THIS ANNOUNCEMENT CONTAINS INSIDE INFORMATION

Prudential plc to demerge M&G Prudential from Prudential plc, and announces the partial sale of its UK annuity  
portfolio

Intention to demerge M&G Prudential from Prudential plc, resulting in two separately-listed companies, each  
with its own distinct investment prospects

## Edgar Filing: PRUDENTIAL PLC - Form 6-K

M&G Prudential to be an independent, capital-efficient UK & Europe savings and investment provider, headquartered and premium-listed in London

Prudential plc to be a leading international insurance group focused on high-growth opportunities in Asia, the US and Africa, headquartered and premium-listed in London

Sale of £12.0 billion<sup>1</sup> of UK annuity portfolio to Rothesay Life

Prudential plc today announces its intention to demerge its UK & Europe business ('M&G Prudential') from Prudential plc, resulting in two separately-listed companies with different investment characteristics and opportunities. On completion of the demerger, shareholders will hold interests in both Prudential plc and M&G Prudential.

M&G Prudential is one of the leading retirement and savings businesses in the UK and Europe, offering compelling product propositions through its range of investment solutions provided by M&G and PruFund. As a standalone entity, M&G Prudential will be led by its current Chief Executive John Foley and will continue its transformation into a more capital-efficient and customer-focused business, targeting growing demand for comprehensive financial solutions. M&G Prudential remains on track to deliver its previously announced cost savings target.

In line with this strategy to transition towards a more capital efficient, de-risked business model, M&G Prudential also announces the sale of £12.0 billion<sup>1</sup> of its shareholder annuity portfolio to Rothesay Life. Under the terms of the agreement, M&G Prudential has reinsured £12.0 billion<sup>1</sup> of liabilities to Rothesay Life, which is expected to be followed by a Part VII transfer of the portfolio by the end of 2019. The capital benefit of this transaction will be retained within the Group to support the demerger process.

Prudential plc will combine the exciting growth potential of its Asia, US and Africa businesses and will be led by its current Group Chief Executive Mike Wells. The Asia pan-regional life and asset management business is well-positioned to meet the savings and protection needs of a growing and increasingly wealthy population, through top three positions in nine out of twelve life markets, and through Eastspring's established presence in ten Asian countries. Jackson is one of the largest providers of retirement solutions in the US, delivering income security to increasing numbers of baby boomer retirees. In Africa, Prudential has established operations in five countries since 2014, with a substantial opportunity to serve the rapidly expanding customer demand for long term financial solutions. These businesses represent a leading international insurance and asset management group focused on the markets that offer the most attractive growth opportunities globally. They will be better able to develop their existing market leadership positions, with the strategic benefits of collective scale, shared capabilities and complementary products and customers.

Prudential plc's dividend policy will remain unchanged through the separation period. Following the demerger, Prudential plc will remain headquartered in the UK and retain its premium listing on the London Stock Exchange, its primary listing in Hong Kong, and other listings in Singapore and New York. M&G Prudential will be headquartered in the UK and hold a premium listing on the London Stock Exchange.

Paul Manduca, Chairman of Prudential plc, said: "The decision to demerge M&G Prudential follows a rigorous review by the Board which considered all options, including the status quo, and concluded that it is in the best interest of the Group to operate as two separately-listed companies, able to focus on their distinct strategic priorities in their chosen geographies. Both are expected to meet the criteria for inclusion in the FTSE 100 index".

Mike Wells, Group Chief Executive, said: "Our businesses share common heritage, values and purpose. Looking forward, we believe we will be better able to focus on meeting our customers' rapidly evolving needs and to deliver long-term value to investors as two separate businesses.

"Following separation, M&G Prudential will have more control over its business strategy and capital allocation. This will enable it to play a greater role in developing the savings and retirement markets in the UK and Europe through two of the financial sector's most trusted brands, while Prudential plc will be able to focus on the attractive returns and

growth potential of its market-leading businesses in Asia and the US."

John Foley, Chief Executive of M&G Prudential, said: "The demerger will allow M&G Prudential to play a broader leadership role in the fast-changing savings and investments market within the UK and Europe. M&G Prudential's proven investment capabilities and balance sheet management provide an excellent platform from which to serve the demand for comprehensive financial solutions."

#### Demerger process

In preparation for the UK demerger process, and to align the ownership of the Group's businesses with their operating structures, Prudential plc intends to transfer the legal ownership of its Hong Kong insurance subsidiaries from The Prudential Assurance Company Limited (M&G Prudential's UK regulated insurance entity) to Prudential Corporation Asia Limited, which is expected to complete by the end of 2019.

The Group will look to realise efficiencies to benefit the two businesses post demerger. In addition, prior to the demerger, the Group's debt capital position will be re-balanced across Prudential plc and M&G Prudential. This may include the redemption or debt liability management of issued debt, and new debt issuance.

Discussions have already commenced with regulators to ensure the Group will remain subject to effective on-going supervision in line with international standards set by the International Association of Insurance Supervisors (IAIS). Discussions have also commenced with our other key stakeholders, including rating agencies. The demerger is subject to shareholder and regulatory approval.

