ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On December 12, 2006, Gartner, Inc. ("Gartner") entered into a Second Amendment (the "Amendment") to the Amended and Restated Credit Agreement (the "Credit Agreement"), dated as of June 29, 2005, among Gartner, the several lenders who are parties thereto from time to time, and JPMorgan Chase Bank, N.A., as administrative agent (the

Administrative Agent"). The purpose of the Amendment was to allow Gartner to complete its previously announced repurchase of \$200 million of its common stock from Silver Lake Partners, L.P., a Delaware limited partnership, Silver Lake Investors, L.P., a Delaware limited partnership, and Silver Lake Technology Investors, L.L.C., a Delaware limited liability company (collectively, "Silver Lake") pursuant to that certain Stock Purchase Agreement (the "Silver Lake Purchase Agreement"), dated as of December 6, 2006, among Gartner and Silver Lake. The Amendment modified certain Credit Agreement covenants to allow Gartner to consummate the transactions contemplated by the Silver Lake Purchase Agreement. On December 13, 2006, Gartner drew down \$65 million from the revolving credit facility under the Credit Agreement to complete this repurchase. The Amendment is attached hereto as Exhibit 10.1. The above description is qualified in its entirety by reference to such exhibit.

On December 13, 2006, Gartner entered into a credit agreement among Gartner, the several lenders who are parties thereto from time to time, and JPMorgan Chase Bank, N.A., as Administrative Agent (the "Interim Loan Facility"). The Interim Loan Facility provides for a \$125 million term loan with a maturity date of March 13, 2007. Loans under the Interim Loan Facility bear interest at a rate equal to either (i) the greatest of the Administrative Agent's prime rate, the Administrative Agent's rate for three-month certificates of deposit (adjusted for statutory reserves) plus 1% and the average rate on overnight federal funds plus 1/2 of 1%, plus a margin equal to between 0.00% and 0.25% depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, or (ii) the eurodollar rate (adjusted for statutory reserves) plus a margin equal to between .625% and 1.25%, depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, at Gartner's option.

The Interim Loan Facility contains certain restrictive loan covenants, including, among others, financial covenants requiring a maximum leverage ratio, a minimum fixed charge coverage ratio, and a minimum annualized contract value ratio and covenants limiting Gartner's ability to incur indebtedness, grant liens, make acquisitions, be acquired, dispose of assets, pay dividends, repurchase stock, make capital expenditures and make investments. Gartner's obligations under the credit facility are guaranteed by certain Gartner U.S. subsidiaries.

The Interim Loan Facility contains events of default that include, among others, non-payment of principal, interest or fees, inaccuracy of representations and warranties, violation of covenants, cross defaults to certain other indebtedness, bankruptcy and insolvency events, material judgments, and events constituting a change of control. The occurrence of an event of default will increase the applicable rate of interest by 2.0% and could result in the acceleration of Gartner's obligations under the credit facility and an obligation of any or all of the

Table of Contents

guarantors to pay the full amount of Gartner's obligations under the credit facility.

On December 13, 2006, Gartner drew down \$125 million from the Interim Loan Facility to complete in part the repurchase under the Silver Lake Purchase Agreement.

The Interim Loan Facility is attached hereto as Exhibit 10.2. The above description is qualified in its entirety by reference to such exhibit.

ITEM 2.01. COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS

On December 13, 2006, Gartner completed the repurchase, pursuant to the Silver Lake Purchase Agreement, of an aggregate of 10,389,610 shares of its common stock from Silver Lake at a purchase price of \$19.25 per share, for total aggregate consideration of approximately \$200 million. Gartner used amounts borrowed under the Credit Agreement and the Interim Credit Facility to fund the repurchase price.

ITEM 2.03. CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT

On December 13, 2006, Gartner drew down \$125 million in cash under the Interim Loan Facility. The term loan has a maturity date of March 17, 2007 and bears interest at a rate equal to either (i) the greatest of the Administrative Agent's prime rate, the Administrative Agent's rate for three-month certificates of deposit (adjusted for statutory reserves) and the average rate on overnight federal funds plus 1/2 of 1%, plus a margin equal to between 0.00% and 0.25% depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, or (ii) the eurodollar rate (adjusted for statutory reserves) plus a margin equal to between .625% and 1.25%, depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, at Gartner's option.

In addition, on December 13, 2006, Gartner drew down \$65 million in cash under the revolving credit facility under the Credit Agreement. The revolving loans may be borrowed, repaid and reborrowed until June 29, 2010, at which time all amounts borrowed must be repaid. The loans bear interest at a rate equal to either (i) the greatest of the Administrative Agent's prime rate, the Administrative Agent's rate for three-month certificates of deposit (adjusted for statutory reserves) and the average rate on overnight federal funds plus 1/2 of 1%, plus a margin equal to between 0.00% and 0.75% depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, or (ii) the eurodollar rate (adjusted for statutory reserves) plus a margin equal to between 1.00% and 1.75%, depending on Gartner's leverage ratio as of the fiscal quarter most recently ended, at Gartner's option.
