As previously disclosed in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2003, we realigned our business segments from Wholesale, Energy Delivery, and Other to Utility Operations, Investments-Gas Operations, Investments-UK Operations and Investments-Other. These new segments are consistent with how management establishes strategic goals, allocates resources and evaluates performance. Our first quarter 2003 Form 10-Q, previously filed with the Securities and Exchange Commission, reflects such segment changes. This Report provides updated information to conform information presented in our Annual Report to the presentation reported in our first quarter Form 10-Q. Accordingly, this Report provides additional information to that previously reported in our Form 10-K and Form 10-K/A (for AEP) in Item 1. Business, Item 6. Selected Financial Data, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, Item 7A. Quantitative and Qualitative Disclosures About Market Risk, Item 8. Financial Statements and Supplementary Data, and Item 15. Exhibits, Financial Statement Schedules and Reports on Form 8-K to reflect the aforementioned segment changes.
