## PART III

### EXPLANATORY NOTE

In Part III of the Form 10-K filed on March 31, 2003, certain disclosures were incorporated by reference to the Company's Proxy Statement. Due to the fact that the Company's Proxy Statement will be filed after April 30, 2003, the information reported in this Form 10-K/A furnishes the disclosures required in Part III of the Form 10-K.

### ITEM 11. EXECUTIVE COMPENSATION

#### COMPENSATION OF DIRECTORS

Employee directors receive no compensation for serving on the Board of Directors or its committees.

Non-employee directors receive a \$30,000 annual fee (\$16,000 payable quarterly in cash installments and \$14,000 payable quarterly in Restricted Stock Units (RSUs)), \$1,000 for each meeting attended in person or by telephone, \$3,000 for chairing a committee, \$1,000 per day for special assignments and reimbursement for out-of-pocket expenses. The annual fee was increased from \$16,000 to \$30,000 by the Board of Directors in October 2002, effective immediately. The annual fee for 2002 was prorated based upon the date the fees were changed.

Additionally, at the October meeting, the Board of Directors approved making annual grants of RSUs, the number of which are equal to the value difference between \$45,000 and the value of 3,000 stock options granted under the Non-Employee Director Stock Accumulation Plan as discussed below and valued using the Black-Scholes option-pricing model.

NON-EMPLOYEE DIRECTOR STOCK ACCUMULATION PLAN. In 2002, as in past years, non-employee directors had the right to elect to receive restricted stock or equivalent options in lieu of part or all of their fees under Hercules' Non-Employee Director Stock Accumulation Plan (the "NEDSAP"). Restricted stock issued pursuant to the NEDSAP is restricted until the director's retirement from the Board of Directors and is valued at 85% of the fair market value of the Company's common stock. Options issued pursuant to the NEDSAP are valued using the Black-Scholes formula.

Under the NEDSAP, each director also receives an annual nonqualified stock option to purchase 3,000 shares of common stock. The option exercise price is the fair market value of Hercules' common stock on the date of grant. Vesting occurs one year from the grant date.

EQUITY AWARD. Each director has a one-time opportunity to purchase 750 Hercules common shares at fair market value when first elected to the Board of Directors. Upon the purchase, Hercules awards an additional 1,500 Hercules common shares that cannot be transferred until retirement or resignation from the Board of Directors.

RESTRICTED STOCK UNIT GRANT. Upon being elected to the Board of Directors, each director receives 1,100 restricted stock units. The units are placed in an unfunded account and accrue dividend equivalents, to the extent any dividends are paid on the Company's common stock. Each restricted stock unit represents the right to receive one Hercules common share at retirement. Restricted stock units do not carry any voting rights. Of the 1,100 units, 200 vest immediately. Thereafter, for every year served on the Board of Directors, 100 additional

## Edgar Filing: HERCULES INC - Form 10-K/A

units vest. Upon retirement from the Board of Directors, all vested restricted stock units are paid in Hercules common shares. This payout will be made in a lump sum or spread over a period not to exceed ten years, as elected by the director.

### TRUST ARRANGEMENTS

The Company has previously established a Trust (sometimes referred to as a "Rabbi Trust") to provide for the funding of accrued benefits under the Hercules Incorporated Retirement Plan for Nonemployee Directors and the Hercules Incorporated Deferred Compensation Plan for Nonemployee Directors that are currently not funded. Under the terms of the Trust, the funding is triggered by an "Unsolicited Change in Control Event" as defined therein. A copy of the Trust is filed as an exhibit hereto. Management intends to recommend to the Board of Directors that the Trust be amended to provide, among other things, for a substantial reduction in the funding that would be required should such funding be triggered.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is currently composed of four members. Through June 2002, Mr. McCausland served as Chairman of the Compensation Committee with Mr. Lipton, Ms. Holiday and Ms. Sneed. Mr. Drosdick also served on the Compensation Committee until his retirement in April 2002. In June 2002, Mr. Lipton became Chairman of the Compensation Committee and served with Ms. Holiday, Mr. Troubh and Ms. Sneed until her resignation from the Board of Directors in October 2002. Presently, the Compensation Committee consists of Messrs. Hunter, Lipton (Chairman), Troubh and Ms. Holiday. None of the members of the Compensation Committee is an officer, employee or former officer or employee of the Company or its subsidiaries. In 2002, none of the members of the Compensation Committee had any relationship requiring disclosure in accordance with Item 402(j)(3) of Regulation S-K.

