Item 2.02 Results of Operations and Financial Condition

On August 18, 2016, Stage Stores, Inc. (“we,” “our” or “registrant”) issued a news release reporting our unaudited financial results for the second quarter of fiscal 2016 and affirming our guidance for fiscal 2016.

The news release included “non-GAAP financial measures,” as that term is defined by Rule 101 of Regulation G (17 CFR Part 244) and Item 10 of Regulation S-K (17 CFR Part 229). Specifically, the following non-GAAP financial measures were included: (i) adjusted net income / loss; (ii) adjusted earnings / loss per diluted share; (iii) adjusted gross profit; and (iv) adjusted selling, general and administrative expenses. The non-GAAP financial measures exclude from the most directly comparable financial measure calculated and presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”) after-tax charges related to the consolidation of our corporate headquarters, severance associated with workforce reductions and strategic store closures of approximately \$0.8 million, or \$0.03 per diluted share for the second quarter of fiscal 2016, and \$1.1 million, or \$0.04 per diluted share for the year-to-date. The news release posted in the Investor Relations section of our website contains a presentation of the most directly comparable financial measure calculated and presented in accordance with GAAP and a reconciliation of the difference between the non-GAAP financial measures and the most directly comparable financial measures calculated and presented in accordance with GAAP. We believe this supplemental financial information enhances an investor’s understanding of our financial performance as it excludes those items which impact comparability of operating trends. The non-GAAP financial information should not be considered in isolation or viewed as a substitute for net income, cash flow from operations or other measures of performance as defined by GAAP. Moreover, non-GAAP financial information as reported by us is not necessarily comparable to other similarly titled measures of other companies due to the potential inconsistencies in the method of presentation and items considered.

Attached as Exhibit 99 to this Form 8-K is a copy of the news release, including information concerning forward-looking statements and factors that may affect our future results. The information in Exhibit 99 shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference to such filing. By furnishing the information in this Form 8-K and the attached exhibit, we are making no admission as to the materiality of any information in this Form 8-K or the exhibit.

Item 8.01 Other Events.

In our news release issued on August 18, 2016, we also announced that our Board of Directors declared a quarterly cash dividend of \$0.15 per share on our common stock, payable on September 14, 2016 to shareholders of record at the close of business on August 30, 2016.
