Proxy Statement

INTRODUCTION

This Proxy Statement is furnished to the shareholders of Culp, Inc. (sometimes referred to as the "company") by the company's Board of Directors in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the company to be held on Tuesday, September 21, 2004, at 9:00 a.m. at the Radisson Hotel, 135 South Main Street, High Point, North Carolina, and at any adjournment or adjournments thereof. Action will be taken at the Annual Meeting on the items described in this Proxy Statement, and on any other business that properly comes before the meeting.

This Proxy Statement and accompanying form of proxy are first being mailed to shareholders on or about August 18, 2004.

Whether or not you expect to attend the Annual Meeting, please complete, date and sign the accompanying form of proxy and return it promptly to ensure that your shares are voted at the meeting. Any shareholder giving a proxy may revoke it at any time before a vote is taken: (i) by duly executing a proxy bearing a later date; (ii) by executing a notice of revocation in a written instrument filed with the secretary of the company; or (iii) by appearing at the meeting and notifying the secretary of the intention to vote in person. Unless a contrary choice is specified, all shares represented by valid proxies that are received pursuant to this solicitation, and not revoked before they are exercised, will be voted for the election of the five directors named as nominees in this Proxy Statement, and for the ratification of the appointment of KPMG LLP as the independent auditors of the company for the current fiscal year. The proxy also confers discretionary authority upon the persons named therein, or their substitutes, with respect to any other business that may properly come before the meeting. Unless otherwise stated herein, each matter submitted to the shareholders will be approved if more votes are cast in favor of the proposal than the votes cast against the proposal. A shareholder abstaining from the vote on a proposal and any broker non-votes will be counted as present for purposes of determining whether a quorum is present, but will be counted as not having voted on the proposal in question. This means that in cases where a majority of the shares represented is required to approve a proposal, an abstention will have the effect of a vote against the proposal in question.

The company will bear the entire cost of preparing this Proxy Statement and of soliciting proxies. Proxies may be solicited by employees of the company,

Edgar Filing: CULP INC - Form DEF 14A

either personally, by special letter, or by telephone. The company also will request brokers and others to send solicitation material to beneficial owners of the company's stock and will reimburse them for this purpose upon request.

PROPOSAL 1: ELECTION OF DIRECTORS

The number of directors constituting the Board has been fixed at nine by the company's shareholders in accordance with the company's bylaws.

The company's bylaws provide that the Board of Directors shall be divided into three classes of directors with staggered three-year terms, so that one class or approximately one-third of the Board of Directors will be elected every year. At the Annual Meeting the shareholders will be asked to elect five directors. The three directors whose terms expire at the 2004 Annual Meeting of Shareholders (Howard L. Dunn, Jr., H. Bruce English, and Kenneth W. McAllister) have been nominated for reelection. Dr. Harry R. Culp, whose term was to expire in 2005, has submitted his resignation from the Board to be effective at the time of the 2004 Annual Meeting, and another vacancy was created by the earlier resignation of a director whose term was to expire in 2005. Jean L.P. Brunel and Kenneth R. Larson have been nominated to fill these vacancies, and therefore each has been nominated for election to a one-year term.

In the absence of specifications to the contrary, proxies will be voted for the election of each of the five nominees listed in the table below, and an equal number of votes will be cast for each nominee. In no case will proxies be voted for more than five nominees. The persons who receive the highest number of votes for election at the Annual Meeting will be elected as directors. If, at or before the time of the meeting, any of the nominees becomes unavailable for any reason, the proxy holders have the discretion to vote for a substitute nominee or nominees. The Board currently knows of no reason why any of the nominees listed below is likely to become unavailable.

BOARD COMMITTEES AND ATTENDANCE

There are four standing committees of the Board of Directors: Executive Committee, Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each of the members of each of our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company) and is "independent" within the meaning of the director independence standards set forth in the regulations of the New York Stock Exchange. Also, each of the members of our Audit Committee is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. These determinations are based primarily on a review of the responses of our directors to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with the directors.

The Executive Committee, the members of which are Messrs. Culp, Dunn, and Saxon, may exercise the full authority of the Board of Directors when the Board is not in session, except for certain powers related to borrowing and electing certain officers, and other powers that may not lawfully be delegated to Board committees.

