INFORMATION CONCERNING YOUR PROXY

The enclosed proxy is solicited on behalf of our Board of Directors. The giving of a proxy does not prevent a stockholder of record to vote in person at the Annual Meeting should a stockholder of record giving a proxy so desire. Stockholders of record have an unconditional right to revoke their proxy at any time prior to the vote at the Annual Meeting, either in person at the Annual Meeting or by filing with our Secretary at our headquarters a written revocation or duly executed proxy bearing a later date; however, no such revocation will be effective until written notice of the revocation is received by us at or prior to the Annual Meeting. If you hold your shares beneficially in street name through your broker, you must obtain a signed proxy from the record holder in order to vote the shares in person at the Annual Meeting.

The cost of preparing, assembling and mailing this proxy statement, the Notice of Annual Meeting of Stockholders and the enclosed proxy is to be borne solely by us. In addition to the use of mail, our employees may solicit proxies personally, by telephone and by facsimile. Our employees will receive no compensation for soliciting proxies other than their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. We may reimburse such persons for their expenses in so doing.

Shares represented by valid proxies will be voted in the manner specified in such proxy. Shares represented by valid proxies which do not contain voting instructions as to a matter will be voted **FOR** the election of the nominees for director named below and **FOR** the approval of the Plan. In the event that any other business may properly come before the meeting, the shares represented by valid proxies received pursuant to this solicitation will be voted in the discretion of the proxy holder. OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Board of Directors has set the close of business on April 20, 2010 as the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 230,293,141 shares of our common stock outstanding. Only the record holders of issued and outstanding shares of our common stock as of the close of business on the record date are entitled to vote at the Annual Meeting. Stockholders that own their shares in street name through a stock brokerage account or through a bank or nominee may attend the meeting but may not grant a proxy or vote at the meeting. Instead, the broker, bank or nominee is considered the record holder of those shares and those stockholders must instruct the record holder how they wish their shares to be voted. Stockholders are entitled to one vote for each share held, and do not have the right to cumulate their votes. Stockholders do not have rights of appraisal or similar rights of dissenters under the General Corporation Law of the State of Delaware with respect to any of the proposals set forth in this proxy statement.

A majority of the shares of our common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum with respect to all matters presented. Directors will be elected by a plurality of the votes cast at the Annual Meeting by the stockholders entitled to vote in the election. The affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal will be required for approval of the Plan. Any other matter that may be submitted to a vote of the stockholders will be approved by the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matter, unless such matter is one for which a greater vote is required by law or by our Certificate of Incorporation or Bylaws. If less than a majority of the shares of common stock entitled to vote are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place, and notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before an adjournment is taken. Prior to the Annual Meeting, we will select one or more inspectors of election for the meeting. Such inspectors shall determine the number of shares of common stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall receive, count and tabulate ballots and votes and determine the results thereof. Abstentions will be considered as shares present and entitled to vote at the Annual Meeting but will not be counted as votes cast for or against any given matter. Abstentions will have no effect on the election of directors and will have the effect of a negative vote on the approval of the Plan.

Broker non-votes occur when a broker, bank or other nominee who holds shares in street name for a beneficial owner does not have discretionary authority to vote on a matter and has not received instructions on how to vote from the beneficial owner of the shares. Under recent New York Stock Exchange (NYSE) rule changes, a broker does not have the discretion to vote on the election of directors. As a result, any broker that is a member of the NYSE will not have the discretion to vote on the election of directors. A broker non-vote will have no effect on the election of directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth information with respect to the beneficial ownership of our outstanding common stock as of April 20, 2010, by (i) each director, (ii) each named executive officer identified in the Summary Compensation Table, (iii) all directors and executive officers as a group, and (iv) each stockholder identified as beneficially owning greater than 5% of our common stock. For purposes of the following tables, a person is deemed to be the beneficial owner of securities that can be acquired by that person within 60 days from April 20, 2010 upon exercise of options, warrants and/or other convertible or exercisable securities. Each beneficial owner's percentage ownership is determined by assuming that options, warrants and other convertible or exercisable securities that are held by that person (but not those held by any other person) and that are convertible or exercisable within the 60-day period have been exercised. The percentage of outstanding common shares has been calculated based upon 230,293,141 shares of common stock outstanding on April 20, 2010. None of the stockholders listed below have any options, warrants or other derivative securities with respect to our common stock that are convertible or exercisable within 60 days from April 20, 2010, unless indicated otherwise below.

A copy of our Code of Conduct and Ethics is available on our website at www.cardomedical.com. We intend to post amendments to or waivers from our Code of Conduct and Ethics (to the extent applicable to our Chief Executive Officer, Chief Financial Officer or principal accounting officer or to our directors) on our website. Our website is not part of this proxy statement.

Determining Director Independence

The Board of Directors undertook a review of each director's independence in April 2010. During this review, the Board of Directors considered transactions and relationships between each director or any member of his or her immediate family and us and our subsidiaries and affiliates. The Board of Directors also examined transactions and relationships between directors or their known affiliates and members of our senior management or their known affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent under applicable laws and regulations and the NYSE Amex listing standards. As a result of our review of the relationships of each of the members of the Board of Directors, the Board of Directors affirmatively determined that a majority of our directors, including Stephen Liu, Joseph Loggia, Thomas H. Morgan, Steven D. Rubin, Ronald N. Richards and Subbarao Uppaluri are independent directors within the meaning of the listing standards of NYSE Amex and applicable law.

Board Leadership Structure and Role in Risk Oversight

Dr. Andrew Brooks serves as both our Chairman of the Board and Chief Executive Officer. The Company does not have a lead independent director. The Board believes that independent oversight of management is an important component of an effective board of directors, however the independent Board members have determined that the most effective Board leadership structure for the Company at the present time is for the Chief Executive Officer to also serve as Chairman of the Board. The independent Board members believe that because the Chief Executive Officer is ultimately responsible for the day-to-day operation of the Company and for executing the Company's strategy, and because the performance of the Company is an integral part of Board deliberations, the Chief Executive Officer is the director best qualified to act as Chairman of the Board. The Board retains the authority to modify this structure to best address the Company's unique circumstances, and so advance the best interests of all stockholders, as and when appropriate.

The Board also believes, for the reasons set forth below, that its existing corporate governance practices achieve independent oversight or management accountability. The Company's governance practices provide for strong independent leadership, independent discussion among directors and for independent evaluation of, and communication with, many members of senior management. These governance practices are reflected in various Committee Charters, which are available on our website. Some of the relevant processes and other corporate governance practices include:

All of our directors, except Dr. Andrew Brooks and Michael Kvitnitsky, are independent directors, which is substantially above the NYSE Amex requirement that a majority of directors be independent. Each director is an equal participant in decisions made by the full Board. The Audit, Compensation and Nominating Committees are all comprised of independent directors.

Each of our directors is elected annually by our stockholders.

Committees of the Board of Directors and Meeting Attendance

During the fiscal year ended December 31, 2009 (Fiscal 2009), the Board of Directors held three meetings and took certain actions by unanimous written consent. Each director attended at least 75% of the aggregate of (i) the number of meetings of the Board of Directors held during Fiscal 2009, and (ii) the number of meetings held during Fiscal 2009 by all committees of the Board of Directors on which he or she served, except Mr. Richards was unable to attend one meeting of the Board of Directors and Mr. Loggia was unable to attend three meetings of the Board of Directors and two meetings of the Audit Committee. We have no formal policy requiring our directors to attend our annual meeting of stockholders.

The Board of Directors has established Audit, Compensation and Nominating Committees. The Board of Directors has adopted a written charter for each of these three committees, which is available on our website at www.cardomedical.com.

The Audit Committee

The Audit Committee currently consists of Subbarao Uppaluri (Chair), Joseph Loggia and Thomas H. Morgan. The Board of Directors has determined that all current members of the Audit Committee are financially literate, financially sophisticated, and independent within the meaning of the listing standards of NYSE Amex and applicable SEC regulations. The Board of Directors has determined that Subbarao Uppaluri meets the attributes of an audit committee financial expert within the meaning of SEC regulations.

