reasons for approving and recommending the reverse stock split are that the Board believes that:

the reverse stock split is the most effective means of increasing the per-share market price of our common stock in order to become eligible for listing on a national exchange; and

a higher per-share market price of our common stock could encourage investor interest in our Company and promote greater liquidity for our shareholders.

Our common stock is currently listed on the OTCQX® under the symbol “STXS”. We believe that becoming listed on a national exchange will support and maintain the liquidity of our common stock for our shareholders. In order for our common stock to be eligible for listing on a national exchange, we must satisfy the initial listing requirements, which could include, among other requirements, a minimum closing price of at least \$3.00 per share for our common stock.

An objective of the Board in proposing the reverse stock split is to increase the per-share market price of our common stock in order to become eligible for listing on a national exchange. Effecting the reverse stock split would reduce our total shares of common stock outstanding, which the Board believes will increase the price per share of our common stock and therefore, better enable us to list our common stock on a national exchange. However, the effect of the reverse stock split on the market value of our common stock cannot be predicted with any certainty, and there can be no assurances the market price per post-split share will either exceed or remain in excess of the minimum closing price for a sustained period of time. The reverse stock split itself does not affect our market value, and the market price of our common stock may also be based on other factors that are unrelated to the number of shares outstanding, including our future performance.

The Board of Directors believes that shareholder approval of an amendment that would allow the Board to determine the exact reverse stock split ratio within a specified range of one-for-two to one-for-ten (rather than shareholder approval of a fixed reverse stock split ratio) provides the flexibility to achieve the desired results of the reverse stock split. The Board of Directors will consider the conditions, information and circumstances existing at the time when it determines whether to implement a reverse stock split and, if it decides to implement a reverse stock split, the precise reverse stock split ratio.

If our shareholders approve this proposal, our Board of Directors or a committee thereof would effect a reverse stock split only upon the Board's or committee's determination that a reverse stock split would be in the best interests of the Company at that time. If our Board of Directors were to effect a reverse stock split, the Board would set the timing for such a split and select the specific ratio within the range of one-for-two to one-for-ten. No further action on the part of shareholders would be required to either implement or abandon the reverse stock split. If our shareholders approve the proposal, and the Board of Directors or a committee of the Board of Directors determines to effect the reverse stock split, we would communicate to the public, prior to the effective date, additional details regarding the reverse stock split, including the specific ratio selected by the Board or committee. If our Board of Directors or a committee thereof does not implement the reverse stock split within 12 months from the Annual Meeting, the authority granted in this proposal to implement the reverse stock split will terminate. Our Board of Directors reserves its right to elect not to proceed with the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company or its shareholders.

If our shareholders approve this Proposal No.4, and the reverse stock split is implemented, we would have a lower number of shares of common stock outstanding without reducing the total number of authorized shares of common stock we may issue. In Proposal No. 5 below, we are asking our shareholders to approve an amendment to our certificate of incorporation to decrease the number of authorized shares of common stock. Proposals No. 4 and No. 5 are independent proposals and are not conditioned on each other. Shareholders may approve the reverse stock split described in this Proposal No. 4 without approving Proposal No. 5, in which case, we may have a larger number of authorized but unissued shares from which to issue additional shares of common stock, or securities convertible or exercisable into shares of common stock, than are necessary for reasonably foreseeable future needs, which could have a potential dilutive effect on existing shareholders.

Effects of the Reverse Stock Split

The reverse stock split will be executed simultaneously for all outstanding shares of our common stock. The reverse stock split will affect all of our shareholder uniformly and will not affect any shareholder's percentage ownership interests in the Company, except to the extent that the reverse stock split results in any of our shareholders owning a fractional share. Common stock issued pursuant to the reverse stock split will remain fully paid and non-assessable.

Our common stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the Company is subject to the periodic reporting and other requirements of the Exchange Act. The proposed reverse stock split will not affect the registration of our common stock or the Company's reporting obligations under the Exchange Act. The Company will obtain a new CUSIP number for our common stock effective at the time of the reverse stock split.

As of the effective time of the reverse stock split, we will adjust and proportionately decrease the number of shares of our common stock reserved for issuance upon exercise of, and adjust and proportionately increase the exercise price of, all options and warrants and other rights to acquire our common stock. In addition, as of the effective time of the reverse stock split, we will adjust and proportionately decrease the total number of shares of our common stock that may be the subject of the future grants under our stock plans.

The conversion price of our Series A Convertible Preferred Stock will also be proportionately increased to reflect the reverse stock split as of the effective time of the reverse stock split.

