3. PRESS RELEASE

The press release was issued on October 18, 2006 and was disseminated through the facilities of recognized newswire services.

4. SUMMARY OF MATERIAL CHANGE

On October 18, 2006, the Company entered into a private placement agreement (the Private Placement Agreement) with Rio Tinto International Holdings Limited (Rio Tinto), a wholly-owned subsidiary of Rio Tinto plc.

Under the terms of the Private Placement Agreement:

- (a) Rio Tinto agreed to acquire,
- (i) 37,089,883 common shares of the Company (representing, upon completion, 9.95% of the Company s outstanding common shares) at a price of US\$8.18 per share (the First Tranche Private Placement) at a closing scheduled to occur on October 27, 2006, and
 - (ii) 46,304,473 common shares of the Company (representing, upon completion, an additional 9.95% of the Company s outstanding common shares) at a price of US\$8.38 per share (the Second Tranche Private Placement) at a closing to occur after the Company enters into an investment agreement with the Government of Mongolia in respect of the Company s Oyu Tolgoi copper and gold mining project (the OT Project) in Mongolia s South Gobi region that is mutually acceptable to the Company and Rio Tinto (an Approved OT Investment Contract) (provided the agreement is entered into within three years) or such earlier date as Rio Tinto may elect;
- (b) the Company agreed to issue to Rio Tinto, as part of the First Tranche Private Placement, 46,026,522 non-transferable common share purchase warrants (the Series A Warrants) and 46,026,522 non-transferable common share purchase warrants (the Series B Warrants). Each Series A Warrant will entitle the holder to purchase one common share of the Company at a price between US\$8.38 and US\$8.54 for a period (not exceeding four years) ending one year after the Company enters into an Approved
-

- 2 -

- OT Investment Contract. Each Series B Warrant will entitle the holder to purchase one common share of the Company at a price between US\$8.38 and US\$9.02 for a period (not exceeding five years) ending two years after the Company enters into an Approved OT Investment Contract. The exercise of the Series A Warrants and the Series B Warrants will be subject to the prior approval of the Company's shareholders;
- (c) Rio Tinto has the right to acquire additional securities and participate in future financings by the Company, so as to maintain its proportional equity interest in the Company;
 - (d) during the first five years, Rio Tinto and its affiliates (collectively, the Rio Tinto Group) may not, except with the approval of the Company's board of directors:
 - (i) directly or indirectly, acquire or hold more than 40% of the Company's outstanding common shares;
 - (ii) make a take-over bid for the Company's outstanding common shares; or
 - (iii) make any solicitation of proxies to vote any of the Company's outstanding common shares.Notwithstanding the foregoing, if a take-over bid is made for the Company's outstanding common shares or the Company publicly announces that its board of directors has approved an agreement which contemplates a change of control of the Company, the Rio Tinto Group will be released from this restriction for the purpose of giving the Rio Tinto Group an opportunity to make a competing take-over bid or to propose to the Company an alternative change of control transaction. Rio Tinto will be similarly released from the 40% aggregate shareholding restriction where it acquires common shares from Robert M. Friedland (Friedland) pursuant to the right of first refusal granted to it under a shareholders' agreement dated October 18, 2006 (the Shareholders Agreement) between Rio Tinto and Friedland if such common shares would otherwise have been sold to any party other than an institutional investor who meets certain prescribed criteria under the Private Placement Agreement;
 - (e) during the first year, Rio Tinto may not sell any common shares of the Company except to an affiliate or with the approval of the Company's board of directors. Notwithstanding the foregoing, Rio Tinto may sell its common shares of the Company pursuant to a take-over bid or a transaction involving a change of control of the Company;
 - (f) after the first year but before the fifth year, if Rio Tinto proposes to sell more than 5% of the Company's outstanding common shares to any person other than an affiliate or an institutional investor who meets certain prescribed criteria under the Private Placement Agreement and not pursuant to a take-over bid or a transaction involving a change of control of the Company, the Company will have the right, for a period of 60 days, to place such common shares with a third party. Rio Tinto and the Company have agreed to enter into a registration rights agreement pursuant to which the Company will agree
-

- 3 -

to provide Rio Tinto with registration rights in respect of the common shares of the Company held by Rio Tinto from time to time;

- (g) Rio Tinto has the right to nominate directors to the Company's board of directors in proportion to its shareholdings of the Company. If Rio Tinto is entitled to nominate more than one director, half of such nominees must be independent directors as defined under applicable securities laws. Rio Tinto also has the right to nominate one financially literate, independent director to the audit committee of the Company;
- (h) the Company has agreed to use at least 90% of the proceeds received from the private placement to finance the development of the OT Project;
- (i) subject to the Rio Tinto Group maintaining a minimum shareholding in the Company, the Company has granted to Rio Tinto a right of first refusal in respect of any proposed disposition of an interest in the OT Project;
- (j) Rio Tinto has the right to participate in the negotiations with the Government of Mongolia for an Approved OT Investment Contract;
- (k) subject to the Rio Tinto Group maintaining a minimum shareholding in the Company, a technical committee will jointly development, operate and manage the OT Project. The technical committee will consist of two members from the Company, two members from Rio Tinto and a fifth member who will act as committee chairman and senior manager of the OT Project. A Company nominee will serve as technical committee chairman and senior manager for the first five years. During this period, unanimous consent of all technical committee members will be required for certain material decisions, including acquisitions and commitments exceeding US\$100 million and material amendments to the long-term OT Project mine plan. After five years, subject to the Rio Tinto Group maintaining a minimum shareholding in the Company, Rio Tinto will have the right to appoint the subsequent chairman and senior manager;
- (l) Rio Tinto and the Company have agreed to negotiate in good faith to agree upon one or more technical services agreements pursuant to which Rio Tinto will make available, at cost during the first five years, its engineering, mining and metallurgical staff to assist the Company in the mine planning, engineering, design and construction of the OT Project; and
- (m) the Company has agreed to divest its joint venture interest in the Monywa Copper project in Myanmar (the Myanmar Assets) by February 1, 2007, failing which, Rio Tinto has the right to cause the Company to put the Myanmar Assets to an unrelated trust whose sole purpose will be to sell the Myanmar Assets. Rio Tinto and the Company have acknowledged that the divestiture by the Company of its other non-core assets is also a key objective that the parties intend the Company to pursue.

Following the completion of the First Tranche Private Placement and the Second Tranche Private Placement, Rio Tinto will beneficially own 83,394,356 common shares of the Company (representing, upon completion, 19.9% of the Company's outstanding common shares) and 92,053,044 Series A Warrants and Series B Warrants exercisable (subject to the prior approval

- 4 -

of the Company's shareholders) to acquire an additional 92,053,044 common shares of the Company. If the Series A Warrants and Series B Warrants were to be fully exercised, Rio Tinto would beneficially own approximately 34.33% of the Company's outstanding common shares (or 33.35% on a fully diluted basis).

On October 18, 2006, Rio Tinto and Friedland, the largest shareholder of the Company, entered into the Shareholders' Agreement pursuant to which Friedland has agreed to vote in favour of all shareholder resolutions envisaged by the Private Placement Agreement, including a resolution authorizing the exercise of the Series A Warrants and Series B Warrants, and has granted to Rio Tinto, for a period of five years, a right of first refusal over, and/or rights of placement with third parties in relation to, the sale by him or any of his affiliates of any common shares of the Company to any person, subject to certain exceptions including sales to permitted transferees or pursuant to a take-over bid or a transaction involving a change of control of the Company.

5. FULL DESCRIPTION OF MATERIAL CHANGE

On October 18, 2006, the Company and Rio Tinto entered into the Private Placement Agreement and Friedland and Rio Tinto entered into the Shareholders' Agreement.

Private Placement Agreement

The material terms and conditions of the Private Placement Agreement are described below.

First Tranche Private Placement

Pursuant to the First Tranche Private Placement, Rio Tinto will subscribe for and purchase from the Company, and the Company will issue and sell to Rio Tinto, 37,089,883 common shares of the Company (the "First Tranche Private Placement Shares") at an issue price per First Tranche Private Placement Share of U.S.\$8.18 for an aggregate subscription price of U.S.\$303.4 million in cash.

In conjunction with, and immediately after, the issue of the First Tranche Private Placement Shares, Rio Tinto will subscribe for and purchase from Ivanhoe, and Ivanhoe will issue and sell to Rio Tinto:

- (a) Series A Warrants exercisable, subject to the prior approval of the Company's shareholders, to purchase an additional 46,026,522 common shares of the Company; and
- (b) Series B Warrants exercisable, subject to the prior approval of the Company's shareholders, to purchase an additional 46,026,522 common shares of the Company;

for an aggregate subscription price of U.S.\$1,000.00 in cash.

The closing of the First Tranche Private Placement will occur on the fifth business day following receipt of the approval of the Toronto Stock Exchange and, to the extent required, the New York Stock Exchange and the NASDAQ Stock Market. Such approval was received on

- 5 -

October 20, 2006 and, accordingly, the closing of the First Tranche Private Placement is scheduled to occur on October 27, 2006.

Second Tranche Private Placement

Pursuant to the Second Tranche Private Placement, Rio Tinto will subscribe for and purchase from Ivanhoe, and Ivanhoe will issue and sell to Rio Tinto, 46,304,473 additional common shares of the Company (the Basic Second Tranche Private Placement Shares) at an issue price per Basic Second Tranche Private Placement Share of U.S.\$8.38 for an aggregate subscription price of approximately U.S.\$388 million in cash.

If, upon issuance, the Basic Second Tranche Private Placement Shares would represent less than 9.95% of the then issued and outstanding common shares of the Company, Rio Tinto will have the option, exercisable prior to the closing of the Second Tranche Private Placement, to purchase such additional number of common shares of the Company (the Top Up Shares) as would, when aggregated with the Basic Second Tranche Private Placement Shares, represent 9.95% of the then issued and outstanding common shares of the Company. The subscription price per Top Up Share will be the lesser of U.S.\$8.38 and, if Rio Tinto has fully exercised its pre-emptive rights, the closing market price of the Company's common shares on the Toronto Stock Exchange on the date that Rio Tinto gives notice of its intention to purchase Top Up Shares.

Rio Tinto's obligation to complete the Second Tranche Private Placement is subject to the shareholders of the Company having approved Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants. See Series A Warrants and Series B Warrants below.

Rio Tinto's obligation to complete the Second Tranche Private Placement is also subject to the Company, or a subsidiary of the Company, having entered into an Approved OT Investment Contract on or before the third anniversary of the closing date of the First Tranche Private Placement. For the purposes of the Private Placement Agreement, an Approved OT Investment Contract is a legally binding and unconditional investment agreement with the Government of Mongolia under applicable Mongolian law that:

- (a) includes terms granting legal, administrative and tax stability to the stakeholders of the OT Project for a certain period of time and guaranteeing that the legal, administrative and/or tax framework in force in Mongolia when the investment contract is entered into will remain unmodified for the term of the investment contract notwithstanding any modification, either introduced by law or regulations, enacted after the execution of the investment contract;
 - (b) has, to the extent required by applicable Mongolian law, been approved, ratified, consented to or otherwise authorised by all relevant Mongolian governmental authorities;
 - (c) has been approved by the Company's board of directors; and
 - (d) is mutually acceptable to Company and Rio Tinto, acting reasonably.
-

- 6 -

Rio Tinto may, by notice given before the third anniversary of the closing date of the First Tranche Private Placement, elect to complete the Second Tranche Private Placement in the absence of an Approved OT Investment Contract.

The closing of the Second Tranche Private Placement will occur on the earlier of:

- (a) the twentieth business day following the date on which the Company, or a subsidiary of the Company, enters into an Approved OT Investment Contract; and
- (b) the tenth business day after Rio Tinto notifies the Company of its election to complete the Second Tranche Private Placement in the absence of an Approved OT Investment Contract.

Series A Warrants and Series B Warrants

Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants is subject to the prior approval of the Company's shareholders (Shareholder Approval) pursuant to a resolution passed by a majority of the votes cast by holders of the Company's common shares (excluding any votes cast by members of the Rio Tinto Group) present, in person or by proxy, at a special meeting of the Company's shareholders to be held on November 30, 2006. If Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants is not so approved, the Series A Warrants and the Series B Warrants will, by their terms, immediately terminate.

If Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants receives Shareholder Approval at the special meeting of the Company's shareholders to be held on November 30, 2006, the Series A Warrants will be exercisable by Rio Tinto at any time thereafter until the 365th day following the date (the Warrant Determination Date) which is the earlier of:

- (a) the date upon which the Company, or a subsidiary of the Company, enters into an Approved OT Investment Contract; and

- (b) the third anniversary of the closing of the First Tranche Private Placement; and the Series B Warrants will be exercisable by Rio Tinto at any time after the date of Shareholder Approval until the 725th day following the Warrant Determination Date.

After the date of Shareholder Approval, each Series A Warrant will, subject to adjustment in accordance with its terms, be exercisable to purchase one (1) common share of the Company at a price of:

- (a) U.S.\$8.38 until the 180th day following the Warrant Determination Date; and

- (b) U.S.\$8.54 after the 180th day until 365th day following the Warrant Determination Date.

After the date of Shareholder Approval, each Series B Warrant will, subject to adjustment in accordance with its terms, be exercisable to purchase one (1) common share of the Company at a price of:

- 7 -

- (a) U.S.\$8.38 until the 180th day following the Warrant Determination Date;
- (b) U.S.\$8.54 after the 180th day until 365th day following the Warrant Determination Date;
- (c) U.S.\$8.88 after the 365th day until the 545th day following the Warrant Determination Date; and
- (d) U.S.\$9.02 after the 545th day until the 725th day following the Warrant Determination Date.

The Series A Warrants and the Series B Warrants are non-transferable by Rio Tinto except to other members of the Rio Tinto Group.

If all of the Series A Warrants and Series B Warrants were to be exercised, the Company would receive proceeds of between U.S.\$771 million and U.S.\$808 million, depending upon the timing of the exercise of such warrants, and Rio Tinto would own approximately 33.35% of the Company's issued and outstanding common shares, assuming completion of the Second Tranche Private Placement.

Use of Proceeds

The Company has agreed to use at least 90% of the proceeds received from the issuance to Rio Tinto of all common shares of the Company issued, or to be issued, pursuant to the terms of the Private Placement Agreement to finance the development of the OT Project.

Registration Rights

At the closing of the First Tranche Private Placement, the Company and Rio Tinto will enter into a registration rights agreement (the Registration Rights Agreement) pursuant to which the Company will agree to provide Rio Tinto with registration rights in respect of the common shares of the Company held by Rio Tinto from time to time.

At any time after the first anniversary of the closing of the First Tranche Private Placement, the Company will, at Rio Tinto's written request, file a registration statement with the United States Securities and Exchange Commission pursuant to the *United States Securities Act of 1933*, as amended (the U.S. Securities Act) relating to all of the common shares of the Company in respect of which Rio Tinto has requested such registration (a Demand Registration). Rio Tinto is entitled to request up to five Demand Registrations provided that:

- (a) the aggregate sales price of any common shares of the Company to be registered pursuant to a Demand Registration must be equal to or greater than U.S.\$35 million;
 - (b) no more than two Demand Registrations may be requested in any twelve month period; and
 - (c) no request for a Demand Registration may be made within 90 days of the date of effectiveness of any other registration statement filed by the Company pursuant to the Registration Rights Agreement.
-

- 8 -

If, at any time, the Company files a registration statement under the U.S. Securities Act, Rio Tinto, will be entitled, subject to certain exceptions, to exercise piggyback registration rights requiring the Company to include in any such registration that number of common shares of the Company held by Rio Tinto as Rio Tinto may request, subject only to certain prescribed limitations provided in the Registration Rights Agreement.

The Company may, on a limited number of occasions, and in certain prescribed circumstances, delay the filing or effectiveness of any registration statement required to be filed pursuant to the Registration Rights Agreement.

Board of Directors

Rio Tinto will be entitled (but not obliged) to nominate a number of qualified individuals for appointment or election, from time to time, to the board of directors of the Company, that is proportionate to the percentage of issued and outstanding common shares of the Company held by the Rio Tinto Group from time to time. Where the number of directors that Rio Tinto is entitled to nominate is not a whole number, such number will be rounded up to the nearest whole number if such number ends with a figure of .5 or greater or rounded down to the nearest whole number if such number ends with a figure less than .5. If at any time Rio Tinto is entitled to nominate more than one director, then not less than one half of such nominees must qualify as independent under applicable securities laws. Rio Tinto will always be entitled to nominate as one of its representatives on the Company's board of directors an individual who does not necessarily qualify as independent. At all times, the board of directors of the Company will consist of at least ten directors.

Rio Tinto is also entitled to nominate one financially literate and independent director to the Company's audit committee.

Pre-emptive Rights

Except in the limited circumstances described below, if the Company proposes, or is required, to issue additional common shares to one or more third parties (a Dilution Event), it will offer to Rio Tinto the option to purchase up to that number of additional common shares that would result in Rio Tinto maintaining the percentage ownership that it held immediately prior to the Dilution Event in all issued and outstanding common shares of the Company at a subscription price (i) where the consideration for the common shares issued pursuant to the Dilution Event is cash, equal to the cash consideration for which the common shares were issued pursuant to the Dilution Event, or (ii) where the consideration for the common shares issued pursuant to the Dilution Event is other than cash, equal to the volume-weighted average trading price of a common share during the ten trading days immediately preceding the date of the public announcement of the Dilution Event or the date upon which the common shares were issued pursuant to the Dilution Event, whichever is earlier.

Rio Tinto's pre-emptive rights will be exercisable quarterly except where a Dilution Event would result in the aggregate percentage interest of the Rio Tinto Group in the total number of issued and outstanding common shares being reduced by more than 1% or where the Dilution Event is publicly announced or completed on or after the public announcement, but before the completion, of a transaction resulting in a person or group of persons acquiring beneficial

- 9 -

ownership of more than fifty percent of the total number of issued and outstanding common shares of the Company (a Company Control Transaction).

If, before the Series A Warrants and the Series B Warrants are fully exercised or expire, Rio Tinto exercises its right to purchase all or part of the common shares to which it is entitled in respect of its pre-emptive rights under the Private Placement Agreement, Rio Tinto will also be entitled to receive, for no additional consideration, anti-dilution warrants from the Company that would result in Rio Tinto having the right to acquire, pursuant to the exercise of all outstanding Series A Warrants, Series B Warrants and anti-dilution warrants, a number of common shares that, upon issuance, would represent the same percentage of the outstanding common shares of the Company that Rio Tinto would have owned if all of the then outstanding Series A Warrants, Series B Warrants and anti-dilution warrants had been fully exercised before the Dilution Event. Each anti-dilution warrant will entitle Rio Tinto to purchase one common share of the Company at a price equal to the issue price of the common shares issued pursuant to the Dilution Event.

Rio Tinto's pre-emptive rights do not apply to:

- (a) equity incentive securities or equity compensation securities in favour of directors, officers or service providers of the Company pursuant to an equity incentive plan adopted by the Company and approved by its shareholders;
- (b) the exercise of any convertible securities of the Company outstanding as of the date of the Private Placement Agreement; or
- (c) any issuance of securities made to all holders of common shares of the Company on a pro rata basis.

Restrictions on Share Acquisitions and Dispositions

Rio Tinto has agreed that it will not, for a period of one year following the closing of the First Tranche Private Placement, dispose of any of its common shares of the Company, except where such disposition is made with the consent of the Company, pursuant to a Company Control Transaction or to a member of the Rio Tinto Group. Thereafter, until the fifth anniversary of the date of the Private Placement Agreement, if Rio Tinto intends to dispose of common shares of the Company representing 5% or more of the total number of common shares then issued and outstanding to any person other than a member of the Rio Tinto Group or an institutional investor that meets certain prescribed criteria under the Private Placement Agreement, the Company will have the right, for a period of not less than sixty days, to arrange for the sale of such common shares to a third party selected by the Company and acceptable to Rio Tinto, acting reasonably, on the same terms upon which Rio Tinto intended to dispose of such common shares, failing which Rio Tinto may dispose of such common shares.

Rio Tinto has also agreed that, until the fifth anniversary of the date of the Private Placement Agreement, Rio Tinto and its affiliates will not, without the prior written consent of the Company:

- 10 -

- (a) except as specifically contemplated or permitted by the terms of the Private Placement Agreement, engage in any Specified Activity (as defined below);
- (b) acquire more than 6.65% of the issued and outstanding common shares of the Company before fully exercising the Series A Warrants and the Series B Warrants (other than as provided in the Private Placement Agreement); or
- (c) after having fully exercised all of the Series A Warrants and the Series B Warrants, acquire additional common shares that would result in Rio Tinto and its affiliates holding in excess of 40% of the Company's then issued and outstanding common shares.

A Specified Activity means an action by a member of the Rio Tinto Group to (i) make a takeover bid or a tender offer or participate as a bidder in any takeover bid or tender offer for any or all issued and outstanding common shares or convertible securities of the Company; (ii) otherwise acquire any common shares or convertible securities or any rights or options to acquire any common shares or convertible securities of the Company; (iii) propose any merger, statutory arrangement or business combination between Company and a member of the Rio Tinto Group; (iv) make any solicitation of proxies to vote any common shares of the Company; or (v) form, join or in any way participate in a group within the meaning of Section 13d-3 of the *United States Securities Exchange Act of 1934*, as amended, with respect to any of the foregoing.

