Subject Company: The Bank of Kentucky Financial Corporation

Commission File No. 001-34214

Date: December 3, 2014

*[Following is a slide presentation for investors as part of a non-deal road show.]*

## 2.2 Investor Relations Contacts

**Forward - Looking Information** This presentation contains “forward - looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, regarding the financial condition, results of operations, business plans and the future performance of BB&T that are based on the beliefs and assumptions of the management of BB&T and the information available to management at the time that these disclosures were prepared. Words such as “anticipates,” “believes,” “estimates,” “expects,” “forecasts,” “intends,” “plans,” “projects,” “may,” “will,” “should,” “could,” expressions are intended to identify these forward - looking statements. Such statements are subject to factors that could cause actual results to differ materially from anticipated results. Such factors include, but are not limited to, the following: general economic or business conditions, either nationally or regionally, may be less favorable than expected, resulting in, among other things, a deterioration in credit quality and/or a reduced demand for credit, insurance or other services; disruptions to the credit and financial markets, either nationally or globally, including the impact of a downgrade of U.S. government obligations by one of the credit ratings agencies and the adverse effects of recessionary conditions in Europe; changes in the interest rate environment and cash flow reassessments may reduce NIM and/or the volumes and values of loans made or held as well as the value of other financial assets held; competitive pressures among depository and other financial institutions may increase significantly; legislative, regulatory or accounting changes, including changes resulting from the adoption and implementation of the Dodd - Frank Act may adversely affect the businesses in which BB&T is engaged; local, state or federal taxing authorities may take tax positions that are adverse to BB&T; a reduction may occur in BB&T’s credit ratings; adverse changes may occur in the securities markets; competitors of BB&T may have greater financial resources and develop products that enable them to compete more successfully than BB&T and may be subject to different regulatory standards than BB&T; natural or other disasters could have an adverse effect on BB&T in that such events could materially disrupt BB&T’s operations or the ability or willingness of BB&T’s customers to access the financial services BB&T offers; costs or difficulties related to the integration of the businesses of BB&T and its merger partners may be greater than expected; expected cost savings or revenue growth associated with completed mergers and acquisitions may not be fully realized or realized within the expected time frames; significant litigation could have a material adverse effect on BB&T; deposit attrition, customer loss and/or revenue loss following completed mergers and acquisitions may be greater than expected; cyber - security risks, including “denial of service,” “hacking” and “identity theft,” could adversely affect our business and financial performance, or our reputation; and, failure to implement part or all of the Company’s new ERP system could result in impairment charges that adversely impact BB&T’s financial condition and results of operations and could result in significant additional costs to BB&T. Readers are cautioned not to place undue reliance on these forward - looking statements, which speak only as of the date of this report. Actual results may differ materially from those expressed in or implied by any forward - looking statement. Except to the extent required by applicable law or regulation, BB&T undertakes no obligation to revise or update publicly any forward - looking statements for any reason.

**Non - GAAP Information** This presentation contains financial information and performance measures determined by methods other than in accordance with accounting principles generally accepted in the United States of America (“GAAP”). BB&T’s management uses these “non - GAAP” measures in their analysis of the Corporation’s performance and the efficiency of its operations. Management believes that these non - GAAP measures provide a greater understanding of ongoing operations and enhance comparability of results with prior periods as well as demonstrating the effects of significant gains and charges in the current period. The Company believes that a meaningful analysis of its financial performance requires an understanding of the factors underlying that performance. BB&T’s management believes that investors may use these non - GAAP financial measures to analyze financial performance without the impact of unusual items that may obscure trends in the company’s underlying performance. These disclosures should not be viewed as a substitute for financial measures determined in accordance with GAAP, nor are they necessarily comparable to non - GAAP performance measures that may be presented by other companies. Below is a listing of the types of non - GAAP measures used in this presentation: Tangible common equity, Tier 1 common equity and related ratios are non - GAAP measures. The return on average risk - weighted assets is a non - GAAP measure. The Basel III common equity Tier I ratio reflects management’s interpretation of the regulatory requirements, which is subject to change. BB&T’s management uses these measures to assess the quality of capital and believes that investors may find them useful in their analysis of the Corporation. Asset quality ratios have been adjusted to remove the impact of acquired loans and foreclosed property covered by FDIC loss sharing

