Post-Effective Amendment No. 1, filed in this proceeding on April 4, 2001, as amended by Post-Effective Amendments Nos. 3, 4, and 5(1) is hereby further amended as follows:

1. By replacing the paragraph added by Post Effective Amendment No. 3, as replaced by Post Effective Amendment No. 5, with the following paragraph at the end of Item 1.3:

"As indicated, under the Merger Order, the Commission granted an interim exemption under Section 13(b) of the Act from the at-cost standards of Rules 90 and 91 with respect to certain types of services rendered to and by the Utility Subsidiaries, including the infrastructure services provided by InfraSource, Inc.(2) and mechanical contracting services provided by ES, as described above. The Merger Order specifies that, as of January 1, 2002, all these transactions will be performed at cost in accordance with Rules 90 and 91. By supplemental order dated December 20, 2001 in this proceeding (Holding Co. Act Release No. 27480) (the "Supplemental Order") the Commission extended the interim exemption granted under the Merger Order from December 31, 2001 until June 30, 2002. It is now requested that, pending completion of the record, the Commission issue a second supplemental order extending the interim exemption granted under the Merger Order and extended by the Supplemental Order from June 30, 2002 until February 28, 2003. Applicants will complete the record by November 30, 2002. The affiliate agreements are currently in compliance with applicable affiliate transaction rules adopted by the Pennsylvania and Illinois Commissions. The eight-month extension will give the Commission two months beyond year-end, traditionally its busiest time, to act. It is requested that the Commission issue a second supplemental order extending the interim exemption as soon as practical and in any event not later than June 30, 2002, so that the status of any existing affiliate agreements is not called into question. Applicants state that, absent a Commission order granting any further extension by February 28, 2003, the at cost provisions of the Act will be followed after February 28, 2003."
