Edgar Filing: BALLARD POWER SYSTEMS INC - Form SC 13D/A

The Schedule 13D filed by Ford Motor Company and Ford Global Technologies, Inc. on April 20, 1998, as amended by Amendment Number 1 to Schedule 13D filed by Ford Motor Company and Ford Global Technologies, Inc. dated December 10, 2001, and as amended by Amendment Number 2 to Schedule 13D filed by Ford Motor Company and Ford Global Technologies, LLC dated January 18, 2005, is amended as hereinafter provided.

Item 1. Security and Issuer.

This Schedule 13D relates to the Ballard Common Shares (the "Ballard Common Shares") of Ballard Power Systems Inc. ("Ballard"), a corporation incorporated under the Canada Business Corporation Act whose principal executive offices are located at 4343 North Fraser Way, Burnaby, British Columbia, Canada V5J 5J9.

Item 2. Identity and Background.

This Schedule 13D is filed jointly by Ford Motor Company, a Delaware corporation ("Ford"), and Ford Global Technologies, LLC, a Delaware limited liability company ("FGTL"). FGTL is a wholly-owned subsidiary of Ford. Ford's principal executive offices are located at One American Road, Dearborn, Michigan 48126. FGTL's principal executive offices are located at One Parklane Blvd., Suite 911, Parklane Towers East, Dearborn, Michigan 48126.

Ford is a manufacturing company whose principal business is the design, manufacture, assembly and sale of cars and trucks and related products and services. FGTL manages certain intellectual property of Ford and Ford's affiliates. Ford Global Technologies, Inc. ("FGTI"), an entity that managed certain intellectual property of Ford and Ford's affiliates, merged into FGTL on March 1, 2003. As a result of the merger effective March 1, 2003, Ballard Common Shares previously owned by FGFI are now owned by FGTL.

Information concerning the name, business address, principal occupation and citizenship of each executive officer and director of Ford and FGTL is attached in Exhibit 1 hereto and incorporated herein by reference.

Neither Ford nor FGTL nor, to the knowledge of Ford or FGTL, any of their executive officers or directors, have been convicted during the last five years in a criminal proceeding (excluding traffic violations or similar violations). Neither Ford nor FGTL, nor to the knowledge of Ford or FGTL, any executive officer or director of Ford or FGTL, during the last five years, was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violations with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

(a) On April 7, 1998, FGFI acquired an aggregate of 12,237,165 Ballard Common Shares (after giving effect to a three for one stock split in June, 1998), and, as a result of the merger described above in Item 2 above, such Ballard Common Shares are now owned by FGTL.

(b) On November 30, 2001, pursuant to an Acquisition and Plan of Merger Agreement among, inter alia, Ford, FGFI, DaimlerChrysler AG ("DCX") and Ballard dated October 2, 2001, Ford acquired a total of 9,917,876 Ballard Common Shares by private placement from Ballard as follows:

Edgar Filing: BALLARD POWER SYSTEMS INC - Form SC 13D/A

CUSIP No. 0585H 10 4

13D

Page 5 of 9

(i) Ford acquired 919,624 Ballard Common Shares at a price of CDN\$27.185 per Ballard Common Share, for an aggregate purchase price of CDN\$24,999,978.44; and

(ii) Ford acquired 8,998,252 Ballard Common Shares in consideration for the merger of Ford's wholly-owned subsidiary, Ford Electric Drive Holdings Company ("Ford Electric"), with and into a wholly owned subsidiary of Ballard. Ford Electric held a 62.1% interest in Ecostar Electric Drive Systems LLC and a 21.8% interest in Xcellsis AG.

(c) On January 12, 2005, pursuant to a Call Agreement dated December 31, 2003 (the "Call Agreement") among Ford, DCX, Ballard and DBF Pref Share Holdings Inc., Ballard issued to Ford, and Ford acquired from Ballard, 2,026,157 additional Ballard Common Shares by way of a private placement for a purchase price of CDN\$25,000,000.

(d) On August 31, 2005, pursuant to an Acquisition Agreement dated June 23, 2005 (the "Acquisition Agreement") among Ford, Ballard and DCX, Ford transferred to Ballard an aggregate 11,312,498 Ballard Common Shares to Ballard for cancellation, of which 8,306,606 Ballard Common Shares held by FGTL were transferred to Ballard in exchange for a 50% interest in Ballard Power Systems AG ("BPS AG") (formerly Xcellsis AG) held by Ballard, and 3,005,892 Ballard Common Shares held by FGTL were transferred to Ballard in exchange for the termination of certain obligations of Ford in respect of electric drives for hybrid vehicles contained in the Third Alliance Agreement entered into by Ford, Ballard, Ballard Power Corporation and DCX on November 30, 2001.

