ABOUT CHIMERA INVESTMENT CORPORATION

Our Company

We are a specialty finance company that invests in residential mortgage-backed securities, or RMBS, residential mortgage loans, real estate-related securities and various other asset classes. We elected to be taxed as a real estate investment trust, or REIT, for federal income tax purposes commencing with our taxable year ending on December 31, 2007. Therefore, we generally will not be subject to federal income tax on our taxable income that is distributed to our stockholders. We commenced operations in November 2007.

We are externally managed by Fixed Income Discount Advisory Company, which we refer to as our Manager or FIDAC. Our Manager is an investment advisor registered with the Securities and Exchange Commission, or SEC. Additionally, our Manager is a wholly-owned subsidiary of Annaly Capital Management, Inc., a New York Stock Exchange-listed REIT, which has a long track record of managing investments in U.S. government agency RMBS, or Agency RMBS.

Our Manager is responsible for administering our business activities and day-to-day operations. We have no employees other than our officers. Pursuant to the terms of the management agreement, our Manager provides us with our management team, including our officers, along with appropriate support personnel. Our Manager is at all times subject to the supervision and oversight of our board of directors and has only such functions and authority as we delegate to it. We do not pay any of our officers any cash compensation. Rather, we pay our Manager a management fee pursuant to the terms of the management agreement.

Our objective is to provide attractive risk-adjusted returns to our investors over the long-term, primarily through dividends and secondarily through capital appreciation. We intend to achieve this objective by investing in a diversified investment portfolio of RMBS; residential mortgage loans; including prime mortgage loans, which are mortgage loans that conform to the underwriting guidelines of Fannie Mae and Freddie Mac, which we refer to as Agency Guidelines; jumbo prime mortgage loans, which are mortgage loans that conform to the Agency Guidelines except as to loan size; and Alt-A mortgage loans, which are mortgage loans that may have been originated using documentation standards that are less stringent than the documentation standards applied by certain other first lien mortgage loan purchase programs, such as the Agency Guidelines, but have one or more compensating factors such as a borrower with a strong credit or mortgage history or significant assets; real estate-related securities; and various other asset classes, subject to maintaining our REIT status and exemption from registration under the Investment Company Act of 1940. The RMBS, asset-backed securities (ABS), commercial mortgage-backed securities (CMBS) and collateralized debt obligations (CDOs) we purchase may include investment-grade and non-investment grade classes, including the BB-rated, B-rated and non-rated classes.

Our Corporate Information

We are a Maryland corporation formed in June 2007 and commenced operations in November 2007. Our principal executive offices are located at 1211 Avenue of Americas, Suite

RISK FACTORS

Investing in our securities involves risks. You should carefully consider the risks described under "Risk Factors" in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which descriptions are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto before making a decision to invest in our securities. See "Where You Can Find More Information" below.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus and the related accompanying prospectus supplement to finance the acquisition of non-Agency RMBS, Agency RMBS, prime and Alt-A mortgage loans, CMBS, CDOs and other consumer or non-consumer ABS, and for other general corporate purposes such as repayment of outstanding indebtedness, working capital, and for liquidity needs. Pending any such uses, we may invest the net proceeds from the sale of any securities in interest-bearing short-term investments, including money market accounts that are consistent with our intention to qualify as a REIT, or may use them to reduce our indebtedness.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratios of earnings to combined fixed charges and preferred stock dividends for each of the periods indicated:

	For the period November 21, 2007 (date operations commenced) through December 31, 2007	For the year ended December 31, 2008	For the three months ended March 31, 2009
Ratio of earnings to combined fixed charges and preferred stock dividends	(5.99)x(1)	(0.98)x(2)	3.09x

(1) The dollar amount of the deficiency for this period was \$2,486,000.

(2) The dollar amount of the deficiency for the year ended December 31, 2008 was \$59,253,000.

