REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Retirement Committee

Consolidated Graphics, Inc. Employee 401(k) Savings Plan

We have audited the accompanying Statements of Net Assets Available for Benefits of the Consolidated Graphics, Inc. Employee 401(k) Savings Plan (the Plan) as of December 31, 2009 and 2008 and the related Statements of Changes in Net Assets Available for Benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Description of Plan

The following description of the Consolidated Graphics, Inc. (the Company) Employee 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan s provisions.

General

The Plan was established effective January 1, 1997, as a defined contribution plan. All employees of the Company and any Affiliated Employer which has adopted the Plan, who have attained the age of 19 and completed at least one (1) month of service are eligible to participate in the Plan, except (i) union employees, unless participation in the Plan has been negotiated by a collective bargaining unit and the Company or an Affiliated Employer, (ii) non-resident aliens, (iii) leased employees, (iv) individuals classified as independent contractors, and (v) part-time, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours per year.

Administration

The Company created and appointed the members of the Retirement Committee to manage the Plan. State Street Bank and Trust serves as the Plan trustee/custodian. ADP Retirement Services is the recordkeeper for the Plan. Morgan Stanley is the Plan investment advisor.

Contributions

Each year, participants may contribute from 1% to 50% of their pretax annual compensation not to exceed the limitation set forth in Internal Revenue Code (IRC) Section 402(g) (\$16,500 and \$15,500 in 2009 and 2008, respectively). Participants may make catch-up contributions, which are pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant s 50 birthday. Participants total catch-up contributions during 2009 and 2008 may not exceed \$5,500 and \$5,000, respectively. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Although the Plan holds shares of Consolidated Graphics, Inc. common stock, no participant can elect to invest additional funds in this stock after December 31, 1999.

The Plan also provides for discretionary employer matching contributions, but only the first 6% of an employee s annual compensation is eligible to be matched. Additional amounts may also be contributed by the employer at the option of the Company s board of directors. During 2009 and 2008, the Company made no discretionary contributions to the Plan.

Participant Accounts

Each participant s account is credited with the participant s contributions and allocations of (i) Plan earnings and (ii) discretionary contributions made by the Company, if any, and charged with an allocation of administrative expenses. Allocations are based on participants compensation or account balances, as described in the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant s vested interest in his or her account.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Description of Plan, continued

Vesting

Participants are immediately vested in their elective contributions, plus any earnings on such contributions and any qualified employer matching contributions. The vesting of certain discretionary employer contributions plus any earnings thereon is based on years of continuous service accrued by the participant while in covered employment. A participant vests at a rate of 20% per year until fully vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts at a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the current Wall Street prime rate, re-determined monthly, plus 1%, with the resulting interest rate fixed over the term of the loan. Principal and interest payments are made by means of payroll withholdings according to the terms of the respective promissory note.

Payment of Benefits

Upon termination of employment, a participant (or his or her designated beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to have the account balance distributed in installments.

Forfeited Accounts

All employer contributions, if any, that are credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the fully vested value of his or her account. Forfeitures are generally used to pay Plan expenses or to reduce employer contributions. Although the Plan allows for discretionary matching contributions by the Company, no matching contributions have been contributed to participants. Thus, forfeitures do not normally occur in the Plan. However, other plans which have merged into the Plan may have forfeiture balances which are transferred into the Plan. Forfeiture balances were \$38,105 and \$40,675 at December 31, 2009 and 2008, respectively, and \$2,070 and \$8,944 were used to pay administrative expenses during the years ended December 31, 2009 and 2008, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any previously non-vested account balances.

Administrative Expenses

All administrative fees of the Plan may be paid by the Company or the Plan with the exception of loan set-up and maintenance fees which are paid by participants. Fees paid by the Company on behalf of the Plan were \$17,308 and \$14,473 for the years ended December 31, 2009 and 2008, respectively.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies

Financial Accounting Standards Board Codification

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 168, *The FASB Accounting Standards Codification TM and the Hierarchy of Generally Accepted Accounting Principles* (GAAP). The FASB Accounting Standards Codification TM, (Codification or ASC) became the source of authoritative GAAP recognized by the FASB to be applied by nongovernmental entities. SFAS 168 is effective for all financial statements issued for interim and annual periods ending after September 15, 2009. On the effective date of SFAS 168, the Codification superseded all then-existing non-SEC accounting and reporting standards. All other non-grandfathered, non-SEC accounting literature not included in the Codification became non-authoritative.

Following SFAS 168, the FASB will no longer issue new standards in the form of Statements, FASB Staff Positions (FSP), FASB Interpretations (FIN), or Emerging Issues Task Force Abstracts (EITF); instead, it will issue Accounting Standards Updates (ASUs). The FASB will not consider ASUs as authoritative in their own right; rather, these updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in the Codification. SFAS No. 168 is incorporated in ASC Topic 105, *Generally Accepted Accounting Principles*. The Plan adopted SFAS No. 168 for the year ended December 31, 2009.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in ASC 946-210-45, *Other Presentation Matters for Fully Benefit Responsive Investment Contracts*, (formerly FSP AAG INV-1 and SOP 94-1-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In September 2006, the FASB issued ASC Topic 820, *Fair Value Measurements and Disclosures* (formerly known as SFAS No. 157, *Fair Value Measurements*), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC Topic 820 was effective for the Plan on January 1, 2008; however, its adoption did not have a significant impact on the Plan's financial statements.