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors of the company, and must pre-approve all services provided. The committee discusses and reviews in advance the scope and the fees of the annual audit and reviews the results thereof with the independent auditors. The auditors meet with the

Edgar Filing: CULP INC - Form DEF 14A

committee to discuss audit and financial reporting issues. The committee reviews the company's significant accounting policies, major internal accounting controls, reports from the company's internal auditor, quarterly financial information releases, the Annual Report to shareholders, and the Annual Report on Form 10-K filed with the Securities and Exchange Commission. In addition, the committee reviews and approves all significant transactions between the company and any related party.

Members of the Audit Committee are Messrs. McAllister (Chairman), English and Flavin. The Board of Directors has determined that Mr. Flavin qualifies as an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002.

The Compensation Committee approves matters relating to compensation, including fringe benefits and benefit plans for management and directors of the company, and reports to the Board of Directors from time to time as to its recommendation on compensation and policies for both management and directors. The committee also administers the company's stock option plans. The members of this committee are Messrs. English (Chairman), Flavin, and McAllister.

The current members of the Corporate Governance and Nominating Committee are Messrs. Flavin (Chairman), English and McAllister. The committee reviews and recommends to the Board candidates for appointment to fill vacancies on the Board as well as candidates for selection as director nominees for election by shareholders. The Corporate Governance and Nominating Committee also considers and makes recommendations to the Board on other matters relating to the size and function of the Board and its committees, to the Board's policies and procedures, and to corporate governance policies applicable to the company.

During the fiscal year ended May 2, 2004, the Board of Directors had five meetings; the Audit Committee ten meetings; the Compensation Committee three meetings; and the Corporate Governance and Nominating Committee four meetings. Each Board member attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees on which he served. Under current management practices, the Executive Committee exists mainly to act in place of the Board in cases where time constraints or other considerations make it impractical to convene a meeting of the entire Board or to obtain written consents from all Board members. The Executive Committee held several informal meetings during fiscal 2004. All significant management decisions requiring action by the Board of Directors were considered and acted upon by the full Board.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Committee Charters

Our Board of Directors recently approved Corporate Governance Guidelines, with the goal of providing effective governance of the company's business and affairs for the benefit of shareholders. The Corporate Governance Guidelines are available on the company's website at www.culpinc.com in the "Investor Relations" section. In addition, the charters for our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also included in the "Investor Relations" section of the company's website.

Executive Sessions of Non-Management Directors and Independent Directors; Lead Director

Non-management Board members meet separately from the other directors at regularly scheduled executive sessions, without the presence of management directors or executive officers of the company (except to the extent that the non-management directors request the attendance of any executive officers). The

Edgar Filing: CULP INC - Form DEF 14A

non-management directors have designated a "lead director" to preside at these meetings, to advise management and to otherwise act as a liaison between the non-management directors and the company's management. Mr. Norton is currently serving as the lead director. In addition to the meetings of non-management directors, the independent directors (as defined by New York Stock Exchange rules and the company's Corporate Governance Guidelines) meet in a separate executive session at least once per year.

Director Attendance at Annual Meetings

Directors are expected to attend the company's Annual Meeting of Shareholders. All members of the company's Board of Directors attended the 2003 Annual Meeting of Shareholders.

Code of Business Conduct and Ethics

The company has adopted a written Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is available on the company's website at www.culpinc.com under the "Investor Relations" section. The company will disclose on its website or by the filing of a Form 8-K any substantive amendments to the Code with regard to executive officers and any waivers granted under the Code for executive officers or directors.

Communications with Directors

The company and the company's Board of Directors believe it is important that a direct and open line of communication exist between the company's Board of Directors and its shareholders and other interested parties. Any shareholder or other interested party who desires to contact the company's directors may send a letter to the following address:

Culp, Inc. Board of Directors
c/o Corporate Secretary
P.O. Box 2686
High Point, North Carolina 27261-2686

Communications to directors will be handled by the office of the Corporate Secretary and forwarded to the appropriate person as soon as practicable.

The company also has a separate policy that allows shareholders, employees or other interested parties to communicate with the Chairman of the Audit Committee of the Board of Directors to report complaints or concerns regarding accounting, internal accounting controls, or audit matters. More details about this policy are available on the company's internet website at www.culpinc.com, in the "Investor Relations" section under the heading "Complaint Procedures for Accounting, Internal Accounting Controls, or Auditing Matters."

