For the quarterly period ended June 30, 2015 or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number 1-35701

Era Group Inc.

(Exact Name of Registrant as Specified in Its Charter)

Delaware
(State or Other Jurisdiction of
Incorporation or Organization)

72-1455213
(IRS Employer
Identification No.)

818 Town & Country Blvd., Suite 200
Houston, Texas
(Address of Principal Executive Offices)
713-369-4700

77024
(Zip Code)

(Registrant's Telephone Number, Including Area Code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer <input type="checkbox"/>	Accelerated filer <input checked="" type="checkbox"/>	Non-accelerated filer <input type="checkbox"/> (Do not check if a smaller reporting company)	Smaller reporting company <input type="checkbox"/>
--	---	---	--

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

The total number of shares of common stock, par value \$0.01 per share, outstanding as of July 31, 2015 was 20,582,391. The Registrant has no other class of common stock outstanding.

Table of Contents

ERA GROUP INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. BASIS OF PRESENTATION AND ACCOUNTING POLICY

The condensed consolidated financial statements include the accounts of Era Group Inc. and its consolidated subsidiaries (collectively referred to as the “Company”). The condensed consolidated financial information for the three and six months ended June 30, 2015 and 2014 has been prepared by the Company and has not been audited by its independent registered public accounting firm. In the opinion of management, all adjustments (consisting of normal recurring adjustments) have been made to fairly present the Company’s financial position as of June 30, 2015, its results of operations for the three and six months ended June 30, 2015 and 2014, its comprehensive income for the three and six months ended June 30, 2015 and 2014, its changes in equity for the six months ended June 30, 2015, and its cash flows for the six months ended June 30, 2015 and 2014. Results of operations for the interim periods presented are not necessarily indicative of operating results for the full year or any future periods.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States (“U.S.”) have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and related notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014.

Unless the context otherwise indicates, any reference in this Quarterly Report on Form 10-Q to the “Company” refers to Era Group Inc. and its consolidated subsidiaries and any reference in this Quarterly Report on Form 10-Q to “Era Group” refers to Era Group Inc. without its subsidiaries.

Certain of the Company’s operations are subject to seasonal factors. Operations in the U.S. Gulf of Mexico are often at their highest levels from April to September, as daylight hours increase, and are at their lowest levels from November to February, as daylight hours decrease. The Company’s Alaskan operations also see an increase during May to September, as its firefighting and flightseeing operations occur during this time and daylight hours are significantly longer.

Basis of Consolidation. The consolidated financial statements include the accounts of Era Group Inc., its wholly and majority-owned subsidiaries and entities that meet the criteria of Variable Interest Entities (“VIEs”) of which the Company is the primary beneficiary. All significant inter-company accounts and transactions are eliminated in consolidation. Era do Brazil LLC is a VIE of which the Company is the primary beneficiary. Aeróleo Taxi Aereo S/A (“Aeróleo”) meets the criteria of a VIE; however, the Company is not the primary beneficiary.

Revenue Recognition. The Company recognizes revenues when they are realized or realizable and earned. Revenues are realized or realizable and earned when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenues that do not meet these criteria are deferred until the criteria are met. The unrecognized revenues and related activity during the three and six months ended June 30, 2015 and 2014, were as follows (in thousands):

	Three Months Ended		Six Months Ended	
	June 30, 2015	2014	June 30, 2015	2014
Balance at beginning of period	\$32,666	\$26,469	\$31,047	\$24,243
Revenues deferred during the period	12,321	8,568	20,150	16,912
Revenues recognized during the period	(7,903)	(6,560)	(14,113)	(12,678)
Balance at end of period	\$37,084	\$28,477	\$37,084	\$28,477

As of June 30, 2015, deferred revenues of \$37.1 million were related to dry-leasing revenues for certain helicopters leased by the Company to Aeróleo, its Brazilian joint venture. The deferral originated from difficulties experienced by Aeróleo following Petróleo Brasileiro S.A.’s (“Petrobras Brazil”) cancellation in 2011 of certain contract awards to Aeróleo for a number of AW139 medium helicopters under dry-lease from the Company, and the deferral continues as a result of continued financial difficulties at Aeróleo. The Company will recognize revenues as cash is received or earlier should future collectability become reasonably assured. All costs and expenses related to these dry-leases were

recognized as incurred.

Receivables. Customers are primarily major integrated and independent exploration and production companies, hospitals, international helicopter operators and the U.S. government. Customers are typically granted credit on a short-term basis and related credit risks are considered minimal. The Company routinely reviews its receivables and makes provisions for probable doubtful accounts; however, those provisions are estimates and actual results could differ from those estimates and those differences may

7

Table of Contents

be material. Receivables are deemed uncollectible and removed from receivables and the allowance for doubtful accounts when collection efforts have been exhausted.

New Accounting Standards. In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09 - Revenue From Contracts With Customers, which will base revenue recognition on the contract between a vendor and customer and will require reporting entities to allocate the transaction price to various performance obligations in a contract and recognize revenues when those performance obligations are satisfied. ASU 2014-09 will be effective for annual reporting periods beginning after December 15, 2017 and any interim periods within that period. Early adoption is permitted for annual reporting periods beginning after December 15, 2016 and any interim periods within that period. The Company is currently evaluating the potential impact and the method of the adoption of ASU 2014-09 on its consolidated financial statements.

In February 2015, the FASB issued ASU 2015-02 - Consolidation, which amends the guidance for evaluating whether certain entities should be consolidated, particularly for general partner and limited partner relationships and VIEs that have fee arrangements or related party relationships with a reporting entity. ASU 2015-02 will be effective for annual reporting periods beginning after December 15, 2015 and any interim periods within that period, and early adoption is permitted. The Company has not adopted ASU 2015-02 and believes adoption will not have a material impact on its consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03 - Interest - Imputation of Interest, which requires debt issuance costs related to a recognized debt liability to be presented on the balance sheet as a direct reduction of the carrying amount of that liability. The recognition and measurement guidance for debt issuance costs is not affected by this ASU. ASU 2015-03 will be effective for annual reporting periods beginning after December 15, 2015 and any interim periods within that period, and early adoption is permitted. The Company has not adopted ASU 2015-03. As of June 30, 2015 and December 31, 2014, the Company had debt issuance costs of \$3.7 million and \$4.0 million, respectively, which are included in other assets on the condensed consolidated balance sheets. The Company believes the adoption of ASU 2015-03 would reduce other assets and long-term debt by such amounts.

In July 2015, the FASB issued ASU 2015-11 - Inventory, which is intended to simplify the way reporting entities account for inventory by requiring it to be valued at the lower of cost and net realizable value unless that entity uses the last-in, first-out or the retail inventory valuation method. ASU 2015-11 is effective for annual reporting periods beginning after December 15, 2016 and any interim periods within that period, and early adoption is permitted as of the beginning of an interim or annual reporting period. The Company has not adopted ASU 2015-11 and believes adoption will not have a material impact on its consolidated financial statements.