Assuming reverse stock split ratios of one-for-two and one-for-ten, which are ratios based on whole numbers of shares at the high end and low end of the range that our shareholders are being asked to approve, the following table sets forth the approximate number of shares of our common stock that would be (i) issued and outstanding, (ii) reserved for issuance upon conversion of the Series A Convertible Preferred Stock, and (iii) reserved for issuance pursuant to outstanding options under our stock plan or warrants, and after the reverse stock split, based on information as of:

	12/31/2018	3/25/2019	2:1	10:1
Common Stock:	59,058,297	59,304,222	29,652,111	5,930,422
Convertible Preferred Shares (in common stock equivalents):	41,743,654	42,216,012	21,108,006	4,221,601
Employee RSU's:	647,649	688,687	344,344	68,869
Subtotal:	101,449,600	102,208,921	51,104,461	10,220,892
Warrants:	1,131,151	1,107,689	553,845	110,769
Employee Stock Options:	1,165,086	1,151,461	575,731	115,146
Shares Authorized	300,000,000	300,000,000	300,000,000	300,000,000

After the effective time of the reverse stock split, the post-split market price of our common stock may be less than the pre-split price multiplied by the reverse stock split ratio. In addition, a reduction in number of shares outstanding may impair the liquidity for our common stock, which may reduce the value of our common stock.

Effect on Voting Rights. Proportionate voting rights and other rights of the holders of common stock would not be affected by the reverse stock split, other than as a result of the payment of cash in lieu of fractional shares as described below. For example, a holder of 1% of the voting power of the outstanding shares of common stock immediately prior to the effective time of the reverse stock split would continue to hold 1% of the voting power of the outstanding shares of common stock after the reverse stock split, subject to the payment of cash in lieu of fractional shares.

Because the Series A Convertible Preferred Stock votes with our common stock on an as-converted basis, the proportional adjustment to the conversion price will mean that the Series A Convertible Preferred Stock will have a different number of votes following the effective time of the reverse stock split. However, the proportionate voting interest held by the holders of Series A Convertible Preferred Stock will not change.

Effect on Par Value Shares and Accounting Matters. The reverse stock split will not affect the par value per share of our common stock. As a result, as of the effective time of the reverse stock split, the stated capital attributable to our common stock on the Company's balance sheet (which consists of the par value per share of our common stock multiplied by the aggregate number of the issued shares of common stock) will be reduced proportionately based on the reverse stock split ratio selected by the Board of Directors, and the additional paid-in capital account (which

consists of the difference between the Company's stated capital and the aggregate amount paid to us upon the issuance of all currently issued shares of common stock) will be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of our common stock will be increased as a result of the reverse stock split because there will be fewer shares of common stock outstanding.

Effect on Outstanding Options, Stock Option and Equity Incentive Plans and Warrants. The reverse stock split, if and when implemented, will affect outstanding options to purchase common stock. The Company's stock option and equity incentive plans include provisions for appropriate adjustments to the number of shares of common stock covered by the plans and by stock options and other grants of stock-based awards under the plans, as well as the per share exercise prices. If the Company's shareholders approve the reverse stock split, an outstanding stock option to purchase one share of common stock would thereafter evidence the right to purchase a fraction of a share of common stock consistent with the reverse stock split ratio designated by the Board of Directors (rounding any fractional shares up to the nearest whole share), and the exercise price per share would be a corresponding multiple of the previous exercise price (rounded down to the nearest cent). For example, if the Company effects a one-for-two reverse stock split, a pre-split option for 10,000 shares of common stock with an exercise price of \$1.00 per share would be converted post-split into an option to purchase 5,000 shares of common stock with an exercise price of \$2.00 per share. Further, the number of shares of common stock authorized and reserved for issuance under the plans will be reduced in proportion to the exchange ratio of the reverse stock split.

The Company also has outstanding warrants to purchase shares of common stock. Under the terms of the warrants, the reverse stock split will effect a reduction in the number of shares of common stock issuable upon exercise of the warrants in proportion to the exchange ratio of the reverse stock split and will effect a proportionate increase in the exercise price of the outstanding warrants.

Procedure for Effecting the Reverse Stock Split and Exchange of Stock Certificates

If our shareholders approve the proposal to effect the reverse stock split, and if the Board still believes that a reverse stock split is in the best interest of the Company and its shareholders, the Board will determine the ratio of the reverse stock split to be implemented. We will file the Reverse Split Amendment with the Secretary of State of the State of Delaware. The Board may delay effecting the reverse stock split without resoliciting shareholder approval. Beginning on the effective date of the reverse stock split, each certificate representing pre-split shares will be deemed for all corporate purposes to evidence ownership of post-split shares.

As soon as practicable after the effective date of the reverse stock split, shareholders will be notified that the reverse stock split has been effected. We expect that our transfer agent will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of pre-split share certificates will be asked to surrender to the exchange agent certificates representing pre-split shares in exchange for certificates representing post-split shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by us. No new certificates will be issued to a shareholder until such shareholder has surrendered such shareholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Any pre-split shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for post-split shares. **SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNLESS AND UNTIL REQUESTED TO DO SO.**

Until surrendered for exchange as contemplated herein, each pre-split share certificate will be deemed at and after the effective time of the reverse stock split to represent the number of whole shares of common stock resulting from the reverse stock split, and any dividends or other distributions that may be declared after the effective date of the reverse stock split with respect to the number of whole post-reverse split shares of common stock represented by that certificate will be withheld by the Company until that certificate has been properly presented for exchange, at which time all such withheld dividends that have not yet been paid to a public official pursuant to relevant abandoned property or escheat laws will be paid to the holder thereof or the holder's designee, without interest.

