NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO BE HELD ON MAY 4, 2016

To the Shareholders of NovoCure Limited:

NOTICE IS HEREBY GIVEN that the Annual General Meeting of Shareholders (“Annual Meeting”) of NovoCure Limited, a Jersey (Channel Islands) corporation (referred to herein as the “Company”, “Novocure”, “we” or “our”), will be held on May 4, 2016, at 10:00 a.m. Eastern Standard Time (EST), at Le Masurier House, LaRue Le Masurier, St. Helier, Jersey, Channel Islands JE2 4YE, for the following purposes:

1. To elect two directors, who will be designated as Class I directors, to hold office until the 2019 annual general meeting of shareholders or until their successors are duly elected and qualified or until their offices are vacated; and
2. To ratify the appointment, by the audit committee of our Board of Directors, of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global (“Kost Forer”), as the independent registered public accounting firm of the Company for the Company’s fiscal year ending December 31, 2016.

The foregoing items of business, both of which will be proposed as ordinary resolutions, are more fully described in the Proxy Statement. Only shareholders who owned our ordinary shares at the close of business on March 7, 2016 (the “Record Date”) can vote at this meeting or any adjournments that take place.

We have elected to use the Internet as our primary means of providing our proxy materials to shareholders. Consequently, shareholders will not receive paper copies of our proxy materials, unless they specifically request them. We will send a notice regarding the Internet availability of proxy materials (the “Notice of Internet Availability”) on or about March 24, 2016 to our shareholders of record as of the close of business on the Record Date. We are also providing access to our proxy materials over the Internet beginning on or about March 24, 2016. Electronic delivery of our proxy materials will significantly reduce our printing and mailing costs, and the environmental impact of the proxy materials.

The Notice of Internet Availability contains instructions for accessing the proxy materials, including the Proxy Statement and our annual report, and provides information on how shareholders may obtain paper copies free of charge. The Notice of Internet Availability also provides the date, time and location of the Annual Meeting; the matters to be acted upon at the meeting and the recommendation from our Board of Directors with regard to each matter; and information on how to attend the meeting.

It is important that your shares be represented and voted whether or not you plan to attend the Annual Meeting in person. You may vote on the Internet, by telephone or by completing and mailing a proxy card or the form forwarded by your bank, broker or other holder of record. Voting over the Internet, by telephone or by written proxy will ensure your shares are represented at the Annual Meeting. Please review the instructions on the proxy card or the information forwarded by your bank, broker or other holder of record regarding each of these voting options.

Our Board of Directors recommends that you vote FOR the election of the director nominees named in Proposal 1 of the Proxy Statement and FOR the ratification of the appointment of Kost Forer as our independent registered public

accounting firm as described in Proposal 2 of the Proxy Statement.

By Order of the Board of Directors

NOVOCURE LIMITED

PROXY STATEMENT

FOR THE 2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
SHAREHOLDER MEETING TO BE HELD ON MAY 4, 2016

The Board of Directors (the “Board”) of NovoCure Limited (referred to herein as the “Company”, “Novocure”, “we”, “us” or “our”) is soliciting your proxy to vote at our 2016 Annual General Meeting of Shareholders to be held on Wednesday, May 4, 2016, at 10:00 a.m. Eastern Time, at Le Masurier House, La Rue Le Masurier, St. Helier, Jersey, Channel Islands JE2 4YE, and any adjournment or postponement of that meeting (the “Annual Meeting”). This Proxy Statement is dated as of March 24, 2016.

In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail and personal interviews. All costs of solicitation of proxies will be borne by us. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and we will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

We have elected to provide access to our proxy materials on the Internet. Accordingly, we are sending a notice regarding the Internet availability of proxy materials (the “Notice of Internet Availability”) to our shareholders of record as of March 7, 2016 (the “Record Date”), while brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar notice. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability, or to request a printed set of the proxy materials. Instructions on how to request a printed copy by mail or e-mail may be found in the Notice of Internet Availability and on the website referred to in the Notice of Internet Availability, including an option to request paper copies on an ongoing basis. On or about March 24, 2016, we are making this Proxy Statement available on the Internet and are mailing the Notice of Internet Availability to all shareholders entitled to vote at the Annual Meeting. We intend to mail or e-mail this Proxy Statement, together with a proxy card, to those shareholders entitled to vote at the Annual Meeting who have properly requested copies of such materials by mail or e-mail, within three business days of request.

The only voting securities of Novocure are ordinary shares, no par value per share (the “Ordinary Shares”), of which there were 84,426,720 shares outstanding as of the Record Date. We need the holders of a majority in voting power of the Ordinary Shares issued and outstanding and entitled to vote, present in person or represented by proxy, to hold the Annual Meeting.

The Company’s Annual Report, which contains financial statements for the fiscal year ended December 31, 2015 (the “Annual Report”), accompanies this Proxy Statement if you have requested and received a copy of the proxy materials in the mail. Shareholders that receive the Notice of Internet Availability can access this Proxy Statement and the Annual Report at the website referred to in the Notice of Internet Availability. The Annual Report and this Proxy Statement are also available on our investor relations website at www.novocure.com and at the website of the Securities and Exchange Commission (the “SEC”) at www.sec.gov. You also may obtain a copy of Novocure’s Annual Report, without charge, by writing to our Investor Relations department at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355.

THE PROXY PROCESS AND SHAREHOLDER VOTING

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Who can vote at the Annual Meeting?

Only shareholders of record at the close of business on March 7, 2016 (the “Record Date”) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 84,426,720 Ordinary Shares issued and outstanding and entitled to vote.

Shareholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our Ordinary Shares, Computershare Limited, then you are a shareholder of record. As a shareholder of record, you may vote in person at the Annual Meeting or vote by proxy on the Internet or by telephone or by returning a proxy card if you request and receive one. Whether or not you plan to attend the Annual Meeting, to ensure your vote is counted we urge you to vote by proxy on the Internet as instructed in the Notice of Internet Availability, by telephone as instructed on the website referred to on the Notice of Internet Availability, or (if you request and receive a proxy card by mail or e-mail) by signing, dating and returning the proxy card sent to you or by following the instructions on such proxy card to vote on the Internet or by telephone.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a legal proxy from your broker or other agent who is the record holder of the shares, authorizing you to vote at the Annual Meeting.

What am I being asked to vote on?

You are being asked to vote on two proposals:

- Proposal 1: To elect two directors, who will be designated as Class I directors, to hold office until the 2019 annual general meeting of shareholders or until their successors are duly elected and qualified or until their offices are vacated; and
- Proposal 2: To ratify the appointment, by the audit committee of our Board, of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global (“Kost Forer”) as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How does the board of directors recommend I vote on the Proposals?

The board of directors recommends that you vote:

- FOR each of the Class I director nominees; and

Edgar Filing: Novocure Ltd - Form DEF 14A

·FOR ratification of the appointment of Kost Forer as our independent registered public accounting firm.
How do I vote?

- For Proposal 1, you may either vote “For,” or “Withhold” your vote from, any of the nominees to the Board.
- For Proposal 2, you may either vote “For” or “Against” the proposal, or “Abstain” from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

2

The procedures for voting, depending on whether you are a shareholder of record or a beneficial owner, are as follows:

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote in any of the following manners:

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote over the Internet prior to the Annual Meeting, follow the instructions provided on the Notice of Internet Availability or on the proxy card that you request and receive by mail or e-mail to vote at www.proxyvote.com using the control number contained on the Notice of Internet Availability or proxy card that you received. We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.
- To vote by telephone, call 1-800-690-6903 (toll free). You will need to have your Notice of Internet Availability or proxy card available when you call.
- To vote by mail, complete, sign and date the proxy card you request and receive by mail or e-mail, and return it promptly to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. As long as your signed proxy card is received before the Annual Meeting, we will vote your shares as you direct.

Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy by mail, Internet or telephone to ensure your vote is counted. The Internet and telephone voting facilities for eligible shareholders of record will close at 11:59 p.m. Eastern Time on May 3, 2016. Even if you have submitted your vote before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted, or follow such instructions to submit your vote by the Internet or telephone, if the instructions provide for Internet and telephone voting. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Can I change my vote after submitting my proxy vote?

Yes. You can revoke your proxy vote at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy vote in any one of three ways:

- You may submit a new vote on the Internet or by telephone or submit a properly completed proxy card with a later date, by following the instructions set forth in the answer to the preceding question.
- You may send a written notice that you are revoking your proxy to Novocure's General Counsel at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355.
- You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

Who counts the votes?

Edgar Filing: Novocure Ltd - Form DEF 14A

Broadridge Financial Solutions, Inc. (“Broadridge”) has been engaged as our independent agent to tabulate shareholder votes, or Inspector of Election. If you are a shareholder of record, and you choose to vote over the Internet prior to the Annual Meeting or by telephone, Broadridge will access and tabulate your vote electronically, and if you have requested and received proxy materials via mail or e-mail and choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker (or its agent for tabulating votes of shares held in “street name”) returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the Annual Meeting. For Proposal 1, the Inspector of Election will separately count “For” and “Withheld” votes and broker non-votes for each nominee. For Proposal 2, the Inspector of Election will separately count “For” and “Against” votes, abstentions and broker non-votes. If your shares are held by your broker as your nominee (that is, in “street name”), you will need to follow the instructions provided by your broker to instruct your broker how to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “routine” items, but not with respect to “non-routine” items. See below for more information regarding: “What are “broker non-votes”?” and “Which ballot measures are considered “routine” and “non-routine”?”

