Notes to Condensed Consolidated Financial Statements
October 31, 2015
(Unaudited)

Note 1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of Chico's FAS, Inc. and its wholly-owned subsidiaries (collectively, the "Company") have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and notes required by accounting principles generally accepted in the U.S. ("U.S. GAAP") for complete financial statements. In the opinion of management, such interim financial statements reflect all normal, recurring adjustments considered necessary to present fairly the condensed consolidated financial position, the results of operations and cash flows for the interim periods presented. All significant intercompany balances and transactions have been eliminated in consolidation. For further information, refer to the consolidated financial statements and notes thereto for the fiscal year ended January 31, 2015, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC") on March 9, 2015.

As used in this report, all references to "we," "us," "our," and "the Company," refer to Chico's FAS, Inc. and all of its wholly-owned subsidiaries.

Our fiscal years end on the Saturday closest to January 31 and are designated by the calendar year in which the fiscal year commences. Operating results for the thirteen weeks and thirty-nine weeks ended October 31, 2015 are not necessarily indicative of the results that may be expected for the entire year.

Note 2. New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-11, Simplifying the Measurement of Inventory (Topic 330). The amendments, which apply to inventory that is measured using any method other than the last-in, first-out (LIFO) or retail inventory method, require that entities measure inventory at the lower of cost or net realizable value. ASU 2015-11 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016 and should be applied on a prospective basis. We are currently assessing the potential impact of adopting this ASU, but do not, at this time, anticipate a material impact to our consolidated results of operations, financial position or cash flows.

In April 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, which modifies the presentation of debt issuance costs in financial statements. ASU 2015-03 requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts, rather than the Company's current classification as a deferred asset within Other Assets. ASU 2015-03 is effective for interim and annual reporting periods beginning after December 15, 2016. Early adoption is permitted. We elected to early adopt this guidance in the second quarter ended August 1, 2015, and have presented the debt issuance costs related to our revolving credit facility as a deferred asset within Other Assets, as is permitted by ASU No. 2015-15, Imputation of Interest, which was issued in August 2015. Such adoption did not have a material impact to our consolidated financial position.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers. The update outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. ASU 2014-09 requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to be entitled to in exchange for those goods or services. In August 2015, the FASB approved a one year deferral of the effective date, to make it effective for annual and interim reporting periods beginning after December 15, 2017. The standard allows for either a full retrospective or a modified retrospective transition method. We are currently assessing the new standard and its potential impact to our consolidated results of operations, financial position and cash flows.

In April 2014, the FASB issued ASU No. 2014-08, Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360). Under ASU 2014-08, only disposals that represent a strategic shift that has (or will

have) a major effect on the entity's operations and financial results would qualify as discontinued operations. The update also requires expanded disclosures for discontinued operations and requires entities to disclose information about disposals of individually significant components that don't qualify for discontinued operations reporting. ASU 2014-08 was effective prospectively for interim and annual reporting periods beginning after December 15, 2014. We adopted this standard beginning with the first quarter ended May 2, 2015 and have applied this standard to the Boston Proper disposal, as further discussed in Note 3.

Note 3. Restructuring and Strategic Charges

During the fourth quarter of fiscal 2014, we initiated a restructuring program, including the acceleration of domestic store closures and an organizational realignment, to ensure that resources align with long-term growth initiatives, including omni-channel. In connection with this effort, in the fourth quarter of fiscal 2014, we recorded pre-tax restructuring and other charges of approximately \$16.7 million primarily related to severance, store closures and other impairment charges.

During the second quarter of fiscal 2015, in connection with the restructuring program, we completed an evaluation of the Boston Proper brand and initiated a plan (the "Plan") to sell the direct-to-consumer ("DTC") business and close its stores, allowing us to focus our efforts on our core omni-channel brands. During the third quarter of fiscal 2015 we signed a non-binding letter of intent to sell the Boston Proper DTC business. Subject to finalization of an asset purchase agreement and a transition services agreement, we expect to complete the sale in the fourth quarter of 2015. As of October 31, 2015, all assets and liabilities of the Boston Proper DTC business have been recorded as held for sale in the accompanying condensed consolidated balance sheets at fair value less costs to sell. While we currently expect to sell the Boston Proper DTC business, the sale is dependent on various factors. There can be no assurance that we will realize our expected proceeds or that the sale, if any, will be complete within a reasonable time. We assessed the disposal group and determined that the sale of the Boston Proper DTC business will not have a major effect on our consolidated results of operations, financial position or cash flows. Accordingly, the disposal group is not presented in the consolidated financial statements as a discontinued operation. Pretax losses in the third quarter of fiscal 2015 and 2014 for the Boston Proper DTC business were \$4.1 million and \$2.3 million, respectively. Pretax losses in the year-to-date period of fiscal 2015 and 2014 were \$8.4 million and \$4.0 million, respectively.

A summary of the restructuring and strategic charges is presented in the table below:

	Thirty-Nine Weeks Ended		Thirteen Weeks Ended	
	October 31,	November 1,	October 31,	November 1,
	2015	2014	2015	2014

Other	569	—	674	—
Total restructuring and strategic charges, pre-tax	\$34,178	\$—	\$3,137	\$—

During the third quarter of fiscal 2015, we recorded pre-tax restructuring and strategic charges in the accompanying condensed consolidated statements of operations of \$3.1 million, primarily consisting of \$2.1 million in lease termination charges. During the year-to-date period of fiscal 2015, we recorded pre-tax restructuring and strategic charges of \$34.2 million, primarily related to \$21.3 million in property and equipment impairment charges, \$5.6 million in continuing employee-related costs, \$1.8 million in severance charges and \$4.9 million in lease termination charges.

In connection with the restructuring and strategic activities, in the third quarter of fiscal 2015 we continued our evaluation of our domestic store portfolio and increased the number of under-performing stores identified for closure to 170-175, including the Boston Proper stores. Through the third quarter of 2015, 33 stores across our brands have been closed. We plan to close an additional 40 stores, including 20 Boston Proper stores, in fiscal 2015, with the remainder to be closed in fiscal 2016 and 2017. As a result, we expect to incur additional cash charges related to lease termination expenses of approximately \$10.0 million.

