PROXY STATEMENT

The enclosed proxy is solicited on behalf of the Board of Directors of Stonepath Group, Inc. (the "Company") to be voted at the Annual Meeting of Stockholders (the "Meeting") of the Company to be held at the offices of Buchanan Ingersoll PC, 1835 Market Street, 15th Floor, Philadelphia, Pennsylvania 19103, on Wednesday, May 26, 2004 at 10:00 a.m. local time, and at any adjournment(s) or postponement(s) thereof for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The proxy solicitation materials were mailed on or about April 8, 2004 to all stockholders entitled to vote at the Meeting.

Record Date and Stock Ownership

Stockholders of record at the close of business on April 1, 2004 (the "Record Date") are entitled to notice of and to vote at the Meeting, and at any adjournment(s) or postponement(s) thereof. At the Record Date, 40,519,392 shares of the Company's Common Stock, \$.001 par value per share (the "Common Stock") were issued, outstanding and entitled to notice of and to vote on all matters at the Meeting and at any adjournment(s) or postponement(s) thereof.

Quorum and Voting Requirements

The Company's Bylaws provide that the stockholders holding a majority of the shares issued, outstanding and entitled to vote on the Record Date must be present in person or by proxy at the Meeting to constitute a quorum for the transaction of business at the Meeting.

All shares of Common Stock represented by valid proxies received by the Secretary of the Company prior to the Meeting will be voted as specified in the proxy. If no specification is made, the shares will be voted FOR the election of each of the Board's nominees to the Board of Directors and FOR each of the other matters submitted by the Board of Directors for vote by the stockholders. Unless otherwise indicated by the stockholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Meeting. Abstentions and broker non-votes (which arise from proxies delivered by brokers and others, where the record holder has not received direction on voting and does not have discretionary authority to vote on one or more matters) are each included in the determination of the number of shares present for purposes of determining a quorum. At the Meeting, directors will be elected by a plurality vote and all other matters will be decided by the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy, and entitled to vote. Abstentions are counted as shares present at the meeting for purposes of determining the votes cast on any matter and have the effect of a vote against any matter as to which abstention is specified. Broker non-votes are not considered shares present for purposes of the vote on any matter as to which the broker non-vote is specified and will not

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

affect the outcome of the vote.

The execution of a proxy will not affect a stockholder's right to attend the Meeting and vote in person. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is used at the Meeting by filing with the Secretary of the Company either: (i) a written notice of revocation; (ii) a proxy bearing a later date than the most recently submitted proxy; or (iii) by attendance at the Meeting and voting in person. Attendance at the Meeting will not, by itself, revoke a proxy.

Registered stockholders (those who hold shares directly rather than through a bank or broker) can simplify their voting by voting via the internet at www.votestock.com. Internet voting information is provided on the Proxy Card. Use of a Control Number is designed to verify stockholders' identities and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. The Control Number is identified and located on the Proxy Card. If a stockholder holds shares through a bank or broker, the stockholder will receive separate instructions on the form received from the bank or broker. Although most banks and brokers now offer Internet voting, availability and specific processes will depend on their voting arrangements.

Annual Report

A copy of the Company's Annual Report for the year ended December 31, 2003 accompanies this Proxy Statement. No material contained in the Annual Report is to be considered a part of our proxy solicitation material.

The mailing address of the Company's executive office is 1600 Market Street, Suite 1515, Philadelphia, PA 19103.

Solicitation

The cost of this proxy solicitation will be borne by the Company. The Company will reimburse brokers and other persons holding stock in their names or in the names of nominees for their expenses incurred in sending proxy materials to principals and obtaining their proxies.

Shareholder Proposals

Proposals of stockholders that are intended to be included within the proxy material for our 2005 Annual Meeting of Stockholders must comply with the requirements of SEC Rule 14a-8 and must be received no later than December 10, 2004 in order to be included in the Proxy Statement and proxy relating to that Annual Meeting.

7

Board Committees

Audit Committee

The Audit Committee is responsible for monitoring the integrity of the Company's financial statements and reporting processes and systems of internal control regarding finance, accounting, and legal compliance and approving the engagement of its independent auditors. The Audit Committee held eight (8) meetings in 2003. The members of the Audit Committee are David R. Jones, Chairman, as well as Aloysius T. Lawn, IV, and Robert McCord. Each of these Audit Committee members is independent as defined in the listing standards of the American Stock Exchange and the rules of the Securities and Exchange Commission. The Board has determined that Mr. Jones qualifies as an "audit committee financial expert" as defined in the rules of the Securities and Exchange Commission by virtue of his education and experience in complex financial matters and the analysis and review of financial statements and has designated Mr. Jones as the "audit committee financial expert." For a description of Mr. Jones' relevant experience, see "Information About Nominees for Director - David R. Jones."

Compensation Committee

The Compensation Committee is responsible for determining the compensation of the officers and employees of the Company and administering the Company's compensation plans. The Compensation Committee held six (6) meetings in 2003. The members of the Compensation Committee are Aloysius T. Lawn, IV, Chairman, as well as David R. Jones and John H. Springer. Each of these Compensation Committee members is independent as defined in the listing standards of the American Stock Exchange and the rules of the Securities and Exchange Commission.

Board Nominating Procedures

Given the relatively small size of the Board of Directors and the existence of other committees of the Board requiring substantial attention and effort, the Board has determined that it is appropriate not to establish a separate nominating committee. The Board has also determined that a nominating committee is not necessary in light of the written nominating procedures it has adopted and the fact that nominations are determined by the vote of a majority of the directors who are independent.

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

The Board will consider candidates for membership suggested by its members, as well as by the Company's management and stockholders. The Board may also from time to time retain a third-party executive search firm to identify candidates.

A stockholder who wishes to recommend a prospective nominee for the Board of Directors should notify the Company's Corporate Secretary in writing with whatever supporting material the stockholder considers appropriate.

Once the Board has identified a prospective nominee, it will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination will be based on the need for additional Board members to fill vacancies or to expand the size of the Board. If it is

8

determined that there is a need for additional Board members, the Board will then evaluate the prospective nominee considering the following factors:

- o the candidate's ability to represent the interests of the Company's stockholders;
- o the candidate's skill, integrity, and independence of thought and judgment;
- o the candidate's experience with businesses and other organizations of comparable size and stage of development;
- o the relationship of the candidate's experience to the experience of other members of the Board and whether the candidate adds to the range of talent, skill and expertise possessed by the existing members of the Board; and
- o the candidate's ability to dedicate sufficient time, energy and attention to the diligent performance of a director's duties, including the candidate's service on other boards of directors.

The Board will also consider such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for audit committee expertise and the evaluations of other prospective nominees.

As part of the evaluation, the Board will have the prospective nominee interviewed by one or more of its members, and others as appropriate, either in person or by telephone. After completing this evaluation and interview, the Board will then determine, by a vote of a majority of directors who are independent, whether to elect the prospective nominee to the Board in the case where stockholder approval is not required, or to nominate the candidate for election by the Company's stockholders.

