NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Basis of Presentation

The accompanying condensed consolidated financial statements of EQC have been prepared without audit. Certain information and footnote disclosures required by U.S. generally accepted accounting principles, or GAAP, for complete financial statements have been condensed or omitted. We believe the disclosures made are adequate to make the information presented not misleading. However, the accompanying condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes contained in our Annual Report on Form 10-K (Annual Report) for the year ended December 31, 2015. Capitalized terms used, but not defined in this Quarterly Report, have the same meanings as in our Annual Report.

In the opinion of our management, all adjustments, which include only normal recurring adjustments considered necessary for a fair presentation, have been included. All intercompany transactions and balances with or among our subsidiaries have been eliminated. Operating results for interim periods are not necessarily indicative of the results that may be expected for the full year. Reclassifications have been made to the prior years' financial statements to conform to the current year's presentation.

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect reported amounts. Actual results could differ from those estimates. Significant estimates in the condensed consolidated financial statements include the allowance for doubtful accounts, purchase price allocations, useful lives of fixed assets and impairment of real estate and intangible assets.

Share amounts are presented in whole numbers, except where noted.

Note 2. Recent Accounting Pronouncements

In March 2016, the FASB issued ASU 2016-09, Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting, which simplifies several aspects of the accounting for employee share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. This update is effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods, but early adoption is permitted. We are currently in the process of evaluating the impact the adoption of this ASU will have on our condensed consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases, which amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets. The ASU also requires lessees or lessors to capitalize only initial direct costs of leases. This update is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years, but early adoption is permitted. We are currently in the process of evaluating the impact the adoption of this ASU will have on our condensed consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which provides guidance for revenue recognition. This update is effective for interim and annual reporting periods beginning after December 15, 2017. We are currently in the process of evaluating the impact, if any, the adoption of this ASU will have on our condensed consolidated financial statements.

## NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

In April 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs. This standard amends existing guidance to require the presentation of debt issuance costs in the balance sheet as a deduction from the carrying amount of the related debt liability instead of as a deferred charge. It is effective for annual reporting periods beginning after December 15, 2015, but early adoption is permitted. We adopted this standard on January 1, 2016 and made the following reclassifications to the prior years' consolidated balance sheet to conform to the current year's presentation (in thousands):

Balance Sheet as of December 31, 2015	Originally Reported		Effect of ASU		As Adjusted
			Change		
Other assets, net	157,549	(13,208)			144,341
Senior unsecured debt, net	1,460,592	(9,986)			1,450,606
Mortgage notes payable, net	249,732	(3,222)			246,510

In April 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-08, Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity, or ASU 2014-08. ASU 2014-08 changes the criteria for reporting a discontinued operation. Under the new pronouncement, a disposal of a part of an organization that has a major effect on its operations and financial results is a discontinued operation. We adopted ASU 2014-08 on January 1, 2015, and determined that our 2016 dispositions, 2015 dispositions and properties held for sale as of March 31, 2016 do not individually represent a strategic shift, as defined by the standard, that has or will have a major effect on our operations and financial results. As a result, the 2016 and 2015 dispositions and properties held for sale have not been presented as discontinued operations in the statements of operations.

## Note 3. Real Estate Properties

During the three months ended March 31, 2016 and 2015, we made improvements, excluding tenant-funded improvements, to our properties totaling \$31.9 million and \$10.9 million, respectively.

## Properties Held For Sale:

We classify all properties that meet the criteria outlined in the Property, Plant and Equipment Topic of the FASB Accounting Standards Codification (Codification) as held for sale on our condensed consolidated balance sheets. As of December 31, 2015, we had no properties classified as held for sale. As of March 31, 2016, we classified the following properties as held for sale (dollars in thousands):

Asset	Date Sold	Number of Properties	Number of Buildings	Square Footage	Gross Sales Price
1525 Locust Street	April 2016	1	1	98,009	\$17,700
633 Ahua Street	April 2016	1	1	93,141	29,000
		2	2	191,150	\$46,700

Summarized balance sheet information for all properties classified as held for sale is as follows (in thousands):

## Property Dispositions:

During the three months ended March 31, 2016, we sold the following properties (dollars in thousands):

Asset	Date Disposed	Number of Properties	Number of Buildings	Square Footage	Gross Sales Price	Gain on Sale
Executive Park	February 2016	1	9	427,443	\$50,865	\$16,532
3330 N Washington Boulevard	March 2016	1	1	55,719	11,250	5,457
111 East Kilbourn Avenue	March 2016	1	1	373,669	60,500	14,677
		3	11	856,831	\$122,615	\$36,666

During the year ended December 31, 2015, we disposed of 91 properties (135 buildings) and one land parcel with a combined 18.9 million square feet for an aggregate gross sales price of \$2.0 billion, excluding closing costs.

## Note 4. Real Estate Mortgages Receivable

As of March 31, 2016 and December 31, 2015, we had total real estate mortgages receivable with an aggregate carrying value of \$8.1 million included in other assets in our condensed consolidated balance sheets. We provided mortgage financing totaling \$7.7 million at 6.0% per annum in connection with our sale of three suburban office and industrial properties (18 buildings) in January 2013 in Dearborn, MI; this real estate mortgage requires monthly interest payments and matures on January 24, 2023. We also provided mortgage financing totaling \$0.4 million at 6.0% per annum in connection with our sale of a suburban office property in Salina, NY in April 2012. This real estate mortgage requires monthly interest payments and matures on April 30, 2019.

We monitor the payment history of the borrowers and have determined that no allowance for losses related to these real estate mortgages receivable were necessary at March 31, 2016, and December 31, 2015.

## Note 5. Indebtedness

## Unsecured Revolving Credit Facility and Term Loan:

We are party to a credit agreement, pursuant to which the lenders agreed to provide a \$750.0 million unsecured revolving credit facility, a \$200.0 million 5-year term loan facility, and a \$200.0 million 7-year term loan facility. The revolving credit facility has a scheduled maturity date of January 28, 2019, which maturity date may be extended for up to two additional periods of six months at our option subject to satisfaction of certain conditions and the payment of an extension fee of 0.075% of the aggregate amount available under the revolving credit facility. The 5-year term loan and the 7-year term loan have scheduled maturity dates of January 28, 2020 and January 28, 2022, respectively.

The credit agreement permits us to utilize up to \$100.0 million of the revolving credit facility for the issuance of letters of credit. Amounts outstanding under the credit agreement generally may be prepaid at any time without premium or penalty, subject to certain exceptions. We have the right to request increases in the aggregate maximum amount of borrowings available under the revolving credit facility and term loans up to an additional \$1.15 billion, subject to certain conditions.

## Edgar Filing: Equity Commonwealth - Form 10-Q

Borrowings under the 5-year term loan and 7-year term loan will, subject to certain exceptions, bear interest at a LIBOR rate plus a margin of 90 to 180 basis points for the 5-year term loan and 140 to 235 basis points for the 7-year term loan, in each case depending on our credit rating. Borrowings under the revolving credit facility will, subject to certain exceptions, bear interest at a rate equal to, at our option, either a LIBOR rate or a base rate plus a margin of 87.5 to 155 basis points for LIBOR rate advances and 0 to 55 basis points for base rate advances, in each case depending on our credit rating. In addition, we are required to pay a facility fee of 12.5 to 30 basis points, depending on our credit rating, on the borrowings available under the revolving credit facility, whether or not utilized.

Borrowings under our revolving credit facility currently bear interest at LIBOR plus a spread, which was 125 basis points as of March 31, 2016. As of March 31, 2016, the interest rate payable on borrowings under our revolving credit facility was 1.69%. As of March 31, 2016, we had no balance outstanding and \$750.0 million available under our revolving credit facility

EQUITY COMMONWEALTH

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

and the facility fee as of March 31, 2016 was 0.25%. Our term loans currently bear interest at a rate of LIBOR plus a spread, which was 140 and 180 basis points for the 5-year and 7-year term loan, respectively, as of March 31, 2016. As of March 31, 2016, the interest rates for the amounts outstanding under our 5-year term loan and 7-year term loan were 1.84% and 2.24%, respectively. As of March 31, 2016, we had \$200.0 million outstanding under each of our 5-year and 7-year term loans.