The foregoing restrictions will not apply to any share acquisition made pursuant to the exercise by Rio Tinto of its right of first refusal under the Shareholders' Agreement to purchase any common shares of the Company that Friedland elects to sell to any third party other than an institutional investor who meets certain prescribed criteria under the Private Placement Agreement.

If, at any time, a person or persons jointly or in concert (other than a member of the Rio Tinto Group or a person that is not at arm's length to the Rio Tinto Group), publicly announces its intention to commence a Company Control Transaction, or the Company publicly announces that its board of directors has approved an agreement which contemplates a Company Control Transaction, the Rio Tinto Group will be immediately released from the foregoing restrictions but only for the limited purpose of giving the Rio Tinto Group a reasonable opportunity to propose to the Company and/or commence an alternative Company Control Transaction.

OT Project Right of First Refusal

Rio Tinto has been granted a right of first refusal in respect of the Company's interests in the OT Project that is exercisable for a period of sixty days, subject to certain limited exceptions, if the Company intends to dispose of any interest in the OT Project. In respect of any such proposed disposition, the Company must first offer such interest to Rio Tinto at an equivalent price and on equivalent terms and conditions to those available to the third party to whom such proposed disposition is to be made and from whom the Company has received an offer on bona fide arm's length terms. Rio Tinto's right of first refusal is inoperative unless, at the time the Company proposes to make any such disposition, the Rio Tinto Group owns a number of

common shares of the Company at least equal to the number of First Tranche Private Placement Shares and Basic Second Tranche Private Placement Shares.

If the Company proposes to dispose of any interest in the OT Project in respect of which Rio Tinto would be entitled to exercise its right of first refusal but for the fact that the Rio Tinto Group then owns an insufficient number of common shares of the Company, Rio Tinto will nonetheless be entitled to exercise its right of first refusal if it commits to acquire a number of additional common shares of the Company such that it would meet the minimum threshold necessary in order for the right of first refusal to become operative.

The Private Placement Agreement also provides that Ivanhoe and Rio Tinto will consult with one another regarding further opportunities for the Rio Tinto Group to participate in the OT Project.

Technical Committee

Rio Tinto and the Company have agreed to establish a technical committee (the Technical Committee) to manage all aspects of the engineering, construction, development and operation of the OT Project. The Company and Rio Tinto will, through the Technical Committee, cooperatively oversee and supervise all operations in respect of the OT Project. All material activities and operations in respect of the OT Project must be approved by the Technical Committee before they can be undertaken.

The Technical Committee will consist of two members from the Company, two members from Rio Tinto and a fifth member who will act as the chairman of the Technical Committee and as the senior manager of the OT Project. The chairman of the Technical Committee will be an individual reasonably acceptable to both the Company and Rio Tinto. The Company has the right to appoint the chairman of the Technical Committee during the first five years following the closing of the First Tranche Private Placement. The Company's President and Chief Executive Officer, John Macken, will serve as the first chairman of the Technical Committee and senior manager of the OT Project. After five years, Rio Tinto will have the right to appoint the chairman of the Technical Committee and senior manager of the OT Project.

Rio Tinto's right to appoint members and be represented on the Technical Committee will terminate if, at any time during the period from the closing of the First Tranche Private Placement until the earlier of (i) the closing of the Second Tranche Private Placement, and (ii) the third anniversary of the closing of the First Tranche Private Placement, the Rio Tinto Group beneficially owns, in the aggregate, a number of common shares that is less than the number of First Tranche Private Placement Shares. Thereafter, Rio Tinto's right to appoint members and be represented on the Technical Committee will terminate if, at any time, the Rio Tinto Group beneficially owns, in the aggregate, a number of common shares that is less than the aggregate number of First Tranche Private Placement Shares and Basic Second Tranche Private Placement Shares.

Any decision of the Technical Committee in respect of which a consensus cannot be reached among its members will be subject to a vote in respect of which each of the five members of the Technical Committee will have one vote.

- 12 -

During the five year period following the closing of the First Tranche Private Placement, the unanimous consent of all Technical Committee members will be required for matters involving (i) asset acquisitions or contractual commitments requiring expenditures exceeding U.S.\$100 million, (ii) acquisitions of land or mineralization within the geographical areas comprising the OT Project requiring expenditures exceeding U.S.\$10 million, or (iii) any material amendments to the existing OT Project mine plan or the adoption of any new, long-term mine plan.

Technical Assistance

For as long as Rio Tinto is represented on the Technical Committee, Ivanhoe may request Rio Tinto's assistance with certain matters pertaining to the development and operation of the OT Project including engineering, mine planning and design, metallurgical and process design, procurement of plant and equipment and environmental planning and management. Rio Tinto will provide such services subject to the parties negotiating mutually acceptable agreements. During the five year period following the closing of the First Tranche Private Placement, these services will be provided to the Company at Rio Tinto's out-of-pocket cost and, thereafter, at a cost no less favourable than that charged by any Rio Tinto Group member to any other Rio Tinto Group member.

OT Investment Contract Negotiations

The Company has agreed to keep Rio Tinto fully informed from time to time of the status of the negotiations with the Government of Mongolia for an Approved OT Investment Contract. Rio Tinto, acting reasonably, will have the right to consult with the Company from time to time with respect to all aspects of such negotiations and will be entitled to appoint at least two individuals acceptable to the Company, acting reasonably, to the group of Company representatives participating in such negotiations.

Divestiture of Non-Core Assets

The Company has agreed to dispose of the Myanmar Assets by no later than February 1, 2007. If such disposition does not occur by that date, Rio Tinto has the right to cause the Company to transfer all of the Myanmar Assets to a trust of which none of the Company, Rio Tinto, Friedland, their respective affiliates, any person related to any of them or any person that is a resident of Myanmar or controlled by a resident of Myanmar are trustees or beneficiaries. In consideration for such transfer, the Company would receive a promissory note issued by the trust in an amount not less than U.S.\$ 40 million plus 50% of the cash receivable from the Myanmar Assets at the time of their sale. The Company would be entitled to additional compensation from any future sale of the Myanmar Assets by the trust in an amount to be determined but not less than 50% of the amount by which such sale proceeds exceed the amount outstanding under the promissory note.

The Company has also agreed to consult with Rio Tinto and to use if best efforts to formulate timetables and strategies for the orderly disposition of all of its non-core assets situated outside of Mongolia.

Shareholders Agreement

Under the terms of the Shareholders Agreement, Friedland has agreed to vote all common shares of the Company held directly or indirectly by him (the Friedland Shares) in favour of Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants and, for a period of five years, in favour of any other matter contemplated by the Private Placement Agreement for which the approval of the Company's shareholders is required.

2.2 Subject to the terms and conditions of this Agreement, the First Tranche Private Placement will be completed and closed on the date (the First Closing Date) which is the fifthth Business Day following Exchange Approval for the issuance of the Equity Investment Securities and any Ivanhoe Shares to be issued pursuant to the exercise the Series A Warrants and the Series B Warrants or such later date as the parties to this Agreement may agree in writing.

Second Tranche Private Placement

2.3 Subject to the terms and conditions of this Agreement, on the Second Closing Date, Rio Tinto will subscribe for and purchase from Ivanhoe, and Ivanhoe will issue and sell to Rio Tinto, (the Basic Second Tranche Private Placement) forty six million, three hundred and four thousand, four hundred and seventy three (46,304,473) Ivanhoe Shares (the Basic Second Tranche Private Placement Shares) at an issue price per Basic Second Tranche Private Placement Share of eight dollars and thirty eight cents (\$8.38) for an aggregate subscription price (the Basic Second Tranche Subscription Price) of three hundred and eighty eight million, thirty one thousand, four hundred and eighty three dollars and seventy four cents (\$388,031,483.74) in cash.

Top Up Option

2.4 For as long as Rio Tinto has the right to complete the Basic Second Tranche Private Placement, Rio Tinto will also have the option (the Top Up Option) exercisable by Notice to Ivanhoe given:

(a) within fifteen (15) Business Days of the Approved OT Investment Contract Date; or

(b) if Rio Tinto gives Notice to Ivanhoe that Rio Tinto is making the election contemplated by Section 2.9, as of the date of the Notice given pursuant to Section 2.9;

to purchase up to that number of additional Ivanhoe Shares, if any (the Top Up Private Placement Shares) which, when aggregated with the Basic Second Tranche Private Placement Shares, represent upon issuance, nine and ninety five-hundredths per cent (9.95%) of the total number of Ivanhoe Shares then issued and outstanding, at an issue price per Top Up Private Placement Share equal to the Top Up Share Price.

Top Up Share Price

2.5 The issue price per Top Up Private Placement Share (the Top Up Share Price) will be:

(a) if, during the period commencing on the First Closing Date and ending on the date that Rio Tinto gives Notice pursuant to Section 2.4, Rio Tinto fully exercises its rights under Part 5 in respect of each issuance of Dilutive Ivanhoe Shares, an amount equal to the lesser of,

(i) eight dollars and thirty eight cents (\$8.38), or

- 16 -

- (ii) the closing market price of Ivanhoe Shares on the TSX on the date of the Notice given by Rio Tinto to Ivanhoe pursuant to Section 2.4; or
 - (b) in all other circumstances, eight dollars and thirty eight cents (\$8.38);
- for an aggregate subscription price (the Top Up Subscription Price) in cash equal to the product obtained by multiplying the total number of Top Up Private Placement Shares which Rio Tinto has by Notice elected to purchase under the Top Up Option by the Top Up Share Price. Subject to the terms and conditions of this Agreement, on the Second Closing Date, Rio Tinto will subscribe for and purchase from Ivanhoe, and Ivanhoe will issue and sell to Rio Tinto, the total number of Top Up Private Placement Shares which Rio Tinto has by Notice elected to purchase under the Top Up Option in accordance with the terms thereof (the Top Up Private Placement).

Adjustments for Corporate Events

2.6 If an Adjustment Event occurs:

- (a) in the case of the First Tranche Private Placement, during the period commencing on the date hereof and ending on the First Closing Date,
 - (i) the number of First Tranche Private Placement Shares to be issued to Rio Tinto on the First Closing Date and the issue price per First Tranche Private Placement Share; and
 - (ii) the number of Series A Warrants and Series B Warrants to be issued to Rio Tinto on the First Closing Date and the exercise price of the Series A Warrants and the Series B Warrants;
 - (b) in the case of the Second Tranche Private Placement, during the period commencing on the date hereof and ending on the Second Closing Date, the number of Basic Second Tranche Private Placement Shares to be issued to Rio Tinto on the Second Closing Date and the issue price per Second Tranche Private Placement Share;
 - (c) at any time when Rio Tinto is entitled to exercise its pre-emptive rights pursuant to Part 5, during the period commencing on the date that Rio Tinto becomes entitled to exercise its rights under Section 5.2 or Section 5.3, as the case may be, and ending upon the date that Rio Tinto exercises such rights or allows them to lapse, whichever is earlier, the number of Anti-Dilution Ivanhoe Shares and Anti-Dilution Warrants, if any (provided that the Anti-Dilution Notice given to Rio Tinto does not reflect an appropriate adjustment in respect of the Adjustment Event) and the issue price per Anti-Dilution Ivanhoe Share;
 - (d) at any time after the First Tranche Private Placement, the number of First Tranche Private Placement Shares referred to in Sections 7.2 and 8.2; or
 - (e) at any time after the Second Tranche Private Placement, the number of Basic Second Tranche Private Placement Shares referred to in Sections 7.2 and 8.2,
-

- 17 -

will be adjusted in accordance with Section 2.7.

Procedure for Adjustments

2.7 Any adjustment required in any of the circumstances described in Section 2.6 with respect to:

- (a) unissued Ivanhoe Shares will be effected by adjusting the number of Ivanhoe Shares, and the price per share at which, Rio Tinto would have been entitled to purchase such Ivanhoe Shares prior to the Adjustment Event (the Original Issuance Terms) to the number of Ivanhoe Shares, and the price per share at which, Rio Tinto would have been entitled to purchase such Ivanhoe Shares if Rio Tinto:
 - (i) had been the holder of a share purchase warrant having the Original Issuance Terms but otherwise having the terms set out in the Series A Warrant Certificate; and
 - (ii) was entitled to fully exercise such share purchase warrant after the Adjustment Event;
- (b) unissued Series A Warrants, Series B Warrants or Anti-Dilution Warrants will be effected by adjusting the number of Series A Warrants, Series B Warrants or Anti-Dilution Warrants, as the case may be, that Rio Tinto would have been entitled to acquire, and the exercise price of such Series A Warrants, Series B Warrants or Anti-Dilution Warrants, as the case may be, prior to the Adjustment Event, to:
 - (i) that number of Series A Warrants, Series B Warrants or Anti-Dilution Warrants, as the case may be, equal to the maximum number of Ivanhoe Shares that such Series A Warrants, Series B Warrants or Anti-Dilution Warrants would be exercisable to acquire after the Adjustment Event; and
 - (ii) the exercise price per Ivanhoe Share at which such Series A Warrants, Series B Warrants or Anti-Dilution Warrants would be exercisable after the Adjustment Event; had such Series A Warrants, Series B Warrants or Anti-Dilution Warrants, as the case may be, been issued and outstanding prior to the Adjustment Event; and
- (c) issued First Tranche Private Placement Shares or Basic Second Tranche Private Placement Shares referred to in Sections 7.2 and 8.2 will be effected by adjusting the number of First Tranche Private Placement Shares or Basic Second Tranche Private Placement Shares, as the case may be, referred to in Sections 7.2 and 8.2 prior to the Adjustment Event to a number of First Tranche Private Placement Shares or Basic Second Tranche Private Placement Shares, as the case may be, that gives effect to the Adjustment Event.

If the application of the adjustment provisions in this Section 2.7 results in any adjustment that is inequitable to either party, the parties will endeavour to agree upon a basis for an alternative

- 18 -

adjustment mechanism that is equitable to both parties and, in the case of paragraphs (a) and (b) above, results in Rio Tinto receiving a number of Ivanhoe securities for consideration that is equivalent to what Rio Tinto would have received, and for the consideration it would have paid, had the Adjustment Event not occurred. If at any time a dispute arises with respect to any such adjustment and the parties are unable to resolve the dispute through negotiation, such dispute will be resolved in the manner provided in the Series A Warrant Certificate.

Second Closing Date

2.8 Subject to the terms and conditions of this Agreement, the Second Tranche Private Placement will be completed and closed on the date (the Second Closing Date) which is the earlier of:

(a) the twentieth (20th) Business Day following the Approved OT Investment Contract Date; or

(b) the tenth (10th) Business Day following the date upon which Rio Tinto gives Notice to Ivanhoe that Rio Tinto is making the election contemplated by Section 2.9,

or such later date as the parties to this Agreement may agree in writing. Ivanhoe will promptly give Notice to Rio Tinto by fax once it has entered into an Approved OT Investment Contract.

Acceleration of Second Tranche Private Placement

2.9 Rio Tinto may, in its sole discretion, at any time prior to the date which is the earlier of:

(a) the Approved OT Investment Contract Date; or

(b) the third (3rd) anniversary of the First Closing Date;

give Notice to Ivanhoe that Rio Tinto is electing to complete the Second Tranche Private Placement in the absence of an Approved OT Investment Contract.

Termination of Rio Tinto's Obligation to Complete Second Tranche Private Placement

2.10 Rio Tinto's obligation (but not its right) to complete the Second Tranche Private Placement will terminate if Ivanhoe Shareholder Approval for the Ivanhoe Shareholder Approval Matter is not obtained within sixty (60) days of the First Closing Date.

Registration Rights Agreement

2.11 On or before the First Closing Date, Ivanhoe and Rio Tinto will enter into a registration rights agreement in substantially the form attached hereto as Schedule C (the Registration Rights Agreement).

Shareholders Agreement

2.12 The parties acknowledge that Rio Tinto has entered into a Shareholders Agreement with Robert M. Friedland providing for:

- 19 -

- (a) a covenant by Robert M. Friedland to vote all of the Ivanhoe Shares he beneficially owns, directly or indirectly, at the Ivanhoe Meeting in favour of the Ivanhoe Shareholder Approval Matter;
- (b) a covenant by Robert M. Friedland to refrain from disposing of any Ivanhoe Shares that Robert M. Friedland beneficially owns, directly or indirectly, on or before the First Closing Date; and
- (c) the grant by Robert M. Friedland to Rio Tinto of a right of first refusal to purchase any Ivanhoe Shares that Robert M. Friedland beneficially owns, directly or indirectly, that he or any of his Affiliates intends to sell or otherwise dispose of during the period commencing on the First Closing Date and ending on the fifth (5th) anniversary of the First Closing Date.

Rio Tinto's obligation to complete the First Tranche Private Placement will be subject to the Shareholders' Agreement remaining in full force and effect on the First Closing Date.

Exchange Approval

2.13 Rio Tinto's obligations to purchase, and Ivanhoe's obligation to issue and sell, the Ivanhoe Shares and the Series A Warrants and Series B Warrants representing the Equity Investment (collectively, the Equity Investment Securities) is subject to Exchange Approval for the issuance of the Equity Investment Securities, any Ivanhoe Shares to be issued pursuant to the exercise of the Series A Warrants and the Series B Warrants, the Top Up Option and the Top Up Private Placement Shares that (i) is not conditional on the approval of the holders of the Ivanhoe Shares on any matter except Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants and (ii) does not exclude the vote of any of the Ivanhoe Shares beneficially owned, directly or indirectly, by Robert M. Friedland. Ivanhoe covenants and agrees to promptly apply for, and use its best efforts to expeditiously obtain, Exchange Approval for the issuance of the Equity Investment Securities, any Ivanhoe Shares to be issued pursuant to the exercise of the Series A Warrants and the Series B Warrants, the Anti-Dilution Securities, the Top Up Option and the Top Up Private Placement Shares, provided that if Exchange Approval is not obtained for the issuance of the Anti-Dilution Securities, Ivanhoe may not issue any Dilutive Ivanhoe Shares or Ivanhoe Convertible Securities (other than Ivanhoe Convertible Securities issued pursuant to an Exempt Ivanhoe Share Transaction) at any time during which Rio Tinto is entitled to rights under Part 5 if Ivanhoe is unable to obtain, prior to issuance of such Dilutive Ivanhoe Shares or Ivanhoe Convertible Securities, as the case may be, the written approval, or the written acceptance of Ivanhoe's notice, of the proposed issuance to Rio Tinto of the Anti-Dilution Securities related thereto given, to the extent required, by each of the TSX, NYSE and NASDAQ. Ivanhoe will promptly give Notice to Rio Tinto by fax once it has obtained any such Exchange Approval and/or if any such Exchange Approval is not required and/or not obtained.

Use of Proceeds

2.14 Ivanhoe covenants and agrees that it will use not less than ninety per cent (90%) of the proceeds from the sale of the Ivanhoe Shares hereunder and from the exercise of the Series A Warrants and Series B Warrants to fund expenditures in respect of Operations.

Second Closing Force Majeure

2.15 Without prejudice to Rio Tinto's rights to terminate the Second Tranche Private Placement, the obligations of Rio Tinto to complete the Second Tranche Private Placement will be suspended, and Rio Tinto's rights under this Agreement will be preserved, for the period that Ivanhoe is prevented by any cause, whether foreseeable or unforeseeable, beyond its reasonable control from completing the Second Tranche Private Placement. Ivanhoe will promptly give Notice to Rio Tinto if it is so prevented from completing the Second Tranche Private Placement, stating therein the reasons therefor, and the expected duration thereof. Ivanhoe will resume performance as soon as reasonably possible.

PART 3 THE WARRANTS

Series A Warrants

3.1 Subject to adjustment in accordance with the terms of the Series A Warrant Certificate, each Series A Warrant will be exercisable to purchase one (1) Ivanhoe Share at a price of:

- (a) eight dollars and thirty eight cents (\$8.38) during the period commencing on the Ivanhoe Shareholder Approval Date and ending on the one hundred and eightieth (180th) day after the Warrant Determination Date; and
- (b) eight dollars and fifty four cents (\$8.54) during the period commencing on the one hundred and eighty first (181st) day after the Warrant Determination Date and ending on the three hundred and sixty-fifth (365th) day after the Warrant Determination Date.

The Series A Warrants will automatically terminate if Rio Tinto's right to exercise the Series A Warrants does not receive Ivanhoe Shareholder Approval at the Ivanhoe Meeting. Subject to the foregoing, any Series A Warrants that remain unexercised after the three hundred and sixty-fifth (365th) day following the Warrant Determination Date will immediately expire and be null and void. The terms and attributes of the Series A Warrants are described in the Series A Warrant Certificate.

