Press Release

ALBRAS BROWNFIELD EXPANSION

Rio de Janeiro, December 13, 2001 - Companhia Vale do Rio Doce (CVRD) informs

## Edgar Filing: VALLEY OF THE DOCE RIVER CO - Form 6-K

that ALBRAS - Alumínio Brasileiro S.A. (Albras), a company in which its wholly owned subsidiary Vale do Rio Doce S.A. - Aluvale holds 51% of the total capital, concluded today the expansion of its nominal production capacity of 45,000 tonnes per year.

Albras' new primary aluminum production capacity is 406,000 tonnes per year. It is the biggest aluminum smelter in Brazil and one of the lowest cash cost producers in the world.

There were invested approximately US\$ 55 million, corresponding to a cost of US\$ 1,222 per tonne of additional capacity. It is a very low capex cost, even considering that it is a brownfield project.

Albras expansion is part of CVRD strategy of creating value through the exploration of profitable growth opportunities. Its global competitiveness is supported by low capex and opex costs.
