PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation on behalf of the Board of Directors of Interpool, Inc. (the Company) of proxies for use at the Annual Meeting of Stockholders (the Annual Meeting) of the Company to be held on Tuesday, May 15, 2001 at 10:00 a.m., Eastern Daylight Time, and at any adjournments thereof.

This Proxy Statement, Notice of Meeting, form of proxy and the Company's Annual Report for 2000 are being mailed to each stockholder at such holder's address of record on or about March 29, 2001.

Edgar Filing: INTERPOOL INC - Form DEF 14A

GENERAL

Only stockholders of record at the close of business on March 23, 2001 are entitled to notice and to vote the shares of common stock of the Company (the "common stock") held by them on that date at the Annual Meeting or any adjournments thereof.

If the accompanying proxy card is properly signed and returned to the Company and not revoked, it will be voted in accordance with the instructions contained therein. Unless contrary instructions are given, the persons designated as proxy holders in the proxy card will vote for the three director nominees proposed by the Board of Directors, for ratification of the appointment of Arthur Andersen LLP as the Company's independent accountants for the fiscal year ending December 31, 2001 and, with regard to all other matters that may properly come before the meeting, as recommended by the Board of Directors; or, if no such recommendation is given, in their own discretion. Each stockholder may revoke a previously granted proxy at any time before it is exercised by filing a revoking instrument or a duly executed proxy bearing a later date with the Secretary or the Assistant Secretary of the Company. The powers of the proxy holders will be suspended if the person executing the proxy attends the Annual Meeting in person and so requests. Attendance at the Annual Meeting will not, in itself, constitute revocation of a previously granted proxy.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on March 23, 2001 will constitute a quorum. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon at the Annual Meeting. As of March 20, 2001, 27,421,452 shares of common stock were outstanding.

-1-

The cost of soliciting proxies in the enclosed form will be borne by the Company. It is expected that the solicitation will be primarily by mail. Officers and regular employees of the Company may, but without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, telephone or facsimile. The Company will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

Directors Compensation; Attendance

Each member of the Board of Directors who is not an officer or executive consultant receives an annual service fee of \$10,000 for serving on the Board plus \$1,000 and reimbursement of expenses for each Board of Directors or committee meeting attended.

-8-

The Board of Directors met three times during fiscal year 2000. All other actions were approved by unanimous written consent in lieu of formal meeting. Each current director attended at least 75% of all meetings of the Board of Directors and committees to which he was assigned that were held during 2000.

Directors Stock Options

The Company's Non-Qualified Stock Option Plan for Non-Employee, Non-Consultant Directors (the Directors Plan) was adopted by the Board of Directors and approved by the stockholders in March 1993. The Directors Plan provides for the automatic grant of non-qualified options to non-employee, non-consultant directors at the time the director first joins the Board. The Directors Plan authorizes grants of options up to an aggregate of 150,000 shares of common stock. The exercise price per share is the fair market value of the Company's common stock on the date the person becomes a director. The options granted pursuant to the Directors Plan may be exercised at the rate of one-third of the shares on the first anniversary of the options grant date, one-third of the shares on the second anniversary of the options grant date and one-third of the shares on the third anniversary of the options grant date, subject to applicable holding periods required under rules of the Securities and Exchange Commission. Options granted pursuant to the Directors Plan expire ten years from their grant date except that in the event of the death of a director, the option must be exercised within six months of the date of death or, in the event of resignation of a director, the option must be exercised within ten days of the date of resignation. The Directors Plan is administered by the Stock Option Committee of the Board of Directors. Pursuant to the Directors Plan, an option to purchase 15,000 shares of common stock was granted to Peter D. Halstead in June 1994, to Joseph J. Whalen in April, 1996 and to Clifton H.W. Maloney in February, 2000. In addition, directors of the Company may be granted options under the 1993 Stock Option Plan for Executive Officers and Directors as adopted by the Board of Directors and approved by the Stockholders in March 1993. On September 16, 1998, pursuant to an option repricing program, 15,000 options held by each of Messrs. Halstead and Whalen were cancelled and replaced with newly issued options with an exercise price equal to the closing market price on September 16, 1998, the grant date, which vest six months from the grant date and expire ten years from the grant date. All other terms and conditions of the newly issued options are the same as those of the cancelled options.