As of October 31, 2015, a reserve of \$5.7 million related to restructuring and strategic activities was included in other current and deferred liabilities in the accompanying condensed consolidated balance sheets. A roll-forward of the reserve is presented as follows:

Note 4. Goodwill and Intangible Impairment Charges

In the second quarter of fiscal 2015, in connection with the Plan, we recorded a pre-tax goodwill impairment charge of \$48.9 million, reducing the carrying value of goodwill to zero, and a pre-tax impairment charge related to the Boston Proper trade name of \$18.1 million, reducing the carrying value of the trade name to \$23.6 million. In the third quarter of fiscal 2015, based on declining market indications of value as evidenced by our non-binding letter of intent, and as a result of a decline in third quarter sales, we recorded a pre-tax impairment charge related to the Boston Proper trade name of \$21.3 million, reducing the carrying value of the trade name to \$2.3 million, and a pre-tax impairment charge related to the Boston Proper customer relationship intangible of \$24.2 million reducing the carrying value of the customer relationship intangible to \$2.6 million. The carrying value of the Boston Proper trade name and customer list intangible are included in assets held for sale in the condensed consolidated balance sheet as of October 31, 2015. The following table provides changes in the carrying amount of Boston Proper goodwill:

Note 5. Stock-Based Compensation

For the thirty-nine weeks ended October 31, 2015 and November 1, 2014, stock-based compensation expense was \$20.7 million and \$20.0 million, respectively. As of October 31, 2015, approximately 6.9 million shares remain available for future grants of equity awards under our 2012 Omnibus Stock and Incentive Plan.

Restricted Stock Awards

Restricted stock award activity for the thirty-nine weeks ended October 31, 2015 was as follows:

Performance-based Restricted Stock Units

For the thirty-nine weeks ended October 31, 2015, we granted performance-based restricted stock units ("PSUs"), contingent upon the achievement of a Company-specific performance goal during fiscal 2015. Any units earned as a result of the achievement of this goal will vest over 3 years from the date of grant and will be settled in shares of our common stock.

Performance-based restricted stock unit activity for the thirty-nine weeks ended October 31, 2015 was as follows:

Stock Option Awards

For the thirty-nine weeks ended October 31, 2015 and November 1, 2014, we did not grant any stock options. In the years that we granted options, we used the Black-Scholes option-pricing model to value our stock options.

Stock option activity for the thirty-nine weeks ended October 31, 2015 was as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding, beginning of period	1,947,928	\$15.16

Note 6. Income Taxes

The provision for income taxes is based on a current estimate of the annual effective tax rate and is adjusted as necessary for quarterly events. Our effective income tax rate may fluctuate from quarter to quarter as a result of a variety of factors, including changes in our assessment of certain tax contingencies, valuation allowances, changes in tax law, outcomes of administrative audits, the impact of discrete items, and the mix of earnings.

Edgar Filing: CHICOS FAS INC - Form 10-Q

For the thirteen weeks ended October 31, 2015 and November 1, 2014 the effective tax rate was (55.7)% and 37.4%, respectively. The income tax benefit for the third quarter of 2015 of \$14.6 million and effective tax rate of (55.7)% primarily

reflected the pre-tax net loss during the period and tax credits related to the fiscal 2014 federal tax return, partially offset by the impact of the Boston Proper goodwill impairment on the annual effective tax rate. For the thirty-nine weeks ended October 31, 2015 the income tax benefit was \$23.1 million. The effective tax rate for this period was not comparable to the 36.9% effective tax rate for the thirty-nine weeks ended November 1, 2014, primarily due to the tax benefit recorded in fiscal 2015 related to the expected disposition of Boston Proper's stock and the impact of the Boston Proper goodwill impairment on the annual effective tax rate.

Note 7. Earnings Per Share

In accordance with relevant accounting guidance, unvested share-based payment awards that include non-forfeitable rights to dividends, whether paid or unpaid, are considered participating securities. As a result, such awards are required to be included in the calculation of earnings per common share pursuant to the "two-class" method. For us, participating securities are composed entirely of unvested restricted stock awards and PSUs that have met their relevant performance criteria.

Earnings per share ("EPS") is determined using the two-class method, as it is more dilutive than the treasury stock method. Basic EPS excludes dilution and is computed by dividing net income available to common stockholders by the weighted-average number of common shares outstanding during the period, including participating securities. Diluted EPS reflects the dilutive effect of potential common shares from non-participating securities such as stock options and PSUs.

The following table sets forth the computation of basic and diluted EPS shown on the face of the accompanying condensed consolidated statements of operations (in thousands, except per share amounts):

	Thirty-Nine Weeks Ended		Thirteen Weeks Ended

For the thirty-nine weeks ended October 31, 2015 and November 1, 2014, 1.3 million and 0.6 million potential shares of common stock, respectively, were excluded from the diluted per share calculation relating to non-participating securities, because the effect of including these potential shares was antidilutive.

For the thirteen weeks ended October 31, 2015 and November 1, 2014, 0.3 million and 0.5 million potential shares of common stock, respectively, were excluded from the diluted per share calculation relating to non-participating securities, because the effect of including these potential shares was antidilutive.

Note 8. Fair Value Measurements

Our financial instruments consist of cash, money market accounts, marketable securities, assets held in our non-qualified deferred compensation plan, accounts receivable and payable, and debt. Cash, accounts receivable and accounts payable are carried at cost, which approximates their fair value due to the short-term nature of the instruments. Refer to Note 11 for the fair value of the Company's outstanding debt instruments.

Marketable securities are classified as available-for-sale and as of October 31, 2015 generally consist of corporate bonds, U.S. government agencies and commercial paper with \$26.0 million of securities with maturity dates within one year or less and \$21.3 million with maturity dates over one year and less than two years.

We consider all marketable securities available-for-sale, including those with maturity dates beyond 12 months, and therefore classify these securities within current assets on the condensed consolidated balance sheets as they are available to support current operational liquidity needs. Marketable securities are carried at fair value, with the unrealized holding gains and losses, net of income taxes, reflected in accumulated other comprehensive income until realized. For the purposes of computing realized and unrealized gains and losses, cost is determined on a specific identification basis.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. Entities are required to use a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 — Unadjusted quoted prices in active markets for similar assets or liabilities, or; Unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or; Inputs other than quoted prices that are observable for the asset or liability

Level 3 — Unobservable inputs for the asset or liability

We measure certain financial assets at fair value on a recurring basis, including our marketable securities, which are classified as available-for-sale securities, certain cash equivalents, specifically our money market accounts, and assets held in our non-qualified deferred compensation plan. The money market accounts are valued based on quoted market prices in active markets. Our marketable securities are generally valued based on other observable inputs for those securities (including market corroborated pricing or other models that utilize observable inputs such as interest rates and yield curves) based on information provided by independent third party pricing entities, except for U.S. government securities which are valued based on quoted market prices in active markets. The investments in our non-qualified deferred compensation plan are valued using quoted market prices and are included in other assets on our condensed consolidated balance sheets.