No service charges, brokerage commissions or transfer taxes shall be payable by any holder of any pre-split share certificate, except that if any new book-entry shares are to be issued in a name other than that in which the pre-split share certificates are registered, it will be a condition of such issuance that (1) the person requesting such issuance must pay to the Company any applicable transfer taxes or establish to the Company's satisfaction that these taxes have

been paid or are not payable, (2) the transfer complies with all applicable federal and state securities laws, and (3) the surrendered certificate is properly endorsed and otherwise in proper form for transfer.

Fractional Shares

We will not issue fractional shares in connection with the reverse stock split. Instead, shareholders who otherwise would be entitled to receive fractional shares because they hold a number of shares not evenly divisible by the reverse stock split ratio will be entitled, upon surrender to the exchange agent of certificates representing such shares, to a cash payment in lieu thereof at a price equal to the fraction to which the shareholder would otherwise be entitled multiplied by the closing price of the common stock, on the last trading day prior to the effective date of the split (or if such price is not available, the average of the last bid and asked prices of the common stock on such day or other price determined by the Board of Directors). The ownership of a fractional interest will not give the holder thereof any voting, dividend, or other rights except to receive payment therefor as described herein.

No transaction costs will be assessed to shareholders for the cash payment in lieu of fractional shares. Shareholders will not be entitled to receive interest for the period of time between the effective date of the reverse stock split and the date payment is made for fractional shares. Shareholders should be aware that under the abandoned property or escheat laws of the applicable jurisdictions, cash payments not timely claimed after the effective date of the reverse stock split may be required to be paid to designated agents for the relevant jurisdictions.

Accounting Matters

The reverse stock split will not affect the par value of our common stock. As a result, at the effective time of the reverse stock split, the stated capital on our balance sheet attributable to the common stock will be reduced in the same proportion as the reverse stock split ratio, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of our common stock will be increased because there will be fewer shares of our common stock outstanding. Prior periods' per share amounts will be restated to reflect the reverse stock split.

Appraisal Rights

Under the Delaware General Corporation Law, our shareholders are not entitled to appraisal rights with respect to the reverse stock split, and we do not intend to independently provide shareholders with any such right.

Certain Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following is a summary of certain material U.S. federal income tax consequences of the reverse stock split. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations promulgated thereunder, administrative ruling and judicial decision as of the date hereof, all of which may change, possibly with retroactive effect, resulting in U.S. federal income tax consequences that may differ from those discussed below. This discussion is included for general information purposes only and does not address all aspects of federal income taxation that may be relevant to shareholders that may be subject to special tax rules, including, without limitation: (i) holders subject to the alternative minimum tax; (ii) banks, insurance companies, or other financial institutions; (iii) tax-exempt organizations; (iv) dealers in securities or commodities; (v) regulated investment companies or real estate investment trusts; (vi) partnerships (or other flow-through entities for U.S. federal income tax purposes and their partners or members); (vii) traders in securities that elect to use a mark-to-market method of accounting for their securities holding; (viii) U.S. Holders (as defined below) whose “functional currency” is not the U.S. dollar; (ix) persons holding our common stock as a position in a hedging transaction, “straddle,” “conversion transaction” or other risk reduction transaction; (x) persons who acquire shares of our common stock in connection with employment on other performance services; (xi) U.S. expatriates; (xii) controlled foreign corporations; or (xiii) passive foreign investment companies. In addition, this summary does not address the tax consequences arising under the laws of any foreign, state or local jurisdiction and U.S. federal tax consequences other than federal income taxation. This discussion also assumes that the shares of our common stock were, and the shares of our common stock received pursuant to the reverse stock split will be, held as “capital assets” (as defined in the Code). If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the tax treatment of a holder that is a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership.

We have not sought, and will not seek, an opinion of counsel or a ruling from the Internal Revenue Service (“IRS”) regarding the United States federal income tax consequences of the reverse stock split and there can be no assurance the IRS will not challenge the statements set forth below or that a court would not sustain any such challenge. This summary does not purport to be a detailed discussion of the changes to the U.S. federal income tax laws as a result of the enactment of the Tax Cuts and Jobs Act (the “Tax Act”). Technical corrections or other amendments to the Tax Act, or administrative guidance interpreting the Tax Act may be forthcoming. **EACH HOLDER OF COMMON STOCK SHOULD CONSULT SUCH SHAREHOLDER’S TAX ADVISOR WITH RESPECT TO THE PARTICULAR TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT TO SUCH SHAREHOLDER.**

For purposes of the discussion below, a “U.S. Holder” is a beneficial owner of shares of our common stock that for U.S. federal income tax purposes is: (1) an individual citizen or resident of the United States; (2) a corporation (including any entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state or political subdivision thereof; (3) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or (4) a trust, the administration of which is subject to the primary supervision of a U.S. court and as to which one or more U.S. persons have the authority to control all substantial decisions of the trust, or that has a valid election in effect to be treated as a U.S. person. A “Non-U.S. Holder” is a beneficial owner (other than a partnership) of shares of our common stock who is not a U.S. Holder.