Debt Covenants:

Our public debt indenture and related supplements, our revolving credit facility agreement and our term loan agreement contain a number of financial and other covenants, including covenants that restrict our ability to incur indebtedness or to make distributions under certain circumstances and require us to maintain financial ratios and a minimum net worth. At March 31, 2016, we believe we were in compliance with all of our respective covenants under our public debt indenture and related supplements, our revolving credit facility and our term loan agreements.

Senior Unsecured Notes:

On February 16, 2016, we redeemed at par \$139.1 million of our 6.25% senior unsecured notes due 2016 and recognized a loss on early extinguishment of debt of \$0.1 million from the write-off of an unamortized discount and unamortized deferred financing fees for the three months ended March 31, 2016.

Mortgage Notes Payable:

At March 31, 2016, five of our properties (8 buildings) with an aggregate net book value of \$288.7 million had secured mortgage notes totaling \$245.7 million (including net premiums and discounts and unamortized deferred financing fees) maturing from 2017 through 2026.

Note 6. Shareholders' Equity

Common Share Issuances:

See Note 10 for information regarding equity issuances related to share-based compensation.

Common Share Repurchases:

On August 24, 2015, our Board of Trustees approved a common share repurchase plan, which authorizes the repurchase of up to \$100.0 million of our outstanding common shares over the twelve month period following the date of authorization. On September 14, 2015, our Board of Trustees authorized the repurchase of up to an additional \$100.0 million of our outstanding common shares over the twelve month period following the date of authorization. On March 17, 2016, our Board of Trustees authorized the repurchase of up to an additional \$150.0 million of our outstanding common shares over the next twelve month period following the date of authorization. During the three months ended March 31, 2016, we purchased and retired 983,789 of our common shares at a weighted average price of \$25.94 per share.

Preferred Share Distributions:

Edgar Filing: Equity Commonwealth - Form 10-Q

In 2016, our Board of Trustees declared distributions on our series D preferred shares and series E cumulative redeemable preferred shares to date as follows:

Declaration Date	Record Date	Payment Date	Series D Dividend Per Share	Series E Dividend Per Share
January 26, 2016	February 5, 2016	February 16, 2016	\$0.40625	\$0.453125

## Note 8. Income Taxes

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, and are generally not subject to federal and state income taxes provided we distribute a sufficient amount of our taxable income to our shareholders and meet other requirements for qualifying as a REIT. We are also subject to certain state and local taxes without regard to our REIT status. In prior periods, we were subject to Australian taxes.

Our provision for income taxes consists of the following (in thousands):

Note 9. Derivative Instruments

Risk Management Objective of Using Derivatives

We are exposed to certain risks relating to our ongoing business operations, including the effect of changes in interest rates. The only risk we currently manage by using derivative instruments is related to our interest rate risk.

Table of Contents

## EQUITY COMMONWEALTH

## NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

We may use derivative financial instruments, including interest rate swaps, caps, options, floors and other interest rate derivative contracts, to hedge all or a portion of the interest rate risk associated with our borrowings. The principal objective of such arrangements is to minimize the risks and/or costs associated with our operating and financial structure as well as to hedge specific anticipated transactions. We do not intend to utilize derivatives for speculative or other purposes other than interest rate risk management. The use of derivative financial instruments carries certain risks, including the risk that the counterparties to these contractual arrangements are not able to perform under the agreements. To mitigate this risk, we only enter into derivative financial instruments with counterparties with high credit ratings and with major financial institutions with which we and our affiliates may also have other financial relationships. We do not anticipate that any of the counterparties will fail to meet their obligations.

## Cash Flow Hedges of Interest Rate Risk

Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish this objective, we periodically use interest rate swaps, caps, or other similar instruments as part of our interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for us making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount.

The effective portion of changes in the fair value of derivatives designated and that qualify as cash flow hedges is recorded in cumulative other comprehensive loss and is subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. During 2016, such derivatives were used to hedge the variable cash flows associated with variable-rate debt. The ineffective portion of the change in fair value of the derivatives is recognized directly in earnings.

Amounts reported in cumulative other comprehensive loss related to derivatives will be reclassified to interest expense as interest payments are made on our variable-rate debt. During the next twelve months, we estimate that an additional \$2.9 million will be reclassified from cumulative other comprehensive loss as an increase to interest expense.

We have interest rate swap agreements to manage our interest rate risk exposure on \$169.2 million of mortgage debt due 2019, which require interest at a spread over LIBOR. The interest rate swap agreements utilized by us qualify as cash flow hedges and effectively modify our exposure to interest rate risk by converting our floating interest rate debt to a fixed interest rate basis for this loan through December 1, 2016, thus reducing the impact of interest rate changes on future interest expense.

On March 4, 2016, we purchased an interest rate cap with a LIBOR strike price of 2.50%. The interest rate cap, effective April 1, 2016, has a notional amount of \$400.0 million and a maturity date of March 1, 2019.

As of March 31, 2016, we had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk:

Interest Rate Derivative	Number of Instruments	Notional Amount (in thousands)
Interest rate swap	2	\$ 169,119
Interest rate cap	1	\$ 400,000

Unrealized gain on derivative instruments	673	541
Balance at end of period	\$(3,014)	\$(6,921)

## Credit-risk-related Contingent Features

We have agreements with each of our derivative counterparties that contain a provision where if we either default or are capable of being declared in default on any of our indebtedness, then we could also be declared in default on our derivative obligations.

As of March 31, 2016, the fair value of derivatives in a net liability position including accrued interest but excluding any adjustment for nonperformance risk related to these agreements was \$3.2 million. As of March 31, 2016, we have not posted any collateral related to these agreements and were not in breach of any agreement provisions. If we had breached any of these provisions, we could have been required to settle our obligations under the agreements at their aggregate termination value of \$3.2 million at March 31, 2016.

Note 10. Share-Based Compensation  
Equity Commonwealth 2015 Omnibus Incentive Plan

On January 26, 2016, the Board of Trustees approved an amendment to the 2015 Omnibus Incentive Plan (as amended, the 2015 Incentive Plan) to allow the Compensation Committee (Committee) to authorize in an award agreement a transfer of all or a part of certain equity awards not for value to a “family member” (as defined in the 2015 Incentive Plan).

Recipients of the Company’s restricted shares have the same voting rights as any other common shareholder. During the period of restriction, the Company’s unvested restricted shareholders are eligible to receive dividend payments on their shares at the same rate and on the same date as any other common shareholder. Recipients of the Company’s restricted stock units (RSUs) are entitled to receive dividends with respect to the common shares underlying the RSUs if and when the RSUs are earned, at which time the recipient will be entitled to receive an amount in cash equal to the aggregate amount of ordinary cash dividends that would have been paid in respect of the common shares underlying the recipient’s earned RSUs had such common shares been issued to the recipient on the first day of the performance period. To the extent that an award does not vest, the dividends will be forfeited.

Administration. The 2015 Incentive Plan will be administered by the Compensation Committee, which will determine all terms and recipients of awards under the 2015 Incentive Plan.

2016 Equity Award Activity

On January 26, 2016, the Committee approved a grant of 136,623 restricted common shares and 277,386 RSUs at target to the Company's officers, certain employees and to Mr. Zell, the Chairman of our Board of Trustees, as part of their compensation for fiscal year 2015.

The restricted shares are service based awards and vest over a four-year period. The restricted shares were granted on January 26, 2016 and were valued at \$26.93 per share, the closing price of our common shares on the NYSE on that day.