From time to time, we measure certain assets at fair value on a non-recurring basis, including evaluation of long-lived assets, goodwill and other intangible assets for impairment using company-specific assumptions which would fall within Level 3 of the fair value hierarchy. The carrying value of the current assets and liabilities held for sale related to the the Boston Proper DTC business approximate their fair value due to their short-term nature. We estimate the fair value of other assets held for sale using market values for similar assets which would fall within Level 2 of the fair value hierarchy. During fiscal 2015, we recorded \$128.1 million in pre-tax impairment charges related to assets measured at fair value on a non-recurring basis, comprised of \$48.9 million in Boston Proper goodwill impairment, \$39.4 million pre-tax in Boston Proper trade name impairment, \$24.2 million in Boston Proper customer relationship

intangible impairment, \$13.9 million in property and equipment impairment charges related to Boston Proper and a \$1.7 million loss recognized on Boston Proper DTC assets held for sale.

To assess the fair value of Boston Proper goodwill in the second quarter of fiscal 2015, we utilized an income approach, which incorporated market assumptions. Inputs used to calculate the fair value based on the income approach primarily included estimated future cash flows for the DTC business, discounted at a rate that approximates a rate that would be

12

(Unaudited)

used by a market participant. Inputs used to calculate the fair value also incorporated market assumptions and included consideration of multiples of sales and earnings based on guidelines for publicly traded companies and recent transactions.

To assess the fair value of the Boston Proper trade name in the second quarter of fiscal 2015, we utilized a relief from royalty approach. Inputs used to calculate the fair value of the trade name utilizing the relief from royalty approach, in the second quarter of fiscal 2015, primarily included future sales projections for the DTC business, discounted at a rate that approximates a rate that would be used by a market participant and estimated royalty rate.

To assess the fair value of the Boston Proper trade name and customer relationship intangible in the third quarter of fiscal 2015, we utilized a market approach. The market approach estimated the fair value of the intangible assets based on indications of value received from third parties.

Fair value calculations contain significant judgments and estimates, which may differ from actual results due to, among other things, economic conditions, changes to the business model or changes in operating performance.

During the quarter ended October 31, 2015, we did not make any transfers between Level 1 and Level 2 financial assets. Furthermore, as of October 31, 2015, January 31, 2015 and November 1, 2014, we did not have any Level 3 cash equivalents or marketable securities. We conduct reviews on a quarterly basis to verify pricing, assess liquidity, and determine if significant inputs have changed that would impact the fair value hierarchy disclosure.

Note 9. Inventories

As of October 31, 2015, in connection with the Plan, Boston Proper DTC inventories of \$11.0 million were included in assets held for sale, as further discussed in Note 10. When including inventory related to the Boston Proper DTC business, inventories totaled \$280.0 million compared to \$294.2 million in last year's third quarter.

Note 10. Assets and Liabilities Held for Sale

As of October 31, 2015, all assets and liabilities of the Boston Proper DTC business have been recorded as held for sale in the accompanying condensed consolidated balance sheets. All assets held for sale were measured at fair value less costs to sell, resulting in a loss of \$1.7 million in fiscal 2015, which is reflected in restructuring and strategic charges in the condensed consolidated statements of operations.

The following table summarizes the balances of assets and liabilities held for sale as of October 31, 2015. Other intangible assets are presented net of impairment charges, as further discussed in Note 4:

Note 11. Debt

On May 4, 2015, we entered into a credit agreement (the "Agreement") among the Company, JPMorgan Chase Bank, N.A. as Administrative Agent, Bank of America, N.A., as Syndication Agent and the Lenders party hereto. Our obligations under the Agreement are guaranteed by certain of our material U.S. subsidiaries. The Agreement provides for a term loan commitment in the amount of \$100.0 million, of which \$100.0 million was drawn at closing, and matures on May 4, 2020, payable in quarterly installments, as defined in the Agreement, with the remainder due at maturity. The Agreement also provides for a \$100.0 million revolving credit facility, of which \$24.0 million was drawn at closing and was repaid in the second quarter of 2015. The revolving credit facility matures on May 4, 2020. The Agreement has borrowing options which accrue interest by reference, at our election, at either an adjusted eurodollar rate tied to LIBOR or an Alternate Base Rate plus an interest rate margin, as defined in the Agreement. The Agreement contains customary representations, warranties, and affirmative covenants, including the requirement to maintain certain financial ratios. The Company was in compliance with the applicable ratio requirements and other covenants at October 31, 2015.

On May 4, 2015, in connection with our entry into the Agreement, we repaid and terminated, with no prepayment penalties, the \$124.0 million outstanding obligation under our 2011 revolving credit facility. We used the proceeds from the initial draw of the term loan and revolving credit facility of the Agreement to repay such obligations.

As of October 31, 2015, \$94.7 million in net borrowings were outstanding under the Agreement, and are reflected as \$10.0 million in current debt and \$84.7 million in long-term debt in the accompanying condensed consolidated balance sheets. As of October 31, 2015, an unamortized debt discount of \$0.4 million was outstanding related to the Agreement and is allocated to other assets and long-term debt in the accompanying condensed consolidated balance sheet.

The following table provides details on our debt outstanding as of October 31, 2015, January 31, 2015 and November 1, 2014:

Note 12. Share Repurchases

In December 2013, we announced a \$300.0 million share repurchase authorization, and immediately prior to the execution of the accelerated stock repurchase agreements ("ASR Agreements") described below, we had \$290.0 million remaining under the existing authority.

In March 2015, we entered into ASR Agreements with each of Merrill Lynch, Pierce, Fenner and Smith Incorporated ("Merrill Lynch"), as agent for Merrill Lynch International, and J.P. Morgan Securities, LLC ("JP Morgan"), as agent for JPMorgan Chase Bank, N.A., to purchase \$250.0 million in outstanding shares of our common stock. Under the ASR Agreements, we made a payment of approximately \$125.0 million to each of Merrill Lynch and JP Morgan and received from each of them an initial delivery of approximately 5.35 million common shares. The value of the initial shares received on the date of purchase was approximately \$187.5 million. In the second quarter of fiscal 2015, Merrill Lynch and JP Morgan delivered an additional 3.9 million shares upon completion of the ASR Agreements, valued at approximately \$62.5 million.

We accounted for the ASR Agreements as treasury stock repurchase transactions, reducing the shares outstanding by the 10.7 million common shares initially repurchased and resulted in an immediate reduction of the outstanding shares used to calculate the weighted-average common shares outstanding for basic and diluted earnings per share. The additional 3.9 million shares delivered resulted in a reduction of the outstanding shares on the date of delivery in the second quarter of fiscal 2015.