The ratios of earnings to combined fixed charges and preferred stock dividends were computed by dividing earnings as adjusted by fixed charges and preferred stock dividends (where applicable). For this purpose, earnings consist of net income from continuing operations and fixed charges. We currently have no shares of preferred stock outstanding and, therefore,

there are no amounts for preferred dividends included in the above calculation. Fixed charges consist of interest expense.

DESCRIPTION OF CAPITAL STOCK

The following summary description of our capital stock does not purport to be complete and is subject to and qualified in its entirety by reference to the Maryland General Corporation Law, or MGCL, and our charter and our bylaws, copies of which will be available before the closing of this offering from us upon request. See Where You Can Find More Information.

The MGCL and our charter and bylaws contain provisions that could make it more difficult for a potential acquirer to acquire us by a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our board of directors. We believe that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the negotiation of such proposals may improve their terms.

General

Our charter provides that we may issue up to 550,000,000 shares of stock, consisting of up to 500,000,000 shares of common stock having a par value of \$0.01 per share and up to 50,000,000 shares of preferred stock having a par value of \$0.01 per share. As of May 22, 2009, 472,401,769 shares of common stock and no shares of preferred stock were issued and outstanding. Our board of directors, with the approval of a majority of the entire board and without any action on the part of our stockholders, may amend our charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue. Under Maryland law, our stockholders generally are not personally liable for our debts and obligations solely as a result of their status as stockholders.

Common Stock

All shares of our common stock have equal rights as to earnings, assets, dividends and voting and, when they are issued, will be duly authorized, validly issued, fully paid and non-assessable. Distributions may be paid to the holders of our common stock if, as and when authorized by our board of directors and declared by us out of funds legally available therefor. Shares of our common stock have no preemptive, appraisal, preferential exchange, conversion or redemption rights and are freely transferable, except where their transfer is restricted by federal and state securities laws, by contract or by the restrictions in our charter. In the event of our liquidation, dissolution or winding up, each share of our common stock would be entitled to share ratably in all of our assets that are legally available for distribution after payment of or adequate provision for all of our known debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. Subject to our charter restrictions on the transfer and ownership of our stock and except as may otherwise be specified in the terms of any class or series of common stock, each share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders,

Edgar Filing: CHIMERA INVESTMENT CORP - Form S-3ASR

including the election of directors. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess exclusive voting power. There is no cumulative voting in the election of directors, which means that holders of a majority of the outstanding shares of common stock can elect all of our directors, and holders of less than a majority of such shares will be unable to elect any director.

Preferred Stock

The following description sets forth general terms and provisions of the preferred stock to which any prospectus supplement may relate. The statements below describing the preferred stock are in all respects subject to and qualified in their entirety by reference to our charter, as amended, by-laws, as amended, and any articles supplementary to our charter, as amended, designating terms of a series of preferred stock. The preferred stock, when issued, will be validly issued, fully paid, and non-assessable. Because our board of directors has the power to establish the preferences, powers and rights of each series of preferred stock, our board of directors may afford the holders of any series of preferred stock preferences, powers and rights, voting or otherwise, senior to the rights of common stockholders.

The rights, preferences, privileges and restrictions of each series of preferred stock will be fixed by the articles supplementary relating to the series. A prospectus supplement, relating to each series, will specify the terms of the preferred stock, as follows:

- the title and stated value of the preferred stock;
- the voting rights of the preferred stock, if applicable;
- the preemptive rights of the preferred stock, if applicable;
- the restrictions on alienability of the preferred stock, if applicable;
- the number of shares offered, the liquidation preference per share and the offering price of the shares;
- liability to further calls or assessment of the preferred stock, if applicable;
- the dividend rate(s), period(s) and payment date(s) or method(s) of calculation applicable to the preferred stock;
- the date from which dividends on the preferred stock will accumulate, if applicable;
- the procedures for any auction and remarketing for the preferred stock;
- the provision for a sinking fund, if any, for the preferred stock;
- the provision for and any restriction on redemption, if applicable, of the preferred stock;
- the provision for and any restriction on repurchase, if applicable, of the preferred stock;

