Annual Meeting of Stockholders
June 11, 2015
PROXY STATEMENT

GENERAL INFORMATION ABOUT THE 2015 ANNUAL MEETING

Why Am I Receiving Proxy Materials?

The Board of Directors (the Board) of HC2 Holdings, Inc. (HC2 or the Company) is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders (the 2015 Annual Meeting) to be held at the offices of Jenner & Block LLP, 919 Third Avenue, 38th Floor, New York, New York 10022, on June 11, 2015, at 10:00 a.m., Eastern Daylight Saving Time, and any adjournments or postponements of the 2015 Annual Meeting. This Proxy Statement is dated April 30, 2015 and HC2 expects to mail the Notice of Internet Availability of Proxy Materials (the Notice) to all stockholders entitled to vote at the 2015 Annual Meeting on or about May 1, 2015. The purpose of the 2015 Annual Meeting and the matters to be acted upon are set forth in this Proxy Statement, the Notice of Annual Meeting of Stockholders and the Notice.

Why Did I Receive a One-Page Notice of Internet Availability of Proxy Materials, or the Notice, this Year Instead of a Full Set of Proxy Materials?

The rules and regulations of the U.S. Securities and Exchange Commission (the SEC) allow us to furnish proxy materials, including this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2014, by providing access to such documents on the Internet instead of mailing a printed copy of such proxy materials to each shareholder of record. The Notice provides instructions on how to access and review all of the proxy materials and how to submit your proxy on the Internet. As described in the Notice, any stockholder, at no cost to the stockholder, may request to receive proxy materials in printed form by mail or electronically by e-mail. If you would like to receive a printed or e-mail copy of the proxy materials, you should follow the instructions for requesting such materials in the Notice. Our Proxy Statement and Annual Report on Form 10-K for the year ended December 31, 2014 are available at www.proxyvote.com and under the Investor Relations—Proxy Materials section of our website at www.hc2.com.

Who Can Vote?

Stockholders who owned HC2's common stock, Series A Convertible Participating Preferred Stock (Series A Preferred Stock), Series A-1 Convertible Participating Preferred Stock (Series A-1 Preferred Stock) and Series A-2 Convertible Participating Preferred Stock (Series A-2 Preferred Stock) and, together with the Series A Preferred Stock and Series A-1 Preferred Stock, the Preferred Stock) as of the close of business on April 15, 2015 are entitled to vote at the 2015 Annual Meeting.

How Many Votes Do I Have?

Each share of common stock then outstanding on the record date entitles the holder thereof to one vote, without cumulation, on each matter to be voted upon at the meeting. Holders of Preferred Stock will vote together as a single class with holders of common stock, on an as-converted basis, with respect to all matters except the election of Mr. Tseung, or the Preferred Elected Director (as defined below under Proposal 1—Election of Directors). Holders of Series

Edgar Filing: HC2 Holdings, Inc. - Form DEF 14A

A Preferred Stock and Series A-1 Preferred Stock will vote together as a separate class for the election of the Preferred Elected Director, with each share of Series A Preferred Stock and Series A-1 Preferred Stock entitling the holder thereof to one vote on that matter.

As of the record date for the 2015 Annual Meeting, there were (i) 25,369,260 shares of common stock outstanding, (ii) 30,000 shares of Series A Preferred Stock outstanding, or 7,601,933 shares of common stock on an as-converted basis, (iii) 10,500 shares of Series A-1 Preferred Stock outstanding, or 2,473,059 shares of

common stock on an as-converted basis, and (iv) 14,000 shares of Series A-2 Preferred Stock outstanding, or 1,696,969 shares of common stock on an as-converted basis, or a total of 37,141,221 shares of common stock (including the Preferred Stock on an as-converted basis) outstanding and entitled to vote.

How Do I Vote?

Whether or not you plan to attend the 2015 Annual Meeting, we urge you to vote by proxy. If you vote by proxy, the individuals named on the proxy card, or your proxies, will vote your shares in the manner you indicate. You may specify whether your shares should be voted (i) for the nominees for director or withheld from the nominees for director (or any one or more nominees), and (ii) for, against or abstain with respect to the non-binding vote to approve the compensation of our named executive officers. Unless a stockholder gives instructions to the contrary, shares of our voting stock represented by proxies will be voted in accordance with the Board's recommendation. Voting by proxy will not affect your right to attend the 2015 Annual Meeting.

If your shares are registered directly in your name through our stock transfer agent, Broadridge Corporate Issuer Solutions, Inc., or you have stock certificates registered in your name, you may vote:

- **By Internet or by telephone.** Follow the instructions included in the Notice to vote by Internet or telephone. Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Saving Time, on June 10, 2015.
- **By mail.** As described in the Notice, you may request printed proxy materials, in which case you may complete, sign and return the proxy card in the postage pre-paid envelope accompanying the proxy materials so that it is received prior to the 2015 Annual Meeting.
- **In person at the 2015 Annual Meeting.** If you attend the 2015 Annual Meeting, you may deliver your completed proxy card in person or you may vote your shares in person by completing a ballot, which will be available at the 2015 Annual Meeting.

If your shares are held in street name (meaning the shares are held in the name of a bank, broker or other nominee who is the record holder), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

- **By Internet or by telephone.** Follow the instructions you receive from the bank, broker or other nominee to vote by Internet or telephone.
- **By mail.** You will receive instructions from the bank, broker or other nominee explaining how to vote your shares.
- **In person at the 2015 Annual Meeting.** Contact the bank, broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the 2015 Annual Meeting. You will not be able to vote in person at the 2015 Annual Meeting unless you have a proxy card from your bank, broker or other nominee.

How Does the Board Recommend that I Vote on the Proposals?

The Board recommends that you vote as follows:

- **FOR** the election of the five (5) nominees identified in this Proxy Statement as directors (Proposal 1); and
- **FOR** the approval, by non-binding vote, of the compensation of our named executive officers (also known as a Say on Pay vote) (Proposal 2).

If any other matter is presented at the 2015 Annual Meeting, including a proposal to adjourn or postpone the 2015 Annual Meeting to permit the Company to solicit additional proxies in favor of any proposal, your proxy provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her discretion. As of the time this Proxy Statement was printed, we knew of no matters that need to be acted on at the 2015 Annual Meeting, other than those described in this Proxy Statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may change or revoke it at any time before the 2015 Annual Meeting or, if you attend the 2015 Annual Meeting in person, at the 2015 Annual Meeting.

2

TABLE OF CONTENTS

If you hold your shares as a record holder, you may change or revoke your proxy in any one of the following ways:

- By re-voting at a subsequent time by Internet or by telephone as instructed above;
- By signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;
- By delivering a signed revocation letter to Andrea L. Mancuso, the Company's Corporate Secretary, at the Company's address above before the 2015 Annual Meeting, which states that you have revoked your proxy; or
- By attending the 2015 Annual Meeting and voting in person. Attending the 2015 Annual Meeting in person will not in and of itself revoke a previously submitted proxy. You must specifically request at the 2015 Annual Meeting that it be revoked.

Your latest dated proxy card, Internet or telephone vote is the one that is counted.

If your shares are held in the name of a bank, broker or other nominee, you may change your voting instructions by following the instructions of your bank, broker or other nominee.

What if I Receive More Than One Notice or Proxy Card?

You may receive more than one Notice or, if you have requested proxy materials, more than one proxy card, if you hold shares of our common stock or Preferred Stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under **How Do I Vote?** for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Vote or Instruct my Nominee How to Vote?

If your shares are registered in your name, they will not be voted if you do not vote by Internet, by telephone, by completing, signing and returning your proxy card, if you have requested printed proxy materials, or in person at the 2015 Annual Meeting, as described above under **How Do I Vote?**

With respect to shares held in street name, your bank, broker or other nominee generally has the discretionary authority to vote uninstructed shares on routine matters, but cannot vote such uninstructed shares on non-routine matters. A broker non-vote will occur if your bank, broker or other nominee cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your bank, broker or other nominee chooses not to vote on a matter for which it does have discretionary voting authority. Proposals 1 and 2 are considered non-routine matters under applicable rules, and therefore your bank, broker or other nominee does not have discretionary authority to vote your uninstructed shares on such matters. Therefore, if you hold your shares in street name, it is critical that you instruct your bank, broker or other nominee how to vote if you want your vote to be counted.

TABLE OF CONTENTS

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1:

Elect Directors

- a. Mr. Tseung, or the Preferred Elected Director, must be elected by the affirmative vote of the holders of more than 75% of HC2's outstanding Series A Preferred Stock and Series A-1 Preferred Stock, voting together as a separate class. Holders of Series A Preferred Stock and Series A-1 Preferred Stock may vote either FOR the Preferred Elected Director or WITHHOLD their vote from the Preferred Elected Director. Votes that are withheld will not be considered as affirmatively voting for the Preferred Elected Director. Broker non-votes will have the same effect as a WITHHOLD vote for the Preferred Elected Director.
- b. Messrs. Barr, Falcone, Leffler and Pons are to be elected by a plurality of the votes received from holders of HC2's common stock and Preferred Stock, voting as a single class and with the Preferred Stock voting on an as-converted basis. This means that the four nominees who receive the most FOR votes will be elected. Voting stockholders may vote either FOR each of these nominees or WITHHOLD their votes from each of these nominees. Votes that are withheld will not be included in the vote tally for the election of these directors. Broker non-votes will have no effect on the outcome of the election of these directors.

Proposal 2:

Approval, by non-binding vote, of the compensation of our named executive officers

The favorable vote of a majority of the votes cast by stockholders will constitute the stockholders' non-binding approval of the compensation of our named executive officers.

