ITEM 5. Other Events

Rosborough Manufacturing Co. L.P. (Rosborough), in which the Registrant has a 44% equity interest, finalized the acquisition of substantially all of the assets and certain of the liabilities of Reactive Metals and Alloys Corporation (Remacor) of West Pittsburgh, PA. Both companies service the global steel industry by providing hot metal desulfurization, desulfurization equipment, and metallurgical additives for secondary steel refining, technology and field service. Other products and services are also provided to the global die casting industry.

The acquisition entity is Rosborough-Remacor LLC, and the LLC will also contain substantially all of Rosborough's assets and liabilities. Rosborough-Remacor LLC will have global sales in excess of \$80 million and will be better able to compete in the steel industry, which has been plagued by financial problems related to over capacity. By consolidating the companies, the LLC plans to lower its cost structure to the benefit of all parties.