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine”. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine”, but not with respect to “non-routine” matters. In the event that a broker, bank, custodian, nominee or other record holder of Ordinary Shares indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered “routine” and “non-routine”?

The ratification of the appointment of Kost Forer as our independent registered public accounting firm for the year ending December 31, 2016 (Proposal 2) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2. The election of directors (Proposal 1) is considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1.

How many votes are needed to approve the proposal?

With respect to Proposal 1, the election of directors, the two nominees receiving the highest number of “For” votes will be elected. Only votes “For” or “Withheld” will affect the outcome of this proposal. Broker non-votes will have no effect on the outcome of this proposal.

With respect to Proposal 2, the affirmative vote of the majority of votes cast is required for approval. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

How many votes do I have?

On each matter to be voted upon, you have one vote for each Ordinary Shares you own as of the Record Date.

What if I return a Proxy Card but do not make specific choices?

If we receive a signed and dated Proxy Card and the Proxy Card does not specify how your shares are to be voted, your shares will be voted “For” the election of each of the two nominees for director, and “For” the ratification of the appointment of Kost Forer as our independent registered public accounting firm. If any other matter is properly

presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

Novocure will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice of Internet Availability or more than one set of printed materials?

If you receive more than one Notice of Internet Availability or more than one set of printed materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all of the shares you own, you must follow the instructions for voting on each Notice of Internet Availability or proxy card you receive via mail or e-mail upon your request, which include voting over the Internet, telephone or by signing and returning any of the proxy cards you request and receive.

How will voting on any business not described in this Proxy Statement be conducted?

We are not aware of any business to be considered at the Annual Meeting other than the items described in this Proxy Statement. If any other matter is properly presented at the Annual Meeting, your proxy will vote your shares using his or her best judgment.

When are shareholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials pursuant to the SEC's Rule 14a-8 shareholder proposal procedures under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), your proposal must be submitted in writing by January 4, 2017, to Novocure's Corporate Secretary at First Floor, Le Masurier House, La Rue Le Masurier, St. Helier, JE2 4YE Jersey, Channel Islands. If you wish to submit a proposal that is not to be included in our proxy materials pursuant to Rule 14a-8 for the next year's annual meeting, you must do so between January 8, 2017 and February 7, 2017; provided that if the date of that annual meeting is more than 30 days before or more than 60 days after May 4, 2017, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. If you wish to nominate a director for the next year's annual meeting, you must do so between January 4, 2017 and February 3, 2017; provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after May 4, 2017, then your notice must be received no earlier than 120 Clear Days and no later than 90 Clear Days (as defined in our Articles of Association) prior to that meeting or the tenth day following the day on which a public announcement of the date of such annual meeting is first made. You are also advised to review our Articles of Association, which contain additional requirements about director nominations. A copy of our Articles of Association may be obtained by accessing our filings on the SEC's website at www.sec.gov. You may also request a copy of our Articles of Association, without charge, from Investor Relations at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority of Ordinary Shares issued and outstanding and entitled to vote on the business being transacted are present in person or represented by proxy at the Annual Meeting.

If you are a shareholder of record, your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the Annual Meeting. If you are a beneficial owner of shares held in "street name," your shares will be counted towards the quorum if your broker or nominee submits a proxy for your shares at the Annual Meeting, even if such proxy results in a broker non-vote due to the absence of voting instructions from you. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the shareholders entitled to vote at the Annual Meeting, present in person or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K with the SEC within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

Corporate Governance

Does the company have a “Code of Ethics?”

We have adopted a written code of business conduct and ethics (the “Code of Ethics”) that applies to our directors, officers and employees, including our principal executive officer and principal financial officer. A current copy of the Code of Ethics is posted on the investor section of our website at www.novocure.com. We intend to disclose any amendment to the Code of Ethics, or any waivers of its requirements, on our website.

Where can I find more information about the company's corporate governance policies and procedures?

We are committed to ensuring strong corporate governance practices on behalf of our shareholders. Our Corporate Governance Guidelines, together with the charters of the Audit, Compensation, and Nominating and Corporate Governance Committees, establishes a framework of policies and practices for our effective governance. Each of these documents is available at

<http://www.novocure.com/investors/corporate-governance/governance-documents.aspx>. Our Corporate Governance Guidelines address Board composition, compensation, director qualifications, director independence, committee structure and roles, among other things. The Board, the nominating and corporate governance committee and the other committees will regularly review their governance policies and practices and developments in corporate governance and update these documents as they deem appropriate.

What are the implications of being an "emerging growth company?"

We are an "emerging growth company" as that term is used in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about our executive compensation arrangements and no non-binding advisory votes on executive compensation. We will remain an emerging growth company for up to five years following our initial public offering, or until the earliest of (1) the last day of the first fiscal year in which our annual gross revenue exceeds \$1 billion, (2) the date that we become a "large accelerated filer" as defined in Rule 12b-2 under the Exchange Act, which would occur if the market value of our Ordinary Shares that is held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter, or (3) the date on which we have issued more than \$1 billion in non-convertible debt during the preceding three-year period.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Articles of Association provide that our Board may consist of between two and 13 directors, as determined by the Board from time to time. Our Board currently has 11 members, including our Chairman, our Chief Executive Officer and our Chief Technology Officer. Our directors were elected to serve on our Board pursuant to an investors rights agreement, which was terminated upon the completion of our initial public offering on October 2, 2015 (the “IPO”).

Our Board is divided into three classes, designated as Class I, Class II and Class III, with members of each class serving staggered terms. The members of the classes are divided as follows:

- the Class I directors are Mr. Burkoth, Mr. Langloss and Professor Palti;
- the Class II directors are Mr. Leung, Mr. Lavigne, Mr. Perlhagen and Mr. Mylod; and
- the Class III directors are Mr. Vernon, Mr. Danziger, Mr. Doyle and Mr. Phillips.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a three-year term at the annual general meeting of shareholders in the year in which their term expires or until their successor is elected and has been qualified, or until such director’s earlier death, resignation or removal. To the extent that a vacancy arises on the Board during the term of a director’s appointment, the new director appointed by a majority of our directors then in office (acting upon the recommendation of our independent directors or a committee thereof) as a replacement to fill the vacancy will serve for the remainder of the term of the director he or she has replaced.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

Our Board has determined that each of Messrs. Burkoth, Langloss, Lavigne, Mylod, Perlhagen, Phillips and Vernon has no relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined by applicable rules of the SEC and The Nasdaq Stock Market, LLC (“NASDAQ”).

The following table sets forth, for the Class I directors who are standing for election and for our other current directors, information with respect to their position/office held with the Company and their ages as of March 24, 2016:

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THIS PROPOSAL 2.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filings by the Company under the Securities Act of 1933, as amended or under the Exchange Act (the "Securities Act"), except to the extent we specifically incorporate this Report by reference.

The audit committee oversees the Company's corporate accounting and financial reporting process on behalf of the Board. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed the audited consolidated financial statements filed in this Annual Report with management, including a discussion of the quality, not just acceptability, of the accounting principles applied, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. The audit committee is comprised entirely of independent directors as defined by applicable NASDAQ listing standards.

The audit committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2015 with the Company's management. The audit committee has discussed with Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, the Company's independent registered public accounting firm ("Kost Forer"), the matters required to be discussed with the audit committee under auditing standards generally accepted in the United States of America, including Auditing Standards 16, "Communications with Audit Committees". The audit committee has received the written disclosures and the letter from Kost Forer required by applicable requirements of the Public Company Accounting Oversight Board regarding Kost Forer's communications with the audit committee concerning independence and has discussed with Kost Forer its independence. The audit committee also considered whether Kost Forer's provision of any non-audit services to the Company is compatible with maintaining Kost Forer's independence.

Based on the review and discussions described above, among other things, the audit committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the SEC. The audit committee also approved the selection of the Company's independent registered public accounting firm.

CORPORATE GOVERNANCE

Independence of the Board of Directors

Our ordinary shares are listed on the NASDAQ Global Select Market. Under the rules of NASDAQ, independent directors must comprise a majority of a listed company's board of directors within a specified period of the completion of this offering. In addition, the rules of NASDAQ require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act.

Under the rules of NASDAQ, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

To be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

All of our directors are independent within the meaning of the independent director guidelines of NASDAQ other than Messrs. Danziger, Doyle and Leung and Professor Palti. Mr. Danziger and Mr. Leung are not considered independent because they are employees of our company, and Mr. Doyle and Professor Palti are not considered independent because of the amount of compensation they received in 2015 as consultants to Novocure.

In August 2015, the Board undertook a review of its composition, the composition of its committees and the independence of directors and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, the Board has determined that none of Messrs. Burkoth, Langloss, Lavigne, Mylod, Perlhagen, Phillips and Vernon, representing seven of our eleven directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the rules of NASDAQ.

In making this determination, the Board considered the relationships that each non-employee director has with us and all other facts and circumstances the Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Board Leadership Structure

The role of chairman of our Board is separate from the chief executive officer position in order to ensure independent leadership of the Board. Our Board has determined that its structure is appropriate to fulfill its duties effectively and efficiently, so that our chief executive officer can focus on leading our company, while the chairman can focus on leading the Board in overseeing management.

Role of Board in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our board of directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management

meetings, and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the Board at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and for overseeing risk related to compensation policies and practices. Our audit committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures and our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage unnecessary risk-taking. In addition, our audit committee oversees the performance of our internal audit function and considers and approves or disapproves any related-party transactions and our nominating and governance committee monitors the effectiveness of our corporate governance guidelines.