Director Nomination Process

The Corporate Governance and Nominating Committee is responsible for selecting persons to be recommended to the Board to fill vacancies on the Board, as well as persons to be recommended to the Board to be submitted to the shareholders as nominees for election as directors of the company. The charter of the Corporate Governance and Nominating Committee sets forth the specific responsibilities and duties of that committee, and a copy of the charter may be found on the company's internet website at www.culpinc.com, in the "Investor Relations" section. Among other things, the charter requires that the Corporate Governance and Nominating Committee consist of not less than three directors, each of whom is independent as determined by the Board of Directors and as defined by New York Stock Exchange rules. All of the current members of the

Edgar Filing: CULP INC - Form DEF 14A

Corporate Governance and Nominating Committee are independent directors.

The goal of the Corporate Governance and Nominating Committee is to create a Board that will demonstrate competence, objectivity, and the highest degree of integrity on an individual and collective basis. In evaluating current members and new candidates, the Corporate Governance and Nominating Committee considers the needs of the Board of Directors in light of the current mix of director skills and attributes. In accordance with the Corporate Governance Guidelines adopted by the Board, the Corporate Governance and Nominating Committee will seek a diversity of skills and backgrounds among directors in assessing candidates for membership on the Board. The Corporate Governance and Nominating Committee will seek candidates who possess honesty and integrity, sound business judgment, financial literacy, strategic and analytical insight, and the ability to commit an adequate amount of time to make a productive contribution to the Board and the company. In addition, the Corporate Governance and Nominating Committee will seek to assure that one or more Board members possess each of the following characteristics: knowledge and experience in the company's industry, management experience, international business knowledge, expertise in accounting or financial analysis, and regulatory compliance expertise. When the Corporate Governance and Nominating Committee is considering current Board members for nomination for reelection, the committee also considers prior Board contributions and performance, as well as attendance records for Board and committee meetings.

The Corporate Governance and Nominating Committee may seek input from other members of the Board and management in identifying and attracting director candidates who meet the criteria outlined above. In addition, the committee may use the services of consultants or a search firm, although it has not done so in the past. Recommendations from shareholders for nominees to the Board of Directors will be considered by the Corporate Governance and Nominating Committee if made in writing addressed to any member of the committee at the company's main office. In order to be considered, such recommendations must be received at least 120 days prior to the date of the meeting at which directors are to be elected. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. Based on a preliminary assessment of a candidate's qualifications, the Corporate Governance and Nominating Committee may conduct interviews with the candidate and request additional information from the candidate. The committee uses the same process for evaluating all nominees, including those recommended by shareholders.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached hereto as Appendix A. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the company's financial reports and information, systems of internal controls, and accounting, auditing and financial reporting processes. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors and must pre-approve all services provided by the independent auditors. Both the independent auditors and the company's internal auditor report directly to and meet with the Audit Committee.

Management has the primary responsibility for the financial statements and the reporting process. The company's firm of independent auditors, which for the fiscal year 2004 was KPMG LLP, is responsible for expressing an opinion on the conformity of the company's audited financial statements with U. S. generally accepted accounting principles. The Audit Committee has reviewed and discussed with management and KPMG the audited financial statements as of and for the year ended May 2, 2004. The Audit Committee has also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61

Edgar Filing: CULP INC - Form DEF 14A

(Communication with Audit Committees). In addition, the Audit Committee has received from KPMG the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the company and its management. The Audit Committee also has considered whether KPMG's provision of non-audit services to the company is compatible with the concept of auditor independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended May 2, 2004 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Audit Committee.

The Audit Committee's policy is to pre-approve all audit fees and terms and all non-audit services provided by the independent auditors. Under the policy, and in accordance with the Sarbanes-Oxley Act of 2002, any member of the Audit Committee who is an independent member of the Board of Directors may approve proposed non-audit services that arise between committee meetings, provided that the decision to pre-approve the service is presented at the next scheduled committee meeting. The Audit Committee did not fail to pre-approve any of the services provided by KPMG LLP during 2004.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors recommends that the shareholders ratify the Audit Committee's appointment of KPMG LLP to serve as the independent auditors for the company for the fiscal year ending May 1, 2005. KPMG LLP served as the independent auditors for the company for the last fourteen fiscal years. Representatives of the firm are expected to attend the Annual Meeting and will have the opportunity to make any statements they consider appropriate and to