Series B Warrants

3.2 Subject to adjustment in accordance with the terms of the Series B Warrant Certificate, each Series B Warrant will be exercisable to purchase one (1) Ivanhoe Share at a price of:

- (a) eight dollars and thirty eight cents (\$8.38) during the period commencing on the Ivanhoe Shareholder Approval Date and ending on the one hundred and eightieth (180th) day after the Warrant Determination Date;
 - (b) eight dollars and fifty four cents (\$8.54) during the period commencing on the one hundred and eighty first (181st) day after the Warrant Determination Date and ending on the three hundred and sixty-fifth (365th) day after the Warrant Determination Date;
-

- 21 -

- (c) eight dollars and eighty eight cents (\$8.88) during the period commencing on the three hundred and sixty-sixth (366th) day after the Warrant Determination Date and ending on the five hundred and forty-fifth (545th) day after the Warrant Determination Date; and
- (d) nine dollars and two cents (\$9.02) during the period commencing on the five hundred and forty-sixth (546th) day after the Warrant Determination Date and ending on the seven hundred and twenty-fifth (725th) day after the Warrant Determination Date.

The Series B Warrants will automatically terminate if Rio Tinto's right to exercise the Series B Warrants does not receive Ivanhoe Shareholder Approval at the Ivanhoe Meeting. Subject to the foregoing, any Series B Warrants that remain unexercised after the seven hundred and twenty-fifth (725th) day following the Warrant Determination Date will immediately expire and be null and void. The terms and attributes of the Series B Warrants are described in the Series B Warrant Certificate.

Transferability of Warrants

3.3 Notwithstanding any other provision of this Agreement, Rio Tinto will have no right to Transfer any of the Series A Warrants or the Series B Warrants other than to any person who is a member of the Rio Tinto Group who covenants and agrees in writing with Ivanhoe to assume all of Rio Tinto's obligations under this Agreement in respect of the Series A Warrants or the Series B Warrants or any Ivanhoe Shares acquired by it.

Right to Exercise Warrants

3.4 Under no circumstances will any of the Series A Warrants or the Series B Warrants be exercisable unless and until:

- (a) Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants has received Ivanhoe Shareholder Approval; and
- (b) Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants has been approved, to the extent required in the reasonable opinion of Rio Tinto, under the *Investment Canada Act* (Canada).

Ivanhoe Shareholder Approval

3.5 Ivanhoe covenants and agrees to use its best efforts to convene, within forty five (45) days of, but in any event no later than sixty (60) days after, the date of this Agreement, a special meeting of the holders of Ivanhoe Shares (the Ivanhoe Meeting) for the purpose of procuring Ivanhoe Shareholder Approval for Rio Tinto's right to exercise the Series A Warrants and the Series B Warrants (the Ivanhoe Shareholder Approval Matter). Ivanhoe covenants and agrees to solicit proxies for the Ivanhoe Meeting in favour of the Ivanhoe Shareholder Approval Matter and, for that purpose, to prepare and mail to holders of Ivanhoe Shares, as soon as reasonably practicable after the date of this Agreement, a management proxy circular in which the Ivanhoe board of directors will make a written recommendation to holders of Ivanhoe Shares to vote such Ivanhoe Shares at the Ivanhoe Meeting in favour of the Ivanhoe Shareholder Approval Matter. Ivanhoe will provide to Rio

- 22 -

Tinto and its counsel the reasonable opportunity to review and provide comments in respect of the Ivanhoe management proxy circular to be prepared and mailed in respect of the Ivanhoe Meeting.

PART 4
BOARD OF DIRECTORS

Board Representation

4.1 From and after the First Closing Date, Rio Tinto will be entitled (but not obliged) to nominate that number of individuals who meet the qualification criteria set out in Section 4.3 (each, a Rio Tinto Representative) for appointment or election, from time to time, to the board of directors of Ivanhoe, as a proportion of the board of directors of Ivanhoe (the Proportionate Number of Directors), as is equal to the percentage of issued and outstanding Ivanhoe Shares held by Rio Tinto and its Affiliates at that time (disregarding any unissued Ivanhoe Shares underlying any unexercised Series A Warrants or Series B Warrants). Where such calculation results in the Proportionate Number of Directors not being a whole number, such Proportionate Number of Directors shall be rounded up to the nearest whole number where such calculation ends with a figure .5 or greater and shall be rounded down to the nearest whole number where such calculation ends with a figure less than .5. At all times, Rio Tinto shall be entitled to nominate as one of its Rio Tinto Representatives an individual who is not qualified as an Independent Ivanhoe Director. If at any time Rio Tinto is entitled to nominate more than one Rio Tinto Representative, then not less than one half of such Rio Tinto Representatives must qualify as Independent Ivanhoe Directors. At all times, the board of directors of Ivanhoe shall consist of at least ten (10) directors. Where a matter is specified in this Agreement to require the approval of the board of directors of Ivanhoe, the Rio Tinto Representatives shall be entitled to vote for or against such approval.

Appointment or Election of Rio Tinto Representatives

4.2 Rio Tinto may give Notice to Ivanhoe at any time and from time to time identifying the individuals Rio Tinto intends to nominate as its Rio Tinto Representatives, accompanied by evidence satisfactory to Ivanhoe, acting reasonably, that each such individual meets the requirements of Section 4.3. Ivanhoe will, within thirty (30) days following receipt of such Notice, cause the individuals nominated by Rio Tinto as its Rio Tinto Representatives to be elected or appointed to Ivanhoe's board of directors in any manner permitted by Applicable Law and Ivanhoe's Constituting Documents, provided that if such Notice is received by Ivanhoe after the date upon which Ivanhoe delivers a management proxy circular to its shareholders in respect of a meeting of its shareholders at which directors are to be elected but prior to the date upon which the election of directors at such meeting takes place, Ivanhoe will cause the individuals nominated by Rio Tinto as its Rio Tinto Representatives to be elected or appointed to Ivanhoe's board of directors within thirty (30) days following the date of such meeting. Unless and until Rio Tinto gives Notice to Ivanhoe, as provided above, nominating new individuals to replace any incumbent Rio Tinto Representatives on Ivanhoe's board of directors, Ivanhoe will continue to include the incumbent Rio Tinto Representatives among Ivanhoe's management nominees for election to the board of directors at each meeting of the shareholders of Ivanhoe at which directors are to be elected. If, at any time, Rio Tinto ceases to be entitled to nominate a number of Rio Tinto Representatives equal to the number of incumbent Rio Tinto Representatives, Rio Tinto will promptly procure the resignation of such number of incumbent Rio Tinto Representatives as exceeds Rio Tinto's entitlement hereunder.

- 23 -

Qualifications and Remuneration of Rio Tinto Representatives

4.3 Each Rio Tinto Representative will be an individual who:

- (a) consents in writing to act as a director of Ivanhoe; and
- (b) is not disqualified from acting as a director of Ivanhoe under Applicable Law (except if such disqualification is based on the residency of such individual).

Ivanhoe will compensate the Rio Tinto Representatives on basis no less favourable than the basis upon which it compensates its incumbent Independent Ivanhoe Directors.

Audit Committee Representation

4.4 For as long as Rio Tinto remains entitled to nominate at least one (1) Rio Tinto Representative to Ivanhoe's board of directors, Rio Tinto will be entitled to nominate, and Ivanhoe's board of directors will appoint, a Rio Tinto Representative selected by Rio Tinto to the audit committee of Ivanhoe's board of directors provided that such Rio Tinto Representative is:

- (a) an Independent Ivanhoe Director; and
- (b) financially literate.

PART 5 PRE-EMPTIVE RIGHTS

Pre-emptive Share Rights

5.1 If, at any time after the First Closing Date, Ivanhoe proposes, or becomes obliged, to issue any Ivanhoe Shares (other than an issuance of Ivanhoe Shares pursuant to an Exempt Ivanhoe Share Transaction) (Dilutive Ivanhoe Shares), Ivanhoe will offer, by Anti-Dilution Offer Notice, and Rio Tinto will have the right, exercisable in accordance with the terms of this Part 5, to purchase a number of additional Ivanhoe Shares (the Anti-Dilution Ivanhoe Shares) that would result in Rio Tinto and its Affiliates beneficially owning, after the issuance of the Anti-Dilution Ivanhoe Shares to Rio Tinto and the Dilutive Ivanhoe Shares to each of the other persons to whom Ivanhoe issues such Dilutive Ivanhoe Shares, the same percentage of issued and outstanding Ivanhoe Shares that Rio Tinto and its Affiliates beneficially owned immediately before the issuance of the Anti-Dilution Ivanhoe Shares and the Dilutive Ivanhoe Shares.

Quarterly Anti-Dilution Offer Notices

5.2 If, at any time and from time to time, an issuance of Dilutive Ivanhoe Shares is not a Special Dilutive Issuance (an Ordinary Dilutive Issuance), Ivanhoe will give Notice to Rio Tinto (a Quarterly Anti-Dilution Offer Notice) not later than the earlier of:

- (a) the last day of the calendar quarter in which the Ordinary Dilutive Issuance occurred; or
-

- 24 -

- (b) the fifth (5th) Business Day following the date upon which an Ivanhoe Control Transaction is publicly announced during such calendar quarter.

Subject to Section 5.4, the Quarterly Anti-Dilution Offer Notice will describe the number, price and payment terms of all Dilutive Ivanhoe Shares issued pursuant to each Ordinary Dilutive Issuance that occurred during the calendar quarter or period then ended and the Anti-Dilution Ivanhoe Shares offered to Rio Tinto. Upon its receipt of a Quarterly Anti-Dilution Offer Notice, Rio Tinto will have the right, for a period of twenty (20) Business Days, to purchase some or all of the Anti-Dilution Ivanhoe Shares described in the Quarterly Anti-Dilution Offer Notice. The payment terms of the Anti-Dilution Ivanhoe Shares offered to Rio Tinto shall be no less favourable than the payment terms of the Dilutive Ivanhoe Shares described in the Quarterly Anti-Dilution Offer Notice.

Special Anti-Dilution Offer Notices

5.3 If, at any time and from time to time, an issuance of Dilutive Ivanhoe Shares (i) results in the aggregate percentage interest of Rio Tinto and its Affiliates in the total number of issued and outstanding Ivanhoe Shares being reduced by more than one per cent (1%) or (ii) is publicly announced or completed at any time on or after the public announcement, but before the completion, of an Ivanhoe Control Transaction (a Special Dilutive Issuance), Ivanhoe will give Notice to Rio Tinto (a Special Anti-Dilution Offer Notice) as of the date of the public announcement, if any, of the Special Dilutive Issuance or the date upon which the Special Dilutive Issuance occurs, whichever is earlier. Subject to Section 5.4, the Special Anti-Dilution Offer Notice will describe the number, price and payment terms of the Dilutive Ivanhoe Shares issued, or to be issued, pursuant to the Special Dilutive Issuance and the Anti-Dilution Ivanhoe Shares offered to Rio Tinto. Upon its receipt of a Special Anti-Dilution Offer Notice, Rio Tinto will have the right, for a period of twenty (20) Business Days after the date upon which the Special Dilutive Share Issuance occurs, to purchase some or all of the Anti-Dilution Ivanhoe Shares described in the Special Anti-Dilution Offer Notice. The payment terms of the Anti-Dilution Ivanhoe Shares offered to Rio Tinto shall be no less favourable than the payment terms of the Dilutive Ivanhoe Shares described in the Special Anti-Dilution Offer Notice.

Consideration

5.4 If the consideration paid by the persons to whom Ivanhoe issues Dilutive Ivanhoe Shares is:

- (a) cash, the price at which the Anti-Dilution Ivanhoe Shares will be issued to Rio Tinto will be an amount in cash equal to the price for which each such Dilutive Ivanhoe Share was issued; or
 - (b) other than cash, the price at which the Anti-Dilution Ivanhoe Shares will be issued to Rio Tinto will be an amount in cash equal to the volume-weighted average price of an Ivanhoe Share on the TSX or such other stock exchange or securities market on which the majority of the trading volume of Ivanhoe Shares occurs during the ten (10) trading days immediately preceding the date of the public announcement of the Ordinary Dilutive Share Issuance or the Special Dilutive Issuance, as the case may be, or the date upon which the Dilutive Ivanhoe Shares are issued, whichever is earlier.
-

- 25 -

Acceptance

5.5 Rio Tinto may accept Ivanhoe's offer as to the full number of Anti-Dilution Ivanhoe Shares offered to it or any lesser number, by Notice given to Ivanhoe prior to the expiration of the period of time within which Rio Tinto may exercise its rights in accordance with Section 5.2 or Section 5.3, as the case may be, in which event Ivanhoe will, within ten (10) Business Days thereafter, sell and Rio Tinto will buy, upon the terms specified, the number of Anti-Dilution Ivanhoe Shares agreed to be purchased by Rio Tinto. Rio Tinto's rights to purchase any Anti-Dilution Ivanhoe Shares offered to it pursuant to an Anti-Dilution Offer Notice will immediately terminate if and when Rio Tinto fails to exercise its rights under this Part 5 to subscribe for and purchase the maximum number of the Anti-Dilution Ivanhoe Shares which it has the right to purchase hereunder and, as a result of the issuance of Dilutive Ivanhoe Shares to persons other than Rio Tinto, Rio Tinto's percentage holding of the issued and outstanding Ivanhoe Shares is reduced. Notwithstanding the foregoing, a failure by Rio Tinto to fully exercise its rights under this Part 5 in respect of any Ordinary Dilutive Issuance or Special Dilutive Issuance is without prejudice to Rio Tinto's right to acquire Anti-Dilution Ivanhoe Shares in respect of any subsequent Ordinary Dilutive Issuance or Special Dilutive Issuance.

Pre-emptive Warrant Rights

5.6 If, at any time prior to the exercise or expiry of all of the Series A Warrants and Series B Warrants, Rio Tinto exercises its right to purchase all or part of the Anti-Dilution Ivanhoe Shares to which it is entitled, Rio Tinto will also be entitled to receive, for no additional consideration, a number of additional share purchase warrants (the Anti-Dilution Ivanhoe Warrants) that would result in Rio Tinto having the right to acquire, pursuant to the exercise of all outstanding Series A Warrants, Series B Warrants and Anti-Dilution Ivanhoe Warrants, a number of Ivanhoe Shares that, upon issuance, would represent the same percentage of the outstanding Ivanhoe Shares that Rio Tinto would have beneficially owned if all of the then outstanding Series A Warrants, Series B Warrants and Anti-Dilutive Ivanhoe Warrants had been fully exercised immediately before the issuance of the Dilutive Ivanhoe Shares and Anti-Dilution Ivanhoe Shares. Each Anti-Dilution Ivanhoe Warrant will entitle Rio Tinto to purchase one (1) Ivanhoe Share at a price equal to the issue price per share of the Anti-Dilution Ivanhoe Shares. If, when the Anti-Dilution Ivanhoe Warrants are issued, any Series A Warrants remain unexercised and outstanding, that number of the Anti-Dilution Ivanhoe Warrants bearing the same proportion as such outstanding number of Series A Warrants bears to the total number of Series A Warrants and Series B Warrants outstanding will have the same terms and attributes as the Series A Warrants and the remainder of the Anti-Dilution Ivanhoe Warrants will have the same terms and attributes as the Series B Warrants.

Exempt Ivanhoe Share Transactions

5.7 Rio Tinto's pre-emptive rights under this Part 5 will not apply to any issuance of Ivanhoe Shares or Ivanhoe Convertible Securities pursuant to any of the following transactions (each, an Exempt Ivanhoe Share Transaction):

- (a) the award or exercise of any bona fide equity incentive securities or equity compensation securities in favour of directors, officers, employees or service providers of Ivanhoe or any of its Affiliates pursuant to any bona fide equity
-

- 26 -

- incentive plan adopted by Ivanhoe and approved by the holders of Ivanhoe Shares from time to time;
- (b) the exercise of any Ivanhoe Convertible Securities outstanding as of the date hereof; or
 - (c) any issuance of Ivanhoe Shares or Ivanhoe Convertible Securities made to all holders of Ivanhoe Shares on a pro rata basis.

Termination of Pre-emptive Rights

5.8 If, at any time on or after the fifth (5th) anniversary of the First Closing Date, Rio Tinto and its Affiliates beneficially own, in the aggregate, a number of Ivanhoe Shares representing less than seven and one-half per cent (7.5%) of the total number of Ivanhoe Shares issued and outstanding at such time, Rio Tinto's rights under this Part 5 will immediately terminate and be of no further force or effect.

Specific Performance and Injunction

5.9 Ivanhoe specifically acknowledges that its obligations under this Part 5 are an integral part of the transactions contemplated by this Agreement. Ivanhoe, therefore, specifically acknowledges and agrees that the breach of any of the terms of this Part 5 by it would cause Rio Tinto irreparable harm which may not be compensable in damages. Ivanhoe further acknowledges and agrees that it is essential to the effective enforcement of this Agreement that Rio Tinto be entitled to equitable remedies including, but not limited to, specific performance and injunction without being required to show irreparable harm. Ivanhoe acknowledges and agrees that the terms of this Agreement are just and reasonable having regard to all the circumstances.

PART 6
IVANHOE SHARE ACQUISITIONS
AND DISPOSITIONS

Standstill Covenant

6.1 Rio Tinto hereby covenants and agrees that, until the fifth (5th) anniversary of the date of this Agreement, the Rio Tinto Group will not, except with the prior approval of Ivanhoe by way of a resolution passed by Ivanhoe's board of directors acting by simple majority or as provided in Section 6.2 or Section 6.3:

- (a) engage in any Specified Activity;
 - (b) prior to having fully exercised all of the Series A Warrants and the Series B Warrants, directly or indirectly acquire, alone or jointly or in concert with any other person, any Ivanhoe Shares or Ivanhoe Convertible Securities (other than the Equity Investment Securities, Anti-Dilution Securities, Ivanhoe Shares acquired pursuant to the exercise of the Series A Warrants and the Series B Warrants, the Top Up Option, the Top Up Private Placement Shares or Ivanhoe Shares or Ivanhoe Convertible
-

- 27 -

Securities acquired through an issuance made to all holders of Ivanhoe Shares on a pro rata basis) representing, in the aggregate, more than six and sixty five-hundredths per cent (6.65%) of the then issued and outstanding Ivanhoe Shares from time to time; or

- (c) after having fully exercised all of the Series A Warrants and the Series B Warrants, directly or indirectly acquire, alone or jointly or in concert with any other person, any Ivanhoe Shares or Ivanhoe Convertible Securities if, following such acquisition, the Rio Tinto Group and all persons with whom the Rio Tinto Group is acting jointly or in concert, would beneficially own or exercise control or direction, or be deemed, under Applicable Law, to beneficially own, or exercise control or direction over, more than forty per cent (40%) of the then issued and outstanding Ivanhoe Shares.

For the purposes of this Section 6.1, the parties to the Shareholders Agreement and their respective Affiliates will not be construed to be acting jointly or in concert with one another in exercising their respective rights and performing their respective obligations thereunder.

Exercise of Rights Under Shareholders Agreement

6.2 Nothing in Section 6.1 will be construed to restrict Rio Tinto from acquiring any Ivanhoe Shares that Robert M. Friedland beneficially owns, directly or indirectly, pursuant to any rights of first refusal in favour of Rio Tinto arising under the Shareholders Agreement by reason of any proposed sale or disposition of Ivanhoe Shares by Robert M. Friedland or any of his Affiliates to any person who is not an Eligible Institutional Investor.

Ivanhoe Control Transaction

6.3 If, at any time and from time to time, a person or persons jointly or in concert (other than the Rio Tinto Group or a person that is not at arm's length to the Rio Tinto Group), publicly announces its intention to commence an Ivanhoe Control Transaction, or Ivanhoe publicly announces that its board of directors has approved an agreement which contemplates an Ivanhoe Control Transaction, the Rio Tinto Group shall be immediately released from the restrictions of Section 6.1 but only for the limited purpose of giving the Rio Tinto Group a reasonable opportunity to propose to Ivanhoe and/or commence an alternative Ivanhoe Control Transaction. Unless an Ivanhoe Control Transaction results in an Ivanhoe Change of Control within seventy-five (75) days after the Rio Tinto Group is released from the restrictions of Section 6.1 or, after the end of such period, Rio Tinto or any of its Affiliates is actively pursuing an alternative Ivanhoe Control Transaction that was commenced during such period, such restrictions will be deemed to have been re-imposed as of the later of the end of such seventy-five (75) day period and the date that Rio Tinto or any such Affiliate completes or ceases actively pursuing its alternative Ivanhoe Control Transaction, pending their expiry or the public announcement of another Ivanhoe Control Transaction as contemplated above. For the purposes of this Section 6.3:

- (a) Rio Tinto or any of its Affiliates will be deemed to be actively pursuing an alternative Ivanhoe Control Transaction at a particular time if, at that time, Rio Tinto or any such Affiliate has made a formal bid (as defined under Canadian Securities Laws) that has not expired (and, for greater certainty, which may be extended), for a
-

- 28 -

- sufficient number of Ivanhoe Shares to effect an Ivanhoe Change of Control or Rio Tinto or any such Affiliate is engaged in active negotiations with Ivanhoe with respect to such alternative Ivanhoe Control Transaction; and
- (b) nothing in the Shareholders' Agreement will be construed as creating a non-arm's length relationship between the parties to the Shareholders' Agreement or their respective Affiliates.