Board Committees

- monitoring and ensuring the rotation of partners of the independent registered public accounting firm on our engagement team as required by law;
- establishing and overseeing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal controls or auditing matters, including procedures for the confidential, anonymous submission by our employees of complaints regarding questionable accounting or auditing matters and reviewing such complaints;

The audit committee consists of Mr. Lavigne, who currently serves as chairperson of the committee, Mr. Mylod and Mr. Phillips. All members of our audit committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and NASDAQ. Mr. Lavigne qualifies and serves as an audit committee financial expert as defined under the applicable rules and regulations of the SEC. Under the rules and regulations of the SEC and NASDAQ, members of the audit committee must also meet independence standards under Rule 10A-3 of the Exchange Act. All members of our audit committee meet these independence standards.

The audit committee has been established in accordance with section 3(a)(58)(A) of the Exchange Act and operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ. A copy of the audit committee charter is available to shareholders in the "Corporate Governance" section of our investor relations website at www.novocure.com.

Compensation Committee

Our compensation committee reviews and recommends policies relating to compensation and benefits of our officers, directors, non-employees and employees. The compensation committee is responsible for, among other things:

- discharging our Board's responsibilities relating to compensation of our directors and executive officers; and
-

overseeing the administration of our overall compensation and employee benefits plans, particularly incentive compensation and equity-based plans.

14

Pursuant to the compensation committee charter, the compensation committee's specific authorities and powers will be, among other functions:

- periodically reviewing and approving generally our compensation and benefit strategies and policies;
- at least annually, reviewing and approving the corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of these goals and objectives and setting the Chief Executive Officer's compensation;
- at least annually, reviewing and approving with the input of our Chief Executive Officer, the compensation of our other executive officers and approving employment, consulting, severance, retirement and/or change in control agreements or provisions with respect to any current or former executive officers;
- at least annually, reviewing and approving succession plans for our Chief Executive Officer and other executive officers;
- periodically reviewing and making recommendations to the Board regarding director compensation;
- overseeing the implementation and administration of our equity compensation plans (including reviewing and approving the adoption of new plans or amendments or modifications to existing plans, subject to shareholder approval, as necessary);
- approving or reviewing and making recommendations to the Board with respect to our share-based compensation plans;
- retaining or obtaining the advice of a compensation consultant, independent legal counsel or other adviser (only after taking into consideration certain specified factors identified by the SEC or NASDAQ listing standards), with direct responsibility for the appointment, compensation and oversight of the work of any such compensation consultant, independent legal counsel and other adviser retained by the compensation committee;
- reviewing from time to time the compensation committee charter and the committee's performance; and
- exercising such other authorities and responsibilities as may be delegated to the compensation committee by the Board from time to time.

The compensation committee consists of Mr. Phillips, who currently serves as the chairperson of the committee, Mr. Perlhagen and Mr. Vernon. Each of the members of our compensation committee is a "non-employee" director as defined in Rule 16b-3 promulgated under the Exchange Act, an "outside director" as that term is defined in Section 162(m) of the Code and an "independent director" under applicable NASDAQ rules.

The compensation committee operates under a written charter that satisfies the applicable standards of the SEC and NASDAQ. A copy of the compensation committee charter is available to shareholders in the "Corporate Governance" section of our investor relations website at www.novocure.com.

In 2015, the compensation committee retained Radford, an Aon Hewitt Company, which is a national executive compensation consulting firm, to assist the compensation committee with establishing a compensation peer group; conducting market research and analysis on annual and long-term incentive programs, salaries, and equity plans, and assisting the committee in developing target grant levels and annual salaries for executives and other employees; advising the committee on IPO-related compensation matters, such as public company equity plans; providing the committee with advice and ongoing recommendations regarding material executive compensation decisions; and reviewing compensation proposals of management. In compliance with the disclosure requirements of the SEC regarding the independence of compensation consultants, Radford addressed each of the six independence factors established by the SEC with the compensation committee. Its responses affirmed the independence of Radford on executive compensation matters. Based on this assessment, the compensation committee determined that the engagement of Radford does not raise any conflicts of interest or similar concerns.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is responsible for, among other things:

- identifying and screening candidates for our Board and recommending nominees for election as directors, as well as recommending one or more “audit committee financial experts” (as defined under applicable SEC rules) for the audit committee;

15

- reviewing and assessing the adequacy of its formal written charter on an annual basis;
- reviewing the relationships that each director has with us for purposes of determining independence; and

Our nominating and corporate governance committee consists of Mr. Vernon, who serves as chairperson of the committee, Mr. Burkoth and Mr. Mylod. Each of the members of our nominating and corporate governance committee is an independent director under the rules of NASDAQ relating to nominating and corporate governance committee independence.

The nominating and corporate governance committee operates under a written charter. A copy of the nominating and corporate governance committee charter is available to shareholders in the “Corporate Governance” section of our investor relations website at www.novocure.com.

Meetings of the Board of Directors, Board and Committee Member Attendance, and Annual Meeting Attendance

Our Board met seven times during 2015. The audit committee met eight times, the compensation committee met seven times, and the nominating and corporate governance committee did not meet. During 2015, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served that occurred while such director was a member of the Board and such committees.

We encourage all of our directors and nominees for director to attend our annual general meetings of shareholders; however, attendance is not mandatory. We did not have an annual general meeting of shareholders in 2015.

Director Nomination Process

The Board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. In considering diversity of the Board, the nominating and corporate governance committee will take into account various factors and perspectives, including differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that contribute to Board heterogeneity, as well as race, gender and national origin. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions they can make. Directors should plan to make a significant time commitment to the Company.

The nominating and corporate governance committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of its current make-up, and will consider factors such as independence, experience, strength of character, mature judgment and technical skills in its assessment of the needs of the Board and its evaluation of director nominees. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best maximize the success of the business and represent shareholder interests through the exercise of sound judgment using its diversity of experience in these various areas, amongst others.

Other than the foregoing criteria for director nominees, the nominating and corporate governance committee has not adopted a formal policy with respect to a fixed set of specific minimum qualifications for its candidates for membership on the Board. The nominating and corporate governance committee may consider such other facts,

including, without limitation, diversity, as it may deem are in the best interests of the Company and its shareholders. The nominating and corporate governance committee does, however, believe it is appropriate for at least one, and, preferably, several, members of our Board to meet the criteria for an “audit committee financial expert” as defined by SEC rules, and that a majority of the members of our Board be independent as required under the NASDAQ qualification standards. The nominating and corporate governance committee also believes it is appropriate for our Chief Executive Officer to serve as a member of our Board. Our directors’ performance and qualification criteria are reviewed annually by the nominating and corporate governance committee.

Identification and Evaluation of Nominees for Directors

The nominating and corporate governance committee identifies nominees for director by first evaluating the current members of our Board willing to continue in service. Current members with qualifications and skills that are consistent with the nominating and corporate governance committee's criteria for Board service and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our Board with that of obtaining a new perspective or expertise.

If any member of our Board does not wish to continue in service or if our Board decides not to re-nominate a member for re-election, the nominating and corporate governance committee may identify the desired skills and experience of a new nominee in light of the criteria above, in which case, the nominating and corporate governance committee would generally poll our Board and members of management for their recommendations. The nominating and corporate governance committee may also review the composition and qualification of the boards of directors of our competitors, and may seek input from industry experts or analysts. The nominating and corporate governance committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the members of the nominating and corporate governance committee and by certain of our other independent directors and executive management as appropriate. In making its determinations, the nominating and corporate governance committee evaluates each individual in the context of our Board as a whole, with the objective of assembling a group that can best contribute to the success of our Company and represent shareholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the nominating and corporate governance committee makes its recommendation to our Board. To date, the nominating and corporate governance committee has not utilized third-party search firms to identify director candidates. The nominating and corporate governance committee may in the future choose to do so in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

The nominating and corporate governance committee evaluates nominees recommended by shareholders in the same manner as it evaluates other nominees. We have not received director candidate recommendations from our shareholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from shareholders will be evaluated in the same manner that potential nominees suggested by Board members, management or other parties are evaluated. We do not intend to treat shareholder recommendations in any manner different from other recommendations.

For a shareholder to make any recommendation or nomination for election to the Board at an annual meeting, the shareholder must provide notice to the Company, which notice must be received by the Company's corporate secretary at the Company's principal executive offices not later than the 90th day nor earlier than the 120th Clear Day before the one-year anniversary of the preceding year's annual meeting; provided, however, that in the event no annual meeting was held in the previous year or if that the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then, it must be so received by the corporate secretary not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 60th Clear Day prior to such annual meeting, or (ii) the tenth day following the day on which a public announcement of the date of such annual meeting is first made. As set forth in our Articles of Association, submissions must include all information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act and a written and signed consent of the proposed nominee to be named in the proxy statement as a nominee and to serving as a director if elected. Our Articles of Association also specify further requirements as to the form and content of a shareholder's notice. We recommend that any shareholder wishing to make a nomination for director review a copy of our Articles of Association, as amended and restated to date, which is available, without charge, from Investor Relations, at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355.

Shareholder Communications with the Board of Directors

Should shareholders wish to communicate with the Board or any specified individual directors, such correspondence should be sent to the attention of our General Counsel, at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355. The General Counsel will forward the communication to the appropriate Board members.

