Item 1.01 Entry Into a Material Definitive Agreement

On September 26, 2017, DURECT Corporation (“DURECT” or the “Company”) entered into a Patent Purchase Agreement (the “Agreement”) with Indivior UK Limited (“Indivior”). Pursuant to the Agreement, DURECT has assigned to Indivior certain patents that may provide further intellectual property protection for RBP-7000, Indivior’s investigational once-monthly injectable risperidone product for the treatment of schizophrenia. In consideration for such assignment, Indivior has made an upfront non-refundable payment to DURECT of \$12.5 million, and has also agreed to make an additional \$5 million payment to DURECT contingent upon the achievement of a regulatory milestone, as well as quarterly earn-out payments that are based on a single digit percentage of U.S. net sales for certain products covered by the assigned patent rights, including RBP-7000. The assigned patent rights include granted patents extending through at least 2026. DURECT also receives a non-exclusive right under the assigned patents to develop and commercialize certain risperidone-containing products and products that do not contain risperidone or buprenorphine. The agreement contains customary representations, warranties and indemnities of the parties.