Restriction on Disposition of Securities

6.4 Until the first (1st) anniversary of the First Closing Date, Rio Tinto covenants and agrees that the Rio Tinto Group will not, except:

- (a) pursuant to an Ivanhoe Control Transaction; or
- (b) with the prior written consent of Ivanhoe, evidenced by a resolution passed by the Ivanhoe board of directors acting by simple majority; or
- (c) to any person who is a member of the Rio Tinto Group who covenants and agrees in writing with Ivanhoe to assume all of Rio Tinto's obligations under this Agreement in respect of any Ivanhoe Shares or Ivanhoe Convertible Securities transferred to it;

directly or indirectly, offer, sell, contract to sell, grant any option or right to purchase, make any short sale, transfer, assign, gift, enter into any derivative transaction in respect of, or otherwise dispose of, alienate or create any Encumbrance in respect of (or announce any intention to effect the foregoing) (any of the foregoing, a "Transfer") any Ivanhoe Shares or Ivanhoe Convertible Securities (or any voting rights or other rights attributable thereto) beneficially owned, directly or indirectly, by the Rio Tinto Group, whether now owned or hereafter acquired, or in respect of which the Rio Tinto Group exercises control or direction. Rio Tinto agrees that any purported Transfer of any such Ivanhoe Shares or Ivanhoe Convertible Securities by the Rio Tinto Group contrary to the terms of this Section 6.4 will be null and void and of no legal effect and acknowledges that Ivanhoe will be entitled to refuse to recognize any such purported Transfer.

Placement Rights

6.5 If, at any time after the first (1st) anniversary of the First Closing Date but before the fifth (5th) anniversary of the date hereof, Rio Tinto intends to Transfer a number of Ivanhoe Shares representing five per cent (5%) or more of the total number of Ivanhoe Shares then issued and outstanding (the "Placement Shares") to any person who is not:

- (a) a member of the Rio Tinto Group who covenants and agrees in writing with Ivanhoe to assume all of Rio Tinto's obligations under this Agreement in respect of the Placement Shares; or

- (b) an Eligible Institutional Investor;

and the proposed Transfer is not being made pursuant to an Ivanhoe Control Transaction, Rio Tinto will promptly thereafter give to Ivanhoe a Notice (the "Placement Offer Notice") offering to Ivanhoe

- 29 -

the right to arrange for the sale of the Placement Shares to a third party (a Designated Purchaser) selected by Ivanhoe in its absolute discretion, specifying the asking price for each such Placement Share and the terms of payment in respect of the proposed sale (the Placement Offer). The Placement Offer must be open for acceptance for not less than sixty (60) days (the Placement Offer Period). During the Placement Offer Period, Ivanhoe will have the right to arrange for the sale to a Designated Purchaser of all, but not less than all, of the Placement Shares at the price and on the terms indicated in the Placement Offer Notice. Such right may be exercised by Ivanhoe giving Notice to Rio Tinto within the Placement Offer Period advising of Ivanhoe's intention to arrange for the purchase of the Placement Shares by a Designated Purchaser. The Placement Offer Period will end immediately upon Ivanhoe having given Notice to Rio Tinto that it is waiving its right to arrange for the sale to a Designated Purchaser of the Placement Shares. If Ivanhoe notifies Rio Tinto in accordance with this Section 6.5 of its intention to arrange for the sale to a Designated Purchaser of the Placement Shares, then a binding agreement of purchase and sale will exist between Rio Tinto and Ivanhoe, as agent for the Designated Purchaser with respect to such Placement Shares at and for a cash price equal to that described in the Placement Offer Notice, and on the terms and conditions therein contained, unless, within five (5) Business Days of its receipt of such notice, Rio Tinto, acting reasonably, notifies Ivanhoe that it rejects the sale of shares to the Designated Purchaser. If Ivanhoe fails to so notify Rio Tinto or, provided that Rio Tinto has not rejected the sale of shares to the Designated Purchaser, fails to complete the sale of the Placement Shares to the Designated Purchaser within the Placement Offer Period, then Ivanhoe will be conclusively deemed to have waived its right to arrange for the sale of the Placement Shares under this Section 6.5 and Rio Tinto may, within sixty (60) days after the expiry of the Placement Offer Period sell the Placement Shares at a cash price per Placement Share not less, and on terms and conditions no less favourable to Rio Tinto, than the price per Placement Share and terms and conditions set forth in the Placement Offer Notice. In the event that Rio Tinto does not sell the Placement Shares within the sixty (60) day period referred to above or if the terms of any proposed sale are less favourable to Rio Tinto than those set out in the Placement Offer Notice or if Rio Tinto rejects the sale of shares to the Designated Purchaser, then the provisions of this Section 6.5 will once again apply. Ivanhoe agrees to comply with all Applicable Laws, including applicable Canadian Securities Laws, in connection with the purchase and sale of any Placement Shares.

PART 7

OT PROJECT PARTICIPATION

Right of First Refusal

7.1 Subject to Section 7.2, if, at any time and from time to time after the First Closing Date, Ivanhoe proposes to, directly or indirectly, offer, sell, contract to sell, grant any option or right to purchase, transfer, assign, gift, otherwise dispose of, alienate or create any Encumbrance in respect of any beneficial or legal ownership interest including, without limitation, any participating interest, carried interest, royalty interest or voting interest, in the OT Project (the OT Disposal Interest) to a third party in any transaction other than a transaction contemplated by Section 7.3 (an OT Disposal Transaction), Ivanhoe may only effect such OT Disposal Transaction on *bona fide* arm's length terms and must give Notice (an OT Disposal Notice) to Rio Tinto, identifying the third party offeror and its ultimate beneficial owner(s), if and to the extent reasonably known, and offering the OT Disposal Interest to Rio Tinto on the same (or, as near as is possible, financially equivalent)

- 30 -

terms and conditions upon which Ivanhoe has received an offer from a third party to convey the OT Disposal Interest to such third party. Upon receiving an OT Disposal Notice, Rio Tinto or, at its direction, an Affiliate of Rio Tinto, will have the right (the OT Right of First Refusal) to acquire all, but not less than all, of the OT Disposal Interest for the consideration stipulated in the OT Disposal Notice (provided that if all or any part of the consideration offered by the third party is non-monetary, Rio Tinto or, at its direction, an Affiliate of Rio Tinto, may elect to furnish the same non-monetary consideration or to pay to Ivanhoe an amount of money equal to the fair market value, as determined by the parties, acting reasonably, of the non-monetary consideration offered by the third party). If the parties, acting reasonably, are unable to agree upon the fair market value of any such non-monetary consideration, such fair market value will be conclusively determined by an internationally recognized investment bank mutually acceptable to the parties, acting reasonably, and that has not been engaged by either of the parties or their respective Affiliates in any capacity during the preceding twelve (12) months. Rio Tinto or, at its direction, an Affiliate of Rio Tinto, may exercise the OT Right of First Refusal by providing Notice to Ivanhoe within sixty (60) days of receipt by Rio Tinto of the OT Disposal Notice (the OT Exercise Period). If Rio Tinto or its Affiliate, as applicable, exercises the OT Right of First Refusal, then a binding agreement of purchase and sale will exist between Rio Tinto or its Affiliate, as applicable, and Ivanhoe with respect to the OT Disposal Interest for the consideration stipulated in the OT Disposal Notice (subject to Rio Tinto's or its Affiliate's, as applicable right to pay cash in lieu of any non-monetary consideration as hereinbefore provided), and on the terms and conditions therein contained. If the OT Right of First Refusal is not exercised prior to the expiry of the OT Exercise Period, Ivanhoe will have the right for a period of sixty (60) days following the OT Exercise Period (the OT Closing Period) to convey the OT Disposal Interest to the third party from whom it received the offer that was specifically named in the OT Disposal Notice for consideration having a value equal to or higher than the value of the consideration for which Ivanhoe offered the OT Disposal Interest to Rio Tinto and on terms and conditions no less favourable to Ivanhoe than those set out in the OT Disposal Notice. If Ivanhoe does not convey the OT Disposal Interest to such third party by the expiry of the OT Closing Period, such OT Disposal Interest will again become subject to the OT Right of First Refusal. Ivanhoe covenants and agrees that it will not, on or before the First Closing Date, enter into any OT Disposal Transaction that would, after the First Closing Date, require Ivanhoe to deliver an OT Disposal Notice to Rio Tinto.

Condition Precedent

7.2 The OT Right of First Refusal will be inoperative unless, at the time that Ivanhoe proposes to enter into an OT Disposal Transaction, Rio Tinto and its Affiliates beneficially own (disregarding any unissued Ivanhoe Shares underlying any unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Ivanhoe Shares that is equal to or greater than the aggregate of the First Tranche Private Placement Shares and the Basic Second Tranche Private Placement Shares. Notwithstanding the foregoing, if at any time before Rio Tinto and its Affiliates beneficially own (disregarding any unissued Ivanhoe Shares underlying any unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Ivanhoe Shares that is equal to or greater than the aggregate of the First Tranche Private Placement Shares and the Basic Second Tranche Private Placement Shares, Ivanhoe, or a Subsidiary of Ivanhoe will not enter into any legally binding commitment with a third party to effect an Ivanhoe Disposal Transaction unless:

- 31 -

- (a) such legally binding commitment is conditional upon the exercise or waiver by Rio Tinto of the OT Right of First Refusal; and
- (b) upon entering into such legally binding commitment, Ivanhoe promptly delivers to Rio Tinto an OT Disposal Notice.

Provided that Rio Tinto gives Notice to Ivanhoe that Rio Tinto is making the election contemplated by Section 2.9 at or before the end of the OT Exercise Period, Rio Tinto will have the right to exercise the OT Right of First Refusal in accordance with the terms of Section 7.1.

Exempt Dispositions

7.3 The disposition of an OT Disposal Interest pursuant to any of the following transactions will be deemed not to be an OT Disposal Transaction to which the OT Right of First Refusal applies:

- (a) any disposition of an OT Disposal Interest by a wholly-owned Subsidiary of Ivanhoe to another wholly-owned Subsidiary of Ivanhoe;
- (b) any disposition or series of dispositions of an OT Disposal Interest to the Government of Mongolia or any entity beneficially owned or Controlled by the Government of Mongolia;
- (c) any disposition or series of dispositions of an OT Disposal Interest to one or more third parties mandated by the Government of Mongolia; or
- (d) an Ivanhoe Control Transaction.

OT Project Participation Discussions

7.4 From and after the date hereof, the parties undertake to consult with one another from time to time with respect to possible opportunities for the Rio Tinto Group to participate in the OT Project on a basis other than, or in addition to, the basis contemplated by this Agreement. Such participation may include, without limitation, a member of the Rio Tinto Group having a direct participating interest in the OT Project. The parties acknowledge that:

- (a) on the date hereof, no member of the Rio Tinto Group is a related party of Ivanhoe for the purposes of Canadian Securities Laws;
 - (b) as a result of the Equity Investment, the members of the Rio Tinto Group may become related parties of Ivanhoe for the purposes of Canadian Securities Laws; and
 - (c) unless exempt, material transactions entered into between Ivanhoe and its related parties (other than any transaction entered into between Ivanhoe and Rio Tinto or an Affiliate of Rio Tinto pursuant to Section 7.1) are subject to special rules under Canadian Securities Laws, including requirements for independent valuations and prior approval by disinterested shareholders. The parties further acknowledge that the OT Right of First Refusal has been negotiated by the parties at arm's length and
-

- 32 -

that any exercise by Rio Tinto or any of its Affiliates of the OT Right of First Refusal at a time when Rio Tinto and such Affiliate is a related party of Ivanhoe would not be subject to special rules under Canadian Securities Laws, including requirements for independent valuations and/or prior approval by disinterested shareholders by reason of the application of Section 5.1(h)(iii) of Ontario Securities Commission Rule 61-501 *Insider Bids, Issuer Bids, Business Combination and Related Party Transactions*.

The obligations of the parties in this Section 7.4 are limited to discussing possible opportunities for the Rio Tinto Group to participate in the OT Project on a basis other than, or in addition to, the basis contemplated by this Agreement and nothing in this Section 7.4 is intended to create any legally binding obligations on the part of either Ivanhoe or Rio Tinto to participate in any transaction.

Specific Performance and Injunction

7.5 Ivanhoe specifically acknowledges that the right of first refusal contained in Section 7.1 is an integral part of the transactions contemplated by this Agreement. Ivanhoe, therefore, specifically acknowledges and agrees that the breach of any of the terms of Section 7.1 would cause Rio Tinto irreparable harm that may not be compensable in damages. Ivanhoe further acknowledges and agrees that it is essential to the effective enforcement of this Agreement that Rio Tinto be entitled to equitable remedies including, but not limited to specific performance and injunction without being required to show irreparable harm. Having regard to the significant investment being made by Rio Tinto in Ivanhoe, Ivanhoe acknowledges and agrees that the terms of this Agreement are just and reasonable having regard to all the circumstances.

PART 8 TECHNICAL COMMITTEE

Establishment and Purpose

8.1 As of the First Closing Date, Ivanhoe and Rio Tinto will establish a committee (the Technical Committee) through which Ivanhoe and Rio Tinto will consult with one another in good faith and use reasonable efforts to reach a consensus with respect to the objectives, procedures, methods and actions to be taken in furtherance of the development, operation and management of the OT Project. Ivanhoe and Rio Tinto will, through the Technical Committee, cooperatively oversee and supervise all Operations in respect of the OT Project and, in particular, but without limitation, will:

- (a) define the roles and responsibilities of the Manager;
 - (b) review the conduct of the OT Project by the Manager;
 - (c) receive and discuss reports of the Manager;
 - (d) give general directions as to the manner in which the Manager is to carry out the OT Project;
-

- 33 -

- (e) consult with the Manager regarding staffing matters in respect of the OT Project;
- (f) assist the Manager in promoting best practices in matters of health, safety, environment and community relations;
- (g) determine the policies, nature and content of Programs and Budgets for the OT Project;
- (h) consider and approve or reject Programs and Budgets in accordance with the provisions of this Agreement and review and modify any approved Programs and Budgets during their currency;
- (i) review and discuss potential mine optimisation opportunities in respect of the OT Project; and
- (j) have any other functions as are provided in this Agreement.

The parties may, by mutual written agreement, expand, reduce or change the scope of the functions of the Technical Committee hereunder at any time and from time to time.

Composition

8.2 The Technical Committee shall consist of two (2) members appointed by Ivanhoe, two (2) members appointed by Rio Tinto and the Technical Committee Chair. Each of Ivanhoe and Rio Tinto may terminate the appointment of any member appointed by it to the Technical Committee and appoint another person in his or her place. Each of Ivanhoe and Rio Tinto may appoint one or more alternates to act in the absence of one or more of its regular members. Any alternate so acting shall be deemed a member. Appointments by a party (including alternates) may be made or changed by Notice to the other party. Rio Tinto's right to appoint members and be represented on the Technical Committee will immediately terminate if:

- (a) at any time during the period commencing on the First Closing Date and ending on the earlier of,
 - (i) the Second Closing Date, or
 - (ii) the third (3rd) anniversary of the First Closing Date, Rio Tinto and its Affiliates beneficially own (disregarding any unissued Ivanhoe Shares underlying any unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Ivanhoe Shares that is less than the First Tranche Private Placement Shares; or
 - (b) at any time after the earlier of,
 - (i) the Second Closing Date, or
 - (ii) the third (3rd) anniversary of the First Closing Date,
-

- 34 -

Rio Tinto and its Affiliates beneficially own (disregarding any unissued Ivanhoe Shares underlying any unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Ivanhoe Shares that is less than the aggregate of the First Tranche Private Placement Shares and the Basic Second Tranche Private Placement Shares.

Technical Committee Chair

8.3 The Technical Committee will be chaired by an individual (the Technical Committee Chair) reasonably acceptable to both Ivanhoe and Rio Tinto. The Technical Committee Chair will also act as senior project manager of the OT Project (the Manager) and shall serve in both roles for a fixed period of office as determined by the parties or, if sooner, until he resigns or becomes unable to act.

Ivanhoe Appointment Right

8.4 Subject to Section 8.3, during the period commencing on the First Closing Date and ending on the fifth (5th) anniversary of the First Closing Date, Ivanhoe will have the right to appoint the Technical Committee Chair, who will contemporaneously act as the Manager provided that any such appointee shall cease to act as Technical Committee Chair and Manager on the fifth (5th) anniversary of the First Closing Date. The parties acknowledge that Ivanhoe intends to appoint John Macken as the initial Technical Committee Chair and Manager. Ivanhoe will have the right to appoint one or more successor individuals to act as the Technical Committee Chair and Manager until the fifth (5th) anniversary of the First Closing Date provided that any such appointee shall cease to act as Technical Committee Chair and Manager on the fifth (5th) anniversary of the First Closing Date and further provided that any such successor individual has the professional qualifications, experience, skills and expertise that a reasonable person would consider necessary in order for such individual to effectively act as the Manager and is acceptable to Rio Tinto's members of the Technical Committee, acting reasonably.

Rio Tinto Appointment Right

8.5 Subject to Section 8.3, from the fifth (5th) anniversary of the First Closing Date, and thereafter for an indefinite period of time, Rio Tinto will have the right to appoint the Technical Committee Chair, who will contemporaneously act as the Manager. Any individual appointed by Rio Tinto to act as the Technical Committee Chair and Manager will have the professional qualifications, experience, skills and expertise that a reasonable person would consider necessary in order for such individual to effectively act as the Manager and will be acceptable to Ivanhoe's members of the Technical Committee, acting reasonably. Rio Tinto will have the right to appoint one or more successor individuals to act as the Technical Committee Chair and Manager provided that any such successor individual has the professional qualifications, experience, skills and expertise that a reasonable person would consider necessary in order for such individual to effectively act as the Manager and is acceptable to Ivanhoe's members of the Technical Committee, acting reasonably.

Majority Decisions

8.6 Any decision of the Technical Committee in respect of which a consensus cannot be reached among its members will be subject to a vote by such members. Each member of the Technical

- 35 -

Committee, including the Technical Committee Chair, shall have one (1) vote. All decisions of the Technical Committee, other than decisions requiring unanimity under Section 8.7, shall be determined by a simple majority vote of the members.

Unanimous Decisions

8.7 During the period commencing on the First Closing Date and ending on the fifth (5th) anniversary of the First Closing Date, any decision of the Technical Committee with respect to any of the following matters (Special Approval Matters):

- (a) the acquisition, or the adoption of any Program and Budget that contemplates the acquisition, of any assets or property or group of related assets and/or properties (or of a financial lease or other similar commitment) at a total cost (or value if leased) of more than one hundred million dollars (\$100,000,000);
- (b) the entry into or the amendment of any contract or legally binding commitment or series of related contracts or commitments (whether at one time or over a period of time) under which Ivanhoe is required to or otherwise may incur expenditures of more than one hundred million dollars (\$100,000,000) over the term of the contract(s) or commitment(s);
- (c) any material amendment to the long term mine plan in respect of the OT Project adopted by Ivanhoe prior to the date of this Agreement or the adoption of any new long term mine plan; or
- (d) the entry into any contract or legally binding commitment or series of related contracts or commitments (whether at one time or over a period of time) involving the direct or indirect acquisition of any interest of any nature whatsoever in any land or mineralization within the geographical area comprising the OT Project for aggregate cash consideration exceeding ten million dollars (\$10,000,000);

shall only be determined by the affirmative vote of each member of the Technical Committee and shall not be referred for resolution to the Ivanhoe board of directors or the Ivanhoe shareholders or to Arbitration pursuant to Part 16 of this Agreement.

Resolutions Contractually Binding on the Parties

8.8 Duly passed resolutions of the Technical Committee within the scope of its functions as set out in this Agreement are contractually binding on each party provided that, under no circumstances will the Technical Committee have the power to create any legally binding obligations in favour of third parties on the part of Ivanhoe, Rio Tinto or any of their respective Affiliates.

Meetings

8.9 The Technical Committee shall hold regular meetings at least quarterly in such places as the Technical Committee may agree. The Technical Committee Chair shall give thirty (30) days Notice of such meetings to each member of the Technical Committee. Notice of a meeting given to the parties in accordance with Section 18.1 will be deemed proper and adequate notice to the members

of the Technical Committee. Any member of the Technical Committee may call a special meeting upon fourteen (14) days Notice to the other members. In case of an emergency, reasonable Notice of a special meeting shall suffice. The period of Notice required under this Section 8.9 may be reduced by agreement of a representative of each party entitled to vote at the meeting. Failure to comply with any of the requirements for convening of a meeting of the Technical Committee as set out in this Agreement will, unless the parties otherwise agree, invalidate all of the resolutions passed at that meeting. Subject to the procedural rules set out in this Part 8, the Technical Committee shall establish its own rules for the conduct of its affairs.

Quorum

8.10 There shall be a quorum if a majority of members that includes at least one member representing each of Ivanhoe and Rio Tinto is present. If a quorum is not present within 90 minutes after the time appointed for commencement of a meeting of the Technical Committee, that meeting must be adjourned to the same time and day of the next week at the same place, provided, however, that if either Ivanhoe or Rio Tinto is unrepresented at two consecutive properly called meetings, then a quorum shall exist at the second meeting if the other party is represented by at least one appointed member, and a vote by such party's attending members shall be considered the vote required for the purposes of the conduct of all business for which Notice was properly given, other than in respect of any Special Approval Matters.