Compensation Committee Interlocks and Insider Participation

During 2015, our compensation committee consisted of Messrs. Perlhagen, Phillips and Vernon. None of the members of our compensation committee is an officer or one of our employees. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of any entity that has one or more executive officers serving on the Board or our compensation committee.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a summary of transactions since January 1, 2015, to which we have been a party in which the amount involved exceeded \$120,000 and in which any of our executive officers, directors, promoters or beneficial holders of more than 5% of our capital stock had or will have a direct or indirect material interest, other than compensation arrangements which are described under the sections of this Proxy Statement captioned “Director Compensation” and “Executive Compensation.”

Investors Rights Agreement

On June 1, 2015, we entered into an Eleventh Amended and Restated Investors Rights Agreement (the “Investors Rights Agreement”) with the holders of our preferred shares and certain other holders of our securities. The Investors Rights Agreement sets forth the size of our Board, provides the procedures through which directors can be elected and removed and through which our securities may be transferred, and also enumerates the corporate actions that require the consent of certain holders of our securities (in addition to that of our Board), among other things. The Investors Rights Agreement terminated upon the completion of the IPO.

Registration Rights Agreement

In connection with our Series J financing, we entered into the Tenth Amended and Restated Registration Rights Agreement dated June 1, 2015 (the “Registration Rights Agreement”) pursuant to which we granted certain registration rights to holders of our registrable securities, which include Ordinary Shares issuable upon exercise of warrants that were outstanding prior to our IPO. Set forth below is a description of the registration rights granted under the Registration Rights Agreement.

Demand registration rights

At any time after the IPO (subject to applicable lock-up restrictions), certain holders (the “Initiating Holders”) have the right to demand that we file a registration statement covering the offer and sale of their registrable securities, so long as the aggregate offering price of securities to be sold under the registration statement is no less than \$5.0 million. Upon such demand we are required to use our best efforts to file a registration statement; however, we are not obligated to effect a demand registration (1) if we have already effected one demand registration for the Initiating Holders that were either holders of Series B or Series F convertible preferred shares prior to the IPO, one demand registration for the Initiating Holders that were holders of Series G convertible preferred shares prior to the IPO, one demand registration for the Initiating Holders that were holders of Series H convertible preferred shares prior to the IPO, one demand registration for the Initiating Holders that were holders of Series I convertible preferred shares prior to the IPO and one demand registration for the Initiating Holders that were holders of Series J convertible preferred shares prior to the IPO, subject to certain exceptions, (2) during a period of 180 days after the effective date of the IPO or any other registration pursuant to the Registration Rights Agreement, (3) during a period beginning on the 60th day prior to our good faith estimate of the effective date of, and ending on the 120th day after the effective date of, a firm commitment public offering of our securities initiated by us other than pursuant to the demand registration rights described herein, or (4) if the securities to be registered can be registered on Form S-3. We have the right to defer filing of a registration statement for up to 90 days if we provide the Initiating Holders a certificate signed by our Chief Executive Officer stating that in the good faith judgment of our Board such registration will be materially detrimental to us and our shareholders, but we cannot exercise this deferral right more than once in any 12-month period.

Piggyback registration rights

At any time after the IPO (subject to applicable lock-up restrictions), if we propose to register any of our share capital or other securities in connection with the public offering of such securities solely for cash (other than a registration on Form S-8 or similar successor form relating solely to the sale of securities to participants in a share option plan or other compensatory arrangement to the extent includable on Form S-8 or similar successor form), then we must offer each holder of the registrable securities the opportunity to include their securities in the registration statement or otherwise register such registrable securities. However, we are not obligated to make any offering of our securities or to complete an offering of our securities that we propose to make.

Form S-3 registration rights

Upon our Company becoming eligible to use Form S-3, if certain holders of registrable securities request that we file a registration statement on Form S-3, we (i) shall promptly give at least 30 days' written notice of the proposed registration to all other holders and (ii) shall use our reasonable best efforts to effect such registration and include therein all or such portion of the registrable securities as are specified in such request, together with all or such portion of the registrable securities of any other holder electing to join in such registration by furnishing to us a written request within 20 days after receipt of the written notice specified in clause (i) above. However, we are not obligated to file a registration statement on Form S-3 if (i) the aggregate offering price of securities to be sold under the registration statement does not exceed \$2.0 million, net of any underwriters' discounts or commissions, (ii) we provide the

requesting holders of the registrable securities a certificate signed by our Chief Executive Officer stating that in the good faith judgment of our Board the filing of a registration statement on Form S-3 will be materially detrimental to us and our shareholders or (iii) we have already effected one registration on Form S-3 in the 12-month period preceding the date of such request. Such requests for registrations are not counted as demand registrations.

Technion letter of agreement

In February 2015, we entered into a settlement agreement (the “Settlement Agreement”) with the Technion Research and Development Foundation and the Technion – Israel Institute of Technology (collectively, the “Technion”) whereby we agreed to resolve certain potential disputes among us, the Technion and Professor Palti, our Chief Technology Officer and a member of our Board, arising out of certain intellectual property that Professor Palti developed while affiliated with the Technion and that Professor Palti has assigned to us. In settlement of these potential disputes, we agreed to pay the Technion an aggregate of \$7.5 million, including \$1.0 million that was paid on the date of the agreement, an additional \$1.0 million that was paid upon the completion of the IPO and an additional \$5.5 million that will be payable within five business days (1) if we achieve \$250.0 million of cumulative net sales since inception at the end of any given quarter or (2) upon consummation of an M&A transaction, which includes any merger to the extent it involves a change of control, the sale of all or substantially all of our assets or shares, the sale of or exclusive license to our intellectual property or a similar transaction.

In addition, pursuant to the terms of the Settlement Agreement, we issued 1,005,210 ordinary shares to the Technion, and further granted the Technion an option to acquire an additional 1,005,210 Ordinary Shares, which is exercisable at any time until the first to occur of (1) 12 months following the IPO and (2) immediately prior to the sale of the Company for cash or publicly traded stock. There is no exercise price on this option, and to date this option has not been exercised; however, the Technion has 12 months after the completion of the IPO to exercise its option. We also entered into a letter agreement with Professor Palti and an entity affiliated with Professor Palti (the “Palti Parties”) pursuant to which the Palti Parties agreed to redeem and cancel 2,010,420 Ordinary Shares at an aggregate price of £3,400, to enable us to satisfy the obligations to issue shares to the Technion. In addition, to enable us to satisfy (in part) our obligations to pay the Technion cash payments, the Palti Parties agreed to pay up to \$2.0 million solely from net proceeds of the sale of the Palti Parties’ Ordinary Shares. We have the right to require the Palti Parties to sell their shares in market transactions to satisfy any remaining portion of the \$2.0 million amount not yet paid to us, so long as the market price of our Ordinary Shares is not less than \$17.60, or 80% of the price of the Ordinary Shares that were sold in the IPO.

Indemnification agreements

We have entered into indemnification agreements with each of our directors pursuant to which each director will be indemnified to the fullest extent permitted by applicable law against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by each director, or on such director's behalf, arising out of his or her service as a director. The indemnification agreement further provides procedures for the determination of an indemnitee's right to receive indemnification and the advancement of expenses.

Related-party transaction policy

Our Board adopted a written related-party transaction policy as set forth in our Corporate Governance Guidelines, which became effective and publicly available on October 2, 2015, setting forth the policies and procedures for the review and approval or ratification of transactions involving us and related persons. For the purposes of this policy, related persons will include our executive officers, directors and director nominees or their immediate family members, or shareholders owning 5% or more of our outstanding Ordinary Shares and their immediate affiliates.

The policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, where the amount involved exceeds \$120,000 per year and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person.

Our executive officers and directors will be discouraged from entering into any transaction that may cause a conflict of interest for us. If such a transaction shall arise, they must report any potential conflict of interest, including related-party transactions, to our General Counsel, who will then review and summarize the proposed transaction for our audit committee. In reviewing and approving any such transactions, our audit committee is tasked to consider all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's-length transaction with an unrelated party and the extent of the related person's interest in the transaction. All related-party transactions may only be consummated if our audit committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Any member of the audit committee who is a related person with respect to a transaction under review will not be permitted

to participate in the deliberations or vote respecting approval or ratification of the transaction. However, such director may be counted in determining the presence of a quorum at a meeting of the audit committee that considers the transaction.

We have entered into consulting arrangements with two of our directors and we have entered into employment agreements with two of our directors. For a description of these agreements, see the section of this Proxy Statement captioned "Director Compensation".

We have entered into employment agreements with our executive officers that, among other things, provide for certain severance and change of control benefits. For a description of these agreements, see the section of this Proxy Statement captioned "Executive Compensation".

We have granted restricted stock and stock options to our named executive officers, our other executive officer and certain of our directors. See the sections of this Proxy Statement captioned "Executive Compensation" and "Director Compensation".

DIRECTOR COMPENSATION

Current Compensation

Effective as of our IPO, our executive officers who are members of our Board, as well as our directors who are our consultants or otherwise not considered independent under the corporate governance rules of the SEC and NASDAQ, do not receive compensation from us for their service on our Board. Accordingly, Messrs. Danziger, Doyle and Leung and Professor Palti do not receive compensation from us for their service on our Board. In addition, Mr. Langloss has certain current external obligations that prevent him from receiving cash and equity compensation from us. Only those directors who are considered independent directors under the corporate governance rules of NASDAQ and the SEC will be eligible to receive compensation from us for their service on our Board. Our independent directors receive the following amounts, which are paid in quarterly installments following the end of each quarter:

- a base annual retainer of \$45,000 in cash;
- an additional annual retainer of \$25,000 in cash to the chairman of the audit committee;
- an additional annual retainer of \$15,000 in cash to the chairman of the compensation committee;
- an additional annual retainer of \$10,000 in cash to the chairman of the nominating and corporate governance committee;
- an additional annual retainer of \$15,000 in cash to each member of the audit committee;
- an additional annual retainer of \$7,500 in cash to each member of the compensation committee; and
- an additional annual retainer of \$5,000 in cash to each member of the nominating and corporate governance committee.