The reverse stock split is intended to constitute a reorganization within the meaning of Section 368(a) of the Code. Assuming the reverse stock split qualifies as a reorganization, other than the cash payments for fractional shares discussed below, no gain or loss should be recognized by a shareholder upon the reverse stock split. U.S. Holders of our common stock that receive cash in lieu of fractional shares will recognize dividend income, or capital gain or loss, depending on the particular facts and circumstances of the U.S. Holder. To the extent the cash received in lieu of fractional shares is treated as giving rise to dividend income, U.S. Holders who are individuals may be taxed at a reduced rate of 15%, subject to certain limitations. To the extent the cash received in lieu of fractional shares is treated as an exchange, a U.S. Holder will recognize capital gain or loss equal to the difference between the amount of cash received by such holder and the adjusted tax basis deemed to be allocated to the fractional shares. Any capital gain or loss realized will be treated as long-term capital gain or loss if the holder’s holding period for our common stock surrendered is greater than one year. Long-term capital gains of U.S. Holders who are individuals are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

With respect to Non-U.S. Holders, to the extent the cash received in lieu of fractional shares is properly treated as giving rise to dividend income, such income may be subject to a withholding tax at a rate of 30% (unless an exemption or reduced rate can be established under a treaty or otherwise). A Non-U.S. Holder generally should not be subject to any U.S. federal income or withholding tax with respect to any amount properly treated as capital gains unless such Non-U.S. Holder has certain connections with the United States. Because the determination of whether withholding should apply is very fact specific, the Company may withhold and pay to the IRS taxes at a rate of 30% on any cash paid to a Non-U.S. Holder in lieu of fractional shares unless a holder can establish that it is entitled to a reduced rate or exemption from withholding on dividend income pursuant to an applicable income tax treaty or otherwise. However, a Non-U.S. Holder may seek a refund of such amount from the IRS if the holder determines that it is not properly liable for such taxes.

Holders should consult their own advisors as to the proper treatment of any cash received in lieu of fractional shares.

Page 35

In general, the aggregate tax basis in the shares of our common stock received pursuant to the reverse stock split should equal the aggregate tax basis of the shares of our common stock surrendered (excluding any portion of such basis that is allocated to any fractional share of our common stock for which cash is received). The shareholder's holding period in the shares of our common stock received should include the holding period in the shares of our common stock surrendered pursuant to the reverse stock split. Treasury regulations promulgated under the Code provide detailed rules for allocating the tax basis and holding period of the shares of our common stock surrendered to the shares of our common stock received pursuant to the reverse stock split. Holders of shares of our common stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

U.S. and Non-U.S. Holders may be subject to information reporting with respect to the receipt of cash in lieu of fractional shares unless such holders can establish an exemption. In addition, U.S. Holders may be subject to a backup withholding tax on the cash paid in lieu of fractional shares if they do not provide their taxpayer identification numbers in the manner required or otherwise fail to comply with applicable backup withholding tax rules. In general, backup withholding will not apply to the cash paid in lieu of fractional shares to a Non-U.S. Holder if the Non-U.S. Holder establishes an exemption, for example, by properly certifying its non-U.S. status on an IRS Form W-8BEN (or other applicable form). Backup withholding is not an additional tax, and any amounts withheld under the backup withholding rules will be allowed as a refund or credit against a shareholder's U.S. federal income tax liability provided the required information is furnished to the IRS.

TAX MATTERS ARE COMPLICATED, AND THE TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT DEPEND UPON THE PARTICULAR CIRCUMSTANCES OF EACH SHAREHOLDER. ACCORDINGLY, EACH SHAREHOLDER IS ADVISED TO CONSULT THE SHAREHOLDER'S TAX ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES TO THE SHAREHOLDER OF A REVERSE STOCK SPLIT.

Vote Required

The affirmative vote of a majority of the combined number of shares of common stock outstanding as of the Record Date and the number of shares of common stock into which the Series A Convertible Preferred Stock are convertible as of the Record Date (subject to specified beneficial ownership limitations) is required to approve the amendment to our certificate of incorporation to accomplish the reverse stock split of our common stock.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" PROPOSAL 4.

PROPOSAL 5: APPROVAL OF AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO AUTHORIZE A REDUCTION OF THE NUMBER OF SHARES OF OUR COMMON STOCK FROM 300,000,000 TO 100,000,000 SHARES

The Company's Board of Directors has adopted a resolution approving and recommending to the Company's shareholders for their approval a proposal to amend our certificate of incorporation to reduce the authorized number of shares of our common stock from 300,000,000 to 100,000,000 shares. If the shareholders approve this Proposal No. 5, the Board of Directors will have the authority to decide, at any time prior to 12 months after the date of the Annual Meeting, whether to implement the decrease in authorized common shares. If the Board of Directors decides to implement the reduction in authorized common shares, the reduction will become effective upon the filing of an amendment to our certificate of incorporation with the Secretary of State of the State of Delaware ("Authorized Stock Amendment").