Employment Contracts

The Company has entered into employment agreements with Raoul J. Witteveen and Martin Tuchman, each dated as of January 1, 1992, as amended and restated in February 1993 (the Employment Agreement). Each of the Employment Agreements currently expires on December 31, 2007, except that on each January 1, the expiration date of each employment agreement is automatically extended for an additional year unless the Company or the employee party to such employment agreement has given written notice of an election not to extend beyond the end of the then current seven-year term. Notice of any such election not to extend the expiration date must be delivered not less than six months prior to the next occurring January 1.

As compensation for the services to be rendered under their employment agreements, Mr. Tuchman is currently paid an annual base salary of \$814,448 and Mr. Witteveen is currently paid an annual base salary of \$573,991. The base salary under each employment agreement increases by a minimum of 5% each year. In addition, each of Messrs. Tuchman and Witteveen is entitled to receive an annual bonus equal to 2%, in the case of Mr. Tuchman, or 1%, in the case of Mr. Witteveen, of the amount of any increase in the Company's net income during the year from its net income in the preceding year. Mr. Tuchman and Mr. Witteveen may be entitled to receive discretionary additional bonuses as determined by the Company's Compensation Committee. Each employment agreement (i) includes a non-competition provision; (ii) provides that, in the event of the employee's death, the employee's base salary will continue to be paid to his beneficiary for two additional years and, in the event of termination of the employee without cause, the employee will continue to receive his base salary for the entire remaining term then in effect under the employment agreement; and (iii) provides for reimbursement to the employee, for both the employee and his spouse, of all health related costs and expenses that are not advanced or reimbursed to the employee pursuant to Company medical and dental insurance plans, which additional reimbursement continues for a period of five years after expiration of the employment agreement. Mr. Tuchman and Mr. Witteveen may be entitled to receive incentive bonuses as determined by the Company's Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee continues to play a significant role in furthering corporate goals and objectives and reviewing progress and performance. The Compensation Committee's objectives in establishing total compensation packages for the Company's executives are to attract and retain experienced and highly competent executives and to provide incentive and recognition of each individual's contributions toward achieving corporate objectives, specifically including increasing stockholder value. The elements of total executive compensation reflect the objectives of the Compensation Committee. The base salaries of the Chairman/Chief Executive Officer and the President/Chief Operating Officer are supplemented by bonuses awarded on the basis of quantifiable measures of performance. Base salaries and discretionary bonuses are paid to the Company's other executives based on an evaluation of each individual's contribution to furthering corporate strategies and project participation. The Committee believes that the hands-on involvement of the Chairman/Chief Executive Officer and the President/Chief Operating Officer and other executive officers in all phases of the Company's operations contributes significantly to realizing Company objectives.

The base salaries of Messrs. Tuchman and Witteveen are established under employment agreements. In accordance with the terms of the Employment Agreements, base salary reflects a 5% increase above the annual base salary for the preceding year and bonuses, in the amounts of \$436,900 in the case of Mr. Tuchman and \$218,450 in the case of Mr. Witteveen which represent 2% and 1% respectively of the 2000 increase in the Company's net income, were paid (see Employment Contracts).

MK Partners, an independent consulting firm retained in 1999, reviewed the Company's executive compensation practices and provided industry comparable data which included both finance/leasing companies, transportation firms and the Company's direct competitors. Based upon MK Partners' findings and recommendations, the Compensation Committee adopted a formal plan effective January 1, 2000 with three measures of incentive bonus performance: 1) increase in stock price; 2) increase in net income; and 3) maintaining an investment grade rating by either Moody's or Standard and Poor's. Based upon the plan as adopted, both Mr. Tuchman and Mr. Witteveen received an additional discretionary bonus in the amount of \$784,200 calculated as follows:

-10-

Increase in Net Income: To the extent that the Company's net income exceeds that of the highest previous year, a bonus equal to 10% of the increase is to be paid to each of the Chairman/Chief Executive Officer and the President/Chief Operating Officer. Net income increased from \$37,614,000 in 1998 to \$44,456,000 in 2000 resulting in bonus amounts of \$684,200 to each of Mr. Tuchman and Mr. Witteveen.

Investment Grade Rating: Standard and Poor's corporate credit rating of the Company remained investment grade in 2000 resulting in an additional \$100,000 bonus payment to Messrs. Tuchman and Witteveen.

Increased Stock Price: Because the 2000 average stock price did not exceed the high water mark of \$14.53 set in 1999, no bonus was paid in respect of this performance measure.

