Dear colleagues

I wish to advise you of an exciting development regarding GLOBAL Defense Technology and Systems (GTEC).

Just a short while ago, I and the other members of the board of GTEC have agreed to accept an offer to sell the company to a US based investment firm called Ares Management LLC.

Ares has made an offer of USD24.25 per share which represents a premium of approximately 51% over GTEC's closing stock price as of March 2, 2011. For reference, a copy of the GTEC press release is attached.

For Global Strategies Group, as the largest shareholder of GTEC, this transaction provides an excellent strategic opportunity. It allows sale proceeds to be used for investment across the Group, to strengthen GLOBAL Integrated Security which is experiencing strong organic growth, and accelerates the development of worldwide investment opportunities through GLOBAL Equity Ventures that will keep GLOBAL at the forefront of the defence and national security sector.

GLOBAL acquired GTEC (then SFA) in February 2007, and over the following two and a half years transformed the business doubling revenue, trebling earnings and adding strategic focus and direction before completing a highly successful IPO of the company in November 2009. With further acquisitions and growth of GTEC since IPO, the sale to Ares concludes a highly successful investment cycle for GLOBAL and will provide for the growth of greater scale and capability in the future.

I will keep you informed as the transaction is completed. In the meantime should you have any questions, please do email them to the Director of Communications, Tim Matthews Tim.Matthews@globalgroup.com

This is a very positive step for Global Strategies Group. It will add significant funds to an already strong balance sheet and dynamic organic growth performance and allow for our next strategic development as a major worldwide player in the defence and national security sector. I look forward to announcing more details in the near future.

Thank you all for your continued commitment

Damian