any listing of the preferred stock on any securities exchange;

the terms and provisions, if any, upon which the preferred stock will be convertible into common stock, including the conversion price (or manner of calculation) and conversion period;

the terms under which the rights of the preferred stock may be modified, if applicable;

any other specific terms, preferences, rights, limitations or restrictions of the preferred stock;

a discussion of certain material federal income tax considerations applicable to the preferred stock;

the relative ranking and preferences of the preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding-up of our affairs;

any limitation on issuance of any series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding-up of our affairs; and

any limitations on direct or beneficial ownership and restrictions on transfer of the preferred stock, in each case as may be appropriate to preserve our qualification as a REIT.

Power to Reclassify Shares of Our Stock

Our charter authorizes our board of directors to classify and reclassify any unissued shares of stock into other classes or series of stock, including preferred stock. Before issuance of shares of each class or series, the board of directors is required by Maryland law and by our charter to set, subject to our charter restrictions on the transfer and ownership of our stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, the board of directors could authorize the issuance of shares of common stock or preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise be in their best interests. No shares of our preferred stock are presently outstanding and we have no present plans to issue any preferred stock.

Power to Issue Additional Shares of Common Stock and Preferred Stock

We believe that the power of our board of directors to amend the charter without stockholder approval to increase the total number of authorized shares of our stock or any class or series of our stock, to issue additional authorized but unissued shares of our common stock or preferred stock and to classify or reclassify unissued shares of our common stock or preferred stock and thereafter to cause us to issue such classified or reclassified shares of stock will

provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. The additional classes or series, as well as our common stock, will be available for issuance without further action by our stockholders, unless stockholder action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors has no intention at the present time of doing so, it could authorize us to issue a class or series that could, depending upon the terms of such class or series, delay, defer or prevent a transaction or a change in control of us that might involve a premium price for holders of our common stock or otherwise be in their best interests.

Restrictions on Ownership and Transfer

To qualify as a REIT under the Internal Revenue Code for each taxable year beginning after December 31, 2007, our shares of capital stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, beginning after December 31, 2007, no more than 50% of the value of our outstanding shares of capital stock may be owned, directly or constructively, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the second half of any calendar year.

Our charter, subject to certain exceptions, contains restrictions on the number of shares of our capital stock that a person may own. Our charter provides that (subject to certain exceptions described below) no person may own, or be deemed to own by the attribution provisions of the Internal Revenue Code, more than 9.8% in value or in number of shares, whichever is more restrictive, of any class or series of our capital stock.

Our charter also prohibits any person from (i) beneficially or constructively owning shares of our capital stock that would result in our being closely held under Section 856(h) of the Internal Revenue Code or otherwise cause us to fail to qualify as a REIT and (ii) transferring shares of our capital stock if such transfer would result in our capital stock being owned by fewer than 100 persons. Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of shares of our capital stock that will or may violate any of the foregoing restrictions on transferability and ownership, or who is the intended transferee of shares of our stock which are transferred to the trust (as described below), will be required to give notice immediately to us and provide us with such other information as we may request to determine the effect of such transfer on our status as a REIT. The foregoing restrictions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT.

Our board of directors, in its sole discretion, may exempt a person from the foregoing restrictions. The person seeking an exemption must provide to our board of directors such representations, covenants and undertakings as our board of directors may deem appropriate to conclude that granting the exemption will not cause us to lose our status as a REIT. Our board of directors may also require a ruling from the Internal Revenue Service or an opinion of counsel to determine or ensure our status as a REIT.

