#### **BANNER CORPORATION REPORTS FIRST QUARTER NET INCOME OF \$3.4 MILLION;**

#### **REVENUES INCREASE 9% TO \$24 MILLION**

Walla Walla, WA - April 24, 2003 - Banner Corporation (Nasdaq: BANR), the parent company of Banner Bank, today reported net income was \$3.4 million, or \$0.31 per diluted share, for the first quarter, compared to a loss of \$1.6 million, or \$(0.14) per diluted share, in the fourth quarter of 2002 and net income of \$3.9 million, or \$0.34 per diluted share, in the first quarter a year ago.

After a significant loan loss provision in the fourth quarter, we have returned to profitability and we are looking forward to building earnings to more acceptable levels," said D. Michael Jones, President and Chief Executive Officer. "We have worked hard to strengthen the balance sheet, significantly growing customer deposits and adding to our franchise while working to collect amounts owed on problem assets and improve our overall credit culture. While

our results are not yet where I would like them to be, we are making progress."

#### **Income Statement Review**

Revenues (net interest income before the provision for loan losses plus other operating income) for the first quarter increased 9% to \$24.2 million, compared to \$22.1 million in the same quarter of 2002, but decreased 3% from \$25.1 for the fourth quarter of 2002. Net interest margin was 3.66%, compared to 3.86% in the prior quarter and 3.90% in the same quarter a year ago. "The most recent rate cut by the Federal Reserve has caused asset yields to drop more sharply than deposit costs. This, combined with the Bank's level of non-performing assets, has put downward pressure on our net interest margin," said Jones.

"Mortgage banking operations continued to excel in the current interest rate environment," added Jones. For the quarter, mortgage banking operations, including loan servicing fees, increased 59%, to \$2.6 million, compared to \$1.6 million in the first quarter of 2002, but declined from the record level of \$3.1 million in the fourth quarter of 2002. Other fees and service charges for the first quarter increased \$400,000, or 32%, to \$1.7 million, compared to \$1.2 million for the comparable quarter a year earlier, reflecting growth in deposits and customer activity.

"We continue to dedicate significant resources toward moving problem loans through the system toward resolution," said Jones. "Progress is being made, but it will take time to work through these loans as the borrowers are generally marginal credits operating in a slow economy in the Puget Sound area. Meanwhile, we believe our disproportionate problem loan issue has crested." Non-performing assets were \$42.4 million, or 1.76% of total assets at March 31, 2003, compared to \$42.2 million, or 1.86% of total assets at December 31, 2002 and \$31.5 million, or 1.46% of total assets at March 31, 2002. The loan loss provision for the quarter was \$2.3 million, compared to \$3.0 million a year ago and \$10.0 million in the prior quarter. At March 31, 2003, the allowance for loan losses totaled \$25.6 million, representing 1.61% of total loans outstanding, compared to \$18.9 million, or 1.18% of total loans outstanding a year earlier.

"Since August, we have opened new Banner Bank branches in Spokane and Pasco, Washington, as well as new loan centers in the Tri-Cities, Spokane and Bellevue, Washington and Lake Oswego, Oregon. These new offices and their experienced banking personnel are bringing in significant deposits and approved loan commitments. As their success continues, we expect their contribution to the bottom line to increase as well," Jones said.

Other operating expenses were \$17.1 million for the quarter compared to \$18.0 million in the fourth quarter of 2002 and \$13.3 million in the first quarter of 2002. Banner's efficiency ratio for the quarter ended March 31, 2003 was 70.41%, a slight improvement from 71.74% in the prior quarter. The efficiency ratio was 60.21% in the first quarter of 2002.

#### **Balance Sheet Review**

"We have been restructuring our balance sheet to improve liquidity and rely less on borrowed funds," said Jones. Deposits grew 14%, to \$1.6 billion, compared to \$1.4 billion at March 31, 2002, while total assets increased 12%, to \$2.4 billion at March 31, 2003 from \$2.2 billion a year earlier. Stockholders' equity increased to \$192.4 million, from \$191.9 million a year ago, and book value per share increased to \$17.77 at March 31, 2003, from \$17.38 per share a

#### year earlier.

"While our overall loan portfolio contracted slightly compared to a year earlier, primarily due to prepayments on one-to-four family mortgages and sales of new originations, agricultural and commercial business loans continued to grow steadily, increasing 22% and 12%, respectively," said Jones. "Business and agricultural loans now represent 25% of the total loan portfolio, compared to 22% a year ago." Banner's loan portfolio was \$1.56 billion at March 31, 2003, compared to \$1.58 billion at March 31, 2002 and \$1.55 billion at December 31, 2002.