Agendas and Minutes

8.11 Each Notice of a meeting of the Technical Committee shall include an itemized agenda prepared by the Technical Committee Chair in the case of a regular meeting or by the member calling the meeting in the case of a special meeting, but any matters may be considered if a member adds the matter to the agenda by Notice to the other members at least five (5) days before the meeting or, at the meeting, with the unanimous consent of all of the members present at the meeting. The Technical Committee Chair shall prepare minutes of all meetings and shall distribute copies of such minutes to the other members as soon as possible and in any event within thirty (30) days after the conclusion of each meeting. Any member may electronically record the proceedings of a meeting with the consent of each of the other members present at the meeting. Each member of the Technical Committee shall sign and return or object to the minutes prepared by the Technical Committee Chair within thirty (30) days after receipt, and failure to do either shall be deemed acceptance of the minutes as prepared by the Technical Committee Chair. The minutes, when signed or deemed accepted by all members, shall be the official record of the decisions made by the Technical Committee. If a member timely objects to minutes proposed by the Technical Committee Chair, the members of the Technical Committee shall seek, for a period not to exceed thirty (30) days from receipt by the Technical Committee Chair of notice of the objections, to agree upon minutes acceptable to all members. If the Technical Committee does not reach agreement on the minutes of the meeting within such thirty (30) day period, the minutes of the meeting as prepared by the Technical Committee Chair together with the changes proposed by other members shall collectively constitute the record of the meeting.

- 37 -

Circulating resolutions

8.12 Without prejudice to Section 8.7, a resolution in writing signed by a member appointed by each party will be as valid as if it had been passed at a duly convened meeting of the Technical Committee. Such resolution may consist of one or several documents executed as counterparts.

Costs

8.13 All costs incurred by a member of the Technical Committee in serving on, and attending meetings of, the Technical Committee shall be borne by the party who appointed such member. If other personnel employed in Operations are required to attend a meeting of the Technical Committee, reasonable costs incurred in connection with such attendance shall be paid by Ivanhoe as expenses related to Operations.

Action Without Meeting in Person

8.14 In lieu of meetings in person, the Technical Committee may conduct meetings by telephone or video conference or by other means of electronic communication by which all persons participating in the meeting are able to hear the entire meeting and be heard by all other persons attending the meeting, in each case as the Technical Committee determines. The meeting shall be deemed to occur in the place where the greatest number of members is present, failing which where the Technical Committee Chair is located. Minutes of such meetings shall be prepared in accordance with Section 8.11.

Matters Requiring Technical Committee Approval

8.15 All Operations will be undertaken pursuant to Programs and Budgets approved by the Technical Committee and, without limiting the generality of the foregoing, none of the following Operations will be undertaken except as approved by the Technical Committee pursuant to a Program and Budget, or otherwise, in accordance with Section 8.6 or Section 8.7, as the case may be:

- (a) Pre-Feasibility Study Operations;
 - (b) Feasibility Study Operations;
 - (c) Development Operations;
 - (d) Mining Operations;
 - (e) Expansion or Modification Operations;
 - (f) Project Financing Operations;
 - (g) any suspension or termination of Operations unless, in the reasonable opinion of the Manager, such suspension or termination is required, in case of emergency, to protect life or property, to protect Ivanhoe's interest in the OT Project or to comply with Applicable Law; and
-

- 38 -

(h) Operations involving any Special Approval Matters.

Notwithstanding the foregoing, if the Technical Committee for any reason fails to adopt a Program and Budget, the Manager shall have the authority, subject only to the direction of the Ivanhoe board of directors, to continue Operations at levels sufficient to maintain any then subsisting Operations and to maintain Ivanhoe's interest in the OT Project in good standing.

Presentation of Programs and Budgets

8.16 Proposed Programs and Budgets shall be prepared by the Manager for a period of one (1) year or any other period as approved by the Technical Committee, and shall be submitted to the Technical Committee for review and consideration. Any proposed Program and Budget may contemplate Pre-Feasibility Study Operations, Feasibility Study Operations, Development Operations, Mining Operations and Expansion or Modification Operations, or any combination thereof, and shall be reviewed and adopted upon a vote of the Technical Committee in accordance with Section 8.6 or Section 8.7, as the case may be. Each Program and Budget adopted by the Technical Committee, regardless of length, shall be reviewed at least once a year at a meeting of the Technical Committee. During the period encompassed by any Program and Budget, and at least three (3) months prior to its expiration, a proposed Program and Budget for the succeeding period shall be prepared by the Manager and submitted to the Technical Committee for review and consideration.

Review and Adoption of Proposed Programs and Budgets

8.17 Within thirty (30) days after submission of a proposed Program and Budget, each of Ivanhoe and Rio Tinto shall submit in writing to the Technical Committee:

- (a) notice that such party approves any or all of the components of the proposed Program and Budget;
- (b) modifications proposed by such party to the components of the proposed Program and Budget; or
- (c) notice that such party rejects any or all of the components of the proposed Program and Budget.

Without prejudice to Section 8.7, if a party fails to give any of the foregoing responses within the allotted time, the failure shall be deemed to be a vote by such party for adoption of the Manager's proposed Program and Budget. If a party makes a timely submission to the Technical Committee requesting modifications to, or rejecting, a proposed Program and Budget, then the parties, acting through their respective representatives on the Technical Committee, shall seek for a period of time not to exceed twenty (20) days to develop a complete Program and Budget acceptable to both parties. The Technical Committee Chair shall then call a Technical Committee meeting in accordance with Section 8.9 for purposes of reviewing and voting upon the proposed Program and Budget, provided however that the Technical Committee shall make the final determination of the Program and Budget notwithstanding the inability to accommodate a party's objections.

Information and Access

8.18 The party who is, from time to time, entitled to appoint the Manager (the managing party) shall keep the members of the Technical Committee advised of all Operations by submitting in writing to the members of the Technical Committee:

- (a) monthly progress reports that include statements of expenditures and comparisons of such expenditures to the adopted Budget;
- (b) quarterly summaries of geological and other technical data acquired;
- (c) copies of reports concerning Operations;
- (d) a detailed final report within ninety (90) days after completion of each Program and Budget, which shall include comparisons between actual and budgeted expenditures and comparisons between the objectives and results of Programs;
- (e) quarterly technical, exploration, community relations and health, safety and environmental reports in respect of the OT Project;
- (f) copies of any reports submitted to any Governmental Authority and quarterly summaries of all communications with Governmental Authorities (other than reports submitted to, or communications, with Governmental Authorities pursuant to Securities Laws); and
- (g) such other reports as any member of the Technical Committee may reasonably request.

Subject to Part 17, at all reasonable times the managing party shall keep the other party (the non-managing party) fully informed of Operations and shall provide the non-managing party s representative on the Technical Committee, or another representative of the non-managing party upon the request of one of the non-managing party s members of the Technical Committee, access to, and the right to inspect and, at the non-managing party s cost and expense, copies of all maps, drill logs and other drilling data, core, pulps, reports, surveys, assays, analyses, production reports, operations, technical, accounting and financial records, and other Confidential Information, to the extent preserved or kept by the managing party, subject to Part 17. In addition, the managing party shall allow the non-managing party, at the non-managing party s sole risk, cost and expense, and subject to reasonable safety regulations, to inspect the Operations at all reasonable times, so long as the non-managing party does not unreasonably interfere with Operations.

No Illegal Delegation or Limitation of Authority

8.19 The rights and powers of the Technical Committee are derived solely from, and do not exceed those specifically contemplated by, the terms of this Agreement. Under no circumstances will anything in this Part 8 be construed as:

- (a) a delegation by the Ivanhoe board of directors to the Technical Committee of any of the powers of the Ivanhoe board of directors that is contrary to Applicable Law; or
-

- 40 -

(b) other than with respect to Operations, a limitation on the authority of the Ivanhoe board of directors under Applicable Law to manage the business and affairs of Ivanhoe, provided that Ivanhoe will effect and carry out, and cause its Subsidiaries to effect and carry out, any decision of the Technical Committee unless the Ivanhoe board of directors in good faith determines that a reasonable basis exists for the conclusion, and a majority of the directors of Ivanhoe conclude, that an approval, ratification, acquiescence or act related to such decision would be contrary to Applicable Law.

Nothing in this Section 8.19 is intended to, or will, limit Rio Tinto from pursuing any and all legal or equitable remedies available to it under Applicable Law for any breach by Ivanhoe of its obligations under this Agreement including, without limitation, Section 8.8.

For greater certainty, nothing in this Part 8 is intended, or will, grant to any member of the Technical Committee the powers of, or the authority to act as, a director of Ivanhoe or any of its Subsidiaries.

Permitted Disclosure of Confidential Information

17.2 Either party may disclose Confidential Information to a party's Representatives, for the sole purpose of such party's exercise of its rights and performance of its obligations under this Agreement and the performance of purely internal corporate control functions. The party disclosing Confidential Information pursuant to this Section 17.2 will disclose such Confidential Information to only those Representatives who have a bona fide need to have access to such Confidential Information for the purpose for which disclosure to such parties is permitted under this Section 17.2 and who have knowledge of the requirement to protect the Confidential Information from further disclosure, and who have agreed with the disclosing party to use such Confidential Information solely for such purpose and to otherwise observe the provisions of this Part 17. 2. Exercise Period

2.1 The Series A Warrants shall be exercisable during the Exercise Period.

3. Expiry Time

3.1 After the Expiry Time, all rights under any Series A Warrants evidenced hereby which remain unexercised at the Expiry Time shall wholly cease and terminate and such Series A Warrants shall be null and void and of no value or effect.

4. Exercise Procedure

4.1 The Holder may exercise its rights hereunder to purchase Common Shares during the Exercise Period by delivering to the Company in accordance with Part 24 hereof:

- (a) this Series A Warrant certificate, with the Subscription Form duly completed and executed by the Holder or its legal representative or attorney, duly appointed by an instrument in writing in form and manner satisfactory to the Company; and
- (b) a bank draft or certified cheque payable, or wire transfer confirmation in writing evidencing payment, to the order of the Company, in lawful money of the United States of America an amount equal to the product of the then prevailing Exercise Price multiplied by the number of Common Shares stipulated in the Subscription Form as being subscribed for pursuant to the exercise of the Series A Warrants evidenced by this Series A Warrant certificate.

5. Entitlement to Certificate

5.1 Upon delivery and payment as provided in Part 4, the Company shall cause to be issued to the Holder the Common Shares subscribed for up to the maximum number that the Holder is entitled to purchase pursuant to this Series A Warrant certificate and the Holder shall become a shareholder of the Company in respect of such Common Shares with effect from the date of such delivery and payment and shall be entitled to delivery of a certificate or certificates evidencing such Common Shares and the Company shall cause such certificate or certificates to be delivered to the Holder in accordance with Part 24 hereof within three (3) Business Days of such delivery and payment.

6. Partial Exercise

6.1 The Holder may subscribe for and purchase a number of Common Shares less than the number

- 6 -

the Holder is entitled to purchase pursuant to this Series A Warrant certificate. In the event of any such partial subscription and purchase prior to the Expiry Time, the Holder shall be entitled to receive, without charge, a new Series A Warrant certificate in respect of the balance of the Common Shares of which the Holder was entitled to purchase pursuant to this Series A Warrant certificate and which were then not purchased.

7. No Fractional Shares

7.1 Notwithstanding any adjustments provided for in Part 10 hereof or otherwise, the Company shall not be required upon the exercise of any Series A Warrants, to issue fractional Common Shares in satisfaction of its obligations hereunder. To the extent that the Holder would be entitled to purchase a fraction of a Common Share, such right may be exercised in respect of such fraction only in combination with other rights which, in the aggregate, entitle the Holder to purchase a whole number of Common Shares.

8. Not a Shareholder

8.1 Nothing in this Series A Warrant certificate or in the holding of the Series A Warrants evidenced hereby shall be construed as conferring upon the Holder any right or interest whatsoever as a shareholder of the Company.

9. Covenants

9.1 The Company hereby covenants and agrees that:

- (a) so long as any Series A Warrants evidenced hereby remain outstanding, it shall reserve and there shall remain unissued out of its authorized capital a sufficient number of Common Shares to satisfy the maximum right of purchase provided for herein;
- (b) all Common Shares which shall be issued upon the exercise of any Series A Warrants hereunder shall, upon payment therefor of the then prevailing Exercise Price, be issued as fully paid and non-assessable Common Shares; and
- (c) it will at its expense expeditiously use its best efforts to obtain the listing of such Common Shares (subject to issue and notice of issue) on each stock exchange, securities market or over-the-counter market on which the Common Shares may be listed from time to time.

10. Adjustment to Exercise Price

10.1 The Exercise Price in effect at any time is subject to adjustment from time to time in the events and in the manner provided in this Part 10.

- 7 -

10.2 If, and whenever at any time after the date hereof, the Company:

- (a) issues Common Shares or securities exchangeable for or convertible into Common Shares to all or substantially all the holders of the Common Shares as a stock dividend; or
- (b) makes a distribution on its outstanding Common Shares payable in Common Shares or securities exchangeable for or convertible into Common Shares; or
- (c) subdivides its outstanding Common Shares into a greater number of shares; or
- (d) consolidates its outstanding Common Shares into a lesser number of shares;

(any of such events being called a Common Share Reorganization), then the Exercise Price will be adjusted effective immediately after the effective date or record date, whichever is earlier, for the happening of a Common Share Reorganization at which the holders of Common Shares are determined for the purpose of the Common Share Reorganization by multiplying the Exercise Price in effect immediately prior to such effective date or record date by a fraction, the numerator of which is the number of Common Shares outstanding on such effective date or record date before giving effect to such Common Share Reorganization and the denominator of which is the number of Common Shares outstanding immediately after giving effect to such Common Share Reorganization (including, in the case where securities exchangeable for or convertible into Common Shares are distributed, the number of Common Shares that would have been outstanding had all such securities been exchanged for or converted into Common Shares on such effective date or record date).

10.3 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.2 as a result of the fixing by the Company of a record date for the distribution of securities exchangeable for or convertible into Common Shares, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange or conversion right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right. If the Holder has not exercised all of the Series A Warrants on or prior to the record date of any stock dividend or distribution or the effective date of any subdivision or consolidation, as the case may be, upon the exercise of such Series A Warrants thereafter, the Holder shall be entitled to receive and shall accept in lieu of the number of Common Shares then subscribed for and purchased by the Holder, at the Exercise Price determined in accordance with Section 10.2, the aggregate number of Common Shares that the Holder would have been entitled to receive as a result of such Common Share Reorganization, if, on such record date or effective date, as the case may be, the Holder had been the holder of record of the number of Common Shares so subscribed for and purchased.

10.4 If, and whenever at any time after the date hereof, the Company fixes a record date for the issue of rights, options or warrants to the holders of all or substantially all of its outstanding Common Shares under which such holders are entitled to subscribe for or purchase Common Shares or securities exchangeable for or convertible into Common Shares, where:

- 8 -

- (a) the right to subscribe for or purchase Common Shares, or the right to exchange securities for or convert securities into Common Shares, expires not more than forty five (45) days after the date of such issue (the period from the record date to the date of expiry being referred to as the Rights Period); and
- (b) the cost per Common Share during the Rights Period (inclusive of any cost or acquisition of securities exchangeable for or convertible into Common Shares in addition to any direct cost of Common Shares) (such cost being referred to as the Per Share Cost) is less than 95% of the Current Market Price of the Common Shares on the record date;

(any of such events being referred to as a Rights Offering), then the Exercise Price will be adjusted to a price determined in accordance with Section 10.5.

10.5 In the event of a Rights Offering, the Exercise Price will be adjusted effective immediately after the end of the Rights Period to a price determined by multiplying the Exercise Price in effect immediately prior to the end of the Rights Period by a fraction:

- (a) the numerator of which is the aggregate of:
 - (i) the number of Common Shares outstanding as of the record date for the Rights Offering; and
 - (ii) a number determined by dividing the product of the Per Share Cost and:
 - A. where the event giving rise to the application of this Section 10.5 was the issue of rights, options or warrants to the holders of Common Shares under which such holders are entitled to subscribe for or purchase additional Common Shares, the number of Common Shares so subscribed for or purchased during the Rights Period, or
 - B. where the event giving rise to the application of this Section 10.5 was the issue of rights, options or warrants to the holders of Common Shares under which such holders are entitled to subscribe for or purchase securities exchangeable for or convertible into Common Shares, the number of Common Shares for which those securities so subscribed for or purchased during the Rights Period could have been exchanged or into which they could have been converted,by the Current Market Price of the Common Shares as of the record date for the Rights Offering; and
 - (b) the denominator of which is
-

- 9 -

- (i) in the case described in subsection 10.5(a)(ii)A., the number of Common Shares outstanding, or
- (ii) in the case described in subsection 10.5(a)(ii)B., the number of Common Shares that would be outstanding if all the Common Shares described in subsection 10.5(a)(ii)B. had been issued,

as at the end of the Rights Period.

Any Common Shares owned by or held for the account of the Company or any Subsidiary of the Company will be deemed not to be outstanding for the purpose of any such computation.

10.6 If, by the terms of any rights, options or warrants referred to in this Part 10, there is more than one purchase, conversion or exchange price per Common Share, the Per Share Cost will be calculated for purposes of the adjustment with reference to the aggregate price of the total number of additional Common Shares offered for subscription or purchase, or the aggregate conversion or exchange price of the convertible securities so offered, on the basis of the lowest purchase, conversion or exchange price per Common Share, as the case may be.

10.7 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.5 as a result of the the issue or distribution of rights, options or warrants referred to in Section 10.5, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange, conversion or exercise right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right.

10.8 If the Holder has exercised any Series A Warrants in accordance herewith during the period beginning immediately after the record date for a Rights Offering and ending on the last day of the Rights Period therefor, the Holder will, in addition to the Common Shares to which it is otherwise entitled upon such exercise, be entitled to that number of additional Common Shares equal to the result obtained when the difference, if any, between:

(a) the Exercise Price in effect immediately prior to the end of such Rights Offering; and

(b) the Exercise Price as adjusted hereunder for such Rights Offering;

is multiplied by the number of Common Shares received upon the exercise of such Series A Warrants during such period, and the resulting product is divided by the Exercise Price as adjusted hereunder for such Rights Offering, provided that the provisions of Section 7.1 will be applicable to any fractional interest in a Common Share to which the Holder might otherwise be entitled. Such additional Common Shares will be deemed to have been issued to the Holder immediately following the end of the Rights Period and a certificate for such additional Common Shares will be delivered to the Holder within ten (10) Business Days following the end of the Rights Period.

- 10 -

10.9 If, and whenever at any time after the date hereof, the Company fixes a record date for the issue or the distribution to the holders of all or substantially all of its Common Shares of:

- (a) shares of the Company of any class other than Common Shares,
- (b) rights, options or warrants to acquire:
 - (i) Common Shares or securities exchangeable for or convertible into Common Shares (other than rights, options or warrants of the nature described in Section 10.4), or
 - (ii) shares other than Common Shares or securities exchangeable for or convertible into shares other than Common Shares or property or other assets of the Company,
- (c) evidences of indebtedness, or
- (d) any property or other assets

and if such issuance or distribution does not constitute a Common Share Reorganization or a Rights Offering (any of such non-excluded events being referred to as a Special Distribution), the Exercise Price will be adjusted in accordance with Section 10.10.

10.10 In the event of a Special Distribution, the Exercise Price will be adjusted effective immediately after the record date for the Special Distribution to a price determined by multiplying the Exercise Price in effect on such record date by a fraction:

- (a) the numerator of which is:
 - (i) the product of the number of Common Shares outstanding on such record date and the Current Market Price of the Common Shares on such record date; less
 - (ii) the aggregate fair market value (as determined by the board of directors of the Company, acting reasonably and in good faith) to the holders of the Common Shares of such securities or property or other assets so issued or distributed in the Special Distribution; and
- (b) the denominator of which is the number of Common Shares outstanding on such record date multiplied by the Current Market Price of the Common Shares on such record date.

Any Common Shares owned by or held for the account of the Company or any Subsidiary of the

- 11 -

Company will be deemed not to be outstanding for the purpose of any such computation.

10.11 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.10 as a result of the the issue or distribution of rights, options or warrants referred to in Section 10.10, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange, conversion or exercise right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right.

10.12 If, and whenever at any time after the date hereof, there is a reclassification or redesignation of the Common Shares outstanding at any time or change of the Common Shares into other shares or into other securities (other than a Common Share Reorganization), or a consolidation, amalgamation or merger of the Company with or into any other corporation or other entity (other than a consolidation, amalgamation or merger which does not result in any reclassification or redesignation of the outstanding Common Shares or a change of the Common Shares into other shares), or a transfer of the undertaking or assets of the Company as an entirety or substantially as an entirety to another corporation or other entity (any of such events being referred to as a Capital Reorganization), the Holder, upon exercising any Series A Warrants after the effective date of such Capital Reorganization, will be entitled to receive in lieu of the number of Common Shares to which such Holder was theretofore entitled upon such exercise, the aggregate number of shares, other securities or other property which the Holder would have been entitled to receive as a result of such Capital Reorganization if, on the effective date thereof, the Holder had been the registered holder of the number of Common Shares to which such Holder was theretofore entitled upon exercise of such Series A Warrants.

