ANNUAL MEETING OF SHAREHOLDERS  
PROXY STATEMENT

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

---

### GENERAL

---

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Kearny Financial Corp. (the "Company") to be used at the Annual Meeting of Shareholders of the Company which will be held at the Company's offices located at 120 Passaic Avenue, Fairfield, New Jersey on October 23, 2006 at 10:00 a.m. (the "Meeting"). The accompanying Notice of Annual Meeting of Shareholders and this Proxy Statement are being mailed to shareholders on or about September 29, 2006.

At the Meeting, shareholders will consider and vote upon (i) the election of three directors of the Company and (ii) the ratification of the appointment of Beard Miller Company LLP as the Company's independent auditor for the fiscal year ending June 30, 2007.

The Company is the parent company of Kearny Federal Savings Bank (the "Bank"). The Company is the majority-owned subsidiary of Kearny MHC, a federally-chartered mutual holding company. Since Kearny MHC owns approximately 70% of the Company's outstanding common stock, the votes cast by Kearny MHC will be determinative in the election of directors of the Company and the ratification of auditors.

The Board of Directors knows of no additional matters that will be presented for consideration at the Meeting. Execution of a proxy, however, confers on the designated proxyholder the discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, that may properly come before the Meeting or any adjournment thereof.

---

### VOTING AND REVOCABILITY OF PROXIES

---

Shareholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the Meeting and all adjournments thereof. Proxies may be revoked by written notice to the Secretary of the Company at the address above or by the filing of a later dated proxy prior to a vote being taken on a particular proposal at the Meeting. A proxy will not be voted if a shareholder attends the Meeting and votes in person. Proxies solicited by the Board of Directors will be voted as specified thereon. IF NO SPECIFICATION IS MADE, SIGNED PROXIES WILL BE VOTED "FOR" THE NOMINEES FOR DIRECTORS AS SET FORTH HEREIN, AND "FOR" THE RATIFICATION OF BEARD MILLER COMPANY LLP AS THE COMPANY'S INDEPENDENT AUDITOR FOR THE FISCAL YEAR ENDING JUNE 30, 2007. The proxy confers discretionary authority on the persons named thereon to vote with respect to the election of any person as a director where the nominee is unable to serve, or for good cause will not serve, and with respect to matters incident to the conduct of the Meeting.

### VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

---

Shareholders of record of the Company's common stock, par value \$0.10 per

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

share, as of the close of business on September 15, 2006 (the "Record Date") are entitled to one vote for each share then held. As of the Record Date, the Company had 72,624,900 shares of common stock outstanding.

As provided in the Company's Charter, for a period of five years from February 23, 2005, the date of completion of the Company's initial public stock offering, no person, except Kearny MHC, is permitted to beneficially own in excess of 10% of the Company's outstanding common stock (the "Limit"), and any shares of common stock acquired in excess of the Limit are not entitled to vote. A person or entity is deemed to beneficially own shares owned by an affiliate of, as well as persons acting in concert with, such person or entity.

The presence in person or by proxy of at least a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the Meeting. With respect to any matter, broker non-votes (i.e., shares for which a broker indicates on the proxy that it does not have discretionary authority to vote on such matter) will be considered present for purposes of determining whether a quorum is present. In the event there are not sufficient votes for a quorum or to approve any proposals at the time of the Meeting, the Meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors (Proposal I), the proxy provided by the Board of Directors allows a shareholder to vote for the election of the nominees proposed by the Board of Directors, or to withhold authority to vote for those nominees. Under the Company's bylaws, directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees being proposed is withheld.

Concerning all other matters that may properly come before the Meeting, including the ratification of the independent auditors (Proposal II), a shareholder may: (i) vote "FOR" the item, (ii) vote "AGAINST" the item, or (iii) "ABSTAIN" with respect to the item. Unless otherwise required by law, all such matters shall be determined by a majority of shares voted affirmatively or negatively without regard to broker non-votes or proxies marked "ABSTAIN" as to that matter.

### SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth, as of the Record Date, the ownership of any person or group known by the Company to own 5% or more of the outstanding shares of common stock at the Record Date.

