CELLCOM ISRAEL ANNOUNCES PRELIMINARY RESULTS  
FOR THE SECOND QUARTER OF 2013 AND COMMENTS ON  
PURCHASE RUMORS

NETANYA, Israel, July 30, 2013 – Cellcom Israel Ltd. (NYSE: CEL) (the “Company”) announced today its preliminary (unaudited) results for the second quarter of 2013. The Company provides its preliminary results at the request of its controlling shareholder, IDB Holding Corporation, or IDB, in connection with certain debt arrangements for IDB. The expected results are presented below. The expected results reflect an increase in the Company's revenues from services, ARPU and EBITDA during Q2/2013 in comparison to those of Q1/2013, which may not continue in future quarters, alongside the previously forecasted continued moderate erosion of revenues during Q2/2013 in comparison to those of Q1/2013. The increase in revenues from services, ARPU and EBITDA, follows a continued decrease in those parameters in recent periods. The Company will publish its Q2/2013 report and full and final financial results for the Q2/2013 (unaudited) in August 2013.

	Q2/2013 preliminary results (in NIS millions; ARPU in NIS)
Revenues	1,220-1,240
Revenues from services	990-1,010
Net income	55-65
EBITDA*	325-340
FCF**	340-345
ARPU***	77.5 – 79.5

\*EBITDA is a non-IFRS measure and is defined as income before financing income (expenses), net; other income (expenses), net; income tax; depreciation and amortization and share based payments. This is an accepted measure in the communications industry.

\*\*Free cash flow is a non-IFRS measure and is defined as the net cash provided by operating activities minus the net cash used in investing activities excluding short-term investment in tradable debentures and deposits and proceeds from sales of such debentures (including interest received in relation to such debentures) and deposits.

For additional details regarding the Company's usage of non-IFRS financial measures see the Company's current report on the Company's results of operations in the first quarter 2013, on Form 6-K filed on May 13, 2013, under the same title.

\*\*\* Average monthly revenue per user.

The Company further announced that its controlling shareholder has notified it that contrary to rumors in the media regarding an offer supposedly made to a third party to purchase the Company, the Company is not up for sale. The Company provides this information at the request of IDB, its controlling shareholder, in connection with certain debt arrangements for IDB. The Company is providing such information today only in light of this request from its controlling shareholder, but otherwise does not expect to comment on market rumors, consistent with its normal policy.
