The sale price was \$1.8 billion in cash, resulting in net after tax proceeds of approximately \$1.665 billion. As previously announced, the Company used the net proceeds to prepay debt under its senior credit facility and ESOP credit facility. The following provisions of the March 6, 2002 amendments to the senior credit facility and the ESOP credit facility became effective upon the consummation of the sale of the Water Treatment Business and the prepayment of debt under those credit facilities:

- i. the release of the subsidiary stock pledged to the collateral agent;
- ii. the elimination of the requirement that stock of any additional subsidiaries be pledged in the future; and
- iii. increases in the permitted amounts of asset purchases and dispositions.

Proceeds from the divestiture will also serve as collateral for outstanding letters of credit.