---

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

---

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than ten percent of the common stock, to file reports of ownership and changes in ownership of the common stock with the Securities and Exchange Commission and to provide copies of those reports to the Company. The Company is not aware of any beneficial owner, as defined under Section 16(a), of more than ten percent of the outstanding common stock other than Kearny MHC. To the best of the Company's knowledge, all Section 16(a) filing requirements applicable to its officers and directors were complied with during the 2006 fiscal year.

---

### PROPOSAL I - ELECTION OF DIRECTORS

---

The Company's Charter requires that the Board of Directors be divided into three classes, as nearly equal in number as possible, each class to serve for a three-year period, with approximately one-third of the directors elected each year. The Board of Directors currently consists of nine members. Three directors will be elected at the Meeting to serve for a three-year term and until their successors have been elected and qualified.

Leopold W. Montanaro, John N. Hopkins and Henry S. Parow have been nominated by the Board of Directors for election to a three-year term to expire in 2009. It is intended that proxies solicited by the Board of Directors will, unless otherwise specified, be voted for the election of Mr. Montanaro, Mr. Hopkins and Mr. Parow. If any of the nominees are unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unavailable to serve.

---

with the listing standards of the NASDAQ Stock Market. This committee operates under a written charter, which governs its composition, responsibilities and operations.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential nominees of the Board includes soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Board may consider persons recommended by shareholders of the Company in selecting nominees of the Board for election as directors. The manner of evaluation for all potential nominees is the same.

The charter states that the Committee will seek nominees with excellent decision-making ability, business experience, personal integrity and a favorable reputation, who are knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage.

-7-

The Committee's process for identifying and evaluating potential nominees will include soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Committee will consider persons recommended by shareholders of the Company in selecting the individuals the Committee recommends to the Board for selection as the Board's nominees. The Committee will evaluate persons recommended by directors or officers of the Company or the Bank and persons recommended by shareholders in the same manner.

To be considered in the Committee's selection of individuals the Committee recommends to the Board for selection as the Board's nominees, recommendations from shareholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to shareholders. Recommendations should identify the submitting shareholder, the person recommended for consideration and the reasons the submitting shareholder believes such person should be considered.

The Company's bylaws provide that any shareholder wanting to make a nomination for the election of directors or a proposal for new business at a meeting of shareholders must send written notice to the Secretary of the Company at least five days before the date of the annual meeting. The bylaws further provide that if a shareholder wanting to make a nomination or a proposal for new business does not follow the prescribed procedures, the proposal will not be considered until an adjourned, special, or annual meeting of the shareholders taking place thirty days or more thereafter. Management believes that it is in the best interests of the Company and its shareholders to provide enough time for management to disclose to shareholders information about a dissident slate of nominations for directors. This advance notice requirement may also give management time to solicit its own proxies in an attempt to defeat any dissident slate of nominations if management thinks it is in the best interest of shareholders generally. Similarly, adequate advance notice of shareholder proposals will give management time to study such proposals and to determine whether to recommend to the shareholders that such proposals be adopted.

Directors also receive an annual retainer as follows: \$32,000 for service on Kearny Federal Savings Bank's board, \$9,000 for service on Kearny Financial Corp.'s board and \$9,000 for service on Kearny MHC's board. Directors who also serve as employees do not receive compensation as directors.

**DIRECTORS CONSULTATION AND RETIREMENT PLAN.** Kearny Financial Corp. maintains a Directors Consultation and Retirement Plan (the "DCRP"). The DCRP provides retirement benefits to the directors of Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank based upon the number of years of service as a director. To be eligible to receive benefits under the DCRP, a director generally must have completed at least 5 years of service and must not retire from the board prior to reaching 60 years of age. If a director agrees to become a consulting director upon retirement, he will receive a monthly payment equal to 2.5% of the total retainer plus fees paid for attendance at regular and special meetings and meetings of the executive committee paid to him by Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank during the 12-month period prior to the date of retirement multiplied by the number of years of service as a director, not to exceed 80% of board compensation. Benefits under the DCRP begin upon a director's retirement and are paid for life; provided, however, that in the event of a director's death prior to the receipt of 120 monthly payments, payments shall continue to the director's surviving spouse or estate until 120 payments have been made. In the event there is a change in control (as defined in the DCRP), all directors will be presumed to be eligible to receive benefits under the DCRP and each director will receive a lump sum payment equal to the present value of future benefits payable. Benefits under the DCRP are unvested and forfeitable until retirement at or after age 60 with at least 5 years of service, termination of service following a change in control, disability following at least 5 years of service or death. For the year ended June 30, 2006, payments made under the DCRP totaled \$89,315.