The Audit Committee held five meetings during Fiscal 2009. The duties and responsibilities of the Audit Committee include (1) reviewing the Company's financial statements and other financial information prepared by the Company and monitoring the integrity of such financial information, (2) monitoring the Company's systems of internal controls established for finance, accounting, legal compliance and ethics, (3) reviewing the Company's accounting and financial reporting processes generally and the audits of the financial statements of the Company, (4) monitoring the independence and performance of the Company's independent registered public accounting firm, (5) providing effective communication among the Board of Directors, senior and financial management and the Company's independent registered public accounting firm and (6) monitoring the Company's compliance with legal regulatory and ethical requirements. The Board of Directors adopted a written charter for the Audit Committee, which is available on our website at www.cardomedical.com. A report from the Audit Committee is included at page 21.

The Compensation Committee

The Compensation Committee currently consists of Steven D. Rubin (Chair), Joseph Loggia and Ronald N. Richards. The Board of Directors has determined that all of the current members of the Compensation Committee are independent within the meaning of the listing standards of NYSE Amex. The Compensation Committee did not meet during Fiscal 2009 as the Company did not grant any equity awards to our directors and executive officers and no executive officer received a salary increase during Fiscal 2009. The Compensation Committee provides assistance to the Board of Directors in fulfilling its responsibilities relating to the compensation of our executive officers and directors. The Company's compensation policies for executive officers and directors are based on the principles that compensation should, to a significant extent, be reflective of the financial performance of the Company, and that a significant portion of the executive officer's compensation should provide long-term incentives. The Compensation Committee strives to sets compensation of the Company's executive officers and directors at levels that are sufficiently competitive so that the Company may attract, retain and motivate highly qualified executive officers and directors to contribute to the Company's success. In assessing the overall compensation for executive officers and directors, the Compensation Committee may consider the Company's performance, relative stockholder return and industry position, general industry data, awards given to the Company's executive officers in past years and the recommendation of third-party consultants.

The Compensation Committee reviews and approves the Company's goals and objectives relating to the compensation of the Company's executive officers, evaluates the performance of the Company's executive officers in light of such goals and objectives and sets the compensation level, perquisites and other benefits of the Company's executive officers based on such evaluation. The Chief Executive Officer may not be present during the Compensation Committee's deliberations or voting of matters concerning his performance and compensation. The Compensation Committee consults and takes into account the recommendation of the Chief Executive Officer concerning the performance and compensation of other executive officers of the Company. The Compensation Committee also advises the Board of Directors regarding proposed changes in the compensation of directors, as well as retirement policies and programs and perquisites for directors. In considering director compensation and perquisites, the Compensation Committee may take into consideration the relative responsibilities of directors in serving on the Board of Directors and its various committees. The Compensation Committee also assists the Board of Directors in the administration of employee benefit plans, including the 2010 Equity Incentive Plan being considered by stockholders included in this proxy statement. The Board of Directors adopted a written charter for the Compensation Committee, which is available on our website at www.cardomedical.com.

The Nominating Committee

The Nominating Committee currently consists of Ronald N. Richards (Chair), Thomas H. Morgan and Steven D. Rubin. The Board of Directors has determined that all of the current members of the Nominating Committee are independent within the meaning of the listing standards of NYSE Amex. The Nominating Committee is responsible for (1) identifying individuals qualified to become members of the Board of Directors or any committee, (2) recommending nominees for election as directors at each annual stockholder meeting, (3) recommending candidates to fill any vacancies on the Board of Directors or any committee, (4) overseeing the evaluation of the Board of Directors and (5) assisting the Board of Directors in developing and monitoring the Company's corporate governance guidelines. The Board of Directors adopted a written charter for the Nominating Committee, which is available on our website at www.cardomedical.com.

The Nominating Committee did not meet during Fiscal 2009. The Nominating Committee met in April 2010 to consider the nomination of Dr. Liu and recommended the slate of directors included in this proxy statement. The Nominating Committee expects it will generally identify candidates for director through the business and other organizational contacts of the directors and management. Candidates for director will be selected on the basis of the contributions the Nominating Committee believes that those candidates can make to the Board of Directors and to management and on such other qualifications and factors as the Nominating Committee considers appropriate, including the following factors (1) personal and professional integrity, ethics and values, (2) experience in corporate management, such as serving as an officer or former officer of a publicly held company, (3) experience in the Company's industry, (4) experience as a board member of another publicly held company, (5) diversity of expertise and experience in substantive matters pertaining to the Company's business relative to other directors of the Company, (6) practical and mature business judgment and (7) the composition of the Board of Directors, such as size and structure. The Nominating Committee will consider recommendations for director nominees submitted by stockholders. All such recommendations must be delivered in accordance with the provisions of our bylaws and addressed to our Secretary who will forward such stockholder recommendations to the Nominating Committee for consideration. To be eligible for inclusion in our proxy statement and form of proxy relating to our next annual meeting of stockholders, stockholder nominations must be received by our Secretary no later than December 31, 2010. We also require that the members of our Board of Directors be able to dedicate the time and resources sufficient to ensure the diligent performance of their duties on our behalf, including attending Board of Directors and applicable committee meetings. In addition to identifying and recommending qualified candidates to serve as directors, the Nominating Committee studies and makes recommendations to the Board of Directors concerning the size of the Board of Directors.

Certain Relationships and Related Transactions

The Audit Committee reviews and approves transactions in which Cardo was or is to be a participant, where the amount involved exceeded or will exceed \$120,000 annually and any of our directors, executive officers or their immediate family members had or will have a direct or indirect material interest. We have a written policy stating that

the Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any related party transactions. The related party transaction will not be approved unless at a minimum it is for our benefit and is upon terms no less favorable to us than if the related party transaction was with an unrelated third party. In Fiscal 2009, no related party transaction occurred where this process was not followed.

Ladenburg

The Company appointed Ladenburg as the Company's exclusive placement agent for the private placement offering that closed in October and November 2009. Dr. Phillip Frost, through Frost Gamma Investments Trust, is a common principal stockholder of both the Company and of Ladenburg. Furthermore, certain senior managers of the placement agent are stockholders of the Company. After reviewing all information related to the transaction between the Company and Ladenburg, a potential related party transaction, the Company's Audit Committee approved the related party transaction. Ladenburg, as the placement agent, for acting in such capacity for the shares of common stock offered in the private placement offering, received: (i) a cash commission equal to eight percent (8%) of the gross proceeds from the offering that was received from Approved Investors; (ii) a cash non-accountable expense allowance equal to one percent (1%) of the gross proceeds of the offering to Approved Investors; (iii) reimbursement of Ladenburg's out-of-pocket expenses related to the offering, including its legal fees and expenses up to \$40,000; and (iv) the issuance to Ladenburg of warrants to purchase 575,613 shares of common stock equal to six percent (6%) of the number of shares sold in the offering to Approved Investors, at an exercise price of \$0.44 per share. The approximate dollar value of the related party transaction is \$317,198.

Frost Gamma Investments Trust

On June 30, 2009, in connection with a private placement of shares of the Company's common stock, Frost Gamma Investments Trust purchased 857,143 shares of the Company's common stock for an aggregate purchase price of \$300,000. At the time of the purchase, Frost Gamma Investments Trust was a 10% shareholder of the Company's stock.

On October 27, 2009, in connection with a private placement of shares of the Company's common stock, Frost Gamma Investments Trust purchased 1,428,572 shares of the Company's common stock for an aggregate purchase price of \$500,000. At the time of the purchase, Frost Gamma Investments Trust was a 10% shareholder of the Company's stock.

Dr. Stephen Liu

On June 30, 2009, in connection with a private placement of shares of the Company's common stock, PacRim Capital Partners, LLC (PacRim) purchased 600,000 shares of the Company's common stock for an aggregate purchase price of \$210,000. At the time of the purchase, Dr. Stephen Liu served as the President and Managing Member of PacRim, positions he held until January 2010. Dr. Liu currently serves as a director of PacRim and currently holds a 35% ownership interest in PacRim.

On October 27, 2009, in connection with a private placement of shares of the Company's common stock, Portal Venture LLC (Portal Venture) purchased 2,000,000 shares of the Company's common stock for an aggregate purchase price of \$700,000. At the time of the purchase, Dr. Liu served as the Managing Member of Portal Venture, a position he held until January 2010. Dr. Liu currently holds a 35% ownership interest in Portal Venture.

Dr. Liu was elected to our Board of Directors on April 8, 2010.