Abstentions and broker non-votes will have no effect on the outcome of this proposal.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by e-mail or other electronic means or by telephone. We will pay these directors and employees no additional compensation for these services. We will ask banks, brokers and other nominees to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their reasonable, out-of-pocket expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the voting power of the capital stock of HC2 issued and outstanding and entitled to vote at the 2015 Annual Meeting, including its common stock and Preferred Stock, on an as-converted basis, is necessary to constitute a quorum at the 2015 Annual Meeting, except with respect to the vote to elect the Preferred Elected Director, for which a majority of the voting power of HC2's issued and outstanding Series A Preferred Stock and Series A-1 Preferred Stock present, in person or by proxy, shall constitute a quorum entitled to take action on that matter. Votes of stockholders of record who are present at the 2015 Annual Meeting in person or by proxy and abstentions will be counted for purposes of determining whether a quorum exists, but broker non-votes will not be counted for purposes of determining a quorum. A quorum is necessary before business may be transacted at the 2015 Annual Meeting except that, even if a quorum is not present, with respect to some or all matters to be voted upon, the chairman of the 2015 Annual Meeting or the holders of shares having a

majority of the voting power present, in person or by proxy, with respect to the matter or matters to be voted upon, shall have the power to adjourn the 2015 Annual Meeting from time to time until a quorum is present with respect to such matter or matters to be voted upon. As of the record date for the 2015 Annual Meeting, there were (i) 25,369,260 shares of common stock outstanding, (ii) 30,000 shares of Series A Preferred Stock outstanding, or 7,601,933 shares of common stock on an

4

TABLE OF CONTENTS

as-converted basis, (iii) 10,500 shares of Series A-1 Preferred Stock outstanding, or 2,473,059 shares of common stock on an as-converted basis, and (iv) 14,000 shares of Series A-2 Preferred Stock outstanding, or 1,696,969 shares of common stock on an as-converted basis, or a total of 37,141,221 shares of common stock (including the Preferred Stock on an as-converted basis) outstanding and entitled to vote. Thus, the holders of 18,570,611 shares of common stock or its equivalents must be present in person or represented by proxy at the meeting to have a quorum for the transaction of business, except that the holders of 20,251 shares of Series A Preferred Stock and Series A-1 Preferred Stock must be present in person or represented by proxy at the meeting to have a quorum for the vote to elect the Preferred Elected Director.

How do I Attend the 2015 Annual Meeting?

The 2015 Annual Meeting will be held on Thursday, June 11, 2015 at 10:00 a.m., Eastern Daylight Saving Time, at the offices of Jenner & Block LLP, 919 Third Avenue, 38th Floor, New York, New York 10022. You do not need to attend the 2015 Annual Meeting in order to vote. You must bring with you proof of HC2 stock ownership as of the close of business on April 15, 2015, which is the record date for the 2015 Annual Meeting, and a valid personal photo identification card, such as a driver's license or passport, in order to be admitted to the 2015 Annual Meeting. The purpose of this requirement is to assist us in verifying that you are a stockholder of HC2. Should you require directions to the 2015 Annual Meeting, please call (703) 456-4100.

TABLE OF CONTENTS

**ELECTION OF DIRECTORS
(PROPOSAL 1)**

The size of our Board is determined by resolution of the Board, subject to the requirements of our Second Amended and Restated Certificate of Incorporation (as amended, the Certificate of Incorporation) and Second Amended and Restated By-laws (as amended, the By-laws). Our Board currently consists of the following five directors: Wayne Barr, Jr., Philip A. Falcone, Robert V. Leffler, Robert M. Pons and Daniel Tseung. The Board will continue to evaluate the size of the Board and make adjustments as needed to meet the current and future needs of the Company.

At our 2014 Annual Meeting, each of Philip A. Falcone, Wayne Barr, Jr., and Robert M. Pons was elected to serve until our 2015 Annual Meeting, as provided by our By-laws. On September 26, 2014, the Board appointed each of Robert V. Leffler and Daniel Tseung to the Board, effective September 29, 2014.

Pursuant to the terms of the Company's Series A Preferred Stock and Series A-1 Preferred Stock, for so long as the holders of such Preferred Stock maintain a minimum ownership threshold of HC2's voting stock, the holders of the Series A Preferred Stock and Series A-1 Preferred Stock are entitled as a class, to the exclusion of all other classes of voting stock, to elect at least one director, which number may be increased based on such holders' ownership of HC2's voting stock relative to their Board representation (the Preferred Elected Director). The holders of the Series A Preferred Stock and Series A-1 Preferred Stock have designated Mr. Tseung as the Preferred Elected Director.

At the 2015 Annual Meeting, at the recommendation of our Nominating and Governance Committee, our Board has nominated each of Messrs. Barr, Falcone, Leffler, Pons and Tseung for election as a director, to hold office until the Annual Meeting of Stockholders in 2016 and until his successor is duly elected and qualified.

The Preferred Elected Director must be elected by the affirmative vote of the holders of more than 75% of HC2's outstanding Series A Preferred Stock and Series A-1 Preferred Stock, voting together as a separate class. Messrs. Barr, Falcone, Leffler and Pons are to be elected by a plurality of the votes received from holders of HC2's common stock and Preferred Stock, voting as a single class and with the Preferred Stock voting on an as-converted basis.

The proxy holders intend to vote each proxy received from stockholders of record for the election of each of these nominees, unless otherwise instructed.

Each director nominee has consented to be named as a nominee in this Proxy Statement, and we expect each nominee to be able to serve if elected. If any nominee is not able to serve, proxies may be voted for a substitute nominee, or, in the discretion of the Board, the position may be left vacant.

The principal occupations and certain other information about the nominees (including the skills and qualifications that led to the conclusion that they should serve as directors) are set forth below.

The Board unanimously recommends a vote FOR the election of Messrs. Barr, Falcone, Leffler, Pons and Tseung as directors.

TABLE OF CONTENTS**BOARD OF DIRECTORS****Information Regarding Directors**

Set forth below is certain information with respect to our directors nominated for election. This information has been provided by each director at the request of the Company. None of the directors is related to any other director or to any executive officer of the Company. Each of our current directors has been nominated by our Board for election at the 2015 Annual Meeting, to hold office until the Annual Meeting of Stockholders in 2016 and until his successor is duly elected and qualified.

Certain Legal Proceedings Affecting Mr. Falcone

On September 16, 2013, the United States District Court for the Southern District of New York entered a final Judgment (the Final Judgment) approving a settlement between the SEC and Harbinger Capital, Harbinger Capital Partners Special Situations GP, LLC, Harbinger Capital Partners Offshore Manager, L.L.C., and Philip A. Falcone (collectively, the HCP Parties), in connection with two civil actions previously filed against the HCP Parties by the SEC. One civil action alleged that Harbinger Capital Partners Special Situations GP, LLC, Harbinger Capital Partners Offshore Manager, L.L.C., and Mr. Falcone violated the anti-fraud provisions of the federal securities laws by engaging in market manipulation in connection with the trading of the debt securities of a particular issuer from 2006 to 2008. The other civil action alleged that Harbinger Capital and Mr. Falcone violated the anti-fraud provisions of the federal securities laws in connection with a loan made by Harbinger Capital Partners Special Situations Fund, L.P. to Mr. Falcone in October 2009 and in connection with the circumstances and disclosure regarding alleged preferential treatment of, and agreements with, certain fund investors.

The Final Judgment bars and enjoins Mr. Falcone for a period of five years (after which he may seek to have the bar and injunction lifted) from acting as or being an associated person of any broker, dealer, investment adviser, municipal securities dealer, municipal adviser, transfer agent, or nationally recognized statistical rating organization (as those terms are defined under the federal securities laws, collectively, the Specified Entities).

During the period of the bar, Mr. Falcone may remain associated with Harbinger Capital and certain other Harbinger Capital-related entities, provided that, during such time, Mr. Falcone's association will be limited as set forth in the Final Judgment. The HCP Parties must take all actions reasonably necessary to expeditiously satisfy all redemption requests of investors in the Harbinger Capital-related funds, which may include the orderly disposition of Harbinger Capital-related fund assets. In addition, during the bar period, the HCP Parties and certain Harbinger Capital-related entities may not raise new capital or make capital calls from existing investors. The Final Judgment requires the HCP Parties to pay disgorgement, prejudgment interest, and civil penalties totaling approximately \$18 million. In addition, certain of the activities of the HCP Parties at the Harbinger Capital-related funds will be subject to the oversight of an independent monitor for two years.

