GROW CONDOS, INC. AND SUBSIDIARY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Summary of Significant Accounting Policies and Use of Estimates:

Presentation of Interim Information:

The condensed consolidated financial statements included herein have been prepared by Grow Condos, Inc. (“we”, “us”, “our” or “Company”) without audit, pursuant to the rules and regulations of the United States Securities and Exchange Commission (“SEC”) and should be read in conjunction with the audited consolidated financial statements as of June 30, 2014. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted, as permitted by the SEC, although we believe the disclosures, which are made, are adequate to make the information presented not misleading. Further, the condensed consolidated financial statements reflect, in the opinion of management, all normal recurring adjustments necessary to present fairly our financial position at September 30, 2014, and the results of our operations and cash flows for the periods presented. The June 30, 2014 condensed consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America.

Interim results are subject to significant seasonal variations and the results of operations for the three months ended September 30, 2014 are not necessarily indicative of the results to be expected for the full year.

Nature of Corporation:

Grow Condos, Inc. (“GCI” or the “Company”) (f/k/a Fanatic Fans Inc. and Calibrus, Inc.) was incorporated on October 22, 1999, in the State of Nevada. Recently, GCI, through Fanatic Fans Inc., had made a decision to focus on its Social Networking operations which includes Fanatic Fans, a mobile smartphone application centered around live sporting and entertainment events, and JabberMonkey, a social expression website centered around gathering public opinion on current events. Then Fanatic Fans Inc. management decided to combine operations with WCS Enterprises, LLC (“WCS”).

Our subsidiary, WCS is an Oregon limited liability company which was formed on September 9, 2013 with operations beginning in October 2013. WCS is a real estate purchaser, developer and manager of specific use industrial properties providing “Condo” style turn-key aeroponic grow facilities to support cannabis farmers. WCS intends to own, lease, sell and manage multi-tenant properties so as to reduce the risk of ownership and reduce costs to tenants and owners.

On June 30, 2014, GCI entered into a definitive agreement (the “Agreement”) with the members of WCS for the acquisition of all of the outstanding membership interests of WCS in exchange for 20,410,000 restricted shares of GCI’s common stock. The shares were issued to a total of three persons pursuant to the exemption from registration set forth in Section 4(2) of the Securities Act of 1933. In connection with the Agreement, one member of WCS gained control of GCI by virtue of his stock ownership in the Company received in the acquisition. This member acquired 18,369,000 shares of GCI common stock on June 30, 2014, in exchange for his ownership share of WCS. The shares received under the Agreement gave this member effective control of GCI by virtue of holding approximately 44% of GCI’s voting stock. In addition, on June 30, 2014, the GCI CEO, President and CFO resigned and the WCS officers were appointed to fill these position by the board of directors of GCI. In total, the WCS members hold 51.67% of the post-acquisition common stock of GCI and GCI’s officers are the former officers of WCS, making the transaction a reverse acquisition.

GROW CONDOS, INC. AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

As of the consummation of the transaction on June 30, 2014, the financial statements of WCS are consolidated with the financial statements of GCI under the name of GCI but the financial statements are the continuation of WCS with the adjustment to reflect the legal capital of GCI. The assets and liabilities of WCS are measured at their pre-combination carrying amounts and the assets and liabilities of GCI are accounted for at fair value as required under the purchase method of accounting under a reverse acquisition. The results of operations of GCI (formerly Fanatic Fans, Inc. f/k/a Calibrus, Inc.) are included in the consolidated financial statements from the closing date of the acquisition. Since WCS commenced operations in October 2013 and the accompanying condensed consolidated financial statements included the results of operations for GCI since June 30, 2014, the condensed consolidated statements of operations and cash flows for the three months ended September 30, 2013 are not provided as they contain no information.

Basis of Presentation:

The accompanying condensed consolidated financial statements have been prepared by the Company in accordance with accounting principles generally accepted in the United States ("GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC").

Consolidation:

These condensed consolidated financial statements include the accounts of Grow Condos, Inc., and its wholly-owned subsidiary, WCS. All significant intercompany accounting transactions have been eliminated as a result of consolidation.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. We believe that it is at least reasonably possible that the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events and the effect of the change would be material to the financial statements. Significant estimates include, but are not limited to, the estimate of the allowance for doubtful accounts, equity compensation, allocation of purchase price for acquired assets, and depreciable lives of long lived assets.

Fair Value of Financial Instruments:

The estimated fair values for financial instruments are determined at discrete points in time based on relevant market information. These estimates involve uncertainties and cannot be determined with precision. The carrying amounts of accounts payable, accrued liabilities, mortgages payable and short term advances approximate fair value given their short term nature or effective interest rates, which represent level 3 inputs.