The RSUs are market based awards with a service condition and grant recipients may earn the RSU grants based on the Company's total shareholder return (TSR) relative to the TSR's for the constituent REITs that comprise the NAREIT Office Index for the performance period of January 26, 2016 - January 26, 2019. Following the end of the performance period on

January 26, 2019, the number of earned awards will be determined. The earned awards vest in two tranches with 50% of the earned award vesting on January 26, 2019 and the remaining 50% of the earned award vesting on January 26, 2020, subject to the grant recipient's continued employment. Compensation expense for the RSU awards was determined using a Monte Carlo simulation model and is being recognized ratably from the grant date to the vesting date of each tranche.

## 2015 Equity Award Activity

On January 28, 2015, the Committee approved a grant of 126,319 restricted common shares and 256,467 RSUs at target to the Company's officers, certain employees and to Mr. Zell, the Chairman of our Board of Trustees, as part of their compensation for fiscal year 2014.

The restricted shares are service based awards and vest over a four-year period. The restricted shares were granted on January 28, 2015 and were valued at \$26.58 per share, the closing price of our common shares on the NYSE on that day.

The RSUs are market based awards with a service condition and grant recipients may earn the RSU grants based on the Company's total shareholder return (TSR) relative to the TSR's for the constituent REITs that comprise the NAREIT Office Index for the performance period of January 28, 2015 - January 28, 2018. Following the end of the performance period on January 28, 2018, the number of earned awards will be determined. The earned awards vest in two tranches with 50% of the earned award vesting on January 28, 2018 and the remaining 50% of the earned award vesting on January 28, 2019, subject to the grant recipient's continued employment. Compensation expense for the RSU awards was determined using a Monte Carlo simulation model and is being recognized ratably from the grant date to the vesting date of each tranche.

## Outstanding Equity Awards

As of March 31, 2016, the estimated future compensation expense for all unvested restricted share grants was \$16.6 million. Compensation expense for the restricted share awards is being recognized on a straight-line basis over the requisite service period for each separately vesting portion of the award. The weighted average period over which the future compensation expense will be recorded for the restricted shares is approximately 2.8 years.

As of March 31, 2016, the estimated future compensation expense for all unvested RSUs was \$28.3 million. The weighted average period over which the future compensation expense will be recorded for the RSUs is approximately 2.6 years.

The assumptions and fair values for the RSUs granted for the three months ended March 31, 2016 are included in the following table on a per share basis.

	2016	
Fair value of RSUs granted	\$38.80	
Expected term (years)	4	
Expected volatility	—	
Expected dividend yield	1.86	%
Risk-free rate	1.07	%

During the three months ended March 31, 2016 and 2015, we recorded \$4.4 million and \$4.0 million, respectively, of compensation expense, net of forfeitures, in general and administrative expense for grants to our Board of Trustees and the Company's employees related to our Plan. At March 31, 2016, 2,387,405 common shares remain available for issuance under the Plan.

## Note 11. Fair Value of Assets and Liabilities

The table below presents certain of our assets and liabilities measured at fair value during 2016, categorized by the level of inputs used in the valuation of each asset and liability (dollars in thousands):

Description	Total	Fair Value at March 31, 2016 Using	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs Unobservable Inputs (Level 2) (Level 3)
Recurring Fair Value Measurements:			
Effective portion of interest rate swap contracts	\$ (2,850)	\$ —	(2,850 )
Effective portion of interest rate cap contract	358	—	358
Derivative liability	(8,333 )	—	—

## Effective Portion of Interest Rate Swap and Cap Contracts

The fair value of our interest rate swap and cap contracts is determined using the net discounted cash flows of each derivative based on the market based interest rate curve (level 2 inputs) and adjusted for our credit spread and the actual and estimated credit spreads of the counterparties (level 3 inputs). Although we have determined that the majority of the inputs used to value our derivatives fall within level 2 of the fair value hierarchy, the credit valuation adjustments associated with our derivatives utilize level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by us and the counterparties. As of March 31, 2016, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our derivative positions and have determined that the credit valuation adjustments are not significant to the overall valuation of our derivatives. As a result, we have determined that our derivative valuations in their entirety are classified as level 2 inputs in the fair value hierarchy.

## Derivative Liability

On July 31, 2014, our shareholders voted to approve the reimbursement of expenses incurred by Related/Corvex (Note 14). Approximately \$16.7 million was paid during the year ended December 31, 2014. Approximately \$8.4 million was to be reimbursed only if the average closing price of our common shares was at least \$26.00 (as adjusted for any share splits or share dividends) during the one year period after the date on which the reimbursement was approved by shareholders, and the remaining approximately \$8.4 million will be reimbursed only if the average closing price of our common shares is at least \$26.00 (as adjusted for any share splits or share dividends) during the one year period between the first and second anniversaries of the date on which the reimbursement was approved by shareholders. The average closing price of our common shares was at least \$26.00 during the first one year period after the date on which the reimbursement was approved by shareholders, and in August 2015, we paid \$8.4 million to Related/Corvex. The potential future reimbursement represents a derivative instrument as codified in ASC 815 Derivatives and Hedging which requires the potential future reimbursement to be recorded at fair value at each reporting date.

## Edgar Filing: Equity Commonwealth - Form 10-Q

The fair value of the derivative liability as of March 31, 2016 and December 31, 2015 was \$8.3 million and \$7.2 million, respectively. We recognized expense of \$1.1 million for the three months ended March 31, 2016, which was recorded in general and administrative expenses in our condensed consolidated statement of operations for such period. The valuation techniques and significant unobservable inputs used for our level 3 fair value measurement at March 31, 2016 were as follows:

Description	Fair Value at March 31, 2016	Primary Valuation Technique	Unobservable Inputs	Rate
Derivative liability	\$8,333	Monte Carlo simulation	Risk-free rate Volatility	0.27% 20.0%

## Financial Instruments

In addition to the assets and liabilities described in the above table, our financial instruments include our cash and cash equivalents, real estate mortgages receivable, restricted cash, senior unsecured debt and mortgage notes payable. At March 31, 2016 and December 31, 2015, the fair value of these additional financial instruments were not materially different from their carrying values, except as follows (in thousands):

	March 31, 2016		December 31, 2015	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Senior unsecured debt and mortgage notes payable, net	\$1,557,839	\$1,615,440	\$1,697,116	\$1,749,211

The fair values of our senior notes and mortgage notes payable are based on estimates using discounted cash flow analyses and currently prevailing interest rates adjusted by credit risk spreads (level 3 inputs).

Our cash and cash equivalents consists of cash maintained in time deposits, depository accounts and money market accounts. From time-to-time we may also invest in various U.S. government securities. We continually monitor the credit ratings of the financial institutions holding our deposits to minimize our exposure to credit risk. Throughout the year, we have cash balances in excess of federally insured limits deposited with various financial institutions. We do not believe we are exposed to any significant credit risk on cash and cash equivalents.

Other financial instruments that potentially subject us to concentrations of credit risk consist principally of rents receivable; however, as of March 31, 2016, no single tenant of ours is responsible for more than 4% of our total annualized rents.

Our derivative financial instruments, including interest rate swaps and cap, are entered with major financial institutions and we monitor the amount of credit exposure to any one counterparty.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As of March 31, 2016, we had granted RSUs to certain employees, officers, and the chairman of the Board of Trustees. The RSUs contain both service and market-based vesting components. None of the RSUs have vested. (1) If the market-based vesting component was measured as of March 31, 2016, and 2015, 1,754 and 254 common shares would be issued to the RSU holders, respectively. Using a weighted average basis, 1,682 and 178 common shares are reflected in diluted earnings per share for the three months ended March 31, 2016 and 2015, respectively.

The Series D preferred shares are excluded from the diluted earnings per share calculation because including the (2) Series D preferred shares would also require that the preferred distributions be added back to net income, resulting in anti-dilution during the periods presented.

Note 13. Segment Information

Our primary business is the ownership and operation of office properties, and we currently have one reportable segment. Due to significant dispositions during 2015, during the fourth quarter of 2015 we changed the composition of our operating segments from two reportable segments (central business district properties and suburban properties) to one reportable segment. This change was made based on the financial information reviewed and used by the chief operating decision maker to make operating decisions, assess performance, develop strategy and allocate capital resources. More than 90% of our revenues are from office properties.