Additionally, on October 7, 2013, HRG, Fidelity & Guaranty Life (formerly, Harbinger F&G, LLC), a subsidiary of HRG, Fidelity & Guaranty Life Insurance Company of New York (FGL NY Insurance), a subsidiary of FGL, and Mr. Falcone delivered a commitment (the NYDFS Commitment) to the New York State Department of Financial Services (NYDFS) pursuant to which Mr. Falcone agreed for a period of up to seven years that he will not, directly or indirectly, individually or through any person or entity, exercise control (within the meaning of Insurance Law § 1501(a)(2)) over FGL NY Insurance or any other New York-licensed insurer. In connection with the NYDFS Commitment, neither Mr. Falcone nor any employee of Harbinger Capital, may (i) serve as a director or officer of FGL or (ii) be involved in making investment decisions for FGL's portfolio of assets or any funds withheld account supporting credit for reinsurance for FGL. The NYDFS Commitment provides that: (i) Mr. Falcone may continue to own any direct or indirect interest in HRG and serve as an officer or director of HRG and (ii) HRG may continue to own any direct or indirect interest in FGL NY Insurance and any other New York-licensed insurer. Any other activities related solely to FGL (other than FGL NY Insurance) are not prohibited and HRG executives may continue

to serve on FGL's board of directors. In addition, in connection with its re-domestication to Iowa, on October 7, 2013, Fidelity & Guaranty Life Insurance Company (FGL Insurance), a subsidiary of FGL, agreed to the conditions set by the Iowa Insurance Commissioner (together with the NYDFS Commitment, the Commitments) that neither Mr. Falcone nor any

employees of Harbinger Capital may serve as an officer or director of FGL Insurance or FGL (but FGL Insurance may request that the Iowa Insurance Division lift this restriction after five years) and neither Mr. Falcone nor Harbinger Capital will be involved in making investment decisions for FGL Insurance or any funds withheld account that supports credit for reinsurance for FGL Insurance for five years.

Director Independence

HC2's common stock is listed on the NYSE MKT LLC (the NYSE MKT) under the symbol HCHC. Under the corporate governance listing standards of the NYSE MKT, at least a majority of the Company's directors, and all of the members of the Company's Audit Committee, Compensation Committee and Nominating and Governance Committee, must meet the test of independence as defined under the listing standards of the NYSE MKT. The NYSE MKT listing standards provide that to qualify as an independent director, in addition to satisfying certain bright-line criteria, the Board must affirmatively determine that a director has no material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. We have also adopted director independence standards included in our Guidelines (as defined below under —Corporate Governance Guidelines), which our Board uses to determine if a particular director is independent.

In addition to the independence standards discussed above, members of the Audit Committee must satisfy enhanced independence requirements established by the SEC and the NYSE MKT for audit committee members. Specifically, members of the Audit Committee may not accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation and they may not be an affiliated person of Company or any of its subsidiaries.

Finally, in affirmatively determining the independence of any director who will serve on the Compensation Committee, the Board must consider all factors specifically relevant to determining whether a director has a relationship to the Company that is material to that director's ability to be independent from management in connection with the duties of a member of the Compensation Committee, including (1) the source of compensation of the director, including any consulting, advisory or other compensatory fee paid by the Company to such director; and (2) whether the director is affiliated with the Company, its subsidiaries or its affiliates.

In March 2015, the Board undertook a review of director independence. During this review, the Board considered, among other things, relationships and transactions during the past three years between each director or any member of his or her immediate family, on the one hand, and the Company and its subsidiaries and affiliates, on the other hand. The purpose of the review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent as defined under the NYSE MKT listing standards and our Guidelines, as well as the additional independence requirements applicable to Audit Committee and Compensation Committee members. Based on the review, our Board has affirmatively determined that Messrs. Barr, Leffler and Tseung are independent directors under NYSE MKT listing standards and our Guidelines and are independent for purposes of serving on the Audit Committee, Compensation Committee and Nominating and Governance Committee.

Board Committees

The Board maintains standing Audit, Compensation, and Nominating and Governance Committees.

Audit Committee and Audit Committee Financial Expert

During the year ended December 31, 2014, the Audit Committee held four meetings. The Audit Committee consists of Wayne Barr, Jr. (Chairman), Robert V. Leffler and Daniel Tseung. Our Board has determined that Mr. Tseung qualifies as an audit committee financial expert as such term is defined in Item 407(d)(5) of Regulation S-K

promulgated by the SEC. The Board has considered the qualifications of the current members of the Audit Committee and has determined that they possesses the skills necessary to review and analyze the Company's financial statements and processes and to fulfill their other duties in accordance with the terms of the Audit Committee Charter.

The Audit Committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing the Company's independent registered public accounting firm, pre-approving all audit and non-audit services by the independent registered public accounting firm, reviewing the scope of the audit plan and the

results of each audit with management and the independent registered public accounting firm, reviewing the Company's internal audit function, reviewing the adequacy of the Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in the Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to the Company's code of conduct (the Code of Conduct) and other policies and procedures regarding adherence with legal requirements. The Audit Committee's duties are set forth in the Audit Committee Charter. A copy of the Audit Committee Charter is available under the Investor Relations—Corporate Governance section of our website at www.hc2.com.

Compensation Committee

During the year ended December 31, 2014, the Compensation Committee held four meetings. The Compensation Committee consists of Robert V. Leffler (Chairman), Wayne Barr, Jr. and Daniel Tseung.

The Compensation Committee is primarily responsible for fixing the compensation of our Chief Executive Officer (our CEO), our other executive officers and our directors, deciding other compensation matters such as those relating to the operation of our 2014 Omnibus Equity Award Plan (the Omnibus Plan), or any other compensation plan that may be adopted from time to time, including the award of equity instruments under the Omnibus Plan or other compensation plans, and administering and approving the Company's annual incentive plan, if any. The CEO (or other principal executive officer, as applicable) recommends to the Compensation Committee the compensation for the other executive officers. The Delaware General Corporation Law (the DGCL) generally permits the Compensation Committee to delegate its authority and responsibilities to subcommittees consisting of one or more members of such committee. A copy of the Compensation Committee Charter is available under the Investor Relations—Corporate Governance section of our website at www.hc2.com.

Nominating and Governance Committee

During the year ended December 31, 2014, the Nominating and Governance Committee held one meeting. The Nominating and Governance Committee consists of Wayne Barr, Jr. (Chairman), Robert V. Leffler and Daniel Tseung.

The Nominating and Governance Committee is responsible for (i) identifying, reviewing and evaluating candidates to serve as directors of the Company, (ii) serving as a focal point for communication between such candidates, non-committee directors and the Company's senior management, (iii) recommending such candidates to the Board, and (iv) making such other recommendations to the Board regarding the governance affairs relating to the directors of the Company (excluding director compensation, which is the responsibility of the Compensation Committee) and advising the Board with respect to Board composition, procedures and committees. The Nominating and Governance Committee's duties are set forth in the Nominating and Governance Committee Charter. A copy of the Nominating and Governance Committee Charter is available under the Investor Relations—Corporate Governance section of our website at www.hc2.com.

Corporate Governance Guidelines

The Board has approved, following recommendation by the Nominating and Governance Committee, Corporate Governance Guidelines (the Guidelines), which address director qualifications and independence standards, responsibilities of the Board, access to management and independent advisors, certain Board compensation matters, procedures for review of related party transactions, Board orientation and continuing education, Board committees, succession planning, communications with stockholders and the media, and certain matters with respect to our Code of Conduct. A copy of the Guidelines is available under the Investor Relations—Corporate Governance section of our

website at www.hc2.com.

Director Nomination Process

The Nominating and Governance Committee has the primary responsibility for identifying, evaluating, reviewing and recommending qualified candidates to serve on the Board. The Nominating and Governance Committee considers the following factors set forth in the Nominating and Governance Committee Charter in selecting candidates for Board service: experience, skills, expertise, diversity (Diversity Considerations), personal and professional integrity, character, business judgment, sufficient time to devote to Board matters,

11

TABLE OF CONTENTS

conflicts of interest and other relevant factors deemed appropriate in the context of the needs of the Board. In evaluating Diversity Considerations, the Nominating and Governance Committee utilizes an expansive definition of diversity that includes differences of experience, education and talents, among other things. While the Nominating and Governance Committee does not have a formal diversity policy, it seeks to achieve a range of talents, skills and expertise on the Board and evaluates each nominee with regard to the extent to which he or she contributes to this overall mix.

The Nominating and Governance Committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company's advisors, and executive search firms. The Nominating and Governance Committee will consider director candidates recommended by stockholders, in accordance with the procedures described below under the heading Other Matters—Stockholder Proposals, and will evaluate such director candidates in the same manner that it evaluates candidates recommended by other sources. For those potential new director candidates who appear upon first consideration to meet the Board's selection criteria, the Nominating and Governance Committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates. Directors are obligated to complete orientation training concerning the Company and to comply with limitations on outside activities that directors may engage in without Board approval.

If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2016 Annual Meeting, such stockholder must follow the procedures described below under the heading Other Matters—Stockholder Proposals.

The Nominating and Governance Committee is responsible for reviewing and making a recommendation to the Board regarding the continued service of the Company's directors, (i) based upon service to the Company during a director's term, attendance, participation, quality of performance and actual or potential conflicts of interest, and (ii) in the event an employee director's employment with the Company is terminated for any reason or a non-employee director changes his/her primary job responsibility since the time such director was most recently elected to the Board. The Guidelines provide that members of the Company's management serving on the Board who cease to serve as a member of the Company's management shall offer his or her resignation from the Board effective on the last date of employment; while the Board need not accept such offer of resignation, in general a member of the Company's management shall not continue to serve as a member of the Board following such cessation of employment. The Guidelines also provide that members of the Board will offer to resign from the Board upon the occurrence of certain specified sanctions, charges or admissions of fault or liability, subject to the Board's refusal to accept such resignations in certain circumstances.

The Nominating and Governance Committee Charter and the Guidelines are intended to provide a flexible set of criteria for the effective functioning of the Company's director nomination process. The Nominating and Governance Committee intends to review its Charter and the Guidelines at least annually and anticipates that modifications may be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The Nominating and Governance Committee may recommend to the Board for approval amendments to the Nominating and Governance Committee Charter and Guidelines at any time.