Earnings per Share:

Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding for the period and contains no dilutive securities. Diluted earnings per share

reflect the potential dilution of securities that could share in the earnings of an entity. For the period ended September 30, 2014, all potentially dilutive securities are anti-dilutive due to the Company's losses from operations.

- 7 -

GROW CONDOS, INC. AND SUBSIDIARY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

All dilutive common stock equivalents are reflected in our earnings (loss) per share calculations. Anti-dilutive common stock equivalents are not included in our earnings (loss) per share calculations. As of September 30, 2014 the Company had outstanding options to purchase 1,010,000 shares of common stock at a per share weighted average exercise price of \$0.63 which were not included in the earnings per share calculation as they were anti-dilutive. As of September 30, 2014 the Company had outstanding warrants to purchase 896,280 shares of common stock at a per share weighted average exercise price of \$.35 which were not included in the earnings per share calculation as they were anti-dilutive.

Income Taxes:

The Company estimates the annual tax rate based on projected taxable income for the full year and records a quarterly income tax provision in accordance with the anticipated annual rate. As the year progresses, we refine the estimates of the year's taxable income as new information becomes available, including year-to-date financial results. This continual estimation process can result in a change to the expected effective tax rate for the year. When this occurs, the Company adjusts the income tax provision during the quarter in which the change in estimate occurs so that the year-to-date provision reflects the expected annual tax rate. Significant judgment may be required in determining the Company's effective tax rate and in evaluating our tax positions.

The effective income tax rate of 0% for the three months ended September 30, 2014 differed from the statutory rate, due primarily to the full reserve of net operating losses incurred by the Company in past and/or respective periods. For the three month period ended September 30, 2014 a tax benefit of approximately \$20,000 would have been generated. However, all benefits have been fully offset through an allowance account due to the uncertainty of the utilization of the net operating losses. As of September 30, 2014 the Company had net operating losses of approximately \$7,565,000 resulting in a deferred tax asset of approximately \$2,572,000. The Company has established a valuation allowance in the full amount of the deferred tax asset due to the uncertainty of the utilization of operating losses in future periods. Internal Revenue Code Section 382 limits the ability to utilize net operating losses if a 50% change in ownership occurs over a three year period. Given the acquisition of WCS, such limitation of the net operating losses may have occurred, which the Company has not fully analyzed at this time as the deferred tax asset is fully reserved.

Going Concern:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. In their report dated October 14, 2014, our independent registered public accounting firm included an emphasis-of-matter paragraph with respect to our financial statements for the period from date of inception (September 9, 2013) to June 30, 2014 concerning the Company's assumption that we will continue as a going concern. The Company operates within an industry that is illegal under federal law, has yet to achieve profitable operations, has a significant accumulated deficit and is dependent on our ability to raise capital from stockholders or other sources to sustain operations and ultimately achieve viable profitable operations. As reported in these condensed consolidated financial statements, the Company has not yet achieved profitable operations and has an accumulated deficit of \$11,250,892, which we have determined raises substantial doubt about the Company's ability to continue as a going concern.

Further, marijuana remains illegal under federal law as a schedule-I controlled substance, even in those jurisdictions in which the use of medical or recreational marijuana has been legalized at the state level. A change in the federal

attitude towards enforcement could cripple the industry. The medical and recreational marijuana industry is our primary target market, and if this industry was unable to operate, we would be subject to all potential remedies under federal law and lose the majority of our potential clients, which would have a negative impact on our business, operations and financial condition.

The ability of the Company to continue as a going concern is dependent on our ability to raise adequate capital to fund operating losses until we are able to engage in profitable business operations and the continuation of the current regulatory and enforcement environment. To the extent financing is not available, the Company may not be able to, or may be delayed in, developing our services and meeting our obligations.

- 8 -

GROW CONDOS, INC. AND SUBSIDIARY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Management's plans to address these matters include maintaining an awareness of the current regulatory and enforcement environment, controlling costs, evaluating our projected expenditures relative to our available cash and evaluating additional means of financing in order to satisfy our working capital and other cash requirements. The accompanying condensed consolidated financial statements do not reflect any adjustments that might result from the outcome of these uncertainties.

2. Warrants

During the three months ended September 30, 2014, the Company extended the expiration date of a total of 287,500 warrants that originally expired on various dates during the quarter. The expiration date of the warrants was modified to extend through October 31, 2014 and no expense was recorded as the value of the warrants as modified was less than the value of the warrants prior to modification. All terms other than the expiration date remained unchanged.

During the quarter ended September 30, 2014, the Company issued 125,922 shares of its common stock through the exercise of stock purchase warrants for total proceeds of \$40,924.