Stockholder Communications to Directors

The Board of Directors has adopted a written process for stockholders to send communications to the Board of Directors. All correspondence which a stockholder desires to send to the members of the Board of Directors should be forwarded to the Corporate Secretary of the Company. The Corporate Secretary will review all correspondence to determine whether it deals with the functions of the Board of Directors or its committees and, if so, shall forward the correspondence to all directors. Concerns relating to accounting, internal controls or auditing matters shall be immediately brought to the attention of

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE COMPANY'S DIRECTORS

9

PROPOSAL 2

APPROVAL OF AMENDMENT TO THE STONEPATH GROUP, INC. AMENDED AND RESTATED 2000 STOCK INCENTIVE PLAN

The Company's stockholders are being asked to approve an amendment to the Stonepath Group, Inc. Amended and Restated 2000 Stock Incentive Plan (the "Stock Incentive Plan") to increase the number of shares of the Company's Common Stock reserved for issuance under the Stock Incentive Plan by 2,000,000 shares. The Board of Directors unanimously adopted this amendment on March 11, 2004, subject to stockholder approval at the Meeting.

The proposed amendments will assure that a sufficient reserve of Common Stock remains available for issuance under the Stock Incentive Plan to allow the Company to continue to utilize equity incentives to attract and retain the services of officers, employees, directors and consultants (collectively, "covered persons") to the Company which the Company views as essential to its long-term growth and financial success. The Company relies significantly on equity incentives in the form of stock awards and stock option grants to attract and retain covered persons and believes such equity incentives are necessary for the Company to remain competitive in the marketplace for such talent. Stock and option grants made to newly-hired or continuing covered persons will be based on both competitive market conditions and individual performance. In addition, the Company has acquired other companies in the past, and anticipates future acquisitions. It is important that the Company be able to offer equity incentives to employees of the companies acquired so that they remain incentivized after the acquisition has been completed.

The Stock Incentive Plan was approved in September 2000 by the stockholders of the Company at that time, and subsequent amendments to the Stock Incentive Plan were approved by the stockholders of the Company on May 31, 2002 and May 30, 2003. A total of 13,000,000 shares of Common Stock of the Company currently are reserved for issuance under the Stock Incentive Plan. As of March 5, 2004, 10,313,634 shares were subject to awards currently outstanding under the Stock Incentive Plan (the "Plan Options") and 1,326,700 shares were subject to awards granted outside the Stock Incentive Plan (the "Non-Plan Options").

The following is a summary of the principal features of the Stock Incentive Plan. The summary, however, does not purport to be a complete description of all of the provisions of the Stock Incentive Plan. The complete text of the Stock Incentive Plan, as amended herein, appears as Exhibit A to this Proxy Statement and the following description is qualified in its entirety by reference to Exhibit A.

Purpose

The purposes of the Stock Incentive Plan are to: (i) better align the interests of stockholders with the interest of officers, directors, employees and consultants of the Company and its subsidiaries by creating a direct linkage between participants' rewards and the performance of the Company and its subsidiaries; (ii) encourage stock ownership and proprietary interests in the Company's stock; and (iii) assist the Company and its subsidiaries in attracting

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

and retaining highly competent officers, directors, employees and consultants vital to its success.

10

Term

The Stock Incentive Plan became effective on June 1, 2000. The Stock Incentive Plan has no fixed expiration date.

Administration

The Stock Incentive Plan may be administered by the full Board of Directors or by a committee of the Board comprised of two or more "Non-Employee Directors" within the meaning of Rule 16b-3(b)(3) of the Securities Exchange Act of 1934, as amended (the Board of Directors or the committee shall hereinafter be referred to as the "Plan Administrator"). The Plan Administrator has, among other matters, the exclusive authority to make awards under the Stock Incentive Plan and to make interpretations and determinations involving the Stock Incentive Plan.

Participation and Types of Awards

Employees, officers and directors of the Company and its subsidiaries are currently eligible to receive non-qualified stock options, restricted stock awards, and "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). In addition, advisors and consultants who perform services for the Company are eligible to receive non-qualified stock options and stock awards under the Stock Incentive Plan.

Shares Subject to the Stock Incentive Plan

The number of shares of Common Stock which may be issued under the Stock Incentive Plan is currently 13,000,000 and, upon approval of this Proposal by the stockholders, will be 15,000,000. All of the shares of Common Stock may be awarded in the form of stock options or stock awards. However, pursuant to Section 162(m) of the Code, currently, stock options with respect to no more than 2,500,000 shares of Common Stock may be granted to any one individual participant during any one calendar year period. In addition, the following shares may be added back to the Stock Incentive Plan and made available for issuance under the Stock Incentive Plan: (i) any shares of Common Stock that are forfeited, cancelled or re-acquired by the Company; (ii) any shares of Common Stock tendered in satisfaction of tax withholding or other obligations relating to proposed awards under the Stock Incentive Plan; and (iii) any shares of Common Stock underlying an award that is terminated (other than by exercise).

Performance-Based Compensation

Section 162(m) of the Code limits to \$1,000,000 annually the deduction a public corporation may claim for compensation paid to any of its top five (5) executive officers, except in limited circumstances. One such exception is for "performance-based compensation," which is defined as compensation paid solely on account of the attainment of one or more performance goals, but only (i) if the goals are determined by a compensation committee of the board comprised of two (2) or more outside directors, (ii) the performance goals are disclosed to stockholders and approved by a majority vote before the remuneration is paid, and (iii) before the remuneration is paid, the compensation committee certifies that the performance goals and any other material terms were in fact satisfied.

11

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Internal Revenue Service regulations provide that compensation attributable to a stock option will be deemed to satisfy the requirement that performance goals be pre-established if the grant of the option is made by the compensation committee; the plan under which the option is granted states the maximum number of shares with respect to which options or rights may be granted during a specified period to any employee; and, under the terms of the option, the amount of compensation the employee could receive is based solely on an increase in the value of the stock after the date of grant.

The Stock Incentive Plan includes features intended to permit the Plan Administrator to grant options and stock awards to employees that will qualify as performance-based compensation.

Stock Options

Options granted under the Stock Incentive Plan may be either incentive stock options or non-qualified stock options. The Plan Administrator will determine whether and to what extent options will be granted under the Stock Incentive Plan and whether such options granted will be incentive stock options or non-qualified stock options; provided, however, that: (i) incentive stock options may be granted only to employees of the Company or any of its subsidiaries, (ii) no incentive stock options may be granted following the tenth anniversary of the effective date of the Stock Incentive Plan, and (iii) the aggregate fair market value (determined as of the date of grant of the option) of the Common Stock with respect to which incentive stock options may become exercisable for the first time by any individual during any calendar year may not exceed \$100,000 or, if it does, the portion of such options which exceeds such amount will be treated as non-qualified stock options. Unless otherwise specified in the agreement evidencing the option, options granted under the Stock Incentive Plan may be exercised for a period of up to ten (10) years from the date of grant.

The price at which each share covered by an option may be purchased will be determined in each case by the Plan Administrator; provided, however, that such price, in the case of incentive stock options, may not be less than the fair market value of Common Stock on the date of grant.