**OTHER COMPENSATION DURING THE YEAR ENDED JUNE 30, 2006.** Other compensation received by directors during the last fiscal year consisted of an award to each non-employee director of 53,462 shares of restricted stock and 133,655 stock options under the 2005 Stock Compensation and Incentive Plan. From the date of grant, the restricted stock awards and the stock option grants vest over a six-year period. Dividends on restricted shares are held in arrears until the shares are earned and non-forfeitable. In addition, the Company maintains life insurance arrangements for each of the directors providing for a death benefit of \$500,000 to each director.

The exercise price is equal to the closing price of the Company's common stock on the date of the grant. Options are "in-the-money" as of a particular date if the trading price of the Company's common stock on that date is higher than the exercise price. The values presented below are based on an exercise price of \$12.71, closing price on December 5, 2005 when the options were granted, and a closing price of \$14.80 as of June 30, 2006.

PENSION PLAN. The Bank is a participating employer in a multiple-employer pension plan sponsored by the Financial Institutions Retirement Fund (the "Pension Plan"). All full-time employees of the Bank are eligible to participate after one year of service and attainment of age 21. A qualifying employee becomes fully vested in the Pension Plan upon the earlier of completion of five years service or attainment of the normal retirement age of 65. The Pension Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Pension Plan provides for monthly payments to each participating employee at normal retirement age. A participant who is vested in the Pension Plan may take an early retirement and elect to receive a reduced monthly benefit beginning as early as age 45. The Pension Plan also provides for payments in the event of disability or death. The annual benefit amount upon

-12-

retirement at age 65 equals 2% times years of service times a participant's highest five year average salary. Benefits are payable in the form of a monthly retirement benefit and a death benefit or an alternative form that is actuarially equivalent. At June 30, 2006, Officers Hopkins, Gossweiler, Joyce, Ledgerwood and Parisi had 30 years, 7 years, 7 years, 8 years and 7 years, respectively, of credited service under the Pension Plan and had a current highest five year average salary of \$394,650, \$177,852, \$145,500, \$153,502 and \$151,501, respectively.

BENEFIT EQUALIZATION PLAN. The Bank has adopted a Benefit Equalization Plan (the "BEP"). The purpose of the BEP is to provide a pension benefit based upon the actual earnings of senior officers of the Bank (President, Executive Vice Presidents, Vice Presidents and Corporate Secretaries) in the event that their average annual earnings exceeds the permissible pensionable earnings level under the Pension Plan as required by the limitations of Sections 401(a)(17) and 415 of the Internal Revenue Code. The supplemental pension for President and Chief Executive Officer John N. Hopkins and other senior officers whose highest five year annual earnings prior to retirement will include years in which such earnings exceed the limits of Sections 401(a)(17) and 415 of the Internal Revenue Code will receive a supplemental benefit based upon the difference between their average earnings taking into effect this maximum pensionable earnings limitation and their average earnings without regard to such limitation, multiplied by 2% times their years of service at retirement. The benefits payment under the BEP will be in the form of an annual benefit payable for life and a death benefit, unless the committee administering the BEP

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

authorizes an alternative form of benefit. During the year ended June 30, 2006, there was approximately \$60,428 of benefits paid to retired participants under the BEP. For the year ended June 30, 2006, financial reporting expense accrued under the BEP totaled \$408,000.

The following table sets forth the estimated annual benefits payable under (i) the Pension Plan and (ii) the Benefit Equalization Plan, described above, upon retirement at age 65 as of June 30, 2006, expressed in the form of a life annuity, for the average annual earnings described above and years of service specified. Such amounts are in addition to any benefits payable under Social Security.