In addition, we expect that each independent director will be granted an award under our 2015 Omnibus Incentive Plan (the "2015 Plan"). On the date of each annual general meeting of our shareholders or such other date authorized by the compensation committee or the Board, the Board may grant share options under our 2015 Plan to each independent director. Such grant of share options shall be in an amount determined by the Board upon recommendation of the compensation committee, in its sole discretion (each, an "Annual Equity Award"), provided that such Annual Equity Awards shall not exceed options to purchase 23,600 Ordinary Shares (as such number of Ordinary Shares may be adjusted pursuant to the terms of the 2015 Plan). We also expect that independent directors

elected or appointed to the Board between annual general meetings will receive an Annual Equity Award for options to purchase a number of our Ordinary Shares based on that percentage of such annual share option grant that equals the percentage of the year (beginning from the date of such election or appointment) remaining until the next annual general meeting (assuming that such next annual general meeting occurs on the anniversary of the preceding annual general meeting). We expect that any such Annual Equity Award (or pro-rated portion) will vest ratably on the anniversary of the Annual Equity Award's grant date.

We also reimburse, and expect that we will continue to reimburse, all of our directors for reasonable and necessary expenses incurred to attend board of director or committee meetings.

Pre-IPO Compensation

Prior to the IPO, members of our Board did not receive and were not entitled to receive cash compensation for their services as directors, except for the reimbursement of reasonable and documented costs and expenses incurred by directors in connection with attending any board of director or committee meetings. Nonetheless, certain of our directors did receive compensation from us in their capacity as an employee of or consultant to us. However, our directors who are also one of our employees, such as Mr. Danziger and Mr. Leung, or who are one of our consultants, such as Mr. Doyle or Professor Palti, do not now, and are not expected in the future to,

receive any compensation for their services as a director. In the case of Mr. Danziger, who is a named executive officer (“NEO”), his compensation for fiscal 2014 and 2015 is described below and reported in the summary compensation tables below. In the case of Mr. Leung, Mr. Doyle and Professor Palti, none of whom are NEOs, compensation is generally payable pursuant to and in accordance with an employment agreement or consulting agreement, as applicable, with us, each as described in more detail below.

The following table shows the total compensation earned or paid to our directors (other than Mr. Danziger, whose compensation is reported in the summary compensation table below) for the year ended December 31, 2015:

Doyle consulting arrangement

On June 24, 2014, we entered into a consulting agreement with Mr. Doyle that expired on December 31, 2014. The consulting agreement provided for four quarterly installments of \$75,000 each to be paid each quarter for a total consulting fee of \$300,000. The consulting agreement with Mr. Doyle was extended through December 31, 2016 on the same terms and conditions and at the same consulting fee. In March 2016, we began employment agreement negotiations with Mr. Doyle such that he would become an executive officer employee of our company and, consistent with our other executive officers, would receive an annual salary and a target bonus opportunity based on, among other things, the achievement of our 2016 corporate objectives. Subject to compensation committee and Board approval of the employment agreement, we anticipate that Mr. Doyle would become the highest paid executive officer of the Company in terms of total cash compensation. Consistent with our executive officers, his target bonus would be approved by the Board or the compensation committee in 2017 and would be paid in March 2017.

Mr. Doyle plays a significant leadership role in the Company. In addition to providing oversight of the senior management team, Mr. Doyle is responsible for our financing activities and manages the relationships with its major shareholders and the investment community in general. He makes presentations on behalf of the Company at conferences and industry events, plays a critical role in our relationships with regulatory and government agencies, and interacts with constituents to ensure appropriate levels of reimbursement for covered individuals. Mr. Doyle is the managing member of WFD Ventures LLC, a manager of venture capital partnerships. WFD Ventures LLC is the manager of WFD Ventures Fund A and the sole member of WFD-GP II, LLC, which is the general partner of WFD Ventures Fund II. Collectively, Mr. Doyle manages venture capital partnerships that beneficially own approximately 26.5% of our Ordinary Shares at March 20, 2016. Due to certain existing obligations as managing member of WFD Ventures LLC, Mr. Doyle is restricted from receiving equity incentive compensation from us. At such time when Mr. Doyle is not subject to these restrictions (either through termination or waiver), we anticipate that, subject to compensation committee and Board approval, Mr. Doyle will be granted a significant equity award under our 2015 Omnibus Incentive Plan.

Mr. Doyle currently is an employee and investment team member at Pershing Square Capital Management L.P., a private investment firm, of which William Ackman is the CEO and Portfolio Manager. As of the date hereof, Mr. Ackman is a shareholder of the Company. If we enter into an employment agreement with Mr. Doyle, we expect that he will continue to serve as the managing member of WFD Ventures LLC and to provide ongoing services to Pershing Square Capital Management L.P.

Leung employment agreement

On August 24, 2011, we entered into an employment agreement with Kinyip Gabriel Leung pursuant to which Mr. Leung agreed to serve as the Vice Chairman of our Board for an initial term of three years commencing August 24, 2011, working for us on a part-time basis, with automatic renewal for successive one-year extensions unless either party gives notice not to renew and extend at least 90 days prior to the end of the initial term or any renewal term. Mr. Leung's employment agreement contemplates part-time employment with us for at least 90 working days per year, and Mr. Leung initially agreed to devote not less than 40% of his working time and attention to us. Subsequently, in 2015, we and Mr. Leung agreed that Mr. Leung will devote not less than 25% of his working time and attention to us.

Pursuant to his employment agreement, Mr. Leung is entitled to receive an annual base salary of \$324,000 per year and is eligible to receive an annual discretionary incentive payment under our annual bonus plan, if any, in the sole discretion of our Board. Subsequent to entry into his employment agreement, Mr. Leung's base salary was changed by the compensation committee to \$162,000 effective March 2014 to reflect an adjustment to his time commitment to us.

Pursuant to Mr. Leung's employment agreement, in 2011, we granted Mr. Leung an option to purchase 314,743 Ordinary Shares at a price per share of \$3.44. These options vest in six installments, whereby 20% of the shares subject to the option vested on the date of grant and 16% of the shares subject to the option will become vested on each of the first five anniversaries of the date of grant, subject to continued service through the applicable vesting date, provided that the options will fully vest upon the consummation of a change of control that occurs during his employment. In 2013, we granted Mr. Leung options to purchase 88,695 Ordinary Shares at a price per share of \$7.03 and, in 2014, we granted Mr. Leung options to purchase 29,565 Ordinary Shares at a price of \$7.48. The options granted in 2013 and 2014 vest in four equal installments on each of the first four anniversaries of the grant date, subject to continued service through the applicable vesting date. As of December 31, 2015, no portion of these options has been exercised.

If we terminate Mr. Leung's employment other than for cause or if Mr. Leung terminates his employment for good reason (as such terms are defined in Mr. Leung's employment agreement) or as a result of our non-extension of the term of Mr. Leung's employment, then, subject to his execution without revocation of a release of claims, he will receive continued payment of his base salary at the time of termination for a period of six months following the date of termination and an additional portion of his sign-on options will become vested equal to the portion that would have become vested on the next scheduled vesting date.

Pursuant to his employment agreement, Mr. Leung is subject to certain confidentiality and non-disparagement covenants, as well as covenants of non-solicitation of employees during his employment and for two years thereafter and non-solicitation of business partners during his employment and for one year thereafter. Mr. Leung is not subject to a non-competition agreement, but his employment agreement requires that his other business activities not unreasonably interfere with his duties under the employment agreement.

Palti consulting arrangement

We are party to a consulting agreement with Palti Consultants Ltd., a private Israeli company, pursuant to which Professor Palti provides research and development services to us relating to Optune and other of our projects. Under the consulting agreement, Palti Consultants Ltd. receives an aggregate of \$20,000 per month for Professor Palti's services. We also pay for the use of a company automobile and reimbursement for actual business expenses arising out of travel, lodging, meals and entertainment in connection with his services to us. In lieu of providing Professor Palti with a company car, we currently satisfy our automobile obligations under the consulting agreement by paying Palti Consultants Ltd. cash sufficient to cover the costs of his automobile on an after-tax basis. The total amount paid to Palti Consultants Ltd. in 2014 and 2015 with respect to the automobile payments was \$42,634 and \$39,657, respectively.

The consulting agreement generally continues for an indefinite term that is terminable by either party by prior written notice of at least six months, by mutual consent or by us in the event of a breach by Palti Consultants Ltd. that is uncurable or uncured after 14 days' notice. The consulting agreement includes certain non-competition and non-disclosure covenants with respect to Optune and other of our projects, technologies and inventions other than in the performance of Palti Consultants Ltd.'s services to us.

Non-employee director option awards

In November 2012, our Board approved grants of options to purchase 162,607 Ordinary Shares at an exercise price of \$6.72 per share to each of the following directors: Louis J. Lavigne, Jr., Robert J. Mylod, Jr. and Charles G. Phillips III. The grant date of each of these options is September 29, 2012. These options vest in installments on the basis of continued service over a period of four years, with 25% vesting on each of the first four anniversaries of the date of grant.

