Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) The Compensation Committee of the Board of Directors of Maxim Integrated Products, Inc. (the “Company”) approved a new cash incentive compensation plan for executive officers applicable to fiscal year 2015 performance (the “2015 Incentive Compensation Plan”).

Under the 2015 Incentive Compensation Plan, the aggregate cash bonus pool available for distribution to all executive officers of the Company, including the principal executive officer, principal financial officer and other named executive officers of the Company that will appear in our proxy statement for our Annual Meeting of Stockholders to be held on November 12, 2014, will range from 0.63% to 1.17% of the Company's operating income as determined under U.S. Generally Accepted Accounting Principles (“GAAP”), excluding the effect of special items. The metrics that determine the percentage of the Company's operating income available for distribution to all officers is year-over-year stock price performance of the Company relative to a peer group consisting of eight (8) other companies measured during the April-June time period as well as product development execution. The target aggregate cash bonus pool is an amount equal to 0.9% of the Company’s operating income as determined under GAAP, excluding the effect of special items. In the event operating income, excluding the effect of special items, for fiscal 2015 is not at least 50% of target operating income for the fiscal year, then there will not be any funds earned under the cash bonus pool for executive officers. Each executive officer's share of the aggregate bonus pool is determined based upon their company impact and personal performance.
