Item 8.01. Other Events

On February 13, 2007, the Chairman and Chief Executive Officer of Andover Medical, Inc. entered into a Plea and Cooperation Agreement (PCA) with the United States Attorney s Office in the United States District Court for the District of Massachusetts. He will be sentenced once his cooperation with the Federal government is completed. Under the PCA he has plead to two charges, one count of filing a false tax return in 2002 where he reported a transaction as a capital gain when it should have been ordinary income and a second count of money laundering for his receipt of the funds for which the tax charge is also based. This matter involved our Chairman s having served from August 2001 until September 2004, as Chairman of the Board and Chief Executive Officer of Med Diversified Inc., then the largest healthcare staffing and infusion company in the United States. In November 2002, Med Diversified filed for bankruptcy following the indictment of National Century Financial Enterprise (NCFE). NCFE was the lending source for Med Diversified and 116 other companies all of which were closed, sold, restructured or forced into bankruptcy. The NCFE criminal proceedings were the largest healthcare fraud case brought and lead to the Federal government bringing these charges against our Chairman.

There was a Board of Directors meeting called to order on the above matter on February 14, 2007. The facts and circumstances were discussed in detail and concluded that this prior activity does not relate, directly or indirectly, to our Chairman s present or future performance with Andover Medical. The Board of Directors does not believe the Company s current business plan, including its pending acquisitions and proposed operations will be adversely affected by this event. They gave the Chairman and CEO their full support in making Andover Medical successful.