EXECUTIVE COMPENSATION

The following is a discussion and analysis of compensation arrangements of our named executive officers, or "NEOs." This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion. As an "emerging growth company" as defined in the JOBS Act, we are not required to include a Compensation Discussion and Analysis section and have elected to comply with the scaled disclosure requirements applicable to emerging growth companies.

We seek to ensure that the total compensation paid to our executive officers is reasonable and competitive. Compensation of our executives is structured around the achievement of individual performance and near-term corporate targets as well as long-term business objectives.

Our NEOs for 2015, who are comprised of (1) our principal executive officer and (2) our next two highest compensated executive officers other than the principal executive officer, were as follows:

- Asaf Danziger, our president, chief executive officer, and a director;
- Wilhelmus Groenhuysen, our chief financial officer; and
- Michael Ambrogi, our chief operating officer.

Base salary

Our compensation committee conducts an annual review of each executive officer’s base salary once per year, with input from our Chief Executive Officer (other than with respect to himself), and makes adjustments as it determines appropriate in furtherance of our compensation philosophy and company performance objectives and needs, with revisions generally becoming effective in April of that year.

In 2014, in connection with their respective annual performance reviews, effective January 1, 2014, Mr. Danziger’s base salary was increased to \$624,000. In addition, in connection with his annual performance review, Mr. Groenhuysen’s base salary was increased to \$600,600. These base salary increases were approved by the compensation committee. Our NEOs base salaries were not adjusted during 2015.

The current annual base salaries of our Named Executive Officers and Mr. Groenhuysen are set forth below:

	Base salary
Named executive officer (\$)	
Asaf Danziger	624,000

Cash bonuses

2014 Cash Bonus Program

In general, the bonus of each executive officer, including NEOs, is determined by the achievement of corporate goals and personal objectives. Under their respective employment agreements, the NEOs have pre-established target bonus amounts (expressed as a percentage of base salary) payable at the discretion of the Board or compensation committee. For our CEO, the actual amount of his bonus award is determined solely based on our achievement of corporate objectives. For our other NEOs, the actual amount of the bonus award is determined by the executive's level of achievement against his or her personal objectives (comprising 10% of the bonus), in combination with the achievement of the corporate objectives (comprising 90% of the bonus). The corporate objectives for 2014 included commercial objectives, such as gross billings targets in the United States and launches of certain projects; clinical regulatory and medical affairs objectives, such as opening and enrolling certain trials; finance, health policy and reimbursement and billing operations objectives, including establishing certain payment functions and securing contracts with private payers; and operations, supply chain and engineering objectives.

Our NEOs received the following annual cash bonuses in respect of 2014 performance, in large part in recognition of the continued growth of the business and the successful interim results of the EF-14 clinical trial for newly diagnosed GBM:

Named executive officer	(% Base Salary)	Realization (%)		Actual FY 2014 bonus (\$)
		corporate achievement/	personal objectives	
FY 2014 target bonus		achievement/objectives		
Asaf Danziger	50%	100%/n/a		312,000
Wilhelmus Groenhuisen	50%	100%/100%		300,300

The target annual cash bonus percentage for Mr. Groenhuisen was as set forth in his employment agreement (as described below). Mr. Danziger's target annual cash bonus percentage is established by the compensation committee each year, in its discretion, in accordance with the terms of his employment agreement. The compensation committee determined that for 2014, Mr. Danziger's target annual cash bonus would be equal to 50% of his base salary, consistent with the target annual cash bonus percentages for our other NEOs.

2015 Cash Bonus Program

The target amount and actual amount of the annual cash bonus for each of our NEOs for fiscal 2015 is described below:

Named executive officer	(% Base Salary)	Realization (%)		Actual FY 2015 bonus (\$)
		corporate achievement/	personal objectives	
FY 2015 target bonus		achievement/objectives		
Asaf Danziger	75%	100%/100%		468,000
Wilhelmus Groenhuisen	50%	110%/110%		330,330
Michael Ambrogi	50%	100%/100%		177,450

For 2015, Messrs. Groenhuisen and Ambrogi had a target annual cash bonus equal to 50% of their respective base salaries as per their respective employment agreements. The compensation committee determined that for 2015, Mr. Danziger's target annual cash bonus would increase to 75% of his base salary to more closely align with market

practice. The board and compensation committee determined each NEO's 2015 annual cash bonus in the first quarter of 2016 and the Company paid each NEO his 2015 annual cash bonus thereafter.

The board-approved corporate objectives for 2015 included business unit objectives (weighted at 30%), such as increasing demand for Optune in its approved indications and launches of certain projects; clinical regulatory and medical affairs objectives (weighted at 30%), such as opening and enrolling certain trials; finance and health policy objectives (weighted at 20%), including securing contracts with private payers; and operations, supply chain, engineering and human resources objectives (weighted at 20%), including ongoing supply chain optimization and establishment of operations in Japan. Following the successful financings of the Company, including the IPO, in 2015 the compensation committee and the Board approved a 110% realization level for Mr. Groenhuisen in recognition of his 2015 contributions to the Company.

2016 Cash Bonus Program

The target amount of the annual cash bonus for each of our NEOs for fiscal 2016 is described below:

Named executive officer	FY 2015 target bonus (% Base Salary)	Realization (%) corporate achievement/ personal objectives
Asaf Danziger	75%	100%/n/a
Wilhelmus Groenhuisen	50%	100%/n/a
Michael Ambrogi	50%	100%/n/a

For 2016, Messrs. Groenhuisen and Ambrogi continue to have a target annual cash bonus equal to 50% of their respective base salaries as per their respective employment agreements and Mr. Danziger's target annual cash bonus remains at 75% of his base salary. The compensation committee determined that bonus realization for 2016 should be tied 100% to achievement of the 2016 corporate objectives.

The board-approved corporate objectives for 2016 included business unit objectives, such as increasing demand for Optune in its approved indications and reimbursement objectives; clinical regulatory and medical affairs objectives, such as opening and enrolling certain trials; finance and health policy objectives, including securing contracts with private payers; and operations, supply chain, engineering and human resources objectives, including receiving approval of the second generation of Optune in certain markets. The corporate objectives are to be assessed as a whole, with no specific weighting assigned to any particular objective. We expect that the Board or compensation committee will determine each NEO's 2016 annual cash bonus in the first quarter of 2017 and the Company will pay each NEO his 2016 annual cash bonus thereafter.

Long-term equity compensation

On February 26, 2014, our compensation committee approved stock option awards under our 2013 Share Option Plan to our NEOs as follows:

Named executive officer	Stock options (#)	Exercise price (\$)
Asaf Danziger	88,695	7.48
Wilhelmus Groenhuisen	59,130	7.48
Michael Ambrogi	29,565	7.48

On March 5, 2015, our compensation committee approved stock option awards under our 2013 Share Option Plan to our NEOs as follows:

Named executive officer	Stock options (#)	Exercise price (\$)
Asaf Danziger	354,780	14.37
Wilhelmus Groenhuisen	266,085	14.37
Michael Ambrogi	177,390	14.37

Set forth below is a summary of the terms of the stock options granted to our NEOs in 2014 and 2015.

- The options granted to Mr. Danziger were intended to be Section 102(b)(2) options under the Israeli Income Tax Ordinance (as described below). The options granted to Mr. Groenhuisen and Mr. Ambrogi were intended to be incentive stock options under the Internal Revenue Code.
- The exercise price per share subject to the stock options is equal to the fair market value of an ordinary share on the date of grant.
- The options generally vest in four equal installments of 25% of the shares subject to the option on each of the first four anniversaries of the grant date, subject to the optionee's continued service through the applicable vesting date.
- The options expire ten years from the date of grant to the extent not theretofore exercised.

Upon a termination for cause, as defined in our 2013 Share Option Plan, all outstanding options, whether vested or unvested, will immediately be forfeited on the date of termination.

- Upon a termination due to death or disability, unvested options will generally be forfeited on the date of termination, but the optionee will have 12 months to exercise any options that were vested and exercisable at the time of termination.
- Upon a termination by us without cause or a voluntary termination by the optionee, unvested options will generally be forfeited on the date of termination, but the optionee will have 180 days to exercise any options that were vested and exercisable at the time of termination.

On October 2, 2015, our compensation committee granted stock option awards under our 2015 Omnibus Incentive Plan to Mr. Danziger and Mr. Ambrogi as follows:

Named executive officer	Stock options (#)	Exercise price (\$)
Asaf Danziger	413,910	22.00
Michael Ambrogi	147,825	22.00

The stock options granted to Mr. Danziger and Mr. Ambrogi in October 2015 have substantially similar terms as those granted in March 2015 and described above, except that Mr. Danziger's October 2015 option grant is not intended to be a Section 102(b)(2) option grant.

Other employee benefits and compensation

We provide limited executive perquisites to some of our NEOs and limited change-in-control benefits as described further below. We generally provide our NEOs in the United States and Israel with the same benefits generally provided to all other employees in the United States and Israel, respectively.

In the United States, we sponsor a tax-qualified 401(k) defined contribution plan. Our 401(k) plan, which is generally available to all employees, allows participants to defer amounts of their annual compensation before taxes, up to the maximum amount specified by the U.S. Internal Revenue Code of 1986, as amended, or the Code, which was \$17,500 per person for calendar 2014 and \$18,000 for calendar year 2015 and is \$18,000 for calendar year 2016. We do not currently provide, and never have provided, matching contributions or profit-sharing contributions to the plan, although we may do so in the future.

