## Edgar Filing: AMCON DISTRIBUTING CO - Form 8-K

### AMCON REPORTS 1ST QUARTER EARNINGS

Omaha, NE, February 10, 2003 - AMCON Distributing Company (AMEX:DIT), an Omaha, NE based consumer products company, announced today that its net income for the first quarter ended December 2002 was \$274,974 or \$ 0.09 per diluted share compared with \$390,642 or \$0.14 per diluted share for the first quarter of the prior year. Sales for the first quarter were \$197.7 million compared to \$210.2 million for the same period in the prior year.

William F. Wright, Chairman of AMCON, stated that "In a fiercely competitive environment, as is the wholesale distribution business, our sales did decline from the comparable quarter of last year but, in spite of that fact, we were able to retain the net income contribution from the wholesale distribution business and manage our inventories and receivables in a way that resulted in cash flow and debt reduction in excess of \$12.0 million for the quarter. We were also able to control our operating expenses and continue our focus on customer service, which we believe sets us apart from our competitors.

The realignment of our management team in our retail health food segment showed dramatic results last fiscal year. Because of this, as previously announced, we have allocated additional resources to the expansion of this business to remodel certain locations and to expand into new markets. We believe that this approach will allow us to increase sales and more effectively utilize our management overhead expenses."

Wright added, "We announced last month the creation of a new beverage division which includes Hawaiian Springs Natural Water Company and The Beverage Group, Inc. The Beverage Group, Inc. will focus its efforts on the development of markets for Hawaiian Springs/R/ natural spring water products and other non-owned premium beverages on the U.S. mainland, Canada and Mexico. The upgrade to our water plant in Hawaii is now substantially completed and we expect a new warehouse and additional equipment presently being installed to be ready for the summer season. Additionally, we expect shortly to announce agreements with non-owned premium beverage manufacturers to distribute their products in our markets.

Finally, we have completed the required analysis of goodwill impairment and have been advised that there is no impairment and, accordingly, no charges will need to be taken by the Company."

AMCON is a leading wholesale distributor of consumer products including beverages, candy, tobacco, groceries, food service, frozen and chilled foods, and health and beauty care products with distribution centers in Illinois, Missouri, Nebraska, North Dakota, South Dakota and Wyoming. Chamberlin's Natural Foods, Inc. and Health Food Associates, Inc., both wholly-owned subsidiaries of The Healthy Edge, Inc. (formerly Food For Health Co., Inc.), operate health and natural product retail stores in central Florida (7), Kansas, Missouri, Nebraska and Oklahoma (3). The retail stores operate under the names Chamberlin's Market & Cafe and Akin's Natural Foods Market. Hawaiian Natural Water Company, Inc., which was acquired in December of 2001, produces and sells natural spring water under

the Hawaiian Springs label. The water is bottled at the source on the Big Island of Hawaii. The Beverage Group, Inc. markets and distributes Hawaiian Springs and other premium beverage products in the United States, Canada and Mexico.
