REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Plan Administrator  
The Petroleum Development 401(k) & Profit Sharing Plan  
Bridgeport, West Virginia

We have audited the accompanying statements of net assets available for benefits of The Petroleum Development 401(k) & Profit Sharing Plan (the "Plan") as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of The Petroleum Development 401(k) & Profit Sharing Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) and the supplemental schedule of delinquent participant contributions as of December 31, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2006 financial statements and, in our opinion, are fairly stated in all material respects when consideration in relation to the basic 2006 financial statements taken as a whole.

PETROLEUM DEVELOPMENT CORPORATION 401(K) AND PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2006 AND 2005 AND FOR THE YEAR ENDED DECEMBER 31, 2006

1. DESCRIPTION OF THE PLAN

The following description of the Petroleum Development Corp. (the "Company") 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger

Effective July 1, 2006, the Petroleum Development Corporation Profit Sharing Plan was terminated and merged into the 401-k Plan. The Profit Sharing Plan net assets of \$8,749,582 were transferred to the 401-k Plan and are included on the statement of changes in nets assets as transfer of assets – profit sharing. The assets transferred consisted of \$3,382,142 of Petroleum Development Corporation Stock, \$5,219,819 of money market funds, \$126,693 of equity index funds, and \$20,928 accrued income. The Petroleum Development Corporation Stock was transferred in-kind and each other individual participant investments were transferred to one of Fidelity's Freedom Fund's based on that participant's projected retirement date.

General

The Plan is a defined contribution plan covering all employees except leased employees and employees covered by a collective bargaining agreement of Petroleum Development Corp. who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Trustee and Recordkeeper

All of the Plan's assets are held by Fidelity Investments who also has participant account record keeping responsibilities.

Contributions

Each year, participants may make contributions of up to 60% of pretax annual compensation, as defined in the Plan, subject to statutory limitations. The Plan also allows catch up contributions for participants who have reached age of 50 by the end of the year, subject to statutory limitations. The Company may make discretionary matching contributions in such amounts as may be determined by the Company's Board of Directors each plan year. The Company made matching contributions of 100% of participant contributions to all investment choices up to 10% of the participant compensation in 2006. In addition, the Company may make discretionary profit sharing contributions, if any, on the participants behalf in an amount to be determined by the Board of Directors at the end of the Plan year.

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers twenty-two (22) mutual funds and the Company's common stock as investment options for participants. Participants may change their investment election for current or future contributions, the percentage(s) invested in each of these options, or transfer funds among these options on any business day.

#### Participant Accounts

Each participant's account is funded with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

#### Loans to Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Repayment period shall be no more than five years unless such loan is for the purchase of a Participant's primary residence, in which case the repayment period may not extend beyond ten years from the date of the loan. Interest will accrue at the annual rate of 6%, which is set by the Plan administrator.

#### Payment of Benefits

On termination of service due to death, disability, or retirement (at age 59 ½), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments under a systematic withdrawal plan. In addition, hardship withdrawals from a Participant's Deferral Contributions Account shall be allowed.

#### Forfeitures

Company discretionary contributions that are not vested upon termination of employment are forfeited and may be used to reduce future Company contributions. For the year ended December 31, 2006, no forfeitures were used to offset current year employer contributions.

## 2. SUMMARY OF SIGNIFICANT ACCCOUNTING POLICIES

#### Basis of Presentation

The Plan uses the accrual basis of accounting and the financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Investment Valuation and Income

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value. The market value of the Company stock was based on the publicly traded price as of the last trade date of the year, December 29, 2006.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses, including trustee, legal, auditing and other fees, are paid by the Company and, as such, are not expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

3. INVESTMENTS

The following represents 5% or more of the Plan's net assets available for benefits at December 31: (in thousands)

	2006	2005
Petroleum Development Corp.	\$3,897	*
Fidelity Freedom 2010	\$1,469	*

\* Investments did not represent 5% or more of the Plan's net assets at December 31 for the respective year.

During 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows: (in thousands)

Mutual funds	\$954
Petroleum Development Corp. Common Stock	\$486
Net appreciation in fair value of investments	\$1,440

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TAX STATUS

In October 2003, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes the Plan to be exempt from taxation.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of the Company's common stock. The Company is the plan sponsor and therefore qualifies as a related party. At December 31, 2006, the Plan held an investment of 90,526 shares of the common stock of the Company. The fair value of the Company common stock held by the fund at December 31, 2006 was \$3,897,122.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits per the financial statements are consistent with the amounts reported in the Form 5500.

The benefits paid to participants per the financial statements are consistent with the amounts reported in the Form 5500.