2. FAIR VALUE MEASUREMENTS

The fair value of an asset or liability is the price that would be received to sell an asset or transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company utilizes a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value and defines three levels of inputs that may be used to measure fair value. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs derived from observable market data. Level 3 inputs are unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The Company’s financial assets and liabilities as of June 30, 2015 and December 31, 2014 that are measured at fair value on a recurring basis were as follows (in thousands):

	Level 1	Level 2	Level 3
June 30, 2015			
LIABILITIES			
Derivative instruments ⁽¹⁾	\$—	\$192	\$—
December 31, 2014			

LIABILITIES

Derivative instruments ⁽¹⁾	\$—	\$1,109	\$—
---------------------------------------	-----	---------	-----

(1) The fair value of the Company's derivative instruments was estimated using market data gathered by a third party financial institution, adjusted for market and credit risks applicable to the Company.

8

Table of Contents

The estimated fair values of the Company's other financial assets and liabilities as of June 30, 2015 and December 31, 2014 were as follows (in thousands):

	Carrying Amount	Level 1	Level 2	Level 3
June 30, 2015				
LIABILITIES				
Long-term debt, including current portion	\$293,801	\$—	\$293,071	\$—
December 31, 2014				
LIABILITIES				
Long-term debt, including current portion	\$309,544	\$—	\$320,099	\$—

The carrying values of cash and cash equivalents, receivables, notes receivable from other business ventures and accounts payable approximate fair value. The fair value of the Company's long-term debt was estimated using discounted cash flow analyses based on estimated current rates for similar types of arrangements. Considerable judgment was required in developing certain of the estimates of fair value and, accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

3. DERIVATIVE INSTRUMENTS

In 2011, the Company entered into two interest rate swap agreements maturing in December 2015 that call for the Company to pay fixed interest rates of 1.29% and 1.76% on an aggregate notional value of \$26.1 million, which decreases each month by the amount of principal payments made on the note, and receive a variable interest rate based on LIBOR on these notional values. The general purpose of these interest rate swap agreements is to provide protection against increases in interest rates, which might lead to higher interest costs for the Company. The fair value of these derivative instruments as of June 30, 2015 and December 31, 2014 was a liability of \$0.2 million and \$0.3 million, respectively. The Company recognized gains of \$0.1 million for each of the three months ended June 30, 2015 and 2014 and gains of \$0.2 million for each of the six months ended June 30, 2015 and 2014. These gains are included in derivative losses, net on the condensed consolidated statements of operations.

From time to time, the Company enters into forward exchange option contracts to hedge against foreign currency payment commitments and anticipated transaction exposures. All derivatives are recognized as assets or liabilities and marked to fair value each period. The Company does not use financial instruments for trading or speculative purposes. None of the Company's derivative instruments contain credit-risk-related contingent features, and counterparties to the derivative contracts are high credit quality financial institutions.

The Company entered into forward contracts during the second quarter of 2014 to mitigate its exposure to exchange rate fluctuations on euro-denominated aircraft purchase commitments. The Company has not designated these contracts as hedges for accounting purposes. The Company recorded a loss of \$0 and \$0.3 million on these derivative instruments during the three and six months ended June 30, 2015, respectively. This loss is recorded in foreign currency gains (losses), net in the condensed consolidated statements of operations.

4. ESCROW DEPOSITS

From time to time, the Company enters into Qualified Exchange Accommodation Agreements with a third party to meet the like-kind exchange requirements of Section 1031 of the Internal Revenue Code ("IRC") and the provisions of Revenue Procedure 2000-37. In accordance with these provisions, the Company is permitted to deposit proceeds from the sale of assets into escrow accounts for the purpose of acquiring other assets and qualifying for the temporary deferral of taxable gains realized. Consequently, the Company establishes escrow accounts with financial institutions for the deposit of funds received on sales of equipment, which are designated for replacement property within a specified period of time. As of June 30, 2015, the Company had deposits of \$6.3 million in like-kind exchange escrow accounts. There were no such deposits as of December 31, 2014.

During the six months ended June 30, 2015, the Company sold one H135 light twin helicopter for cash proceeds of \$2.8 million, net of fees. The sale transaction was treated as a tax-free like-kind exchange for tax purposes under Section 1031 of the IRC whereby proceeds are held by a qualified intermediary until qualified assets are delivered. The Company also transferred title of one AW139 helicopter to Hauser Investments Limited ("Hauser") in connection

with its acquisition of Hauser (see Note 5). This transfer was also treated as a tax-free like-kind exchange whereby Hauser deposited \$11.8 million into an escrow account with a qualified intermediary for the benefit of the Company. The Company withdrew \$8.4 million from the escrow account to make a deposit on a qualifying asset during the second quarter of 2015.

Table of Contents**5. ACQUISITIONS AND DISPOSITIONS**

Sicher Helicopters SAS (“Sicher”). On April 9, 2015, the Company contributed \$3.2 million in cash for a 75% interest in Hauser, which owns 100% of Sicher, a Colombian entity. In connection with the acquisition, the Company also transferred title of an AW139 helicopter to Hauser to be used in Sicher’s operations.

The Company recorded all identifiable assets acquired and liabilities assumed at the estimated acquisition date fair value in accordance with Accounting Standards Codification 805 - Business Combinations (“ASC 805”). This acquisition did not represent a material business combination under ASC 805. The acquisition of the 75% interest in Hauser resulted in the recognition of goodwill of \$1.4 million and other intangible assets, comprised primarily of a Colombian air operator certificate, of \$1.4 million. The fair value of the noncontrolling interest was determined using a discounted cash flow analysis. The initial accounting for the acquisition is not complete because the Company is still evaluating certain information used to estimate the fair values recorded including the valuations of the tangible assets, intangible assets, deferred income taxes and noncontrolling interest.

The noncontrolling interest partner has a right to put its interest to the Company, and the Company has a right to call its partner’s 25% ownership interest, each upon the occurrence of certain events and at fair value at the time of exercise as determined by an independent accounting firm. As a result of this put right, the noncontrolling interest related to Hauser is recorded in the mezzanine section of the condensed consolidated balance sheet as it does not meet the definition of a liability or equity under U.S. GAAP.

Capital Expenditures. During the six months ended June 30, 2015, capital expenditures were \$39.7 million and consisted primarily of deposits on future helicopter deliveries and a base expansion project. During the three and six months ended June 30, 2015, the Company capitalized interest of \$1.9 million and \$3.6 million, respectively. During the three and six months ended June 30, 2014, the Company capitalized interest of \$1.1 million and \$2.1 million, respectively. As of June 30, 2015 and December 31, 2014, construction in progress, which is a component of property and equipment, included capitalized interest of \$7.5 million and \$5.0 million, respectively. A summary of changes to our operating helicopter fleet is as follows:

Equipment Additions - The Company acquired three BO-105 light twin helicopters and one AS350 single engine helicopter in connection with the acquisition of Hauser during the six months ended June 30, 2015. The Company placed three AW139 helicopters into service during the six months ended June 30, 2014.

Equipment Dispositions - During the six months ended June 30, 2015, the Company sold or otherwise disposed of property and equipment for proceeds of \$8.4 million and recognized gains of \$1.9 million. Additionally, a dry-leasing customer exercised a purchase option for three helicopters from which the Company recognized a gain of \$1.2 million and an investment in sales-type lease of \$2.3 million. During the six months ended June 30, 2014, the Company sold or otherwise disposed of property and equipment for proceeds of \$7.0 million and recognized gains of \$6.0 million.