Options will be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria, and restrictions as will be determined by the Plan Administrator and as set forth in the agreement relating thereto; provided, however, that: (i) no option will be exercisable after the expiration of ten (10) years after the date of grant of such option, (ii) no incentive stock option granted to a participant who owns more than 10% of the combined voting power of all classes of stock of the Company (or any parent or subsidiary of the Company) will be exercisable after the expiration of five (5) years after the date of grant of such option and the exercise price of an incentive stock option granted to such stockholder may not be less than 110% of the fair market value of the Common Stock on the date of grant, and (iii) no option granted to a prospective employee, prospective consultant, or prospective director may become exercisable prior to the date on which such person commenced service with the Company or its subsidiaries.

Stock Awards

The Plan Administrator may grant stock awards to any officer, director,

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

employee or consultant of the Company or any of its subsidiaries. A stock award entitles the recipient to acquire shares of Common Stock subject to such restrictions and conditions as the Plan Administrator may determine at the time of grant. Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives.

Upon execution of a written instrument setting forth the stock award and paying any applicable purchase price, a participant shall have the rights of a stockholder with respect to the Common Stock subject to the stock award, including, but not limited to, the right to vote and receive dividends with respect thereto; provided, however, that shares of Common Stock subject to stock awards that have not vested shall be subject to restrictions on transferability. Unless the Plan Administrator otherwise determines, certificates evidencing the stock awards shall remain in the possession of the Company until such Common Stock is vested.

The Plan Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which Common Stock shall become vested, subject to such further rights of the Company or its assigns as may be specified in the instrument evidencing the stock award. If the participant or the Company, as the case may be, fails to achieve the designated goals or the participant's relationship with the Company is terminated prior to the expiration of the applicable vesting period, the participant shall forfeit all shares of Common Stock subject to the stock award which have not then vested. Unvested Common Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided in the Stock Incentive Plan or in the written instrument evidencing the stock award.

Termination of Service

If a participant ceases to perform service for the Company, all options which such participant is then entitled to exercise may be exercised until the earlier to occur of the three-month anniversary after termination of service or the expiration of the relevant option exercise period, unless otherwise provided for in the award agreement.

However, if a participant ceases to perform service for the Company or any of its subsidiaries due to death, disability or retirement, any options then exercisable will be exercisable until the earlier to occur of the one-year anniversary of termination of service or the expiration of the relevant option exercise period, unless otherwise provided for in the award agreement.

In addition, if the Company or any of its subsidiaries terminates a participant's service for "Cause" (as defined in the Stock Incentive Plan), then any and all options held by such person will terminate forthwith, unless otherwise provided for in the award agreement.

13

Stock Adjustments

If, as a result of any merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar transaction, the outstanding shares of Common Stock are increased or decreased or are exchanged for a new, different or additional number or kind of shares or other securities of the Company, or other non-cash

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

assets of the Company are distributed with respect to such shares of Common Stock or other securities, the Plan Administrator may make an appropriate or proportionate adjustment in (i) the number of options that can be granted to any one participant, (ii) the number and kind of shares or other securities subject to any then outstanding awards under the Stock Incentive Plan, and (iii) the price for each share subject to any then outstanding options under the Stock Incentive Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of shares as to which such options remain exercisable). The adjustment by the Plan Administrator will be final, binding and conclusive.

If, as a result of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Company's Board of Directors authorizes the issuance or assumption of options in a transaction to which Section 424(a) of the Code applies, then, notwithstanding any other provision of the Stock Incentive Plan, the Plan Administrator may grant options upon such terms and conditions as it may deem appropriate for the purpose of assuming the old option, or substitution of a new option for the old option.

In the case of (i) the dissolution or liquidation of the Company, (ii) merger, reorganization, or consolidation in which the Company is acquired by another person or entity (other than a holding company formed by the Company), (iii) the sale of all or substantially all of the assets of the Company to an unrelated person, or (iv) the sale of all or substantially all of the stock of the Company to an unrelated person (in each case, a "Fundamental Transaction"), the Stock Incentive Plan and all unvested awards granted thereunder will terminate, unless provision is made in connection with the Fundamental Transaction for the assumption of the awards or the substitution of such awards with new awards of the successor entity, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise price. In the event of such termination in which the Company's Board of Directors does not provide for a Cash Purchase Price (as defined below) in connection with the options, each participant will be notified of such proposed termination and permitted to exercise options which are then exercisable for a period of at least fifteen (15) days prior to the date of such termination.

In the event that the Company will be merged or consolidated with another corporation or entity, other than a corporation or entity which is an "affiliate" of the Company, under the terms of which the holder of Common Stock will receive upon consummation thereof a cash payment for each share of Common Stock of the Company surrendered pursuant to such transaction ("Cash Purchase Price"), the Company's Board of Directors may provide that all outstanding options will terminate upon consummation of that transaction and each participant will receive, in exchange therefor, a cash payment equal to the amount (if any) by which (i) the Cash Purchase Price multiplied by the number of shares of Common Stock subject to outstanding options held by such participant exceeds (ii) the aggregate exercise price of such participant's options.

14

Change in Control

Unless otherwise provided in a participant's option agreement or in a written employment or other agreement between the participant and the Company, the Stock Incentive Plan provides that, in the event the Stock Incentive Plan is terminated as a result of or following a "Change In Control" (as defined in the Stock Incentive Plan), all vested options then outstanding at the time of such termination may be exercised for a period of fifteen (15) days from the date of notice of the proposed termination. In such event, all participants shall be

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

credited with an additional six (6) months of service for the purpose of any otherwise unvested options. Upon a Change In Control in which the Stock Incentive Plan is either assumed or otherwise not subject to termination, if during the remaining term of such participant's options or stock award, the participant is terminated other than for "Cause," the participant will also be credited with an additional six (6) months of service; provided, however, in the event of a termination for "Cause," all options will immediately terminate and all unvested portions of stock awards will immediately terminate.

Amendment and Termination

The Board of Directors may alter, amend, suspend or discontinue the Stock Incentive Plan, provided that no such action will deprive any person, without such person's consent, of any rights theretofor granted under the Stock Incentive Plan.

Tax Withholding

Whenever shares are to be issued or cash is to be paid under the Stock Incentive Plan, under circumstances in which the Plan Administrator believes that any federal, state or local tax withholding will be imposed, including FICA and Medicare withholding tax, the Company shall have the right to require the participant to remit to the Company an amount sufficient to satisfy federal, state and local tax withholding requirements. Such withholding requirements may be paid (i) in cash; (ii) in the discretion of the Plan Administrator, through the delivery to the Company of previously-owned shares of Common Stock having an aggregate fair market value equal to the tax obligation (provided that the previously owned shares delivered in satisfaction of the withholding obligations must have been held by the participant for at least six (6) months); (iii) in the discretion of the Plan Administrator, through an election to have the Company withhold shares of Common Stock otherwise issuable to the participant having an aggregate fair market value equal to the tax obligation; or (iv) in the discretion of the Plan Administrator, through a combination of the procedures set forth in subsections (i)-(iii) above.

Awards Granted to Certain Individuals and Groups

As described above, the number of awards that may be granted to officers, employees, directors or consultants under the Stock Incentive Plan is at the discretion of the Plan Administrator and therefore future awards under the Stock Incentive Plan cannot be determined in advance. The following table sets forth (a) the total number of shares subject to options granted under the Stock Incentive Plan to the listed persons and groups through the fiscal year ended December 31, 2003 and (b) the market value or average per share exercise price of such options.