Note 14. Related Person Transactions

The following discussion includes a description of our related person transactions for the three months ended March 31, 2016 and 2015. Certain of these related person transactions, and their approvals, occurred prior to the election of our new Board of Trustees at the Special Meeting and the appointment of our current executive officers following the Special Meeting. The disclosure below under “—Transactions with Prior Related Persons” describes our transactions and approvals with our prior related persons.

Related Person Transactions Following the Special Meeting:

Equity Group Investments and associated entities: Effective February 1, 2016, we entered into a lease with Two North Riverside Plaza Joint Venture Limited Partnership, an entity associated with Mr. Zell, our Chairman, for storage space in the basement of Two North Riverside Plaza, in Chicago, Illinois. The lease expires December 31, 2020, however each party has the right to terminate on 30 days' prior written notice, and the payment is nominal. This lease was approved by the Audit Committee of the Board of Trustees.

Effective July 20, 2015, we entered into a lease with Two North Riverside Plaza Joint Venture Limited Partnership, an entity associated with Mr. Zell, our Chairman, to occupy office space on the twentieth and twenty-first floors of Two North Riverside Plaza in Chicago, Illinois. The initial term of the lease is approximately five years, with one 5-year renewal option. The lease payment is approximately \$0.5 million for the initial year beginning in 2016, and \$0.8 million to \$0.9 million annually thereafter. This lease was approved by the Audit Committee of the Board of Trustees on June 16, 2015. We recently completed improvements to the office space utilizing the \$0.7 million tenant improvement allowance provided for by the lease.

## Edgar Filing: Equity Commonwealth - Form 10-Q

Effective June 1, 2014, we entered into a one-year license agreement with Equity Group Investments, a private investment firm (Equity Group), to use office space on the sixth floor at Two North Riverside Plaza in Chicago, Illinois. The license fee was \$0.2 million for the initial year. The license fee included the non-exclusive use of additional areas on the sixth floor (such as conference rooms and common areas), certain administrative services (such as mail room services and reception desk staffing), office equipment, office furniture, supplies, licensee's share of building operating expenses and real estate taxes and access to one parking space. Mr. Zell, our Chairman, is the Chairman and Chief Executive Officer of Equity Group, and Mr. Helfand, our President and Chief Executive Officer, is the Co-President of Equity Group. This license agreement was approved by the Audit Committee of the Board of Trustees and was scheduled to expire on May 31, 2015. On May 4, 2015, the Audit Committee of the Board of Trustees approved an agreement to extend the term of the license agreement through November 30, 2015. The license fee payment is approximately \$0.1 million for the extended term. On November 2, 2015, the Audit Committee of the Board of Trustees approved an agreement to extend the term of the license agreement through January 31, 2016, for a maximum license fee payment of approximately \$0.1 million. The extension of the license agreement was terminated as of December 30, 2015.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Effective July 31, 2014, we entered into a sublease with Equity Residential Management, L.L.C. to occupy office space on the tenth floor of Two North Riverside Plaza in Chicago, Illinois. Equity Residential Management, L.L.C. leases the space from Two North Riverside Plaza Joint Venture Limited Partnership, an entity associated with Mr. Zell, our Chairman. The initial term of the sublease was approximately seven months commencing on or about October 22, 2014, expiring on May 31, 2015, with one 3-month renewal option. The sublease payment was approximately \$0.2 million for the initial term. This sublease was approved by the Audit Committee of the Board of Trustees. On May 4, 2015, the Audit Committee of the Board of Trustees approved an agreement to extend the term of the sublease through November 30, 2015. The sublease payment was approximately \$0.2 million for the extended term. On November 2, 2015, the Audit Committee of the Board of Trustees approved an agreement to extend the term of the license agreement through January 31, 2016, for a maximum sublease payment of approximately \$0.1 million. The extension of the sublease agreement was terminated as of December 30, 2015.

Related/Corvex: On July 31, 2014, at the reconvened session of our 2014 annual meeting of shareholders, our shareholders voted to approve the reimbursement of approximately \$33.5 million of expenses incurred by Related/Corvex since February 2013 in connection with their consent solicitations to remove our former Trustees and elect the new Board of Trustees and to engage in related litigation. Approximately \$16.7 million was paid during the year ended December 31, 2014. Approximately \$8.4 million was to be reimbursed only if the average closing price of our common shares is at least \$26.00 (as adjusted for any share splits or share dividends) during the one year period after the date on which the reimbursement was approved by shareholders, and the remaining approximately \$8.4 million will be reimbursed only if the average closing price of our common shares is at least \$26.00 (as adjusted for any share splits or share dividends) during the one year period between the first and second anniversaries of the date on which the reimbursement was approved by shareholders. The average closing price of our common shares was at least \$26.00 during the first one year period after the date on which the reimbursement was approved by shareholders, and in August 2015, we paid \$8.4 million to Related/Corvex.

Transactions with Prior Related Persons:

Termination and Cooperation Agreement: On September 30, 2014, we entered into a termination and cooperation agreement (Cooperation Agreement) with RMR and RMR Australia (together, Former Manager). Under the terms of the agreement, the existing business and property management agreements with RMR terminated effective September 30, 2014.

Pursuant to the Cooperation Agreement, through February 28, 2015, Former Manager agreed to use best efforts to assist us in the transition of our management and operations. We paid Former Manager \$1.2 million per month for transition services from October 1, 2014 to February 28, 2015, which included continued management and other services for the Australian assets pursuant to the Australian Management Agreement. Beginning March 1, 2015, we agreed to pay Former Manager \$0.1 million per month until we no longer required such services or until the Australia Management Agreement was terminated, which was terminated in the third quarter of 2015, effective October 31, 2015. There is no future obligation to pay any fees to Former Manager.

Note 15. Subsequent Events

## Edgar Filing: Equity Commonwealth - Form 10-Q

In April 2016, we sold two properties (two buildings), with 191,150 square feet for \$46.7 million, excluding closing costs, in a series of transactions. These properties were classified as held for sale as of March 31, 2016 (see Note 3).

On April 12, 2016, we sent notice for the redemption of our Series E Preferred Shares. The Series E Preferred Shares will be redeemed at a price of \$25.00 per share, plus any accrued and unpaid dividends, on May 15, 2016. The redemption payment will occur on May 16, 2016 (the first business day following the redemption date).

The following discussion should be read in conjunction with our consolidated financial statements and accompanying notes included in this Quarterly Report, and in our Annual Report.

FORWARD-LOOKING STATEMENTS

Some of the statements contained in this Quarterly Report constitute forward-looking statements within the meaning of the federal securities laws. Any forward-looking statements contained in this Quarterly Report are intended to be made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in market conditions are forward-looking statements. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "may," "will," "should," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," or "potential" or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

The forward-looking statements contained in this Quarterly Report reflect our current views about future events and are subject to numerous known and unknown risks, uncertainties, assumptions and changes in circumstances that may cause our actual results to differ significantly from those expressed in any forward-looking statement. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause our future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in our Annual Report on Form 10-K.

OVERVIEW

We are an internally managed and self-advised REIT engaged in the ownership and operation primarily of office buildings throughout the United States. We were formed in 1986 under Maryland law.

At March 31, 2016, our portfolio, excluding properties held for sale, included 60 properties (114 buildings) with a combined 23.0 million square feet for a total investment of \$3.8 billion at cost and a depreciated book value of \$2.9 billion.

As of March 31, 2016, our overall portfolio was 91.4% leased. During the three months ended March 31, 2016, we entered into leases for 1.9 million square feet, including lease renewals for 1.6 million square feet and new leases for 0.3 million square feet. Renewal leases entered into during the three months ended March 31, 2016 had weighted average cash and GAAP rental rates that were approximately 0.3% higher and 13.2% higher, respectively, as compared to prior rental rates for the same space, and new leases entered into during the three months ended March 31, 2016 had weighted average cash and GAAP rental rates that were approximately 8.9% lower and 1.9% higher, respectively, than prior rental rates for the same space. The change in GAAP rents is different than the change in cash rents due to differences in the amount of rent abatements, the magnitude and timing of contractual rent increases over the lease term, and the years of term for the newly executed leases compared to the prior leases.