Pursuant to the terms of the Company's Series A Preferred Stock and Series A-1 Preferred Stock, which are set forth in the Certificate of Incorporation, for so long as the holders of such Preferred Stock maintain a minimum ownership threshold of HC2's voting stock, the holders of the Series A Preferred Stock and Series A-1 Preferred Stock are entitled as a class, to the exclusion of all other classes of voting stock, to elect the Preferred Elected Director. Subject to the Preferred Elected Director meeting applicable independence standards, the Preferred Elected Director is also entitled to be a member of each of the Board's committees, including our Audit Committee, Compensation Committee and Nominating and Governance Committee.

The holders of the Series A Preferred Stock and Series A-1 Preferred Stock have designated Mr. Tseung as the Preferred Elected Director, which the holders of the Series A Preferred Stock and Series A-1 Preferred Stock are entitled to elect. At the recommendation of our Nominating and Governance Committee, our Board has nominated the Preferred Elected Director for election as a director at the 2015 Annual Meeting.

The Corporate Secretary will review and forward all communications from stockholders or other interested parties to the intended recipient, except for those communications from stockholders or other interested parties that are outside the scope of Board matters or duplicative of other communications by the applicable stockholder or interested party and previously forwarded to the intended recipient.

Annual Meeting Attendance

During the year ended December 31, 2014, our Board held seven meetings. During 2014, each of our incumbent directors attended more than 75% of the aggregate number of meetings of our Board held during the period in which he was a director and the committees on which he served during the periods that he served. Directors are expected, absent schedule conflicts, to attend our Annual Meeting of Stockholders each year. All our then-serving directors attended the 2014 Annual Meeting of Stockholders.

Code of Conduct

We have adopted a Code of Conduct applicable to all directors, officers and employees, including the CEO, senior financial officers and other persons performing similar functions. The Code of Conduct is a statement of business practices and principles of behavior that support our commitment to conducting business in accordance with the highest standards of business conduct and ethics. Our Code of Conduct covers, among other things, compliance resources, conflicts of interest, compliance with laws, rules and regulations, internal reporting of violations and accountability for adherence to the Code of Conduct. A copy of the Code of Conduct is available under the Investor Relations—Corporate Governance section of our website at www.hc2.com. Any amendment of the Code of Conduct or any waiver of its provisions for a director or executive officer must be approved by the Board or a duly authorized committee thereof and will be publicly disclosed as may be required by applicable SEC or NYSE MKT rules and regulations.

Board Leadership Structure

From January 1, 2014 to January 15, 2014, the role of Chairman and principal executive officer was split. From January 1, 2014, until January 14, 2014, Mark Holliday was the Chairman of the Board until his resignation, effective January 15, 2014. During the same period, Robert M. Pons was the Company's President and Chief Executive Officer. During this period, the Board believed that the separation of the roles of Chairman and CEO allowed our CEO to focus his attention on managing the daily operations of the Company, while our Chairman could provide leadership to the Board and focus on his duties as such. After reevaluating the separation of Chairman and the principal executive officer, the Board determined to return to a leadership structure consisting of a combined Chairman and principal executive officer, and a Lead Independent Director. As such, from January 15, 2014 through May 20, 2014, Mr. Pons was the Executive Chairman. The Board continued the structure of a combined Chairman and principal executive officer, together with a Lead Independent Director, upon the appointment of Mr. Falcone as Chairman, President and Chief Executive Officer of the Company on May 21, 2014. The Board believes that this joint position provides it with the ability to perform its oversight role over management with the benefit of a management perspective as to the Company's business strategy and all other aspects of the business. Mr. Barr currently serves as HC2's Lead

Independent Director.

The Chairman of the Board's duties include:

- presiding over all meetings and strategy sessions of the Board;
- preparing the agenda for Board meetings with the Corporate Secretary and in consultation with the other members of the Board;

13

TABLE OF CONTENTS

- ensuring information flows openly between senior management and the Board; and
- presiding over all meetings of stockholders.

The Lead Independent Director's duties include:

- convening executive sessions of the independent directors;
- setting the agenda of and leading meetings of the independent directors;
- briefing the Chairman and principal executive officer regarding issues arising during executive sessions, as necessary;
- collaborating with the Chairman and principal executive officer to determine the Board agenda and Board information following consultations with the independent directors and the committee chairpersons; and
- facilitating Board communication among the independent directors outside of Board meetings.

The Board has the discretion to elect a Chairman from time to time. The Chairman may be removed as Chairman at any time by a majority of the members of the Board. The Guidelines provide that in the event the Chairman is not an independent director, the Board shall select another director to serve as Lead Independent Director from among the members of the Board that are determined at that time by the Board to be independent.

Board Role in Risk Oversight

The Board supervises and has control over the Company's governance and compliance processes and procedures. As part of this role, the Board has overall responsibility for risk supervision, with a focus on material risks facing the Company. The Board primarily discharges its risk supervision responsibilities through its Audit Committee and Compensation Committee functions, each of which reports its activities to the Board. The risk supervision responsibilities of the Board's committees include the following:

- *Audit Committee.* The Audit Committee is responsible for the supervision of risk policies and processes relating to the Company's financial statements and financial reporting processes. This Committee reviews the Company's risk management procedures and policies and discusses with management the Company's material operating and financial risk exposures and the manner in which such exposures are managed. The Audit Committee also discusses these potential risks with the Company's outside independent registered public accounting firm responsible for auditing the Company's books, records and financial statements.
- *Compensation Committee.* The Compensation Committee is responsible for evaluating potential compensation-related risks and supervising management's assessment of risks related to employee compensation policies and programs, as discussed further below under —Risk Considerations in Our Compensation Program.

HC2's CEO and other members of the Company's senior management team primarily design, implement, execute and monitor HC2's risk management policies and procedures. The Audit Committee meets with our senior management team periodically to review HC2's risk management practices.

Risk Considerations in Our Compensation Program

Our Compensation Committee, on an ongoing basis, reviews, assesses and discusses with management (i) whether the compensation of the Company's employees (including named executive officers) encourages employees to engage in excessive risk, (ii) the relationship between risk and management policies, practices and compensation, and (iii) compensation policies and practices that could mitigate any such risk. Our Compensation Committee has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company, particularly in light of the following factors:

- Our use of a variety of elements in our compensation program, such as base salary, annual performance-based incentive compensation and equity awards, which provide a balance of long- and

short-term incentives;

TABLE OF CONTENTS

- Our use of a variety of financial and strategic performance objectives within our compensation elements, which helps ensure that the Company’s overall business strategy is appropriately promoted; and
- Our internal controls and procedures, which help us to monitor excessive or inappropriate risktaking.

Such amounts are prorated for non-employee directors who are elected or appointed during the year.

The Company also reimburses non-employee directors for their out-of-pocket expenses incurred in connection with their service on the Board. Employees of the Company who also serve as directors do not receive separate compensation for their service on the Board. Mr. Falcone served as a non-employee director of HC2 from January 16, 2014 until May 21, 2014, upon his appointment as HC2’s Chairman, President and Chief Executive Officer, for which he received compensation as a non-employee director. In addition, Mr. Pons continued to receive compensation as a non-employee director despite his appointment as President and Chief Executive Officer in August 2013 and, in January 2014, as Executive Chairman, until May 21, 2014, upon his appointment as HC2’s Executive Vice President of Business Development. Because Messrs. Falcone and Pons are named executive officers due to their positions with the Company, their compensation is reflected in the Summary Compensation Table below in the Compensation Tables section, rather than in the Non-Employee Director Compensation Table below in this —Compensation of Directors section.

Stock-Based Compensation. On April 11, 2014, the Board adopted the HC2 Holdings, Inc. 2014 Omnibus Equity Award Plan (the Omnibus Plan), which was approved by our stockholders at the annual meeting of stockholders held on June 12, 2014 (the 2014 Annual Meeting). The Omnibus Plan provides that no further awards will be granted pursuant to the Company’s Management Compensation Plan, as amended (the Management Compensation Plan). However, awards that had been previously granted pursuant to the Management Compensation Plan will continue to be subject to and governed by the terms of the Management Compensation Plan.

Commencing with the 2014 Annual Meeting, unless otherwise provided by the Compensation Committee, following each annual meeting of stockholders during the term of the Omnibus Plan and for so long as equity is available to issue under such plan, each non-employee director will be granted an award of restricted stock (RSAs) with a fair market value of \$60,000 on the date of grant. Each RSA award so granted will vest in three equal installments on the grant date and each of the first and second anniversaries of the grant date (subject to continued service with the Company through each applicable vesting date). All other terms and conditions of the grants will be established by the Compensation Committee and set forth in the non-employee director’s award agreement. Prior to the adoption of the Omnibus Plan and the stock-based director compensation policy outlined above, non-employee directors were each granted an award of 5,000 restricted stock units (RSUs) and stock options to purchase 10,000 shares of HC2’s common stock following each annual meeting of stockholders, which awards were made under the Management Compensation Plan. Each RSU award so granted will vest in two equal installments on the first and second anniversary of the grant

date (subject to continued service with the Company through each applicable vesting date). Each stock option so granted will vest and become exercisable ratably in three installments commencing on the date of grant and each of the first two anniversaries thereafter (subject to continued service with the Company through each applicable vesting date).