Federal Income Tax Consequences

The following summary is based upon an interpretation of the present

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Code and applicable treasury regulations and may be inapplicable if such laws and regulations are changed. Additionally, the following summary is limited to the impact of the United States federal tax laws upon United States citizens residing in the United States.

Non-Qualified Stock Options

Under the current applicable provisions of the Code, the recipient of an option will not recognize income upon the receipt of a grant of non-qualified stock options and the Company will not be entitled to a tax deduction. When a non-qualified stock option is exercised, however, the excess of the fair market value of the shares received over the option price for those shares will be treated for federal tax purposes as ordinary income. Accordingly, the Company will be entitled to a corresponding tax deduction in the same amount. Any gain (or loss) realized on the sale or exchange of any shares actually received will be treated as long-term or short-term capital gain (or loss), depending on the applicable holding period.

Incentive Stock Options

With respect to incentive stock options ("ISOs"), no taxable income will be recognized when the option is granted or exercised; provided, however, that ISOs exercised more than three (3) months after termination of employment will be taxed in the same manner as non-qualified stock options described above. Additionally, when an ISO is exercised, the spread between the fair market value and the exercise price will be an item of tax preference for purposes of the alternative minimum tax.

If the shares acquired when an ISO is exercised are held for at least two (2) years from the grant of the options and one (1) year from the exercise of the options (the "ISO Holding Period"), any gain (or loss) realized upon their sale will be treated as long-term capital gain (or loss). In such a case, the Company will not be entitled to a deduction. If the shares are not held for the ISO Holding Period, then upon disposition ordinary income will be recognized in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date the option was exercised, limited, however to the gain realized on the sale. Any additional gain will be taxed as capital gain. The Company will be entitled to a deduction equal to the amount of any ordinary income recognized in this manner.

17

Stock Awards

The recipient of a stock award will generally recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the date on which the shares become transferable or not subject to a substantial risk of forfeiture, whichever occurs first) over (ii) the amount, if any, paid for the shares. Such person may, however, make an election (the "Tax Election"), within thirty (30) days following the grant of the stock award, to recognize income at the time of the award based on the fair market value of the shares on the transfer date. The Company will be entitled to a deduction in the same amount and at the same time that such person recognizes ordinary income. The ordinary income recognized by a recipient who is an employee will be subject to tax withholding by the Company. Upon the sale or other disposition (including any forfeiture) of the shares awarded, the recipient will realize capital gain (or loss) measured by the difference between the amount realized and the fair market value of the shares on the date the award vested (or on the date of grant if such person made the Tax Election).

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Tax Effect for the Company

The Company generally will be entitled to receive a tax deduction in connection with an award under the Stock Incentive Plan in the amount equal to the ordinary income realized by the participant and at the time the participant recognizes such income. As described above, special rules limit the deductibility of compensation paid to certain executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of the above specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of compensation in excess of \$1,000,000 if it complies with the conditions imposed by Section 162(m). These conditions include stockholder approval of the Stock Incentive Plan, setting limits on the number of awards that any individual may receive, and establishing performance criteria that must be met before the award actually will vest or be paid. The Stock Incentive Plan has been designed to permit the Plan Administrator to grant options and stock awards which satisfy the requirements of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

The foregoing discussion is not a complete description of the federal income tax aspects of options or stock awards under the Stock Incentive Plan. In addition, administrative and judicial interpretations of the application of the federal income tax laws are subject to change. Furthermore, no information is given with respect to state or local taxes that may be applicable to any awards. Participants in the Stock Incentive Plan who are residents of or are employed in a country other than the United States may be subject to taxation in accordance with the tax laws of that particular country in addition to or in lieu of United States federal income taxes.

REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Compensation Committee") consists of three (3) directors who are not employees of the Company and who are considered "independent" under the rules of The American Stock Exchange.

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Role of the Committee

The Compensation Committee seeks to align executive compensation with Company objectives and strategies, business financial performance and enhanced stockholder value.

The Compensation Committee regularly reviews and approves generally all compensation and fringe benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants and cash incentive awards to all key employees. The Compensation Committee reviews and administers the Company's Amended and Restated 2000 Stock Incentive Plan and the Company's 2003 Employee Stock Purchase Plan.

The Compensation Committee's objectives include (i) attracting and retaining exceptional individuals as executive officers and (ii) providing key executives with motivation to perform to the full extent of their abilities, to maximize Company performance and deliver enhanced value to the Company's stockholders. The Compensation Committee believes it is important to place a greater percentage of executive officers' total compensation, principally in the form of equity, at risk through the grant of stock options whose value is derived from the performance of the business and value of the Common Stock. Executive compensation consists primarily of an annual salary, annual bonuses linked to the performance of the Company and long-term equity-based compensation.

Compensation

Salary payments in 2003 were made to compensate the ongoing performance of the Company's executive officers. Bonuses in 2003 were made to recognize contributions to the Company's business strategy. The Committee's specific decisions concerning 2003 compensation for each executive officer were made in light of each officer's level of responsibility and the Committee's judgment with respect to whether that executive officer's compensation provides appropriate recognition for performance and an incentive for future performance.

The Compensation Committee took a variety of actions during 2003 to address the need to recruit and retain executives with relevant industry experience.

The actions taken by the Compensation Committee during 2003 were designed to reward the Company's senior management group for their efforts in successfully implementing the Company's business plan and to provide additional incentives to continue their efforts to continue to achieve significant growth in the Company's business and financial performance.

23

In determining the compensation to be provided to the Company's senior management group during 2003, the Compensation Committee took into account the following matters:

- o The successful acquisition and integration of the Company's principal subsidiaries
- o The recognition of revenue growth

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

- o The organic growth of the businesses that have been acquired by the Company
- o The success in obtaining additional capital to assist in the Company's further growth

The Compensation Committee granted to the Company's Chairman and Chief Executive Officer options to purchase 700,000 shares of Common Stock in March 2003 and 1,034,600 shares of Common Stock in March 2004.

The award of options in March 2003 reflected the philosophy of the Compensation Committee and Board of Directors that it was important to provide Mr. Pelino with the opportunity to acquire up to ten percent (10%) of the amount of the Company's outstanding Common Stock on a fully diluted basis. This objective was the result of the Compensation Committee's discussions with Mr. Pelino, its consideration of the advice of an independent compensation consultant and peer group compensation levels, and its view of Mr. Pelino's importance to the Company. Part of the options awarded to Mr. Pelino in March 2003 were also provided to him in lieu of a minimum \$360,000 cash bonus the Compensation Committee would have otherwise provided to him under the terms of his employment agreement and in recognition of his willingness to purchase 100,000 shares of the Company's Common Stock in a private placement at the request of one of the lead investors.