## Edgar Filing: Equity Commonwealth - Form 10-Q

In the first quarter of 2016, our management team has continued to focus on executing our plan to reshape our portfolio in order to create long-term value for shareholders. We are continuing to dispose of properties that do not meet our long-term goals. Specifically, we continue to implement the strategy adopted by our Board of Trustees to consider disposing of assets that have one or more of the following attributes:

- assets that do not offer an opportunity to create a competitive advantage;
- assets that are less than 150,000 square feet;
- assets that are not office buildings;
- assets that are not located in the U.S.; or
- assets that produce a low cash yield or require significant capital expenditures.

Table of Contents

We are in the process of executing this strategy and may sell approximately \$3.0 billion of assets, excluding the portfolio of properties sold in June 2014 and the sale of our unconsolidated equity investment in SIR in July 2014, depending on market conditions. During the year ended December 31, 2015, we disposed of 91 properties (135 buildings) and one land parcel with a combined 18.9 million square feet for an aggregate gross sales price of \$2.0 billion, excluding closing costs.

During the three months ended March 31, 2016, we sold three properties (11 buildings) with a combined 856,831 square feet for an aggregate gross sales price of \$122.6 million, excluding closing costs. In April 2016, we sold two properties (2 buildings), with 191,150 square feet for \$46.7 million, excluding closing costs, in a series of transactions. These properties were classified as held for sale as of March 31, 2016 (see Note 3). For more information regarding these transactions, see Note 3 to the notes to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report.

We have generated significant proceeds from our dispositions to date and have a cash balance of \$1.7 billion as of March 31, 2016. We expect to reinvest the capital received from dispositions to purchase new properties, repay debt, redeem preferred shares, buy back common shares or make other investments or distributions that further our long-term strategic goals. However, we may not be able to make suitable acquisitions or other investments with the proceeds from the dispositions. In addition, as our real estate investments decrease significantly, our income from operations has also declined.

The Board of Trustees intends to make a decision about declaring a dividend on our common shares of beneficial ownership at the end of each fiscal year after evaluation of the Company's taxable income, including gains or losses from asset sales. The Board of Trustees has regularly reviewed our dividend policy and will continue to do so, at least annually.

During the first quarter of 2015, we incurred \$2.2 million of expenses for services provided by RMR (Former Manager) pursuant to a termination and cooperation agreement. These expenses are included in general and administrative expenses in our consolidated financial statements and are net of certain amounts due from Former Manager. There is no future obligation to pay any fees to Former Manager under this agreement.

We have engaged CBRE to provide property management services for our properties. We pay CBRE a property-by-property management fee and may engage CBRE from time-to-time to perform project management services, such as coordinating and overseeing the completion of tenant improvements and other capital projects at the properties. We reimburse CBRE for certain expenses incurred in the performance of its duties, including certain personnel and equipment costs.

For the three months ended March 31, 2016 and 2015, we incurred expenses of \$7.5 million and \$12.8 million, respectively, related to our property management agreement with CBRE, for property management fees, typically calculated as a portion of the properties' revenues, and salary and benefits reimbursements for property personnel, such as property managers, engineers and maintenance staff. As of March 31, 2016 and December 31, 2015, we had amounts payable pursuant to these services of \$4.2 million and \$3.5 million, respectively.

commissions, for leases entered into during the three months ended March 31, 2016 totaled \$46.8 million, or \$25.44 per square foot on average (approximately \$3.27 per square foot per year of the lease term).

As of March 31, 2016, approximately 4.3% of our leased square feet and 4.0% of our annualized rental revenue, determined as set forth below, are included in leases scheduled to expire through December 31, 2016. Renewed and new leases and rental rates at which available space may be relet in the future will depend on prevailing market conditions at the times these leases are negotiated. We believe that the in-place cash rents for leases expiring for the remainder of 2016 are slightly below market. A principal source of funds for our operations is rents from tenants at our properties. Rents are generally received from our tenants monthly in advance, except from our government tenants, who usually pay rents monthly in arrears. ### Financing Activities

On February 16, 2016, we redeemed at par \$139.1 million of our 6.25% senior unsecured notes due 2016 and recognized a loss on early extinguishment of debt of \$0.1 million from the write-off of an unamortized discount and unamortized deferred financing fees for the three months ended March 31, 2016.

On March 4, 2016, we purchased an interest rate cap with a LIBOR strike price of 2.50%. The interest rate cap, effective April 1, 2016, has a notional amount of \$400.0 million and a maturity date of March 1, 2019.

(1) Comparable properties consist of 60 properties (114 buildings) we owned continuously from January 1, 2015 to March 31, 2016.

(2) Other properties consist of properties sold and classified as held for sale.

(3) We calculate net operating income, or NOI, as shown above. We define NOI as income from our real estate including lease termination fees received from tenants less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions. We consider NOI to be an appropriate supplemental measure to net income because it may help both investors and management to understand the operations of our properties. We use NOI internally to evaluate property level performance, and we believe that NOI provides useful information to investors regarding our results of operations because it reflects only those

income and expense items that are incurred at the property level and may facilitate comparisons of our operating performance between periods and with other REITs. NOI does not represent cash generated by operating activities in accordance with GAAP and should not be considered as an alternative to net income, net income attributable to Equity Commonwealth common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as an indicator of our financial performance or liquidity, nor is this measure necessarily indicative of sufficient cash flow to fund all of our needs. This measure should be considered in conjunction with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities as presented in our consolidated statements of operations, consolidated statements of comprehensive income and consolidated statements of cash flows. Other REITs and real estate companies may calculate NOI differently than we do.

We refer to the 60 properties (114 buildings) we owned continuously from January 1, 2015 to March 31, 2016, as comparable properties. We refer to the sold properties and properties classified as held for sale as other properties. Our condensed consolidated statements of operations for the three months ended March 31, 2016 and 2015 include the operating results of 60 properties for the entire periods, as we owned these properties as of January 1, 2015.

Rental income. Rental income decreased \$58.1 million in the 2016 period, compared to the 2015 period, primarily due to the properties sold in 2015 and 2016, partially offset by an increase of 4.0% at the comparable properties. The increase in rental income at the comparable properties is primarily due to an increase in straight line rent adjustments in 2016 due to lease expansions at a property in Chicago and leasing activity in 2015 at a particular building where one tenant vacated its space and

Table of Contents

two tenants shortened their remaining lease terms. In connection with these leasing transactions, the corresponding deferred rent receivable balances were written off or amortized over the shorter term. These increases were partially offset by a decrease in lease termination fees.

Rental income includes increases for non-cash straight line rent adjustments totaling \$3.8 million in the 2016 period and \$(0.2) million in the 2015 period, and net reductions for amortization of acquired real estate leases and assumed real estate lease obligations totaling \$1.1 million in the 2016 period and \$1.5 million in the 2015 period. Rental income also includes the recognition of lease termination fees totaling \$0.3 million in the 2016 period and \$1.9 million in the 2015 period.

Tenant reimbursements and other income. Tenant reimbursements and other income decreased \$17.8 million in the 2016 period, compared to the 2015 period primarily due to the properties sold in 2016 and 2015. Tenant reimbursements and other income decreased \$0.3 million at our comparable properties primarily due to a decrease in utility reimbursements as a result of the milder winter in 2016, partially offset by increases in reimbursements related to higher real estate tax expense and higher operating expenses.

Operating expenses. The \$40.6 million decrease in operating expenses during the 2016 period as compared to the 2015 period is due to the properties sold in 2016 and 2015, partially offset by a \$2.0 million increase in operating expenses at the comparable properties. The 3.6% increase in operating expenses at the comparable properties primarily relates to increases in real estate tax expense, parking garage expense, and maintenance and repairs, partially offset by a decrease in utility expense as a result of the milder winter in 2016 and a decrease in bad debt expense.