Edgar Filing: CHIMERA INVESTMENT CORP - Form S-3ASR

Any attempted transfer of our securities which, if effective, would result in a violation of the foregoing restrictions will cause the number of securities causing the violation (rounded to the nearest whole share) to be automatically transferred to a trust for the exclusive benefit of one or more charitable beneficiaries, and the proposed transferee will not acquire any rights in such securities. The automatic transfer will be deemed to be effective as of the close of business on the business day (as defined in our charter) before the date of the transfer. If, for any reason, the transfer to the trust is ineffective, our charter provides that the purported transfer in violation of the restrictions will be void *ab initio*. Shares of our stock held in the trust will be issued and outstanding shares. The proposed transferee will not benefit economically from ownership of any securities held in the trust, will have no rights to dividends and no rights to vote or other rights attributable to the shares of stock held in the trust. The trustee of the trust will have all voting rights and rights to dividends or other distributions with respect to shares held in the trust. These rights will be exercised for the exclusive benefit of the charitable beneficiary. Any dividend or other distribution paid before our discovery that shares of stock have been transferred to the trust will be paid by the recipient to the trustee upon demand. Any dividend or other distribution authorized but unpaid will be paid when due to the trustee. Any dividend or distribution paid to the trustee will be held in trust for the charitable beneficiary. Subject to Maryland law, the trustee will have the authority (i) to rescind as void any vote cast by the proposed transferee before our discovery that the shares have been transferred to the trust and (ii) to recast the vote in accordance with the desires of the trustee acting for the benefit of the charitable beneficiary. However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast the vote.

Within 20 days of receiving notice from us that the securities have been transferred to the trust, the trustee will sell the securities to a person designated by the trustee, whose ownership of the securities will not violate the above ownership limitations. Upon such sale, the interest of the charitable beneficiary in the securities sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee and to the charitable beneficiary as follows. The proposed transferee will receive the lesser of (i) the price paid by the proposed transferee for the securities or, if the proposed transferee did not give value for the securities in connection with the event causing the securities to be held in the trust (e.g., a gift, devise or other similar transaction), the market price (as defined in our charter) of the securities on the day of the event causing the securities to be held in the trust and (ii) the price received by the trustee from the sale or other disposition of the securities. The trustee may reduce the amount payable to the proposed transferee by the amount of dividends and distributions paid to the proposed transferee and owed by the proposed transferee to the trustee. Any net sale proceeds in excess of the amount payable to the proposed transferee will be paid immediately to the charitable beneficiary. If, before our discovery that the securities have been transferred to the trust, the securities are sold by the proposed transferee, then (i) the securities shall be deemed to have been sold on behalf of the trust and (ii) to the extent that the proposed transferee received an amount for the securities that exceeds the amount the proposed transferee was entitled to receive, the excess shall be paid to the trustee upon demand.

In addition, the securities held in the trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in the transfer to the trust (or, in the case of a devise or gift, the market price at the time of the devise or gift) and (ii) the market price on the date we, or our designee,

accept the offer. We may reduce the amount payable to the proposed transferee, however, by the amount of any dividends or distributions paid to the proposed transferee on the securities and owed by the proposed transferee to the trustee. We will have the right to accept the offer until the trustee has sold the securities. Upon a sale to us, the interest of the charitable beneficiary in the securities sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee.

All certificates representing the securities will bear a legend referring to the restrictions described above or will state that we will furnish a full statement about certain transfer restrictions to a stockholder upon request and without charge.

Every owner of more than 5% (or such lower percentage as required by the Internal Revenue Code or the regulations promulgated thereunder) in value of all classes or series of our stock, including shares of common stock, within 30 days after the end of each taxable year, will be required to give written notice to us stating the name and address of such owner, the number of shares of each class and series of shares of our stock which the owner beneficially owns and a description of the manner in which the shares are held. Each owner shall provide to us such additional information as we may request to determine the effect, if any, of the beneficial ownership on our status as a REIT and to ensure compliance with the ownership limitations. In addition, each such owner shall upon demand be required to provide to us such information as we may request, in good faith, to determine our status as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance.

These ownership limitations could delay, defer or prevent a transaction or a change in control that might involve a premium price for the common stock or might otherwise be in your best interests.