All of the funds used for Ford's purchase of Ballard Common Shares were derived from its working capital.

Item 4. Purpose of Transaction.

Ford initially acquired Ballard Common Shares in order to participate in a global alliance with Ballard and DCX for the development, marketing and sale of fuel cell engines and related technology.

On August 31, 2005, pursuant to the Acquisition Agreement and in relation to the Fourth Alliance Agreement dated August 31, 2005 among Ford, Ballard, DCX and DBF Pref Share Holdings Inc. (the "Fourth Alliance Agreement"), Ballard and its subsidiary, Ballard Power Corporation, transferred to Ford and DCX all of the shares of BPS AG in exchange for Ballard Common Shares (the "Fourth Alliance Transaction"). As a result of the Fourth Alliance Transaction, Ford acquired a 50% interest in BPS AG in exchange for 8,306,606 Ballard Common Shares owned by Ford. In addition, DCX acquired a 50% interest in BPS AG in exchange for 693,394 Ballard Common Shares owned by DCX and the termination of the Ford Exchange Agreement dated October 2, 2001 pursuant to which Ballard was to acquire DCX's 49.9% interest in BPS AG in exchange for the issuance of 7,613,212 Ballard Common Shares to DCX.

Item 5. Interest in Securities of the Issuer.

Ford owns the direct legal and beneficial ownership interest and the sole right to vote and dispose of 11,944,033 Ballard Common Shares. FGTL owns an additional 924,667 Ballard Common Shares. As the parent company of FGTL, Ford is the indirect beneficial owner of the 924,667 Ballard Common Shares owned by FGTL. Accordingly, Ford and FGTL have shared dispositive and voting power over the 924,667 Ballard Common Shares held by FGTL. Ford's overall interest in Ballard amounts to 12,868,700 Ballard Common Shares, representing approximately 11.5% of

Edgar Filing: BALLARD POWER SYSTEMS INC - Form SC 13D/A

the issued and outstanding Ballard Common Shares calculated on the basis of 111,672,446 Ballard Common Shares outstanding as of July 26, 2005.

Item 6. Contracts, Arrangements, Undertakings or Relationships With Respect to Securities of the Issuer.

Certain rights and obligations of Ford and DCX with respect to Ballard and Ballard's Common Shares were amended effective August 31, 2005 in connection with the completion of the Fourth Alliance Transaction. Details of the amendments are as follows:

Board of Directors. Since 1998, each of Ford and DCX, through shareholdings in the jointly-owned company, DBF Pref Share Holdings Inc. ("DBF"), have been entitled to elect a number of directors of Ballard based on its respective percentage ownership of Ballard Common Shares, with the number of directors to be elected by each of them being rounded up to the next whole number where that percentage results in an entitlement to elect more than two-thirds of a director and being rounded down to the next whole number otherwise.

Under the Fourth Alliance Transaction, Ford's right to elect directors has been revised in two ways:

- o the number of directors to be appointed by Ford will be:
 - o rounded up to the nearest whole number where Ford's percentage ownership results in an entitlement to elect more than one-half of a director; and
 - o rounded down to the nearest whole number where Ford's percentage ownership results in an entitlement to elect one-half of a director or less; and
- o in circumstances where the percentage ownership of Ford results in it being entitled to appoint from 1.3 to 1.51 directors, it will be entitled to appoint two directors.

Other than its director appointment rights, Ford, as long as the Class A share of Ballard held by DBF on behalf of Ford is outstanding, is prohibited from voting its Common Shares to elect or remove directors or to change the rights or restrictions attached to the Class A share. Ford may, however, in its discretion, provide a proxy to vote in favor of the election of directors nominated by management of Ballard.

Limited Voting Provisions. Prior to the Fourth Alliance Transaction, certain decisions of Ballard's board of directors could not be undertaken without approval by a number of directors equal to one director more than a majority of the directors who were entitled to vote and who did vote on such decision, including at least one of the directors appointed by Ford or DCX (the "Limited Voting Provisions"). If any director appointed by Ford or DCX was absent or abstained or was otherwise prohibited from voting, a simple majority would suffice, and such majority need not include one of the directors appointed by Ford or DCX. These Limited Voting Provisions applied so long as Ford and DCX continued to own in the aggregate at least:

Edgar Filing: BALLARD POWER SYSTEMS INC - Form SC 13D/A

- (a) one-third of the outstanding Common Shares, not including shares Ballard issues in connection with an acquisition or investment in a third party that is subject to the Limited Voting Provisions (the "Threshold Percentage");

CUSIP No. 0585H 10 4

13D

Page 7 of 9

- (b) 20% of all of Ballard's outstanding shares; and
- (c) all of the Common Shares held by Ford and DCX respectively, after giving effect to the Fourth Alliance Transaction (other than 2,954,781 Common Shares owned by Ford and 3,977,650 Common Shares owned by DCX) ("Ballard Base Shares");

and each of Ford and DCX:

- (d) owned a sufficient number of Ballard's Common Shares to entitle each of them to elect at least one of Ballard's directors; and
- (e) elected at least one of Ballard's directors when entitled to do so.