Communications with the Board of Directors and Non-Management Directors

Stockholders who wish to communicate with the Board of Directors, any individual director, or the non-management directors as a group can write to our Chairman and Chief Executive Officer, Andrew A. Brooks, M.D. The letter should include a statement indicating that the sender is a stockholder of ours. Depending on the subject matter, an officer of ours will either:

- forward the letter to the director or directors to whom it is addressed;
- attempt to handle the inquiry directly if it relates to routine or ministerial matters, including requests for information; or
- not forward the letter if it is primarily commercial in nature or if it is determined to relate to an improper or irrelevant topic.

A member of management will, at each meeting of the Board of Directors, present a summary of any non-routine or non-ministerial, relevant and proper letters received since the last meeting that were not forwarded to the Board of Directors and will make those letters available to the Board of Directors upon request.

Compensation of Directors

We do not pay our directors compensation in connection with their service to the Board. We reimburse our directors for reasonable travel expenses related to that director's attendance at Board of Directors and committee meetings. As of December 31, 2009, all non-employee directors, except Dr. Liu, hold an option to purchase 40,000 shares of common stock. Such options were originally issued by Cardo Medical, LLC, which converted into options to purchase shares of our common stock in connection with the reverse merger we completed in August 2008 (the Merger).

Oversight of Executive Compensation Programs

Based upon the Compensation Committee's review of our compensation design features, and our applied compensation philosophies and objectives, the Compensation Committee determined that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Employment Agreements and Change in Control Arrangements

Michael Kvitnitsky Employment Agreement, as Terminated as of June 23, 2008

On January 31, 2005, Michael Kvitnitsky entered into an employment agreement with Accin Corporation (Accin), under which he served as Chief Executive Officer of Accin. Accin assigned this agreement to Cardo Medical, LLC's wholly-owned subsidiary, Accelerated Innovation, LLC, on May 21, 2007, along with substantially all of the other assets of Accin. On June 6, 2008, Mr. Kvitnitsky and Accelerated Innovation entered into an amendment to this employment agreement to remove references to a shareholders agreement for Accin. On June 23, 2008, Cardo Medical, LLC acquired all of the ownership interests in Accelerated Innovation held by Accin, and Accelerated Innovation became the wholly-owned subsidiary of Cardo Medical, LLC. Upon the closing of this acquisition, Mr. Kvitnitsky and Accelerated Innovation terminated Mr. Kvitnitsky's employment agreement.

Prior to its termination, the term of the employment agreement was from June 1, 2005 through May 30, 2008, with automatic renewal thereafter for successive one-year periods ending on each May 30, unless (i) either party elected to terminate the employment agreement at the end of the then-current term by giving the other party four months advance written notice, or unless the agreement was earlier terminated by Accelerated Innovation for Cause or by Mr. Kvitnitsky for Good Reason, as defined in the employment agreement. The employment agreement was automatically renewed for one year on May 30, 2008 and terminated by mutual agreement effective June 23, 2008. Under this employment agreement, Mr. Kvitnitsky was entitled to receive the following compensation and benefits:

Initial annual base salary of \$52,000;

Eligibility to receive stock options upon implementing a stock option plan;

Eligibility to share in milestone payments;

Five weeks of paid time off, including sick, vacation and personal days;

Reimbursement for all reasonable and necessary business-related expenses;

Participation in the life and health insurance plans, 401(k) plan and other employee benefit plans and programs generally made available to other employees; and

Certain severance benefits if his employment was terminated by Accelerated Innovation without Cause or by Mr. Kvitnitsky for Good Reason.

If Mr. Kvitnitsky failed to perform his duties under this agreement or to otherwise comply with the terms of this agreement, or if Mr. Kvitnitsky did not cure that failure within 30 days after his receipt of written notice of the failure, his employment would have been terminated. Mr. Kvitnitsky would have been afforded a reasonable opportunity to be heard by the Board of Directors prior to termination.

Compensation Arrangement with Michael Kvitnitsky, as Terminated as of June 23, 2008

Michael Kvitnitsky was entitled to receive 5% of net receipts from the sale of the Align 360 unicompartmental knee product. For the year ended December 31, 2006, Accin (the party from which Cardo Medical, LLC acquired its medical device business in 2007) paid \$100,000 to Mr. Kvitnitsky under this arrangement, and paid him \$6,863 for the period from January 1, 2007 through May 21, 2007 (the date of sale of Accin's business to Cardo Medical, LLC). For the period from May 21, 2007 through December 31, 2007, Accelerated Innovation (which acquired Accin's medical device business) paid \$22,918 to Mr. Kvitnitsky under this arrangement, and paid him \$26,933 for the six months ended June 30, 2008.

Derrick Romine Employment Offer Letter

Derrick Romine serves as the Chief Financial Officer of Cardo Medical, LLC, and will serve in that same capacity for the Company, on an at-will basis pursuant to an employment offer letter dated September 5, 2008. This offer letter provides that Mr. Romine will receive an annual base salary of \$180,000, a discretionary bonus of up to a maximum amount of \$45,000 based on specific performance objectives tied to the Company meeting its financial targets, and reimbursement for normal business expenses. In addition, he is entitled to participate in all health insurance and employee benefits adopted by the Company and is eligible to accrue three weeks of vacation during his first year of employment. The offer letter also confirmed the grant of options to Mr. Romine exercisable for units of membership interests in Cardo Medical, LLC, which converted into options exercisable for shares of common stock of the Company upon completion of the Merger.

If the Company terminates Mr. Romine's employment without Cause (as defined below), or if he terminates his employment without Good Reason (as defined below), at any time on or prior to September 4, 2010, Mr. Romine will be entitled to the following severance benefits: the Company will pay Mr. Romine the sum of six months of his then-current monthly salary as severance payment to be paid in bi-weekly installments so long as he does not work or otherwise provide services to a competitor of the Company during that six-month period. Fifty percent of

Mr. Romine's unvested options will become fully exercisable as of the date of termination of his employment and, together with any vested options at the termination date, may be exercised pursuant to the terms thereof within 90 days of the termination date (or one year after the termination date if Mr. Romine dies during that 90-day period). The remaining unvested options at the termination date, to the extent not then presently exercisable, shall terminate as of the termination date and shall not be exercisable thereafter.

If Mr. Romine is terminated for Cause, or if he voluntarily terminates his employment or resigns from his positions with the Company without Good Reason, he will not be entitled to the Severance Benefits. As used in the offer letter, the term Cause means an act or omission that constitutes fraud, deceit, intentional misconduct, a knowing violation of law, recklessness or gross negligence that materially and adversely has affected or affects the business of the Company, a material breach of any of Mr. Romine's obligations under any written agreement with the Company, or material nonperformance of his duties to the Company which has not been cured after 15 days' written notice from the Company setting forth in reasonable detail the nature of the nonperformance. As used in the offer letter, the term Good Reason means a material breach by the Company of any of their obligations under any written agreement with Mr. Romine, a substantial and unusual reduction in his duties, responsibilities or authority, or receipt of instructions to take actions in violation of law that has not been cured after 15 days' written notice from Mr. Romine to the Company and setting forth in reasonable detail the nature of the action giving rise to the claim of Good Reason.

Section 16(a) Beneficial Ownership Reporting Compliance of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended (Exchange Act), requires our directors and executive officers and persons who own more than ten percent of our outstanding common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock. Such persons are required by SEC regulation to furnish us with copies of all such reports they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners for the fiscal year ended December 31, 2009 (Fiscal 2009) were complied with except Frost Gamma Investments Trust, a greater than ten percent stockholder, did not timely file a Form 4 reporting one transaction on June 30, 2009. This Form 4 was filed on October 27, 2009.

**APPROVAL OF THE CARDO MEDICAL, INC. 2010 EQUITY INCENTIVE PLAN
(Proposal No. 2)**

General

On April 8, 2010, our board of directors approved the Cardo Medical, Inc. 2010 Equity Incentive Plan (the Plan), subject to stockholder approval. The effective date of the Plan is April 8, 2010. The following discussion is qualified in its entirety by the text of the Plan which is included with this proxy statement as Appendix A.

Awards

Awards granted under the Plan may consist of incentive stock options, stock appreciation rights (SAR), restricted stock grants, restricted stock units (RSU) performance shares, performance units or cash awards. Each award is subject to the terms and conditions set forth in the Plan and to those other terms and conditions specified by the Compensation Committee and memorialized in a written award agreement.