respond to shareholders' questions. If the appointment of KPMG is not ratified by the shareholders, the Audit Committee of the Board of Directors will consider whether to replace KPMG or retain the firm for the current year as the company's auditors. Severance Protection Plan. In fiscal 2002, the company amended its Severance Protection Plan, which covers certain officers ("Executives") of the company, including each of the individuals named in the Summary Compensation Table. Pursuant to the Severance Protection Plan, the company and covered Executives have entered into written agreements that are effective upon a change in control (as defined in such agreements) of the company. The agreements provide that upon a change in control, the Executive is entitled to payment in the amount of 1.99 times the Executive's total compensation in effect at the time of termination of employment if any of the following events occurs: (i) the Executive is terminated in anticipation of the change in control, (ii) the Executive is terminated within three years after the change in control for any reason other than death, disability or for cause, (iii) the Executive terminates his employment during such three-year period because of an adverse change in the Executive's conditions of employment by the company, or (iv) the Executive terminates his employment during the 30-day period beginning six months after the change in control for any reason other than death or disability. In addition, the agreements provide for payment of one year's total compensation to each covered Executive in exchange for noncompetition covenants by the Executive that do not become effective except upon termination of the Executive's employment following a change in control. The plan does not prevent the company

Edgar Filing: CULP INC - Form DEF 14A

from terminating the Executive for cause at any time. The purpose of the Severance Protection Plan is to ensure the company continuity of management and the Executive continuity of employment in the event of any actual or threatened change in control of the company. The plan is not intended to alter materially the compensation and benefits a covered Executive could reasonably expect in the absence of such a change in control. As of May 2, 2004, the company's potential obligation pursuant to the Severance Protection Plan was \$6,930,671, which is the amount that would be expended by the company under the plan if all of the designated executives were terminated or otherwise entitled to benefits after a change in control of the company.

COMPENSATION OF DIRECTORS

Directors who are also employees of the company do not receive additional compensation for service as directors. Non-employee directors have historically received \$15,000 per year for participation as a member of the Board of Directors; \$5,000, \$3,000, and \$2,000 per year for serving on the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee, respectively; and an annual stock option grant of 1,875 shares. In fiscal 2004 the Board approved compensation of \$15,000 per year for serving as lead director for the company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee, all of whom are non-employee directors and independent directors, are H. Bruce English, Chairman, Patrick B. Flavin, and Kenneth W. McAllister. No member of the Compensation Committee serves on the compensation committee of another corporation that has a business relationship with the company.

COMPENSATION COMMITTEE REPORT

The following is a report of the Compensation Committee on compensation of executive officers for the fiscal year ended May 2, 2004.

The Compensation Committee has traditionally based compensation for the company's executive officers on three primary factors: (1) compensation paid to executive officers at comparable firms in the company's industry, (2) the individual executive's performance and contribution to the company, and (3) the financial performance of the company. In general, the committee has set base salaries for executives relying most heavily on the first two factors mentioned above, and has linked executive compensation to the third factor, the company's financial performance, through incentive cash bonuses that are based on the annual financial results of the company and periodic grants of stock options to executive officers. These basic policies were continued during fiscal 2004.

As it has done in each of the past several years, the committee reviewed published proxy statement and survey information for firms in the company's industry, including many of the companies included in the Core Data Textile Manufacturing Group Index data in the Performance Comparison table below. Based upon this review and upon general knowledge of the industry, the committee had concluded in recent years that the base salaries paid to the company's executive officers have been below those generally prevailing in the company's industry and for other manufacturing companies of similar size. For this reason, in recent years a larger portion of the compensation paid to the company's executives had been based on incentive compensation (cash bonuses and stock options) that is dependent upon the company's financial results. The committee

Edgar Filing: CULP INC - Form DEF 14A

believes that total cash compensation paid to the company's executives has remained generally lower than comparable compensation paid to many or most executives in the company's industry.

Under the company's Management Incentive Plan, certain executives and key associates (including those in the Summary Compensation Table) are selected by the Compensation Committee (based on management recommendations) to receive annual cash bonuses based on the company's financial results. The Compensation Committee (based on the recommendations of management) sets performance targets for the company in terms of financial measurements judged by the committee to be relevant indicators of management and corporate performance, which was earnings per share in fiscal 2004. Cash bonuses are then awarded to the executives participating in the plan pursuant to a formula that pays a percentage of the maximum bonus award established by the committee for each participating executive based upon the percentages of the performance targets the company achieves in a fiscal year. The cash bonuses shown in the Summary Compensation Table were paid under this plan.

The committee maintains a policy of providing incentives for executives to promote the creation of shareholder value, so that executive officers' long-term interests will be aligned with those of the company's shareholders. To that end, the committee periodically approves the grant of stock options to executive officers under the company's stock option plans. The Compensation Committee believes that the company's option plans have been successful in helping the company attract and retain skilled management to focus on efforts to increase the company's earnings and returns for its shareholders.