Prior to the Fourth Alliance Transaction, if the Limited Voting Provisions ceased to apply to Ford and DCX collectively, it was possible for the Limited Voting Provisions to be re-applied if either or both of Ford and DCX acquired at any subsequent time at least 37.92% of the outstanding Common Shares and then continued to meet the requirements set out in (a) to (e) above.

There are no material changes to the Limited Voting Provisions (as fully described in Amendment No. 1) under the Fourth Alliance Transaction. However, there are three changes with respect to the circumstances in which the Limited Voting Provisions are applicable:

- o the Threshold Percentage has been lowered from one-third of Ballard's outstanding Common Shares to one-quarter of Ballard's outstanding Common Shares (subject to being increased back to one-third in limited circumstances);
- o if Ford and DCX's aggregate ownership of the Common Shares falls below the Threshold Percentage, the Limited Voting Provisions will continue to apply during a 60-day cure period, and
 - o if Ford and DCX increase their aggregate ownership of the outstanding Common Shares to more than the Threshold Percentage within such cure period, the Limited Voting Provisions will continue in effect thereafter; or
 - o if Ford and DCX fail to increase their aggregate ownership of the outstanding Common Shares to more than the Threshold Percentage within the cure period, the Limited Voting Provisions will be terminated at the end of the cure period, subject to reinstatement if Ford and DCX increase their aggregate ownership of the outstanding Common Shares to more than the Threshold Percentage within 18 months after the expiry of the cure period; and
- o if the Limited Voting Provisions cease to apply to Ford and DCX collectively, it is possible for the Limited Voting Provisions to be re-applied to Ford or DCX if either of them, as the case may be, acquires at any subsequent time at least 33.75% of the outstanding Common Shares or

Edgar Filing: BALLARD POWER SYSTEMS INC - Form SC 13D/A

owns all of the other's Ballard Base Shares and then continues to meet the requirements set out above.

Equity Participation Rights. The Fourth Alliance Agreement continues to provide that if Ballard undertakes an equity offering, Ford has the right to purchase a sufficient number of Common Shares to enable it to maintain its equity interest in Ballard at its current level.

Officer Nomination Rights. Each of Ford and DCX continues to have a right to propose, for consideration by Ballard's board of directors, individuals for the offices of Chief Executive Officer, Chief Financial Officer, Chief Technology Officer (or other officer to whom the persons responsible for research and development report, or other officer to whom the person responsible for vehicular fuel cell programs report) and Vice-President, Research and Development (or other officer to whom the persons responsible for intellectual property report).

CUSIP No. 0585H 10 4

13D

Page 8 of 9

Officer Removal Rights. Ford and DCX continue to have joint removal rights over Ballard's Chief Technology Officer (or other officer to whom the persons responsible for research and development report, or other officer to whom the persons responsible for vehicular fuel cell programs report) and Ballard's Vice-President, Research and Development (or other officer to whom the persons responsible for intellectual property report).

Articles of Amendment. In order to implement the revised director appointment rights of each of Ford and DCX and to reflect the changes to the Limited Voting Provisions, Ballard has amended its Articles, effective August 31, 2005. A copy of the full text of the Articles of Amendment is attached as Exhibit 4 to this Amendment No. 3.

Arrangements Between Ford and DCX Respecting the Purchase and Sale of Ballard Common Shares. Ford and DCX have established procedures, effective August 31, 2005, for the purchase and sale of Common Shares where permitted to do so pursuant to the Fourth Alliance Agreement. The arrangements provide that each party will provide notice to the other before purchasing Common Shares; that purchases made by both parties at the same time will be made pro rata up to the amounts elected or permitted to be purchased by the parties; and that each party will provide prior notice to the other before selling Common Shares. The arrangements do not provide any rights in favor of either party to acquire Common Shares held by the other, and do not create any investment, dispositive or voting rights in favor of either party with respect to Common Shares held by the other party.

A more detailed description of the contractual arrangements forming part of the Fourth Alliance Transaction with respect to the matters disclosed in Item 4 and Item 6 of this Amendment No. 3 is attached hereto as Exhibit 3 and is incorporated herein by reference.

To the knowledge of Ford and FGTL, no executive officer or director of Ford or FGTL owns any Ballard Common Shares.