However, the Compensation Committee and the Board of Directors decided earlier this year to change the basis for Mr. Pelino's compensation and abandoned the objective of continuing to provide him with the opportunity to acquire up to ten percent (10%) of the amount of the Company's outstanding Common Stock on a fully diluted basis. After reviewing the substantial contributions made by Mr. Pelino to the Company's growth and the benefits the Compensation Committee believes can result from his future contributions, the Compensation Committee extended the term of his employment period through June 2009, the date the earnout period from the Company's most recent acquisition expires, and increased his salary from its present level of \$360,000 per year to \$500,000 per year. This increase was provided to Mr. Pelino in the form of an award of options to purchase 359,000 shares of Common Stock that vest over the term of his employment. The Compensation Committee separately determined that Mr. Pelino was entitled to a bonus for 2003 based upon his performance, peer group compensation levels, and the advice of an independent financial consultant. This bonus was provided to Mr. Pelino by awarding him options to purchase an additional 675,600 shares of Common Stock in lieu of a \$1,080,000 cash bonus the Compensation Committee would have otherwise provided to him. The decision to provide Mr. Pelino with options to purchase Common Stock instead of the cash payment of his performance bonus for 2003 and the increase in his annual salary was made after consultation with Mr. Pelino and in an effort to accommodate his desire to conserve the cash resources of the Company to fund its continued growth.

24

The Compensation Committee believes that the foregoing compensation actions have helped develop a senior management group dedicated to achieving significant improvement in both the short-term and long-term financial performance of the Company.

Employment Agreements

On March 11, 2004, we entered into an amended employment agreement with our Chief Executive Officer, Dennis L. Pelino. This agreement amended our prior agreements with Mr. Pelino dated February 22, 2002 and June 21, 2001. Pursuant to this amendment, we have agreed to extend the term of employment of Mr. Pelino as our Chief Executive Officer through June 2009. The amendment also increased the annual compensation payable to Mr. Pelino by granting him, in addition to his current base salary of \$360,000, options to purchase 359,000 shares of our common stock which vest in equal installments over the term of his employment. This grant of options was intended to provide Mr. Pelino with incremental compensation of \$700,000 over the term of his employment. In addition to his base salary, Mr. Pelino is entitled to bonus compensation based upon the achievement of certain target objectives, as well as discretionary merit bonuses that can be awarded at the discretion of our Board of Directors. Mr. Pelino is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to the employment agreement, Mr. Pelino is also entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

As of April 19, 2001, we entered into a three-year employment agreement with our General Counsel, Stephen M. Cohen. This was further modified effective December 27, 2001. This had the effect of amending and restating our prior employment agreement with Mr. Cohen entered into in April 2000. Pursuant to this

27

Agreement, we have agreed to employ Mr. Cohen as our General Counsel through April 19, 2004 at an annual base salary of \$200,000. In addition to his annual base salary, Mr. Cohen's employment agreement provides for bonus compensation based upon the achievement of certain target objectives, as well as discretionary merit bonuses that can be awarded at the discretion of our Board of Directors. Mr. Cohen is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to his employment agreement, Mr. Cohen is entitled to fringe benefits including participation in pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

Effective as of February 1, 2003, we entered into an Amended Employment Agreement with our Chief Financial Officer, Bohn H. Crain. This agreement amended and restated our prior Agreement with Mr. Crain dated January 10, 2002. Pursuant to this Agreement, we have agreed to employ Mr. Crain as our Chief Financial Officer through February 1, 2006 at an annual base salary of \$200,000. In addition to his annual base salary, Mr. Crain's employment agreement provides for bonus compensation based upon the achievement of certain target objectives, as well as bonus compensation determined at the discretion of the Board of Directors. Mr. Crain is also entitled to certain severance benefits upon his death, disability or termination of employment. Pursuant to his employment agreement, Mr. Crain is entitled to fringe benefits including participation in

pension, profit sharing and bonus plans, as applicable, and life insurance, hospitalization, major medical, paid vacation and expense reimbursement.

Change in Control Arrangements

Our Chief Executive Officer, Chief Financial Officer and General Counsel are each employed under agreements that contain change in control arrangements. If employment of any of these officers is terminated following a Change In Control (other than for cause), then we must pay such terminated employee a termination payment equal to 2.99 times his salary and bonus, based upon the average annual bonus paid to him prior to termination of his employment. In addition, all of their unvested stock options shall immediately vest as of the termination date of their employment due to a Change In Control. In each of their agreements, a Change In Control is generally defined as the occurrence of any one of the following:

- o any "Person" (as the term "Person" is used in Section 13(d) and Section 14(d) of the Securities Exchange Act of 1934), except for the affected employee, becoming the beneficial owner, directly or indirectly, of our securities representing 50% or more of the combined voting power of our then outstanding securities;
- o a contested proxy solicitation of our stockholders that results in the contesting party obtaining the ability to vote securities representing 50% or more of the combined voting power of our then-outstanding securities;
- o a sale, exchange, transfer or other disposition of 50% or more in value of our assets to another Person or entity, except to an entity controlled directly or indirectly by us;

28

- o a merger, consolidation or other reorganization involving us in which we are not the surviving entity and in which our stockholders prior to the transaction continue to own less than 50% of the outstanding securities of the acquiror immediately following the transaction, or a plan involving our liquidation or dissolution other than pursuant to bankruptcy or insolvency laws is adopted; or
- o during any period of twelve (12) consecutive months, individuals who at the beginning of such period constituted the Board of Directors cease for any reason to constitute at least a majority of the Board of Directors unless the election, or the nomination for election by our stockholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the period.

Notwithstanding the foregoing, a "change of control" is not deemed to have occurred (i) in the event of a sale, exchange, transfer or other disposition of substantially all of our assets to, or a merger, consolidation or other reorganization involving, any entity in which the affected employee has, directly or indirectly, at least a 25% equity or ownership interest; or (ii) in a transaction otherwise commonly referred to as a "management leveraged buy-out."

In addition, the existing stock options granted to these executive officers fully vest upon a "Change In Control," as defined within our Stock Incentive Plan.

Directors Compensation

Non-employee directors are paid \$3,750 per quarter, provided that each member attends 75% of all meetings. In addition, a quarterly fee of \$3,750 is paid to the chairman of the Audit and Compensation Committees. Upon joining our Board of Directors, each of our non-employee directors received an option to purchase 50,000 shares of our common stock with an exercise price equal to the closing price of our common stock on the trading day prior to the date of grant. One-half of these options vested on the first anniversary of the director's membership on the Board, and the balance vest on the second anniversary of Board membership. On November 5, 2002 each member of our Audit Committee received options to purchase 15,000 shares of our common stock at an exercise price of \$1.45 per share (of which 50% vested on November 5, 2003 and the balance vest on November 5, 2004, contingent upon continued Board service). CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Participation of Chief Executive Officer in Recent Private Placement Transaction

At the request of one of the lead investors, Dennis L. Pelino, our Chief Executive Officer, purchased 100,000 shares of our common stock at a price of \$1.54 per share in the private placement transaction that was completed on March 7, 2003. Mr. Pelino's purchase price represented a 14.1% premium over the purchase price of \$1.35 paid by the non-affiliated investors in the transaction.

Payments to Former Executive Officer

During 2002 and 2003, we made aggregate severance payments of \$575,000 to Andrew Panzo, a former executive officer, in connection with a December 14, 2001 Separation Agreement in which Mr. Panzo resigned his position as an officer of the Company. In connection with the Separation Agreement, we also agreed to cover Mr. Panzo and his family on our medical plan during 2002 and to accelerate the vesting of the balance of his options to purchase 1,270,000 shares of our common stock. As of December 14, 2001, Mr. Panzo had already vested in 1,102,500 of these options.

