Independent Auditors' Report

The Board of Directors
CenturyTel, Inc.:

We have audited the accompanying statements of net assets available for benefits

Edgar Filing: CENTURYTEL INC - Form 11-K

of CenturyTel, Inc. Dollars and Sense Plan as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of CenturyTel, Inc. Dollars and Sense Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of nonexempt transactions, assets (held at end of year), and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2001 and 2000

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROVISIONS OF THE PLAN

Basis of Presentation

The CenturyTel, Inc. Dollars and Sense Plan (the Plan) was established on May 1, 1986. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits. The Plan has made estimates in preparing the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

The assets of the Plan are invested by the Trustee in various investment programs (funds) which are described in Note 2.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Participation

Participation in the Plan is available to each employee of CenturyTel, Inc. and its participating subsidiaries (the Company), other than those who are classified as temporary employees or employees covered under a collective bargaining agreement.

In order to participate in the Plan, an employee must execute a Salary Deferral Agreement with the Company. In the Salary Deferral Agreement, which is executed either on-line or by telephone, an employee agrees to a deferral of between one percent and sixteen percent of compensation. The percentage of compensation a participant elects to defer applies to the participant's base pay plus certain incentive compensation received, including certain cash bonuses, commissions, and lump sums granted in lieu of pay increases. The amount of compensation deferred by each participant is credited to an account (Elective Deferral Account) maintained for each participant by the Trustee. The Elective Deferral Account is self-directed.

Through August 31, 2001, as of the end of each payroll period, the Company contributed to an account (Employer Match Account) for each participant a contribution equal to 55% of each such participant's contribution during such payroll period; however, this matching contribution applied only to the first 6% of such participant's compensation contributed to the Plan. Effective September 1, 2001, the Company contributes to the Employer Match Account for each participant a contribution equal to 60% of each such participant's contribution during such payroll period; however, this matching contribution applies only to the first 6% of such participant's compensation contributed to the Plan. The Board of Directors of the Company may, at its discretion, elect at the end of each year to contribute an additional amount to participants' accounts (Additional Match Account). Company contributions may be made in cash or CenturyTel, Inc. Common Stock (CenturyTel Common Stock). If made in cash, such cash is applied by the Trustee to the purchase of CenturyTel Common Stock.

Edgar Filing: CENTURYTEL INC - Form 11-K

During 2001, the Company contributed CenturyTel common stock with a fair value of \$1,729,488 to the Plan and cash of \$3,184,084 to the Plan, all of which related to contributions made to the Employer Match Account. In addition the Company contributed \$1,373 to the Plan to reimburse the Plan for lost interest on employee contributions that were not submitted to the Trustee in a timely manner in accordance with the Department of Labor regulations. For additional information see Note 7.

An employee is permitted to transfer to the Plan as a contribution his interest in another plan qualified under Section 401(k) of the Internal Revenue Code, as amended (the Code). Such contribution must qualify as a "rollover" contribution described in Section 402(c) or 408 (d)(3) of the Code. Such a rollover will be credited to a rollover account on behalf of the participant (the Rollover/Transfer Account).

Additionally, an employee is permitted to transfer to the Plan as a contribution a portion of his interest in the CenturyTel, Inc. Employee Stock Ownership Plan("ESOP") pursuant to diversification rights under such plan. To qualify for this transfer an employee must be 55 years of age or older and been a participant in the ESOP for ten years. Such contributions will be credited to an account on behalf of the participant (the ESOP Diversification Account).

The interest of a participant in his Elective Deferral Account, Rollover/Transfer Account, Employer Match Account, Additional Match Account and ESOP Diversification Account is fully vested and non-forfeitable at all times.

Reports to Participants

All participants are furnished with quarterly statements which set forth the status of their accounts in the Plan.

Distributions

If the employment of a participant with the employer ceases because of death, retirement, disability, termination of employment or for any other reason, the participant's entire interest in the Plan may be distributed to him or to his beneficiary in a lump sum or in periodic installments. If the participant dies without designating a beneficiary, his beneficiary shall be, in the order listed, (i) his spouse, (ii) his children, or (iii) his estate.

Withdrawals

A participant who is an employee and over age 59 1/2 may make withdrawals from his vested accounts prior to meeting normal distribution requirements. In addition, a hardship withdrawal may be made from an Elective Deferral Account or a Rollover/Transfer Account only as a result of financial hardship related to unreimbursable educational expenses, medical expenses which are not reimbursable by insurance, the need to pay for the funeral expenses of a family member, purchase of a primary residence, or the prevention of eviction or foreclosure from the participant's principal residence. The determination of the existence of a financial hardship and the amount required to be distributed to meet the need created by the hardship shall be made uniformly and without discrimination at the sole discretion of the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to

Edgar Filing: CENTURYTEL INC - Form 11-K

change, suspend or terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974.

Loans to Participants

The Plan has a provision whereby a participant can borrow from his Elective Deferral Account or Rollover/Transfer Account. The maximum loan is 50% of the account balance, up to \$50,000. The loans are repaid through payroll deductions and the interest rate is the prime rate published in the Wall Street Journal on the last day of the previous quarter plus 1%. The loan repayment period may not exceed five years except for loans for the purchase of the participant's principal residence which may be for any period not to exceed fifteen years.

Trustee

The Trustee of the Plan, as of December 31, 2001, was T. Rowe Price Trust Company (T. Rowe Price). The Board of Directors of the Company may remove the Trustee and appoint a successor trustee. The Company and the Trustee have entered into a Trust Agreement which provides for the establishment of a Trust for the purpose of holding and investing the contributions to the Trust pursuant to the provisions of the Plan.

Administration

The Company has appointed a committee to administer the Plan. The individuals who administer the Plan serve at the discretion of the Board of Directors of the Company and may be removed by the Board of Directors at any time. The administrative costs of the Plan are paid by the Company.

Market Value Determination

Investments in CenturyTel Common Stock are valued at the closing market price on December 31, 2001 and 2000, respectively. Other investments in the funds, which consist of shares of mutual funds, are valued by the Trustee based on the market value at year-end of the underlying assets of each fund. Purchases and sales of securities are recorded on a trade date basis. Loans to participants are valued at principal amount outstanding which approximates market value.