Fixed Base Operations (“FBO”) Sale. On May 1, 2015, the Company sold its FBO business at Ted Stevens Anchorage International Airport to Piedmont Hawthorne Aviation, LLC. Pursuant to a membership interests purchase agreement, Piedmont Hawthorne Aviation, LLC acquired 100% of Era Group’s wholly-owned subsidiary, Era FBO LLC, for cash proceeds of \$14.3 million. The Company recognized a pre-tax gain of \$12.9 million on the sale.

6. INCOME TAXES

The Company’s effective income tax rates were 41.9% and 37.6% for the three months ended June 30, 2015 and 2014, respectively, and 41.9% and 38.1% for the six months ended June 30, 2015 and 2014, respectively. In connection with the acquisition of Hauser, the transfer of the AW139 helicopter was treated as a sale for U.S. income tax purposes.

Accordingly, the Company recognized a nonrecurring income tax expense of \$1.0 million, which has been recorded as a deferred tax liability as the Company plans to qualify the transfer for like-kind exchange treatment under the IRC.

The additional expense increased the Company’s effective income tax rate by 5.0% for both the three and six months ended June 30, 2015.

Table of Contents**7. LONG-TERM DEBT**

The Company's borrowings as of June 30, 2015 and December 31, 2014 were as follows (in thousands):

	June 30, 2015	December 31, 2014
7.750% senior notes (excluding unamortized discount)	\$ 190,100	\$ 200,000
Senior secured revolving credit facility	80,000	85,000
Promissory notes	26,130	27,426
Other	182	—
	296,412	312,426
Less: portion due within one year	(26,130) (27,426
Less: debt discount, net	(2,611) (2,882
Total long-term debt	\$ 267,671	\$ 282,118

7.750% Senior Notes. On December 7, 2012, Era Group issued \$200.0 million aggregate principal amount of its 7.750% senior unsecured notes due December 15, 2022 (the "7.750% Senior Notes") and received net proceeds of \$191.9 million. Interest on the 7.750% Senior Notes is payable semi-annually in arrears on June 15 and December 15 of each year. During the six months ended June 30, 2015, the Company repurchased \$9.9 million of the 7.750% Senior Notes and recognized a gain on extinguishment of \$0.3 million.

Amended and Restated Senior Secured Revolving Credit Facility. On March 31, 2014, Era Group entered into an amended and restated senior secured revolving credit facility (the "Revolving Credit Facility") that matures in March 2019. The Revolving Credit Facility provides Era Group with the ability to borrow up to \$300.0 million, with a sub-limit of up to \$50.0 million for letters of credit. Subject to the satisfaction of certain conditions precedent and the agreement by the lenders, the Revolving Credit Facility includes an "accordion" feature which, if exercised, will increase total commitments by up to \$100.0 million. Era Group's availability under the Revolving Credit Facility may be limited by the terms of the 7.750% Senior Notes.

Borrowings under the Revolving Credit Facility bear interest at a rate per annum equal to, at Era Group's election, either a base rate or LIBOR, each as defined, plus an applicable margin. The applicable margin is based on the Company's ratio of funded debt to EBITDA, as defined, and ranges from 75 to 200 basis points on the base rate margin and 175 to 300 basis points on the LIBOR margin. The applicable margin as of June 30, 2015 was 125 basis points on the base rate margin and 225 basis points on the LIBOR margin. In addition, the Company is required to pay a quarterly commitment fee based on the average unfunded portion of the committed amount at a rate based on the Company's ratio of funded debt to EBITDA, as defined, that ranges from 37.5 to 50 basis points. As of June 30, 2015, the commitment fee was 50 basis points.

The obligations under the Revolving Credit Facility are secured by a portion of the Company's helicopter fleet and the Company's other tangible and intangible assets and are guaranteed by Era Group's wholly owned U.S. subsidiaries. The Revolving Credit Facility contains various restrictive covenants including interest coverage, funded debt to EBITDA, and fair market value of mortgaged helicopters plus accounts receivable and inventory to funded debt, as well as other customary covenants including certain restrictions on the Company's ability to enter into certain transactions, including those that could result in the incurrence of additional indebtedness and liens, the making of loans, guarantees or investments, sales of assets, payments of dividends or repurchases of capital stock, and entering into transactions with affiliates.

As of June 30, 2015, Era Group had \$80.0 million of outstanding borrowings under the Revolving Credit Facility, and the remaining availability was \$219.1 million, net of issued letters of credit of \$0.9 million. In connection with the amendment of the Revolving Credit Facility, Era Group incurred debt issuance costs of \$2.4 million. Such costs are included in other assets on the condensed consolidated balance sheets and are amortized to interest expense in the condensed consolidated statements of operations over the life of the Revolving Credit Facility.

Promissory Notes. During the six months ended June 30, 2015, Era Group made scheduled payments on other long-term debt of \$1.3 million.

8. COMMITMENTS AND CONTINGENCIES

Fleet. The Company's unfunded capital commitments as of June 30, 2015 consisted primarily of agreements to purchase helicopters and totaled \$175.0 million, of which \$66.4 million is payable during the remainder of 2015 with

the balance payable through 2017. The Company also had \$1.7 million of deposits paid on options not yet exercised. The Company may terminate \$106.7 million of its total commitments (inclusive of deposits paid on options not yet exercised) without further liability other than aggregate liquidated damages of \$2.5 million.

Table of Contents

Included in these commitments are orders to purchase nine AW189 heavy helicopters, four S92 heavy helicopters and five AW169 light twin helicopters. The AW189 and S92 helicopters are scheduled to be delivered in 2015 through 2017. Delivery dates for the AW169 helicopters have yet to be determined. In addition, the Company had outstanding options to purchase up to an additional ten AW189 helicopters and four S92 helicopters. If these options are exercised, the helicopters would be scheduled for delivery beginning in 2016 through 2018.

Other. In the normal course of its business, the Company becomes involved in various litigation matters including, among other things, claims by third parties for alleged property damages and personal injuries. Management uses estimates in determining the Company's potential exposure to these matters and has recorded reserves in its financial statements related thereto where appropriate. It is possible that a change in the Company's estimates related to such exposure could occur, but the Company does not expect such changes in estimated costs would have a material effect on its consolidated financial position, results of operations or cash flows.

In April 2014, the Company entered into a settlement agreement with Airbus Helicopters (formerly Eurocopter), a division of Airbus Group (formerly European Aeronautic Defense and Space Company), with respect to the extended suspension of operations of H225 heavy helicopters in 2012 and 2013. The settlement agreement provides for certain service and product credit discounts, including credits that will be available to the Company for a period of four years from the date of the agreement to be applied against support services available from Airbus Helicopters covering spare parts, repair and overhaul, service bulletins, technical assistance or other services. The Company expects to be able to apply such service credits over the next four quarters, and such credits will result in a reduction in operating expenses in the periods utilized. During the three and six months ended June 30, 2015, the Company utilized credits in the amount of \$1.2 million and \$2.5 million, respectively.

