Chemung Canal Trust Company

Profit Sharing, Savings and Investment Plan

We have audited the accompanying statement of net assets available for benefits of the Chemung Canal Trust Company Profit Sharing, Savings and Investment Plan as of December 31, 2003, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Chemung Canal Trust Company Profit Sharing, Savings and Investment Plan as of December 31, 2002, were audited by other auditors whose report dated June 24, 2003, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule of Assets Held for Investment Purposes At End of Year - December 31, 2003 and Schedule of Reportable Transactions - December 31, 2003 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2003 financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic 2003 financial statements taken as a whole.

NOTE A: DESCRIPTION OF PLAN

The following description of the Chemung Canal Trust Company Profit Sharing, Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was restated in 1985 to incorporate 401(k) savings and investment provisions. Under the restated plan, investment accounts attributable to employer contributions made for plan years ended before January 1, 1985 were maintained. Withdrawal privileges continue on these assets with certain limitations on frequency and amount. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility

A participant is eligible to make voluntary contributions at the beginning of the quarter following three months of employment and attainment of age 21. A participant is eligible for discretionary employer contributions after attainment of age 21 and completion of one year of credited service.

Vesting

Participants are immediately vested in all contributions and earnings thereon.

Contributions

Participants may contribute of up to 70% of their current compensation, as defined, for investment in one or all of the available investment alternatives. Contributions are subject to certain Internal Revenue Service limitations in each year.

The Plan sponsor may match 50% of the voluntary contributions made by an eligible participant up to 6% of the participant's current compensation, as defined. Prior to January 1, 2001, these matching contributions were invested in Chemung Financial Corporation common stock, except for participants age 50 or greater, for which these matching contributions were participant-directed. Subsequent to January 1, 2001, these matching contributions are completely participant-directed. Subsequent to January 1, 2004 employer matching contributions are discretionary and contributed annually as directed by the Board of Directors.

Additionally, the Plan sponsor may contribute amounts annually at the discretion of the Board of Directors. Prior to July 1, 2002, these discretionary contributions were invested in Chemung Financial Corporation common stock, except for participants age 50 or greater, for which these contributions were participant-directed. Subsequent to July 1, 2002, these contributions are completely participant-directed. The Plan sponsor has the right to discontinue such discretionary contributions at any time.

Payment of benefits

Upon termination of service, the participant's account is either maintained in the Plan, transferred to an individual retirement account in the participant's name, directly rolled over into a qualified retirement plan or paid to the participant in a lump sum.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESBasis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

The Trustee holds the Plan's investments and executes transactions therein. Investments in equity or debt securities, or mutual funds that are traded on national securities exchanges are valued at quoted market prices. Chemung Financial Corporation's common stock is inactively traded in the over-the-counter market. Its market price is determined by the Trustee based upon actual transactions reported by a brokerage firm that maintains a market in the stock. Units of participation in the Chemung Canal Trust Company common trust funds are valued based on the underlying quoted market value of the securities held by each fund. Purchases and sales of securities are recorded on a trade date basis.

The Plan invests in various types of investment securities. Investment securities are exposed to various risk, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statement of net assets available for benefits.

Administrative expenses

The Plan sponsor has elected to pay certain administrative expenses of the Plan.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

NOTE C: INVESTMENTS

The following presents the fair value of investments and the net appreciation (depreciation) of fair value as determined by Chemung Canal Trust Company. Investments that represent 5% or more of the Plan's assets are separately identified:

	\$ 4,119,288	\$20,470,155	\$ (1,506,086)	\$15,770,289

NOTE D: TAX STATUS

The Internal Revenue Service has determined and informed the Bank by a letter dated March 4, 2002, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants have a fully vested interest in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE F: RELATED PARTY TRANSACTIONS

Chemung Canal Trust Company (the Bank), a wholly owned subsidiary of Chemung Financial Corporation, is the Plan sponsor and acts as trustee for the Plan's assets. In addition, the Plan invests in common trust funds managed by the Bank (representing 30% and 33% of net assets at December 31, 2003 and 2002, respectively) and Chemung Financial Corporation common stock (representing 46% and 44% of net assets at December 31, 2003 and 2002, respectively).