In May 2009, the FASB issued ASC Topic 855, *Subsequent Events* (formerly known as SFAS 165, *Subsequent Events*), which establishes general standards of accounting for and disclosure of events that occur after the date of the Statement of Net Assets Available for Benefits but before financial statements are issued or available to be issued. ASC Topic 855 defines (i) the period after the date of the Statement of Net Assets Available for Benefits during which a reporting entity's management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (ii) the circumstances under which an entity should recognize events or transactions occurring after the date of the Statement of Net Assets Available for Benefits in its financial statements, and (iii) the disclosures an entity should make about events or transactions that occurred after the date of the Statement of Net Assets Available for Benefits. ASC Topic 855 was effective for the Plan for the year ended December 31, 2009; however, its adoption did not have a significant impact on the Plan's financial statements.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risk, which generally means the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end, and the Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The Plan invests in a unitized common stock fund. The common stock fund invests primarily in the Company's common stock, which is valued at its quoted market price. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies, continued**Net Appreciation (Depreciation) in Fair Value of Investments**

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses on sale of investments and unrealized appreciation (depreciation) on those investments.

Benefit Payments

Benefits are recorded when paid.

Reclassifications

Certain items in the 2008 financial statements have been reclassified to conform to the 2009 financial statement presentation. Such reclassifications had no effect on net assets or the change in net assets.

3. Investments

The following investments each represent five percent or more of the Plan's net assets at December 31, 2009 and 2008:

	2009	2008
Morgan Stanley Liquid Asset Fund	\$ 14,710,700	\$ *
Morgan Stanley Focus Growth Fund-I	12,752,248	7,711,168
Morgan Stanley S&P 500 Index Fund-I	8,862,900	7,216,898
Oppenheimer Global Fund-A	8,309,694	6,437,073
ING International Value Fund-A	7,232,753	6,132,758
Davis New York Venture Fund-A	6,286,233	5,453,117
Calvert Income Fund-A	*	4,639,827
Morgan Stanley Stable Value Fund	*	13,438,372
Investments less than 5% of the Plan's net assets	45,780,283	33,374,198
 Total investments	 \$ 103,934,811	 \$ 84,403,411

* Less than 5% of
Plan assets in
the period
indicated.

During the years ended December 31, 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2009	2008
Registered investment companies (mutual funds)	\$ 20,261,886	\$ (43,004,239)
Common collective trust	(3,427)	
Consolidated Graphics, Inc. common stock fund	653,623	(1,415,339)
 Net appreciation (depreciation) in fair value of investments	 \$ 20,912,082	 \$ (44,419,578)

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Money market funds: The fair value of these securities is based on the fair value of the underlying securities within the fund, which represents the NAV of the shares held by the Plan at year-end.

Common collective trust: Valued at fair value based on information reported in the audited financial statements of the collective trust at year-end.

Company common stock fund: Valued at fair value using the closing price of CGX common stock reported on the New York Stock Exchange plus the fair value of the short-term investment fund.

Participant loans: Valued at amortized cost, which approximates fair value.

Table of Contents

CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds:

Total assets at fair value	\$ 65,405,244	\$ 15,571,867	\$ 3,426,300	\$ 84,403,411

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009 and 2008:

	2009	2008
Balance, beginning of year	\$ 3,426,300	\$ 3,030,449
Purchases, sales, issuances and settlements, net	(476,033)	395,851
Balance, end of year	\$ 2,950,267	\$ 3,426,300

5. Party-in-Interest Transactions

The Plan invests in participant loans and in mutual funds and a common collective trust established and operated by Morgan Stanley, the Plan's investment advisor, and has investments in the Company's common stock. These transactions qualify as party-in-interest transactions, as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Table of Contents

**CONSOLIDATED GRAPHICS, INC. EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

6. Tax Status

The Plan is based on a non-standardized prototype plan. The prototype plan received an opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan trustee and administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC of 1986, as amended, and accordingly, that the trust maintained in connection with the Plan is tax-exempt.

7. Excess Contributions Payable

The Plan did not satisfy the nondiscrimination test under IRC Section 401(k)(3) for the 2009 and 2008 Plan years. To comply with such nondiscrimination test, the Plan made required distributions of excess contributions of \$341,558 and \$309,256, which includes any income/loss attributable thereto, to highly compensated employees by March 15, 2010 and 2009, respectively.

8. Reconciliation of Plan Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008:

	2009	2008
Net assets available for benefits per the financial statements	\$ 103,799,472	\$ 87,126,435
Excess contributions payable from current year	341,558	309,256
Contributions receivable from current year	(206,219)	(56,479)
Deemed distributed loans	(272,293)	
Net assets available for benefits per Form 5500	\$ 103,662,518	\$ 87,379,212

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2009 and 2008:

	2009	2008
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 16,673,037	\$ (44,138,876)
Excess contributions payable from current year	341,558	309,256
Contributions receivable from prior year	56,479	63,964
Contributions receivable from current year	(206,219)	(56,479)
Excess contributions payable from prior year	(309,256)	(617,513)
Deemed distributed loans	(272,293)	
Net increase (decrease) in net assets available for plan benefits per Form 5500	\$ 16,283,306	\$ (44,439,648)