Amendment and Restatement of Employment Arrangements with Executive Officers

On March 11, 2004, we entered into an amended employment agreement with our Chief Executive Officer, Dennis L. Pelino. This agreement amended our prior agreements with Mr. Pelino dated February 22, 2002 and June 21, 2001 to extend the term of his employment through June 2009, and to award Mr. Pelino a salary

36

increase in the form of additional options that vest over the period of the employment agreement. On October 18, 2001, we amended the terms of the options granted to Mr. Pelino under his original employment agreement dated June 21, 2001. We further amended the terms of Mr. Pelino's options on July 3, 2002, when we accelerated the vesting of his original options to purchase 1,800,000 shares of our common stock and granted him options to purchase an additional 1,900,000 shares of our common stock.

Effective as of February 1, 2003, we entered into an amended employment agreement with our Chief Financial Officer, Bohn H. Crain. This agreement amended and restated our prior agreement with Mr. Crain dated January 10, 2002.

Loans to Executive Officers

In connection with our acquisition of Global on April 4, 2002, we advanced the sum of \$350,000 to Jason Totah. Mr. Totah was a former shareholder of Global and is an executive officer of the Company, serving as the Chief Executive Officer of Stonepath Logistics International Services, Inc. The advance to Mr. Totah is to be repaid through 2006 by offset against the earn-out amounts that are otherwise due to Mr. Totah under the Stock Purchase Agreement. The balance of Mr. Totah's advance was \$175,000 at December 31, 2003.

Under the terms of our employment agreement with Mr. Cohen, we provided him with a loan in the principal amount of \$100,000 in April 2001. The loan accrues interest at the rate of 8% per annum and is due on April 17, 2004, or such earlier date that Mr. Cohen shall have received aggregate proceeds of \$5,000,000 from the sale of his options or the shares of common stock underlying his options. However, Mr. Cohen is not required to repay the loan if by April 17, 2004, the sum of the proceeds which he has received from the sale of his

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

options or the shares of common stock underlying his options and the remaining equity in the options as of April 17, 2004 does not equal or exceed \$5,000,000.

Related Party Lease

Air Plus leases certain of its office and warehouse facilities from Gary Koch. Mr. Koch was a former shareholder of Air Plus and is an executive officer of the Company, serving as the Chief Executive Officer of Air Plus and Stonepath Logistics Domestic Services, Inc. The Company paid \$187,000 to Mr. Koch in each of the years ended December 31, 2003 and 2002. Payments under the lease with Mr. Koch were determined by reference to comparable rents, and management believes the amounts payable thereunder represent fair market rates.

which the participant renders such Service, provided that there is no interruption or termination of the participant's Service. Furthermore, a participant's Service with the Participating Company Group shall not be deemed to have terminated if the participant takes any military leave, sick leave, or other bona fide leave of absence approved by a Participating Company; provided, however, that if any such leave exceeds ninety (90) days, on the ninety-first (91st) day of such leave the participant's Service shall be deemed to have terminated unless the participant's right to return to Service with the Participating Company is guaranteed by statute or contract.

Section 2. Administration. The Plan shall be administered by the full Board of Directors of the Company or a committee of such Board of Directors comprised of two or more "Non-Employee Directors" within the meaning of Rule 16b-3(a)(3) promulgated under the Act (the "Plan Administrator"). Subject to the provisions of the Plan, the Plan Administrator is authorized to:

- (a) construe the Plan and any Award under the Plan;
- (b) select the directors, officers, employees and consultants of any Participating Company to whom Awards may be granted;
- (c) determine the number of shares of Stock to be covered by any Award;
- (d) determine and modify from time to time the terms and conditions, including restrictions, of any Award and to approve the form of written instrument evidencing Awards;
- (e) accelerate at any time the exercisability or vesting of all or any portion of any Award and/or to include provisions in Awards providing for such acceleration;
- (f) impose limitations on Awards, including limitations on transfer and repurchase provisions;
- (g) extend the exercise period within which Stock Options may be exercised; and
- (h) determine at any time whether, to what extent, and under what circumstances Stock and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the participant and whether and to what extent the Company shall pay or credit amounts constituting interest (at rates determined by the Plan Administrator) or dividends or deemed dividends on such deferrals.

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

The determination of the Plan Administrator on any such matters shall be conclusive.

Section 3. Delegation of Authority to Grant Awards. In accordance with applicable laws, the Plan Administrator, in its discretion, may delegate to one or more executive officers of the Company all or part of the Plan Administrator's authority and duties with respect to granting Awards and all references in the Plan to the "Plan Administrator" shall include such executive officers to the extent they are acting pursuant to such delegation. The Plan Administrator may revoke or amend the terms of such a delegation at any time, but such revocation shall not invalidate prior actions of the executive officers that were consistent with the terms of the Plan.

3

Section 4. Eligibility. Awards may only be granted to employees, directors, and consultants with any member of the Participating Company Group. For purposes of the foregoing sentence, "employees," "directors" and "consultants" shall include prospective employees, prospective directors and prospective consultants to whom Awards are granted in connection with written offers of an employment or other service relationship with a Participating Company.

Section 5. Shares Subject to the Plan. The number of shares of Stock which may be issued pursuant to the Plan shall be 15,000,000. For purposes of the foregoing limitation, the shares of Stock underlying any Awards which are forfeited, canceled, reacquired by the Company, satisfied without the issuance of Stock or otherwise terminated (other than by exercise) shall be added back to the number of shares of Stock available for issuance under the Plan. Stock to be issued under the Plan may be either authorized and unissued shares or shares held in treasury by the Company. Notwithstanding the foregoing, on and after the date that the Plan is subject to Section 162(m) of the Code, Stock Options with respect to no more than 2,500,000 shares of Stock may be granted to any one individual participant during any one calendar year period.

Section 6. Stock Options. Options granted pursuant to the Plan may be either Options which are Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options and Non-Qualified Stock Options shall be granted separately hereunder. The Plan Administrator shall determine whether and to what extent Options shall be granted under the Plan and whether such Options granted shall be Incentive Stock Options or Non-Qualified Stock Options; provided, however, that: (i) Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a "subsidiary corporation" within the meaning of Section 424(f) of the Code; and (ii) No Incentive Stock Option may be granted following the tenth anniversary of the Effective Date of the Plan. The provisions of the Plan and any Stock Option Agreement pursuant to which Incentive Stock Options shall be issued shall be construed in a manner consistent with Section 422 of the Code (or any successor provision) and rules and regulations promulgated thereunder.

Section 7. ISO Fair Market Value Limitation. To the extent that Options designated as Incentive Stock Options (granted under all stock option plans of the Participating Company Group, including the Plan) become exercisable by a participant for the first time during any calendar year for Stock having a Fair Market Value greater than One Hundred Thousand Dollars (\$100,000), the portion of such Options which exceeds such amount shall be treated as Non-Qualified Stock Options. For purposes of this Section 7, Options designated as Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of Stock shall be determined as of the time the Option with respect to such Stock is granted. If the Code is amended to

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

provide for a different limitation from that set forth in this Section 7, such different limitation shall be deemed incorporated herein effective as of the amendment date and with respect to such Options as required or permitted by such amendment to the Code. If an Option is treated as an Incentive Stock Option in part and as a Nonstatutory Stock Option in part by reason of the limitation set forth in this Section 7, the participant may designate which portion of such Option the participant is exercising. In the absence of such designation, the participant shall be deemed to have exercised the Incentive Stock Option portion of the Option first. Separate certificates representing each such portion shall be issued upon the exercise of the Option.