Under the formal plan, in order for a bonus to be paid in the year 2001, the average stock price must exceed \$14.53. A bonus of 1.5% of any excess will be distributed to each of Martin Tuchman and Raoul J. Witteveen, and a new high water mark will be established. If net income exceeds \$44,456,000, Martin Tuchman and Raoul J. Witteveen will each receive a bonus equal to 10% of the increase. Finally, an additional cash bonus of \$100,000 will be paid to each of Martin Tuchman and Raoul J. Witteveen if an Investment Grade rating of Interpool is maintained by either major rating agency, Moody or Standard & Poors. On an ongoing basis, once a bonus is paid based upon a stock price or net income, such payments establish new stock price levels and income levels that must be exceeded in future years in order for a bonus to be paid. In the event of a stock split the average stock price for bonus purposes will be adjusted.

Stock Options

Stock Options awarded by the Stock Option Committee are considered by the Compensation Committee in evaluating total compensation and assuring that executive rewards are linked with long term stockholder value.

Tax Deductibility of Compensation

As part of the Omnibus Budget Reconciliation Act of 1993 (the Act), certain provisions regarding executive compensation for officers of public companies were added to the Internal Revenue Code. Under the Act, the Internal Revenue Service has issued regulations setting forth exclusions from the Act's general disallowance of ordinary business expense deduction for compensation in excess of \$1 million paid to a company's chief executive officer and each of the next four most highly compensated executive officers. The Compensation Committee has decided that at this time no measures will be undertaken to alter the compensation plans, but will continue to review the issue and evaluate whether compensation plans should be altered in the future to satisfy the deductibility requirements.

Respectfully submitted,

REPORT OF THE AUDIT COMMITTEE

The Audit Committee's functions are to review the Company's systems of internal control, financial reporting and compliance with GAAP. While management has the primary responsibility for the system of internal controls and the financial reporting process and the independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards, the Audit Committee has the responsibility to monitor and oversee these processes. In compliance with Securities and Exchange Commission's approval of the New York

Edgar Filing: INTERPOOL INC - Form DEF 14A

Stock Exchange's amended audit committee requirements in December 1999, the Company's audit committee consists of three independent members acting under a formally adopted charter. In accordance with the existing charter requirements, the Audit Committee reviewed and ratified the charter in effect during 2000.

In fulfilling its responsibilities, the Audit Committee recommended to the Board the selection of the Company's independent accountants, Arthur Andersen LLP. Arthur Andersen LLP has discussed with the Committee and provided written disclosures to the Committee on (1) that firm's independence as required by the Independence Standards Board and (2) the matters required to be communicated under generally accepted auditing standards. The Committee reviewed with the Company's executive management and the independent accountants the overall scope and specific plans for their respective audits, the results of their examinations, their evaluation of the company's internal controls, and the overall quality of the Company's accounting and financial reporting, noting no deficiencies based on all information provided. The Committee reviewed and discussed the Company's audited financial statements with management and the independent accountants. Following these actions, the Committee recommended to the Board that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2000 to be filed with the Securities and Exchange Commission.

Relationship with Independent Accountants

Arthur Andersen LLP has been the independent accounting firm that audits the financial statements of the Company and most of its subsidiaries since 1988. In accordance with standing policy, Arthur Andersen LLP periodically changes the personnel who work on the audit. In addition to performing the audit of the company's consolidated financial statements, Arthur Andersen LLP provided various other services during 2000. The aggregate fees billed for 2000 for each of the following categories of services are set forth below:

Audit and review of the company's 2000 financial statements:	\$285,000
All other services:	\$741,000

Arthur Andersen LLP did not provide any services related to financial information systems design and implementation during 2000.

-12-

All other services includes (i) tax planning and related services for the company, (ii) acquisitions due diligence reviews and integration services, and (iii) evaluating the effects of various accounting issues and changes in professional standards. The Audit Committee reviews summaries of the services provided by Arthur Andersen LLP and the related fees and has considered whether the provision of non-audit services is compatible with maintaining the independence of Arthur Andersen LLP. On recommendation of the Audit Committee, the Board has appointed Arthur Andersen LLP to audit the 2001 financial statements, subject to ratification by the stockholders at the 2000 Annual Meeting. A representative of Arthur Andersen LLP will be at the annual meeting to make a statement, if they choose, and to answer any questions you may have.