The timing of the demerger will be subject to a number of factors, including the completion of the UK annuity sale, prevailing market conditions, the transfer of the Hong Kong business and seeking to minimise costs associated with the demerger. An update on the demerger, related steps and timing will be provided in due course.

#### Notes to Editors:

##### Sale of £12.0 billion<sup>1</sup> of UK annuity portfolio

Under the terms of the agreement, The Prudential Assurance Company Limited has reinsured £12.0 billion<sup>1</sup> of liabilities to Rothesay Life, which is expected to be followed by a Part VII transfer of the business by the end of 2019. The IFRS liabilities relating to M&G Prudential's total UK shareholder annuity portfolio as at 31 December 2017 were £32.6 billion. The UK annuity business being sold contributed around £140 million towards UK life insurance core IFRS operating profit<sup>2,3,4</sup> before tax of £597 million in 2017. Total M&G Prudential IFRS operating profit<sup>4</sup> before tax was £1,378 million in 2017.

## Edgar Filing: PRUDENTIAL PLC - Form 6-K

Based on asset and liability values as at 31 December 2017, the transaction is estimated to give rise to a pre-tax IFRS loss of around £500 million in the first half of 2018, alongside the de-risking being achieved.

### Transfer of Hong Kong subsidiaries to Asia

Prudential plc's Hong Kong subsidiaries which are subject to legal transfer from The Prudential Assurance Company Limited to Prudential Corporation Asia Limited, comprise its life business, Prudential Hong Kong Limited, and its general insurance business, Prudential General Insurance Hong Kong Limited. Hong Kong will continue to be included in the segmental reporting of Asia's IFRS and embedded value results. The transfers will be subject to regulatory approval.

### Pro-forma impact on Group embedded value

The sale of the UK annuity portfolio and the transfer of Prudential plc's Hong Kong subsidiaries to Asia are expected to complete by the end of 2019. Assuming that these actions had both been completed as at 31 December 2017, the Group's embedded value of £44.7 billion is estimated to reduce by approximately £300 million, reflecting the loss of future profits on the portion of annuity liabilities being sold.

### Pro-forma impact on shareholder Solvency II capital

The sale of the UK annuity portfolio and the transfer of Prudential plc's Hong Kong subsidiaries to Asia are expected to complete by the end of 2019. The estimated pro-forma impact on the Group shareholder Solvency II capital position, assuming that these actions had both been completed as at 31 December 2017, is an increase in surplus of £0.3 billion and an increase in the shareholder solvency ratio of 6 percentage points.

### Pro-forma estimated Group shareholder Solvency II capital position

	Own Funds £bn	Solvency Capital Requirement £bn	Surplus £bn	Ratio %
31 December 2016 as reported	24.8	12.3	12.5	201
31 December 2017 as reported	26.4	13.1	13.3	202
31 December 2017 pro-forma estimate*	26.2	12.6	13.6	208

\*The pro-forma estimate assumes that the partial sale of the UK annuity portfolio and the transfer of Prudential plc's Hong Kong subsidiaries to Asia had both been completed as at 31 December 2017.

On the same basis, the estimated pro-forma impact on the shareholder Solvency II capital position of the UK regulated insurance entity, The Prudential Assurance Company Limited, is provided in the table below. This pro-forma solvency position reflects the reduced risk exposures in the UK insurance entity after the partial annuity sale and Hong Kong transfer.

### Pro-forma estimated The Prudential Assurance Company Limited shareholder Solvency II capital position

	Own Funds £bn	Solvency Capital Requirement £bn	Surplus £bn	Ratio %
31 December 2016 as reported	12.0	7.4	4.6	163
31 December 2017 as reported	14.0	7.9	6.1	178
31 December 2017 pro-forma estimate*	8.5	5.7	2.8	150

\*The pro-forma estimate assumes that the partial sale of the UK annuity portfolio and the transfer of Prudential plc's Hong Kong subsidiaries to Asia had both been completed as at 31 December 2017. In relation to the sale of the UK annuity portfolio, this estimate includes a £1.3 billion reduction in the SCR and a £0.2 billion decrease in Own Funds, resulting in an increase in capital surplus of £1.1 billion, of which £0.6 billion is expected to be recognised in the UK capital position as at 30 June 2018 under the reinsurance agreement. In relation to the Hong Kong transfer, the impact on the SCR allows for the release of the Hong Kong business standalone SCR of £2.0 billion, partially offset by the

removal of diversification benefits between UK and Hong Kong of £1.1 billion.

#### Notes

1. Relates to £12.0 billion of IFRS shareholder annuity liabilities, valued as at 31 December 2017.
2. 'UK life insurance core IFRS operating profit' refers to the underlying profit of the UK & Europe insurance business excluding the effect of, for example, management actions to improve solvency and material assumption changes. Details of these are set out in the IFRS disclosures of the 2017 Prudential plc results announcement released on 14 March 2018 (note I(d) of the additional unaudited IFRS financial information).
3. The estimated total contribution to Group IFRS operating profit based on longer-term investment returns, including core and other profits, of the portion of the annuities being sold was around £275 million in 2016 and around £200 million in 2017.
4. Based on longer-term investment returns.