Classification of Board of Directors, Vacancies and Removal of Directors

Our charter and by-laws, as amended, provide for a staggered Board of Directors consisting of up to fifteen directors. Our charter provides that our directors shall be divided into three classes, with terms of three years each. The number of directors in each class and the expiration of each class term is as follows:

Class I	2 Directors	Expires 2011
Class II	2 Directors	Expires 2009
Class III	1 Directors	Expires 2010

At each annual meeting of our stockholders, successors of the class of directors whose term expires at that meeting will be elected for a three-year term and the directors in the other two classes will continue in office. A classified Board of Directors may delay, defer or prevent a change in control or other transaction that might involve a premium over the then prevailing market price for our common stock or other attributes that our stockholders may consider desirable. In addition, a classified Board of Directors could prevent stockholders who do not agree with the policies of our Board of Directors from replacing a majority of the Board of Directors for two years, except in the event of removal for cause.

Edgar Filing: CHIMERA INVESTMENT CORP - Form S-3ASR

Our by-laws, as amended, provide that any vacancy on our Board of Directors may be filled by a majority of the remaining directors. Any individual so elected director will hold office for the unexpired term of the director he or she is replacing. Our by-laws, as amended, provide that a director may be removed at any time only for cause upon the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors, but only by a vote taken at a stockholder meeting. These provisions preclude stockholders from removing incumbent directors, except for cause and upon a substantial affirmative vote, and filling the vacancies created by such removal with their own nominees.

Indemnification

Our amended and restated charter obligates us to indemnify our directors and officers and to pay or reimburse expenses for them before the final disposition of a proceeding to the maximum extent permitted by Maryland law. The Corporations and Associations Article of the Annotated Code of Maryland (or the Maryland General Corporation Law) permits a corporation to indemnify its present and former directors and officers against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities, unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith, or (b) was the result of active and deliberate dishonesty, or (2) the director or officer actually received an improper personal benefit in money, property or services, or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Limitation of Liability

The Maryland General Corporation Law permits the charter of a Maryland corporation to include a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except to the extent that (1) it is proved that the person actually received an improper benefit or profit in money, property or services, or (2) a judgment or other final adjudication adverse to the person is entered in a proceeding based on a finding that the person's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding. Our amended and restated charter provides for elimination of the liability of our directors and officers to us or our stockholders for money damages to the maximum extent permitted by Maryland law from time to time.

Maryland Business Combination Act

The Maryland General Corporation Law establishes special requirements for business combinations between a Maryland corporation and interested stockholders unless exemptions are applicable. An interested stockholder is any person who beneficially owns 10% or more of the voting power of our then outstanding voting stock. Among other things, the law prohibits for a period of five years a merger and other similar transactions between us and an interested stockholder unless the Board of Directors approved the transaction prior to the party becoming an interested stockholder. The five-year period runs from the most recent date on which the interested stockholder became an interested stockholder. The law also requires a supermajority

stockholder vote for such transactions after the end of the five-year period. This means that the transaction must be approved by at least:

80% of the votes entitled to be cast by holders of outstanding voting shares; and

two-thirds of the votes entitled to be cast by holders of outstanding voting shares other than shares held by the interested stockholder or an affiliate of the interested stockholder with whom the business combination is to be effected.

As permitted by the Maryland General Corporation Law, we have elected not to be governed by the Maryland business combination statute. We made this election by opting out of this statute in our charter, as amended. If, however, we amend our charter to opt back in to the statute, the business combination statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders' best interests.

Maryland Control Share Acquisition Act

Maryland law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of the other stockholders. Two-thirds of the shares eligible to vote must vote in favor of granting the control shares voting rights. Control shares are shares of stock that, taken together with all other shares of stock the acquirer previously acquired, would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third of all voting power;

one-third or more but less than a majority of all voting power; or

a majority or more of all voting power.

Control shares do not include shares of stock the acquiring person is entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

If a person who has made (or proposes to make) a control share acquisition satisfies certain conditions (including agreeing to pay expenses), he may compel our Board of Directors to call a special meeting of stockholders to consider the voting rights of the shares. If such a person makes no request for a meeting, we have the option to present the question at any stockholders' meeting.