Stockholders Agreement

Martin Tuchman, Raoul J. Witteveen, Arthur L. Burns, Hickory Enterprises L.P., Warren L. Serenbetz Revocable Trust, Warren L. Serenbetz, Jr., Stuart W. Serenbetz, Paul H. Serenbetz, Clay R. Serenbetz, Chartres Limited Partnership and Chartres Institute, who collectively own directly or indirectly approximately 68% of the Company's common stock, are parties to an Amended and Restated Stockholders Agreement dated May 3, 1994 pursuant to which they have agreed not to sell or transfer any shares of Common Stock beneficially owned by them to any person other than the Company or the other parties to the Stockholders Agreement without the consent of the other parties to the Stockholders Agreement, unless (i) such shares are first offered to the Company for purchase at a per share price equal to the price offered by any third party making a bona fide offer to buy such shares for cash, cash equivalents or marketable securities (or if no such bona fide offer has been received, at a price equal to the average closing price of a share of Common Stock on the New York Stock Exchange over a period of twenty prior trading days), and the Company does not elect to purchase such shares, and (ii) such shares are then offered to the other parties to the Stockholders Agreement for purchase by them at the same per share price described in clause (i) and the other

Edgar Filing: INTERPOOL INC - Form DEF 14A

stockholders do not elect to purchase such shares. Notwithstanding the foregoing, the parties to the Stockholders Agreement may transfer shares of Common Stock to one or more of certain members of their immediate families (or trusts for the benefit of such family members) so long as each transferee agrees to be bound by the terms of the Stockholders Agreement. The Stockholders Agreement further provides that if the Company (which is not a party to the Stockholders Agreement) elects to purchase any shares offered to it by a party to the Stockholders Agreement and the shares offered represent greater than 10% of the shares of the Company held by the offeror, the Company shall have the right to pay the purchase price of such shares by delivery of a promissory note, payable in equal monthly installments (with interest at the prime rate) over the following year. Pursuant to the Stockholders Agreement, each of the parties thereto has agreed to vote for the re-election of Messrs. Tuchman, Serenbetz, Witteveen and Burns as directors of the Company. The Stockholders Agreement continues in effect until 2003. Shared voting power with the other parties to the Stockholders Agreement is acknowledged but the existence of a group or beneficial ownership of shares owned by other parties to the Stockholders Agreement is disclaimed.

Beneficial Ownership Reports

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors to file certain reports of ownership and reports of changes of ownership of the Company's equity securities with the Securities and Exchange Commission. Executive officers and directors are required to furnish the Company with copies of all Section 16(a) forms that they file. Based upon a review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during 2000, all filing requirements applicable to its officers and directors were complied with except that Messrs. Tuchman, Witteveen, Gordon and Mertz failed to file a timely monthly report covering one transaction each. Subsequently Messrs. Tuchman and Witteveen filed the necessary reports.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's senior executive officers have interests in other entities that have entered into financing, leasing and other transactions with the Company (including its subsidiaries). The Ivy Group, a New Jersey general partnership composed of Mr. Tuchman, Radcliff Group, Mr. Witteveen, Thomas P. Birnie and Graham K. Owen, owns chassis which it has leased to Trac Lease. As of December 31, 2000, pursuant to various equipment lease agreements, Trac Lease leased 6,047 chassis from The Ivy Group for an aggregate annual lease payment of approximately \$2.9 million. On January 1, 2001, the various leases for the 6,047 units were combined into a single lease pursuant to which The Ivy Group will be paid a per diem rental rate equal to the Trac Lease fleet average per diem. This lease will renew automatically on an annual basis under the same terms and conditions except that the rental rate will be adjusted to equal the then current Trac Lease fleet average per diem. The lease may be cancelled by either party prior to the renewal period or upon mutual consent of the parties. Radcliff Group and Martin Tuchman share equally in the net income of The Ivy Group derived from 1,184 chassis owned either directly or indirectly by Radcliff Group and Mr. Tuchman (the Contributed Chassis). In addition, each of Radcliff Group and Mr. Tuchman receives 28.5% of the net income of The Ivy Group, other than that derived from the Contributed Chassis. Mr. Witteveen receives 14.3% of the net income of The Ivy Group, other than that derived from the Contributed Chassis. In 2000, 31.17% of the aggregate income of The Ivy Group was derived from the Contributed Chassis and 68.83% was derived from other activities. The terms of all agreements between The Ivy Group and Trac Lease, including rental rates, are fixed and, in the opinion of the Company's management, are comparable to terms that the Company would have obtained in arms length transactions with unrelated third parties. The Ivy Group has entered into an agreement with the Company pursuant to which it has agreed not to engage in any business activities, except extensions or renewals of existing lease agreements that are competitive with the business activities of the Company or its subsidiaries without the prior written consent of the Company. The Company has been advised by the principals of The Ivy Group that the personal tax consequences to such principals would make it inadvisable to terminate the transactions entered into with the Company, however, the Company has advised The Ivy Group that it desires to obtain control of the 6,047 chassis, and the Company and The Ivy Group are currently discussing a possible restructuring to accomplish the Company's objective.

