Internet Gold to Become Smile-Internet Gold: Re-branding All Activities Under the Brand "smile"

Monday June 27, 9:15 am ET

PETACH TIKVA, Israel, June 27 /PRNewswire-FirstCall/ -- Internet Gold (NASDAQ: IGLD - News) today announced that it is re-branding all of its activities and those of its subsidiaries, and will begin marketing them all under a single new brand: "smile".

Commenting on the news, Mr. Eli Holtzman, CEO of Smile-Internet Gold, said, "Our re-branding is a strategic marketing move with two goals: raising awareness of the many services we provide, and simultaneously boosting the profitability of the entire group through significant savings in advertising costs. By focusing intensive marketing and advertising efforts on the "smile" brand and eliminating the need for multiple individual campaigns, we will be able to optimize our marketing investments, reducing the investment required to gain maximum advertising effectiveness. Besides building brand recognition for the broad scope of our operations, this will significantly reduce the cost of entering into new markets, a direction mandated in our business development plans."

The need for a new brand grew out of the expansion the Group's activities, which have grown over the past decade beyond Internet access to include VoIP-based telephony services as well as a variety of portal/Internet advertising and e-Commerce activities. The new smile brand will allow customers to recognize and appreciate the connection between the wealth of services offered by the Group, understanding that all offer the same high level of customer service and monetary value associated with the Group's original Internet access business.

We will use Internet Gold's existing trademark, the familiar round, yellow and black smiling logo that has represented Internet Gold since its inception, as smile's logo. According to research carried out recently by Shiluv, 90% of Israeli Internet surfers between the ages of 16-55 recognize the symbol, with 81% recognizing it as the symbol of Internet Gold.

As part of the re-branding process, all of the Group's activities will be renamed: the Internet Access business will begin marketing under the name "smile.net", business services under the name "smile.biz", international telephony services under the name "smile.015", e-Commerce activities under the name "smile.shops" and portal and Internet advertising activities under the name "smile.media." All marketing materials will list all Group activities to drive home its power and range.

The re-branding process was led by Roni Dunevitch and Bar-Koren Advertising in cooperation with SIT Strategic Consulting.