4

Section 8. Terms of Options. Each Option granted under the Plan shall be evidenced by an agreement between the Company and the person to whom such Option is granted (the "Option Agreement") and shall be subject to the following terms and conditions:

8.1 Exercise Price. Subject to adjustment as provided in Section 11 of this Plan, the price at which each share covered by an Option may be purchased shall be determined in each case by the Plan Administrator; provided, however, that such price shall not, in the case of an Incentive Stock Option, be less than the Fair Market Value of the underlying Stock at the time the Option is granted. If a participant owns (or is deemed to own under applicable provisions of the Code and rules and regulations promulgated thereunder) more than ten percent (10%) of the combined voting power of all classes of the stock of the Company and an Option granted to such participant is intended to qualify as an Incentive Stock Option, the Option price shall be no less than 110% of the Fair Market Value of the Stock covered by the Option on the date the Option is granted.

8.2 Exercise Period. Options shall be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria, and restrictions as shall be determined by the Plan Administrator and set forth in the Option Agreement evidencing such Option; provided, however, that (i) no Option shall be exercisable after the expiration of ten (10) years after the date of grant of such Option, (ii) no Incentive Stock Option granted to a participant who owns more than 10% of the combined voting power of all classes of stock of the Company (or any parent or subsidiary of the Company) shall be exercisable after the expiration of five (5) years after the date of grant of such Option, and (iii) no Option granted to a prospective employee, prospective consultant or prospective director may become exercisable prior to the date on which such person commences Service with the Participating Company. Subject to the foregoing, unless otherwise specified by the Option Agreement evidencing the Option, any Option granted hereunder shall have a term of ten (10) years from the effective date of grant of the Option.

8.3 Effect of Termination of Service. Unless otherwise provided in such participant's Option Agreement:

- (i) Death. If a participant shall cease to perform Service as a result of such participant's death, any Options then exercisable shall be exercisable until the earlier of one year anniversary of the participant's death or the expiration of the Option Period and only by the participant's personal representative or persons entitled thereto under the participant's will or the laws of descent and distribution.

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

- (ii) Termination of Service. If a participant shall cease to perform Service to any member of the Participating Company Group, all Options to which the participant is then entitled to exercise may be exercised until the earlier to occur of the three month anniversary of the participant's termination of Service or the expiration of the Option Period or, if such termination was due to disability or retirement (as hereinafter defined), until the earlier to occur of the one year anniversary of the participant's termination of Service or the

5

expiration of the Option Period. Notwithstanding the foregoing, in the event that any termination of Service shall be for "Cause" (as defined herein), then any and all Options held by such participant shall forthwith terminate upon such termination of Service. For purposes of the Plan, "retirement" shall mean the termination of employment with the Participating Company Group, other than for Cause, at any time under circumstances which would entitle such participant to other retirement benefits provided by the Participating Company to whom the participant was providing Service immediately prior to the termination of Service or such other circumstances that the Plan Administrator concludes should be deemed a retirement.

- (iii) Limitation on Shares. The Option may not be exercised for more shares (subject to adjustment as provided in Section 11) after the termination of the participant's Service than the participant was entitled to purchase thereunder at the time of the termination of such relationship.

8.4 Payment of Exercise Price. The Option exercise price of each share purchased pursuant to an Option shall be paid in full at the time of each exercise (the "Payment Date") of the Option (i) in cash; (ii) by delivering to the Company a notice of exercise with an irrevocable direction to a broker-dealer registered under the Act to sell a sufficient portion of the shares and deliver the sale proceeds directly to the Company to pay the exercise price; (iii) in the discretion of the Plan Administrator, through the delivery to the Company of previously-owned shares of Common Stock having an aggregate Fair Market Value equal to the Option exercise price of the shares being purchased pursuant to the exercise of the Option; provided, however, that shares of Common Stock delivered in payment of the Option price must have been held by the participant for at least six (6) months in order to be utilized to pay the Option price; (iv) in the discretion of the Plan Administrator, by an election to have the Company withhold shares otherwise issuable to the participant having a Fair Market Value equal to the Option exercise price of the shares being purchased pursuant to the exercise of the Option; or (v) in the discretion of the Plan Administrator, through any combination of the payment procedures set forth in subsections (i)-(iv)

8.5 Nontransferability of Options. No Option shall be assignable or transferable other than by the laws of descent and distribution. During the lifetime of the participant, an Option shall be exercisable only by the participant or, in the event of the participant's incapacity, by the

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

participant's legal guardian or legal representative.

Section 9. Stock Awards.

- (a) The Plan Administrator may grant Stock Awards to any officer, employee or consultant with any member of the Participating Company Group. A Stock Award entitles the recipient to acquire shares of Stock subject to such restrictions and conditions as the Plan Administrator may determine at the time of grant ("Stock Award"). Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives.

6

- (b) Upon execution of a written instrument setting forth the Stock Award and paying any applicable purchase price, a participant shall have the rights of a shareholder with respect to the Stock subject to the Stock Award, including, but not limited to the right to vote and receive dividends with respect thereto; provided, however, that shares of Stock subject to Stock Awards that have not vested shall be subject to the restrictions on transferability described in Section 9(d) below. Unless the Plan Administrator shall otherwise determine, certificates evidencing the Stock Awards shall remain in the possession of the Company until such Stock is vested as provided in Section 9(c) below.
- (c) The Plan Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which Stock shall become vested, subject to such further rights of the Company or its assigns as may be specified in the instrument evidencing the Stock Award. If the participant or the Company, as the case may be, fails to achieve the designated goals or the participant's relationship with the Company is terminated prior to the expiration of the vesting period, the participant shall forfeit all shares of Stock subject to the Stock Award which have not then vested.
- (d) Unvested Stock may not be sold, assigned transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the written instrument evidencing the Stock Award.

Section 10. Tax Withholding.

- (a) Whenever shares of Stock or Options are to be issued or cash is to be paid under the Plan, under circumstances in which the Plan Administrator believes that any federal, state or local tax withholding may be imposed, the Company or Subsidiary, as the case may be, shall have the right to require the participant to remit to the Company or Subsidiary, as the case may be, an amount sufficient to satisfy the minimum federal, state and local tax withholding requirements prior to the delivery of any certificate for shares or any proceeds; provided, however, that in the case

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

of a participant who receives an Award of Stock under the Plan which is not fully vested, the participant shall remit such amount on the first business day following the Tax Date. The "Tax Date" for purposes of this Section 10 shall be the date on which the amount of tax to be withheld is determined. If a participant makes a disposition of Stock acquired upon the exercise of an Incentive Stock Option within either two years after the Option was granted or one year after its exercise by the participant, the participant shall promptly notify the Company and the Company shall have the right to require the participant to pay to the Company an amount sufficient to satisfy federal, state and local tax withholding requirements.

