The company has recently amended
previously filed reports on Edgar
to clarify the shell status of the

Edgar Filing: SANTO MINING CORP. - Form 8-K/A

company. Previous reporting on this was contradictory and the company felt obligated to clarify the issue. In doing so, the Company and its officers investigate previous filings, the former operating company and detailed the history of the company and its filing with its former officer and director, Alain French. The Company discovered that the former operating business of the Company, known then as Santo Pita, is and has always been in operation with employees, revenues and operations. The Company verified via Mr. French that Santo Mining has always had operations that in the opinion of the Company confirm that it has never been a shell. Separately, the Company had engaged two separate attorney's and presented the facts as known to them and obtained two separate legal opinions concluding that Santo Mining is not and has never been a shell.

Therefore the Company is filing this 8-K along with an affidavit from Mr.French regarding this issue.