Periodic grants of incentive stock options are made to the executive officers and selected other employees under the company's 2002 Stock Option Plan, which was adopted by the company and approved by the company's shareholders in 2002. These options are granted at exercise prices equal to or greater than the fair market value of the underlying shares at the time the option is granted.

In addition to the 2002 Stock Option Plan, the company adopted two Performance-Based Option Plans under which options were granted to senior management with exercise prices significantly below fair market value of the underlying shares, but these options do not become exercisable unless the company achieves certain growth rates in its earnings or until approximately nine years after grant. The purpose of these plans is to provide incentive to senior management to maximize the company's earnings potential and to make a significant portion of executive compensation contingent on meeting earnings targets. In 1994, the company adopted (and the shareholders subsequently approved) the 1994 Performance-Based Option Plan, which provided for the one-time grant to executives of options that could become exercisable after the announcement of earnings for fiscal 1997 only if the company met a targeted compound growth rate of 13% over that three-year period (otherwise these options would not become exercisable until January 1, 2003). The company's reported earnings for fiscal 1997 were at a level that allowed the options to become exercisable in May of 1997, and represented a compound growth rate of 20% for the three years ended April 27, 1997. In 1997, the company adopted (and the shareholders approved) the 1997 Performance-Based Option Plan. This plan is similar in concept to the 1994 Performance-Based Option Plan, in that it provided for the one-time grant to executives of options that could have become exercisable if the company's earnings reached a specific target by the end of fiscal 1999. Otherwise, the options do not become exercisable until January 1, 2006. The earnings target under the 1997 Performance-Based Option Plan was not met, and thus the options under this plan will not become exercisable until January 1, 2006.

The Compensation Committee approved grants of stock options to certain officers and employees under the 2002 Stock Option Plan during fiscal 2004 to

Edgar Filing: CULP INC - Form DEF 14A

increase the opportunity of these employees to participate in the growth of the company and the value of its stock. The specific levels of options granted generally reflected the level of responsibility of the employees and officers receiving the option awards and the committee's judgment about the direct link between the employee's performance and the company's financial results.

A supplemental deferred compensation plan was reinstated in fiscal 2002 for two of the company's executive officers. The plan provides for additional deferred compensation payments for the benefit of the specified executive officers in the amount of fifteen percent of such officers' base salary at the beginning of the fiscal year. This plan was adopted by the committee in lieu of providing split-dollar life insurance plans such as those provided for the Chief Executive Officer and the President, as described below.

The compensation for the Chief Executive Officer is determined under the same policies and practices used for all of the company's executive officers, as discussed above. In addition, the company has provided a split-dollar life insurance plan for the Chief Executive Officer for many years; this program was continued in fiscal 2004 and now includes a split-dollar life insurance plan and long-term care policy for the President. The committee believes this type of plan provides a cost-effective means of providing this benefit.

The foregoing report has been furnished by the members of the Compensation Committee.

PERFORMANCE COMPARISON

The following graph shows changes over the five-year period ended May 2, 2004 in the value of \$100 invested in (1) the common stock of the company, (2) the Core Data Textile Manufacturing Group Index reported by Standard and Poor's, consisting of thirty-four companies (including the company) in the textile industry, and (3) the Standard & Poor's 500 Index. The company previously used the Textile Manufacturing Group Index reported by Media General Financial Services, Richmond, Virginia, and the Core Data Textile Manufacturing Group Index incorporates and continues the calculation of the Media General Textile Manufacturing Group Index.

The graph assumes an initial investment of \$100 at the end of fiscal 1999 and the reinvestment of all dividends during the periods identified.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Lease Transactions. During fiscal 2004, the company leased two industrial facilities from partnerships owned by certain of the company's executive officers, directors, principal shareholders and members of their immediate families. Principals of these related entities include Robert G. Culp, III, Harry R. Culp (brother of Robert G. Culp, III and a director), and Judith C. Walker (sister of Robert G. Culp, III). These facilities contain a total of 340,000 square feet of floor space. The initial terms of the leases described above range from five to seven years, with one or more five-year renewal options. Base rent per year for the leased facilities ranges from \$1.98 to \$2.32 per square foot. The leases typically prohibit assignment or subletting without the lessor's consent, but such consent may not be unreasonably withheld. The lessor is generally responsible for maintenance only of roof and structural portions of the leased facilities. The industrial facilities are leased on a "triple net" basis, with the company responsible for payment of all property taxes, insurance premiums and maintenance, other than structural maintenance. The company believes that at the time the leases and any lease renewals were executed, the terms of all such leases were no less favorable to the company than could have been obtained in arms-length transactions with unaffiliated persons. The company received independent appraisals to this effect with respect to the industrial facility leases. All related party leases and amendments thereto are approved by the Audit Committee and are reviewed annually by the Audit Committee. The total amount of rent paid by the company under all related party leases during fiscal 2004 was approximately \$682,000.