10.13 If, and whenever at any time after the date hereof, there is a Common Share Reorganization, a Rights Offering or a Special Distribution, that results in an adjustment pursuant to Sections 10.2, 10.5 or 10.10, as the case may be, or a readjustment pursuant to Sections 10.3, 10.7 or 10.11, as the case may be, in the Exercise Price, then the number of Common Shares acquirable upon the subsequent exercise of the Series A Warrants shall be simultaneously adjusted or readjusted, as the case may be, by multiplying the number of Common Shares acquirable upon the exercise of the Series A Warrants immediately prior to such adjustment or readjustment by a fraction which shall be the reciprocal of the fraction used in the adjustment or readjustment of the Exercise Price.

11. Rules Regarding Calculation of Adjustment of Exercise Price

11.1 The adjustments provided for in Part 10 are cumulative and will, in the case of adjustments to the Exercise Price, be computed to the nearest one-tenth of one cent and will be made successively whenever an event referred to therein occurs, subject to the following provisions of this Part 11.

11.2 No adjustment in the Exercise Price is required to be made unless such adjustment would result in a change of at least 1% in the prevailing Exercise Price; provided, however, that any adjustments which, except for the provisions of this Section 11.2, would otherwise have been required to be made, will be carried forward and taken into account in any subsequent adjustments.

- 12 -

11.3 No adjustment in the Exercise Price (or in the number of Common Shares acquirable upon the exercise of the Series A Warrants pursuant to Section 10.13) will be made in respect of any event described in Part 10, other than the events referred to in subsections 10(2)(c) and (d), if the Holder is entitled to participate in such event on the same terms, mutatis mutandis, as if the Holder had exercised its Series A Warrants prior to or on the effective date or record date of such event, or if the Company makes adequate provision for the Holder to participate in such event on the same terms or with the same effect, mutatis mutandis, upon the subsequent exercise of the Series A Warrants (the adequacy of such provisions to be determined by the Holder in its sole discretion, acting reasonably).

11.4 No adjustment in the Exercise Price will be made under Part 10 in respect of the issue from time to time of Common Shares as dividends paid in the ordinary course to holders of Common Shares who exercise an option or election to receive substantially equivalent dividends in Common Shares in lieu of receiving a cash dividend, and any such issue will be deemed not to be a Common Share Reorganization.

11.5 If at any time a dispute arises with respect to adjustments provided for in Part 10, such dispute will be conclusively determined by the auditors of the Company or if they are unable or unwilling to act, by such other firm of independent chartered accountants as may be selected by the board of directors of the Company, acting reasonably and in good faith, and any such determination will be binding upon the Company, the Holder and the shareholders of the Company.

11.6 If, and whenever at any time after the date hereof, the Company takes any action affecting the Common Shares, other than action described in Part 10, which in the opinion of the board of directors of the Company, acting reasonably and in good faith, would materially affect the rights of the Holder, the Exercise Price will be adjusted in such manner, if any, and at such time, by action of the board of directors of the Company, acting reasonably and in good faith, but subject in all cases to any necessary Exchange approval or other regulatory approval. Failure by the board of directors of the Company to take action so as to provide for an adjustment on or prior to the effective date of any action by the Company affecting the Common Shares will be conclusive evidence that the board of directors of the Company has determined that it is equitable to make no adjustment in the circumstances.

11.7 If the Company sets a record date to determine the holders of the Common Shares for the purpose of entitling them to receive any dividend or distribution or sets a record date to take any other action and, thereafter and before the distribution to such shareholders of any such dividend or distribution or the taking of any other action, decides not to implement its plan to pay or deliver such dividend or distribution or take such other action, then no adjustment in the Exercise Price will be required by reason of the setting of such record date.

11.8 In the absence of a resolution of the board of directors of the Company fixing a record date for a Special Distribution or Rights Offering, the Company will be deemed to have fixed as the record date therefor the date on which the Special Distribution or Rights Offering is effected.

11.9 As a condition precedent to the taking of any action which would require any adjustment to the Series A Warrants, including the Exercise Price, the Company must take any corporate action which may be necessary in order that the Company have unissued and reserved in its authorized

- 13 -

capital, and may validly and legally issue as fully paid and non-assessable, all the shares or other securities which the Holder is entitled to receive on the full exercise thereof in accordance with the provisions hereof.

11.10 The Company will from time to time, immediately after the occurrence of any event which requires an adjustment or readjustment as provided in Part 10, forthwith give notice to the Holder specifying the event requiring such adjustment or readjustment and the results thereof, including the resulting Exercise Price.

11.11 The Company covenants to and in favour of the Holder that so long as any Series A Warrants remain outstanding, it will give notice to the Holder of its intention to fix a record date for any Common Share Reorganization (other than the subdivision or consolidation of the Common Shares), Rights Offering or Special Distribution which may give rise to an adjustment in the Exercise Price, and, in each case, such notice must specify the particulars of such event and the record date and the effective date for such event; provided that the Company is only required to specify in such notice such particulars of such event as have been fixed and determined on the date on which such notice is given. Such notice must be given not less than fourteen (14) days in each case prior to such applicable record date or effective date.

12. Consolidation and Amalgamation

12.1 The Company shall not enter into any transaction whereby all or substantially all of its undertaking, property and assets would become the property of any other corporation (herein called a "successor corporation") whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale, disposition or otherwise, unless prior to or contemporaneously with the consummation of such transaction the Company and the successor corporation shall have executed such instruments and done such things as, in the opinion of counsel to the Holder, are necessary or advisable to establish that upon the consummation of such transaction:

- (a) the successor corporation will have assumed all the covenants and obligations of the Company under this Series A Warrant certificate; and
- (b) this Series A Warrant certificate will be a valid and binding obligation of the successor corporation entitling the Holder, as against the successor corporation, to all the rights of the Holder under this Series A Warrant certificate.

12.2 Whenever the conditions of Section 12.1 shall have been duly observed and performed the successor corporation shall possess, and from time to time may exercise, each and every right and power of the Company under this Series A Warrant certificate in the name of the Company or otherwise and any act or proceeding by any provision hereof required to be done or performed by any director or officer of the Company may be done and performed with like force and effect by the like directors or officers of the successor corporation.

13. Representation and Warranty

- 14 -

13.1 The Company hereby represents and warrants with and to the Holder that the Company is duly authorized and has the corporate and lawful power and authority to create and issue the Series A Warrants represented hereby and the Common Shares issuable upon the exercise hereof and to perform its obligations hereunder and that this Series A Warrant certificate represents a valid, legal and binding obligation of the Company enforceable in accordance with its terms.

14. If Share Transfer Books Closed

14.1 The Company shall not be required to deliver certificates for Common Shares while the share transfer books of the Company are properly closed, prior to any meeting of shareholders or for the payment of dividends or for any other purpose and, in the event of the exercise of any Series A Warrants in accordance with the provisions hereof and the making of any subscription and payment for the Common Shares pursuant thereto during any such period, delivery of certificates for Common Shares may be postponed for a period not exceeding three (3) Business Days after the date of the re-opening of said share transfer books. Provided however that any such postponement of delivery of certificates shall be without prejudice to the right of the Holder, if the Holder has exercised any Series A Warrants and made payment during such period, to receive such certificates for the Common Shares subscribed for after the share transfer books shall have been re-opened.

15. Protection of Shareholders, Officers and Directors

15.1 Subject as herein provided, all or any of the rights conferred upon the Holder may be enforced by the Holder by appropriate legal proceedings. No recourse under or upon any obligation, covenant or agreement herein contained or in any of the Series A Warrants represented hereby shall be taken against any shareholder, officer or director of the Company, either directly or through the Company, it being expressly agreed and declared that the obligations under the Series A Warrants evidenced hereby, are solely corporate obligations of the Company and that no personal liability whatever shall attach to or be incurred by the shareholders, officers, or directors of the Company or any of them in respect thereof, any and all rights and claims against every such shareholder, officer or director being hereby expressly waived as a condition of and as a consideration for the issue of the Series A Warrants evidenced hereby.

16. Lost Certificate

16.1 If the Series A Warrant certificate evidencing the Series A Warrants represented hereby becomes stolen, lost, mutilated or destroyed, the Company may, upon delivery to it by the Holder of an appropriate indemnity, issue and countersign a new Series A Warrant certificate of like denomination, tenor and date as the certificate so stolen, lost mutilated or destroyed.

17. Governing Law

17.1 This Warrant shall be governed by, and construed in accordance with, the laws of the Province of British Columbia and the laws of Canada applicable therein but the reference to such laws shall not, by conflict of laws rules or otherwise, require the application of the law of any jurisdiction other than the Province of British Columbia.

18. **Severability**

18.1 If any one or more of the provisions or parts thereof contained in this Series A Warrant certificate should be or become invalid, illegal or unenforceable in any respect in any jurisdiction, the remaining provisions or parts thereof contained herein shall be and shall be conclusively deemed to be, as to such jurisdiction, severable therefrom and:

- (a) the validity, legality or enforceability of such remaining provisions or parts thereof shall not in any way be affected or impaired by the severance of the provisions or parts thereof severed; and
- (b) the invalidity, illegality or unenforceability of any provision or part thereof contained in this Series A Warrant certificate in any jurisdiction shall not affect or impair such provision or part thereof or any other provisions of this Series A Warrant certificate in any other jurisdiction.

21. **Day not a Business Day**

21.1 In the event that any day on or before which any action is required to be taken hereunder is not a Business Day, then such action shall be required to be taken on or before the requisite time on the next succeeding day that is a Business Day. If the payment of any amount is deferred for any period, then such period shall be included for purposes of the computation of any interest payable hereunder.

22. **Computation of Time Period**

22.1 Except to the extent otherwise provided herein, in the computation of a period of time from a specified date to a later specified date, the word "from" means "from and including" and the words "to" and "until" each mean "to but excluding".

23. Binding Effect

23.1 This Warrant and all of its provisions shall enure to the benefit of the Holder, and their respective heirs, executors, administrators, successors, legal representatives and assigns and shall be binding upon the Company and its successors and permitted assigns. 25. Time of Essence

25.1 Time shall be of the essence hereof.

26. Limited Transferability of Warrants

26.1 The Series A Warrants represented by this Series A Warrant certificate are non-transferable other than to any person who is a member of the Rio Tinto Group who covenants and agrees in writing with the Company to assume all of the Holder's obligations under the Private Placement Agreement in respect of the Series A Warrants or any Common Shares acquired by it.

2. Exercise Period

2.1 The Series B Warrants shall be exercisable during the Exercise Period.

3. Expiry Time

3.1 After the Expiry Time, all rights under any Series B Warrants evidenced hereby which remain unexercised at the Expiry Time shall wholly cease and terminate and such Series B Warrants shall be null and void and of no value or effect.

4. Exercise Procedure

4.1 The Holder may exercise its rights hereunder to purchase Common Shares during the Exercise Period by delivering to the Company in accordance with Part 24 hereof:

- (a) this Series B Warrant certificate, with the Subscription Form duly completed and executed by the Holder or its legal representative or attorney, duly appointed by an instrument in writing in form and manner satisfactory to the Company; and

Holder the Common Shares subscribed for up to the maximum number that the Holder is entitled to purchase pursuant to this Series B Warrant certificate and the Holder shall become a shareholder of the Company in respect of such Common Shares with effect from the date of such delivery and payment and shall be entitled to delivery of a certificate or certificates evidencing such Common Shares and the Company shall cause such certificate or certificates to be delivered to the Holder in accordance with Part 24 hereof within three (3) Business Days of such delivery and payment.

6. Partial Exercise

6.1 The Holder may subscribe for and purchase a number of Common Shares less than the number the Holder is entitled to purchase pursuant to this Series B Warrant certificate. In the event of any such partial subscription and purchase prior to the Expiry Time, the Holder shall be entitled to receive, without charge, a new Series B Warrant certificate in respect of the balance of the Common Shares of which the Holder was entitled to purchase pursuant to this Series B Warrant certificate and which were then not purchased.

7. No Fractional Shares

7.1 Notwithstanding any adjustments provided for in Part 10 hereof or otherwise, the Company shall not be required upon the exercise of any Series B Warrants, to issue fractional Common Shares in satisfaction of its obligations hereunder. To the extent that the Holder would be entitled to purchase a fraction of a Common Share, such right may be exercised in respect of such fraction only in combination with other rights which, in the aggregate, entitle the Holder to purchase a whole number of Common Shares.

8. Not a Shareholder

8.1 Nothing in this Series B Warrant certificate or in the holding of the Series B Warrants evidenced hereby shall be construed as conferring upon the Holder any right or interest whatsoever as a shareholder of the Company.

9. Covenants

9.1 The Company hereby covenants and agrees that:

- (a) so long as any Series B Warrants evidenced hereby remain outstanding, it shall reserve and there shall remain unissued out of its authorized capital a sufficient number of Common Shares to satisfy the maximum right of purchase provided for herein;
 - (b) all Common Shares which shall be issued upon the exercise of any Series B Warrants hereunder shall, upon payment therefor of the then prevailing Exercise Price, be issued as fully paid and non-assessable Common Shares; and
-

- 7 -

- (c) it will at its expense expeditiously use its best efforts to obtain the listing of such Common Shares (subject to issue and notice of issue) on each stock exchange, securities market or over-the-counter market on which the Common Shares may be listed from time to time.

10. **Adjustment to Exercise Price**

10.1 The Exercise Price in effect at any time is subject to adjustment from time to time in the events and in the manner provided in this Part 10.

10.2 If, and whenever at any time after the date hereof, the Company:

- (a) issues Common Shares or securities exchangeable for or convertible into Common Shares to all or substantially all the holders of the Common Shares as a stock dividend; or
- (b) makes a distribution on its outstanding Common Shares payable in Common Shares or securities exchangeable for or convertible into Common Shares; or

- (c) subdivides its outstanding Common Shares into a greater number of shares; or

- (d) consolidates its outstanding Common Shares into a lesser number of shares;

(any of such events being called a Common Share Reorganization), then the Exercise Price will be adjusted effective immediately after the effective date or record date, whichever is earlier, for the happening of a Common Share Reorganization at which the holders of Common Shares are determined for the purpose of the Common Share Reorganization by multiplying the Exercise Price in effect immediately prior to such effective date or record date by a fraction, the numerator of which is the number of Common Shares outstanding on such effective date or record date before giving effect to such Common Share Reorganization and the denominator of which is the number of Common Shares outstanding immediately after giving effect to such Common Share Reorganization (including, in the case where securities exchangeable for or convertible into Common Shares are distributed, the number of Common Shares that would have been outstanding had all such securities been exchanged for or converted into Common Shares on such effective date or record date).

10.3 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.2 as a result of the fixing by the Company of a record date for the distribution of securities exchangeable for or convertible into Common Shares, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange or conversion right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right. If the Holder has not exercised all of the Series B Warrants on or prior to the record date of any stock dividend or distribution or the effective date of any subdivision or consolidation, as the case may be, upon the exercise of such Series B Warrants thereafter, the Holder shall be entitled to receive and shall accept in lieu of the

- 8 -

number of Common Shares then subscribed for and purchased by the Holder, at the Exercise Price determined in accordance with Section 10.2, the aggregate number of Common Shares that the Holder would have been entitled to receive as a result of such Common Share Reorganization, if, on such record date or effective date, as the case may be, the Holder had been the holder of record of the number of Common Shares so subscribed for and purchased.

10.4 If, and whenever at any time after the date hereof, the Company fixes a record date for the issue of rights, options or warrants to the holders of all or substantially all of its outstanding Common Shares under which such holders are entitled to subscribe for or purchase Common Shares or securities exchangeable for or convertible into Common Shares, where:

- (a) the right to subscribe for or purchase Common Shares, or the right to exchange securities for or convert securities into Common Shares, expires not more than forty five (45) days after the date of such issue (the period from the record date to the date of expiry being referred to as the Rights Period); and
- (b) the cost per Common Share during the Rights Period (inclusive of any cost or acquisition of securities exchangeable for or convertible into Common Shares in addition to any direct cost of Common Shares) (such cost being referred to as the Per Share Cost) is less than 95% of the Current Market Price of the Common Shares on the record date;

(any of such events being referred to as a Rights Offering), then the Exercise Price will be adjusted to a price determined in accordance with Section 10.5.

10.5 In the event of a Rights Offering, the Exercise Price will be adjusted effective immediately after the end of the Rights Period to a price determined by multiplying the Exercise Price in effect immediately prior to the end of the Rights Period by a fraction:

- (a) the numerator of which is the aggregate of:
 - (i) the number of Common Shares outstanding as of the record date for the Rights Offering; and
 - (ii) a number determined by dividing the product of the Per Share Cost and:
 - A. where the event giving rise to the application of this Section 10.5 was the issue of rights, options or warrants to the holders of Common Shares under which such holders are entitled to subscribe for or purchase additional Common Shares, the number of Common Shares so subscribed for or purchased during the Rights Period, or
 - B. where the event giving rise to the application of this Section 10.5 was the issue of rights, options or warrants to the holders of Common

- 9 -

Shares under which such holders are entitled to subscribe for or purchase securities exchangeable for or convertible into Common Shares, the number of Common Shares for which those securities so subscribed for or purchased during the Rights Period could have been exchanged or into which they could have been converted,

by the Current Market Price of the Common Shares as of the record date for the Rights Offering; and

(b) the denominator of which is

(i) in the case described in subsection 10.5(a)(ii)A., the number of Common Shares outstanding, or

(ii) in the case described in subsection 10.5(a)(ii)B., the number of Common Shares that would be outstanding if all the Common Shares described in subsection 10.5(a)(ii)B. had been issued,

as at the end of the Rights Period.

Any Common Shares owned by or held for the account of the Company or any Subsidiary of the Company will be deemed not to be outstanding for the purpose of any such computation.

10.6 If, by the terms of any rights, options or warrants referred to in this Part 10, there is more than one purchase, conversion or exchange price per Common Share, the Per Share Cost will be calculated for purposes of the adjustment with reference to the aggregate price of the total number of additional Common Shares offered for subscription or purchase, or the aggregate conversion or exchange price of the convertible securities so offered, on the basis of the lowest purchase, conversion or exchange price per Common Share, as the case may be.

10.7 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.5 as a result of the the issue or distribution of rights, options or warrants referred to in Section 10.5, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange, conversion or exercise right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right.

10.8 If the Holder has exercised any Series B Warrants in accordance herewith during the period beginning immediately after the record date for a Rights Offering and ending on the last day of the Rights Period therefor, the Holder will, in addition to the Common Shares to which it is otherwise entitled upon such exercise, be entitled to that number of additional Common Shares equal to the result obtained when the difference, if any, between:

(a) the Exercise Price in effect immediately prior to the end of such Rights Offering; and

- 10 -

(b) the Exercise Price as adjusted hereunder for such Rights Offering; is multiplied by the number of Common Shares received upon the exercise of such Series B Warrants during such period, and the resulting product is divided by the Exercise Price as adjusted hereunder for such Rights Offering, provided that the provisions of Section 7.1 will be applicable to any fractional interest in a Common Share to which the Holder might otherwise be entitled. Such additional Common Shares will be deemed to have been issued to the Holder immediately following the end of the Rights Period and a certificate for such additional Common Shares will be delivered to the Holder within ten (10) Business Days following the end of the Rights Period.

10.9 If, and whenever at any time after the date hereof, the Company fixes a record date for the issue or the distribution to the holders of all or substantially all of its Common Shares of:

- (a) shares of the Company of any class other than Common Shares,
- (b) rights, options or warrants to acquire:
 - (i) Common Shares or securities exchangeable for or convertible into Common Shares (other than rights, options or warrants of the nature described in Section 10.4), or
 - (ii) shares other than Common Shares or securities exchangeable for or convertible into shares other than Common Shares or property or other assets of the Company,
- (c) evidences of indebtedness, or
- (d) any property or other assets

and if such issuance or distribution does not constitute a Common Share Reorganization or a Rights Offering (any of such non-excluded events being referred to as a Special Distribution), the Exercise Price will be adjusted in accordance with Section 10.10.

10.10 In the event of a Special Distribution, the Exercise Price will be adjusted effective immediately after the record date for the Special Distribution to a price determined by multiplying the Exercise Price in effect on such record date by a fraction:

- (a) the numerator of which is:
 - (i) the product of the number of Common Shares outstanding on such record date and the Current Market Price of the Common Shares on such record date; less
-

- 11 -

- (ii) the aggregate fair market value (as determined by the board of directors of the Company, acting reasonably and in good faith) to the holders of the Common Shares of such securities or property or other assets so issued or distributed in the Special Distribution; and
- (b) the denominator of which is the number of Common Shares outstanding on such record date multiplied by the Current Market Price of the Common Shares on such record date.

Any Common Shares owned by or held for the account of the Company or any Subsidiary of the Company will be deemed not to be outstanding for the purpose of any such computation.