Depreciation and amortization. The decrease in depreciation and amortization expense during the 2016 period as compared to the 2015 period primarily relates to properties sold in 2015 and 2016.

General and administrative. The decrease in general and administrative expenses primarily relates to a decrease of \$2.2 million of expenses related to the termination and cooperation agreement with RMR, a \$1.5 million decrease related to the shareholder approved reimbursement of expenses incurred by Related/Corvex in connection with their consent solicitation to remove our former Trustees, and a \$0.7 million decrease in litigation costs, partially offset by a \$0.5 million increase in technology expenses and an increase of \$0.4 million for share-based compensation.

Loss on asset impairment. During the three months ended March 31, 2015, we recorded an impairment charge of \$1.9 million related to 12655 Olive Boulevard and 1285 Fern Ridge Parkway, based upon updated market information in accordance with our impairment analysis procedures.

Interest and other income. Interest and other income in the 2016 period primarily reflects an increase in interest income due to higher cash balances in the current year. Interest and other income in the 2015 period primarily relates to a \$3.1 million gain on the sale of securities in the first quarter of 2015.

Interest expense. The decrease in interest expense primarily reflects the prepayment of \$138.8 million of our 5.75% senior unsecured notes due 2015 in May 2015, the foreclosure of the \$40.1 million mortgage debt balance secured by 225 Water Street in May 2015, the defeasance of the outstanding \$141.4 million balance of the mortgage debt secured by 111 East Wacker Drive, one of the buildings included in Illinois Center, in August 2015, the repayment of the \$116.0 mortgage debt at 111 Monument Circle in December 2015 and the prepayment of \$139.1 million of our 6.25% senior unsecured notes due 2016 in February 2016.

Loss on early extinguishment of debt. The loss on early extinguishment of debt in the 2016 period reflects the write-off of an unamortized discount and unamortized deferred financing fees related to our redemption of \$139.1 million of our 6.25% senior unsecured notes due 2016. The loss on early extinguishment of debt in the 2015 period

## Edgar Filing: Equity Commonwealth - Form 10-Q

reflects the write-off of unamortized deferred financing fees related to the credit agreement entered into in January 2015.

Gain on sale of properties. Gain on sale of properties in the 2016 period relates to a \$16.5 million gain on the sale of Executive Park, a \$5.5 million gain on the sale of 3330 N Washington Boulevard and a \$14.7 million gain on the sale of 111 East Kilbourn Avenue. Gain on sale of properties in the 2015 period relates to gains from the sale of 11350 North Meridian Street and 333 Laurel Oak Drive, in January and March 2015, respectively.

Income tax (expense) benefit. The change in income taxes primarily relates to a decrease in foreign taxes related to the Australian assets, which were sold in June 2015.

LIQUIDITY AND CAPITAL RESOURCES

Our Operating Liquidity and Resources

As of March 31, 2016, we had \$1.7 billion of cash and cash equivalents. We expect to use our cash balances, cash flow from our operations and proceeds of future property sales to fund our operations, repay debt, redeem preferred shares, make distributions, purchase our common shares, acquire assets, fund tenant improvements and leasing costs and for other general business purposes. We believe our cash balances and the cash flow from our operations will be sufficient to fund our ordinary course activities.

Our future cash flows from operating activities will depend primarily upon our:

- ability to maintain or improve the occupancy of, and the rental rates at, our properties;
- ability to control operating and financing cost increases at our properties; and
- ability to purchase additional properties which produce rents, less property operating expenses, in excess of our costs of acquisition capital.

Volatility in energy costs and real estate taxes may cause our future operating costs to fluctuate; however, the impact of these fluctuations is expected to be partially offset by the pass through of operating costs to our tenants pursuant to lease terms, although there can be no assurance that we will be able to successfully offset these costs or that doing so would not negatively impact our competitive position or business.

Cash flows provided by (used in) operating, investing and financing activities were \$23.0 million, \$88.9 million and \$(172.5) million, respectively, for the three months ended March 31, 2016, and \$40.3 million, \$33.2 million and \$(15.7) million, respectively, for the three months ended March 31, 2015. Changes in these three categories of our cash flows between 2016 and 2015 are primarily related to real estate improvements, our dispositions of properties, our purchase of our common shares and our repayments of debt.

Our Investment and Financing Liquidity and Resources

In order to maintain financial flexibility, to fund acquisitions and to meet cash needs that may result from timing differences between our receipt of rents and our desire or need to make distributions and investments or pay operating or capital expenses, we maintain an unsecured revolving credit facility with a group of institutional lenders. On January 29, 2015, we entered into a new credit agreement, pursuant to which the lenders agreed to provide (i) a \$750.0 million unsecured revolving credit facility, (ii) a \$200.0 million 5-year term loan facility and (iii) a \$200.0 million 7-year term loan facility. The revolving credit facility has a scheduled maturity date of January 28, 2019, which maturity date may be extended for up to two additional periods of six months at our option subject to satisfaction of certain conditions and the payment of an extension fee of 0.075% of the aggregate amount available under the revolving credit facility. The 5-year term loan and the 7-year term loan have scheduled maturity dates of January 28, 2020 and January 28, 2022, respectively. We used the proceeds of borrowings under the credit agreement to repay all amounts outstanding and due under the previous term loan agreement.

Borrowings under our revolving credit facility currently bear interest at LIBOR plus a spread, which was 125 basis points as of March 31, 2016. We also pay a facility fee of 25 basis points per annum on the total amount of lending commitments under our revolving credit facility. Both the interest rate spread and the facility fee are subject to adjustment based upon changes to our credit ratings. We are allowed to borrow, repay and reborrow funds available under our revolving credit facility until maturity, and no principal repayment is due until maturity. As of March 31,

## Edgar Filing: Equity Commonwealth - Form 10-Q

2016, the interest rate payable on borrowings under our revolving credit facility was 1.69%. As of March 31, 2016, we had no balance outstanding under our revolving credit facility.

Our term loans currently bear interest at a rate of LIBOR plus a spread, which was 140 and 180 basis points for the 5-year and 7-year term loan, respectively, as of March 31, 2016. The interest rate spread is subject to adjustment based upon changes to our credit ratings. As of March 31, 2016, the interest rate for the amounts outstanding under our term loan was 1.84% and 2.24% for the 5-year and 7-year term loan, respectively. As of March 31, 2016, our 5-year and 7-year term loans each had balances of \$200.0 million.

On February 16, 2016, we redeemed at par \$139.1 million of our 6.25% senior unsecured notes due 2016.

During the three months ended March 31, 2016, we paid an aggregate of \$7.0 million of distributions on our series D and series E preferred shares. On April 15, 2016, we announced that our Board of Trustees declared dividends of \$0.40625 per series D preferred share and \$0.453125 per series E preferred share, both of which are expected to be paid on May 16, 2016 to shareholders of record on April 25, 2016.

On March 17, 2016, our Board of Trustees authorized the repurchase of up to an additional \$150.0 million of our outstanding common shares over the next twelve month period following the date of authorization. This is in addition to the \$200.0 million previously authorized by our Board of Trustees. We have \$236.6 million remaining available under our share repurchase program as of March 31, 2016. During the three months ended March 31, 2016, we purchased and retired 983,789 of our common shares at a weighted average price of \$25.94 per share for a total investment of \$25.5 million.

(1) Total debt outstanding as of March 31, 2016, including net unamortized premiums and discounts and net unamortized deferred financing costs, equals \$1,557,839.

(2) Weighted based on current contractual interest rates.

(3) We have a mortgage loan with an aggregate outstanding principal balance as of March 31, 2016 of \$169,119 secured by 1735 Market Street that matures in 2019. Interest on this loan is payable at a rate equal to a spread over LIBOR, but the interest rate has been fixed by a cash flow hedge which sets the rate at approximately 5.66% per year until December 1, 2016.

For a description of our financing activities since January 1, 2016, see “Financing Activities” above. Also, for further information about our indebtedness, see Note 5 to the notes to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report.