9. EARNINGS (LOSS) PER COMMON SHARE

Basic earnings per common share of the Company are computed based on the weighted average number of common shares issued and outstanding during the relevant periods. Diluted earnings per common share of the Company are computed based on the weighted average number of common shares issued and outstanding plus the effect of potentially dilutive securities through the application of the if-converted method and/or treasury method. Dilutive securities for this purpose assumes all common shares have been issued pursuant to the exercise of outstanding stock options.

Computations of basic and diluted earnings per common share of the Company for the three and six months ended June 30, 2015 and 2014 were as follows (in thousands, except share and per share data):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2015	2014	2015	2014
Net income (loss) attributable to Era Group Inc. ⁽¹⁾	\$ 11,163	\$ 5,150	\$ 11,148	\$ 9,539
Shares:				
Weighted average common shares outstanding - basic	20,273,780	20,066,060	20,235,082	20,009,808
Net effect of dilutive stock options and restricted stock awards based on the treasury stock method ⁽²⁾	58,877	68,413	60,416	70,309
Weighted average common shares outstanding - diluted	20,332,657	20,134,473	20,295,498	20,080,117
Earnings (loss) per common share:				
Basic	\$0.55	\$0.26	\$0.55	\$0.48
Diluted	\$0.55	\$0.26	\$0.55	\$0.48

⁽¹⁾ Excludes net income of \$170 and \$71 attributable to unvested common shares for the three months ended June 30, 2015 and 2014, respectively and \$143 and \$127 for the six months ended June 30, 2015 and 2014, respectively.

⁽²⁾ Excludes weighted average common shares of 105,000 and 45,000 for the three months ended June 30, 2015 and 2014, respectively, and 79,000 and 25,500 for the six months ended June 30, 2015 and 2014, respectively, for certain share awards as the effect of their inclusion would have been antidilutive.

Table of Contents**10. RELATED PARTY TRANSACTIONS**

The Company terminated its Amended and Restated Transition Services Agreement (“TSA”) with SEACOR Holdings Inc. (“SEACOR”) effective June 30, 2015. The Company incurred costs under the TSA of \$0.2 million and \$0.8 million during the three months ended June 30, 2015 and 2014, respectively, and \$0.6 million and \$1.5 million during the six months ended June 30, 2015 and 2014, respectively. Such costs are classified as administrative and general expenses in the condensed consolidated statements of operations. As of June 30, 2015 and December 31, 2014, the Company had a payable due to SEACOR of \$0.1 million and \$0.3 million, respectively.

The Company purchased products from its Dart Holding Company Ltd. (“Dart”) joint venture totaling \$0.6 million and \$1.2 million during the three and six months ended June 30, 2015, respectively, and \$1.0 million and \$1.6 million during the three and six months ended June 30, 2014, respectively. The Company also has a note receivable from Dart which had a balance of \$3.8 million and \$4.0 million as of June 30, 2015 and December 31, 2014, respectively.

11. SHARE-BASED COMPENSATION

Restricted Stock Awards. The number of shares and weighted average grant price of restricted stock awards during the six months ended June 30, 2015 were as follows:

	Number of Shares	Weighted Average Grant Price
Non-vested as of December 31, 2014	195,920	\$25.48
Restricted stock awards granted:		
Non-employee directors	16,938	\$21.26
Employees	161,750	\$21.26
Vested	(66,227) \$25.51
Forfeited	(600) \$23.66
Non-vested as of June 30, 2015	307,781	\$23.02

The total fair value of shares vested during the six months ended June 30, 2015 and 2014 was \$1.7 million and \$2.3 million, respectively.

Stock Options. During the six months ended June 30, 2015, the Company awarded 60,000 stock options. The Company uses a Black-Scholes option pricing model to estimate the fair value of stock options. The following table shows the assumptions used to compute the share-based compensation expense for stock options granted during the six months ended June 30, 2015:

Risk free interest rate	1.47	%
Expected life (years)	5	
Volatility	35.11	%
Dividend yield	—	%
Weighted average exercise price of options granted (per option)	\$21.26	
Weighted average grant-date fair value of options granted (per option)	\$7.04	

Employee Stock Purchase Plan (“ESPP”). During the six months ended June 30, 2015, the Company issued 32,631 shares under the ESPP. As of June 30, 2015, 214,283 shares remain available for issuance under the ESPP.

Total share-based compensation expense, which includes stock options, restricted stock and the ESPP, was \$1.6 million and \$2.3 million for the six months ended June 30, 2015 and 2014, respectively.

12. GUARANTORS OF SECURITIES

On December 7, 2012, Era Group issued the 7.750% Senior Notes. Era Group’s payment obligations under the 7.750% Senior Notes are jointly and severally guaranteed by all of its existing 100% owned U.S. subsidiaries that guarantee the Revolving Credit Facility and any future U.S. subsidiaries that guarantee the Revolving Credit Facility or other material indebtedness Era Group may incur in the future (the “Guarantors”). All the Guarantors currently guarantee the Revolving Credit Facility, and the guarantees of the Guarantors are full and unconditional and joint and several. Era Group has no independent assets or operations, and subsidiaries of Era Group other than the Guarantors (“non-Guarantors”) are minor. In addition, there are no significant restrictions on the ability of Era Group or any Guarantor to obtain funds from its subsidiaries by dividend or loan.

Table of Contents

The Company has omitted the condensed consolidating financial information for Era Group, the Guarantors and non-Guarantors from this Quarterly Report on Form 10-Q as the non-Guarantors are considered minor in accordance with Regulation S-X as of and for the three and six months ended June 30, 2015.

14

Table of Contents

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the accompanying unaudited consolidated financial statements as of June 30, 2015 and for the three and six months ended June 30, 2015 and 2014, included elsewhere herein, and with our annual report on Form 10-K for the year ended December 31, 2014.

Forward-Looking Statements

This Quarterly Report on Form 10-Q includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements concerning management's expectations, strategic objectives, business prospects, anticipated performance and financial condition and other similar matters involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of results to differ materially from any future results, performance or achievements discussed or implied by such forward-looking statements. Such risks, uncertainties and other important factors include, among others:

- dependence on, and the cyclical nature of, offshore oil and gas exploration, development and production activity;
- fluctuations in worldwide prices of and demand for oil and natural gas;
- reliance on a small number of customers and reduction of our customer base resulting from consolidation;
- inherent risks in operating helicopters;
- the failure to maintain an acceptable safety record;
- the ability to successfully expand into other geographic and helicopter service markets;
- the impact of increased United States ("U.S.") and foreign government regulation and legislation, including potential government implemented moratoriums on drilling activities;
- the requirement to engage in competitive processes or expend significant resources with no guaranty of recoument;
- the grounding of all or a portion of our fleet for extended periods of time or indefinitely;
- reduction or cancellation of services for government agencies;
- reliance on a small number of helicopter manufacturers and suppliers;
- political instability, governmental action, war, acts of terrorism and changes in the economic condition in any foreign country where the Company does business, which may result in expropriation, nationalization, confiscation or deprivation of our assets or result in claims of a force majeure situation;
- declines in the global economy and financial markets;
- foreign currency exchange controls and exposure, including the impact of fluctuations in foreign currency exchange rates on the Company's cost to purchase helicopters, spare parts and related services and on asset values;
- credit risk exposure;
- the ongoing need to replace aging helicopters;
- reliance on the secondary used helicopter market to dispose of older helicopters;
- reliance on information technology;
- allocation of risk between the Company and its customers;
- liability, legal fees and costs in connection with providing emergency response services;
- risks associated with the Company's debt structure;
- operational and financial difficulties of the Company's joint ventures and partners;
- conflict with the other owners of the Company's non-wholly owned subsidiaries and other equity investees;
- adverse results of legal proceedings;
- adverse weather conditions and seasonality;
- adequacy of insurance coverage;
- the attraction and retention of qualified personnel;

restrictions on the amount of foreign ownership of the Company's common stock; and
various other matters and factors, many of which are beyond the Company's control.