Shares Subject to the Plan

Subject to adjustment in certain circumstances as discussed below, the Plan authorizes up to 23,000,000 shares of our common stock for issuance pursuant to the terms of the Plan. If and to the extent Awards granted under the Plan terminate, expire, cancel, or are forfeited without being exercised and/or delivered, the shares subject to such awards again will be available for grant under the Plan. Additionally, to the extent any shares subject to an award are tendered and/or withheld in settlement of any exercise price and/or any tax withholding obligation associated with that award, those shares will again be available for grant under the Plan.

In the event of any recapitalization, reorganization, merger, stock split or combination, stock dividend or other similar event or transaction, substitutions or adjustments will be made by the Compensation Committee to: (i) the aggregate number, class and/or issuer of the securities reserved for issuance under the Plan; (ii) the number, class and/or issuer of securities subject to outstanding awards; and (iii) the exercise price of outstanding options or SARs, in each case in a manner that reflects equitably the effects of such event or transaction.

Administration

The Plan will be administered and interpreted by the Compensation Committee, provided that our board of directors may in any instance perform any of the functions of the Compensation Committee. The Compensation Committee will have full authority to grant awards under the Plan and determine the terms of such awards, including the persons to whom awards are to be granted, the type and number of awards to be granted and the number of shares of our common stock to be covered by each award. The Compensation Committee will also have full authority to specify the time(s) that which awards will be exercisable or settled.

Eligibility

Employees, directors, and independent contractors are eligible to participate in the Plan, *provided, however*, that only employees of ours or our subsidiaries are eligible to receive incentive stock options. As of April 20, 2010, we had 20 employees and eight directors. From time to time, we engage independent contractors.

Per Person Limitations

Maximum Aggregate Number of Shares Underlying Stock-Based Awards Granted Under the Plan to any Single Participant.

The maximum aggregate number of shares of common stock underlying all awards measured in shares of common stock (whether payable in common stock, cash or a combination of both) that may be granted to any single participant in respect of any fiscal year of the Company shall be 1,500,000 shares.

Maximum Dollar Amount Underlying Cash-Based Awards Granted Under the 2010 Equity Incentive Plan to Any Single Participant.

The maximum dollar amount that may be paid to any single participant with respect to all awards measured in cash (whether payable in common stock, cash or a combination of both) in respect of any fiscal year of the Company shall be \$1,500,000.

Stock Options

General. The Compensation Committee may grant options qualifying as incentive stock options (ISO) within the meaning of Section 422 of the Code and/or Non-Qualified Stock Options (NQSO) in accordance with the terms and conditions set forth in the Plan.

Term, Purchase Price, Vesting and Method of Exercise of Options. The exercise price of any stock option granted under the Plan will be no less than the fair market value of such stock on the date the option is granted.

The Compensation Committee may determine the option exercise period for each option; *provided, however*, that the exercise period of any option intended to be an ISO, may not exceed ten (10) years from the date of grant. Vesting for each option will also be determined by the Compensation Committee.

Generally, payment of the option price may be made (i) in cash, (ii) in the sole discretion of the Compensation Committee, by the delivery of shares of the Company then owned by the participant, by the withholding of shares of for which an option is exercisable, or by a combination of these methods., (iii) by such other lawful method as the Compensation Committee may approve. The participant must pay the option price and the amount of withholding tax due, if any, at the time of exercise. Shares of our common stock will not be issued or transferred upon exercise of the option until the option price and the withholding obligation are fully paid.

SARs

The Compensation Committee is authorized to grant SARs pursuant to the terms of the Plan. Upon exercise of a SAR, the participant is entitled to receive an amount equal to the difference between the fair market value of the shares of our common stock underlying the SAR on the date of grant and the fair market value of the shares of our common stock underlying the SAR on the date of exercise. Such amount may be paid in cash or shares of our common stock as determined by the Compensation Committee.

Restricted Stock Awards

The Compensation Committee is authorized to grant awards of restricted stock. Prior to the end of the restricted period, shares received as restricted stock may not be sold or disposed of by participants, and may be forfeited in the event of termination of employment in certain circumstances. The restricted period generally is established by the Compensation Committee. While the shares remain unvested, a participant may not sell, assign, transfer, pledge or otherwise dispose of the shares. Unless otherwise determined by the Compensation Committee, an award of restricted stock entitles the participant to all of the rights of a stockholder, including the right to vote the shares and the right to receive any dividends thereon.

RSUs

The Compensation Committee is authorized to issue RSUs pursuant to the terms of the Plan. A RSU is a contractual promise to issue shares and/or cash in an amount equal to the fair market value (determined at the time of distribution) of the shares of our common stock subject to the award, at a specified future date, subject to the fulfillment of vesting conditions specified by the Compensation Committee. Prior to settlement, a RSU carries no voting or dividend rights or other rights associated with stock ownership. A RSU award may be settled in our common stock, cash, or in any combination of our common stock and/or cash; *provided, however*, that a determination to settle a RSU in whole or in part in cash shall be made by the Compensation Committee, in its sole discretion.

Performance Awards

In order to enable the Company to avail itself of the tax deductibility of qualified performance-based compensation, within the meaning of Code Section 162(m), the Plan provides for performance based awards, the grant or vesting of which is dependent upon attainment of objective performance targets relative to certain performance measures. The Compensation Committee shall use the following performance measures (either individually or in any combination) to set performance goals with respect to awards intended to qualify as Performance-Based Awards: net sales; pretax income before allocation of corporate overhead and bonus; budget; cash flow; earnings per share; net income; financial goals; return on shareholders' equity; return on assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the common stock or any other publicly-traded securities of the Company; market share; gross profits; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value-added models; comparisons with various stock market indices; and/or reductions in costs.

Amendment and Termination of the Plan

The term of the Plan is 10 years. Our board of directors may amend, alter or discontinue the Plan at any time, *provided however*, that any amendment that increases the aggregate number of shares of our common stock that may be issued or transferred under the Plan, or changes the class of individuals eligible to participate in the Plan, will be subject to approval by our stockholders.

Accelerated Vesting Upon a Change in Control

Notwithstanding any other provision of the Plan to the contrary, and without limiting the powers of the Compensation Committee under the Plan, if there is a Change in Control of the Company, as defined in the Plan, the vesting date and/or payout of each outstanding award shall be accelerated so that each such award shall, immediately prior to the effective date of the Change in Control, become fully vested with respect to the total number of shares of common stock subject to such award. Upon the consummation of any Change in Control, all outstanding awards under the Plan shall, to the extent not previously exercised, may either be assumed by any successor corporation or parent thereof or be replaced with a comparable award with respect to shares of common stock of such successor corporation or parent thereof.

New Plan Benefits

Because future awards under the Plan will be granted at the discretion of the Compensation Committee, the type, number, recipients, and other terms of such awards cannot be determined at this time. However, information regarding our recent practices with respect to annual, long-term and stock-based compensation under other plans is presented above in the Summary Compensation Table and Grants of Plan-Based Awards Table.

Federal Income Tax Consequences under the Plan

Set forth below is a general description of the federal income tax consequences relating to awards granted under the Plan. Participants are urged to consult with their personal tax advisors concerning the application of the principles discussed below to their own situations and the application of state and local tax laws.

NQSOs

There are no federal income tax consequences to participants or to us upon the grant of a NQSO. Upon the exercise of a NQSO, participants will recognize ordinary income in an amount equal to the excess of the fair market value of the shares at the time of exercise over the exercise price of the NQSO and we generally will be entitled to a corresponding federal income tax deduction at that time. Upon the sale of shares acquired by exercise of a NQSO, a participant will have a capital gain or loss (long-term or short-term depending upon the length of time the shares were held) in an amount equal to the difference between the amount realized upon the sale and the participant's adjusted tax basis in the shares (the exercise price plus the amount of ordinary income recognized by the participant at the time of exercise of the NQSO).

ISOs

Participants will not be subject to federal income taxation upon the grant or exercise of an ISO and we will not be entitled to a federal income tax deduction by reason of such grant or exercise. However, the amount by which the fair market value of the shares at the time of exercise exceeds the option exercise price is an item of tax preference subject to the alternative minimum tax. A sale of shares acquired by exercise of an ISO that does not occur within one year after the exercise or within two years after the grant of the ISO generally will result in the recognition of long-term capital gain or loss equal to the difference between the amount realized on the sale and the option exercise price and we will not be entitled to any tax deduction in connection therewith.

