Effective March 31, 2014, San Jose Water Company (“SJWC”), a wholly owned subsidiary of SJW Corp., received approval from the California Public Utilities Commission (“CPUC”) to institute a Mandatory Conservation Revenue Adjustment Memorandum Account (“MCRAMA”) to track any revenue shortfall associated with implementation of the conservation goals established by the Santa Clara Valley Water District. On March 26, 2015, San Jose Water Company filed Advice Letter No. 468 with the CPUC requesting authorization to recover an approximately \$9.6 million balance in the MCRAMA that accumulated during the period April 1, 2014 through December 31, 2014 using a Water Revenue Adjustment Mechanism calculation methodology. On December 3, 2015, the CPUC authorized SJWC to recover approximately \$4.3 million associated with the MCRAMA balance accumulated during the period April 1, 2014 through December 31, 2014 calculated in accordance with the Water Conservation Memorandum Account calculation methodology. The recovery of the authorized balance will take place via a 12-month surcharge.