Following the consummation of the ASR Agreements, we had approximately \$40.0 million remaining under our share repurchase program. The repurchase program has no specific termination date and will expire when we have repurchased all securities authorized for repurchase thereunder, unless terminated earlier by our Board of Directors. There were no share repurchases during the third quarter of fiscal 2015.

Note 13. Subsequent Events

On November 24, 2015, we announced that our Board of Directors has canceled the remainder of the December 2013 share repurchase program, under which \$40 million was remaining as of October 31, 2015, and approved a new \$300 million share repurchase authorization for the Company's common stock. We also announced that our Board of Directors has declared a quarterly dividend of \$0.0775 per share on our common stock. The dividend will be

payable on December 21, 2015 to shareholders of record at the close of business on December 7, 2015. Although it is our Company's intention to continue to pay a quarterly cash dividend in the future, any decision to pay future cash dividends will be made by the Board of Directors and will depend on future earnings, financial condition and other factors.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") should be read in conjunction with the accompanying unaudited condensed consolidated financial statements and notes thereto and our 2014 Annual Report to Stockholders.

Executive Overview

We are a leading omni-channel specialty retailer of women's private branded, sophisticated, casual-to-dressy clothing, intimates, complementary accessories, and other non-clothing items operating under the Chico's, White House | Black Market ("WH|BM"), Soma and Boston Proper brand names. We earn revenues and generate cash through the sale of merchandise in our domestic and international retail stores, on our various websites, through our call center which takes orders for all of our brands, and through an unaffiliated franchise partner in Mexico.

We utilize an integrated omni-channel approach to managing our business. We want our customers to experience our brands, not a channel within our brands, and view our various sales channels as a single, integrated process rather than as separate sales channels operating independently. This approach allows our customers to browse, purchase, return, or exchange our merchandise through whatever sales channel and at whatever time is most convenient for her. As a result, we track total sales and comparable sales on a combined basis.

During the second quarter of fiscal 2015, we completed an evaluation of the Boston Proper brand, including consideration of the long-term potential of stores for the brand, and initiated a plan (the "Plan") to sell the direct-to-consumer ("DTC") business and close its stores, as further discussed in Note 3, allowing us to focus our efforts on our core omni-channel brands. During the third quarter of fiscal 2015 we signed a non-binding letter of intent to sell the Boston Proper DTC business. Subject to finalization of an asset purchase agreement and a transition services agreement, we expect to complete the sale in the fourth quarter of 2015.

Net sales for the third quarter of fiscal 2015 were \$641.2 million, a decrease of 3.7% compared to \$665.6 million in last year's third quarter. The decrease reflected a 3.3% decrease in comparable sales and a 0.8% net decrease in selling square footage. The 3.3% decrease in comparable sales for the third quarter was following a 1.6% decrease in last year's third quarter, reflecting a decrease in average dollar sale and transaction count.

We reported a net loss for the third quarter of fiscal 2015 of \$11.6 million, or \$0.09 per diluted share, compared to net income of \$26.5 million, or \$0.17 per diluted share, in last year's third quarter. Results for the third quarter of fiscal 2015 include the impact of Boston Proper non-cash intangible impairment charges of \$23.9 million after-tax, or \$0.18 per diluted share, restructuring and strategic charges primarily related to lease termination charges for the Boston Proper stores of \$1.9 million after-tax, or \$0.01 per diluted share, and the impact of Boston Proper's operating loss of \$3.5 million after tax, or \$0.03 per diluted share. The change in earnings per share also reflects the impact of a net loss during the period and approximately 14.6 million shares repurchased since the end of the third quarter last year, all of which were repurchased in fiscal 2015.

Net sales for the year-to-date period of fiscal 2015 were \$2.015 billion, a decrease of 0.2% compared to \$2.018 billion in last year's year-to-date period. Net income for the year-to-date period of fiscal 2015 was \$23.0 million, or \$0.16 per diluted share, compared to net income of \$96.5 million, or \$0.63 per diluted share, in last year's year-to-date period. Results for the year-to-date period of fiscal 2015 include the impact of Boston Proper non-cash goodwill and intangible impairment charges of \$71.0 million after-tax, or \$0.50 per diluted share, restructuring and strategic charges primarily related to property and equipment impairment charges, employee-related costs and lease termination charges of \$21.2 million after-tax, or \$0.15 per diluted share, a tax benefit related to the expected disposition of Boston Proper's stock of \$23.8 million, or \$0.17 per diluted share, and the impact of Boston Proper's operating loss of \$8.2 million after tax, or \$0.06 per diluted share. The change in earnings per share also reflects a decrease in net income, partially offset by the impact of approximately 14.6 million shares repurchased since the end of the third quarter last year, all of which were repurchased in fiscal 2015.

Our Business Strategy

Our overall business strategy is focused on building and cultivating a portfolio of high-performing retail brands serving the fashion needs of women 35 years and older. In the near term, we are focused on increasing the sales

volume and profitability of our existing brands. Over the long term, we may build our brand portfolio by considering the organic development or acquisition of other specialty retail concepts when our research indicates that the opportunity complements our current brands and is appropriate and in the best interest of the shareholders.

Table of Contents

We pursue the growth of the brands in our portfolio by building our omni-channel capabilities, which includes managing our store base and our growing online presence, executing innovative marketing plans, effectively leveraging expenses and optimizing the potential of each of our brands. As part of our continuous efforts to improve our overall strategy while seeking to enhance and support our long-term growth, in fiscal 2014, we initiated new capital allocation and cost reduction initiatives that are focused on advancing our omni-channel capabilities in order to improve the overall customer experience, reducing overall capital expenditures, re-balancing our store fleet, effectively managing other expenses and improving our inventory management. Additionally, in fiscal 2015, we completed an evaluation of the Boston Proper brand and initiated a Plan to sell the DTC business and close its stores, allowing us to focus our efforts on our other omni-channel brands.

Total net sales	\$641,219	100.0	%	\$665,569	100.0	%

Net sales for the third quarter decreased 3.7% to \$641.2 million from \$665.6 million in last year's third quarter, primarily reflecting a 3.3% decrease in comparable sales and a 0.8% net decrease in selling square footage since last year's third quarter. The 3.3% decrease in comparable sales for the third quarter was following a 1.6% decrease in last year's third quarter, reflecting a decrease in average dollar sale and transaction count.

