Section 1 - Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

Conflict Minerals Disclosure

This Form SD is filed by MGP Ingredients, Inc. (the “Company”) pursuant to Rule 13p-1 promulgated under the Securities Exchange Act, as amended, for the reporting period January 1, 2015 to December 31, 2015 (the “Reporting Period”).

The Rule requires disclosure of certain information relating to “conflict minerals,” which are defined in the Rule as gold, columbite-tantalite (coltan), cassiterite and wolframite, and their derivatives of tantalum, tin and tungsten. The Rule applies to those public companies which manufacture or contract to manufacture products in which any of the conflict minerals are necessary to the product’s functionality or production.

After exercising reasonable due diligence as required by Rule 13p-1 of the Securities Exchange Act of 1934, as amended, the Company determined that tungsten was used in one or more of its products, and that tungsten is necessary to such product(s) functionality or production, but was unable to determine whether the tungsten used originated from the Democratic Republic of the Congo or an adjoining country that shares an internationally recognized border with the Democratic Republic of the Congo.

As required by the Rule, the Company is providing a copy of this Form SD and the accompanying Conflict Minerals Reports under the heading “Conflict Minerals” on the Corporate Governance page of the Company’s Investor Relations website at <http://ir.mgpingredients.com/governance.cfm>.