When significant amounts are outstanding under our revolving credit facility, or as the maturity dates of our revolving credit facility and term debts approach, we explore alternatives to repay amounts due. Such alternatives may include incurring additional debt and issuing new equity securities, extending the maturity of our revolving credit facility and entering into a new revolving credit facility. We have an effective shelf registration statement that allows us to issue public securities on an expedited basis, but it does not assure that there will be buyers for such securities.

## Edgar Filing: Equity Commonwealth - Form 10-Q

We believe that we will have access to various types of financings, including debt or equity offerings, to fund our future acquisitions and to pay our debts and other obligations as they become due. The completion and the costs of our future debt transactions will depend primarily upon market conditions and our credit ratings. We have no control over market conditions. Our credit ratings depend upon evaluations by credit rating agencies of our business practices and plans and, in particular, whether we appear to have the ability to maintain our earnings, to space our debt maturities and to balance our use of debt and equity capital so that our financial performance and leverage ratios afford us flexibility to withstand any reasonably foreseeable adverse changes. We intend to conduct our business activities in a manner which will continue to afford us reasonable access to

capital for investment and financing activities. However, there can be no assurance regarding our credit ratings or our ability to complete any debt or equity offerings or that our cost of any future public or private financings will not increase.

During the three months ended March 31, 2016, we sold three properties (11 buildings) with a combined 856,831 square feet for an aggregate sales price of \$122.6 million, excluding closing costs. In April 2016, we sold two properties (two buildings), with 191,150 square feet for \$46.7 million, excluding closing costs, in a series of transactions. These properties were classified as held for sale as of March 31, 2016. For more information regarding these transactions, see Note 3 to the notes to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report.

During the three months ended March 31, 2016 and 2015, amounts capitalized at our properties, including properties sold, for tenant improvements, leasing costs and building improvements were as follows (amounts in thousands):

	Three Months Ended March 31,	
	2016	2015
Tenant improvements(1)	\$25,391	\$8,167
Leasing costs(2)	9,765	10,868
Building improvements(3)	6,541	2,750

(1) Tenant improvements include capital expenditures to improve tenants' space.

(2) Leasing costs include leasing related costs such as brokerage commissions and legal expenses.

(3) Building improvements generally include expenditures to replace obsolete building components and expenditures that extend the useful life of existing assets. Tenant-funded capital expenditures are excluded.

During the three months ended March 31, 2016, commitments made for expenditures in connection with leasing space at our properties were as follows (dollar and square foot measures in thousands, except per square foot measures):

	New Leases	Renewals	Total
Rentable square feet leased during the period	284	1,569	1,853
Tenant improvements and leasing commissions	\$ 19,618	\$ 27,132	\$ 46,750
Tenant improvements and leasing commissions per rentable square foot	\$ 69.13	\$ 17.33	\$ 25.44
Weighted average lease term by square foot (years)	9.7	7.4	7.8
Total tenant improvements and leasing commissions per rentable square foot per year	\$ 7.15	\$ 2.33	\$ 3.27

## Debt Covenants

Our unsecured debt obligations at March 31, 2016 were our term loans and our publicly issued senior unsecured notes. Our public debt indenture and related supplements, our revolving credit facility and our term loan agreement contain a number of financial ratio covenants which generally restrict our ability to incur debts, in excess of calculated amounts, restrict our ability to make distributions under certain circumstances and require us to maintain other financial ratios. At March 31, 2016, we believe we were in compliance with all covenants under our indenture and related supplements, and we believe we were in compliance with all respective covenants under our revolving credit facility and our term loan agreement. In addition to our unsecured debt obligations, we had \$245.7 million (including net unamortized premiums and discounts and net unamortized deferred financing costs) of mortgage notes outstanding at March 31, 2016.

None of our indenture and related supplements, our revolving credit facility and term loan agreement, or our mortgage notes contain provisions for acceleration or require us to provide collateral security which could be triggered by our debt ratings. However, our senior debt rating is used to determine the interest rate and the fees payable under our revolving credit facility and our term loan agreement.

## Off Balance Sheet Arrangements

As of March 31, 2016, we had no off balance sheet arrangements that have had or that we expect would be reasonably likely to have a future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources. We had no swaps or hedges as of March 31, 2016, other than the cash flow hedges associated with our \$169.2 million of mortgage debt and \$400.0 million of our floating rate debt described in Note 9 to the notes to our condensed consolidated financial statements, under "Our Investment and Financing Liquidity and

Table of Contents

Resources” above in Part I, Item 2 and under “Quantitative and Qualitative Disclosures About Market Risk” included in Part I, Item 3 of this Quarterly Report.

Funds from Operations (FFO) and Normalized FFO

We compute FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT). NAREIT defines FFO as net income (loss), calculated in accordance with GAAP, excluding real estate depreciation and amortization, gains (or losses) from sales of depreciable property, impairment of depreciable real estate, and our portion of these items related to equity investees and noncontrolling interests. Our calculation of Normalized FFO differs from NAREIT’s definition of FFO because we exclude certain items that we view as nonrecurring or impacting comparability from period to period. We consider FFO and Normalized FFO to be appropriate measures of operating performance for a REIT, along with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities.

We believe that FFO and Normalized FFO provide useful information to investors because by excluding the effects of certain historical amounts, such as depreciation expense, FFO and Normalized FFO may facilitate a comparison of our operating performance between periods and with other REITs. FFO and Normalized FFO are among the factors considered by our Board of Trustees when determining the amount of distributions to our shareholders. FFO and Normalized FFO do not represent cash generated by operating activities in accordance with GAAP and should not be considered as alternatives to net income, net income attributable to Equity Commonwealth common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as indicators of our financial performance or liquidity, nor are these measures necessarily indicative of sufficient cash flow to fund all of our needs. These measures should be considered in conjunction with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities as presented in our condensed consolidated statements of operations, condensed consolidated statements of comprehensive income and condensed consolidated statements of cash flows. Other REITs and real estate companies may calculate FFO and Normalized FFO differently than we do.

Table of Contents

The following table provides a reconciliation of net income to FFO attributable to Equity Commonwealth common shareholders and a calculation to Normalized FFO attributable to Equity Commonwealth common shareholders (in thousands):

## Property Net Operating Income (NOI)

We use property net operating income, or NOI, to evaluate the performance of our properties. We define NOI as income from our real estate including lease termination fees received from tenants less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions.

The following table includes the reconciliation of NOI to net income, the most directly comparable financial measure under GAAP reported in our consolidated financial statements. We consider NOI to be an appropriate supplemental measure to net income because it may help both investors and management to understand the operations of our properties. We use NOI internally to evaluate property level performance, and we believe that NOI provides useful information to investors regarding our results of operations because it reflects only those income and expense items that are incurred at the property level and may facilitate comparisons of our operating performance between periods and with other REITs. NOI does not represent cash generated by operating activities in accordance with GAAP and should not be considered as an alternative to net income, net income attributable to Equity Commonwealth common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as an indicator of our financial performance or liquidity, nor is this measure necessarily indicative of sufficient cash flow to fund all of our needs. This measure should be considered in conjunction with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities as presented in our consolidated statements of operations, consolidated statements of comprehensive income and consolidated

statements of cash flows. Other REITs and real estate companies may calculate NOI differently than we do.

### Related Person Transactions

For information about our related person transactions, see Note 14 to the notes to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report. In addition, for more information about these transactions and relationships and about the risks that may arise as a result of these and other related person transactions and relationships, please see elsewhere in this Quarterly Report, including "Forward Looking Statements."

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to risks associated with market changes in interest rates.

#### Interest Rate Risk

We manage our exposure to interest rate risk by monitoring available financing alternatives. Other than as described below, we do not currently foresee any significant changes in our exposure to fluctuations in interest rates or in how we manage this exposure in the near future.