The Board of Directors reserves the right, even after shareholder approval, to abandon or postpone the filing of the Authorized Stock Amendment if the Board of Directors determines that it is not in the best interest of the Company and the shareholders. If the proposal to reduce our authorized common shares is approved by the shareholders but is not implemented by the Board of Directors within 12 months from the Annual Meeting, the proposal will be deemed abandoned, without any further effect. In that case, the Board of Directors may again seek shareholder approval at a future date for a reduction in the number of authorized common shares if it deems such action to be advisable at that time.

The form of the Authorized Stock Amendment to accomplish the reduction in authorized common shares is attached to this Proxy Statement as Appendix C. The following discussion is qualified in its entirety by the full text of the Authorized Stock Amendment, which is incorporated herein by reference.

Reasons for the Decrease in Authorized Shares

We currently have 300 million shares of authorized common stock. As of the Record Date, there were 59,304,222 shares of common stock issued and outstanding. In addition, as of the Record Date, there were 1,107,689 shares of common stock reserved for issuance upon exercise of outstanding warrants; 47,844,562 shares of common stock reserved for issuance upon conversion of outstanding Series A Convertible Preferred Stock; and approximately 3,254,503 shares of common stock reserved for issuance upon exercise of outstanding equity awards under our stock option and equity incentive plans.

At a special meeting of the shareholders held on July 10, 2012, the shareholders approved an increase in the authorized shares from 100 million to 300 million in order to provide a sufficient number of authorized shares for transactions and issuances that were contemplated at that time. Also at the 2012 special meeting of shareholders, the shareholders approved an amendment to our certificate of incorporation to effect a reverse stock split of our common stock, and on July 10, 2012, we effected a reverse split of our common stock at a ratio of one for ten shares. As a result, the number of shares underlying outstanding options, warrants and other rights to acquire our common stock was significantly reduced. Therefore, the Board of Directors believes that a reduction of the authorized shares of common stock to 100 million is sufficient to support the Company's ongoing efforts to raise capital to fund its operations for the foreseeable future, as well as to maintain appropriate reserves for issuance on conversion or exercise of outstanding rights to acquire our common stock and future equity grants to employees and directors.

Additionally, the proposed reduction in our authorized common stock may enable us to reduce the amount of the Company's annual franchise tax in the State of Delaware. Each year, we are required to make franchise tax payments to the State of Delaware in an amount determined, in part, by the total number of shares of stock we are authorized to issue. Accordingly, by reducing the number of authorized shares of stock, we may be able to reduce the amount of the franchise tax for which we will be liable.

If this Proposal No. 5 is approved by the shareholders, the amendment to our Certificate of Incorporation will become effective upon the filing of the Authorized Stock Amendment with the Secretary of State of the State of Delaware. If our Board of Directors does not implement the Authorized Stock Amendment within 12 months from the Annual Meeting, the authority granted in this proposal to implement the reduction in authorized common shares will terminate. Our Board of Directors reserves its right to elect not to proceed with the reduction in authorized common shares if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company or its shareholders.

Effects of the Decrease in Authorized Shares

If approved by our shareholders, the lower number of authorized shares of common stock would be available for issuance for any proper corporate purpose as determined by our Board of Directors without further approval by the shareholders, except as required by law, the OTCQX® or the rules of any other national securities exchange on which our shares of common stock are listed.

There will be no change in the rights attributable to our authorized shares of common stock. The proposed amendment will not affect the par value of the common stock, which will remain at \$0.001 per share. Under our certificate of incorporation, our shareholders do not have preemptive rights to subscribe to additional securities that we may issue; in other words, current holders of common stock do not have a prior right to purchase any new issue of our capital stock to maintain their proportionate ownership of common stock. If we issue additional shares of common stock or other securities convertible into common stock in the future, it will dilute the voting rights of existing holders of common stock and will also dilute earnings per share and book value per share.

The reduction in the number of authorized common shares would not have any impact on our outstanding Series A Convertible Preferred Stock, the total number of authorized shares of which would remain at 10,000,000 in any event.

In Proposal No. 4 above, we are asking our shareholders to approve a reverse stock split of our common stock. Proposals No. 4 and No. 5 are independent proposals and are not conditioned on each other. If our shareholders approve this Proposal No. 5, but do not approve Proposal No. 4, and our Board decides to reduce the authorized number of shares, we may have an insufficient number of authorized and unissued common shares available for issuance for appropriate future corporate purposes, including equity financing transactions, debt-for-equity refinancing transactions, refinancing transactions with an equity component, acquisitions involving equity consideration and other equity considerations that the Board of Directors may determine to be in the best interests of the Company and its shareholders from time to time. In that event, the Board of Directors may be required to seek shareholder approval of an increase in our authorized number of common shares. We will not reduce the authorized number of common shares below the number of outstanding common shares in any event.