If such sale occurs within one year from the date of exercise of the ISO or within two years from the date of grant, also known as a disqualifying disposition, the participant generally will recognize ordinary income equal to the lesser of the excess of the fair market value of the shares on the date of exercise over the exercise price, or the excess of the amount realized on the sale of the shares over the exercise price. We generally will be entitled to a tax deduction on a disqualifying disposition corresponding to the ordinary compensation income recognized by the participant.

SARs

The participant will not recognize any income upon the grant of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income equal to the value of the shares of our common stock and/or cash received upon such exercise, and we will be entitled to a corresponding deduction. Shares received in connection with the exercise of a SAR will have a tax basis equal to their fair market value on the date of transfer, and the holding period of the shares will commence on that date for purposes of determining whether a subsequent disposition of the shares will result in long-term or short-term capital gain or loss.

Restricted Stock

A participant normally will not recognize taxable income upon the award of restricted stock, and we will not be entitled to a deduction, until such stock is transferable by the participant or is no longer subject to a substantial risk of forfeiture for federal tax purposes, whichever occurs earlier. When the shares of common stock are either transferable or is no longer subject to a substantial risk of forfeiture, the participant will recognize ordinary compensation income in an amount equal to the difference between the fair market value of the shares of common stock subject to the award at that time and the amount paid by the participant for the shares, if any. We will be entitled to a deduction equal to the income recognized by the participant.

A participant may, however, elect to recognize ordinary income in the year the restricted stock is granted in an amount equal to the difference between the fair market value of the shares of common stock subject to the award at that time, determined without regard to any restrictions, and the amount paid by the participant for the shares, if any. In this event, we will be entitled to a deduction equal to the amount recognized as compensation by the participant in the same year. In addition, in this event, the participant will not be required to recognize any taxable income upon vesting of the shares. Any gain or loss recognized by the participant upon subsequent disposition of the share of common stock will be capital gain or loss (long-term or short-term, depending on how long the shares were held). If, after making the election, any share of common stock subject to an award is forfeited, the participant will not be entitled to any tax deduction or tax refund.

RSUs

A participant will not recognize taxable income upon the grant of a RSU, and we will not be entitled to a deduction, until the shares and/or cash with respect to the award are transferred to the participant, generally at the end of the vesting period. At the time of transfer, the participant will recognize ordinary income equal to the value of the shares of common stock and/or cash. We will be entitled to a deduction equal to the income recognized by the participant. The subsequent disposition of shares acquired pursuant to a RSU Award will result in capital gain or loss (based upon the difference between the price received upon disposition and the participant's basis in those shares i.e., generally, the market value of the shares at the time of their distribution).

Section 162(m)

Under the Plan, options or SARs granted with an exercise price at least equal to 100% of the fair market value of the underlying shares at the date of grant and awards that are conditioned upon achievement of certain performance goals may satisfy the requirements for treatment as qualified performance-based compensation. A number of other requirements must be met, however, in order for those awards to so qualify. Accordingly, there can be no assurance that such awards under the Plan will be fully deductible under all circumstances. In addition, other awards under the Plan generally will not so qualify, so that compensation paid to certain executives in connection with those awards may, to the extent it and other non-exempt compensation exceed \$1,000,000 in any given year, be subject to the deduction limitation of Section 162(m) of the Code.

Vote Required and Recommendation

The Board of Directors recommends a vote **FOR** the approval of the Plan. The affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal will be required for approval of the Plan.

Changes In and Disagreements with Accountants on Accounting and Financial Disclosure

On October 24, 2008, we dismissed Pender Newkirk & Company LLP (Pender) as our independent registered public accounting firm. Concurrent with this action on the same date, our Audit Committee appointed Stonefield Josephson, Inc. (Stonefield) as our new independent registered public accounting firm. The decision to change accountants was approved by the Audit Committee and ratified by the Board of Directors.

The audit report of Pender on the financial statements of clickNsettle.com, Inc., the predecessor of Cardo Medical, Inc. with whom we completed a reverse merger, as of and for the year ended June 30, 2008, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the period from October 3, 2007, the date we hired Pender, to the end of the most recent fiscal year on June 30, 2008 and from July 1, 2008 to the date of our dismissal of Pender, there have been no disagreements with Pender on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which if not resolved to Pender's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its reports. During the same period, there have been no reportable events, as that term is described in Item 304(a)(1)(v) of Regulation S-K.

We provided Pender with a copy of the foregoing disclosures. A copy of a letter from Pender to the Securities and Exchange Commission, dated October 24, 2008, was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K filed on October 29, 2008.

During the two most recent fiscal years, and the subsequent interim period prior to engaging Stonefield, neither the Company nor anyone on its behalf consulted Stonefield regarding the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and no written or oral advice was provided by Stonefield that was a factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issues as set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Fees to Independent Registered Public Accounting Firm

The following table presents fees for professional services rendered by Pender and Stonefield, our current independent registered public accounting firm, for the audit of our annual financial statements, fees for audit-related services, tax services and all other services. We have selected Stonefield as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

	Fiscal 2009	Fiscal 2008
Audit fees	\$ 175,000	\$ 192,000
Audit related fees		
Tax fees		
All other fees		
	\$ 175,000	\$ 192,000

We did not have any audit related fees, tax fees or other fees during Fiscal 2008 and Fiscal 2009. Our Audit Committee must review and pre-approve both audit and permitted non-audit services provided by the independent registered public accounting firm and shall not engage the independent registered public accounting firm to perform any non-audit services prohibited by law or regulation. At each Audit Committee meeting, our Audit Committee receives updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for pre-approval. Our Audit Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between regular Audit Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at the next Audit Committee meeting. Each year, the independent registered public accounting firm's retention to audit our financial statements, including the associated fee, is approved by our Audit Committee before the filing of the preceding year's Annual Report on Form 10-K.

A representative of Stonefield is not expected to be present at the Annual Meeting. As a result, a representative of Stonefield will not have the opportunity to make a statement and will not be available to respond to appropriate questions.

Audit Committee Report

The Audit Committee of the Board of Directors is responsible for, among other things, monitoring:
the integrity of our financial statements;

our system of internal controls; and

the independence, qualifications and performance of our independent registered public accounting firm. Our management is responsible for the preparation, presentation and integrity of our financial statements, and our accounting and financial reporting process, including the system of internal control, and procedures to assure compliance with applicable accounting standards and applicable laws and regulations. Our independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with U.S. generally accepted accounting principles and for expressing an opinion on the effectiveness of our internal control over financial reporting. The Audit Committee's responsibility is to independently monitor and review these processes and to review and discuss management's report on our internal control over financial reporting. However, the Audit Committee must rely, without independent verification, on the information provided to it and on the representations made by management and the independent registered public accounting firm. Accordingly, although the Audit Committee consults with and discusses these matters and its

questions and concerns with management and our independent registered public accounting firm, its oversight cannot provide an independent basis to assure that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures consistent with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions cannot assure that the integrated audit of our financial statements and internal control over financial reporting has been carried out in accordance with Public Company Accounting Oversight Board (PCAOB) standards, that the financial statements are presented in accordance with U.S. generally accepted accounting principles or that our registered public accounting firm is in fact independent.

In this context, the Audit Committee held five meetings during Fiscal 2009. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, management, and our independent registered public accounting firm, Stonefield Josephson, Inc. The Audit Committee discussed with our independent registered public accounting firm, with and without management present, the results of their examinations and their evaluations of our financial statements and internal control over financial reporting.

The Audit Committee also discussed with the independent registered public accounting firm those matters required to be discussed under the rules adopted by the PCAOB, including the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended. The Audit Committee received and discussed with the independent registered public accounting firm their annual written report on their independence from us and our management, as required by the PCAOB rules. The Audit Committee's discussions also included a discussion of the background and experience of the Stonefield Josephson, Inc. audit team assigned to us and the quality control procedures established by Stonefield Josephson, Inc.

Stonefield Josephson, Inc. has provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accounting firm their independence from us. When considering Stonefield Josephson, Inc.'s independence, the Audit Committee considered whether their provision of services to us beyond those rendered in connection with their integrated audit and quarterly review work was compatible with maintaining their independence. The Audit Committee also reviewed, among other things, the nature of the non-audit services provided and the amount of fees paid to Stonefield Josephson, Inc. for their audit and non-audit services, both separately and in the aggregate.