-15-

Trac Lease also leased 983 chassis under a lease with buyout provisions expiring in 2000. In 2000 Trac Lease paid The Ivy Group lease payments of \$252,000. In addition, Trac Lease exercised its buyout right during 2000 and purchased the chassis for \$2,212,000.

During 1992 through 1996, The Ivy Group borrowed \$13.433 million from the Company. The aggregate loan balance of \$13.433 million at December 31, 2000 bears interest at LIBOR plus 1.75% repayable on an interest only basis, subject to maintenance of fixed loan to collateral value ratios, and will mature in 2001. In connection therewith, The Ivy Group executed

Edgar Filing: INTERPOOL INC - Form DEF 14A

a Chattel Mortgage Security Agreement and Assignment under which the Company was granted a security interest in 4,364 chassis owned by The Ivy Group and was granted an assignment of all rights to receive rental payments and proceeds related to the lease of such chassis (the Ivy Collateral).

Eurochassis L.P., a New Jersey limited partnership in which Raoul J. Witteveen is one of the limited partners and the general partner, leases 100 chassis to Trac Lease for an annual lease payment of \$91,250. The annual lease term renews automatically unless canceled by either party prior to the first day of the renewal period. The terms the lease agreement, in the opinion of the Company's management, are comparable to terms that Trac Lease would have obtained in an arms length transaction with an unrelated third party.

The Company entered into a Consultation Services Agreement with Radcliff Group, Inc. (Radcliff) dated as of January 1, 1992, as amended and restated in February 1993, pursuant to which Radcliff appointed Warren L. Serenbetz, a stockholder and director of the Company, as Executive Consultant. The Consultation Services Agreement was terminated as of January 1, 1995. In accordance with the terms of the Consultation Services Agreement, Radcliff is entitled to receive its full annual consultation services fee in the amount of \$491,990 through December 31, 2002 and reimbursement to both the designated Executive Consultant and his spouse, of all health related costs and expenses that are not advanced or reimbursed to the Executive Consultant pursuant to Company medical and dental insurance plans.

-16-

In February 1998 the Company entered into a non-exclusive Consulting Agreement with Atlas Capital Partners, LLC (Atlas) pursuant to which Mitchell I. Gordon, a director of the Company since 1998 and Chief Financial Officer and Executive Vice President since October 2000, provides investment banking consultation services to the Company. Under the terms of the Consulting Agreement, Atlas was to have been paid \$240,000 (plus reimbursement of reasonable expenses), a bonus of \$560,000 and a twenty percent carried interest in investments made with funds provided by the Company. In addition, Atlas was contractually entitled to an annual bonus in such amount as is usual and customary in the investment banking business for investment opportunities actually completed by the Company subject to set-off of the \$560,000 bonus. In 2000, a bonus in the amount of \$1,650,000, to be paid over three years, was earned by Atlas in connection with the acquisition of the North American Intermodal Division of Transamerica Leasing, Inc. As of October 2000, Mitchell Gordon was named the Company's Chief Financial Officer and Executive Vice-President and the Consulting Agreement was terminated. See Executive Compensation.

The Company leases approximately 28,500 square feet of commercial space for its executive offices in Princeton, New Jersey from 211 College Road Associates, a New Jersey general partnership. Martin Tuchman holds a direct or indirect equity interest of 42.76% and Radcliff Group holds a direct or indirect equity interest of 42.17% in 211 College Road Associates. The annual base rental for this property is approximately \$557,000 under a triple net lease expiring in 2006. In the opinion of the Company's management, rent being paid under this lease does not exceed rent that the Company would have paid in an arms length transaction with an unrelated third party.