It is not possible to predict or identify all such factors. Consequently, the foregoing should not be considered a complete discussion of all potential risks or uncertainties. The words "estimate," "project," "intend," "believe," "plan" and similar expressions are intended to identify forward-looking statements. Forward-looking statements speak only as of the date of the document in which they are made. The Company disclaims any obligation or undertaking to provide any updates or revisions to any forward-looking statement to reflect any change in the Company's expectations or any change in events, conditions or circumstances on which the forward-looking statement is based. The forward-looking statements in this Quarterly Report on Form 10-Q should be evaluated together with the many uncertainties that affect the Company's businesses, particularly those discussed

Table of Contents

in greater detail elsewhere herein and in Part I, Item 1A, “Risk Factors” of Era Group’s Annual Report on Form 10-K for the year ended December 31, 2014 and Era Group’s subsequent Quarterly Reports on Form 10-Q and periodic reporting on Form 8-K (if any).

Overview

Our helicopters are primarily used to transport personnel to, from and between offshore oil and gas installations, drilling rigs and platforms. In addition to serving the oil and gas industry, we provide search and rescue, air medical services, utility services and Alaska flightseeing tours, among other activities. We are one of the largest helicopter operators in the world, and we also provide helicopters and related services to third-party helicopter operators and foreign affiliates. We currently have customers in the U.S., Brazil, Colombia, India, Norway, Spain and the United Kingdom.

We charter the majority of our helicopters through master service agreements, subscription agreements, day-to-day charter arrangements and dry-leases. Master service agreements and subscription agreements typically require a fixed monthly fee plus incremental payments based on hours flown. These agreements have fixed terms ranging from one month to five years and generally may be canceled without penalty upon 30 days’ notice. Generally, these contracts do not commit our customers to acquire specific amounts of services or minimum flight hours and permit our customers to decrease the number of helicopters under contract with a corresponding decrease in the fixed monthly payments without penalty. Day-to-day charter arrangements call for either a combination of a daily fixed fee plus a charge based on hours flown or an hourly rate with a minimum number of hours to be charged. Dry-leases require a fixed monthly fee for the customer’s right to use the helicopter and, where applicable, a charge based on hours flown as compensation for any maintenance, parts, and/or personnel support that we may provide to the customer. Dry-leases generally run from two to five years with no early cancellation provisions. Air medical services are provided under contracts with hospitals that typically include a fixed monthly and hourly rate structure. With respect to flightseeing operations, we allocate block space to cruise lines and seats are sold directly to customers.

Certain of our operations are subject to seasonal factors. Operations in the U.S. Gulf of Mexico are often at their highest levels from April to September, as daylight hours increase, and are at their lowest levels from November to February, as daylight hours decrease. Our Alaskan operations also see an increase during May to September, as our firefighting and flightseeing operations occur during this time and daylight hours are significantly longer.

Recent Developments

The excess capacity of our medium helicopters continues to be greater than in recent periods. Our fleet’s excess helicopters include those that are not otherwise under customer contracts, undergoing maintenance or dedicated for charter activity. Although we take actions to minimize excess capacity, we expect a certain level of excess capacity at any given time in an aviation logistics business as a result of the evolving nature of customers’ needs. As a result of the higher excess capacity beginning during the fourth quarter of 2014, our operating revenues were negatively impacted in the first half of 2015. Through fleet management initiatives, participation in competitive bids and pursuit of additional opportunities in the U.S. Gulf of Mexico and abroad, we are focused on maximizing the utilization of our fleet and mitigating the excess capacity in our medium helicopters. If we are not successful in securing sufficient new projects, we may experience a further decline in the near-term utilization of our medium helicopters that may impact our financial results over the next few quarters. We have recently been awarded a number of new contracts in the U.S. Gulf of Mexico and Brazil. Some of those contracts have already begun, but most of them are not scheduled to begin until the second half of 2015 or early 2016.

Aeróleo Update

We were in a dispute with our partner in Aeróleo Taxi Aereo S/A (“Aeróleo”) with respect to our contractual shareholder rights related to any attempted sale or transfer by such partner of its interests, which was being resolved through arbitration. On February 15, 2014, with our consent, definitive agreements were executed with respect to the transfer to a third party of the 50% economic and 80% voting interest held by our partner in Aeróleo. As consideration for the transfer of interests and the other terms and conditions of the transaction, Aeróleo will be required to make payments to affiliates of the transferring partner in the form of severance and partial repayment of shareholder loans in the amount of \$1.7 million. The transaction remains subject to customary closing conditions, including approval of the court administering the estate of the beneficial owner of our partner in Aeróleo. Due to delays in obtaining such

judicial approval, the transaction is now expected to close during the second half of 2015. As a result of the transaction, we expect to be required to consolidate the financial results of Aeróleo upon consummation. Since the acquisition of our interest in Aeróleo, it has faced several challenges with respect to generating revenues from the helicopters that it dry-leases from us. See Note 5 to our consolidated financial statements in Item 8 of our most recent Annual Report on Form 10-K for more information. A continuation of any combination of these financial difficulties, taken separately or together, may impede Aeróleo's ability to pay for the equipment lease obligations to us, and/or necessitate an infusion of capital from us to allow Aeróleo to continue to operate and, as a result, may adversely impact our results of operations. Due to liquidity issues experienced by Aeróleo, as of June 30, 2015, we had deferred the recognition of \$37.1 million of revenues from Aeróleo.

Table of Contents

Sicher Acquisition

On April 9, 2015, we contributed \$3.2 million in cash for a 75% interest in Hauser Investments Limited. (“Hauser”), which owns 100% of Sicher Helicopters SAS (“Sicher”). Sicher, based in Bogota, Colombia, is one of the leading helicopter operators in Colombia with a strong presence in the existing onshore oil and gas market. In connection with the acquisition, we also transferred title of an AW139 medium helicopter to Hauser to be used in Sicher’s operations and acquired three BO-105 light twin helicopters and one AS350 single engine helicopter.

FBO Sale

On May 1, 2015, we sold our fixed base operations (“FBO”) business at Ted Stevens Anchorage International Airport to Piedmont Hawthorne Aviation, LLC. Pursuant to a membership interests purchase agreement, Piedmont Hawthorne Aviation, LLC acquired 100% of Era Group’s wholly-owned subsidiary, Era FBO LLC, for cash proceeds of \$14.3 million.