Based on the Audit Committee's review and its meetings, discussions and reports, and subject to the limitations on its role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited financial statements for the year ended December 31, 2009 be included in our Annual Report on Form 10-K.

2. PURPOSE AND TERM OF PLAN

2.1. **Purpose.** The purpose of the Plan is to motivate certain Employees, Nonemployee Directors and Independent Contractors to put forth maximum efforts toward the growth, profitability, and success of the Company and Subsidiaries by providing incentives to such Employees, Nonemployee Directors and Independent Contractors either through cash payments and/or through the ownership and performance of the Common Stock. In addition, the Plan is intended to provide incentives which will help the Company attract and retain highly qualified individuals as Employees and Nonemployee Directors and to assist in aligning the interests of such Employees and Nonemployee Directors with those of its shareholders.

2.2. **Term.** The Plan shall be effective as of the Effective Date; provided, however, that the Plan shall be approved by the shareholders of the Company at an annual meeting or any special meeting of shareholders of the Company within 12 months before or after the Effective Date, and such approval by the shareholders of the Company shall be a condition to the right of each Participant to receive Awards hereunder. Any Award granted under the Plan prior to the approval by the shareholders of the Company shall be effective as of the date of grant (unless the Committee specifies otherwise at the time of grant), but no such Award may Vest, be paid out, or otherwise be disposed of prior to such shareholder approval. If the shareholders of the Company fail to approve the Plan in accordance with this Section 2.2, any Award granted under the Plan shall be automatically cancelled without payment of any consideration to the recipient of such Award. The Plan shall remain in effect for ten years or until earlier terminated by the Board and no Award may be granted under the Plan on a date that is more than ten years from the Effective Date; provided, however, that in the event of Plan termination or expiration, the provisions of the Plan shall remain in effect as to any Awards which remain outstanding until all such Awards have been satisfied or are terminated under the terms of this Plan or under the applicable Award Agreement.

Subject to Section 7.1, an Award may also be granted to an Employee, in connection with hiring, retention or otherwise prior to the date the Employee

first performs services for the Company or any Subsidiary, provided that such Awards shall not become Vested prior to the date the Employee first performs such services. Designation of a Participant in any year shall not require the Committee to designate such Person to receive an Award in any other year or, once designated, to receive the same type or amount of Award as granted to the Participant in any other year. The Committee shall consider such factors as it deems pertinent in selecting Participants and in determining the type and amount of their respective Awards.

A-3

4. ADMINISTRATION

4.1. **Responsibility.** The Committee shall have the responsibility, in its sole discretion, to control, operate, manage and administer the Plan in accordance with its terms; provided, however, that the Board may in any instance perform any of the functions of the Committee hereunder.

4.2. **Award Agreement.** Each Award granted under the Plan shall be evidenced by an Award Agreement which shall be signed by the Company and the Participant; provided, however, that in the event of any conflict between a provision of the Plan and any provision of an Award Agreement, the provision of the Plan shall prevail.

4.3. **Authority of the Committee.** The Committee shall have all the discretionary authority that may be necessary or helpful to enable it to discharge its responsibilities with respect to the Plan, including but not limited to the following:

- (a) to determine eligibility for participation in the Plan and to select Participants;
- (b) to determine eligibility for and the type and size of an Award granted under the Plan;
- (c) to make Awards in accordance with the terms of the Plan and to determine the terms and conditions of each Award;
- (d) to supply any omission, correct any defect, or reconcile any inconsistency in the Plan in such manner and to such extent as it shall deem appropriate in its sole discretion to carry the same into effect;
- (e) to issue administrative guidelines as an aid to administer the Plan and make changes in such guidelines as it from time to time deems proper;
- (f) to make rules for carrying out and administering the Plan and make changes in such rules as it from time to time deems proper;
- (g) to the extent permitted under the Plan, grant waivers of Plan terms, conditions, restrictions, and limitations and to vary the terms of Awards
- (h) to take account of tax, securities law and other regulatory requirements of foreign jurisdictions;
- (i) to accelerate the Vesting of any Award when such action or actions would be in the best interest of the Company;
- (j) to grant Awards in replacement of Awards previously granted under this Plan or any other executive compensation plan of the Company; and
- (k) to take any and all other actions it deems necessary or advisable for the proper operation or administration of the Plan.

4.4. **Action by the Committee.** The Committee may act only by a majority of its members. Any determination of the Committee may be made, without a meeting, by a writing or writings signed by all of the members of the Committee. In addition, the Committee may authorize any one or more of its members or, subject to Section 4.5 below, one or more agents to execute and deliver documents on behalf of the Committee.

4.5. **Delegation of Authority.** To the extent permitted by applicable law, the Committee may delegate to one or more of its members, or to one or more officers of the Company, such administrative duties as it may deem advisable; provided, however, that any such delegation shall be in writing and, provided, further, that the Committee may not delegate its authority (a) to make Awards to Participants or (b) under Sections 4.3 (a), (b), (c), (d), (e), (f), (g), (h), (i) or (j) or Section 16 of the Plan. Any action undertaken by any such member or agent in accordance with the Committee's delegation of authority shall have the same force and effect as if undertaken directly by the Committee, and any reference in the Plan to the Committee shall, to the extent consistent with the terms and limitations of such delegation, be deemed to include a reference to such members or agents. In addition, the Committee, or any Person to whom it has delegated duties under this Section 4.5, may employ one or more Persons to render advice with respect to any responsibility the Committee or such Person may have under the Plan. The Committee may employ such legal or other counsel, consultants and agents as it may deem desirable for the administration of the Plan. Expenses incurred by the Committee in the engagement of such counsel, consultant or agent shall be paid by the Company, or the Subsidiary whose employees have benefited from the Plan, as determined by the Committee. In the performance of its functions, the Committee shall be entitled to rely upon information, opinions, computations and advice furnished by the Company's officers, any counsel, consultant or agent retained by the Committee, and any other party the Committee deems necessary, and no member of the Committee shall be liable for any action taken or not taken in reliance upon any such advice.

4.6. Determinations and Interpretations by the Committee. All determinations and interpretations made by the Committee shall be binding and conclusive on all Participants and their heirs, successors, and legal representatives.

4.7. Liability. No member of the Board, no member of the Committee and no Employee shall be liable for any act or failure to act hereunder, except in circumstances involving his or her willful misconduct, or for any act or failure to act hereunder by any other member or Employee or by any agent to whom duties in connection with the administration of the Plan have been delegated.

4.8. Indemnification. The Company shall indemnify members of the Board, members of the Committee and any agent of the Committee who is an Employee, against any and all liabilities or expenses to which they may be subjected (including, without limitation, the reasonable fees and expenses of counsel) by reason of any act or failure to act with respect to their duties on behalf of the Plan, except in circumstances involving such Person's willful misconduct.

5. SHARES SUBJECT TO PLAN

5.1. Available Shares. Subject to the provisions of Section 5.2 below, the aggregate number of shares of Common Stock which shall be available for grants or payments of Awards under the Plan during its term shall be 23,000,000 shares (the *Total Plan Shares*). In the event that (i) an Award (or portion thereof) lapses, expires or is otherwise terminated without the issuance of the shares subject to such Award or is settled by the delivery of consideration other than shares, (ii) shares are tendered to pay the exercise price of a Stock Option or other Award or (iii) shares are withheld from any award to satisfy a Participant's tax withholding obligations or, if applicable, to pay the exercise price of a Stock Option or other Award, such shares shall again become available for grants or Awards hereunder. Such shares of Common Stock available for issuance under the Plan may be either authorized but unissued shares, shares of issued stock held in the Company's treasury, or both, at the discretion of the Company. Awards that are payable only in cash are not subject to this Section 5.1.