If voting rights are not approved at a meeting of stockholders then, subject to certain conditions and limitations, we may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value. We will determine the fair value of the shares, without regard to the absence of voting rights, as of the date of either:

the last control share acquisition; or

the meeting where stockholders considered and did not approve voting rights of the control shares.

If voting rights for control shares are approved at a stockholders meeting and the acquirer becomes entitled to vote a majority of the shares of stock entitled to vote, all other stockholders may obtain rights as objecting stockholders and, thereunder, exercise appraisal rights. This means that you would be able to force us to redeem your stock for fair value. Under Maryland law, the fair value may not be less than the highest price per share paid in the control share acquisition. Furthermore, certain limitations otherwise applicable to the exercise of dissenters rights would not apply in the context of a control share acquisition. The control share acquisition statute would not apply to shares acquired in a merger, consolidation or share exchange if we were a party to the transaction. The control share acquisition statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders best interests.

The statements in this section and the opinion of K&L Gates LLP are based on the current federal income tax laws. We cannot assure you that new laws, interpretations of law or court decisions, any of which may take effect retroactively, will not cause any statement in this section to be inaccurate. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences described below. We have not sought and will not seek an advance ruling from the IRS regarding any matter in this prospectus.

ownership and sale of our capital stock and of our election to be taxed as a REIT. Taxation of Our Company

We have elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with our short taxable year ending on December 31, 2007. We believe that we were organized and have operated and will continue to operate in such a manner as to qualify for taxation as a REIT under the federal income tax laws, but no assurances can be given that we will operate in a manner so as to qualify or remain qualified as a REIT. This section discusses the laws governing the federal income tax treatment of a REIT and the owners of REIT stock. These laws are highly technical and complex.

In the opinion of K&L Gates LLP, our counsel, we have qualified to be taxed as a REIT beginning with our taxable year ended on December 31, 2007, and our organization and current and proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT. Investors should be aware that K&L Gates LLP's opinion is based upon customary assumptions, is conditioned upon certain representations made by us as to factual matters, including representations regarding the nature of our assets and the conduct of our business, and is not binding upon the IRS or any court.

In addition, K&L Gates LLP's opinion is based on existing federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the federal income tax laws. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our stock ownership, and the percentage of our earnings that we distribute. K&L Gates LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year will satisfy such requirements. For a discussion of the tax consequences of our failure to qualify as a REIT, see Failure to Qualify.

If we qualify as a REIT, we generally will not be subject to federal income tax on our taxable income that we currently distribute to our stockholders, but taxable income generated by our domestic TRSs, if any, will be subject to regular federal (and applicable state and local) corporate income tax. However, we will be subject to federal tax in the following circumstances:

We will pay federal income tax on our taxable income, including net capital gain, that we do not distribute to stockholders during, or within a specified time period after, the calendar year in which the income is earned.

We may be subject to the alternative minimum tax.

We will pay federal income tax at the highest corporate rate on:

Edgar Filing: CHIMERA INVESTMENT CORP - Form S-3ASR

net income from the sale or other disposition of property acquired through foreclosure, which we refer to as foreclosure property, that we hold primarily for sale to customers in the ordinary course of business, and

other non-qualifying income from foreclosure property.

We will pay a 100% tax on net income earned from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Gross Income Tests, but nonetheless continue to qualify as a REIT because we meet other requirements, we will be subject to a 100% tax on:

the greater of the amount by which we fail the 75% gross income test or the 95% gross income test, multiplied, in either case, by

a fraction intended to reflect our profitability.

If we fail to satisfy the asset tests by more than a de minimis amount, as described below under Asset Tests, as long as the failure was due to reasonable cause and not to willful neglect, we dispose of the assets or otherwise comply with such asset tests within six months after the last day of the quarter in which we identify such failure and we file a schedule with the IRS describing the assets that caused such failure, we will pay a tax equal to the greater of \$50,000 or 35% of the net income from the non-qualifying assets during the period in which we failed to satisfy such asset tests.