Fleet Update

As of June 30, 2015, we had unfunded capital commitments consisting primarily of agreements to purchase helicopters totaling \$175.0 million, including nine AW189 heavy helicopters, four S92 heavy helicopters and five AW169 light twin helicopters. The AW189 and S92 helicopters are scheduled to be delivered in 2015 through 2017. Delivery dates for the AW169 helicopters have yet to be determined. In addition, we had outstanding options to purchase up to an additional ten AW189 helicopters and four S92 helicopters. If these options are exercised, the helicopters would be scheduled for delivery beginning in 2016 through 2018. We also have the option to terminate \$106.7 million of our total commitments (inclusive of deposits paid on options not yet exercised) without further liability other than aggregate liquidated damages of \$2.5 million.

(1) Primarily oil and gas services, but also includes revenues from activities such as firefighting and utility support.

Table of Contents

Current Year Quarter compared to Prior Year Quarter

Operating Revenues. Operating revenues were \$15.8 million lower in the three months ended June 30, 2015 (the "Current Year Quarter") compared to the three months ended June 30, 2014 (the "Prior Year Quarter").

Operating revenues from oil and gas operations in the U.S. Gulf of Mexico were \$9.9 million lower in the Current Year Quarter. Operating revenues from medium helicopters were \$8.8 million lower primarily due to lower utilization. Operating revenues from light twin engine helicopters were \$0.9 million lower primarily due to lower utilization and reduced fleet count. Operating revenues from single engine helicopters were \$0.8 million lower primarily due to reduced fleet count. These decreases were partially offset by higher heavy helicopter operating revenues of \$0.4 million due to a helicopter that was contracted for the entire Current Year Quarter compared to only a portion of the Prior Year Quarter.

Operating revenues from oil and gas operations in Alaska were \$3.3 million lower in the Current Year Quarter.

Operating revenues from medium helicopters were \$3.0 million lower primarily due to lower utilization and reduced fleet count. Miscellaneous revenues were \$0.3 million lower primarily due to reduced rebillable expenses. Operating revenues for single and light twin helicopters were consistent with the Prior Year Quarter.

Operating revenues from international oil and gas operations were \$0.1 million lower in the Current Year Quarter primarily due to lower utilization.

Revenues from dry-leasing activities were \$0.8 million higher in the Current Year Quarter primarily due to increased cash collections of \$4.3 million from Aeróleo. Revenues from Aeróleo are recognized only as cash is received. The increase was partially offset by decreased revenues of \$2.7 million related to contracts that ended subsequent to the Prior Year Quarter, of which \$0.7 million relates to helicopters that were sold, and decreased revenues of \$0.6 million from a customer in India as a result of the change from cash to accrual basis of revenue recognition in the fourth quarter of 2014.

Operating revenues from search and rescue ("SAR") activities were \$0.1 million lower in the Current Year Quarter primarily due to reduced charter activity.

Operating revenues from air medical services were \$1.2 million lower in the Current Year Quarter primarily due to contracts that ended subsequent to the Prior Year Quarter.

Operating revenues from flightseeing activities were \$0.2 million higher in the Current Year Quarter primarily due to an increase in the number of passengers flown.

Operating revenues from FBO activities were \$2.2 million lower in the Current Year Quarter primarily due to the sale of the FBO on May 1, 2015. We will not earn additional revenues from the FBO.

Operating Expenses. Operating expenses were \$14.9 million lower in the Current Year Quarter. Repairs and maintenance expenses were \$5.2 million lower primarily due to a \$3.0 million decrease related to the timing of repairs, a \$1.0 million decrease in power-by-hour ("PBH") expense due to reduced flight hours, and a \$1.2 million decrease related to vendor credits. Fuel expenses were \$4.0 million lower primarily due to lower fuel prices, reduced flight hours and the sale of the FBO in May 2015. Personnel costs were \$3.5 million lower primarily due to reduced headcount, crew travel costs and overtime. Other operating expenses were \$1.7 million lower primarily due to reduced rebillable expenses and decreased part sales. Insurance and loss reserves were \$0.4 million lower primarily due to lower premiums and reduced activity.

Administrative and General. Administrative and general expenses were \$0.7 million higher in the Current Year Quarter primarily due to increased professional service fees and increased information technology costs due to the transition of services from SEACOR Holdings Inc. ("SEACOR"). These increases were partially offset by reduced fees charged under the Amended and Restated Transition Services Agreement ("TSA") with SEACOR and the partial recovery in the Current Year Quarter of a previously reserved note receivable.

Gains (Losses) on Asset Dispositions, Net. Gains on asset dispositions were \$3.4 million lower in the Current Year Quarter. In the Current Year Quarter, we sold five single engine helicopters for proceeds of \$3.0 million resulting in book losses of \$0.2 million. During the Prior Year Quarter, we sold one helicopter for total proceeds of \$3.4 million resulting in gains of \$3.1 million.

Operating Income. Operating income as a percentage of revenues was 13% in the Current Year Quarter compared to 16% in the Prior Year Quarter. Excluding gains on asset dispositions discussed above, operating income as a

percentage of revenues was 12% in the Current Year Quarter, consistent with 12% in the Prior Year Quarter.

Interest Expense. Interest expense was \$1.0 million lower in the Current Year Quarter primarily due to increased capitalized interest and the repurchase of \$9.9 million of our 7.750% senior unsecured notes (the “7.750% Senior Notes”).

Note Receivable Impairment. Note receivable impairments were \$2.5 million in the Prior Year Quarter related to a probable loss of a note receivable.

Table of Contents

Foreign Currency Gains (Losses), Net. Foreign currency gains of \$0.5 million in the Current Year Quarter were primarily due to the weakening of the U.S. dollar resulting in gains on our euro denominated balances.

Gain on Sale of FBO. Net cash proceeds from the sale of the FBO were \$14.3 million during the Current Year Quarter resulting in a pre-tax gain of \$12.9 million.

Income Tax Expense. Income tax expense was \$5.4 million higher in the Current Year Quarter primarily due to higher income before taxes during the period and a nonrecurring charge to deferred taxes resulting from the acquisition of Hauser.

Equity Earnings (Losses), Net of Tax. Equity earnings, net of tax, were \$0.7 million lower in the Current Year Quarter primarily due to the absence of earnings from Lake Palma, S.A., which was sold in July 2014, and losses from our Dart Holding Company Ltd. (“Dart”) joint venture.

Current Six Months compared to Prior Six Months

Operating Revenues. Operating revenues were \$27.9 million lower in the six months ended June 30, 2015 (the “Current Six Months”) compared to the six months ended June 30, 2014 (the “Prior Six Months”).

Operating revenues from oil and gas operations in the U.S. Gulf of Mexico were \$17.1 million lower in the Current Six Months. Operating revenues from medium helicopters were \$14.1 million lower primarily due to lower utilization.

Operating revenues from single engine and light twin engine helicopters were \$2.6 million and \$1.3 million lower, respectively, primarily due to lower utilization and reduced fleet count. These decreases were partially offset by higher miscellaneous revenues of \$0.6 million primarily due to increased rebillable expenses and parts sales. In addition, operating revenues from heavy helicopters were \$0.2 million higher primarily due to a helicopter that was contracted for the entire Current Six Months compared to only a portion of the Prior Six Months.

Operating revenues from oil and gas operations in Alaska were \$5.7 million lower in the Current Six Months.