In accordance with this policy, upon the appointment of Messrs. Leffler and Tseung to the Board in September 2014, the Compensation Committee awarded each of Messrs. Leffler and Tseung 9,184 RSAs. Stock Ownership Guidelines

Our Board believes that directors more effectively represent the best interests of the Company if they are stockholders themselves. To ensure that linkage to stockholders occurs among the fiduciaries of the Company, the Guidelines provide that members of the Board are strongly encouraged to have equity ownership in the Company. In general, it is expected that on December 31st of the third year after initial election or appointment to the Board, and on December 31st of each following year, each member of the Board should own a minimum of \$100,000 in common stock of the Company (with such value to be determined as the higher of (i) the market value on December 31st of such year or (ii) the cost of the common stock at the time of purchase or vesting). As of December 31, 2014, Mr. Pons was the only director who has served on the Board for three (3) years. He met these stock ownership guidelines as of such date.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Discussion and Analysis in this section provides information regarding the fiscal 2014 compensation program for the principal executive and principal financial officers of the Company and for up to three of the Company's other most highly compensated individuals who served as executive officers as of the last day of the year ending December 31, 2014. We refer to these officers as our named executive officers in this proxy statement.

Executive Summary

Fiscal 2014 was a year of significant achievement for us. Our management team, including our named executive officers, oversaw the following significant developments of the Company:

- Our consolidated cash as of December 31, 2014 was \$108.0 million;
- We listed the Company's common stock on the NYSE MKT national securities exchange;
- We completed the acquisition of an approximate 91% interest in Schuff, a leading structural steel fabricator in the United States, which comprises our Manufacturing segment;
- We completed the acquisition of Bridgehouse Marine Limited, the parent holding company of Global Marine Systems Limited, a leading global offshore engineering company focused on subsea cable installation and maintenance, which comprises our Marine Services segment;
- We completed the acquisition of an approximate 51% interest in American Natural Gas, a premier distributor of natural gas motor fuel that designs, builds, owns, acquires, operates and maintains compressed natural gas fueling stations for transportation, which comprises our Utilities segment;
- We completed investments in NerVve Technologies, Inc., GemDerm Aesthetics, Inc., BeneVir Biopharm, Inc. and DMi, Inc.; and
- We conducted an ongoing evaluation of several strategic and business alternatives, which may include the following: acquiring assets or businesses unrelated to our current or historical operations, operating, growing or acquiring additional assets or businesses related to our current or historical operations, including the evaluation of strategic alternatives for our International Carrier Services business.

During 2014, our Board also oversaw several important transitions of the senior executive leadership of the Company. From January 1, 2014 until January 14, 2014, Robert M. Pons served as the Company's President and Chief Executive Officer. After reevaluating the separation of Chairman and the principal executive officer, the Board determined to return to a leadership structure consisting of a combined Chairman of the Board and principal executive officer, and a Lead Independent Director (see Board Leadership Structure). Effective January 16, 2014, Mr. Pons became the Executive Chairman of the Company. On May 21, 2014, the Company entered into an employment agreement with Philip A. Falcone and appointed him as Chairman, President and Chief Executive Officer of the Company. In connection with Mr. Falcone's appointment, the Company entered into an employment agreement with Mr. Pons, pursuant to which Mr. Pons became Executive Vice President of Business Development of the Company. The Board also appointed (i) Keith Hladek as the Company's Chief Operating Officer in May 2014, (ii) Paul K. Voigt as the Company's Senior Managing Director of Investments in October 2014 and (iii) Ian W. Estus as the Company's Managing Director of Investments in May 2014.

Employees of the Company, such as our named executive officers, who also serve as directors do not receive separate compensation for service on the Board.

We believe that a skilled and motivated team of senior executives is essential to achieving positive results and implementing our business objectives. We have structured our compensation program to provide our named executive officers and other senior executives with levels of compensation that we believe are necessary to retain their services and with incentives to achieve positive results and successfully implement our business objectives, in both the short and long term.

Compensation Program Overview, Philosophy and Objectives

Overview

The Compensation Committee of our Board administers our compensation program. The Compensation Committee consists of Robert V. Leffler (Chairman), Wayne Barr, Jr. and Daniel Tseung. Each of such members

serving on the Compensation Committee is an independent director under NYSE MKT listing standards and HC2's Guidelines, a Non-Employee Director within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and an outside director within the meaning of Section 162(m) of the Code. The Compensation Committee is responsible for reviewing and approving base salaries, annual incentive bonuses, equity incentive awards and other elements of compensation for all named executive officers.

The Compensation Committee's Annual Compensation Decision-Making Process

Following the end of each fiscal year, the Compensation Committee reviews the Company's performance and the performance of each named executive officer for such fiscal year. Based on such review, the Compensation Committee generally discusses and approves any potential base salary increases related to the current fiscal year, awards annual incentive bonuses with respect to the prior fiscal year, and authorizes equity award grants.

Typically, our CEO makes compensation recommendations to the Compensation Committee with respect to named executive officers other than himself. With respect to our CEO, the Compensation Committee makes its decisions absent the CEO. Our compensation program recognizes the importance of ensuring that discretion is provided to the Compensation Committee and CEO in determining all compensation levels and awards.

The Compensation Committee has the authority to retain any compensation consultants or other advisors to assist in its evaluation of the appropriate compensation program for our named executive officers. In accordance with this authority, in 2014, the Compensation Committee engaged the services of Exequity LLP (Exequity) as its independent outside compensation consultant.

All executive compensation services provided by Exequity were conducted under the direction or authority of the Compensation Committee, and all work performed by Exequity was pre-approved by the Compensation Committee. Neither Exequity nor any of its affiliates maintains any other direct or indirect business relationships with us or any of our subsidiaries. The Compensation Committee evaluated whether any work provided by Exequity raised any conflict of interest for services performed during 2014 and determined that it did not.

As requested by the Compensation Committee, in 2014, Exequity's services to the Compensation Committee included, among other things, providing perspective on current trends and developments in executive and director compensation as well as analysis of benchmarking data and confirmation of our peer group composition. Specifically, the peer group analyzed by Exequity and the Compensation Committee included the following companies, which we believe have business models that are generally similar to that of the Company:

Affiliated Managers Group, Inc.	Apollo Global Management, LLC
Calamos Asset Management Inc.	The Carlyle Group LP
CIFC Corp.	Cohen & Steers, Inc.
Cowen Group, Inc.	Eaton Vance Corp.
Federated Investors, Inc.	Financial Engines, Inc.
Fortress Investment Group LLC	Gamco Investors, Inc.
Greenhill & Co., Inc.	Janus Capital Group, Inc.
Lazard Ltd	Legg Mason, Inc.
Manning & Napier, Inc.	MSCI Inc.

The analysis indicated that the total compensation was at the appropriate level with respect to the executive positions analyzed. While the Compensation Committee took into account the results of the compensation analysis in structuring our compensation program, other factors such as our general business and industry developments and individual performance influenced the Compensation Committee's decision as to the appropriate compensation levels and structure for our named executive officers.

Advisory Vote on Executive Compensation

Our Compensation Committee and our Board considered the results of our stockholder vote regarding the non-binding resolution on executive compensation presented at the 2014 Annual Meeting, where 84.79% of votes cast approved the compensation program described in the Company's proxy statement for the 2014 Annual Meeting. In view of the Company's new strategy and business initiatives in 2014, our Compensation Committee substantially revised various aspects of our compensation program. These changes were tied to the Company's 2014 initiatives and were not made in response to the say-on-pay vote at the 2014 Annual Meeting.

TABLE OF CONTENTS

Philosophy and Objectives

Our compensation program is designed to recognize the level of responsibility of a named executive officer within the Company, taking into account the named executive officer's role and expected leadership within the Company, as well as to encourage decisions and actions that have a positive impact on our overall performance.

Our compensation philosophy is based upon the following objectives:

- to reinforce the achievement of key business strategies and objectives, through the grant of at-risk compensation based upon the level of established performance targets for our Company results;
- to reward our executives for their outstanding performance and business results, based upon achievement of individual goals and objectives agreed upon by the CEO and his executive officers or, in the case of the CEO, agreed upon by the CEO and the Compensation Committee;
- to value each executive's unique skills and competencies;
- to attract and retain qualified executives;
- to provide a competitive compensation structure; and
- to emphasize the enhancement of stockholder value and align our executives' interests with those of our stockholders.

Elements of Compensation

For 2014, executive compensation consisted of primarily: (i) a base annual salary; and (ii) an annual bonus based on the achievement of Company performance measures and each executive's individual contributions to such achievement, payable in a mix of cash and equity. This total mix of payments has allowed us to provide compensation that directly addresses our compensation goals of retention, alignment of executive and stockholder interests and linking pay with performance. We also provide our executive officers with other benefits, including limited perquisites, and a 401(k) plan. The Compensation Committee also from time to time may grant special cash bonuses, sign-on bonuses, cash retention bonuses or incentive equity awards to certain executive officers to recognize particularly strong achievement or for specific inducement or retention purposes. Information on the total compensation of each named executive officer during fiscal year 2014 is set forth under Compensation Tables—Summary Compensation Table below.

Base Annual Salary

The base annual salaries we provide to our named executive officers are intended as compensation for each named executive officer's ongoing contributions to the performance of the operational areas for which he is responsible. The respective employment arrangements we have maintained with our named executive officers provide for minimum annual base salaries, which may be increased or, in certain circumstances, decreased from time to time at the discretion of the Compensation Committee. Individual performance is reviewed on an annual basis during our annual evaluation process, which is designed to ensure consistent global Company results, hold our named executive officers accountable for results (i.e., financial, leadership and individual goals) and set the tone for future results (i.e., actual results against budgeted goals). The goals and objectives considered during the annual evaluation process are prepared and reviewed on an annual basis.