Selling, General and Administrative Expenses

The following table depicts SG&A, which includes store and direct operating expenses, marketing expenses and National Store Support Center (“NSSC”) expenses, in dollars and as a percentage of total net sales for the thirteen weeks ended October 31, 2015 and November 1, 2014:

	Thirteen Weeks Ended	
	October 31, 2015	November 1, 2014
	(dollars in thousands)	
Selling, general and administrative expenses	\$327,575	\$321,574
Percentage of total net sales	51.1	48.3

For the third quarter of fiscal 2015, SG&A was \$327.6 million compared to \$321.6 million in last year’s third quarter. SG&A was 51.1% of net sales, a 280 basis point increase from last year’s third quarter, primarily reflecting sales deleverage as well as an increase in store occupancy and point-of-sale implementation costs.

Restructuring and Strategic Charges

In fiscal 2014, we initiated a restructuring program, including the acceleration of domestic store closures and an organizational realignment, to ensure that resources are aligned with long-term growth initiatives, including omni-channel. In connection with this effort, in the third quarter of fiscal 2015, we recorded pre-tax restructuring and strategic charges of \$3.1 million, primarily consisting of \$2.1 million in Boston Proper lease termination charges. The after-tax impact of the restructuring and strategic charges in the third quarter totaled \$1.9 million, or \$0.01 per diluted share.

In connection with the restructuring and strategic activities, in the third quarter of fiscal 2015 we continued our evaluation of our domestic store portfolio and increased the number of under-performing stores identified for closure to 170-175, including the Boston Proper stores. Through the third quarter of 2015, we have closed 33 stores across our brands. We plan to close an additional 40 stores, including 20 Boston Proper stores, in fiscal 2015, with the remainder to be closed in fiscal 2016 and 2017. As a result, we expect to incur additional cash charges related to lease termination expenses of approximately \$10.0 million.

Goodwill and Intangible Impairment Charges

In the third quarter of fiscal 2015, based on declining market indications of value as evidenced by our non-binding letter of intent, and as a result of a decline in third quarter sales, the Company determined that certain Boston Proper intangibles were impaired and recorded \$45.5 million in pre-tax, non-cash intangible impairment charges. The \$45.5 million Boston Proper impairment charges included \$21.3 million related to the trade name and \$24.2 million related to the customer relationship intangible.

The after-tax impact of the Boston Proper impairment charges totaled \$23.9 million, or \$0.18 per diluted share, inclusive of a \$4.4 million non-cash tax benefit resulting from the tax effect of the goodwill impairment on the annual effective tax rate. The \$4.4 million non-cash tax benefit in the third quarter is expected to be offset by non-cash tax charges in the fourth quarter of fiscal 2015.

Provision for Income Taxes

Our effective tax rate for the third quarter of fiscal 2015 was (55.7)%, compared to an effective tax rate of 37.4% in last year's third quarter. The income tax benefit of \$14.6 million and effective tax rate of (55.7)% primarily reflected the pre-tax net loss during the period and tax credits related to the fiscal 2014 federal tax return, partially offset by the impact of the Boston Proper goodwill impairment on the annual effective tax rate. Excluding the tax impact of the expected disposition of Boston Proper's stock, Boston Proper goodwill and trade name impairment charges, Boston Proper's operating loss and restructuring and strategic charges, the 2015 third quarter effective tax rate would have been 37.0% compared to an effective tax rate of 37.4% in the third quarter of fiscal 2014.

Net Income and Earnings Per Diluted Share

We reported a net loss for the third quarter of fiscal 2015 of \$11.6 million, or \$0.09 per diluted share, compared to net income of \$26.5 million, or \$0.17 per diluted share in last year’s third quarter. Results for the third quarter of fiscal 2015 include the impact of Boston Proper non-cash intangible impairment charges of \$23.9 million after-tax, or \$0.18 per diluted share, restructuring and strategic charges primarily related to lease termination charges for the Boston

Proper stores of \$1.9 million after-tax, or \$0.01 per diluted share, and the impact of Boston Proper's operating loss of \$3.5 million after tax, or \$0.03

per diluted share. The change in earnings per share also reflects the impact of a net loss during the period and approximately 14.6 million shares repurchased since the end of the third quarter last year, all of which were repurchased in fiscal 2015.

Thirty-Nine Weeks Ended October 31, 2015 Compared to the Thirty-Nine Weeks Ended November 1, 2014

The following table depicts net sales by Chico's, WHIBM, Soma and Boston Proper in dollars and as a percentage of total net sales for the thirty-nine weeks ended October 31, 2015 and November 1, 2014:

	Thirty-Nine Weeks Ended					
	October 31, 2015			November 1, 2014		
	(dollars in thousands)					
Chico's	\$1,054,367	52.3	%	\$1,069,833	53.1	%
WHIBM	657,082	32.6	%	655,639	32.5	%
Soma	238,159	11.8	%	220,406	10.8	%
Boston Proper	65,302	3.3	%	72,426	3.6	%
Total net sales	\$2,014,910	100.0	%	\$2,018,304	100.0	%

Net sales for the year-to-date period decreased 0.2% to \$2.015 billion from \$2.018 billion in last year's year-to-date period, primarily reflecting a 1.0% decrease in comparable sales, partially offset by franchise sales. The 1.0% decrease in comparable sales for the year-to-date period was following a 1.3% decrease in last year's year-to-date period, reflecting a decrease in average dollar sale and transaction count.

The following table depicts comparable sales percentages by Chico's, WHIBM and Soma for the thirty-nine weeks ended October 31, 2015 and November 1, 2014:

	Thirty-Nine Weeks Ended			
	October 31, 2015		November 1, 2014	
Chico's	(2.1)%	(0.9)%
WHIBM	(0.8)%	(4.0)%
Soma	3.6	%	5.7	%
Total Company	(1.0)%	(1.3)%
Cost of Goods Sold/Gross Margin				

The following table depicts cost of goods sold and gross margin in dollars and gross margin as a percentage of total net sales for the thirty-nine weeks ended October 31, 2015 and November 1, 2014:

	Thirty-Nine Weeks Ended			
	October 31, 2015		November 1, 2014	
	(dollars in thousands)			
Cost of goods sold	\$902,690		\$920,148	
Gross margin	\$1,112,220		\$1,098,156	
Gross margin percentage	55.2	%	54.4	%

Gross margin for the year-to-date period was \$1,112.2 million compared to \$1,098.2 million in last year's year-to-date period. Gross margin was 55.2% of net sales, an 80 basis point increase from fiscal 2014, primarily reflecting a decrease in promotional activity in response to improved inventory management.