5.2. Adjustment to Shares. The existence of the Plan, the Award Agreements and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise. If there is any change in the Common Stock of the Company, through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares, dividend in kind or other like change in capital structure or distribution to shareholders of the Company in the nature of a liquidating distribution or a distribution pursuant to a plan of dissolution, the Committee may, in its discretion, make a proportionate adjustment to each outstanding Award that the Committee considers appropriate so that thereafter each such Award shall be with respect to or exercisable for such securities, cash and/or other property as would have been received in respect of the Common Stock subject to such Award had such Award been paid, distributed or exercised in full immediately prior to such change or distribution. In addition, in the event of any such change or distribution, in order to prevent dilution or enlargement of Participants' rights under the Plan, the Committee shall have the authority to adjust, in an equitable manner as it deems appropriate, the number and kind of shares that may be received in respect of any Award, the number and kind of shares subject to outstanding Awards, the exercise price applicable to outstanding Stock Options, and the Fair Market Value of the Common Stock and other value determinations applicable to outstanding Awards. Appropriate adjustments may also be made by the Committee in the terms of any Awards granted under the Plan to reflect such changes or distributions and to modify any other terms of outstanding Awards on an equitable basis, including modifications of performance goals and changes in the length of performance periods; provided, however, that with respect to Performance-Based Awards, such modifications and/or changes do not disqualify compensation attributable to such Awards as performance-based compensation under Code Section 162(m). In addition, the Committee is authorized to make adjustments to the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company, or

in response to changes in applicable laws, regulations, or accounting principles. The Committee's determination of what, if any, adjustments shall be made shall be final and binding on the Company and all Participants.

A-5

5.3. No Repricing. Absent shareholder approval, neither the Committee nor the Board shall have the authority, with or without the consent of the affected holders of the Awards, to reprice an Award after the date of its initial grant with a lower exercise price in substitution for the original exercise price. Adjustments in accordance with Section 5.2 above shall not be deemed repricings for purposes of this Section 5.3. This Section 5.3 may not be amended, altered or repealed by the Committee or the Board without the approval of the shareholders of the Company.

6. MAXIMUM INDIVIDUAL AWARDS

6.1. Maximum Aggregate Number of Shares Underlying Stock-Based Awards Granted Under the Plan to Any Single Participant. The maximum aggregate number of shares of Common Stock underlying all Awards measured in shares of Common Stock (whether payable in Common Stock, cash or a combination of both) that may be granted to any single Participant in respect of any fiscal year of the Company shall be 1,500,000 shares, subject to adjustment as provided in Section 5.2 above.

6.2. Maximum Dollar Amount Underlying Cash-Based Awards Granted Under the Plan to Any Single Participant. The maximum dollar amount that may be paid to any single Participant with respect to all Awards measured in cash (whether payable in Common Stock, cash or a combination of both) in respect of any fiscal year of the Company shall be \$1,500,000.

7. STOCK OPTIONS

7.1. In General. The Committee may, in its sole discretion, grant Stock Options to Employees, Nonemployee Directors and Independent Contractors on or after the Effective Date, subject, in all cases to Section 2.2 of the Plan. The Committee shall, in its sole discretion, determine the Employees, the Nonemployee Directors and Independent Contractors who will receive Stock Options and the number of shares of Common Stock underlying each Stock Option. Each Stock Option shall be subject to such terms and conditions consistent with the Plan set forth in the applicable Award Agreement and such other terms and conditions consistent with the Plan and the applicable Award Agreement as the Committee may impose from time to time. In addition, each Stock Option shall be subject to the following terms and conditions set forth in Sections 7.2 through 7.8 below.

7.2. Exercise Price. The Committee shall specify the exercise price of each Stock Option in the Award Agreement; provided, however, that the exercise price of any Nonqualified Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant.

7.3. Term of Stock Option. The Committee shall specify the term of each Stock Option in the Award Agreement shall terminate as set forth in Section 14 below or at such earlier times and upon such conditions or circumstances as the Committee shall, in its sole discretion, set forth in the Award Agreement.

7.4. Vesting Date. The Committee shall specify the Vesting Date with respect to each Stock Option in the Award Agreement; provided, that the Committee may provide in the applicable Award Agreement that any Stock Option shall Vest in such portions or installments as the Committee may, in its sole discretion, determine. The Committee may grant Stock Options that are Vested, either in whole or in part, on the date of grant. If the Committee fails to specify a Vesting Date in the Award Agreement, 25% of such Stock Option shall become exercisable on each of the first four anniversaries of the date of grant and shall remain exercisable following such anniversary date until the Stock Option expires in accordance with its terms under the Award Agreement or under the terms of the Plan. The Vesting of a Stock Option may be subject to such other terms and conditions as shall be determined by the Committee, including, without limitation, accelerating the Vesting if certain performance goals are achieved.

7.5. Exercise of Stock Options. The Stock Option exercise price may be paid in cash or, in the sole discretion of the Committee, by the delivery of shares of Common Stock or other securities of the Company then owned by the Participant, by the withholding of shares of Common Stock for which a Stock Option is exercisable, or by a combination of these methods. In the sole discretion of the Committee, and subject to all applicable laws, rules and regulations, payment may also be made by delivering a properly executed exercise notice to the Company together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale proceeds to pay the exercise price. To facilitate the foregoing, the Company may enter into agreements for coordinated procedures with one or more brokerage firms. The Committee may prescribe any other method of paying the exercise price that it determines to be consistent with applicable law and the purpose of the Plan, including, without limitation, in lieu of the exercise of a Stock Option by delivery of shares of Common Stock then owned by a Participant, providing the

Company with a notarized statement attesting to the number of shares owned by the Participant, where upon verification by the Company, the Company would issue to the Participant only the number of incremental shares to which the Participant is entitled upon exercise of the Stock Option. In determining which methods a Participant may utilize to pay the exercise price, the Committee may consider such factors as it determines are appropriate; provided, however, that any method approved by the Committee shall comply with applicable securities laws. When payment of the exercise price for a Stock Option consists of shares of the Company's capital stock or other securities of the Company, such securities will not be accepted as payment unless the Participant has held such shares for the requisite period necessary to avoid a charge to the Company's earnings for financial reporting purposes.

7.6. Additional Terms and Conditions. The Committee may, by way of the Award Agreements or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any Stock Option, as they may determine in their sole discretion; provided, they are not inconsistent with the Plan, including, without limitation, any requirement that the Participant not engage in competition with the Company or any Subsidiary.

7.7. Conversion Stock Options. The Committee may, in its sole discretion and upon such terms and conditions as it deems appropriate, grant a Stock Option to any holder of an option (hereinafter referred to as an *Original Option*) to purchase shares of the stock of any corporation:

(a) the stock or all or substantially all of the assets of which were acquired, directly or indirectly, by the Company or any Subsidiary, or

(b) which was merged with and into the Company or a Subsidiary, so that the Original Option is converted into a Stock Option (hereinafter referred to as a *Conversion Stock Option*); provided, however, that such Conversion Stock Option as of the date of its grant (the *Conversion Stock Option Grant Date*) shall have substantially the same economic value as the Original Option as of the Conversion Stock Option Grant Date.

8. STOCK APPRECIATION RIGHTS

8.1. In General. The Committee may, in its sole discretion, grant SARs to Employees, Nonemployee Directors, and/or Independent Contractors. An SAR is a right to receive a payment in cash, Common Stock or a combination of both, in an amount equal to the excess of (x) the Fair Market Value of the Common Stock, or other specified valuation, of a specified number of shares of Common Stock on the date the SAR is exercised over (y) the Fair Market Value of the Common Stock, or other specified valuation (which shall be no less than the Fair Market Value of the Common Stock), of such shares of Common Stock on the date the SAR is granted, all as determined by the Committee. If a SAR is granted retroactively in tandem with or in substitution for a Stock Option, the designated Fair Market Value of the Common Stock in the Award Agreement shall be the Fair Market Value of the Common Stock on the date such Stock Option was granted, the SAR shall cover the same number of shares of Common Stock as covered by the Stock Option (or such lesser number of shares as the Committee may determine) and the SAR shall be exercisable only at such time or times and to the extent the related Stock Option shall be exercisable, and shall have the same term and exercise price as the related Stock Option. Upon exercise of a Stock Appreciation Right granted in tandem with a Stock Option, the related Stock Option shall be cancelled automatically to the extent of the number of shares covered by such exercise; conversely, if the related Stock Option is exercised as to some or all of the shares covered by the tandem grant, the tandem Stock Appreciation Right shall be cancelled automatically to the extent of the number of shares covered by the Stock Option exercised. Each SAR shall be subject to such terms and conditions, including, but not limited to, a provision that automatically converts a SAR into a Stock Option on a conversion date specified at the time of grant, as the Committee shall impose from time to time in its sole discretion and subject to the terms of the Plan.