The base annual salary levels of each of our named executive officers are established and may be adjusted from time to time based on market conditions and comparative salary information or to recognize individual performance, promotions, retention requirements, internal pay equity and other qualitative factors. The base salaries for our named executive officers (other than our CEO) also reflect input from our CEO regarding individual performance, Company strategy and retention factors.

Our named executive officers, pursuant to their respective employment agreements, are entitled to base salaries ranging from \$165,000 to \$300,000, except that Mr. Falcone is not entitled to a base salary, having received options to purchase common stock in lieu of any base salary. Pursuant to Mr. Demise's employment letter agreement effective September 11, 2014, his annual salary increased to \$165,000 from \$150,000 to reflect increased responsibilities. For more detail for each named executive officer's base salary please see Compensation Tables—Summary Compensation table and Employment Arrangements and Potential Payments Upon Termination or Change of Control.

TABLE OF CONTENTS***Annual Bonus Plan****Establishment of Bonus Pool*

Messrs. Falcone, Pons, Demise, Voigt, Hladek and Estus participated in the 2014 Executive Bonus Plan (the 2014 Bonus Plan), which was adopted by the Compensation Committee in June 2014 under the Company's Omnibus Plan, along with other key employees of the Company. The 2014 Bonus Plan is designed to (i) offer variable compensation that provides competitive levels of total pay to executives if the Company achieves target results and (ii) reward and encourage value creation by executives. Pursuant to the 2014 Bonus Plan, a bonus pool is funded with an amount based on corporate performance measured in terms of the change in the Company's Net Asset Value (as defined below) from the beginning of the Company's fiscal year to the end of the Company's fiscal year end (NAV Return), in excess of a threshold NAV Return, which for 2014 was set at zero (the Fiscal 2014 Threshold NAV Return). Please see the discussion below for additional details for the calculation of the NAV Return. Each named executive officer may be granted an individual bonus (the Individual Bonus), based on achievement of individual goals and objectives set by the Company's CEO, and a corporate bonus (the Corporate Bonus), based on the achievement of goals and objectives set by the Company's CEO tied directly to the financial and strategic goals of the Company, as well as an assessment of how well the named executive officer was able to adapt to changes and obtain overall financial results in the Company's businesses and industries and contribute to the NAV Return.

NAV Return is believed to be a good proxy for creation of value for the Company and its stockholders because it is designed to encourage, among other things, the generation of cash flow by the Company's subsidiaries and transactions resulting in appreciation of the assets of the Company and its subsidiaries. Performance-based bonuses are awarded annually with a portion immediately vested and a portion subject to vesting in future years. Our Compensation Committee believes that paying a bonus consistently based on NAV Return, partially subject to vesting over a number of years, encourages a long-term focus on value creation for the benefit of our stockholders.

For fiscal 2014, NAV Return was based on the amount calculated as the product of (i) the percentage increase in the Net Asset Value per share of the Company from the beginning of fiscal 2014 to the end of fiscal 2014 multiplied by (ii) the Net Asset Value at the beginning of 2014. The 2014 Bonus Plan provides that 12% of the excess, if any, of the NAV Return for 2014 over zero is to be allocated to fund the bonus pool for Individual Bonuses and Corporate Bonuses awarded to our named executive officers and other key employees. Pursuant to the 2014 Bonus Plan, this amount may be reduced by the Compensation Committee pursuant to its exercise of its negative discretion.

For the purpose of the foregoing calculation, the Company's Net Asset Value is generally calculated by (i) starting with the value of the Company's Net Asset Value, as such term is defined in the certificates of designation governing our Preferred Stock (the Preferred Stock Certificates), (ii) then subtracting from such amount the Company's deferred tax liabilities, (iii) then adding to such amount the Company's capital contributions to fund start-up businesses, which is subject to a \$10 million cap, (iv) then adding to such amount the Company's deferred financing costs, (v) then adding to such amount the value of the Company's assets that have not been appraised, which is subject to a \$20 million cap, (vi) then eliminating the effect of any settling of legacy liabilities associated with our predecessor businesses, which is subject to a \$5 million cap, (vii) then adding to such amount expenses incurred in connection with completing any acquisitions by the Company within the past twelve months, and (viii) excluding any accretion on preferred stock (calculated in the manner contained in the Preferred Stock Certificates). The Company then makes adjustments to eliminate the effects of any conversion of Preferred Stock into common stock.

The Company achieved a NAV Return of \$135,581,435 during the fiscal year ended December 31, 2014. Accordingly, pursuant to the 2014 Bonus Plan, 12% of such NAV Return, or \$16,269,772, was allocated to fund the bonus pool for Individual Bonuses and Corporate Bonuses awarded to our named executive officers and other key employees participating in the 2014 Bonus Plan. The Compensation Committee did not exercise its negative

discretion to reduce such bonus pool.

TABLE OF CONTENTS*Individual Performance-Based Awards*

Our CEO evaluated the achievement by Messrs. Pons, Demise, Hladek and Estus of individual goals and objectives set by the Company's CEO. Based on such evaluation, our CEO recommended to the Compensation Committee, and the Compensation Committee accepted, that Messrs. Pons, Demise, Hladek and Estus should be awarded Individual Bonuses in the following amounts:

Named Executive Officer	2014 Individual Bonus Amount
Robert M. Pons	\$ 100,000
Mesfin Demise	\$ 55,813
Keith Hladek	\$ 100,000
Ian Estus	\$ 100,000

All Individual Bonuses were paid in cash, with the exception of Mr. Demise's Individual Bonus, which was paid out in a mix of cash and equity. The Individual Bonus amount payable in cash was paid to each named executive officer on March 12, 2015. The Individual Bonus amount payable in equity to Mr. Demise was paid in the form of RSAs in the amount of \$5,813, which will vest ratably on the grant date and the first anniversary of the grant date. Mr. Demise's equity awards were granted under the Omnibus Plan on March 12, 2015, based on the thirty (30) day volume-weighted average price of HC2's common stock on the grant date of \$7.7415 per share.

Corporate Performance-Based Awards

Each named executive officer's performance (other than that of our CEO) was also subjectively evaluated by our CEO based on the achievement of goals and objectives set by the Company's CEO tied directly to the financial and strategic goals of the Company, as well as an assessment of how well the named executive officer was able to adapt to changes and obtain overall financial results in the Company's businesses and industries and contribute to the NAV Return. Based on such evaluation, our CEO recommended to the Compensation Committee the percentage of the overall bonus pool (after taking into account the Individual Bonuses awarded) that should be allocated to each of our named executive officers, which recommendations the Compensation Committee accepted. With respect to our CEO, the Compensation Committee determined the percentage of the overall bonus pool that should be allocated to our CEO in his absence. The chart below shows the percentage of the 2014 bonus pool allocated to each such named executive officer and the resulting Corporate Bonus amount for 2014 for each such named executive officer:

Named Executive Officer	2014 Bonus Pool Remainder Allocation Percentage	2014 Corporate Bonus Amount
Philip A. Falcone	58.6%	= \$9,612,000
Mesfin Demise	0.5%	= \$87,500

Pursuant to the 2014 Bonus Plan, Corporate Bonus awards were paid out in a mix of cash (40%) and equity (60%), except as set forth below. The Corporate Bonus award amount payable in cash was paid to each named executive officer on March 12, 2015. The Corporate Bonus award amount payable in equity was divided, with respect to our

named executive officers receiving 60% of their Corporate Bonus in equity, as follows: (i) 25.5% was payable in the form of RSAs vesting immediately as of the grant date, (ii) 25.5% was payable in the form of RSAs that will vest on the first anniversary of the grant date, subject to the named executive officer's continued employment with the Company on such vesting date, and (iii) 9% was payable in the form of options, half of which vested on the grant date and the other half of which will vest on the first anniversary of the grant date, subject to the named executive officer's continued employment with the Company on such vesting date.

TABLE OF CONTENTS

As determined by the Compensation Committee, to reduce the overall cash outlay, certain named executive officers received a lesser percentage of their 2014 Corporate Bonus in the form of cash and a greater percentage in equity, as follows:

Named Executive Officer	2014 Corporate Bonus Percentage		2014 Corporate Bonus Percentage		Percentage of Award Paid in RSAs that Will Vest on the Grant Date		Percentage of Award Paid in RSAs that Will Vest on the 1st Anniversary of the Grant Date		Percentage of Award Paid in Options

In each case, the equity awards were granted under the Omnibus Plan on March 12, 2015, based on the thirty (30) day volume-weighted average price of HC2's common stock on the grant date of \$7.7415 per share. The Omnibus Plan establishes certain limits on individual award amounts, whether cash- or equity-based, for any single performance period, none of which were met or exceeded for 2014. See Compensation Tables—Summary Compensation Table for more detail concerning the actual cash and equity grants awarded pursuant to the 2014 Bonus Plan.

Initial Long-Term Equity Grants

Our practice is to grant service-based equity to named executive officers when our Compensation Committee or Board determines that it would be to the advantage and in the best interests of the Company and its stockholders to grant such equity as an inducement to enter into or remain in the employ of the Company and as an incentive for increased efforts during such employment.