- (1) Dr. Joyce became Chief Executive Officer on May 8, 2001. Dr. Joyce's "Other" column includes taxes paid by the Company.
- (2) Mr. Aanonsen was hired as Vice President and Controller on July 2, 2001. Mr. Aanonsen's "Other" column includes taxes paid by the Company.
- (3) Mr. Dahlen was rehired as Chief Legal Officer on June 15, 2001. Prior to Mr. Dahlen being rehired, he was engaged as a consultant to Hercules. As a result of this consulting agreement, Mr. Dahlen was paid \$270,000, which is reflected in the 2001 total in the "All Other Compensation" column. Additionally, included in this total is \$307,509 as full settlement of payments owed to Mr. Dahlen as a result of his previous Hercules employment and \$9,975 of other compensation, which was primarily the Company's matching contribution and interest on defined contribution plans.
- (4) The 2002 variable compensation was awarded in March 2003 for services rendered in 2002.
- (5) Messrs. Rogerson and Flexon's "Other" columns include taxes and relocation expenses paid by the Company.
- (6) These values are determined by multiplying the number of shares of restricted stock awarded by the closing market price of Hercules common stock on the date of grant and subtracting the consideration, if any, paid by the executive officer. Dividends, if any are payable, may be paid on a current basis or accrued. The number and value (determined by taking the number of shares of restricted stock multiplied by the year-end closing market price, or \$8.80, net of any consideration paid) of aggregate restricted stock holdings is shown below. Included in the chart are restricted shares that each executive officer purchased under the terms of the Hercules Long-Term Incentive Compensation Plan, reported in the column entitled "Above Target MICP Grant," as well as shares that have been granted outright, which are reported in

HERCULES INCORPORATED

the column entitled "Restricted Stock Grant." The aggregate amount paid for restricted shares by executive officers was \$424,419.

Edgar Filing: HERCULES INC - Form 10-K/A

- (7) The amounts listed in the "All Other Compensation" column for 2002 reflect the Company's matching contribution and interest on both the qualified and non-qualified defined contribution plans.

OPTION GRANTS IN LAST FISCAL YEAR

The following table discloses information concerning individual grants of stock options made during the last completed fiscal year to the executive officers named in the summary compensation table.

Name	No. of Securities Underlying Options Granted	Percent of Total Options Granted to Employees	Exercise or Base Price (\$/Share)	Expiration Date	Grant Date
W. H. Joyce	600,000 (2)	29.5%	\$ 11.91	5/9/2012	5/9/2002
F. G. Aanonsen	50,000 (2)	2.5%	11.91	5/9/2012	5/9/2002
R. G. Dahlen	50,000 (2)	2.5%	11.91	5/9/2012	5/9/2002
R. C. Flexon	50,000 (2)	2.5%	11.91	5/9/2012	5/9/2002
C. A. Rogerson	50,000 (2)	2.5%	11.91	5/9/2012	5/9/2002

- (1) The Black-Scholes option-pricing model was used to determine the fair value of employee stock options in the table above as of the date of the grant. No adjustments for risk of forfeiture have been made. Significant assumptions are as follows:

Dividend yield	0.0%
Risk free interest rate	5.0%
Expected life	6 years
Expective volatility	34.6%

In the fourth quarter of 2000, the Board of Directors approved suspension of the Hercules common stock dividend. During the period from January 1, 1997 to December 31, 2002, the dividend yield on Hercules common stock averaged 2.03%. Had the stock options been valued using the historical dividend yield in the Black-Scholes option-pricing model, the value of Dr. Joyce's grant would have been \$2,449,740. Other grants reported herein would be similarly adjusted downward.