BENEFITS EQUALIZATION PLAN FOR EMPLOYEE STOCK OWNERSHIP PLAN. The Bank has implemented for its senior officers a benefits equalization plan related to the employee stock ownership plan. The participants under this plan are the same as the participants under the benefits equalization plan related to the Bank's Pension Plan. This plan provides participating executives with benefits otherwise limited under the employee stock ownership plan by Sections 401(a)(17) and 415 of the Internal Revenue Code. For example, this plan provides participants with a benefit for any compensation that they may earn in excess of \$220,000 (as indexed) comparable to the benefits earned by all participants under the employee stock ownership plan

-13-

for compensation earned below that level. The Bank may utilize a grantor trust in connection with this plan in order to set aside funds that ultimately may be used to pay benefits under the plan. The assets of the grantor trust will remain subject to the claims of the Bank's general creditors in the event of insolvency, until paid to a participant following termination of employment according to the terms of the plan. Benefits under the plan will be paid in a lump sum in the form of shares of common stock of the Company to the extent permissible under applicable regulations, or in the alternative, benefits will be paid in cash based upon the value of such shares at the time that such benefit payments are made. The actual value of benefits under this plan and the annual financial reporting expense associated with this plan are calculated annually based upon a variety of factors, including the actual value of benefits for participants determined under the employee stock ownership plan each year, the applicable limitations under the Internal Revenue Code that are subject to

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

adjustment annually and the compensation of each participant at such time. Generally, benefits under the plan are taxable to each participant at the time of receipt of such payment, and the Bank will recognize a tax-deductible compensation expense at such time.

EMPLOYMENT AGREEMENTS. The Bank has entered into an employment agreement with Mr. Hopkins, pursuant to which his minimum base salary is \$600,000. Mr. Hopkins' employment agreement has a term of three years, and was last renewed as of July 1, 2006, and may be extended on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that his performance has met the requirements and standards of the Board. Pursuant to the terms of Mr. Hopkins' employment agreement, he is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon his termination of employment at any time on or after attainment of age 62 and until he becomes eligible for Medicare coverage, Mr. Hopkins is permitted to continue to participate, at the Bank's expense, in the group medical plan sponsored by the Bank.

If the Bank terminates Mr. Hopkins without "cause" as defined in the agreement, he will be entitled to (i) a continuation of his salary from the date of termination through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. If Mr. Hopkins' employment is terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, he will be paid an amount equal to 2.999 times his five-year average annual taxable cash compensation in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Mr. Hopkins will also be entitled to the foregoing change in control severance payment and benefits if he voluntarily terminates his employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. If a change in control payment had been made under Mr. Hopkins agreement as of June 30, 2006, the payment would have equaled approximately \$1,305,000.

The Bank has also entered into employment agreements with Senior Vice Presidents Gossweiler, Joyce, Ledgerwood and Parisi, the named executive officers whose compensation is presented in the table above, providing for a minimum base salary of \$215,000, \$215,000, \$215,000 and \$215,000, respectively. These agreements each have a term of two years and were last renewed as of July 1, 2006, and each provides for extension of the term on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that the officer's performance has met its requirements and standards. Pursuant to the terms of the employment agreements, each officer is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon termination of employment

at any time on or after attainment of age 62 and until eligibility for Medicare coverage, each of the officers is also permitted to continue to participate, at

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

the Bank's expense, in the group medical plan sponsored by the Bank.

If terminated without cause, each of these officers will be entitled to (i) a continuation of his or her salary through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. If terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, each of these officers will be paid an amount equal to 2.0 times his or her most recent total annual compensation (including the value of deferred compensation and retirement plans) in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Each of the officers will also be entitled to the foregoing change in control severance payment and benefits upon a voluntary termination of employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable to any of the officers as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. If change in control payments had been made under these agreements as of June 30, 2006, each of these officers would have received a payment of approximately \$468,000. The Bank has also entered into employment agreements with the three other senior vice presidents. If change in control payments had been made under these agreements as of June 30, 2006, the aggregate payment would have equaled approximately \$1,185,000.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

---

The following summarizes the Compensation Committee's involvement in the compensation decisions and policies adopted by the Bank and the Company for executive officers generally, and for the President and CEO, John N. Hopkins, in particular, during the fiscal year ended June 30, 2006. The Committee is responsible for conducting periodic reviews of the executive compensation of senior executives, including President and Chief Executive Officer John N. Hopkins. The Committee determines salary levels for senior executives and other officers and amounts of cash bonuses to be distributed to those individuals, if and as appropriate. Awards to senior management and key employees under the Company's 2005 Stock Compensation and Incentive Plan are determined by the Compensation Committee.