Option Agreements with Philip A. Falcone

Contemporaneously with the execution of the Falcone Employment Agreement (as defined and discussed below under Employment Arrangements and Potential Payments Upon Termination or Change of Control), the Company issued Mr. Falcone an option (the Initial Option) to purchase 1,568,864 shares of the Company's common stock at an exercise price of \$4.56 per share. The terms and amount of the Initial Option were the product of negotiations between the Company and Mr. Falcone. The Initial Option is designed to attract and retain Mr. Falcone as an executive officer, and to align his interests with those of our shareholders. The Initial Option vests in three equal installments on the date of issuance and on each of the first and second anniversaries of the date of issuance, subject to Mr. Falcone's continued employment with the Company on each vesting date, and will become immediately exercisable in the event of a Fundamental Corporate Transaction (as defined in the Initial Option). The number of shares for which the Initial Option is exercisable and the exercise price of the Initial Option are subject to adjustment for certain events, with the effect that at all times the Initial Option as so adjusted will enable Mr. Falcone to purchase the same percentage ownership interest in the Company that the Initial Option represented on its grant date. The Initial Option contemplated that the anti-dilution adjustments would be in the form of additional options to be granted as of the date of the event requiring adjustment.

On October 26, 2014, the Company and Mr. Falcone reformed and clarified the Initial Option (the Option Clarification) and, together with the Initial Option and any options to purchase common stock issued thereunder, the Option) to clarify the operation of the anti-dilution provisions of the Initial Option upon the issuance of rights,

warrants, options, exchangeable securities or convertible securities entitling the holder thereof to subscribe for, purchase or otherwise acquire shares of the Company's capital stock (each referred to as Rights) in light of the Company's issuances of common stock and its Series A Preferred Stock and Series A-1 Preferred Stock during 2014. Specifically, pursuant to the terms of the Option Clarification, additional options granted to Mr. Falcone pursuant to the anti-dilution provisions upon the issuance of Rights (i) would have an exercise price equal to the greater of the fair market value of the common stock on the trading day immediately preceding the date of grant of the option or the price payable or deemed payable in respect of the applicable common stock upon the exercise or conversion of the Rights and (ii) would be exercisable as and to the extent the Rights are exercised or converted. On October 28, 2014, anti-dilution adjustment options (the October Anti-Dilution Options) exercisable for an aggregate of 1,782,082 shares of the Company's common stock were issued to

TABLE OF CONTENTS

Mr. Falcone promptly following the execution of the Option Clarification, in respect of (i) the Company's issuance of (x) 1,500,000 shares of common stock in connection with the May 29, 2014 issuance of Series A Preferred Stock and (y) additional shares of common stock at various times upon the exercise of Company warrants prior to their expiration on July 1, 2014, (ii) the Company's issuance of Series A Preferred Stock on May 29, 2014, as well as the pay-in-kind (PIK) dividends with respect thereto on June 30, 2014 and September 30, 2014 and (iii) the Company's issuance of Series A-1 Preferred Stock on September 22, 2014, as well as the PIK dividends with respect thereto on September 30, 2014. The October Anti-Dilution Options vest in three equal installments, on the date of issuance and on each of the first and second anniversaries of the date of issuance, subject to Mr. Falcone's continued employment with the Company on each vesting date, and will become immediately exercisable in the event of a Fundamental Corporate Transaction. The October Anti-Dilution Options have grant dates corresponding to the underlying events triggering the anti-dilution provisions in the Option. See Compensation Tables—2014 Grants of Plan-Based Awards.

The Company's issuance of the Series A-2 Preferred Stock required the issuance of additional options pursuant to the anti-dilution provisions of the Option. On January 7, 2015, the Company issued anti-dilution adjustment options (the January Anti-Dilution Options) to purchase 169,697 shares of common stock. The January Anti-Dilution Options vest in three equal installments on the date of issuance and on each of the first and second anniversaries of the date of issuance, subject to Mr. Falcone's continued employment with the Company on each vesting date, and will become immediately exercisable in the event of a Fundamental Corporate Transaction.

Other Initial Long-Term Equity Grants

Messrs. Pons, Demise, Voigt, Hladek and Estus, pursuant to their respective employment agreements entered into in 2014, were granted initial long-term equity grants of RSAs and options to purchase common stock in the following amounts:

Robert M. Pons	62,500	12,500
Mesfin Demise	15,000	3,000
Paul Voigt	125,000	25,000
Keith Hladek	125,000	25,000

(1) All options were granted with an exercise price equal to the closing price of HC2's common stock on the grant date. The options of Messrs. Pons, Demise, Hladek and Estus were granted on September 16, 2014 with an exercise price of \$4.06. The options of Mr. Voigt were granted on October 1, 2014 with an exercise price of \$4.55.

The terms and amounts of such initial equity grants were the product of negotiations between the Company and each such named executive officer. The initial equity grants are designed to attract and retain each such named executive officer as an executive officer, and to align his interests with those of our stockholders. Such RSAs and options were granted under the Omnibus Plan and vest in three equal installments on the date of issuance and on each of the first and second anniversaries of the date of issuance, subject to the named executive officer's continued employment with the Company on each vesting date. For more detail concerning such named executive officers' initial long-term equity grants please see Employment Arrangements and Potential Payments Upon Termination or Change of Control.

Other Benefits

The Company's named executive officers receive limited benefits that would be considered executive benefits. Most benefits are consistent with those offered generally to employees, which consist of life insurance, travel accident insurance, health insurance, dental insurance, short-term and long-term disability and opportunities to participate in the Company's 401(k) plan. The Company matches 50% of the employee's 401(k) plan contributions, up to the first 6% of such employee's salary, with a maximum of \$6,000 annually.

Potential Payments to Named Executive Officers Upon Termination or Change of Control

Our employment arrangements and severance guidelines (the *Severance Guidelines*) provide for certain payments to be made to our named executive officers in the event that their employment with the Company is terminated. Severance benefits are an important tool in attracting and retaining key employees and provide a degree of financial security to such employees.

With respect to RSAs and stock options granted to our named executive officers pursuant to the Omnibus Plan, (i) the agreements governing such awards generally provide that, upon termination of the grantee's service with the Company, any unvested RSUs or stock options are forfeited, and (ii) the Omnibus Plan grants the Board discretion to accelerate outstanding equity awards upon a Change in Control (as defined in the Omnibus Plan), such that award recipients have the ability to participate in the Change in Control with respect to the common stock subject to such awards. Pursuant to the terms of Mr. Falcone's Options, any unvested portions of the Options are accelerated upon the occurrence of a Fundamental Change Transaction (as defined in the Options to include, among other transactions, any sale or other disposition of all or substantially all of the Company's assets or the acquisition of a majority of the voting power of its capital stock by certain third parties). The Management Compensation Plan and the agreements governing our awards of RSUs and stock options thereunder, some of which remain outstanding following the adoption of our Omnibus Plan, generally provide that, upon termination of the grantee's service with the Company without Cause, or for Good Reason within two years of a Change of Control (as such terms are defined in the Management Compensation Plan), any unvested RSUs or stock options immediately vest (so-called *double trigger* accelerated vesting).

We believe that the discretion afforded to the Board to accelerate vesting of equity-based RSAs and stock option awards for our named executive officers under the Omnibus Plan in the event of a Change in Control ensures that the executives, when evaluating strategic actions in the best interest of our stockholders, are not at the same time concerned with a potential loss of their incentive compensation as a result thereof.

For further information regarding the potential severance and change of control benefits provided to our named executive officers pursuant to our employment and equity award arrangements with such named executive officers, as well as our *Severance Guidelines*, see *Employment Arrangements and Potential Payments Upon Termination or Change of Control*.

Tax Considerations

If a named executive officer is entitled to nonqualified deferred compensation benefits that are subject to Section 409A of the Code, and such benefits do not comply with Section 409A, the executive would be subject to adverse tax treatment, including accelerated income recognition (in the first year that benefits are no longer subject to a substantial risk of forfeiture) and an additional income tax of 20% of the amount so recognized. The employment arrangements of our named executive officers described herein and the Management Compensation Plan and the Omnibus Plan, as applicable, generally contain provisions intended to limit or eliminate adverse tax consequences through timing of payments.

Section 162(m) of the Code generally denies a deduction to any publicly held corporation for compensation paid to its named executive officers to the extent that any such individual's compensation exceeds \$1 million, subject to certain exceptions, including one for performance-based compensation. Generally, the Compensation Committee seeks to maximize executive compensation deductions for federal income tax purposes.

- Our named executive officers are participants in the 2014 Bonus Plan under the Omnibus Plan, discussed above under Compensation Discussion and Analysis—Elements of Compensation—Annual Bonus Plan, which was adopted by the Compensation Committee in June 2014. Pursuant to the 2014 Bonus Plan, a bonus pool is established in an amount based on the Company’s NAV Return in excess of a threshold NAV Return amount. Each named executive officer may be granted an Individual Bonus and a Corporate Bonus, based on his achievement of individual and corporate-related performance goals, respectively. The Omnibus Plan establishes certain limits on
- (1) individual award amounts, whether cash- or equity-based, for any single performance period. Pursuant to the 2014 Bonus Plan, Corporate Bonus awards are paid out in a mix of cash and equity in early 2015 following an evaluation of Company and individual results. Actual amounts paid to our named executive officers for the 2014 performance period are included in the Summary Compensation Table above as Non-Equity Incentive Plan Compensation, with respect to amounts paid in cash, and Stock Awards and Option Awards, with respect to amounts paid as equity. However, amounts paid to our named executive officers for the 2014 performance period in equity are not included in the table above, as the equity awards with respect thereto were granted in 2015.
 - (2) Represent grants of RSUs and options under HC2’s Management Compensation Plan as part of the named executive officer’s compensation as a non-employee director during 2014.
Mr. Falcone was granted 1,568,864 stock options on May 21, 2014 pursuant to the Initial Option. Treatment of Equity Awards of Our Named Executive Officers Upon Termination

Pursuant to the named executive officers' employment agreements, the Omnibus Plan, the Management Compensation Plan and the award agreements thereunder, named executive officers are generally not entitled to receive accelerated vesting of any unvested RSAs, RSUs and stock options by reason of the named executive officer's termination of his or her employment with the Company, except as provided below with respect to awards under the Management Compensation Plan in the case of termination of a grantee without Cause or such grantee's termination for Good Reason within two years of a Change of Control (as such terms are defined in the Management Compensation Plan). However, the Compensation Committee may, in its sole discretion, accelerate the vesting of any unvested RSAs, RSUs and stock options under the Omnibus Plan or the Management Compensation Plan.