agreements from the numerator and denominator of these ratios. Management believes that their inclusion may result in distortion of these ratios such that they might not be comparable to other periods presented or to other portfolios that were not impacted by purchase accounting. Fee income and efficiency ratios are non - GAAP in that they exclude securities gains (losses), foreclosed property expense, amortization of intangible assets, merger - related and restructuring charges, the impact of FDIC loss share accounting and other selected items. BB&T's management uses these measures in their analysis of the Corporation's performance. Adjusted non - interest expenses exclude loss on early extinguishment of debt, FHA - insured mortgage loan reserve adjustment, mortgage loan indemnification reserve adjustment and owned real estate and related adjustments and is a Non - GAAP measure. BB&T's management believes these measures provide a greater understanding of ongoing operations and enhance comparability of results with prior periods, as well as demonstrating the effects of significant gains and charges. Return on average tangible common shareholders' equity ("ROTCE"), is a non - GAAP measure that calculates the return on average common shareholders' equity without the impact of intangible assets and their related amortization. ROTCE is also presented excluding the impact of certain adjustments and is also a non - GAAP measure. These measures are useful for evaluating the performance of a business consistently, whether acquired or developed internally. Core net interest margin is a non - GAAP measure that adjusts net interest margin to exclude the impact of interest income and funding costs associated with loans and securities acquired in the Colonial acquisition. BB&T's management believes that the exclusion of the generally higher yielding assets acquired in the Colonial acquisition from the calculation of net interest margin provides investors with useful information related to the relative performance of the remainder of BB&T's earning assets. Adjusted net charge - offs, the adjusted ratio of net charge - offs to average loans and the allowance to adjusted net charge - offs ratio are non - GAAP measures that adjust net charge - offs to exclude the impact of a process change that resulted in accelerated recognition of charge - offs in the non - prime automobile lending portfolio during the quarter ended March 31, 2014 and net charge - offs associated with certain loan sales during the quarter ended September 30, 2014. BB&T's management believes these adjustments increase comparability of period - to - period results and believes that investors may find them useful in their analysis of the Corporation. Diluted EPS and the effective tax rate have been adjusted to exclude the impact of certain adjustments. BB&T's management believes these adjustments increase comparability of period - to - period results and uses these measures to assess performance and believes investors may find them useful in their analysis of the Corporation. A reconciliation of these non - GAAP measures to the most directly comparable GAAP measure is included in BB&T's Third Quarter 2014 Quarterly Performance Summary, which is available on BB&T's website at [www.bbt.com](http://www.bbt.com).

4 Important Additional Information and Where to Find It In connection with the proposed merger, BB&T will file with the SEC a Registration Statement on Form S - 4 that will include a Proxy Statement of Susquehanna and a Prospectus of BB&T, as well as other relevant documents concerning the proposed transaction. This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval. SHAREHOLDERS OF SUSQUEHANNA ARE URGED TO READ THE REGISTRATION STATEMENT AND THE PROXY STATEMENT/PROSPECTUS REGARDING THE MERGER WHEN IT BECOMES AVAILABLE AND ANY OTHER RELEVANT DOCUMENTS FILED WITH THE SEC, AS WELL AS ANY AMENDMENTS OR SUPPLEMENTS TO THOSE DOCUMENTS, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION. A free copy of the Proxy Statement/Prospectus, as well as other filings containing information about BB&T and Susquehanna, may be obtained at the SEC's Internet site (<http://www.sec.gov>). You will also be able to obtain these documents, free of charge, from BB&T at [www.bbt.com](http://www.bbt.com) under the heading "About" and then under the heading "Investor Relations" and then under "BB&T Corporation SEC Filings" or from Susquehanna by accessing Susquehanna's website at [www.susquehanna.net](http://www.susquehanna.net) under the heading "Investor Relations" and then under "SEC Filings". Copies of the Proxy Statement/Prospectus can also be obtained, free of charge, by directing a request to BB&T Corporation, 150 South Stratford Road, Suite 300, Winston - Salem, North Carolina 27104, Attention: Shareholder Services, Telephone: (336) 733 - 3065 or to Susquehanna Bancshares, Inc., 26 North Cedar Street, Lititz, Pennsylvania 17543, Attention: Investor Relations, Telephone: (717) 626 - 9801. Susquehanna and certain of its directors and executive officers may be deemed to be participants in the solicitation of proxies from the shareholders of Susquehanna in connection with the proposed merger. Information about the directors and executive officers of Susquehanna and their ownership of Susquehanna common stock is set forth in the proxy statement for Susquehanna's 2014 annual meeting of shareholders, as filed with the SEC on Schedule 14A on March 21, 2014. Additional information regarding the interests of those participants and other persons who may be deemed participants in the transaction may be obtained by reading the Proxy Statement/Prospectus regarding the proposed merger when it becomes available. Free copies of this document may be obtained as described in the preceding paragraph.

5 BB&T is... A values - driven highly profitable growth organization. While we have had a very successful merger history, our primary focus is on organic growth; nonetheless, we are well positioned for strategic opportunities. Our fundamental strategy is to deliver the best value proposition in our markets. Recognizing value is a function of quality to price, our focus is on delivering high quality client service resulting in the Perfect Client Experience. Our over - arching purpose is to achieve our vision and mission, consistent with our values, with the ultimate goal of maximizing shareholder returns.