In Israel, we generally provide our executives, including NEOs, with severance, pension, disability and education benefits in line with both Israeli law as well as customary compensation practices among technology companies. Israel's Severance Pay Law generally entitles employees with one or more years of service to a severance benefit equal to one month's salary (together with any fixed additional payments that are paid unconditionally each month) for each year of service in the event of a termination by the company or, in limited circumstances, a resignation by the employee due to a constructive dismissal. Certain mandatory pension requirements are also required in light of certain expansion orders that apply to all employees in the industrial sector as well as to all employees in Israel, as the case may be. However, by virtue of Section 14 of the Severance Pay Law, the Minister of Economy (formerly the Ministry of Labor and Welfare) promulgated a General Approval Regarding Payments By Employers to a Pension Fund and Insurance Fund in lieu of Severance Pay According to Severance Pay Law, 5723-1963, or the General Approval, which enables a company and an employee to contractually agree to severance benefits that differ from and apply in lieu of the statutory severance obligations. Payments in accordance with Section 14 of the Severance Pay Law release the employer from any future actual severance payments in respect of its employees, as those employees are entitled upon termination of employment only to the sums accrued in their Managers Insurance Policy (bituach menaholim) or pension fund (as the case may be) with respect to severance pay. Such contractual arrangements are common for employees in Israel in the technology sector.

For Mr. Danziger, we have contractually agreed to adhere to the provisions of the General Approval and to contribute on a monthly basis to a Managers Insurance Policy (bituach menaholim) on his behalf. Such monthly contributions cover pension and disability benefits as well as severance pay in lieu of our statutory obligation to provide such payment under the Severance Pay Law. Pursuant to his employment agreement (as described more fully below), Mr. Danziger is the beneficiary of a Managers Insurance Policy pursuant to which we contribute, on a monthly basis,

8.33% of his monthly gross salary in respect of severance, 5% of monthly gross salary in respect of pension benefits and up to 2.5% of monthly gross salary in respect of disability benefits. In addition to these company contributions, Mr. Danziger contributes to his Managers Insurance Policy by way of a deduction from his monthly salary, a monthly amount equal to 5% of his monthly gross salary. Earnings on amounts contributed to the Managers Insurance Policy are determined under the terms of the policy that is selected by the executive. Except in extreme cases (as may be adjudicated by a competent Labor Court) or if Mr. Danziger impermissibly draws upon such policy (as described in the General Approval attached as an appendix to the relevant employment agreement), Mr. Danziger will receive all severance and pension amounts accumulated in his Managers Insurance Policy upon any termination of his employment (including a resignation that otherwise would not result in the payment of statutory severance under the Severance Pay Law). Disability benefits would be paid, if at all, subject to the terms of the specific disability policy acquired by Mr. Danziger (generally only if he is unable to continue working in his profession or to work at all).

In addition, we contribute to an advance study fund/professional education fund (keren hishtalmut) for the benefit of Mr. Danziger in Israel. These professional education funds are similar to tax-qualified defined contribution savings plans in the United States because contributions up to a certain amount are generally not subject to tax, the funds are managed by insurance companies or investment companies, and their entire activity in this regard is highly regulated by the Ministry of Finance. To qualify for the tax benefits, the employee-beneficiary of the professional education fund is required not to use the funded amounts for a period of at least six years

from the establishment of the fund. For each of Mr. Danziger, during each month of his employment, we contribute an amount equal to 7.5% of his monthly gross salary to a professional education fund, but not in excess of the highest amount of such contributions deductible or creditable for Israeli tax purposes. Up to these limits, there is no taxation on the contributions. However, any amount in excess of the highest deductible or creditable amount for such tax purposes is paid to Mr. Danziger concurrently with his monthly salary and taxed like salary at ordinary income rates (but separate from, and not part of, his monthly gross salary as to which the Managers Insurance Policy contributions are required). In addition to contributions that we make to the professional education fund for Mr. Danziger, we deduct 2.5% of his monthly gross salary for an employee contribution to these funds. Once we make contributions to the funds, Mr. Danziger's right to the amounts in the funds are generally governed solely by the applicable agreements and policies between the executive and the applicable insurance or investment company.

Except as described above, we do not currently sponsor or contribute to any qualified or non-qualified defined benefit plan or any non-qualified defined contribution plan, and we do not currently maintain (or have any outstanding obligation with respect to) any traditional non-qualified deferred compensation plan or other deferred compensation plans.

Executive employment arrangements

We have entered into written employment agreements with each of Asaf Danziger, Wilhelmus Groenhuisen and Michael Ambrogi, as well as Kinyip Gabriel Leung (whose agreement is described above under "Director Compensation"). These employment agreements, as generally described below, were intended to acknowledge and set forth the terms and conditions of each executive's employment with us, including each executive's duties and responsibilities, base salary and bonus eligibility, initial sign-on stock option grant, employee benefit entitlements and severance protection. In addition, each of the employment agreements includes certain restrictive covenants, including non-competition, non-solicitation, non-disclosure and/or non-disparagement covenants, which are intended to protect our interests as well as the interests of our shareholders, affiliates, directors, officers and employees.

We do not have any employment or other individual agreements with or in respect of any NEO that provide for an excise tax gross-up payment. To the contrary, the employment agreement with Wilhelmus Groenhuisen provides that in the event that the executive's receipt of payments or distributions would subject him to the golden parachute excise tax under Section 4999 of the Code, the amount of parachute payments within the meaning of Section 280G of the

Code will be reduced to the greatest amount payable that would not result in such tax, but only if it is determined such reduction would cause the executive to be better off, on a net after-tax basis, if such payments were so reduced than without such reduction and payment of the excise tax under Section 4999 of the Code.

Danziger employment agreement

On October 1, 2002, we entered into an employment agreement with Asaf Danziger pursuant to which Mr. Danziger agreed to serve as our Chief Executive Officer. Mr. Danziger's employment agreement has an indefinite term and may generally be terminated upon six months' prior written notice to the other party, except in connection with a termination of Mr. Danziger's employment by us for cause, as defined in his employment agreement, or a termination by Mr. Danziger as a result of our substantial breach of our obligations under the employment agreement. However, regardless of the reason for termination, Mr. Danziger's employment agreement provides that he will coordinate with his successor in transitioning such successor to be our Chief Executive Officer.

Under Mr. Danziger's employment agreement, he was initially entitled to a monthly base salary of US \$10,800; however, Mr. Danziger's annual base salary is currently \$624,000 per year (and paid in NIS, at a fixed exchange rate of 4 NIS/US \$1). The employment agreement also provides that we contribute, on a monthly basis, an amount equal to 8.33% of Mr. Danziger's monthly gross salary towards a Managers Insurance Policy to cover severance pay benefits (and will deduct 5% of Mr. Danziger's monthly gross salary towards such Managers Insurance Policy) as well as an amount equal to 5% of his monthly salary to cover pension benefits (tagmulim). Further, we contribute, on a monthly basis, up to 2.5% of Mr. Danziger's monthly gross salary to cover work disability plan coverage. In addition, the employment agreement requires that we make contributions on a monthly basis on Mr. Danziger's behalf in an amount equal to 7.5% of Mr. Danziger's monthly gross salary to cover an advance study fund/professional education fund, but not in excess of the highest amount of such contributions deductible or creditable for Israeli tax purposes (provided that any excess of the 7.5% monthly salary amount and the highest deductible or creditable amount for such tax purposes is paid to Mr. Danziger concurrently with his monthly salary, but not considered part of his monthly gross salary as to which the Managers Insurance Policy and professional education fund contributions relate). In addition to contributions from us, we deduct 2.5% of Mr. Danziger's monthly gross salary for contribution to such professional education fund. In addition, we are required under the employment agreement to make an automobile available to Mr. Danziger and to bear all fixed and current costs with respect to the automobile, and to pay to Mr. Danziger, on a monthly basis with his salary, an amount sufficient to cover any income tax imposed on his use of the automobile (such amounts are specifically excluded from Mr. Danziger's monthly gross salary to which the Managers Insurance Policy and professional education fund contributions relate). In lieu of providing Mr. Danziger with a company car, we currently satisfy our automobile obligations with Mr. Danziger by paying him an amount in cash sufficient to cover the costs of his automobile on an after-tax basis. Mr. Danziger's employment agreement entitles him to 28 days of paid vacation per year; however, to the extent Mr. Danziger does not take his vacation, his employment agreement permits him to elect, on an annual basis, to either accumulate his accrued but unused vacation time for use in subsequent years or to receive an amount in cash equal to the base salary payable with respect to the number of accrued but unused vacation days.

Upon termination of Mr. Danziger's employment agreement for any reason, the employment agreement provides that we will assign all of our rights to the Managers Insurance Policy to Mr. Danziger, except that if Mr. Danziger's right to severance under Israeli Severance Pay Law is deprived under verdict (but only to the extent so deprived) or if Mr. Danziger impermissibly draws upon such policy (as described in the General Approval attached as an appendix to the employment agreement), as a result of which, in either case, Mr. Danziger will not be assigned the rights to such severance benefit policy. In addition, the compensation committee anticipates amending Mr. Danziger's employment agreement to provide for severance upon certain limited terminations of employment not to exceed 12 months' base salary and continuation of benefits, or, following a change of control, 24 months' base salary, two times his bonus and 24 months' benefit continuation, along with full acceleration of his outstanding equity awards.