Operating revenues from medium helicopters were \$5.8 million lower primarily due to lower utilization.

Miscellaneous revenues were \$0.3 million lower primarily due to reduced rebillable expenses. These decreases were partially offset by an increase in operating revenues from light twin engine helicopters of \$0.6 million primarily due to increased utilization and higher rates.

Operating revenues from international oil and gas operations were \$1.4 million lower in the Current Six Months due to lower utilization.

Revenues from dry-leasing activities were \$1.8 million higher in the Current Six Months primarily due to increased cash collections of \$6.4 million from Aeróleo. Revenues from Aeróleo are recognized only as cash is received. These increases were partially offset by decreased revenues of \$3.5 million related to contracts that ended subsequent to the Prior Six Months, of which \$1.2 million related to helicopters that were sold, decreased revenues of \$0.7 million from a customer in India as a result of the change from cash to accrual basis of revenue recognition in the fourth quarter of 2014, and \$0.4 million related to foreign currency fluctuations.

Operating revenues from SAR activities were \$1.0 million lower in the Current Six Months primarily due to reduced charter activity.

Operating revenues from air medical services were \$1.9 million lower in the Current Six Months primarily due to contracts that ended subsequent to the Prior Six Months.

Operating revenues from flightseeing activities were \$0.2 million higher in the Current Six Months due to an increase in the number of passengers flown.

Operating revenues from FBO activities were \$2.9 million lower in the Current Six Months due to the sale of the FBO on May 1, 2015. We will not earn additional revenues from the FBO.

Operating Expenses. Operating expenses were \$20.9 million lower in the Current Six Months. Repairs and maintenance expenses were \$8.7 million lower primarily due to a decrease of \$5.0 million related to the timing of repairs, a \$0.8 million decrease in PBH expenses due to reduced flight hours, and a \$2.9 million decrease related to vendor credits. Fuel expenses were \$6.6 million lower primarily due to lower fuel prices, reduced flight hours and the sale of the FBO in May 2015. Personnel expenses were \$4.3 million lower primarily due to reduced headcount and crew travel costs. Insurance and loss reserves were \$0.9 million lower primarily due to lower premiums and reduced activity.

Administrative and General. Administrative and general expenses were \$0.9 million lower in the Current Six Months primarily due to a decrease of \$1.4 million in compensation and employee costs related to reduced headcount in the Current Six Months and accelerated stock amortization expense due to changes in senior management in the Prior Six Months as well as a decrease of \$1.0 million in fees under the TSA. These decreases were partially offset by a \$0.9 million increase in professional service fees and a \$0.5 million increase in information technology costs due to the transition of services from SEACOR under the TSA.

Table of Contents

Depreciation. Depreciation expense was \$0.3 million higher in the Current Six Months due to depreciation of new helicopters placed in service during and subsequent to the Prior Six Months.

Gains on Asset Dispositions, Net. During the Current Six Months, we sold seven helicopters for cash proceeds of \$8.4 million resulting in net gains of \$1.9 million. In addition, a dry-leasing customer exercised a purchase option for three helicopters from which we recognized a gain of \$1.2 million. During the Prior Six Months, we sold helicopters and other equipment for proceeds of \$7.0 million, resulting in gains of \$6.0 million.

Operating Income. Operating income as a percentage of revenues was 10% in the Current Six Months compared to 14% in the Prior Six Months. Excluding gains on asset dispositions discussed above, operating income as a percentage of revenues was 8% in the Current Six Months compared to 11% in the Prior Six Months. The decrease in operating income as a percentage of revenues was driven primarily by the decrease in revenues.

Interest Expense. Interest expense was \$1.2 million lower in the Current Six Months primarily due to increased capitalized interest and the repurchase of \$9.9 million of our 7.750% Senior Notes.

Note Receivable Impairment. Note receivable impairments were \$2.5 million in the Prior Six Months related to a probable loss of a note receivable.

Foreign Currency Gains (Losses), Net. Foreign currency losses of \$2.4 million in the Current Six Months were primarily due to the strengthening of the U.S. dollar, resulting in losses on our euro denominated balances and realized losses on settled forward currency contracts.

Gain on Sale of FBO. Net cash proceeds from the sale of the FBO were \$14.3 million during the Current Six Months resulting in a pre-tax gain of \$12.9 million.

Income Tax Expense. Income tax expense was \$2.8 million higher in the Current Six Months primarily due to higher pre-tax income and a nonrecurring charge to deferred taxes resulting from the acquisition of Hauser.

Equity Earnings, Net of Tax. Equity earnings, net of tax, were \$1.4 million lower in the Current Six Months primarily due to losses from Dart and the absence of earnings from Lake Palma, S.A. as a result of the sale of the joint venture in July 2014.

(1)Includes three BO-105 helicopters and one AS350 helicopter owned by Hauser at the time of the acquisition.

(2)In typical configuration for our operations.

(3)Reflects the average age of helicopters that are owned by us.

Liquidity and Capital Resources

General

Our ongoing liquidity requirements arise primarily from working capital needs, meeting our capital commitments (including the purchase of helicopters and other equipment) and the repayment of debt obligations. In addition, we may use our liquidity to fund acquisitions, repurchase shares or debt securities or make other investments. Sources of liquidity are cash balances and cash flows from operations and, from time to time, we may obtain additional liquidity through the issuance of equity or debt or through borrowings under our amended and restated senior secured credit facility (“Revolving Credit Facility”).

As of June 30, 2015, we had unfunded capital commitments of \$175.0 million, consisting primarily of agreements to purchase helicopters, including nine AW189 heavy helicopters, four S92 heavy helicopters and five AW169 light twin helicopters. The AW189 and S92 helicopters are scheduled to be delivered in 2015 through 2017. Delivery dates for the AW169 helicopters have yet to be determined. Of these commitments, \$66.4 million are payable in 2015, with the remaining commitments payable through 2017, and \$106.7 million of the commitments (inclusive of deposits paid on options not yet exercised) may be terminated without further liability to us other than aggregate liquidated damages of \$2.5 million. In addition, we had outstanding options to purchase up to an additional ten AW189 helicopters and four S92 helicopters. If these options are exercised, the helicopters would be scheduled for delivery beginning in 2016

through 2018.

23

Table of Contents

We expect to finance the remaining acquisition costs through a combination of cash on hand, cash provided by operating activities and borrowings under our Revolving Credit Facility.

Summary of Cash Flows

	Six Months Ended June 30,	
	2015	2014
	(in thousands)	
Cash flows provided by or (used in):		
Operating activities	\$20,727	\$31,283
Investing activities	(27,604)	(44,558)
Financing activities	(15,005)	(3,048)
Effect of exchange rate changes on cash and cash equivalents	(1,983)	(72)
Net decrease in cash and cash equivalents	\$(23,865)	\$(16,395)

Operating Activities

Cash flows provided by operating activities decreased by \$10.6 million in the Current Six Months compared with the Prior Six Months. The components of cash flows provided by operating activities during the Current Six Months and Prior Six Months were as follows (in thousands):

	Six Months Ended June 30,	
	2015	2014
Operating income before depreciation and gains on asset dispositions, net	\$34,242	\$40,305
Changes in operating assets and liabilities before interest and income taxes	(9,505)	(5,983)
Cash settlements on derivative transactions, net	(186)	(245)
Interest paid, excluding capitalized interest of \$3,631 and \$2,064 in 2015 and 2014, respectively	(5,917)	(6,875)
Income taxes	20	(681)
Note receivable impairment	—	2,457
Other	2,073	2,305
Total cash flows provided by operating activities	\$20,727	\$31,283

Operating income before depreciation and gains on asset dispositions, net was \$6.1 million lower in the Current Six Months compared with the Prior Six Months primarily due to a decrease in operating revenues of \$27.9 million, partially offset by a decrease in operating expenses and administrative and general expenses of \$20.9 million and \$0.9 million, respectively. See "Results of Operations" above for an explanation of the main variances.