Selling, General and Administrative Expenses

The following table depicts SG&A, which includes store and direct operating expenses, marketing expenses and NSSC expenses, in dollars and as a percentage of total net sales for the thirty-nine weeks ended October 31, 2015 and November 1, 2014:

	Thirty-Nine Weeks Ended	
	October 31, 2015	November 1, 2014
	(dollars in thousands)	
Selling, general and administrative expenses	\$964,229	\$945,360
Percentage of total net sales	47.9	% 46.8
		%

SG&A for the year-to-date period was \$964.2 million compared to \$945.4 million in last year's year-to-date period. SG&A was 47.9% of net sales, a 110 basis point increase from last year's year-to-date period, primarily reflecting an increase in store occupancy costs, point-of-sale implementation costs, and accrued incentive compensation, partially offset by benefits from previously announced cost reduction efforts.

Restructuring and Strategic Charges

Restructuring and strategic charges for the year-to-date period was \$34.2 million pre-tax, which consisted primarily of \$21.3 million in non-cash property and equipment impairment charges, \$5.6 million in continuing employee-related costs, \$4.9 million in lease termination charges and \$1.8 million in severance charges. The after-tax impact of the restructuring and strategic charges totaled \$21.2 million, or \$0.15 per diluted share.

Goodwill and Intangible Impairment Charges

In fiscal 2015, based on declining market indications of value as evidenced by our non-binding letter of intent, and as a result of a decline in third quarter sales, the Company determined that certain Boston Proper intangibles were impaired and recorded \$112.5 million in pre-tax, non-cash goodwill and intangible impairment charges. The \$112.5 million Boston Proper impairment charges included \$48.9 million related to goodwill, \$39.4 million related to the trade name, and \$24.2 million related to the customer relationship intangible.

The after-tax impact of the goodwill and intangible impairment charges totaled \$71.0 million, or \$0.50 per diluted share, inclusive of a \$17.3 million non-cash tax benefit resulting from the tax effect of the goodwill impairment on the annual effective tax rate. The \$17.3 million non-cash tax benefit in the year-to-date period is expected to be offset by approximately \$17.3 million in non-cash tax charges in the fourth quarter of fiscal 2015.

Provision for Income Taxes

Our effective tax rate for the year-to-date period was not comparable to the effective tax rate of 36.9% in last year's year-to-date period. The income tax benefit of \$23.1 million primarily reflected the tax benefit recorded in fiscal 2015 related to the expected disposition of Boston Proper's stock and the impact of the Boston Proper goodwill impairment on the annual effective tax rate. Excluding the tax impact of the expected disposition of Boston Proper's stock, Boston Proper goodwill and trade name impairment charges, Boston Proper's operating loss and restructuring and strategic charges, the effective tax rate for the year-to-date period of fiscal 2015 would have been 37.6% compared to an effective tax rate of 36.9% in last year's year-to-date period.

Net Income and Earnings Per Diluted Share

Net income for the year-to-date period of fiscal 2015 was \$23.0 million, or \$0.16 per diluted share, compared to net income of \$96.5 million, or \$0.63 per diluted share, in last year's year-to-date period. Results for the year-to-date period of fiscal 2015 include the impact of Boston Proper non-cash goodwill and intangible impairment charges of \$71.0 million after-tax, or \$0.50 per diluted share, restructuring and strategic charges primarily related to property and equipment impairment charges, employee-related costs and lease termination charges, of \$21.2 million after-tax, or \$0.15 per diluted share, the tax benefit related to the expected disposition of Boston Proper's stock of \$23.8 million, or \$0.17 per diluted share, and the impact of Boston Proper's operating loss of \$8.2 million after tax, or \$0.06 per diluted share. The change in earnings per share also reflects a decrease in net income, partially offset by the impact of approximately 14.6 million shares repurchased since the end of the third quarter last year, all of which were repurchased in fiscal 2015.

Liquidity and Capital Resources

We believe that our existing cash and marketable securities balances, cash generated from operations, available credit facilities and potential future borrowings will be sufficient to fund capital expenditures, working capital needs, dividend payments, potential share repurchases, commitments, and other liquidity requirements associated with our operations for the foreseeable future. Furthermore, while it is our intention to repurchase our stock and pay a quarterly cash dividend in the future, any determination to repurchase additional shares of our stock or pay future dividends will be made by the Board of Directors and will depend on our stock price, future earnings, financial condition, and other factors considered by the Board.

Our ongoing capital requirements will continue to be primarily for enhancing and expanding our omni-channel capabilities, including: information technology and relocated, remodeled and new stores.

Operating Activities

Net cash provided by operating activities for the year-to-date period of fiscal 2015 was \$130.1 million, a decrease of approximately \$51.0 million from last year's year-to-date period. This decrease primarily reflected changes in working capital, partially offset by higher net income when adjusted for non-cash impairment charges and the deferred tax benefit related to the exit of Boston Proper. The changes in working capital primarily reflected the tax impact of the expected disposition of Boston Proper's stock and Boston Proper goodwill and trade name impairment charges as well as the timing of payables.

At the end of the third quarter of 2015, inventories totaled \$280.0 million, a decrease of 4.8% when including inventory related to the Boston Proper DTC business, compared to \$294.2 million in last year's third quarter, primarily reflecting improved inventory management.

Investing Activities

Net cash provided by investing activities for the year-to-date period of fiscal 2015 was \$12.6 million compared to \$106.2 million used in investing activities in last year's year-to-date period, primarily reflecting a \$79.2 million decrease in marketable securities in fiscal 2015 related to the partial funding of the ASR Agreements as further discussed in Note 12, compared to a \$8.1 million increase in the same period last year related to the investment of cash from operations. Investing activities in the year-to-date period of fiscal 2015 included net purchases of property and equipment totaling \$66.6 million compared to \$98.1 million in the same period last year, consistent with our overall business strategy.

Financing Activities

Net cash used in financing activities for the year-to-date period of fiscal 2015 was \$184.9 million compared to \$44.3 million in last year's year-to-date period. The increase in net cash used in financing activities primarily reflects \$250.0 million in fiscal 2015 share repurchases under our ASR Agreements, partially offset by \$95.0 million in net proceeds from borrowings under the Credit Agreement, as further discussed in Note 11.

Credit Facility

On May 4, 2015, we entered into a credit agreement (the "Agreement") among the Company, JPMorgan Chase Bank, N.A. as Administrative Agent, Bank of America, N.A., as Syndication Agent and the Lenders party hereto. Our obligations under the Agreement are guaranteed by certain of our material U.S. subsidiaries. The Agreement provides for a term loan commitment in the amount of \$100.0 million, of which \$100.0 million was drawn at closing, and matures on May 4, 2020. The Agreement also provides for a \$100.0 million revolving credit facility, of which \$24.0 million was drawn at closing and was repaid in the second quarter of 2015. The revolving credit facility matures on May 4, 2020. The Agreement has borrowing options which accrue interest by reference, at our election, at either an adjusted eurodollar rate tied to LIBOR or an Alternate Base Rate plus an interest rate margin, as defined in the Agreement.