Table of Contents

At March 31, 2016, our outstanding fixed rate debt consisted of the following senior unsecured notes and secured mortgage notes (dollars in thousands):

## Senior Unsecured Notes:

Debt	Principal Balance(1)	Annual Interest Rate(1)	Annual Interest Expense(1)	Maturity	Interest Payment Due
6.250% senior unsecured notes due 2017	\$ 250,000	6.25 %	\$ 15,625	6/15/2017	Semi-Annually
6.650% senior unsecured notes due 2018	250,000	6.65 %	16,625	1/15/2018	Semi-Annually
5.875% senior unsecured notes due 2020	250,000	5.88 %	14,688	9/15/2020	Semi-Annually
5.750% senior unsecured notes due 2042	175,000	5.75 %	10,063	8/1/2042	Quarterly
	\$ 925,000		\$ 57,001		

The principal balance, annual interest rate and annual interest expense are the amounts stated in the applicable contracts. In accordance with GAAP, our carrying values and recorded interest expense may differ from these (1) amounts because of market conditions and issuance costs at the time we issued these debts. For more information, see Note 5 to the notes to our condensed consolidated financial statements included in Part I, Item I of this Quarterly Report.

No principal repayments are due under our senior unsecured notes until maturity.

## Secured Mortgage Notes:

Debt	Principal Balance(1)	Annual Interest Rate(1)	Annual Interest Expense(1)	Maturity	Interest Payment Due
Parkshore Plaza	\$ 41,275	5.67 %	\$ 2,373	5/1/2017	Monthly
1735 Market Place	169,119	5.66 % (2)	9,650	12/2/2019	Monthly
206 East 9th Street	27,397	5.69 %	1,601	1/5/2021	Monthly
33 Stiles Lane	2,694	6.75 %	201	3/1/2022	Monthly
97 Newberry Road	6,259	5.71 %	378	3/1/2026	Monthly
	\$ 246,744		\$ 14,203		

The principal balance, annual interest rate and annual interest expense are the amounts stated in the applicable contracts. In accordance with GAAP, our carrying values and recorded interest expense may differ from these (1) amounts because of market conditions and issuance costs at the time we assumed or issued these debts. For more information, see Note 5 to the notes to our condensed consolidated financial statements included in Part I, Item I of this Quarterly Report.

Interest on this loan is payable at a rate equal to a spread over LIBOR, but the interest rate has been fixed by a cash (2) flow hedge which sets the rate at approximately 5.66% until December 1, 2016. The floating interest rate at March 31, 2016 was 3.06%.

Some of our secured notes require principal and interest payments through maturity pursuant to amortization schedules, and some of our secured notes require interest only payments through maturity.

## Swap Agreements

We have interest rate swap agreements to manage our interest rate risk exposure on \$169.2 million of mortgage notes due 2019, which require us to pay interest at a rate equal to a spread over LIBOR. These interest rate swap agreements effectively modify our exposure to interest rate risk arising from this floating rate mortgage loan by converting this floating rate debt to a fixed rate through December 1, 2016, thus reducing the impact of interest rate changes on future interest expense. These agreements involve the receipt of floating rate amounts in exchange for fixed rate interest payments over the life of the agreements. Approximately 10.9% (\$169.2 million) of our total outstanding debt had interest payments designated as hedged transactions to interest rate swap agreements at March 31, 2016. As of March 31, 2016, the fair value of our derivative

Table of Contents

instruments included in accounts payable and accrued expenses and cumulative other comprehensive loss in our condensed consolidated balance sheet totaled \$2.9 million.

## Cap Agreement

We entered into an interest rate cap agreement on March 4, 2016, effective April 1, 2016, to manage our interest rate risk exposure on \$400.0 million of floating rate debt, which requires us to pay interest at a rate equal to a spread over LIBOR. From and after the effective date, this interest rate cap agreement reduces our exposure to variability in expected future cash outflows attributable to changes in LIBOR, relating to a portion of our outstanding floating rate debt, by protecting us from increases in the hedged cash flows on our floating rate debt attributable to changes in LIBOR above the strike rate of the interest rate cap. As of March 31, 2016, the fair value of our derivative instruments included in other assets and cumulative other comprehensive loss in our condensed consolidated balance sheet totaled \$0.4 million.

## Fixed Rate Debt

Because our fixed rate unsecured and secured notes bear interest at fixed rates, changes in market interest rates during the term of these debts will not affect our interest obligations. If all of these notes were refinanced at interest rates which are 100 basis points higher or lower than shown above, our per annum interest cost would increase or decrease, respectively, by approximately \$11.7 million.

Each of our fixed rate unsecured debt arrangements and some of our secured debt arrangements allow us to make repayments earlier than the stated maturity date. In some cases, we are not allowed to make early repayment prior to a cutoff date, and we are generally allowed to make prepayments only at a premium equal to a make whole amount, as defined, which is generally designed to preserve a stated yield to the note holder. Also, we have repurchased and retired some of our outstanding debts and we may do so again in the future. These prepayment rights and our ability to repurchase and retire outstanding debt may afford us opportunities to mitigate the risk of refinancing our debts at maturity at higher rates by refinancing prior to maturity.

## Floating Rate Debt

At March 31, 2016, our outstanding floating rate debt consisted of our term loans. Our \$200.0 million 5-year term loan matures in January 2020 and our \$200.0 million 7-year term loan matures in January 2022. Borrowings under our revolving credit facility and term loan are in U.S. dollars and bear interest at LIBOR plus spreads that are subject to adjustment based upon changes to our credit ratings, but as of March 31, 2016, we had no balance outstanding and \$750.0 million available under our revolving credit facility. Accordingly, we are vulnerable to changes in U.S. dollar based short term rates, specifically LIBOR. Effective April 1, 2016, we entered into an interest rate cap agreement with respect to \$400.0 million of floating rate debt, as described above under "Cap Agreement." In addition, upon renewal or refinancing of our revolving credit facility or term loan, we are vulnerable to increases in interest rates due to market conditions or our perceived credit risk. Generally, a change in market interest rates would not affect the value of these floating rate debts, but would affect our operating results. The following table presents the impact a 100 basis point increase in interest rates would have on our floating rate interest expense as of March 31, 2016 (dollars in thousands):

	Impact of Changes in Interest Rates		
			Total Interest
	Interest Rate	Outstanding	Expense
	Per Year(1)	Debt	Per Year
Term loans at March 31, 2016	1.84%/2.24%	\$ 400,000	\$ 8,149

100 basis point increase      2.84%/3.24%    \$ 400,000    \$ 12,149

(1)Based on the interest rates and outstanding borrowings of our floating rate debt as of March 31, 2016.

#### Foreign Currency Risk

Prior to the sale of our Australian portfolio, there was a risk that our financial results were affected by changes in currency exchange rates. As a result of the sale of our Australian portfolio, our primary exposure to foreign currency exchange rates subsequent to the June 2015 disposition related to the translation of the cash and cash equivalent balance at our Australian subsidiary from Australian dollars into U.S. dollars. As of March 31, 2016, we no longer have any foreign currency risk.

Item 4. Controls and Procedures.

As of the end of the period covered by this report, our management carried out an evaluation, under the supervision and with the participation of our President and Chief Executive Officer and our Executive Vice President, Chief Financial Officer and Treasurer, of the effectiveness of our disclosure controls and procedures pursuant to the Securities Exchange Act of 1934, or the Exchange Act, Rules 13a-15 and 15d-15. Based upon that evaluation, our President and Chief Executive Officer and our Executive Vice President, Chief Financial Officer and Treasurer concluded that our disclosure controls and procedures are effective.

There have been no changes in our internal control over financial reporting during the quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. Other Information

## Item 1. Legal Proceedings.

We are or may be a party to various legal proceedings that arise in the ordinary course of business. We are not currently involved in any litigation nor, to our knowledge, is any litigation threatened against us where the outcome would, in our judgment based on information currently available to us, have a material adverse effect on our consolidated financial position or consolidated results of operations.

## Item 1A. Risk Factors.

There have been no material changes to the risk factors relating to the Company disclosed in our Form 10-K for the year ended December 31, 2015.

## Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table provides information with respect to the common share repurchases made by the Company during the quarter ended March 31, 2016.

Period	Total Number of Shares Purchased (1)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number or Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs
