PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Independence Holding Company (the "Company") of Proxies to be used at the Annual Meeting of Stockholders to be held at the Hyatt Regency Greenwich, 1800 E. Putnam Avenue, Old Greenwich, Connecticut on June 17, 2005 at 9:30 A.M., EDT. In addition to solicitation of Proxies by mail, the directors, officers and employees of the Company may solicit Proxies personally, by telephone, telefax or telegram. The expense of all such solicitation, including the cost of preparing, printing and mailing this Proxy Statement, will be borne by the Company. The Company will, upon request, reimburse brokers, banks or other persons for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of the Company's shares. This Proxy Statement and the accompanying Proxy and the Company's Annual Report to Stockholders, which contains financial statements for the year ended December 31, 2004, will first be mailed to stockholders of the Company on or about May 17, 2005.

If the enclosed form of Proxy is executed and returned, it will be voted as directed by the stockholder. If no contrary instruction is indicated, shares represented by properly executed Proxies in the accompanying form of proxy will be voted by the persons designated in the printed portion thereof (i) FOR the election of the nominees specified therein, and named below to serve as directors for a one-year term and (ii) FOR the ratification of the selection of KPMG LLP ("KPMG") as the Company's independent registered public accounting firm for the calendar year 2005. Each director must be elected by the affirmative vote of a plurality of the votes cast at the meeting by the holders of shares of Common Stock represented in person or by Proxy. Ratification of KPMG as the Company's independent registered public accounting firm requires the affirmative vote of a majority of the shares of Common Stock present or represented at the meeting. A Proxy may be revoked at any time, insofar as the authority granted thereby has not been exercised at the Annual Meeting of Stockholders, by filing with the Secretary of the Company a written revocation or a duly executed Proxy bearing a later date. Any stockholder present at the meeting may vote personally on all matters brought before the meeting and, in that event, such stockholder's Proxy will not be used at the meeting by holders of the Proxy.

Only stockholders of record as of the close of business on April 29, 2005 will be entitled to vote at the meeting. On March 31, 2005, the Company had outstanding and entitled to one vote per share, 13,973,017 shares of Common Stock, par value \$1.00 per share ("Common Stock"). An additional 262,049 shares of Common Stock are held in treasury by the Company and are not entitled to vote. A majority of the outstanding shares will constitute a quorum at the meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

Management does not know of any other matters to be brought before the meeting at this time; however, if any other matters are brought before the meeting, the proxy holder shall vote in his discretion with respect to the matter. In the event a stockholder specifies a different choice on the Proxy, such stockholder's shares will be voted or withheld in accordance with the specifications so made. Should any nominee for director named herein become unable or unwilling to accept nomination or election, it is intended that the persons acting under proxy will vote for the election of such other person as the Board of Directors of the Company may recommend unless the number of directors is reduced by the Board of Directors. Each person named as a nominee has consented to their nomination and the Company has no reason to believe that any nominee will be unable or unwilling to serve if elected to office.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE
“FOR” EACH OF THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS.**

BOARD OF DIRECTORS AND COMMITTEES AND NOMINATION PROCESS

The Company's Board of Directors held five meetings in 2004. Each director attended at least 75% of the aggregate of: (i) the total number of meetings of the Board of Directors, and (ii) the total number of meetings held by all committees of the Board of Directors on which such person served.

Directors are elected annually and serve until their successors are duly elected and qualified. Officers serve at the discretion of the Board of Directors.

The Company qualifies as a “controlled company” as defined in Section 303A.00 of the New York Stock Exchange (“NYSE”) Listing Standards because more than 50% of the Company's voting power is held by Geneve. Please see “Principal Stockholders” above. Therefore, the Company is not subject to the requirements of Section 303A.00 that would otherwise require the Company to have (i) a majority of independent directors on the Board of Directors; (ii) compensation of the Company's executive officers determined by a compensation committee comprised solely of independent directors; and (iii) director nominees selected, or recommended for the Board of Director's selection, by a nominating committee comprised solely of independent directors.

In light of Geneve's voting power, the Board of Directors has determined that the Board of Directors, rather than a nominating committee, is the most appropriate body for identifying director candidates and selecting nominees to be presented at the annual meeting of stockholders. In nominating candidates, the Board of Directors seeks candidates with outstanding business experience who will bring such experience to the management and direction of the Company. The Board of Directors has further determined that no policy with respect to consideration of candidates recommended by security holders would be appropriate.

Meetings and Committees of the Board of Directors

The Board of Directors has an Executive Committee, an Audit Committee and a Compensation Committee.

Executive Committee. The Executive Committee, which has all powers and authority of the Board of Directors with respect to the management of the business and affairs of the Company, currently consists of Messrs. Kirkman, Netter and Thung. The Executive Committee did not meet in 2004.

Compensation Committee. The principal functions of the Compensation Committee are to review and approve the compensation of the Company's executive officers and the Company's Chief Executive Officer, and to administer the Company's 1988 Stock Incentive Plan (“1988 Stock Plan”) and 2003 Stock Incentive Plan, as amended (“2003 Stock Plan”).

Messrs. Kirkman, Netter and Tatum are the current members of the Compensation Committee. The Compensation Committee met twice in 2004.

Audit Committee. The Audit Committee operates under an Audit Committee Charter adopted by the Board of Directors, which was amended in March 2005 to conform to NYSE rules. The amended

charter is attached to this proxy statement as Appendix A. The principal functions of the Audit Committee are to: (i) select an independent registered public accounting firm; (ii) review and approve management's plan for engaging the Company's independent registered public accounting firm during the year to perform non-audit services and consider what effect these services will have on the independence of the Company's independent registered public accounting firm; (iii) review the Company's annual financial statements and other financial reports which require approval by the Board of Directors; (iv) oversee the integrity of the Company's financial statements, the Company's systems of disclosure controls and internal controls over financial reporting and the Company's compliance with legal and regulatory requirements; (v) review the scope of the Company's independent registered public accounting firm's audit plans and the results of their audit; and (vi) evaluate the performance of the Company's internal audit function and independent registered public accounting firm.

The Audit Committee met eight times during 2004. The current members of the Audit Committee are Messrs. Kirkman, Ross and Tatum. Each of these individuals meets the independence requirements of the NYSE and applicable Securities and Exchange Commission ("SEC") rules and regulations. The Audit Committee and the Board of Directors have determined that each member of the Audit Committee is financially literate and that Mr. Tatum qualifies as an "audit committee financial expert" as defined by applicable SEC rules.

Stockholder Communication with our Board of Directors

The Company provides an informal process for stockholders to send communications to the Company's Board of Directors. Stockholders who wish to contact the Board of Directors or any of its members may do so by writing to Independence Holding Company, Attn: Board of Directors, 96 Cummings Point Road, Stamford, Connecticut 06902. At the direction of the Board of Directors, all mail received will be opened and screened for security purposes. Correspondence directed to an individual member of the Board of Directors is referred to that member. Correspondence not directed to a particular member of the Board of Directors is referred to the Company's General Counsel, Mr. Kettig.

All of the members of the Board of Directors are encouraged to attend the Company's annual meetings of stockholders. All of the Company's directors were in attendance at the Company's 2004 Annual Meeting.

COMPENSATION OF DIRECTORS

As of January 1, 2005, each of the three independent members of the Board of Directors, Messrs. Kirkman, Ross and Tatum, is entitled to an annual retainer of \$25,000. In addition to the retainer, the independent members of the Board of Directors receive \$400 for each Board or committee meeting attended, and an additional \$5,000 for serving as the Chairman of a Committee.

Pursuant to the 2003 Plan, as amended in April 2005, non-employee directors receive an automatic grant of 750 shares of restricted stock at the first meeting of the Board of Directors following each Annual Meeting of Stockholders of the Company, which vest ratably over three years after the date of the grant, assuming uninterrupted service on the Board of Directors. Prior to amending the 2003 Plan, non-employee directors were granted non-qualified options to purchase 990 shares of Common Stock. The grant of options was eliminated as a result of the amendment of the 2003 Plan. Outstanding options granted at the 2004 Board of Directors meeting following the 2004 Annual Meeting of Stockholders fully vested on December 18, 2004, and have an exercise price of \$16.22 per share.

In addition to Messrs. Lapin, Netter and Thung, listed above, who also serve as directors of the Company, set forth below are each executive officer's name, age, all positions and offices held with the Company, principal occupations and business experience during the past five years. Officers are elected by the Board of Directors, each to serve until his or her successor is elected and has qualified, or until his or her earlier resignation, removal from office or death.