On May 4, 2015, in connection with our entry into the Agreement, we repaid and terminated, with no prepayment penalties, the \$124.0 million outstanding obligation under our 2011 revolving credit facility. We used the proceeds from the initial draw of the term loan and revolving credit facility of the Agreement to repay such obligations.

Edgar Filing: CHICOS FAS INC - Form 10-Q

As of October 31, 2015, \$94.7 million in net borrowings were outstanding under the Agreement, and are reflected as \$10.0 million in current debt and \$84.7 million in long-term debt in the accompanying condensed consolidated balance sheets.

Table of Contents

Store and Franchise Activity

During the fiscal 2015 year-to-date period, we had 1 net closure, consisting of net closures of 4 Chico's and 6 WHIBM stores, and net openings of 8 Soma stores and 1 Boston Proper store. Currently, we expect 30-35 net store closures in fiscal 2015, reflecting approximately 8 net closures of Chico's stores, 9 net closures of WHIBM stores, 6 net openings of Soma stores and 19 net closures of Boston Proper stores. We continuously evaluate the appropriate new store growth rate in light of economic conditions and may adjust the growth rate as conditions require or as opportunities arise. As of October 31, 2015, we also sold merchandise through 37 international franchise locations.

Critical Accounting Policies and Estimates

The discussion and analysis of our financial condition and results of operations are based upon the condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of condensed consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue, expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Management has discussed the development and selection of these critical accounting policies and estimates with the Audit Committee of our Board of Directors and believes the assumptions and estimates, as set forth in our Annual Report on Form 10-K for the fiscal year ended January 31, 2015, are significant to reporting our results of operations and financial position. There have been no material changes to our critical accounting policies as disclosed in our Annual Report on Form 10-K for the fiscal year ended January 31, 2015.

Forward-Looking Statements

This Form 10-Q may contain certain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which reflect our current views with respect to certain events that could have an effect on our future financial performance, including but without limitation, statements regarding our plans, objectives, and future growth rates of our store concepts. These statements may address items such as future sales, gross margin expectations, SG&A expectations, operating margin expectations, earnings per share expectations, planned store openings, closings and expansions, future comparable sales, future product sourcing plans, inventory levels, planned marketing expenditures, planned capital expenditures and future cash needs. In addition, from time to time, we may issue press releases and other written communications, and our representatives may make oral statements, which contain forward-looking information.

These statements, including those in this Form 10-Q and those in press releases or made orally, relate to expectations concerning matters that are not historical fact and may include the words or phrases such as "expects," "believes," "anticipates," "plans," "estimates," "approximately," "our planning assumptions," "future outlook," and similar expressions. E. for historical information, matters discussed in such oral and written statements, including this Form 10-Q, are forward-looking statements. These forward-looking statements are based largely on information currently available to our management and on our current expectations, assumptions, plans, estimates, judgments and projections about our business and our industry, and are subject to various risks and uncertainties that could cause actual results to differ materially from historical results or those currently anticipated. Although we believe our expectations are based on reasonable estimates and assumptions, they are not guarantees of performance and there are a number of known and unknown risks, uncertainties, contingencies, and other factors (many of which are outside our control) that could cause actual results to differ materially from those expressed or implied by such forward-looking statements.

Accordingly, there is no assurance that our expectations will, in fact, occur or that our estimates or assumptions will be correct, and we caution investors and all others not to place undue reliance on such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those described in Item 1A, "Risk Factors" in our Annual Report on Form 10-K filed with the SEC on March 9, 2015 and the following:

These potential risks and uncertainties include: the financial strength of retailing in particular and the economy in general; the extent of financial difficulties that may be experienced by customers; our ability to secure and maintain customer acceptance of styles and store concepts; the ability to maintain an appropriate level of inventory; the extent

and nature of competition in the markets in which we operate; the extent of the market demand and overall level of spending for women's private branded clothing and related accessories; the effectiveness of our brand awareness and marketing programs; the adequacy and perception of customer service; the ability to respond to actions of activist shareholders and others; the ability to coordinate product development with buying and planning; the quality of merchandise received from suppliers; the ability to efficiently, timely and successfully execute significant shifts in the countries from which merchandise is supplied; the ability of

our suppliers to timely produce and deliver clothing and accessories; the changes in the costs of manufacturing, labor and advertising; the availability of quality store sites; our ability to grow through new store openings; the buying public's acceptance of any of our new store concepts; the ability to successfully execute our business strategies; the continuing performance, implementation and integration of management information systems; the impact of any systems failures, cyber security or security breaches, including any security breaches that result in theft, transfer, or unauthorized disclosure of customer, employee, or company information or our compliance with information security and privacy laws and regulations in the event of such an incident; the ability to hire, train, energize and retain qualified sales associates, managerial employees and other employees; the ability to achieve the results of our restructuring program; the ability to expand our distribution center and other support facilities in an efficient and effective manner; the ability to effectively and efficiently establish our websites; the ability to secure and protect trademarks and other intellectual property rights and to protect our reputation and brand images; the ability to effectively and efficiently operate our brands; risks associated with terrorist activities; risks associated with natural disasters such as hurricanes and other risks. In addition, there are potential risks and uncertainties that are related to our reliance on sourcing from foreign suppliers, including the impact of work stoppages; transportation delays and other interruptions; political or civil instability; imposition of and changes in tariffs and import and export controls such as import quotas; changes in governmental policies in or towards foreign countries; currency exchange rates and other similar factors.

All written or oral forward-looking statements that are made or attributable to us are expressly qualified in their entirety by this cautionary notice. The forward-looking statements included herein are only made as of the date of this Quarterly Report on Form 10-Q. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The market risk of our financial instruments as of October 31, 2015 has not significantly changed since January 31, 2015. We are exposed to market risk from changes in interest rates on any future indebtedness and our marketable securities and from foreign currency exchange rate fluctuations.

Our exposure to interest rate risk relates in part to our revolving line of credit with our bank. On May 4, 2015, we entered into a credit agreement, as further discussed in Note 11. The Agreement, which matures on May 4, 2020, has borrowing options which accrue interest by reference, at our election, at either an adjusted eurodollar rate tied to LIBOR or an Alternate Base Rate plus an interest rate margin, as defined in the Agreement. An increase or decrease in market interest rates of 100 basis points would not have a material effect on annual interest expense.

