Proxy Contest

El Paso is Nominating a Strong Board

- * Process designed to ensure continuity while effecting measured change in composition of our Board of Directors
- * Added four directors with outstanding backgrounds and substantial management expertise in the energy industry
- * Combined expertise of our nominees and the mix of new directors with directors with detailed knowledge of El Paso will create a Board of Directors that is particularly well equipped to help us achieve our long-term goals
- * Three directors are not standing for re-election: Messrs. Allumbaugh, Gibbons, and Wise
- * All but one of our nominees are independent

El Paso is Nominating a Strong Board

- * 11 of our nominees have substantial experience serving on public company boards, based on years of directorship service and number of boards
- * 5 have extensive management and operating experience in the energy industry
- * 4 are prior Coastal board members and 2 are prior Sonat board members
- * 4 hold or have held the position of Chairman, President, or CEO of a NYSE company
- * El Paso's board nominees have operating experience at more than a dozen energy companies, including Conoco, CONSOL, Lone Star Gas, Ocean Energy, Phillips, Shell, Sonat, Texaco, Transocean, Union Texas Petroleum, and United Meridian

Corporate Governance

El Paso's corporate governance policies meet or exceed all requirements of Sarbanes-Oxley, SEC, and NYSE regulations

Board of Directors

- * All of the company's non-management Directors (11 out of 12 nominees) meet NYSE independence standards
- * El Paso Directors cannot serve on the boards of more than 4 other public companies
- * Directors are required to attend a full day program of continuing board education at least once every 2 years
- * Company has a mandatory age limit that precludes Directors standing for re-election in the year following their 73rd birthday
- * El Paso has adopted minimum stock ownership

Edgar Filing: EL PASO CORP/DE - Form DEFA14A

requirements for Directors and executive officers

Lead Director

- * Since September 2002, El Paso has had a Lead Director to lead executive sessions of the Board of Directors
- * The Board of Directors regularly meets in executive session without any member of management present—John Bissell recently named as Lead Director

Committees

- * Audit committee consists solely of Directors who meet the heightened audit committee independence requirements and NYSE's financial literacy standards, and includes a "financial expert"
- * Audit Committee members cannot serve on more than two other public company audit committees
- * Company's compensation and governance committees consist solely of independent Directors
- * Compensation committee now consists of Bissell and Wyatt plus new Directors Whitmire, Dunlap, and Talbert
- * Each committee is authorized to engage its own advisors and counsel
- * Company's corporate governance guidelines and the committee charters reflecting its NYSE-required and other governance policies are publicly available

Pro Shareholder Takeover Profile

- * No staggered Board of Directors
- * No rights plan or "poison pill"
- * El Paso proposes to eliminate its "Fair Price" supermajority charter provision at this year's annual meeting

Zilkha/Wyatt Proxy Contest

EL PASO SOUGHT TO AVOID THIS PROXY CONTEST:

- * Consistently sought to engage Mr. Zilkha in dialogues to address his concerns, including meetings with him and his advisors
- * Offered Mr. Zilkha the opportunity to submit candidates for nomination to the Board of Directors
- * Despite these efforts, Mr. Zilkha rejected the company's proposals and chose to launch the Zilkha/Wyatt proxy campaign

Zilkha/Wyatt Proxy Contest

Edgar Filing: EL PASO CORP/DE - Form DEFA14A

MR. ZILKHA IS NOT FOCUSED ON THE COMPANY'S FUTURE

- * Criticized strategic decisions which El Paso's Board approved while Zilkha was serving as a director or advisory director of the Company
- * During Zilkha's service as a director from October 1999 until January 2001 he voted in favor of all board decisions and as an advisory director from January 2001 until June 2002, Zilkha did not dissent from any board decision
- * Voluntarily chose to relinquish his role as an advisory director to be free from limitations on his personal sales of El Paso stock

Zilkha/Wyatt Proxy Contest

- * Zilkha/Wyatt have not provided a business plan upon which to elect their nominees
- * Zilkha has admitted he does not have the information to develop a detailed business plan or strategy, and that it would be inappropriate for him to do so
- * Zilkha/Wyatt have proposed the unconventional step of having a committee of 4 of their nominees run El Paso on a day-to-day basis until a CEO is hired

Zilkha/Wyatt Proxy Contest

EL PASO BELIEVES THE INTERESTS OF OSCAR WYATT CONFLICT WITH THE INTERESTS OF THE COMPANY'S SHAREHOLDERS

- * Oscar Wyatt is working closely with Mr. Zilkha and sharing the costs of the proxy contest
- * Mr. Wyatt is the lead plaintiff in a shareholder suit against El Paso
- * Mr. Wyatt is the defendant in a lawsuit brought by El Paso resulting from his default on payment of a company loan guarantee in the amount of \$2.5 MM plus interest
- * He has formed an energy company, NuCoastal, which has attempted to acquire assets that compete with El Paso, including Enron's Transwestern pipeline;
- * Mr. Wyatt has also bid on El Paso assets(1)

(1) The Oil Daily, March 20, 2003.

Conclusion

- * El Paso's Board of Directors and management are strong and have made excellent progress
- * Current business plan is on track and we are focused on delivering substantial shareholder value
- * Zilkha/Wyatt have offered no alternative business plan
- * We believe that shareholders should reject the Zilkha/Wyatt proposal
