**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
May 24, 2011**

GENERAL INFORMATION

The Board of Directors of PRGX Global, Inc. (which we refer to in this proxy statement as "PRGX", the "Company", "we", "us" or "our") is furnishing you this proxy statement to solicit proxies on its behalf to be voted at the 2011 Annual Meeting of Shareholders. The annual meeting will be held on Tuesday, May 24, 2011, at 9:00 a.m., at the Company's offices, 600 Galleria Parkway, Atlanta, Georgia 30339. The proxies may also be voted at any adjournments or postponements of the meeting. Upon a vote of the shareholders present at the annual meeting, we may adjourn the meeting to a later date if there are not sufficient shares present in person or by proxy to constitute a quorum or to permit additional time to solicit votes on any proposal to be presented at the annual meeting. You may obtain directions to the location of the 2011 Annual Meeting by contacting Victor A. Allums, Senior Vice President, General Counsel and Secretary, at the address or telephone number listed above.

This proxy statement and the accompanying form of proxy are first being mailed to shareholders on or about April 12, 2011. You must complete and return the proxy for your shares of common stock to be voted.

Any shareholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:
delivering to the Secretary of the Company a written notice of revocation dated later than the date of the proxy;

executing and delivering to the Secretary a subsequent proxy relating to the same shares; or

attending the meeting and voting in person, unless you are a street name holder without a legal proxy, as explained below. Attending the meeting will not in and of itself constitute revocation of a proxy.

Shareholders who hold shares in street name (e.g., in a bank or brokerage account) must obtain a legal proxy form from their bank or broker to vote at the meeting. You will need to bring the legal proxy with you to the meeting, or you will not be able to vote at the meeting.

All communications to the Secretary should be addressed to the Secretary at the Company's offices, 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339. Any proxy which is not revoked will be voted at the annual meeting in accordance with the shareholder's instructions. If a shareholder returns

Table of Contents

a properly signed and dated proxy card but does not mark any choices on one or more items, his or her shares will be voted in accordance with the recommendations of the Board of Directors as to such items. The proxy card gives authority to the proxy holders to vote shares in their discretion on any other matter properly presented at the annual meeting.

The Company will pay all expenses in connection with the solicitation of proxies, including postage, printing and handling and the expenses incurred by brokers, custodians, nominees and fiduciaries in forwarding proxy material to beneficial owners. In addition to solicitation by mail, solicitation of proxies may be made personally or by telephone, facsimile or other means by directors, officers and employees of the Company and its subsidiaries. Directors, officers and employees of the Company will receive no additional compensation for any such further solicitation. The Company has retained Innisfree M&A Incorporated to assist in the solicitation. The fee to be paid for such services is estimated at approximately \$10,000, plus reasonable out-of-pocket expenses.

Voting Requirements

Only holders of record of the Company's common stock at the close of business on April 1, 2011 (the Record Date) are entitled to notice of, and to vote at, the annual meeting. Holders on the Record Date are referred to as the Record Holders in this proxy statement. On the Record Date, the Company had outstanding a total of 23,986,892 shares of common stock. Each share of common stock is entitled to one vote.

To constitute a quorum with respect to each matter to be presented at the annual meeting, there must be present, in person or by proxy, a majority of the total votes entitled to be cast by Record Holders of the common stock. Abstentions will be treated as present for purposes of determining a quorum. In addition, shares held by a broker as nominee (i.e., in street name) that are represented by proxies at the Annual Meeting, but that the broker fails to vote on one or more matters as a result of incomplete instructions from a beneficial owner of the shares (broker non-votes), will also be treated as present for quorum purposes. The election of directors is no longer considered a routine matter as to which brokers may vote in their discretion on behalf of clients who have not furnished voting instructions with respect to the election of directors. As a result, if you hold your shares in street name and do not provide your broker with voting instructions, your shares **will not** be voted at the annual meeting with respect to the election of directors, the Company's Say-on-Pay proposal or the proposal relating to the frequency of the Company's Say-on-Pay vote. The ratification of BDO USA LLP as our independent registered public accounting firm is considered a routine matter, and therefore, brokers will have the discretion to vote on this matter even if they do not receive voting instructions from the beneficial owner of the shares.

With respect to Proposal 1 regarding the election of directors, assuming a quorum, the candidates receiving a plurality of the votes cast by the Record Holders of the common stock will be elected directors. Under plurality voting, assuming a quorum is present, the candidates receiving the most votes will be elected, regardless of whether they receive a majority of the votes cast. Abstentions and broker non-votes will have no effect on the outcome.

With respect to Proposal 2 regarding approval of the 2011 independent registered public accounting firm, ratification of this appointment requires that a quorum be present and that the number of votes cast for the proposal exceeds the votes cast against it. Abstentions and broker non-votes will have no effect on the outcome.

With respect to Proposal 3 regarding approval of the Say-on-Pay Resolution, approval of this proposal requires that a quorum be present and that the number of votes cast for the proposal exceeds the votes cast against it. The Company's Say-on-Pay vote is advisory in nature and the ultimate

Table of Contents

outcome of the vote is non-binding on the Company. Abstentions and broker non-votes will have no effect on the outcome.

