Item 9. Regulation FD Disclosure.

On December 29, 2003, Stonepath Group, Inc. (the "Company") issued a press release announcing, among other things, the completion of several acquisitions, financial guidance for its forecasted 2004 results of operations and a revision to its 2003 forecasted revenues.

## Edgar Filing: STONEPATH GROUP INC - Form 8-K

### Item 12. Results of Operations and Financial Condition.

The press release dated December 29, 2003 is attached hereto as Exhibit 99.1.

The Company is in the process of preparing amendments to its 2003 quarterly reports, as well as an amendment to its Annual Report on Form 10-K/A for the year ended December 31, 2002, to restate the consolidated financial statements contained therein to reduce revenue and costs of transportation by a like amount for transactions that were previously reported in error. The periods that will be impacted include the second, third and fourth quarters of 2002, as well as the first, second and third quarters of 2003.

During the third week of December 2003, and in the course of conducting a regularly scheduled review of internal controls and centralization of the financial reporting process, the Company discovered an error in the legacy accounting process of its International Services division. The error was that the Company inadvertently failed to eliminate in the consolidation process certain intercompany transactions between Stonepath Logistics International Services, Inc. (formerly known as "Global Transportation Systems, Inc.") and Global Container Line, Inc., its wholly-owned subsidiary which operates as a non-vessel operating common carrier. This resulted in an overstatement of revenues and a corresponding overstatement of the cost of transportation, with no resulting impact on net revenues, EBITDA or net earnings. The Company has determined that this error had been embedded in the legacy accounting processes of Global Transportation Systems, Inc. for a period which began substantially before its acquisition by the Company in April 2002.

A preliminary analysis of the effects of this restatement on previously reported consolidated revenues and costs of transportation is provided below. The Company expects to file amended periodic reports on Form 10-Q/A and Annual Report on Form 10-K/A for the relevant periods, once it has confirmed all restated amounts with its auditors.