The proposed decrease in the number of authorized shares of our common stock could have adverse effects on us. We will have less flexibility to issue shares of common stock, including in connection with a potential merger or acquisition, other strategic transaction or follow-on offering if the number of authorized shares of our common stock is reduced. In the event that our Board of Directors determines that it would be in the best interests of the Company and its shareholders to issue a number of shares of common stock in excess of the number of then authorized but unissued and unreserved shares, we would be required to seek the approval of our shareholders to increase the number of shares of authorized common stock. If we are not able to obtain the approval of our shareholders for such an increase in a timely fashion, we may be unable to take advantage of opportunities that might otherwise be advantageous to us and our shareholders.

Vote Required

The affirmative votes of (1) a majority of the combined number of shares of common stock outstanding as of the Record Date and the number of shares of common stock into which the Series A Convertible Preferred Stock are convertible as of the Record Date (subject to specified beneficial ownership limitations) and (2) a majority of the shares of common stock outstanding as of the Record Date, voting as a separate class, are required to approve the amendment to our certificate of incorporation to decrease the number of authorized shares of common stock.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL 5.

Our Code of Ethics and Business Conduct encourages our employees to report to us an actual or apparent conflict of interest.

GENERAL INFORMATION

SHAREHOLDER PROPOSALS

Proposals Included In Proxy Statement

Proposals of shareholders of the Company that are intended to be presented by such shareholders at the Company's 2020 Annual Meeting and that shareholders desire to have included in the Company's proxy materials relating to such meeting must be received by the Company at its principal executive offices no later than December 13, 2019, which is 120 calendar days prior to the anniversary of April 11, 2019, the release date of this proxy statement relating to the 2019 Annual Meeting. Upon timely receipt of any such proposal, the Company will determine whether or not to include such proposal in the proxy statement and proxy in accordance with applicable regulations governing the solicitation of proxies.

Proposals Not Included in the Proxy Statement

Our bylaws provide that shareholders seeking to bring business before an annual meeting of shareholders, or to nominate candidates for election as directors at an annual meeting of shareholders, must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders, i.e., not earlier than January 22, 2020, and not later than February 21, 2020, for the 2020 Annual Meeting. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever first occurs. Our restated bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from bringing matters before an annual meeting of shareholders or from making nominations for directors at an annual meeting of shareholders.

Any shareholder wishing to submit a candidate for election to our Board of Directors should follow the procedures outlined in "Director Nominations." For all other proposals, as to each matter of business proposed, the shareholder should send the following information to the Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

A brief description of the business desired to be brought before the meeting and the reasons for conducting such business;

The text of the business (including the text of any resolutions proposed and the language of any proposed amendment to our charter documents);

The name and address, as they appear in our shareholder records, of the shareholder(s) proposing such business;

The class and number of shares of the stock which are beneficially owned by the proposing shareholder(s);

Any material interest of the proposing shareholder(s) in such business; and

A statement as to whether either the proposing shareholder(s) intend(s) to deliver a proxy statement and form of proxy to holders of, in the case of the proposal, at least the percentage of the Company's voting shares required under applicable law to carry the proposal.

A more complete description of this process is set forth in our bylaws.

HOUSEHOLDING OF PROXIES

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports, proxy statements and Notices of Internet Availability of Proxy Materials, with respect to two or more shareholders sharing the same address by delivering a single annual report and/or proxy statement and/or Notices of Internet Availability of Proxy Materials addressed to those shareholders. This process is commonly referred to as “householding”. The Company and some brokers household annual reports, proxy materials, and Notices of Internet Availability of Proxy Materials, delivering a single annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders.

Once you have received notice from your broker or the Company that your broker or we will be householding materials to your address, householding will continue until you are notified otherwise or until you request otherwise. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, in the future, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. If, at any time, you and another shareholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares.

1. Purpose. The purpose of the Plan is to provide employees of the Company and its Designated Subsidiaries with an opportunity to purchase Common Stock through accumulated payroll deductions. Where the period of leave exceeds three months and the individual’s right to reemployment is not guaranteed either by statute or by contract, the employment relationship shall be deemed to have terminated after the third month of such leave. An individual who performs services as an employee for the Company shall not be considered an Employee if the laws of the country in which the services are performed prohibits his or her participation in the Plan.

(ii) If the Common Stock is regularly quoted by a recognized securities dealer but selling prices are not reported, its Fair Market Value shall be the mean of the closing bid and asked prices for the Common Stock prior to the date of determination, as reported in *The Wall Street Journal* or such other source as the Board deems reliable; or

(p) “Subsidiary” shall mean any corporation other than the Company, in an unbroken chain of corporations beginning with the Company if, at the time of granting an option under the Plan, each of the corporations other than the last corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

(q) “Trading Day” shall mean a day on which national stock exchanges and the Nasdaq System are open for trading.

3. Eligibility.

(a) Any Employee who shall be employed by the Company on a given Enrollment Date shall be eligible to participate in the Plan.