10.11 To the extent that any adjustment in the Exercise Price occurs pursuant to Section 10.10 as a result of the the issue or distribution of rights, options or warrants referred to in Section 10.10, the Exercise Price shall be readjusted immediately after the expiry of any relevant exchange, conversion or exercise right to the Exercise Price which would then be in effect based upon the number of Common Shares actually issued and remaining issuable after such expiry and shall be further readjusted in such manner upon the expiry of any further such right.

10.12 If, and whenever at any time after the date hereof, there is a reclassification or redesignation of the Common Shares outstanding at any time or change of the Common Shares into other shares or into other securities (other than a Common Share Reorganization), or a consolidation, amalgamation or merger of the Company with or into any other corporation or other entity (other than a consolidation, amalgamation or merger which does not result in any reclassification or redesignation of the outstanding Common Shares or a change of the Common Shares into other shares), or a transfer of the undertaking or assets of the Company as an entirety or substantially as an entirety to another corporation or other entity (any of such events being referred to as a Capital Reorganization), the Holder, upon exercising any Series B Warrants after the effective date of such Capital Reorganization, will be entitled to receive in lieu of the number of Common Shares to which such Holder was theretofore entitled upon such exercise, the aggregate number of shares, other securities or other property which the Holder would have been entitled to receive as a result of such Capital Reorganization if, on the effective date thereof, the Holder had been the registered holder of the number of Common Shares to which such Holder was theretofore entitled upon exercise of such Series B Warrants.

10.13 If, and whenever at any time after the date hereof, there is a Common Share Reorganization, a Rights Offering or a Special Distribution, that results in an adjustment pursuant to Sections 10.2, 10.5 or 10.10, as the case may be, or a readjustment pursuant to Sections 10.3, 10.7 or 10.11, as the case may be, in the Exercise Price, then the number of Common Shares acquirable upon the subsequent exercise of the Series B Warrants shall be simultaneously adjusted or readjusted, as the case may be, by multiplying the number of Common Shares acquirable upon the exercise of the Series B Warrants immediately prior to such adjustment or readjustment by a fraction which shall be the reciprocal of the fraction used in the adjustment or readjustment of the Exercise Price.

11. **Rules Regarding Calculation of Adjustment of Exercise Price**

- 12 -

11.1 The adjustments provided for in Part 10 are cumulative and will, in the case of adjustments to the Exercise Price, be computed to the nearest one-tenth of one cent and will be made successively whenever an event referred to therein occurs, subject to the following provisions of this Part 11.

11.2 No adjustment in the Exercise Price is required to be made unless such adjustment would result in a change of at least 1% in the prevailing Exercise Price; provided, however, that any adjustments which, except for the provisions of this Section 11.2, would otherwise have been required to be made, will be carried forward and taken into account in any subsequent adjustments.

11.3 No adjustment in the Exercise Price (or in the number of Common Shares acquirable upon the exercise of the Series B Warrants pursuant to Section 10.13) will be made in respect of any event described in Part 10, other than the events referred to in subsections 10(2)(c) and (d), if the Holder is entitled to participate in such event on the same terms, mutatis mutandis, as if the Holder had exercised its Series B Warrants prior to or on the effective date or record date of such event, or if the Company makes adequate provision for the Holder to participate in such event on the same terms or with the same effect, mutatis mutandis, upon the subsequent exercise of the Series B Warrants (the adequacy of such provisions to be determined by the Holder in its sole discretion, acting reasonably).

11.4 No adjustment in the Exercise Price will be made under Part 10 in respect of the issue from time to time of Common Shares as dividends paid in the ordinary course to holders of Common Shares who exercise an option or election to receive substantially equivalent dividends in Common Shares in lieu of receiving a cash dividend, and any such issue will be deemed not to be a Common Share Reorganization.

11.5 If at any time a dispute arises with respect to adjustments provided for in Part 10, such dispute will be conclusively determined by the auditors of the Company or if they are unable or unwilling to act, by such other firm of independent chartered accountants as may be selected by the board of directors of the Company, acting reasonably and in good faith, and any such determination will be binding upon the Company, the Holder and the shareholders of the Company.

11.6 If, and whenever at any time after the date hereof, the Company takes any action affecting the Common Shares, other than action described in Part 10, which in the opinion of the board of directors of the Company, acting reasonably and in good faith, would materially affect the rights of the Holder, the Exercise Price will be adjusted in such manner, if any, and at such time, by action of the board of directors of the Company, acting reasonably and in good faith, but subject in all cases to any necessary Exchange approval or other regulatory approval. Failure by the board of directors of the Company to take action so as to provide for an adjustment on or prior to the effective date of any action by the Company affecting the Common Shares will be conclusive evidence that the board of directors of the Company has determined that it is equitable to make no adjustment in the circumstances.

11.7 If the Company sets a record date to determine the holders of the Common Shares for the purpose of entitling them to receive any dividend or distribution or sets a record date to take any other action and, thereafter and before the distribution to such shareholders of any such dividend or distribution or the taking of any other action, decides not to implement its plan to pay or deliver such

- 13 -

dividend or distribution or take such other action, then no adjustment in the Exercise Price will be required by reason of the setting of such record date.

11.8 In the absence of a resolution of the board of directors of the Company fixing a record date for a Special Distribution or Rights Offering, the Company will be deemed to have fixed as the record date therefor the date on which the Special Distribution or Rights Offering is effected.

11.9 As a condition precedent to the taking of any action which would require any adjustment to the Series B Warrants, including the Exercise Price, the Company must take any corporate action which may be necessary in order that the Company have unissued and reserved in its authorized capital, and may validly and legally issue as fully paid and non-assessable, all the shares or other securities which the Holder is entitled to receive on the full exercise thereof in accordance with the provisions hereof.

11.10 The Company will from time to time, immediately after the occurrence of any event which requires an adjustment or readjustment as provided in Part 10, forthwith give notice to the Holder specifying the event requiring such adjustment or readjustment and the results thereof, including the resulting Exercise Price.

11.11 The Company covenants to and in favour of the Holder that so long as any Series B Warrants remain outstanding, it will give notice to the Holder of its intention to fix a record date for any Common Share Reorganization (other than the subdivision or consolidation of the Common Shares), Rights Offering or Special Distribution which may give rise to an adjustment in the Exercise Price, and, in each case, such notice must specify the particulars of such event and the record date and the effective date for such event; provided that the Company is only required to specify in such notice such particulars of such event as have been fixed and determined on the date on which such notice is given. Such notice must be given not less than fourteen (14) days in each case prior to such applicable record date or effective date.

12. Consolidation and Amalgamation

12.1 The Company shall not enter into any transaction whereby all or substantially all of its undertaking, property and assets would become the property of any other corporation (herein called a successor corporation) whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale, disposition or otherwise, unless prior to or contemporaneously with the consummation of such transaction the Company and the successor corporation shall have executed such instruments and done such things as, in the opinion of counsel to the Holder, are necessary or advisable to establish that upon the consummation of such transaction:

- (a) the successor corporation will have assumed all the covenants and obligations of the Company under this Series B Warrant certificate; and
 - (b) this Series B Warrant certificate will be a valid and binding obligation of the successor corporation entitling the Holder, as against the successor corporation, to all
-

- 14 -

the rights of the Holder under this Series B Warrant certificate.

2. Demand Registration.

(a) At any time after the first (1st) anniversary of the First Closing Date (as defined in the Private Placement Agreement), after receipt of a written request from Selling Shareholder requesting that Ivanhoe effect a registration (a Demand Registration) under the Securities Act covering all or part of the Registrable Securities, and which notice shall specify the number of Registrable Securities for which registration is requested and the intended method or methods of distribution thereof, Ivanhoe shall, as soon as practicable, but in any event no later than thirty (30) days (excluding any days which occur during a permitted Blackout Period under Section 4 below) after receipt of such written request, file with the SEC and use its reasonable best efforts to cause to be declared effective, a registration statement (a Demand Registration Statement) relating to all of the Registrable Securities that Ivanhoe has been so requested to register for sale, to the extent required to permit the disposition (in accordance with the intended method or methods of distribution thereof) of the Registrable Securities so registered.

(b) If the Demand Registration relates to an underwritten public offering and the managing underwriter of such proposed public offering advises Ivanhoe and Selling Shareholder that, in its opinion, the number of securities requested to be included in the Demand Registration (including securities to be sold by Ivanhoe or any other security holder) exceeds the number which can be sold in such offering within an acceptable price range, then Ivanhoe shall include in such Demand Registration first, the Registrable Securities Selling Shareholder proposes to register, and second, any securities Ivanhoe proposed to register. Ivanhoe shall not hereafter enter into any agreement which is inconsistent with the rights of priority provided in this Section 2(b).

(c) Any Demand Registration Statement may be required by Selling Shareholder to be on Form F-10 (or any successor form) under the Securities Act (a Shelf Registration Statement) relating to the offer and sale by Selling Shareholder of any or all of the Registrable Securities at any time and from time to time on a delayed or continuous basis in accordance with Canadian shelf prospectus offering procedures, through such method or methods of distribution as Selling Shareholder shall select (the Shelf Registration), provided, that Selling Shareholder shall be entitled to request no more than two (2) underwritten public offerings pursuant to a Shelf Registration Statement in any twelve-month period.

(d) Selling Shareholder shall be entitled to an aggregate of five (5) registrations of Registrable Securities pursuant to this Section 2; provided, that (i) no more than one (1) such registration shall be a Shelf Registration pursuant to Section 2(c), (ii) a registration requested pursuant to this Section 2 shall not be deemed to have been effected for purposes of this Section 2(d) unless (x) it has been declared effective by the SEC, (y) it has remained effective for the period set forth in Section 5(a), and (z) the offering of Registrable Securities pursuant to such registration is not subject to any stop order, injunction or other order or

requirement of the SEC and (iii) the aggregate sales price of the Registrable Securities proposed to be included in any such registration shall equal or exceed US\$35,000,000.

(e) Notwithstanding anything to the contrary contained herein, Ivanhoe shall not be required to prepare and file (i) more than two (2) Demand Registration Statements in any twelve-month period, or (ii) any Demand Registration Statement within ninety (90) days following the date of effectiveness of any other Registration Statement.

3. Piggy-Back Registration.

(a) If Ivanhoe proposes to file on its behalf and/or on behalf of any holder of its securities (other than a holder of Registrable Securities) a registration statement under the Securities Act on any form (other than a registration statement on Form F-4 or S-8 (or any successor form) for securities to be offered in a transaction of the type referred to in Rule 145 under the Securities Act or to employees of Ivanhoe pursuant to any employee benefit plan, respectively) for the registration of Ivanhoe Shares (a Piggy-Back Registration), it shall give written notice to Selling Shareholder at least twenty (20) days before the initial filing with the SEC of such piggy-back registration statement (a Piggy-Back Registration Statement), which notice shall set forth the number of Ivanhoe Shares Ivanhoe and other holders, if any, then contemplate including in such registration and the intended method of disposition of such Ivanhoe Shares. The notice shall offer to include in such filing the aggregate number of Registrable Securities as Selling Shareholder may request.

(b) If Selling Shareholder desires to have Registrable Securities registered under this Section 3, it shall advise Ivanhoe in writing within ten (10) days after the date of receipt of such offer from Ivanhoe of its desire to have Registrable Securities registered under this Section 3, and shall set forth the number of Registrable Securities for which registration is requested. Ivanhoe shall thereupon include, or in the case of a proposed underwritten public offering, use its reasonable best efforts to cause the managing underwriter or underwriters to permit such Selling Shareholder to include, in such filing the number of Registrable Securities for which registration is so requested by Selling Shareholder, subject to paragraph (c) below, and shall use its reasonable best efforts to effect registration of such Registrable Securities under the Securities Act. Any withdrawal of the registration statement by Ivanhoe for any reason shall constitute and effect an automatic withdrawal of any Piggy-Back Registration related thereto.

(c) If the Piggy-Back Registration relates to an underwritten public offering and the managing underwriter of such proposed public offering advises Ivanhoe and Selling Shareholder in writing that, in its opinion, the number of Registrable Securities requested to be included in the Piggy-Back Registration in addition to the securities being registered by Ivanhoe or any other security holder would be greater than the total number of securities which can be sold in the offering without having a material adverse effect on the distribution of such securities or otherwise having a material adverse effect on the marketability thereof (the Maximum Number of Securities), then:

(i) in the event Ivanhoe initiated the Piggy-Back Registration, Ivanhoe shall include in such Piggy-Back Registration first, the securities Ivanhoe proposes to register and second, the securities of all other selling security holders, including Selling

Shareholder, to be included in such Piggy-Back Registration in an amount that together with the securities Ivanhoe proposes to register, shall not exceed the Maximum Number of Securities, such amount to be allocated among such selling security holders on a pro rata basis (based on the number of securities of Ivanhoe held by each such selling security holder); and

(ii) in the event any holder of securities of Ivanhoe initiated the Piggy-Back Registration, Ivanhoe shall include in such Piggy-Back Registration first, the securities such initiating security holder proposes to register, second, the securities of any other selling security holders (including Selling Shareholder), in an amount that together with the securities the initiating security holder proposes to register, shall not exceed the Maximum Number of Securities, such amount to be allocated among such other selling security holders on a pro rata basis (based on the number of securities of Ivanhoe held by each such selling security holder) and third, any securities Ivanhoe proposes to register, in an amount that together with the securities the initiating security holder and the other selling security holders propose to register, shall not exceed the Maximum Number of Securities.

(d) Ivanhoe shall not hereafter enter into any agreement that is inconsistent with the rights of priority provided in Section 3(c).

4. Blackout Periods. Ivanhoe shall have the right to delay the filing or effectiveness of a Registration Statement required pursuant to Sections 2 or 3 hereof during no more than three (3) periods aggregating to not more than ninety (90) days in any twelve-month period (each, a Blackout Period), in the event that (i) Ivanhoe would, in accordance with the advice of its counsel, be required to disclose in the prospectus material non-public information that Ivanhoe has a bona fide business purpose for preserving as confidential and that is not otherwise then required by law to be publicly disclosed, (ii) Ivanhoe determines that the prospectus requires amendment or supplement due to the happening of any event that comes to the attention of Ivanhoe and as a result of which the prospectus would contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances in which they were made, not misleading or (iii) in the good faith judgment of Ivanhoe, there is a reasonable likelihood that disclosure of material non-public information, or any other action to be taken in connection with the prospectus, would materially and adversely affect or interfere with any financing, acquisition, merger, disposition of assets (not in the ordinary course of business), corporate reorganization or other material transaction or negotiations involving Ivanhoe; provided, however, that (A) Selling Shareholder shall be entitled, at any time after receiving notice of such delay and before such Demand Registration Statement becomes effective, to withdraw such request and, if such request is withdrawn, such Demand Registration shall not count as one of the permitted Demand Registrations and (B) Ivanhoe shall delay during such Blackout Period the filing or effectiveness of any Registration Statement required pursuant to the registration rights of other holders of any securities of Ivanhoe. Ivanhoe shall promptly give Selling Shareholder written notice of such determination containing a general statement of the reasons for such postponement and an approximation of the anticipated delay. After the expiration of any Blackout Period (including, without limitation, upon public disclosure of the material non-public information that was the reason for such Blackout Period) and without any further request from Selling Shareholder,

Ivanhoe shall promptly notify Selling Shareholder and shall use its reasonable best efforts to prepare and file with the SEC the requisite Registration Statement or such amendments or supplements to such Registration Statement or prospectus used in connection therewith as may be necessary to cause such Registration Statement to become effective as promptly as practicable thereafter.

5. Registration Procedures. If Ivanhoe is required by the provisions of Section 2 or 3 to use its reasonable best efforts to effect the registration of any of its securities under the Securities Act, Ivanhoe shall, as soon as practicable, and in the case of a Demand Registration no later than sixty (60) days (excluding any days that fall during a permitted Blackout Period under Section 4) after receipt of a written request for a Demand Registration:

(a) prepare and file with the SEC a Registration Statement with respect to such securities and use its reasonable best efforts to cause such Registration Statement to become effective as promptly as practicable and to remain effective for a period of time required for the disposition of such Registrable Securities by Selling Shareholder but not to exceed sixty (60) days excluding any days that fall during a permitted Blackout Period under Section 4 (except with respect to a Shelf Registration Statement which shall remain effective for a period not to exceed twenty-five months (25) months); provided, however, that before filing such Registration Statement or any amendments or supplements thereto, Ivanhoe shall furnish to counsel selected by Selling Shareholder copies of all documents proposed to be filed, which documents shall be subject to the review of and comment by such counsel;

(b) prepare and file with the SEC such amendments and supplements to such Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Registration Statement effective and to comply with the provisions of the Securities Act with respect to the sale or other disposition of all securities covered by such Registration Statement until the earlier of such time as all Ivanhoe Shares held by Selling Shareholder cease to be Registered Securities and the expiration of sixty (60) days in the case of a Demand Registration Statement (excluding any days that fall during a permitted Blackout Period under Section 4), or twenty-five months (25) months in the case of a Shelf Registration Statement;

(c) furnish to Selling Shareholder and each underwriter, if any, of the Registrable Securities being sold by Selling Shareholder such number of conformed copies of the applicable Registration Statement and each such amendment and supplement thereto (including in each case all exhibits), such number of copies of the prospectus contained in such Registration Statement (including each preliminary prospectus and any summary prospectus) and any other prospectus, in conformity with the requirements of the Securities Act, and such other documents, as Selling Shareholder and such underwriter, if any, may reasonably request;

(d) use its reasonable best efforts to register or qualify the Registrable Securities or other securities covered by such Registration Statement under such other securities or blue sky laws of such jurisdictions within the United States and its territories and possessions as Selling Shareholder and any underwriter of the Registrable Securities

being sold by Selling Shareholder shall reasonably request, to keep such registration or qualification in effect for so long as such Registration Statement remains in effect or until all of the Registrable Securities are sold, whichever is shorter, and to take any other action which may be reasonably necessary or advisable to enable Selling Shareholder and such underwriter to consummate the disposition in such jurisdictions of the securities owned by Selling Shareholder (provided, however, that Ivanhoe shall not be required in connection therewith or as a condition thereto to qualify to do business as a foreign corporation, subject itself to taxation in or to file a general consent to service of process in any jurisdiction where it would not, but for the requirements of this paragraph (d), be obligated to do so) and do such other reasonable acts and things as may be required of it to enable Selling Shareholder and such underwriter to consummate the disposition in such jurisdiction of the securities covered by such Registration Statement;

(e) (i) furnish, at the request of Selling Shareholder a signed counterpart, addressed to Selling Shareholder and the underwriters, if any, of an opinion of independent counsel representing Ivanhoe in connection with such registration, dated the effective date of such Registration Statement (or, if such registration includes an underwritten public offering, opinions (which term shall include disclosure letters) dated the date of the closing(s) under the underwriting agreement) covering such matters as are customary in connection with such registered offering of securities by Ivanhoe, reasonably satisfactory in form and substance to Selling Shareholder, and (ii) use its reasonable best efforts to furnish, at the request of Selling Shareholder, a signed counterpart, addressed to Selling Shareholder and the underwriters, if any, of a comfort letter, dated the effective date of such Registration Statement (and, if such registration includes an underwritten public offering, letters of like kind dated the date the offering is priced and the date of the closing under the underwriting agreement), signed by the independent public accountants who have certified Ivanhoe's financial statements included in such Registration Statement covering substantially the same matters with respect to such Registration Statement (and the prospectus included therein) and, with respect to events subsequent to the date of such financial statements, as are customarily covered in accountants' letters delivered to the underwriters in underwritten public offerings of securities, including, without limitation, that in the opinion of such accountants, the financial statements and other financial data of Ivanhoe included in such Registration Statement, prospectus or any amendment or supplement thereto, comply as to form in all material respects with the applicable requirements of the Securities Act;

(f) enter, only with respect to Demand Registrations relating to an underwritten public offering, into customary agreements (including an underwriting agreement containing representations, warranties and indemnities in customary form) and take such other actions as are reasonably required in order to expedite or facilitate the disposition of such Registrable Securities;

(g) otherwise use its reasonable best efforts to comply with all applicable rules and regulations promulgated by the SEC;

(h) use its reasonable best efforts to cause all such Registrable Securities to be listed on each securities exchange or quotation system on which Ivanhoe Shares are listed or traded;

(i) give written notice to Selling Shareholder:

(i) when such Registration Statement, the prospectus or any amendment or supplement thereto has been filed with the SEC and when such Registration Statement or any post-effective amendment thereto has become effective;

(ii) of any request by the SEC for amendments or supplements to such Registration Statement or the prospectus included therein or for additional information;

(iii) of the issuance by the SEC of any stop order suspending the effectiveness of such Registration Statement or the initiation of any proceedings for that purpose;

(iv) of the receipt by Ivanhoe or its legal counsel of any notification with respect to the suspension of the qualification of Ivanhoe Shares for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose; and

(v) of the happening of any event that requires Ivanhoe to make changes in such Registration Statement or such prospectus in order to make the statements therein, in light of the circumstances in which they were made, not misleading (which notice shall be accompanied by an instruction to suspend the use of such prospectus until the requisite changes have been made);

(j) use its reasonable best efforts to prevent the issuance or obtain the withdrawal of any order suspending the effectiveness of such Registration Statement at the earliest possible time;

(k) upon the occurrence of any event contemplated by Section 5(i)(v) above, promptly prepare a post-effective amendment to such Registration Statement or a supplement to the related prospectus or file any other required document so that, as thereafter delivered to Selling Shareholder, the prospectus shall not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. If Ivanhoe notifies Selling Shareholder in accordance with Section 5(i)(v) above to suspend the use of the prospectus until the requisite changes to the prospectus have been made, then Selling Shareholder shall suspend use of such prospectus and use its reasonable best efforts to return to Ivanhoe all copies of such prospectus other than permanent file copies then in Selling Shareholder's possession, and the period of effectiveness of such Registration Statement provided for above shall be extended by the number of days from and including the date of the giving of such notice to the date

Selling Shareholder shall have received such amended or supplemented prospectus pursuant to this Section 5(k);

(l) make reasonably available for inspection by representatives of Selling Shareholder, any underwriter participating in any disposition pursuant to such Registration Statement, and any attorney, accountant or other agent retained by such representative or any such underwriter all relevant financial and other records, pertinent corporate documents and properties of Ivanhoe and cause Ivanhoe's officers, directors and employees to supply all relevant information reasonably requested by such representative or any such underwriter, attorney, accountant or agent in connection with the registration;

(m) in connection with any underwritten offering, make appropriate officers and senior executives of Ivanhoe available to the selling security holders for meetings with prospective purchasers of Registrable Securities and prepare and present to potential investors customary road show material in each case in accordance with the recommendations of the underwriters and in all respects in a manner reasonably requested and consistent with other new issuances of securities in an offering of a similar size to such offering of the Registrable Securities; and

(n) use reasonable best efforts to procure the cooperation of Ivanhoe's transfer agent in settling any offering or sale of Registrable Securities, including with respect to the transfer of physical stock certificates into book-entry form in accordance with any procedures reasonably requested by Selling Shareholder or the underwriters, if any.