7

- (b) A participant who is obligated to pay the Company an amount required to be withheld under applicable tax withholding requirements may pay such amount (i) in cash; (ii) in the discretion of the Plan Administrator, through the delivery to the Company of previously-owned shares of Stock having an aggregate Fair Market Value on the Tax Date equal to the tax obligation provided that the previously owned shares delivered in satisfaction of the withholding obligations must have been held by the participant for at least six (6) months; (iii) in the discretion of the Plan Administrator, through an election to have the Company withhold shares of Stock otherwise issuable to the participant having a Fair Market Value on the Tax Date equal to the amount of tax required to be withheld, or (iv) in the discretion of the Plan Administrator, through a combination of the procedures set forth in subsections (i), (ii) and (iii) of this Section 10(b).
- (c) An election by a participant to have shares of Stock withheld to satisfy federal, state and local tax withholding requirements pursuant to Section 10(b) must be in writing and delivered to the Company prior to the Tax Date.

Section 11. Adjustment of Number and Price of Shares.

Any other provision of the Plan notwithstanding:

- (a) If, through or as a result of any merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, the Plan Administrator shall make an appropriate or proportionate adjustment in (i) the number of Stock Options that can be granted to any one individual participant, (ii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, and (iii) the price for each share subject to any then outstanding Stock Options under the Plan, without changing the aggregate exercise price

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

(i.e., the exercise price multiplied by the number of shares) as to which such Stock Options remain exercisable. The adjustment by the Plan Administrator shall be final, binding and conclusive.

- (b) In the event that, by reason of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board of Directors shall authorize the issuance or assumption of a stock Option or

8

stock Options in a transaction to which Section 424(a) of the Code applies, then, notwithstanding any other provision of the Plan, the Plan Administrator may grant an Option or Options upon such terms and conditions as it may deem appropriate for the purpose of assumption of the old Option, or substitution of a new Option for the old Option, in conformity with the provisions of Code Section 424(a) and the rules and regulations thereunder, as they may be amended from time to time.

- (c) No adjustment or substitution provided for in this Section 11 shall require the Company to issue or to sell a fractional share under any Option Agreement or share award agreement and the total adjustment or substitution with respect to each stock Option and share award agreement shall be limited accordingly.
- (d) In the case of (i) the dissolution or liquidation of the Company, (ii) a merger, reorganization or consolidation in which the Company is acquired by another person or entity (other than a holding company formed by the Company), (iii) the sale of all or substantially all of the assets of the Company to an unrelated person or entity, or (iv) the sale of all of the stock of the Company to a unrelated person or entity (in each case, a "Fundamental Transaction"), the Plan and all Awards granted hereunder shall terminate, unless provision is made in connection with the Fundamental Transaction for the assumption of the Awards heretofore granted, or the substitution of such Awards with new awards of the successor entity, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise price as provided in Subsections (a) and (b) of this Section 11. In the event of such termination and in the event the Board does not provide for the Cash Payment described in Subsection (e) of this Section each participant shall be notified of such proposed termination and permitted to exercise for a period of at least 15 days prior to the date of such termination all Options held by such participant which are then exercisable.
- (e) In the event that the Company shall be merged or consolidated with another corporation or entity, other than a corporation or entity which is an "affiliate" of the Company. under the terms of which holders of Stock of the Company will receive upon consummation thereof a cash payment for each share of Stock of the Company surrendered pursuant to such Business Combination (the "Cash Purchase Price"), the Board of

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Directors may provide that all outstanding Options shall terminate upon consummation of such transaction and each participant shall receive, in exchange therefor, a cash payment equal to the amount (if any) by which (i) the Cash Purchase Price multiplied by the number of shares of Stock of the Company subject to outstanding Options held by such participant exceeds (ii) the aggregate exercise price of such Options.

9

Section 12. Change in Control.

- (a) Unless otherwise provided in such participant's Option Agreement, agreements relating to Stock Awards or in a written employment or other agreement directly addressing the same subject matter as addressed below, in the event that the Plan is terminated as a result of or following a Change in Control (as defined herein), all vested Options and Stock Awards then outstanding at the time of such Plan termination may be exercised for a period of thirty (30) days from the date of notice of the proposed termination. In such event, all participants shall be credited with an additional six (6) months of service for the purpose of any otherwise unvested Options and Stock Awards. Upon a Change in Control in which the Plan is either assumed or otherwise not subject to termination, if during the remaining term of such a participant's Options or Stock Awards, the participant is terminated other than for Cause, the participant will, at the time of such termination, be credited with an additional six (6) months of service for the purpose of any otherwise unvested Options and Stock Awards; however, in the event of a termination for Cause, all Options shall immediately terminate and all unvested portions of Stock Awards shall immediately terminate.
- (b) As used herein, a "Change in Control" shall be deemed to have occurred if: (i) any "person" (as such term is used in Section 13(d) and 14(d) of the Exchange Act) acquires "beneficial ownership" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the voting power of the then outstanding securities of the Company except where the acquisition is approved by the Board; or (ii) if the Company is to be consolidated with or acquired by another entity in a merger or other reorganization in which the holders of the outstanding voting stock of the Company immediately preceding the consummation of such event, shall, immediately following such event, hold, as a group, less than a majority of the voting securities of the surviving or successor entity or in the event of a sale of all or substantially all of the Company's assets or otherwise.
- (c) Notwithstanding anything in the Plan to the contrary, the acceleration of vesting and exercisability provided by Subsection (a) of this Section shall not occur in the event that such acceleration would make the transaction causing the

Edgar Filing: STONEPATH GROUP INC - Form DEF 14A

Change in Control to be ineligible for pooling of interests accounting treatment, provided pooling of interest treatment is then still available and, in the absence of such acceleration, the transaction would qualify for such treatment and the Company intends to use such treatment with respect to such transaction.

Section 13. No Right to Future Employment. Nothing contained in the Plan nor in any Award agreement shall confer upon any participant any right with respect to the continuance of employment by the Company nor interfere in any way with the right of the Company to terminate his employment or change his compensation at any time.

10

Section 14. Amendment and Discontinuance. The Board of Directors may alter, amend, suspend or discontinue the Plan, provided that no such action shall deprive any person without such person's consent of any rights theretofore granted pursuant hereto.

Section 15. Compliance with Section 16. With respect to persons subject to Section 16 of the Act, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 (or its successor rule and shall be construed to the fullest extent possible in a manner consistent with this intent). To the extent that any Award fails to so comply, it shall be deemed to be modified to the extent permitted by law and to the extent deemed advisable by the Plan Administrator in order to comply with Rule 16b-3.

Section 16. Compliance with Governmental Regulations. Notwithstanding any provision of the Plan or the terms of any agreement entered into pursuant to the Plan, the Company shall not be required to issue any shares of Stock hereunder prior to registration of the shares subject to the Plan under the Securities Act of 1933 or the Act, if such registration shall be necessary, or before compliance by the Company or any participant with any other provisions of either of those acts or of regulations or rulings of the Securities and Exchange Commission thereunder, or before compliance with other federal and state laws and regulations and rulings thereunder, including the rules any applicable exchange or of the Nasdaq Stock Market.