(b) Any provisions of the Plan to the contrary notwithstanding, no participant shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such participant (or any other person whose stock would be attributed to such participant pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its Subsidiaries accrues at a rate which exceeds Twenty-Five Thousand Dollars (\$25,000) worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time. The Board of Directors may set a maximum number of shares of capital stock which any participant may purchase during any Offering Period.

4. Offering Periods. The Plan shall be implemented by a series of Offering Periods, each with a duration of three (3) months, with new Offering Periods commencing on the first day of each calendar quarter (or at such other time or times as may be determined by the Board or a committee of the Board). The Plan shall continue until terminated in accordance with Section 20 hereof. The Board (or a committee of the Board) shall have the power to change the duration and/or the frequency of the Offering Period with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first Offering Period to be affected.

5. Participation. An eligible Employee may become a participant in the Plan by enrolling through such procedures as may be provided by the Company from time to time. An enrollment in effect for a participant for a particular Offering Period will continue in effect for subsequent Offering Periods if the participant remains an eligible Employee and has not withdrawn from participation in the Plan pursuant to Section 10.

(a) Payroll deductions for a Participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the Participant as provided in Section 10.

(b) During a leave of absence approved by the Company or a Designated Subsidiary and meeting the requirements of Treasury Regulation Section 1.421-1(h)(2), a Participant may continue to participate in the Plan by making cash payments to the Company on each pay day equal to the amount of the Participant's payroll deductions under the Plan for the pay day immediately preceding the first day of such Participant's leave of absence. If a leave of absence is unapproved or fails to meet the requirements of Treasury Regulation Section 1.421-1(h)(2), the Participant will cease automatically to participate in the Plan. In such event, the Company will automatically cease to make contributions for such Participant under the Plan and Company will pay to the Participant his or her total payroll deductions for the Offering Period, in cash in one lump sum (without interest), as soon as practicable after the Participant ceases to participate.

(c) By enrolling in the Plan, each participant will be deemed to have authorized the establishment of a brokerage account in his or her name at a securities brokerage firm, which firm shall serve as custodial agent for the purpose of holding shares purchased under the Plan. The account will be governed by, and subject to, the terms and conditions of a written agreement with the firm approved by the Board or the committee administering the Plan.

6. Payroll Deductions. At the time a Participant enrolls in the Plan, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding fifteen percent (15%) of the Compensation which he or she receives on each pay day during the Offering Period. Except for the foregoing sentence, all eligible Employees shall have the same rights and privileges under the Plan.

All payroll deductions made for a Participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A Participant may not make any additional payments into such account.

(a) A Participant's election shall remain in effect for successive Offering Periods unless terminated or the Participant withdraws as provided in Section 10 hereof. During an Offering Period, a Participant may elect to reduce his or her payroll deductions to zero percent (0%), but he or she may not otherwise change the payroll deduction percentage

during an Offering Period. Amounts deducted prior to an election to reduce his or her payroll deductions to zero shall not be refunded to the Participant unless he or she specifically withdraws under Section 10. In accordance with procedures established by the Company from time to time, a Participant must re-enroll in the Plan if he or she reduces his or her payroll deductions to zero or withdraws under Section 10.

(b) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, the Company may decrease a Participant's payroll deductions to zero percent (0%) at any time during an Offering Period. Payroll deductions shall recommence at the rate provided in such Participant's subscription agreement at the beginning of the first Offering Period which is scheduled to end in the following calendar year (or such earlier time as permitted under Section 423(b)(8) of the Code), unless terminated by the Participant as provided in Section 10 hereof.

(c) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the Participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the Participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Participant.

7. Grant of Option. On the Enrollment Date of each Offering Period, each Participant participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Participant's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12. The Board may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's Common Stock a Participant may purchase during each Offering Period. Exercise of the option shall occur as provided in Section 8, unless the Participant has withdrawn pursuant to Section 10. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

(a) Unless a Participant withdraws from the Plan as provided in Section 10, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such Participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a Participant's account which are not sufficient to purchase a full share shall be retained in the Participant's account for the subsequent Offering Period, subject to earlier withdrawal by the Participant as provided in Section 10. Any other monies left over in a Participant's account after the Exercise Date shall be returned to the Participant. During a Participant's lifetime, a Participant's options are exercisable only by him or her.

(b) If the Board determines that, on a given Exercise Date, the number of shares with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Enrollment Date of the applicable Offering Period, or (ii) the number of shares available for sale under the Plan on such Exercise Date, the Board may in its sole discretion (x) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect, or (y) provide that the Company shall make a pro rata allocation of the shares available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participants exercising options to purchase Common Stock

on such Exercise Date, and terminate any or all Offering Periods then in effect pursuant to Section 20 hereof. The Company may make pro rata allocation of the shares available on the Enrollment Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's stockholders subsequent to such Enrollment Date. The balance of the amount credited to the account of each Participant which has not been applied to the purchase of shares of Common Stock shall be paid to such Participant in one lump sum in cash as soon as reasonably practicable after the Exercise Date, without any interest thereon.