It shall be a condition precedent to the obligation of Ivanhoe to take any action pursuant to this Agreement in respect of the Registrable Securities which are to be registered at the request of Selling Shareholder that Selling Shareholder shall furnish to Ivanhoe such information regarding the Registrable Securities held by Selling Shareholder and the intended method of distribution thereof as Ivanhoe shall reasonably request and as shall be required in connection with the action taken by Ivanhoe.

6. Expenses. All Registration Expenses shall be paid by Ivanhoe, except that Selling Shareholder shall bear and pay any (a) brokerage commissions attributable to the sale of any of the Registrable Securities, (b) underwriting commissions and discounts applicable to securities offered for its account in connection with any registrations, filings and qualifications made pursuant to this Agreement, (c) fees and expenses incurred in respect of counsel or other advisors to Selling Shareholder and (d) any other out-of-pocket expenses of Selling Shareholder.

7. Rule 144 Information. With a view to making available the benefits of certain rules and regulations of the SEC which may at any time permit the sale of the Registrable Securities to the public without registration, Ivanhoe agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144 under the Securities Act;

(b) use its best efforts to file with or furnish to the SEC in a timely manner all reports and other documents required of Ivanhoe under the Securities Act and the Exchange Act; and

(c) furnish to Selling Shareholder forthwith upon request a written statement by Ivanhoe as to its compliance with the reporting requirements of Rule 144 under the Exchange Act and of the Securities Act and the Exchange Act, a copy of the most recent annual or quarterly report of Ivanhoe, and such other reports and documents so filed or furnished by Ivanhoe as Selling Shareholder may reasonably request in availing itself of any rule or regulation of the SEC allowing Selling Shareholder to sell any Registrable Securities without registration.

8. Indemnification and Contribution.

(a) Ivanhoe shall indemnify and hold harmless Selling Shareholder, Selling Shareholder's directors and officers, each agent and any underwriter for Ivanhoe (within the meaning of the Securities Act), and each Person, if any, who controls Selling Shareholder or such agent or underwriter within the meaning of the Securities Act, against any losses, claims, damages or liabilities, joint or several, to which they may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or proceedings in respect thereof) arise out of or are based on any untrue or alleged untrue statement of any material fact contained in a Registration Statement on the effective date thereof (including any prospectus filed under Rule 424 under the Securities Act or any amendments or supplements thereto), or any document incorporated by reference therein, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and shall reimburse each of Selling Shareholder, Selling Shareholder's directors and officers, such agent or underwriter or such controlling Person for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability, proceeding or action; provided, however, that the indemnity agreement contained in this Section 8(a) shall not apply to amounts paid in settlement of any such loss, claim, damage, liability, proceeding or action if such settlement is effected without the consent of Ivanhoe (which consent shall not be unreasonably withheld or delayed); provided further that Ivanhoe shall not be liable to Selling Shareholder, such Selling Shareholder's directors and officers, such agent or underwriter or such controlling Person in any such case for any such loss, claim, damage, liability or action to the extent that it arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in connection with a Registration Statement, preliminary prospectus, final prospectus or amendments or supplements thereto, in reliance upon and in conformity with written information furnished expressly for use in connection with such registration by Selling Shareholder, such Selling Shareholder's directors or officers, such agent or underwriter or such controlling Person or by such Selling Shareholder's failure to furnish Ivanhoe, upon request, with the information with respect to Selling Shareholder or any participating person that is the subject of the untrue statement or omission. Ivanhoe shall not, without the consent of Selling Shareholder (which consent shall not be unreasonably withheld or delayed), effect any settlement of any pending or threatened proceeding or action in respect of which Selling Shareholder is a party and indemnity has been sought hereunder by Selling Shareholder, unless such settlement includes an unconditional release of Selling Shareholder from all liability for claims that are the subject

matter of such proceeding or action. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of Selling Shareholder, Selling Shareholder's directors and officers, such agent or underwriter or such controlling Person, and shall survive the transfer of such securities by Selling Shareholder.

(b) Selling Shareholder shall indemnify and hold harmless Ivanhoe, each of its directors and officers, each Person, if any, who controls Ivanhoe within the meaning of the Securities Act, and each agent and any underwriter for Ivanhoe (within the meaning of the Securities Act) against any losses, claims, damages or liabilities, joint or several, to which Ivanhoe or any such director, officer, controlling Person, agent or underwriter may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or proceedings in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of any material fact contained in a Registration Statement on the effective date thereof (including any prospectus filed under Rule 424 under the Securities Act or any amendments or supplements thereto) or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in such Registration Statement, preliminary or final prospectus, or amendments or supplements thereto, in reliance upon and in conformity with written information furnished by or on behalf of Selling Shareholder expressly for use in connection with such registration, preliminary prospectus, final prospectus or amendments or supplements thereto; and Selling Shareholder shall reimburse any legal or other expenses reasonably incurred by Ivanhoe or any such director, officer, controlling Person, agent or underwriter in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the indemnity agreement contained in this Section 8(b) shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of Selling Shareholder (which consent shall not be unreasonably withheld or delayed), and provided further that the liability of Selling Shareholder hereunder shall be limited to the aggregate net proceeds received by Selling Shareholder in connection with any offering to which such registration under the Securities Act relates. Selling Shareholder shall not, without the consent of Ivanhoe (which consent shall not be unreasonably withheld or delayed), effect any settlement of any pending or threatened proceeding or action in respect of which Ivanhoe is a party and indemnity has been sought hereunder by Ivanhoe, unless such settlement includes an unconditional release of Ivanhoe from all liability for claims that are the subject matter of such proceeding or action.

(c) If the indemnification provided for in this Section 8 from the indemnifying party (the Indemnifying Party) is unavailable to any Person entitled to indemnification hereunder (the Indemnified Party) in respect of any losses, claims, damages, liabilities or expenses referred to therein, then the Indemnifying Party, in lieu of indemnifying the Indemnified Party, shall contribute to the amount paid or payable by the Indemnified Party as a result of such losses, claims, damages, liabilities or expenses in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party and the Indemnified Party in connection with the actions which resulted in such losses, claims, damages, liabilities or expenses, as well as any other relevant equitable considerations. The relative fault of the Indemnifying Party and the Indemnified Party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or

alleged omission to state a material fact, has been made by, or relates to information supplied by, the Indemnifying Party or the Indemnified Party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses, claims, damages, liabilities and expenses referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such party in connection with any investigation or proceeding. If the allocation provided in this paragraph (c) is not permitted by applicable law, the parties shall contribute based upon the relevant benefits received by Ivanhoe from the offering of securities on the one hand and the net proceeds received by Selling Shareholder from the sale of securities on the other.

The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 8(c) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to in the immediately preceding paragraph. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

(d) The Indemnified Party agrees to give prompt written notice to the Indemnifying Party after the receipt by the Indemnified Party of any written notice of the commencement of any action, suit, proceeding or investigation or threat thereof made in writing for which the Indemnified Party intends to claim indemnification or contribution pursuant to this Agreement; provided, that the failure so to notify the Indemnifying Party shall not relieve the Indemnifying Party of any liability that it may have to the Indemnified Party hereunder unless such failure is materially prejudicial to the Indemnifying Party. If notice of commencement of any such action is given to the Indemnifying Party as above provided, the Indemnifying Party shall be entitled to participate in and, to the extent it may wish, to assume the defense of such action at its own expense, with counsel chosen by it and reasonably satisfactory to such Indemnified Party. The Indemnified Party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the reasonable fees and expenses of not more than one of such counsel in any one jurisdiction shall be paid by the Indemnified Party unless (i) the Indemnifying Party agrees to pay the same, (ii) the Indemnifying Party fails to assume the defense of such action, or (iii) the named parties to any such action (including any impleaded parties) have been advised by such counsel that either (A) representation of such Indemnified Party and the Indemnifying Party by the same counsel would be inappropriate under applicable standards of professional conduct or (B) there are one or more legal defenses available to it which are substantially different from or additional to those available to the Indemnifying Party. No Indemnifying Party shall be liable for any settlement entered into without its written consent, which consent shall not be unreasonably withheld or delayed.

(e) The agreements contained in this Section 8 shall survive the transfer of the Registrable Securities by Selling Shareholder and sale of all the Registrable Securities pursuant to any Registration Statement and shall remain in full force and effect, regardless of any investigation made by or on behalf of Selling Shareholder, any of Selling Shareholder's directors and officers, any Person who participates in the offering of Registrable Securities, including underwriters (as defined in the Securities Act), and any Person, if any, who controls Selling Shareholder or such participating Person within the meaning of the Securities Act.

9. Limitations on Registration of Other Securities; Representation. From and after the date of this Agreement, Ivanhoe shall not, without the prior written consent of Rio Tinto, enter into any agreement with any holder or prospective holder of any securities of Ivanhoe giving such holder or prospective holder any registration rights the terms of which are more favorable taken as a whole than the registration rights granted to Selling Shareholder hereunder unless Ivanhoe shall also give such rights to Selling Shareholder.

10. No Inconsistent Agreements. Ivanhoe shall not hereafter enter into any agreement with respect to its securities that is inconsistent in any material respects with the rights granted to Selling Shareholder in this Agreement.

11. Selection of Managing Underwriters. In the event Selling Shareholder has requested an underwritten offering, the underwriter or underwriters shall be selected by Selling Shareholder and shall be approved by Ivanhoe, which approval shall not be unreasonably withheld or delayed, Ivanhoe and Selling Shareholder shall enter into an underwriting agreement with such underwriter or underwriters containing representations, warranties and indemnities in customary form, provided, (i) that all of the representations and warranties by, and the other agreements on the part of, Ivanhoe to and for the benefit of such underwriters shall also be made to and for the benefit of Selling Shareholder, (ii) that any or all of the conditions precedent to the obligations of such underwriters under such underwriting agreement shall be conditions precedent to the obligations of Selling Shareholder, and (iii) that Selling Shareholder shall not be required to make any representations or warranties to or agreements with Ivanhoe or the underwriters other than representations, warranties or agreements regarding Selling Shareholder and the Registrable Securities held by Selling Shareholder and any other representations required by law.

12. Miscellaneous.

(a) Specific Performance. The parties hereto agree that irreparable damage would occur in the event any provision of this Agreement was not performed in accordance with the terms hereof and that the parties hereto shall be entitled to specific performance of the terms hereof, in addition to any other remedy at law or in equity.

(b) Amendments and Waivers.

(i) Any provision of this Agreement may be amended or waived only if such amendment or waiver is in writing and signed, in the case of an amendment, by Ivanhoe and Selling Shareholder or, in the case of a waiver, by the party or parties against whom the waiver is to be effective.

(ii) No failure or delay by any party hereto in exercising any right, power or privilege hereunder (other than a failure or delay beyond a period of time specified herein) shall operate as a waiver thereof and no single or partial exercise thereof shall preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

(c) Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given or made (and shall be deemed to have been duly given or made upon receipt) by delivery in person, by courier service, by fax or by registered or certified mail (postage prepaid, return receipt requested) to the respective parties at the following addresses (or at such other address for a party as shall be specified by notice given in accordance with this Section 12(c)):

(d) Successors and Assigns; Third Party Beneficiaries. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their successors and permitted assigns. This Agreement may not be assigned by any party hereto without the prior written consent of the other party hereto, except that the registration rights of Selling Shareholder with respect to any Registrable Securities shall be transferred to any Affiliate of Selling Shareholder to which Registrable Securities have been transferred. All of the obligations of Ivanhoe hereunder shall survive any such transfer. Except as provided in Section 8, no Person other than the parties hereto and their successors and permitted assigns is intended to be a beneficiary of this Agreement.

(e) Headings. The headings and subheadings in this Agreement are included for convenience and identification only and are in no way intended to describe, interpret, define or limit the scope, extent or intent of this Agreement or any provision hereof.

(f) Governing Law; Jurisdiction. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

(i) Any claim, action, suit or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby may be heard and determined in any New York state or federal court sitting in The City of New York, County of Manhattan, and each of the parties hereto hereby consents to the non-exclusive jurisdiction of such courts (and of the appropriate appellate courts therefrom in any such claim, action, suit or proceeding) and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of venue of any such claim, action, suit or proceeding in any such court or that any such claim, action, suit or proceeding that is brought in any such court has been brought in an inconvenient forum.

(ii) Subject to applicable law, process in any such claim, action, suit or proceeding may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing and subject to applicable law, each party agrees that service of process on such party as provided in Section 12(c) shall be deemed effective service of process on such party. Nothing herein shall affect the right of any party to serve legal process in any other manner permitted by law or at equity.

(iii) Each of the parties hereto hereby waives to the fullest extent permitted by applicable law any right it may have to a trial by jury with respect to any litigation directly or indirectly arising out of, under or in connection with this Agreement or the transactions contemplated by this Agreement. Each of the parties hereto hereby (A) certifies that no representative, agent or attorney of the other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver and (B) acknowledges that it has been induced to enter into

this Agreement and the transactions contemplated by this Agreement, as applicable, by, among other things, the mutual waivers and certifications in this Section 12(f).

(g) Severability. If any term or other provision of this Agreement is held to be invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon a determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

(h) Entire Agreement. This Agreement constitutes the entire agreement between the parties hereto pertaining to the subject matter hereof and supersedes all prior agreements and understandings pertaining thereto.

(i) Cumulative Remedies. The rights and remedies provided by this Agreement are cumulative and the use of any one right or remedy by any party hereto shall not preclude or waive its right to use any or all other remedies. Such rights and remedies are given in addition to any other rights the parties may have by law, statute, ordinance or otherwise.

(j) Construction. Each party hereto acknowledges and agrees it has had the opportunity to draft, review and edit the language of this Agreement and that no presumption for or against any party arising out of drafting all or any part of this Agreement will be applied in any dispute relating to, in connection with or involving this Agreement. Accordingly, the parties hereto hereby waive the benefit of any rule of law or any legal decision that would require, in cases of uncertainty, that the language of a contract should be interpreted most strongly against the party who drafted such language.

(k) Counterparts. This Agreement may be executed and delivered (including, without limitation, by facsimile transmission) in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same Agreement.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

SCHEDULE D
AGREED TERMS FOR
DISPOSITION OF MYANMAR ASSETS

By no later than 1 February 2007, Ivanhoe shall have completed a divestiture or sale of all of the Myanmar Assets to a third party that is not an Affiliate of Ivanhoe, failing which Rio Tinto shall have the option, at any time after 1 February 2007 pursuant to the Put Agreement, to cause Ivanhoe to put all of the Shares to the Trust in consideration for the Agreed Amount. The purchase price for the Shares will be satisfied by the delivery of the Note by the Trust to Ivanhoe. Under the Put Agreement, Ivanhoe will be entitled to additional compensation from the Trust equal to a percentage (to be negotiated but not less than 50%) of the proceeds from any future sale of the Shares by the Trust that exceed the then outstanding amount of the Note.

Except in connection with a divestiture or sale of all of the Myanmar Assets to a third party that is not an Affiliate of Ivanhoe or a sale of all of the Myanmar Assets to the Trust pursuant to the Put Agreement, Ivanhoe may not transfer all or part of the Myanmar Assets or the shares of any Subsidiary of Ivanhoe that directly or indirectly beneficially owns the Myanmar Assets to any person, including Ivanhoe or another Subsidiary of Ivanhoe.

Ivanhoe will in good faith endeavour to arrange for the Trust to be created and the Put Agreement to be entered into within sixty (60) days of the date of this Agreement, failing which, Ivanhoe hereby irrevocably makes, constitutes and appoints Rio Tinto as its true and lawful attorney and agent, with full power of substitution and authority in its name, place and stead to arrange for the Trust to be created and the Put Agreement to be entered into on terms and conditions satisfactory to Rio Tinto in Rio Tinto's sole discretion. Ivanhoe hereby undertakes to ratify everything which Rio Tinto shall do by virtue of this appointment and will fully indemnify and hold harmless Rio Tinto against all losses, liabilities, costs, claims, actions, demands or expenses which Rio Tinto or its Affiliates, or their respective directors, officers, employees or agents, may incur or which may be made against any of them as a result of or in connection with anything done by Rio Tinto pursuant to such appointment. All of the costs associated with establishing the Trust and preparing the related documentation including the Put Agreement and the Note shall be borne by Ivanhoe.

For purposes of this Schedule D :

Agreed Amount means an amount to be negotiated but not less than \$40,000,000 plus 50% of the cash receivable from the Myanmar Assets at the time of the sale pursuant to the Put Agreement;

Excluded Persons means Ivanhoe, Rio Tinto, Robert M. Friedland, their respective Affiliates, any person related to any of them and any person that is a resident of Myanmar or Controlled by a resident of Myanmar;

Note means an unsecured promissory note to be issued by the Trust to Ivanhoe in the aggregate principal amount of the Agreed Amount and bearing interest at LIBOR calculated quarterly. Interest on the Note shall accrue from the date of its issue. Interest on and principal of the Note shall be payable (i) if and to the extent of any cash distributions received from the Myanmar Assets and (ii) in full upon any future sale of the Shares by the Trust. For so long as any amount is outstanding

under the Note, all cash distributions received from the Myanmar Assets will be distributed to the Trust and used to repay the Note;

Put Agreement means a put agreement to be entered into between Ivanhoe, Rio Tinto and the Trust pursuant to which Rio Tinto shall have the option, at any time after 1 February 2007, to cause Ivanhoe to put the Shares to the Trust in consideration for the Agreed Amount;

Shares means all of the shares of a wholly-owned Subsidiary of Ivanhoe that owns, directly or indirectly, all of the Myanmar Assets;

Trust means a trust to be established whose trustee and beneficiaries are not Excluded Persons and whose powers will be limited to (i) entering into and performing its obligations under the Put Agreement, (ii) if the Put Agreement is exercised, purchasing the Shares in accordance with the terms of the Put Agreement and issuing the Note to Ivanhoe in consideration therefor, (iii) if it purchases the Shares, running an auction for the Shares and selling the Shares to the highest bidder (who may not be an Excluded Person, any trustee or beneficiary of the Trust or any person related to or Controlled by any trustee or beneficiary of the Trust) for all cash consideration (in US dollars) equal to or greater than the then outstanding amount of the Note, (iv) if it purchases the Shares, receiving cash distributions from the Myanmar Assets and (v) repaying the Note. The trustee of the Trust will be independent of the beneficiaries of the Trust. The principal beneficiary of the Trust will be selected by the lead independent director of Ivanhoe and appointed by the trustee of the Trust as the investment manager of the Trust. The principal beneficiary shall be required to use its commercially reasonable efforts to run an auction for the Shares and sell the Shares to the highest bidder (who may not be an Excluded Person, any trustee or beneficiary of the Trust or any person related to or Controlled by any trustee or beneficiary of the Trust). The principal beneficiary will be entitled to a percentage (to be negotiated but not more than 50%) of the proceeds from any sale of the Shares by the Trust that exceed the then outstanding amount of the Note. The principal beneficiary will be responsible for paying the fees and expenses of the trust, including the trustee's fees and disbursements, and funding the auction process. If the Shares have not been sold within two (2) years of the principal beneficiary's appointment as the investment manager of the Trust, the trustee of the Trust will replace the principal beneficiary with a new principal beneficiary selected by independent lead director of Ivanhoe, who is also not an Excluded Person.