3. Related Party Transactions

The Chief Financial Officer, who is a sibling of the Chief Executive Officer, provided services and the use of her facilities to the Company at no costs to the Company since our inception.

Our CEO, through an entity that he controls, has entered into a lease for 7,500 square feet of space in our facility. The lease term begins once tenant improvements are completed and the premises are occupied, and continues for a period of 36 months. The lease agreement requires no rental payments for the first 12 months of the lease and rental payments of \$54,000 per year for the second and third year of the lease. The lease term has not begun as of September 30, 2014 and no revenue associated with this lease has been recorded in the accompanying financial statements.

4. Subsequent Events

Subsequent to September 30, 2014, the Company issued 38,366 shares of its common stock related to the exercise of common stock purchase warrants. Gross proceeds from the exercises were \$12,469.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following is management's discussion and analysis of certain significant factors affecting the Company's financial position and operating results during the periods included in the accompanying condensed consolidated financial statements. Except for the historical information contained herein, the matters set forth in this discussion are forward-looking statements.

Overview

On June 30, 2014, GCI entered into a definitive agreement (the "Agreement") with the members of WCS for the acquisition of all of the outstanding membership interests of WCS in exchange for 20,410,000 restricted shares of GCI's common stock. The shares were issued to a total of three persons pursuant to the exemption from registration set forth in Section 4(2) of the Securities Act of 1933. In connection with the Agreement, one member of WCS gained control of GCI by virtue of his stock ownership in the Company received in the acquisition. This member acquired 18,369,000 shares of GCI common stock on June 30, 2014, in exchange for his ownership share of WCS. The shares received under the Agreement gave this member effective control of GCI by virtue of holding approximately 44% of GCI's voting stock. In addition, on June 30, 2014, the GCI CEO, President and CFO resigned and the WCS officers were appointed to fill these position by the board of directors of GCI. In total, the WCS members hold 51.67% of the post-acquisition common stock of GCI and GCI's officers are the former officers of WCS, making the transaction a reverse acquisition.

Our wholly-owned subsidiary, WCS Enterprises, LLC ("WCS") is an Oregon limited liability company which was formed on September 9, 2013, began operations in October 2014, and was acquired by us in June 2014 in exchange for shares of our common stock. The acquisition of WCS resulted in a change of control of the Company and at or shortly after the closing of such acquisition, the persons designated by WCS became the officers and directors of the Company. As a result of our acquisition of WCS in June 2014, we became engaged in the real estate purchaser, developer and manager of specific use industrial properties business and continue to develop and operate our social networking projects.

Through WCS, we are a real estate purchaser, developer and manager of specific use industrial properties providing "Condo" style turn-key grow facilities to support cannabis growers in the United States cannabis industry. We intend to own, lease, sell and manage multi-tenant properties so as to reduce the risk of ownership and reduce costs to the tenants and owners. We will offer tenants the option to lease, lease to purchase or buy their condo warehouse space that is divided into comparable 1,500- 2,500 square foot condominium units. Each Condo unit will be uniquely designed and have all necessary resources as an optimum stand-alone grow facility. We believe that Cannabis farmers will pay an above market rate to lease or buy our condo grow facility. We will purchase and develop buildings that are divisible into separate units to attract multiple farmers and reduce the risk of single tenant leases. In addition to our "Condo" turn-key growing facilities, we intend to provide marijuana grow consulting services and equipment and supplies as part of our turn-key offerings. We are aggressively looking for our next property in the western area of the United States where medical cannabis has been legalized and where recreational cannabis has been or is in the process of legalization. The Company is not directly involved in the growing, distribution or sale of Cannabis.

At the present time the Company, which includes WCS, has fixed monthly operating costs of approximately \$10,500. The monthly fixed operating expenses are comprised of \$6,829 in monthly mortgage payments on our building, \$665 for building security, \$2,500 per month for the salary of our CEO, approximately \$500 in utilities and approximately \$842 in property taxes. Accordingly, expenses associated with maintaining the building are \$8,000 per month. The Company also has variable expenses relating to the development of its business plan and the payment of professional fees to be a reporting company. The amount and extent of the variable expenses over the next 12 months are unknown at this time.

The Company has fixed monthly income from rents and option payments of approximately \$5,000 per month which are paid to the Company by the tenants in our building. It is projected that when the building is fully leased and all tenants are paying monthly lease payments assuming current market rates, monthly revenue will total \$8,300 which will make the building self-sustaining since current expenses total \$8,000 per month.

- 10 -

The Company is in the process of seeking additional properties to purchase after the model of our current building. However, it is the desire of management to purchase new properties outright with funds obtained by selling equity in the Company. If the Company is successful in raising working capital in this manner, it follows that new properties will eventually present the Company with positive cash flow.