- (2) Vesting schedule is as follows: 40% on 5/9/03; 40% on 5/10/04; and 20% on 5/9/05. Options are immediately vested and exercisable upon retirement and

## Edgar Filing: HERCULES INC - Form 10-K/A

remain exercisable for a period of five years. Dr. Joyce and Mr. Dahlen are both currently eligible to retire.

Annual contributions by Hercules to its qualified pension plan, if any are required, are determined statistically by an independent actuary, and no amount is attributed to an individual employee. In 2002, the Company contributed \$97 million to the Company's pension plans.

Generally, the aggregate annual retirement benefit, under both the qualified and nonqualified plans, is an amount determined by taking the sum of (i) 1.2% of the employee's average annual earnings (based on the highest five consecutive years during the last 10 years of employment) up to one-half the Social Security Tax Base (\$42,450 in 2002), and (ii) 1.6% of the employee's average annual earnings (as determined above) in excess of one-half of the Social Security Tax Base, multiplied by the employee's total years and months of credited service. For this purpose, "average annual earnings" consists of salary plus annual incentive or variable compensation. Certain exceptions apply to union represented employees.

For Dr. Joyce and Messrs. Aanonsen, Dahlen, Flexon and Rogerson, compensation used for calculating retirement income benefits consists of the highest 5 consecutive years of average annual earnings. These amounts for 2002 are shown under the "Salary" and "Variable Compensation" columns of the Summary Compensation Table. The estimated credited years of service for Dr. Joyce and Messrs. Aanonsen, Dahlen, Flexon and Rogerson are 1, 1, 8, 2 and 20, respectively.

### TRUST ARRANGEMENTS

The Company has previously established a Trust (sometimes referred to as a "Rabbi Trust") to provide for the funding of accrued benefits under the Hercules Incorporated Deferred Compensation Plan, the Hercules Incorporated Non-qualified Supplemental Retirement Plan, the Hercules Incorporated Phantom Stock Plan and other retirement income or employment agreements that are currently not funded. Under the terms of the Trust, the funding is triggered by an "Unsolicited Change in Control Event" as defined therein. A copy of the Trust is filed as an exhibit hereto. Management intends to recommend to the Board of Directors that the Trust be amended to provide, among other things, for a substantial reduction in the funding that would be required should such funding be triggered.

### EMPLOYMENT CONTRACTS

On May 8, 2001, Hercules entered into a two-year written employment agreement with Dr. Joyce which provides for him to serve as Chairman and Chief Executive Officer. Under the agreement, Dr. Joyce's initial compensation consisted of (i) a base annual salary of \$1,000,000, (ii) target annual variable compensation of \$1,000,000 and (iii) a grant of stock options to acquire 1,250,000 shares of common stock at a per share exercise price of \$12.00 (the price of Hercules' common stock on the date of grant). The stock options have ten-year terms and vest at the earliest of April 30, 2003, a "change in control", death, disability or termination other than for cause. Dr. Joyce's employment agreement also provides for further grants of stock options for each calendar year after 2001, at such times as Hercules generally makes stock option grants to other employees and in amounts and with terms and conditions consistent with his position.

HERCULES INCORPORATED

CHANGE IN CONTROL AGREEMENTS

Since 1986, Hercules has entered into change in control agreements with its senior executives. These agreements seek to ensure the stability of Hercules' management during a period of transition within Hercules and only become effective upon a change in control event. Hercules' Compensation Committee periodically reviews these agreements and revises them, if necessary, to reflect contemporary business practices in change in control situations.