Pursuant to his employment agreement, Mr. Danziger is subject to a duty of confidentiality and non-disclosure, and during his employment and for 12 months thereafter, Mr. Danziger agrees that he will not engage in the development, production, sales and/or marketing of tools for medical treatments by means of alternating electric fields anywhere in

the world other than for our exclusive benefit or otherwise solicit our business partners with respect to any such activities, and further, that he will not solicit, employ or offer to employ our employees or consultants.

Groenhuysen employment letter agreement

On December 23, 2011, we entered into an employment letter agreement with Wilhelmus Groenhuysen pursuant to which Mr. Groenhuysen serves as our Chief Financial Officer. Pursuant to his employment agreement, Mr. Groenhuysen was to receive an annual base salary of \$400,000 per year until January 1 of the year immediately following the completion of an initial public offering, at which time Mr. Groenhuysen's annual base salary would increase to \$550,000 per year; however, Mr. Groenhuysen's current base salary is \$600,600. During his employment, the employment agreement provides that Mr. Groenhuysen is eligible to receive a discretionary annual cash bonus of up to 50% of his annual base salary subject to successful achievement of performance goals set by our Board or compensation committee or our Chief Executive Officer in their sole discretion, and further subject to his continued employment through the payment date (which payment date will occur during the first quarter of the following calendar year).

Pursuant to Mr. Groenhuisen's employment agreement, we granted to Mr. Groenhuisen sign-on options to purchase 786,860 Ordinary Shares at a price per share of \$3.44. These sign-on options vested in four equal installments of 25% of the shares subject to the option on each of the first four anniversaries of his start date. Of these options, Mr. Groenhuisen has exercised his option to purchase 263,128 Ordinary Shares. Mr. Groenhuisen's employment agreement provides him with up to \$10,000 per calendar year for financial planning expenses. In addition, Mr. Groenhuisen's employment agreement entitles him to a monthly automobile allowance of \$1,100 per month.

Upon our termination of Mr. Groenhuisen's employment other than for cause or as a result of his death or disability or a termination of Mr. Groenhuisen's employment by Mr. Groenhuisen for good reason (as such terms are defined in Mr. Groenhuisen's employment agreement), then, subject to his execution without revocation of a release of claims, he will receive a lump sum payment equal to 12 months' base salary and, to the extent he timely elects COBRA continuation coverage and pays the full monthly premiums, a monthly amount equal to the full monthly premium for COBRA continuation coverage for the level of coverage in effect for Mr. Groenhuisen and his eligible dependents as of the date of termination, for up to 12 months following the date of termination. The compensation committee anticipates amending his employment agreement so that if such termination follows a change of control, Mr. Groenhuisen will also receive, in addition to the amounts specified, an additional amount not to exceed the amount of his bonus. In addition, the employment agreement provides that any unvested options would fully vest if a change of control had occurred during his employment or within six months following termination without cause or by him for good reason as of the date of such change of control. In addition, Mr. Groenhuisen's employment agreement provides that, in the event that Mr. Groenhuisen would be subject to the excise tax under Section 4999 of the Code, his payments will be reduced to the greatest amount payable that would not result in such tax, but only if it is determined such reduction would cause Mr. Groenhuisen to be better off, on a net after-tax basis, than without such reduction and payment of the excise tax under Section 4999 of the Code.

Pursuant to his employment agreement, Mr. Groenhuisen is subject to confidentiality and non-disparagement covenants, as well as covenants of non-competition and non-solicitation of employees, customers and suppliers during his employment and for 12 months thereafter.

Ambrogi employment letter agreement

On December 30, 2010, we entered into an employment letter agreement with Michael Ambrogi pursuant to which Mr. Ambrogi serves as our Chief Operating Officer. Pursuant to his employment agreement, Mr. Ambrogi was to receive an annual base salary of \$325,000 per year. Mr. Ambrogi's current base salary is \$354,900. During his employment, the employment agreement provides that Mr. Ambrogi is eligible to receive a discretionary annual cash bonus of up to 50% of his annual base salary subject to successful achievement of performance goals set by our Board or compensation committee or our Chief Executive Officer in their sole discretion, and further subject to his continued employment through the payment date (which payment date will occur during the first quarter of the following calendar year).

Upon our termination of Mr. Ambrogi's employment other than for cause or as a result of his death or disability or a termination of Mr. Ambrogi's employment by Mr. Ambrogi for good reason (as such terms are defined in Mr. Ambrogi's employment agreement), then, subject to his execution without revocation of a release of claims, he will receive a lump sum payment equal to 6 months' base salary and, to the extent he timely elects COBRA continuation coverage and pays the full monthly premiums, a monthly amount equal to the full monthly premium for COBRA continuation coverage for the level of coverage in effect for Mr. Ambrogi and his eligible dependents as of the date of termination, for up to 6 months following the date of termination. The compensation committee anticipates amending his employment agreement so that if such termination follows a change of control, Mr. Ambrogi will also receive, in addition to the amounts specified, an additional amount not to exceed the amount of his bonus. In addition, Mr. Ambrogi's employment agreement provides that, in the event that Mr. Ambrogi would be subject to the excise tax

under Section 4999 of the Code, his payments will be reduced to the greatest amount payable that would not result in such tax, but only if it is determined such reduction would cause Mr. Ambrogi to be better off, on a net after-tax basis, than without such reduction and payment of the excise tax under Section 4999 of the Code.

Pursuant to his employment agreement, Mr. Ambrogi is subject to confidentiality and non-disparagement covenants, as well as covenants of non-competition and non-solicitation of employees, customers and suppliers during his employment and for 6 months thereafter.

Other compensation practices and policies

Tax considerations

Section 162(m) of the Code generally disallows a federal income tax deduction to public companies for compensation greater than \$1.0 million paid for any fiscal year to a company's chief executive officer and to certain other highly compensated executive officers.

33

Our Board has not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation because we were not previously a public company. We expect that our compensation committee will adopt a policy at some point in the future that, where reasonably practicable and advisable, as determined by the compensation committee in the best interests of our company, will seek to qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m). Until such policy is implemented and thereafter as may be permitted thereunder, our compensation committee may, in its judgment, authorize compensation payments that do not consider the deductibility limit imposed by Section 162(m) when it believes that such payments are appropriate to attract, incentivize and retain executive talent. Under a transition rule in the regulations issued under Section 162(m) of the Code, for the Reliance Period (as described above), the deduction limits do not apply to any compensation paid pursuant to a compensation plan or agreement that existed when the company was not publicly held.

Policy regarding the timing of equity awards

There has been no market for our Ordinary Shares prior to the IPO. Accordingly, prior to the IPO, we had no program, plan or practice pertaining to the timing of stock option grants to executive officers coinciding with the release of material non-public information. We do not, as of yet, have any plans to implement such a program, plan or practice. However, we intend to implement policies to ensure that equity awards are granted at fair market value on the date of grant as well as any policies required by applicable securities law requirements.

Stock ownership policies

We have not established stock ownership or similar guidelines with regard to our executive officers. All of our executive officers currently have a direct or indirect equity interest in us through their stock and/or stock option holdings, and we believe that they regard the potential returns from these interests as a significant element of their potential compensation for services to us.

Recoupment policy

We currently do not have a recoupment policy to adjust or recover bonuses or incentive compensation paid to executive officers where such bonuses or payments were based on financial statements that were subsequently restated or otherwise amended in a manner that would have reduced the size of such bonuses or payments. Upon the consummation of the IPO, we became subject to the recoupment requirements under the Sarbanes-Oxley Act, the Dodd-Frank Wall Street Reform and Consumer Protection Act and other applicable laws. We expect to implement a recoupment policy once final guidance has been issued so that our recoupment policy may satisfy all then-applicable requirements and regulations (including disclosure obligations with respect to such policy).

Risk considerations in our compensation program

We believe that the mix and design of the elements of our employee compensation policies and practices do not motivate imprudent risk-taking. Consequently, we are satisfied that any potential risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on us.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

Brokers with account holders who are Novocure shareholders may be "householding" our proxy materials. A single proxy statement and annual report may be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may notify your broker or direct your written request to: Investor Relations, at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355. Shareholders who currently receive multiple copies of the proxy statement and annual report at their address and would like to request "householding" of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the documents was delivered.

Presentation of Accounts

Under Jersey law, the directors are required to present the accounts of the company and the reports of the directors and auditors before shareholders at a general meeting. Therefore, our accounts for the fiscal year ended December 31, 2015 will be presented to the shareholders at the Annual Meeting.

Other Matters

As of the date of this Proxy Statement, the board of directors does not intend to present any matters other than those described herein at the Annual Meeting and is unaware of any matters to be presented by other parties. If other matters are properly brought before the meeting for action by the shareholders, proxies will be voted in accordance with the

recommendation of the Board or, in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

Annual Reports

Our Annual Report (which is not a part of our proxy soliciting materials) will be mailed with this Proxy Statement to those shareholders that request and receive a copy of the proxy materials in the mail. Shareholders that received the Notice of Internet Availability can access the Annual Report and this Proxy Statement on the website referenced on the Notice of Internet Availability. The Annual Report and this Proxy Statement are also available on our investor relations website at www.novocure.com and at the SEC's website at www.sec.gov.

Upon written request by a Novocure shareholder, we will mail without charge a copy of our Annual Report, including our Annual Report on Form 10-K and the financial statements and financial statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to Investor Relations, at 20 Valley Stream Parkway, Suite 300, Malvern, Pennsylvania 19355.