Results of Operations

The following table sets forth certain items derived from our Condensed Statements of Operations for the period indicated:

	September 30, 2014 (Unaudited)
Revenue	\$8,850
Operating Expenses	57,416
Loss from operations	(48,566)
Interest Expense	(13,137)
Net Loss	\$(61,703)

Comparative financial data for three month period ended September 30, 2014 is not included in this report because no financial activity commenced until October 2013.

Revenue – The Company generated \$8,850 in revenue for the three months ended September 30, 2014. All revenue was derived through our subsidiary and was comprised of monthly rental income from tenants.

Operating Expenses – Operating expenses for the three months ended September 30, 2014 totaled \$57,415. The majority of our operating expenses were comprised of wages, professional fees, rent and travel expense.

Interest Expense – Interest expense for the three months ended September 30, 2014 totaled \$13,137. All interest expense for the quarter was related to the mortgages on the Company’s rental property.

Liquidity and Capital Resource; Going Concern

At September 30, 2014, the Company had cash on hand of \$78,616. This is sufficient to sustain the day to day operations of the Company for approximately 90 days. It is not likely that operating revenues will increase in the near future to a sufficient extent to cover the operating expenses of the Company. Therefore, it will be necessary to obtain additional capital from the sale of equity or debt securities to continue operations beyond 90 days.

During the three months ended September 30, 2014 the Company received gross proceeds of \$40,924 from the exercise of outstanding common stock purchase warrants. Subsequent to September 30, 2014, the Company has received additional proceeds of \$12,469 from the exercise of common stock purchase warrants.

Buildings the Company is seeking to purchase and retrofit for use by the Company are expecting to cost approximately \$1,000,000 each after improvements. The Company hopes to acquire four such properties during the coming 12 months. To do so, the Company will need to raise \$4,000,000 through the sale of equity capital which it expects to do through a private placement of its common stock. If successful, the Company projects each building will bring positive net monthly cash flow to the Company of approximately \$7,000 after acquisition and becoming fully leased, and continuing thereafter.

Management believes in the future of the Company and in its ability to grow its business and to raise capital as needed until such time as the business operations of the Company become self-sustaining.

In their report dated October 14, 2014, our independent registered public accounting firm included an emphasis-of-matter paragraph with respect to our financial statements for the period from date of inception (September 9, 2013) to June 30, 2014 concerning the Company's assumption that we will continue as a going concern. Our ability to continue as a going concern is an issue raised as a result of the Company operating with an industry that is illegal under federal law, we have yet to achieve profitable operations, we have a significant accumulated deficit and are dependent on our ability to raise capital from stockholders or other sources to sustain operations and to ultimately achieve viable profitable operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

- 11 -

Forward-Looking Statements

We have made forward-looking statements, within the meaning of Section 21E of the Securities and Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended, in this quarterly report on Form 10-Q, including the section entitled “Management’s Discussion and Analysis of Financial Condition and Results of Operations” that are based on our beliefs and assumptions and on information currently available to us. Forward-looking statements include the information concerning our possible or assumed search for new business opportunities and future costs of operations. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words “believe,” “expect,” “anticipate,” “intend,” “plan,” “estimate” or similar expressions.

Forward-looking statements involve risks, uncertainties and assumptions. Actual results may differ materially from those expressed in the forward-looking statements. You should understand that many important factors could cause our results to differ materially from those expressed in the forward-looking statements. These factors include, without limitation, the difficulty in locating new business opportunities, our regulatory environment, our limited operating history, our ability to implement our growth strategy, our obligations to pay professional fees, and other economic conditions and increases in corporate maintenance and reporting costs. Unless legally required, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Off Balance Sheet Arrangements

None.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not required.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of September 30, 2014, our disclosure controls and procedures were not effective, for the reasons discussed below, to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is (i) recorded, processed, summarized, and reported within the time periods specified in the SEC rules and forms, and (ii) is accumulated and communicated to our management, including our Chief Executive Officer, as appropriate to allow timely decisions regarding required disclosure.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with GAAP.

A material weakness is a deficiency, or combination of deficiencies, that creates a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected in a timely manner. The material weakness related to our company was due to not having the adequate personnel to address the reporting requirements of a public company and to fully analyze and account for our transactions. We do not believe that this material weakness has resulted in deficient financial reporting because we have worked through the reporting

process to review our transactions to assure compliance with professional standards.

- 12 -

Accordingly, while we identified a material weakness in our system of internal control over financial reporting as of September 30, 2014, we believe that we have taken reasonable steps to ascertain that the financial information contained in this report is in accordance with accounting principles generally accepted in the United States.

Changes in Internal Control Over Financial Reporting

In addition, there has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. We will expand our system of internal control as soon as adequate funding becomes available.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.