**GENERAL POLICY.** The executive compensation practices of the Company and the Bank are designed to reward and provide an incentive for executives, based on the achievement of corporate and individual goals. Compensation levels for executives are established after considering measures that include, but are not limited to, the financial performance of the Company and competitive labor market conditions. Furthermore, qualitative factors such as overall job performance, leadership, teamwork, and community involvement are considered in compensation deliberations. The Committee utilizes publicly available information to gather information related to compensation practices for executive officers of financial services companies with assets of between \$1.5 billion and \$4.0 billion located in New Jersey and in the surrounding states of New York and Pennsylvania within approximately 75 miles of Kearny, New Jersey. The Committee has complete access to all necessary Company personnel records, financial reports, and other data.

**COMPONENTS OF COMPENSATION.** In evaluating executive compensation, the Compensation Committee concentrates on several fundamental components: salary, incentive bonus compensation, retirement income opportunity and equity based

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

incentive compensation.

-15-

Salary levels for senior executives and other officers are reviewed by the Compensation Committee on an annual basis. Salary levels reflect an individual's job responsibilities, experience and performance and the Compensation Committee's analysis of competitive marketplace conditions.

In the past, incentive bonuses have been used to provide cash distributions to executives, depending upon a variety of factors relating to Company and Bank performance and individual performance. Although the Compensation Committee's decisions are discretionary and no specific individual goals were set, the general factors that were used to determine bonuses were the individual's contribution to the Company's and the Bank's success since the executive's last evaluation and the demonstrated capacity to adapt to meet the future needs of each. No particular weightings of these factors were used to calculate bonuses. In addition, since 2002, a portion of such bonus pay has been determined based upon the growth of the business of the Company and the Bank. The level of such incentive compensation is determined by the Board of Directors based upon various factors, including the size and complexity of the transaction, the projected financial and strategic benefits of the transaction to the future financial and business operations of the Bank, the projected benefits of the transaction as revised after the completion of the transaction compared with the projected benefits of the transaction presented at the time of initial evaluation of the transaction by management and the Board, and individual contribution to the successful completion and integration of the transaction into the ongoing business of the Company. The Plan is designated to maximize the achievement of the Company's and the Bank's objectives by providing incentive compensation to those individuals who play an instrumental role in defining and then achieving or exceeding specific previously determined organizational business objectives of the Company.

Another component of the executive compensation strategy of the Company and the Bank is the retirement income opportunity. Presently, such retirement income opportunity involves the Bank's defined benefit pension plan, the Benefits Equalization Plan related to the defined benefit plan, the Bank's 401K plan and the Bank's Employee Stock Ownership Plan ("ESOP") and related ESOP Benefits Equalization Plan.

In October of 2005, the Company's shareholders approved the Company's Stock Compensation and Incentive Plan. Through this plan, executives may be awarded stock options and restricted stock awards that will offer them the possibility of future compensation opportunity depending on the executive's continued employment with the Company and the Bank and the long-term price appreciation of the Company's common stock. During the fiscal year ended June 30, 2006, awards were made to the Company's chief executive officer and other named executive officers. A determination related to such awards of stock options and stock awards was made by the Committee after reviewing the Company's other compensation programs for its senior officers and the stock compensation awards made by other financial institutions having completed a stock offering of at least \$50 million within the prior three years.

COMMITTEE REVIEW OF EXECUTIVE COMPENSATION. In making its recommendations regarding executive compensation at calendar year-end 2005, the Compensation Committee was influenced by several positive factors. Primary among these were the exceptional financial performance of the Company and the significant role of the Company's executive officers in bringing it about. Additional accomplishments, less measurable in quantitative form but of equal importance to the Company and the Bank, included advances in strategic direction, strengthened

## Edgar Filing: Kearny Financial Corp. - Form DEF 14A

internal controls, and regulatory compliance.