- (1) Present value determinations were made using the Black-Scholes model of theoretical options pricing, and were based on the following assumptions: (A) expected volatility is based on a five year period, calculated weekly, preceding the date of grant; (B) the risk-free rate of return is based on the five year U.S. Treasury Note yield to maturity as at the date of grant; (C) dividend yield assumes that the current dividend rate paid on the Common Stock continues unchanged until the expiration date of the options; and (D) a three-year phased-in vesting period that averages two years. The actual value a Named Officer receives is dependent on future stock market conditions, and there can be no assurance that the amounts reflected in column (f) of the Option/SAR Grants Table will actually be realized. No gain would be realized by a Named Officer without appreciation in the market value of the Common Stock, which would benefit all stockholders commensurately.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised of directors who meet the NYSE standards for independence. The Audit Committee assists the Board in oversight of the financial reporting process, including the effectiveness of internal accounting and financial controls and procedures, and controls over the accounting, auditing and quality of financial reporting practices of the Company. The Audit Committee operates under a written charter adopted by the Board of Directors, which was reviewed and revised in March 2005 in order to comply with NYSE rules. A copy of the Audit Committee's revised charter is attached to this proxy statement as Appendix A.

Management of the Company has primary responsibility for the financial reporting process, the preparation of financial statements in conformity with U.S. generally accepted accounting principles, the system of internal controls and the establishment of procedures designed to insure compliance with accounting standards and applicable laws and regulations. KPMG is responsible for auditing the Company's financial statements and internal control over financial reporting. The Audit Committee's responsibility is to monitor and review these processes and procedures. Audit Committee members are not professionally engaged in the practice of accounting or auditing. The Audit Committee relies, without independent investigation or verification, on the information provided to it, including the representations of management that the financial statements have been prepared with integrity and objectivity, and the representations of management and the opinion of KPMG that such financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles.

During 2004, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section

404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and KPMG at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management discussed with the Audit Committee the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the Report of Management on Internal Control over Financial Reporting contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 prior to filing such report with the Securities and Exchange Commission ("SEC"), as well as KPMG's Reports of Independent Registered Public Accounting Firm (also included in the Company's Annual Report on Form 10-K). KPMG's reports related to the audit of (i) the Company's consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in 2005.

The Audit Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit Committee discussed these matters with the Company's independent registered public accounting firm and with appropriate company financial and internal audit personnel. The Audit Committee also discussed with the Company's senior management the process used for certifications by the Company's chief executive officer and chief financial officer which are required for certain filings with the Securities and Exchange Commission.

The Audit Committee appointed KPMG as the independent registered public accounting firm for the Company after reviewing the firm's performance and independence from management.

The Audit Committee reviewed with management and KPMG, the Company's audited financial statements and met separately with both management and KPMG to discuss and review those financial statements and reports prior to issuance. Management has represented to the Audit Committee that the financial statements were prepared in conformity with U.S. generally accepted accounting principles. KPMG's report states the firm's opinion that such financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles.

The Audit Committee received from and discussed with KPMG the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. The Audit Committee also discussed with KPMG matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) to the extent applicable. The Audit Committee implemented a procedure to monitor auditor independence, reviewed audit and non-audit services performed by KPMG, and discussed with KPMG its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Management's recommendations as to the form and level of compensation of the Company's executive officers are subject to the approval of the Compensation Committee of the Board of Directors. The Committee has not retained a compensation consultant.

The Company's compensation policies seek to attract and retain key executives necessary to the long-term success of the Company, to align compensation with both annual and long-term strategic plans and goals and to reward performance in the continued growth and success of the Company and in the enhancement of shareholder values. In furtherance of these goals, the Company has employed a combination of annual base salaries, which are set at levels which management believes to be competitive with industry and regional pay practices and economic conditions, and annual and longer term incentive compensation, including options to purchase Common Stock.

Management recommended to the Compensation Committee a bonus pool for the Company's employees (including the executive officers) based on the Company's performance in 2004 (including management's accomplishments in diversifying into new lines of business and enhancing the insurance group's distribution network while improving its profitability, and strategically planning the direction of the Company). The amount of the 2004 bonus pool was approved by the independent members of the Committee. Bonus amounts paid to employees (other than the Chief Executive Officer) are determined by management. Specifically regarding the chief executive officer, Roy T.K. Thung, base salary has been determined by considering Company and individual performance. Mr. Thung's annual bonus payments are subject to approval by the independent members of the Compensation Committee.

Section 162(m) of the United States Internal Revenue Code of 1986, as amended, may limit the Company's ability to deduct for United States federal income tax purposes, compensation in excess of \$1,000,000 paid to the Company's Chief Executive Officer and its four other highest-paid executive officers in any one fiscal year. No executive officer of the Company received any such compensation in excess of this limit during 2004.