9. STOCK AWARDS AND STOCK UNITS

9.1. Stock Awards. The Committee may, in its sole discretion, grant Stock Awards to Employees, Nonemployee Directors, and/or Independent Contractors as additional compensation or in lieu of other compensation for services to the Company. A Stock Award shall consist of shares of Common Stock which shall be subject to such terms and conditions as the Committee in its sole discretion determines appropriate, including, without limitation, restrictions on the sale or other disposition of such shares, the Vesting Date with respect to such shares, and the right of the Company to reacquire such shares for no consideration upon termination of the Participant's employment within specified periods. With respect to the shares of Common Stock subject to a Stock Award, the Participant shall have all of the rights of a holder of shares of Common Stock, including the right to receive dividends and to vote the shares, unless the Committee determines otherwise on the date of grant. The Committee may require the Participant to deliver a duly signed stock power, endorsed in blank, relating to the Common Stock covered by such Stock Award. As a condition to any Stock Award, the Participant may be required to deliver to the Company a share power, endorsed in blank, relating to the Shares covered by such Award. Any share certificate issued in connection with a Stock Award may be held in the custody of the Company and will bear the following legend and/or any other legend required by this Plan, the applicable Award Agreement or applicable law:

THE TRANSFERABILITY OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY ARE SUBJECT TO THE TERMS AND CONDITIONS OF THE CARDO MEDICAL, INC. 2010 EQUITY INCENTIVE PLAN AND AN AGREEMENT ENTERED INTO BETWEEN THE PARTICIPANT AND CARDO MEDICAL, INC. (WHICH TERMS AND CONDITIONS MAY INCLUDE, WITHOUT LIMITATION, CERTAIN TRANSFER RESTRICTIONS AND FORFEITURE CONDITIONS). COPIES OF THAT PLAN AND AGREEMENT ARE ON FILE IN THE PRINCIPAL OFFICES OF CARDO MEDICAL, INC. AND WILL BE MADE AVAILABLE TO THE HOLDER OF THIS CERTIFICATE WITHOUT CHARGE UPON REQUEST TO THE SECRETARY OF CARDO MEDICAL, INC.

9.2. Stock Units. The Committee may, in its sole discretion, grant Stock Units to Employees, Nonemployee Directors, and/or Independent Contractors as additional compensation or in lieu of other compensation for services to the Company. A Stock Unit is a hypothetical share of Common Stock represented by a notional account established and maintained (or caused to be established or maintained) by the Company for such Participant who receives a grant of Stock Units. Stock Units shall be subject to such terms and conditions as the Committee, in its sole discretion, determines appropriate including, without limitation, determinations of the Vesting Date with respect to such Stock Units and the criteria for the Vesting of such Stock Units. A Stock Unit granted by the Committee shall provide for payment in shares of Common Stock at such time or times as the Award Agreement shall specify. The Committee shall determine whether a Participant who has been granted a Stock Unit shall also be entitled to a Dividend Equivalent Right.

9.3. Payout of Stock Units. Subject to a Participant's election to defer in accordance with Section 17.3 below, upon the Vesting of a Stock Unit, the shares of Common Stock representing the Stock Unit shall be distributed to the Participant, unless the Committee, in its sole discretion, provides for the payment of the Stock Unit in cash (or partly in cash and partly in shares of Common Stock) equal to the value of the shares of Common Stock which would otherwise be distributed to the Participant.

10. PERFORMANCE SHARES AND PERFORMANCE UNITS

10.1. Performance Shares. The Committee may, in its sole discretion, grant Performance Shares to Employees, Nonemployee Directors, and/or Independent Contractors as additional compensation or in lieu of other compensation for services to the Company. A Performance Share shall consist of a share or shares of Common Stock which shall be subject to such terms and conditions as the Committee, in its sole discretion, determines appropriate, including, without limitation, determining the performance goal or goals which, depending on the extent to which such goals are met, will determine the number and/or value of the Performance Shares that will be paid out or distributed to the Participant who has been granted Performance Shares. Performance goals may be based on, without limitation, Company-wide, divisional and/or individual performance, as the Committee, in its sole discretion, may determine, and may be based on the performance measures listed in Section 12.3 below. With respect to the Performance Shares, the Participant shall have none of the rights of a holder of shares of Common Stock, including the right to receive dividends and to vote the shares, unless and until such Performance Shares shall have been Vested and distributed to the Participant.

10.2. Performance Units. The Committee may, in its sole discretion, grant Performance Units to Employees, Nonemployee Directors, and/or Independent Contractors as additional compensation or in lieu of other compensation for services to the Company. A Performance Unit is a hypothetical share or shares of Common Stock represented by a notional account which shall be established and maintained (or caused to be established or maintained) by the Company for such Participant who receives a grant of Performance Units. Performance Units shall be subject to such terms and conditions as the Committee, in its sole discretion, determines appropriate, including, without limitation, determining the performance goal or goals which, depending on the extent to which such goals are met, will determine the number and/or value of the Performance Units that will be accrued with respect to the Participant who has been granted Performance Units. Performance goals may be based on, without limitation, Company-wide, divisional and/or individual performance, as the Committee, in its sole discretion, may determine, and may be based on the performance measures listed in Section 12.3 below.

10.3. Payout of Performance Shares or Performance Units. Subject to a Participant's election to defer in accordance with Section 17.3 below, upon the Vesting of a Performance Share or a Performance Unit, the shares of Common Stock representing the Performance Share or the Performance Unit shall be distributed to the Participant, unless the Committee, in its sole discretion, provides for the payment of the Performance Share or a Performance Unit in cash (or partly in cash and partly in shares of Common Stock) equal to the value of the shares of Common Stock which would otherwise be distributed to the Participant.

11. CASH AWARDS

11.1. **In General.** The Committee may, in its sole discretion, grant Cash Awards to Employees, Nonemployee Directors, and/or Independent Contractors as additional compensation or in lieu of other compensation for services to the Company. A Cash Award shall be subject to such terms and conditions as the Committee, in its sole discretion, determines appropriate, including, without limitation, determining the Vesting Date with respect to such Cash Award, the criteria for the Vesting of such Cash Award, and the right of the Company to require the Participant to repay the Cash Award (with or without interest) upon termination of the Participant's employment within specified periods.

12. PERFORMANCE-BASED AWARDS

12.1. **In General.** The Committee, in its sole discretion, may designate Awards granted under the Plan as Performance-Based Awards (as defined below) if it determines that such compensation might not be tax deductible by the Company due to the deduction limitation imposed by Code Section 162(m). Accordingly, an Award granted under the Plan may be granted in such a manner that the compensation attributable to such Award is intended by the Committee to qualify as qualified performance-based compensation (as such term is used in Code Section 162(m) and the Treasury Regulations thereunder) and thus be exempt from the deduction limitation imposed by Code Section 162(m) (Performance-Based Awards).

12.2. **Qualification of Performance-Based Awards.** Awards shall only qualify as Performance-Based Awards under the Plan if:

- (a) at the time of grant the Committee is comprised solely of two or more outside directors (as such term is used in Code Section 162(m) and the Treasury Regulations thereunder);
- (b) with respect to either the granting or Vesting of an Award (other than (i) a Nonqualified Stock Option or (ii) a SAR, which are granted with an exercise price at or above the Fair Market Value of the Common Stock on the date of grant), such Award is subject to the achievement of a performance goal or goals based on one or more of the performance measures specified in Section 12.3 below;
- (c) the Committee establishes in writing (i) the objective performance-based goals applicable to a given performance period and (ii) the individual employees or class of employees to which such performance-based goals apply no later than 90 days after the commencement of such performance period (but in no event after 25 percent of such performance period has elapsed);
- (d) no compensation attributable to a Performance-Based Award will be paid to or otherwise received by a Participant until the Committee certifies in writing that the performance goal or goals (and any other material terms) applicable to such performance period have been satisfied; and
- (e) after the establishment of a performance goal, the Committee shall not revise such performance goal (unless such revision will not disqualify compensation attributable to the Award as performance-based compensation under Code Section 162(m)) or increase the amount of compensation payable with respect to such Award upon the attainment of such performance goal.

12.3. **Performance Measures.** The Committee shall use the following performance measures (either individually or in any combination) to set performance goals with respect to Awards intended to qualify as Performance-Based Awards: net sales; pretax income before allocation of corporate overhead and bonus; budget; cash flow; earnings per share; net income; financial goals; return on shareholders' equity; return on assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the Common Stock or any other publicly-traded securities of the Company; market share; gross profits; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value
