ITEM 2. ACQUISITIONS OR DISPOSITION OF ASSETS

On September 6, 2002, PPL Corporation ("PPL"), through an indirect, wholly-owned subsidiary (the "Acquiring Subsidiary") of PPL Energy Supply, LLC ("PPL Energy Supply"), acquired Mirant Corporation's 49% indirect equity interest in Western Power Distribution Holdings Limited and WPD Investment Holdings Limited (together, "WPD") for an aggregate consideration of approximately \$235 million. PPL Energy Supply and Mirant Corporation have each guaranteed the obligations of their respective subsidiaries under the acquisition documents. The consideration paid by the Acquiring Subsidiary for the acquisition was funded with a bridge loan provided by a United States affiliate from the issuance of commercial paper. The Acquiring Subsidiary intends to replace this bridge financing with

permanent debt financing in the near future.

WPD, through indirect, wholly-owned subsidiaries, operates two electric transmission and distribution companies in the United Kingdom which together serve approximately 2.5 million customers. Prior to the acquisition, PPL and PPL Energy Supply indirectly held 51% of the equity interests in WPD but shared control of WPD with Mirant Corporation pursuant to shareholders' agreements. The shareholders' agreements were terminated in connection with the closing of the acquisition.

For the calendar year ended December 31, 2001 and for the six months ended June 30, 2002, WPD recorded revenues of (pound)375.3 million (\$540.7 million based on an average exchange rate of \$1.441 per British pound for the period) and (pound)199.4 million (\$287.9 million based on an average exchange rate of \$1.444 per British pound for the period), and at June 30, 2002, WPD had total assets of (pound)2,912.3 million (\$4,464.6 million based on an exchange rate of \$1.533 per British pound at June 30, 2002) and total debt of (pound)1,338.7 million (\$2,052.2 million based on an exchange rate of \$1.533 per British pound), (pound)310.0 million (\$475.3 million based on an exchange rate of \$1.533 per British pound) of which falls due within one year. All currently outstanding indebtedness of WPD is non-recourse to all other PPL affiliates. All of the preceding amounts are unaudited. Historically, PPL and PPL Energy Supply have accounted for their investment in WPD using the equity method of accounting. From and after the acquisition of the remaining interest in WPD, the results of WPD will be consolidated with the results of PPL and PPL Energy Supply, meaning that PPL and PPL Energy Supply will eliminate the related investment account from their respective financial statements and fully reflect all of WPD's income statement and balance sheet amounts, including all of WPD's debt, in their financial statements on a U.S. GAAP basis.