Pursuant to the Omnibus Plan and award agreements thereunder, upon termination of a grantee's service with the Company, any unvested RSAs are forfeited, except as may otherwise be determined by the Compensation Committee pursuant to the Omnibus Plan. Upon termination of a grantee's service with the Company, any unvested options are forfeited, except as may otherwise be determined by the Compensation Committee pursuant to the Omnibus Plan. Vested options generally remain exercisable for a period of time following termination, the extent of which depends on the reason for termination, except that in the event the grantee is terminated for Cause (as defined in the Omnibus Plan), any vested and unexercised options would also be forfeited.

Pursuant to the Management Compensation Plan and award agreements thereunder, upon termination of a grantee's service with the Company, any unvested RSUs are forfeited, except as otherwise determined by the Compensation Committee or in the case of termination of such grantee without Cause or such grantee's termination for Good Reason within two years of a Change of Control (as such terms are defined in the Management Compensation Plan), which would cause unvested RSUs to immediately vest. Upon termination of a grantee's service with the Company, any unvested options are forfeited, except as otherwise determined by the Compensation Committee or in the case of termination of such grantee without Cause or such grantee's termination for Good Reason within two years of a Change of Control (as such terms are defined in the Management Compensation Plan), which would cause unvested options to immediately vest. Vested options generally remain exercisable for a period of time following termination, the extent of which depends on the reason for termination, except that in the event the grantee is terminated for Cause (as defined in the Management Compensation Plan), any vested and unexercised options would also be forfeited.

With respect to Mr. Falcone's Options, the Falcone Employment Agreement provides that if Mr. Falcone's employment is terminated for any reason (i) within the first year of the Falcone Employment Agreement, then Mr. Falcone must surrender any shares of common stock purchased pursuant to the Options within such first year period, and (ii) within

the first three years of the Falcone Employment Agreement, then the Options shall cease to be exercisable thirty days following such termination of employment. Mr. Falcone's Options only vest if Mr. Falcone remains employed by the Company on the applicable vesting date.

TABLE OF CONTENTS**Treatment of Unvested Equity Awards of Our Named Executive Officers Upon a Change of Control or Similar Transaction**

Pursuant to the Omnibus Plan, the Board has the discretion to accelerate outstanding equity awards, such as the RSAs and options granted to our named executive officers, upon a Change in Control (as defined in the Omnibus Plan), such that award recipients have the ability to participate in the Change in Control with respect to the common stock subject to such awards.

Pursuant to the Management Compensation Plan and the award agreements thereunder, upon termination of a grantee's service with the Company without Cause or for Good Reason within two years of a Change of Control (as such terms are defined in the Management Compensation Plan), any unvested RSUs and options immediately vest.

Pursuant to the terms of Mr. Falcone's Options, any unvested portions of the Options are accelerated upon the occurrence of a Fundamental Change Transaction (as defined in the Options to include, among other transactions, any sale or other disposition of all or substantially all of the Company's assets or the acquisition of a majority of the voting power of its capital stock by certain third parties).

The following chart sets forth the estimated incremental benefits which our named executive officers would have received if the unvested RSAs, RSUs and options held by them as of December 31, 2014 had become fully vested as a result of the occurrence of a change of control, for purposes of the Omnibus Plan, the Management Compensation Plan and Mr. Falcone's Options, on December 31, 2014. The estimated amount of benefits was calculated by multiplying the closing price on December 31, 2014 of HC2's common stock of \$8.43 on the NYSE MKT by (i) with respect to RSAs and RSUs, the number of unvested RSAs and RSUs held by the applicable named executive officer, and (ii) with respect to options, the number of unvested options held by the applicable named executive officer, and subtracting the aggregate exercise prices with respect to such options.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

We engaged BDO USA, LLP (BDO) as our independent registered public accounting firm during the fiscal years ended December 31, 2014 and 2013. The decision to engage BDO during those years was approved by our Audit Committee. In considering the nature of the services provided by BDO, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with BDO and management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley), as well as the American Institute of Certified Public Accountants. The Audit Committee has not selected the independent registered public accounting firm to conduct the audit of our books and records for the fiscal year ending December 31, 2015.

We expect one or more representatives of BDO to be at the 2015 Annual Meeting, and that such representatives will have an opportunity to make a statement and will be available to respond to appropriate questions.

The following table summarizes the aggregate fees paid by us to BDO and its affiliates in 2014 and 2013 (in thousands):

	2014	2013
Audit Fees (1)	\$ 2,029	\$ 546
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—

Total	\$ 2,029	\$ 546
-------	----------	--------

Fees for audit services include audit of financial statements and audit of internal controls over financial reporting, (1) as required by Section 404 of Sarbanes-Oxley, reviews of quarterly financial statements and other matters related to SEC filings. Also included are statutory audit fees paid by our subsidiaries.

Pre-Approval Policy

The services performed by BDO in 2014 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax, and other services (collectively, the Disclosure Categories) that the independent registered public accounting firm may perform.

On a quarterly basis, the Audit Committee reviews a description of services (the Service List) expected to be performed by the independent registered public accounting firm in each of the Disclosure Categories, the

status of services and fees incurred year-to-date against the original Service List and pre-approval limits and the forecast of remaining services and fees for the fiscal year.

Services provided by the independent registered public accounting firm during the year and included in the Service List were pre-approved in accordance with the policies and procedures of the Audit Committee. Any requests for audit, audit-related, tax, and other services contemplated on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

(PROPOSAL 2)

General Information

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) and related rules of the SEC enables stockholders to approve an advisory resolution on our executive compensation, as disclosed in this Proxy Statement. We describe this item as an advisory vote on executive compensation, but it is more commonly known as a Say on Pay vote.

In considering their vote, we urge our stockholders to review carefully our compensation policies and decisions regarding our named executive officers as presented in the Compensation Discussion and Analysis section beginning on page 20 of this Proxy Statement. As described in that section, we believe that our compensation program has been appropriately designed to meet its objectives. A significant portion of the compensation provided to the named executive officers is based upon the Company's performance and the performance of our share price, and we believe this compensation structure closely aligns the interests of our named executive officers with the interests of our stockholders.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by our Board. Although non-binding, our Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we are asking our stockholders to approve, in a non-binding vote, the following resolution in respect of this Proposal 2:

RESOLVED, that the stockholders of the Company hereby approve the compensation paid to HC2's named executive officers as disclosed in the Proxy Statement for our 2015 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

Board Recommendation

The Board unanimously recommends a vote FOR the non-binding approval of our executive compensation.

TABLE OF CONTENTS

TRANSACTIONS WITH RELATED PERSONS

In accordance with our Guidelines, the Board shall evaluate and approve, ratify or disapprove, in consultation with the Audit Committee or another committee designated by the Board for such purpose, any related party transaction, based on whether such transaction presents inappropriate conflicts of interest, impairs the independence of any related person (as defined in Item 404 of Regulation S-K) and/or is fair to the Company.

Indemnification Agreements with Directors and Executive Officers

The Company has entered into indemnification agreements with each of its directors and executive officers. These agreements require the Company to indemnify such individuals, to the fullest extent permitted by Delaware law, for certain liabilities to which they may become subject as a result of their affiliation with the Company.

Registration Rights

In connection with the issuance of HC2's Preferred Stock, we granted the holders thereof certain registration rights with respect to the common stock underlying the Preferred Stock. Pursuant to the Second Amended and Restated Registration Rights Agreement, dated as of January 5, 2015, by and among the Company, the initial holders of the Series A Preferred Stock, the initial holders of the Series A-1 Preferred Stock and the purchasers of the Series A-2 Preferred Stock (the Registration Rights Agreement), the parties also agreed that each of Philip A. Falcone, HC2's Chairman, President and Chief Executive Officer, and HRG, a beneficial owner of more than 5% of a class of HC2's voting stock, may become parties to the Registration Rights Agreement at their election, and as a result would be afforded the same registration rights as the purchasers of the Preferred Stock.

Pursuant to the Registration Rights Agreement, the Company is obligated to, at any time upon request from a holder of registrable securities after January 5, 2015, file a registration statement on Form S-1 under the Securities Act of 1933, as amended (the Securities Act), within thirty days after the date of such request for the benefit of the holders of the registrable securities. Alternatively, the Company has also agreed to, within thirty days after receiving a request from a holder of registrable securities (provided, that the Company is, at the time of receipt of such request, eligible to use a registration statement on Form S-3 under the Securities Act for secondary offerings of the registrable securities) use reasonable best efforts to cause such a registration statement to be filed and to maintain the effectiveness of such shelf registration statement for the benefit of the holders of the registrable securities. In the event of a registered offering by the Company of its common stock, holders of the registrable securities have the right to require the Company to include registrable securities held by them in such offering, subject to certain limitations, including as determined by any underwriters for the transaction. Subject to certain limitations, the Company will bear the expenses incurred in connection with registrations under the Registration Rights Agreement and will indemnify the holders of registrable securities and any underwriters against certain liabilities, including liabilities under the Securities Act.