Change in Control Agreements are in force for Dr. Joyce and Messrs. Aanonsen, Dahlen, Flexon and Rogerson. These Agreements, the form of which has been filed with the Securities and Exchange Commission, provide that a change in control occurs:

- if any individual, entity or group (with certain exceptions) becomes the beneficial owner of 20% or more of the outstanding shares of Hercules common stock;
- if there is a change in a majority of the Board of Directors other than by election or nomination by a vote of the majority of directors comprising the incumbent Board of Directors;
- upon approval by the shareholders of a reorganization, merger, consolidation or sale that results in Hercules' shareholders owning less than 60% of the combined voting power of the surviving corporation following the transaction; or
- if Hercules' shareholders approve a complete liquidation of the Company.

The full definition of change in control is set forth in the Agreements.

Under the terms of these agreements, upon a change in control, Hercules or its successor is required to continue to employ the above named executives, in substantially the same position and level of compensation (including benefits) as that executive held immediately before the change in control, for a period of three years following the change in control.

Under the terms of these agreements, as amended in 2001, if Hercules or its successor terminates the executive (within the three year period following a change in control) for any reason other than cause, death or disability, or if Hercules or its successor takes actions which permit the executive to terminate his or her employment for good reason, such as diminishing the executive's responsibilities or requiring the executive to relocate, during such three year period, the executive is entitled to the following:

- a lump sum cash payment equal to:
  - any unpaid prorated portion of the executive's variable compensation or, if greater, the most recent variable compensation received by the executive;
  - any monthly salary earned but unpaid as of the date of termination;
  - three times the executive's base salary and variable compensation; and

## Edgar Filing: HERCULES INC - Form 10-K/A

- the difference between the amount the executive would be entitled to if Hercules or its successor contributed to the executive's retirement plan for up to three additional years of service (in addition to the years of service credited during the employment period) and three additional years of age and that amount the executive was actually entitled to under this plan on the date of termination;
- three years of continued welfare benefits and perquisites;
- outplacement services at a cost of up to \$50,000;
- full vesting of all stock options and restricted stock held by or previously granted to the executive; and
- payment for any Internal Revenue Service excise taxes for "excess parachute payments" (as defined under the Internal Revenue Code).

Dr. Joyce's and Mr. Dahlen's change in control agreements also provide that if they terminate their employment on at least 180 days' advance notice after a change of control and, in the case of a change in control triggered by shareholder approval of a reorganization, merger, consolidation or sale described above, after consummation of that transaction, the termination will be treated as a termination for good reason, giving rise to the severance pay and benefits described above. The agreements entered into with Dr. Joyce and Mr. Dahlen do not provide for the additional pension service or age credits described above.

Mr. Dahlen's change in control agreement provides in the case of a change in control or termination by the Company for good reason for two times base salary and variable compensation instead of the three times base salary and variable compensation discussed above.

### ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

#### BENEFICIAL OWNERSHIP OF COMMON STOCK

The following table sets forth information, as of March 31, 2003, with respect to the beneficial ownership of Hercules common shares by:

- beneficial owners of more than five percent of Hercules common stock,

7

#### HERCULES INCORPORATED

- each Hercules director and nominee for director,
- each of the executive officers named in the Summary Compensation Table set forth above, and
- all directors, nominees and executive officers of Hercules as a group.

This information is based upon Hercules' records, as well as publicly available information filed with the Securities and Exchange Commission.

This beneficial ownership is reported in accordance with the rules of the

Edgar Filing: HERCULES INC - Form 10-K/A

SEC, under which a person may be deemed to be the beneficial owner of shares if that person has or shares the power to vote or dispose of those shares or has the right to acquire beneficial ownership of those shares within 60 days (for example, through the exercise of an option). Accordingly, the shares shown in the table as beneficially owned by certain individuals may include shares owned by certain members of their respective families. Because of these rules, more than one person may be deemed to be the beneficial owner of the same shares. The inclusion of the shares shown in the table is not necessarily an admission of beneficial ownership of those shares by the person indicated.