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, and such failure was due to reasonable cause and not due to willful neglect, we will be required to pay a penalty of \$50,000 for each such failure.

We may be required to pay monetary penalties to the IRS in certain circumstances, including if we fail to meet recordkeeping requirements intended to monitor our compliance with rules relating to the composition of a REIT's stockholders, as described below in Requirements for Qualification.

If we fail to distribute during a calendar year at least the sum of: (i) 85% of our REIT ordinary income for the year, (ii) 95% of our REIT capital gain net income for the year and (iii) any undistributed taxable income from earlier periods, we will pay a 4% nondeductible excise tax on the excess of the required distribution over the sum of the amount we actually distributed and any retained amounts on which income tax has been paid at the corporate level.

We may elect to retain and pay federal income tax on our net long-term capital gain. In that case, a Domestic Owner would be taxed on its proportionate share of our undistributed long-term capital gain (to the extent that we make a timely designation of such gain to the stockholder) and would receive a credit or refund for its proportionate share of the tax we paid.

We will be subject to a 100% excise tax on transactions between us and any of our TRSs that are not conducted on an arm's-length basis.

If (a) we recognize excess inclusion income for a taxable year as a result of our ownership of a 100% equity interest in a TMP or our ownership of a REMIC residual interest and (b) one or more Disqualified Organizations is the record owner of shares of our capital stock during that year, then we will be subject to tax at the highest corporate federal income tax rate on the portion of the excess inclusion income that is allocable to the Disqualified Organizations. We do not anticipate owning REMIC residual interests; we may, however, own 100% of the equity interests in one or more CDO offerings or one or more trusts formed in connection with our securitization transactions, but intend to structure each CDO offering and each securitization transaction so that the issuing entity would not be classified as a TMP. See Taxable Mortgage Pools.

If we acquire any asset from a C corporation, or a corporation that generally is subject to full corporate-level tax, in a merger or other transaction in which we acquire a basis in the asset that is determined by reference either to the C corporation's basis in the asset or to another asset, we will pay tax at the highest corporate federal income tax rate if we recognize gain on the sale or disposition of the asset during the 10-year period after we acquire the asset. The amount of gain on which we will pay tax is the lesser of:

the amount of gain that we recognize at the time of the sale or disposition, and

the amount of gain that we would have recognized if we had sold the asset at the time we acquired it, assuming that the C corporation will not elect in lieu of this treatment to an immediate tax when the asset is acquired.

In addition, notwithstanding our qualification as a REIT, we may also have to pay certain state and local income taxes because not all states and localities treat REITs in the same manner that they are treated for federal income tax purposes. Moreover, as further described below, any domestic TRS in which we own an interest will be subject to federal, state and local corporate income tax on its taxable income. We could also be subject to tax in situations and on transactions not presently contemplated.

Requirements for Qualification

A REIT is a corporation, trust, or association that meets each of the following requirements:

1. It is managed by one or more trustees or directors.
2. Its beneficial ownership is evidenced by transferable shares or by transferable certificates of beneficial interest.
3. It would be taxable as a domestic corporation, but for the REIT provisions of the federal income tax laws.

Edgar Filing: CHIMERA INVESTMENT CORP - Form S-3ASR

4. It is neither a financial institution nor an insurance company subject to special provisions of the federal income tax laws.

5. At least 100 persons are beneficial owners of its shares or ownership certificates.

6. Not more than 50% in value of its outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals, which the federal income tax laws define to include certain entities, during the last half of any taxable year. For purposes of this requirement, indirect ownership will be determined by applying attribution rules set out in section 544 of the Code, as modified by section 856(h) of the Code.

7. It elects to be taxed as a REIT, or has made such election for a previous taxable year, and satisfies all relevant filing and other administrative requirements that must be met to elect and maintain REIT qualification.

8. It meets certain other qualification tests, described below, regarding the nature of its income and assets.

We must meet requirements 1 through 4 during our entire taxable year and must meet requirement 5 during at least 335 days of a taxable y