During the Current Six Months, changes in operating assets and liabilities before interest and income taxes used cash flows of \$9.5 million primarily due to an increase in receivables and other assets and a decrease in accounts payable and accrued expenses. During the Prior Six Months, changes in operating assets and liabilities before interest and income taxes used cash flows of \$6.0 million.

Interest paid was \$1.0 million lower during the Current Six Months primarily due to capitalized interest and the repurchase of \$9.9 million of the 7.750% Senior Notes during the period.

Investing Activities

During the Current Six Months, net cash used in investing activities was \$27.6 million primarily as follows:

Capital expenditures were \$39.7 million, which consisted primarily of a base expansion project and deposits on future helicopter deliveries.

Proceeds from the disposition of property and equipment were \$8.4 million.

Proceeds from the sale of the FBO were \$14.3 million.

Deposits into escrow accounts, including for like-kind exchanges, net were \$6.7 million.

Cash outflows for business acquisitions, net of cash acquired, were \$3.2 million.

Table of Contents

Net cash outflows for the settlement of derivative transactions were \$1.1 million.

Net principal payments from notes receivable from equity investees and third parties were \$0.4 million.

During the Prior Six Months, net cash used in investing activities was \$44.6 million primarily as follows:

Capital expenditures were \$52.1 million, which consisted primarily of helicopter acquisitions and deposits on future helicopter deliveries.

Proceeds from the disposition of property and equipment were \$7.0 million.

Net principal payments on notes due from equity investees and third parties were \$0.6 million.

Financing Activities

During the Current Six Months, net cash used in financing activities was \$15.0 million primarily as follows:

Principal payments on long-term debt were \$31.3 million.

Proceeds from our Revolving Credit Facility were \$25.0 million.

Cash used for the repurchase of a portion of our 7.750% Senior Notes was \$9.3 million.

Proceeds from share award plans were \$0.6 million.

During the Prior Six Months, net cash used in financing activities was \$3.0 million primarily as follows:

Issuance costs related to our Revolving Credit Facility were \$2.4 million.

Principal payments on long-term debt were \$1.5 million.

Proceeds from share award plans were \$0.8 million.

Amended and Restated Senior Secured Revolving Credit Facility

Our Revolving Credit Facility provides us with the ability to borrow up to \$300.0 million with a sub-limit of up to \$50.0 million for letters of credit and includes an “accordion” feature which, if exercised and subject to agreement by the lenders and the satisfaction of certain conditions, will increase total commitments by up to \$100.0 million. Our availability under the Revolving Credit Facility may be limited by the terms of the 7.750% Senior Notes. As of June 30, 2015, we had the ability to borrow an additional \$219.1 million under the Revolving Credit Facility.

Senior Notes

On December 7, 2012, we completed an offering of \$200.0 million aggregate principal amount of our 7.750% Senior Notes due December 15, 2022. Interest on the notes is payable semi-annually in arrears on June 15 and December 15 of each year. In February 2015, we repurchased \$7.9 million of the 7.750% Senior Notes at a price of 93.250, and in March 2015, we repurchased an additional \$2.0 million of the 7.750% Senior Notes at a price of 96.500 for total cash of \$9.3 million. These repurchases resulted in total gains of \$0.3 million.

Short and Long-Term Liquidity Requirements

We anticipate that we will generate positive cash flows from operating activities and that these cash flows will be adequate to meet our working capital requirements. During the six months ended June 30, 2015, our cash provided by operating activities was \$20.7 million. To support our capital expenditure program and/or other liquidity requirements, we may use operating cash flow, cash balances or proceeds from sales of assets, issue debt or equity, borrow under our Revolving Credit Facility or undertake any combination of the foregoing.

Our availability of long-term financing is dependent upon our ability to generate operating profits sufficient to meet our requirements for working capital, capital expenditures and a reasonable return on investment. We believe that earning such operating profits will permit us to maintain access to favorably priced financing arrangements.

Management will continue to closely monitor our liquidity and the capital and other financing markets.

Off-Balance Sheet Arrangements

On occasion, we and our partners will guarantee certain obligations on behalf of our joint ventures. As of June 30, 2015, we had no such guarantees in place.

Table of Contents

Contractual Obligations and Commercial Commitments

For additional information about our contractual obligations and commercial commitments, refer to “Liquidity and Capital Resources—Contractual Obligations and Commercial Commitments” contained in our Annual Report on Form 10-K for the year ended December 31, 2014. There have been no material changes since such date.

Contingencies

In the normal course of our business, we become involved in various litigation matters including, among other things, claims by third parties for alleged property damages and personal injuries. Management uses estimates in determining our potential exposure to these matters and has recorded reserves in our financial statements related thereto as appropriate. It is possible that a change in our estimates related to these exposures could occur, but we do not expect such changes in estimated costs would have a material effect on our consolidated financial position, results of operations or cash flows.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For additional information about our exposure to market risk, refer to Item 7A, Quantitative and Qualitative Disclosures about Market Risk, contained in our Annual Report on Form 10-K for the year ended December 31, 2014. There has been no material change in our exposure to market risk during the Current Year Quarter, except as described below.

As of June 30, 2015, we had non-U.S. dollar denominated capital purchase commitments of €128.7 million (\$143.4 million). An adverse change of 10% in the underlying foreign currency exchange rate would increase the U.S. dollar equivalent of the non-hedged purchase commitment by \$14.3 million. As of June 30, 2015, we maintained non-U.S. dollar denominated cash balances of €7.0 million. An adverse change of 10% in the underlying foreign currency exchange rate would reduce net income by \$0.7 million.

ITEM 4. CONTROLS AND PROCEDURES

With the participation of our Chief Executive Officer, who is currently also serving as Chief Financial Officer, management evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) as of June 30, 2015. Based on his evaluation, our principal executive officer and principal financial officer concluded that the Company’s disclosure controls and procedures were effective and operating to provide reasonable assurance that material information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, including ensuring that such material information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure, as of June 30, 2015.

During the quarter ended June 30, 2015, there were no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Table of Contents

PART II—OTHER INFORMATION

ITEM 1A. RISK FACTORS

For additional information about our risk factors, see “Risk Factors” in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2014. There have been no material changes to this Item from the disclosure included in our Annual Report on Form 10-K for the year ended December 31, 2014.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table presents information regarding our repurchases of shares of our Common Stock on a monthly basis during the three months ended June 30, 2015:

	Total Number of Shares Repurchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Value of Shares that May Yet be Purchased Under the Plans or Programs