Certain Business Relationships. The company had sales of approximately \$41.8 million, which constituted 13.1% of the company's net sales, to La-Z-Boy Incorporated in fiscal 2004. Patrick H. Norton, a director of the company, serves as chairman of the board of La-Z-Boy Incorporated.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the company's directors, its executive officers, any persons who hold more than ten percent of the company's common stock and certain trusts (collectively, "insiders") to report their holdings of and transactions in the company's common stock to the Securities and Exchange Commission (the "SEC"). Specific due dates for these reports have been established, and the company is required to disclose in this Proxy Statement any late filings and any failures to file that have occurred since April 27, 2003. Insiders must file three types of ownership reports with the SEC: initial ownership reports, change-in-ownership reports and year-end reports. Under the SEC's rules, insiders must furnish the company with copies of all Section 16(a) reports that they file. Based solely on a review of copies of these reports and on written representations the company has received, the company believes that since April 27, 2003, its insiders have complied with all applicable Section 16(a) reporting requirements, except as follows. As previously disclosed in the 2003 Proxy Statement, Mr. Robert G. Culp, III did not report on a timely basis twenty-four transactions over several years by his spouse because he was not aware of the transactions at the time they took place. These transactions were subsequently reported in fiscal 2004 after Mr. Culp learned the details necessary to report the transactions.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

I. PURPOSE

The purposes of the Audit Committee (the "Committee") are as follows:

- (a) to assist the Board of Directors of Culp, Inc. (the "Corporation") in its oversight of (1) the integrity of the Corporation's financial statements, (2) the Corporation's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Corporation's internal audit function and independent auditor; and
- (b) to prepare a Committee report as required by the SEC to be included in the Corporation's proxy statement for its annual meeting of shareholders.

The Committee's primary responsibilities are to:

- o Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.
- o Select the Corporation's independent auditor (subject to shareholder ratification) and set the terms of the audit engagement.
- o Review and appraise the performance of the Corporation's independent auditor and internal audit staff.
- o Provide an open avenue of communication among the independent auditor, the internal audit, financial and senior management and the Board of Directors.

While the Committee has the responsibilities and authority set forth in this Charter, the fundamental responsibility for the Corporation's financial statements and disclosures rests with management and the independent auditor.

II. COMPOSITION

The Committee shall be comprised of three or more directors appointed by the Board, each of whom shall be an independent director under the standards of the New York Stock Exchange, free from any relationship that would interfere with the exercise of independent judgment as a member of the Committee, and shall also satisfy the additional qualifications for audit committee membership set forth in SEC and NYSE rules, all as determined by the Board. All members of the Committee shall have a working familiarity with basic finance and accounting practices and have the ability to read and understand fundamental financial statements, and at least one member of the Committee shall have accounting or related financial management expertise. To the extent practicable, at least one member of the Committee should qualify as an "audit committee financial expert" under SEC rules.

Unless the Board appoints a Chairman of the Committee, the members of the Committee may designate a Chairman by majority vote of the full Committee membership.

Edgar Filing: CULP INC - Form DEF 14A

III. MEETINGS

The Committee shall meet as frequently as circumstances dictate. The Committee may ask members of management or others to attend any meeting and provide information or advice as needed. IV. ACTIVITIES

The following shall be among the principal areas of responsibility and recurring responsibilities of the Committee in carrying out its oversight role. These responsibilities are set forth as a guide, with the understanding that the Committee may supplement them as appropriate.

The Committee shall:

Review of Documents and Reports; Audit Committee Report

1. Review this Charter at least annually and recommend any proposed changes to the Board.

3. Discuss with management and the independent auditor, as appropriate, the Corporation's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

These discussions may be general in nature, covering, e.g., the types of information to be disclosed and the type of presentation to be made, as opposed to the specific content of each release or each piece of guidance.

4. Review the regular reports to management prepared by the internal auditors and by the independent auditor, management's responses to those reports, any "internal control" or management letter issued or proposed to be issued by the independent auditor.