9. Delivery of Shares. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall issue shares to each Participant by book entry on the Company's transfer agent and registrar's books of account in an account. A physical share certificate shall not be issued or delivered unless specifically requested by the Participant.

10. Withdrawal. A Participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time through such procedures as may be provided by the Company from time to time. All of the Participant's payroll deductions credited to his or her account shall be paid to such Participant promptly after withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a Participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the Participant elects to enroll in accordance with the enrollment procedures as may be provided by the Company from time to time.

(a) A Participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the Participant withdraws.

(b) Notwithstanding the foregoing a Participant shall withdraw from an Offering Period if he or she makes a hardship withdrawal from a Company 401(k) Plan if such 401(k) Plan so provides. Such Participant shall thereafter be suspended from participating in this Plan in accordance with the terms of such 401(k) Plan.

11. Termination of Employment. Upon a Participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such Participant's account during the Offering Period but not yet used to exercise the option shall be returned to such Participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such Participant's option shall be automatically terminated. Therefore, a Participant who ceases to be an Employee on any day during an Offering Period, including the last day, shall not be eligible to purchase shares during such Offering Period.

12. Interest. No interest shall accrue on the payroll deductions of a Participant in the Plan.

13. Stock.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be five hundred thousand (500,000) shares.

(b) The Participant shall have no interest or voting right in shares covered by his or her option until such option has been exercised.

(c) Shares to be issued to a Participant under the Plan shall be registered in the name of the Participant or in the name of the Participant and his or her spouse.

14. Administration. The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. Designation of Beneficiary.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the Participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such Participant of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death prior to exercise of the option. If a Participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the Participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall issue such shares and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may issue such shares and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Transferability. Neither payroll deductions credited to a Participant's account nor any option or rights with regard to the exercise of an option may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15) by the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10.

17. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. Reports. Individual accounts shall be maintained for each Participant. Statements of account shall be given to Participants at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each Participant may purchase each Offering Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) Dissolution or Liquidation. In the event of a proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the “New Exercise Date”), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board (or a committee of the Board). The New Exercise Date shall be before the date of the Company’s proposed dissolution or liquidation. The Board (or a committee of the Board) shall notify each Participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the Participant’s option has been changed to the New Exercise Date and that the Participant’s option shall be exercised automatically on the New Exercise Date, unless prior to such date the Participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Offering Period then in progress shall be shortened by setting a new Exercise Date (the “New Exercise Date”) and shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company’s proposed sale or merger. The Board shall notify each Participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the Participant’s option has been changed to the New Exercise Date and that the Participant’s option shall be exercised automatically on the New Exercise Date, unless prior to such date the Participant has withdrawn from the Offering Period as provided in Section 10.

20. Amendment or Termination.

(a) The Board (or a committee of the Board) may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board (or a committee of the Board) on any Exercise Date if the Board (or a committee of the Board) determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and this Section 20, no amendment may make any change in any option theretofore granted which adversely affects the rights of any Participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any Participant rights may be considered to have been “adversely affected,” the Board (or a committee of the Board) shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company’s processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participant properly correspond with amounts withheld from the Participant’s Compensation, and establish such other limitations or

procedures as the Board (or a committee of the Board) determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Board (or a committee of the Board) determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board (or a committee of the Board) may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the action of the Board (or a committee of the Board); and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan Participants.

21. Notices. All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. Conditions Upon Issuance of Shares. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. Term of Plan. The Plan shall become effective upon the latest to occur of its adoption by the Board, its approval by the stockholders of the Company or such date designated by the Board. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 20.

24. Equal Rights and Privileges. All Employees of the Company (or of any Designated Subsidiary) will have equal rights and privileges under the Plan so that the Plan qualifies as an "employee stock purchase plan" within the meaning of Section 423 of the Code or applicable Treasury regulations thereunder. Any provision of the Plan that is inconsistent with Section 423 or applicable Treasury regulations will, without further act or amendment by the Company, the Board, be reformed to comply with the equal rights and privileges requirement of Section 423 or applicable Treasury regulations.

25. No Employment Rights. Nothing in the Plan shall be construed to give any person (including any Employee or Participant) the right to remain in the employ of the Company, or a Subsidiary or to affect the right of the Company, or any Subsidiary to terminate the employment of any person (including any Employee or Participant) at any time, with or without cause.

26. Notice of Disposition of Shares. Each Participant shall give prompt notice to the Company of any disposition or other transfer of any shares of Common Stock purchased upon exercise of an option if such disposition or transfer is made: (a) within two (2) years from the Enrollment Date of the Offering Period in which the shares were purchased or (b) within one (1) year after the Exercise Date on which such shares were purchased. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Participant in such disposition or other transfer. The Company has the authority to establish procedures regarding the ability of a Participant to transfer shares of Common Stock in order to ensure compliance with this Section 26.

27. Choice of Law. The Plan shall be governed by and construed in accordance with the laws of the State of Missouri without regard to conflicts of law.

The foregoing amended and restated Plan was approved and adopted by the Committee on February 15, 2019, and approved by the Stockholders on _____, _____.