Our investment portfolio is maintained in accordance with our investment policy which identifies allowable investments, specifies credit quality standards and limits the credit exposure of any single issuer. Our investment portfolio consists of cash equivalents and marketable securities including corporate bonds, U.S. government agencies and commercial paper. The marketable securities portfolio as of October 31, 2015, consisted of \$26.0 million of securities with maturity dates within one year or less and \$21.3 million with maturity dates over one year and less than or equal to two years. We consider all marketable securities available-for-sale, including those with maturity dates beyond 12 months, and therefore classify these securities as short-term investments within current assets on the condensed consolidated balance sheets as they are available to support current operational liquidity needs. As of October 31, 2015, an increase or decrease of 100 basis points in interest rates would not have a material effect on the fair value of our marketable securities portfolio.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed in our reports under the Securities and Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

As of the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of such period, our disclosure controls and procedures were effective in providing reasonable assurance in timely alerting them to material information relating to us (including our consolidated subsidiaries) and that information required to be disclosed in our reports is recorded, processed, summarized, and reported as required to be included in our periodic SEC filings.

Changes in Internal Controls

There were no significant changes in our internal controls or in other factors that could significantly affect our disclosure controls and procedures subsequent to the date of the above referenced evaluation. Furthermore, there was no change in our internal control over financial reporting or in other factors during the quarterly period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In June 2015, the Company was named as a defendant in a putative representative Private Attorney General action filed in the Superior Court of California, County of Los Angeles, Ackerman v. Chico's FAS, Inc. The Complaint attempts to allege numerous violations of California law related to wages, meal periods, rest periods, wage statements, and failure to reimburse business expenses, among other things. The Company denies the material allegations of the Complaint and filed its Answer on July 27, 2015. The Company believes that the case is without merit and intends to vigorously defend. As a result, the Company does not believe that the case should have a material adverse effect on the Company's consolidated financial condition or results of operations.

In July 2015, the Company was named as a defendant in a putative class action filed in July 2015 in the United States District Court for the Northern District of Georgia, Altman v. White House Black Market, Inc. The Complaint alleges that the Company, in violation of federal law, published more than the last five digits of a credit or debit card number or an expiration date on customers' receipts. The Company denies the material allegations of the complaint and filed a motion to dismiss on September 9, 2015, which is pending. The Company believes that the case is without merit and intends to vigorously defend. As a result, the Company does not believe that the case should have a material adverse effect on the Company's consolidated financial condition or results of operations.

Other than as noted above, we are not currently a party to any legal proceedings other than claims and lawsuits arising in the normal course of business. All such matters are subject to uncertainties and outcomes may not be predictable. Consequently, the ultimate aggregate amount of monetary liability or financial impact with respect to these matters as of October 31, 2015 are not ascertainable. However, while such matters could affect our consolidated operating results when resolved in future periods, management believes that upon final disposition, any monetary liability or financial impact to us would not be material to our annual consolidated financial statements.

ITEM 1A. RISK FACTORS

In addition to the other information discussed in this report, the factors described in Part I, Item 1A. "Risk Factors" in our 2014 Annual Report on Form 10-K filed with the SEC on March 9, 2015 should be considered as they could materially affect our business, financial condition or future results. Other than as noted below, there have not been any significant changes with respect to the risks described in our 2014 Form 10-K, but these are not the only risks facing our company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may adversely affect our business, financial condition or operating results.

During the second quarter of fiscal 2015, we completed an evaluation of the Boston Proper brand and initiated a Plan to sell the DTC business and close its stores, as further discussed in Note 3. As of October 31, 2015, all current year assets and liabilities of the Boston Proper DTC business have been recorded as held for sale in the accompanying condensed consolidated balance sheets at fair value less costs to sell. Although we have an executed letter of intent for the proposed sale of the Boston Proper DTC business, there can be no assurance that we will ultimately enter into a definitive agreement for such sale or, if so, that the transaction will be consummated or will be at a price where we realize our expected proceeds from any such sale. If a definitive agreement is not successfully negotiated, we would again need to seek buyers and there is no assurance that we would be successful in identifying a buyer or receive an acceptable offering price.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table sets forth information concerning our purchases of common stock for the periods indicated (amounts in thousands, except share and per share amounts):

Period	Total Number of Shares Purchased (a)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans (b)	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Publicly Announced Plans
August 2, 2015 - August 29, 2015	109,949	\$ 14.88	—	\$40,000
August 30, 2015 - October 3, 2015	5,506	\$ 15.36	—	\$40,000
October 4, 2015 - October 31, 2015	—	\$—	—	\$40,000
Total	115,455	\$ 14.90	—	\$40,000

(a) The 115,455 shares of restricted stock were repurchased in connection with employee tax withholding obligations under employee compensation plans, which are not purchases under any publicly announced plan.

(b) In December 2013, we announced a \$300.0 million share repurchase plan. There was approximately \$40.0 million remaining under the program as of the end of the third quarter. The repurchase program has no specific termination date and will expire when we have repurchased all securities authorized for repurchase thereunder, unless terminated earlier by our Board of Directors.

ITEM 5. OTHER INFORMATION

On November 20, 2015, the Company's Board of Directors passed a resolution, appointing Shelley E. Broader to its Board of Directors (the "Board") and appointing David F. Dyer as Vice-Chair of the Board, effective December 1, 2015, increasing the size of the Board from nine to ten. Ms. Broader will serve as a Class II director until the 2016 Annual Meeting of Stockholders and is expected to stand for re-election at that Meeting. Ms. Broader has not been appointed to serve on any Committees of the Board of Directors at this time.

The Board also authorized a consulting arrangement for Mr. Dyer in order that he be available to assist Ms. Broader in her transition to Chief Executive Officer and President and, for such services, the Board approved a monthly consulting fee for Mr. Dyer of \$73,705 through March 31, 2016. In addition, supplementing the terms of his current employment letter, Mr. Dyer will receive an amount following the end of the fiscal year that he would have received under the Company's Management Bonus Plan if he were still an officer, an accelerated vesting of his outstanding restricted stock awards to December 1, 2015, and, to the extent that the Company satisfies the performance criteria for fiscal 2015 as set forth in his performance award agreements, his performance awards will vest entirely, following the end of the fiscal year. Mr. Dyer will continue to serve as a Class II director and will receive standard remuneration in accordance with the Company's non-employee director compensation policies as described in the Company's 2015 Proxy Statement.
