NETANYA, Israel, Aug. 26, 2009 (GLOBE NEWSWIRE) -- RADA Electronic Industries Ltd. (Nasdaq:RADA - News) reported today its financial results for the second quarter ended June 30, 2009. The company reported a net loss of \$951,000 for the second quarter of 2009, compared to a net loss of \$672,000 in the second quarter of 2008.

For the six-month period ended June 30, 2009, revenues were \$7.1 million, a decrease of 2.6% compared with revenues of \$7.3 million for the same period in 2008. In the six months ended June 30, 2009, gross profit increased 47% to \$1.8 million from \$1.3 million in the 2008 period and gross margin was 26% up from 17% in the 2008 period. Operating expenses in the 2009 period were \$2.5 million compared to \$1.9 million for the same period in 2008. Operating expenses for the period ended June 30, 2009 includes \$882,000 of research and development expenses compared to \$232,000 of research and development expenses in the same period in 2008. Financial expenses were \$200,000 in the 2009 period compared with financial expenses of \$726,000 in the period ended June 30, 2008, which expenses were significantly impacted by currency fluctuations of the exchange rate of the U.S. dollar against the Israeli Shekel (financial income of \$130,000 and financial expenses of \$196,000 for the periods ended June 30, 2009 and 2008, respectively). As a result, the Company reported a net loss of \$0.9 million or \$0.10 per share for the six-month period ended June 30, 2009. This compares with a net loss of \$1.4 million or \$0.16 per share, for the comparable period in 2008.

Commenting on the results, Zvika Alon, RADA's CEO said, "The increase in research and development expenses to support future product development has significantly affected the results during the first half of 2009. We expect that our R&D efforts will continue during the second half of 2009. Our order backlog continued to increase during the second quarter; therefore we maintain our expectation for an improvement in our operating results."