Based upon these performance factors, the Company's executive officers were awarded salary increases to be effective as of January 1, 2006, and bonuses paid in December 2005.

-16-

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER. In assessing appropriate types and amounts of compensation for the CEO, the Board evaluates both corporate and individual performance. Corporate factors included in such evaluation are: return on average assets, the level of the efficiency ratio, and the market performance of the common stock. Individual factors include the CEO's initiation and implementation of successful business strategies; maintenance of an effective management team; and various personal qualities, including leadership, commitment, and professional and community standing.

After reviewing the Company's calendar year 2005 results, as well as his individual contributions, the Compensation Committee concluded that the CEO, John N. Hopkins, performed with exceptional skill and diligence in 2005. The Company generated earnings and business growth in accordance with the Company's budget and operating plans, and Mr. Hopkins deserves a large measure of the credit for this leadership role in the Company's accomplishments. He assumed personal responsibility for an array of ambitious operating strategies, including efforts to raise additional capital through the sale of Company stock to the public, operating strategies to deploy the capital raised through such stock offering and continuation of the Company's efforts and strategy to grow its retail franchise in the New Jersey counties it serves. Finally, the Compensation Committee believes that Mr. Hopkins has made significant contributions to the ongoing success of the Company and the Bank, and continues to set the stage for their continued success.

Accordingly, Mr. Hopkins' salary was increased from \$540,000 to \$600,000, effective January 1, 2006, and he was awarded a bonus of \$110,000 in December 2005.

The above report on Executive Compensation was provided by the Compensation Committee, comprised of:

Theodore J. Aanensen (Chair),  
John J. Mazur, Jr.,  
Joseph P. Mazza, and  
Henry S. Parow.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION. None of the members of the Compensation Committee are or were previously officers or employees of the Company or any of its subsidiaries. During the year ended June 30, 2006, there were no "interlocking" relationships in which (i) an executive officer of the Company served as a member of the compensation committee of another entity, one of whose executive officers served on the compensation committee of the Company; (ii) an executive officer of the Company served as a director of another entity, one of whose executive officers served on the compensation committee of the Company; or (iii) an executive officer of the Company served as a member of the compensation committee of another entity, one of whose executive officers served as a director of the Company.

PROPOSAL II - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

-----

The Audit Committee of Board of Directors of the Company has appointed Beard Miller Company LLP as the Company's independent auditor for the fiscal year ending June 30, 2007. This appointment is being submitted to the Company's shareholders for ratification. Beard Miller was the Company's independent auditor for the fiscal year ended June 30, 2006. A representative of Beard Miller is expected to be present at the Meeting, will have the opportunity to make a statement if he or she so desires, and is expected to be available to respond to appropriate questions.

-17-

Ratification of the appointment of the independent auditor requires the affirmative vote of a majority of the votes cast, in person or by proxy, by the shareholders of the Company at the Meeting. The Board of Directors recommends that shareholders vote "FOR" the ratification of the appointment of Beard Miller Company LLP as the Company's independent auditor for the 2007 fiscal year.

-----

INFORMATION REGARDING INDEPENDENT AUDITOR

-----

CHANGE IN INDEPENDENT AUDITOR. On April 1, 2005, the Company's former independent auditor, Radics & Co., LLC ("Radics"), merged with Beard Miller Company LLP ("Beard Miller") to become the Pine Brook, New Jersey office of Beard Miller. The Company's engagement of Beard Miller was approved by the Company's Audit Committee. The reports of Radics on the consolidated financial statements of the Company as of and for the fiscal years ended June 30, 2004 and 2003, did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During the Company's fiscal years ended June 30, 2004 and 2003, and in connection with the audit of the Company's consolidated financial statements for such periods, and for the period from July 1, 2004 to April 1, 2005, there were no disagreements between the Company and Radics on any matter of accounting principles or practices, consolidated financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Radics, would have caused Radics to make reference to such matter in connection with its audit reports on the Company's consolidated financial statements.

The Company's Audit Committee approves each service prior to the engagement of the auditor for all audit and non-audit services. All of the services listed below were approved by the Audit Committee prior to the service being rendered. There were no services that were not recognized to be non-audit services at the time of engagement that were approved after the fact.