With respect to Proposal 4 regarding the frequency of the Company's Say-on-Pay vote, assuming a quorum, the frequency option that receives the greatest number of votes cast by the Record Holders of the common stock will be deemed to be the option approved by the shareholders regardless of whether such option receives a majority of the votes cast. The vote on the frequency of the Company's Say-on-Pay vote is advisory in nature and the ultimate outcome of the vote is non-binding on the Company. Abstentions and broker non-votes will have no effect on the outcome.

Votes cast by proxy or in person at the annual meeting will be counted by the person or persons appointed by the Company to act as inspector(s) of election for the meeting. Prior to the meeting, the inspector(s) will sign an oath to perform their duties in an impartial manner and to the best of their abilities. The inspector(s) will ascertain the number of shares outstanding and the voting power of each of such shares, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties as required by law.

We expect that shares owned by current executive officers and directors of the Company will be voted in favor of the nominees for director that have been recommended by the Board and in accordance with the Board's recommendations on the other proposals. As of April 1, 2011, shares owned by executive officers and directors of the Company and entitled to vote at the annual meeting represented in the aggregate approximately 18.77% of the shares of common stock outstanding on that date.

Any other proposal not addressed herein but properly presented at the meeting will be approved if a proper quorum is present and the votes cast in favor of it meet the threshold specified by the Company's Articles, Bylaws and by Georgia law with respect to the type of matter presented. No shareholders have submitted notice of intent to present any proposals at the annual meeting as required by the Company's Bylaws.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on May 24, 2011

PROPOSAL 2: RATIFY THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Board of Directors, upon the recommendation of our Audit Committee, has appointed BDO USA, LLP (BDO) as the Company's independent registered public accounting firm for the 2011 fiscal year. A proposal will be presented at the annual meeting to ratify the appointment of BDO as our independent registered public accounting firm for the 2011 fiscal year. Shareholder ratification of the selection of BDO as our independent registered public accounting firm is not required but is being presented to our shareholders as a matter of good corporate practice. Notwithstanding shareholder ratification of the appointment of the independent registered public accounting firm, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm if the Audit Committee believes that such a change would be in our best interests and the best interests of our shareholders. If the shareholders do not ratify the appointment, the Audit Committee will reconsider the appointment of BDO. We have been advised that a representative from BDO will be present at the annual meeting, will be given an opportunity to speak if they desire to do so, and will be available to answer appropriate questions.

The Board of Directors recommends a vote FOR approval to ratify the appointment of the 2011 independent registered public accounting firm.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") requires that the Company's shareholders have the opportunity to cast a non-binding advisory vote regarding the compensation of the Company's executive officers who are named in the Summary Compensation Table contained in this proxy statement whom we refer to as our named executive officers. We have disclosed the compensation of our named executive officers pursuant to rules adopted by the SEC.

As we describe in detail in the Compensation Discussion and Analysis section and the accompanying compensation tables and narrative discussion contained in this proxy statement, we have designed our executive compensation programs to drive our long-term success and increase shareholder value. We utilize our executive compensation programs to provide compensation that will (i) attract and retain our named executive officers, (ii) encourage our named executive officers to perform at their highest levels by directly linking a material portion of their total compensation with key Company financial and operational performance objectives, and (iii) directly align our executive compensation with shareholders' interests through the grants of equity-based incentive awards.

Our Compensation Committee has overseen the development and implementation of our executive compensation programs using these core compensation principles as a guide. Our Compensation Committee also continuously reviews, evaluates and updates our executive compensation programs as needed to ensure that we continue to provide competitive compensation that motivates our named executive officers to perform at their highest levels while simultaneously increasing long-term shareholder value. We highlight the following aspects of our executive pay program that we believe reflect sound governance and effective program design:

All executive compensation decisions made by an independent and active Compensation Committee

A pay philosophy that seeks to emphasize variable over fixed compensation

A pay mix that seeks to provide both short-term and long-term incentives

Short-term and long-term incentive opportunities tied to a balanced performance measurement system that includes top line growth (revenue), operating income (adjusted EBITDA) and stock price performance

Capped short-term incentive opportunities to mitigate concerns regarding incentives for excessive risk-taking

A balanced long-term incentive grant mix that includes stock options and restricted stock to achieve both performance and retention objectives

An equity plan that prohibits re-pricing without shareholder approval

Change-of-control agreements that require a "double-trigger" (change-of-control plus actual separation) for separation payments and that do not provide an excise tax gross-up

Minimal executive perquisites or other enhanced benefits for executives

This advisory shareholder vote, commonly referred to as a "Say-on-Pay" vote, gives you as a shareholder the opportunity to approve or not approve the compensation of our named executive officers that is disclosed in this proxy statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement in accordance with the compensation disclosure requirements of the Securities and Exchange Commission, including the

Table of Contents

Compensation Discussion and Analysis, compensation tables and the related narrative disclosures herein, is hereby APPROVED.

Because your vote is advisory, it will not be binding on either the Board of Directors or the Company. However, our Compensation Committee will take into account the outcome of the shareholder vote on this proposal when considering future executive compensation decisions and arrangements.

The Board of Directors recommends a vote FOR approval of the compensation paid to the Company's named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure requirements of the Securities and Exchange Commission, including in Compensation Discussion and Analysis, compensation tables and the related narrative disclosures.

Table of Contents

PROPOSAL 4: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Act requires the Company's shareholders to have the opportunity to cast a non-binding advisory vote regarding how frequently the Company should seek from its shareholders a non-binding advisory vote (similar to Proposal 3 above) on the compensation of its named executive officers as disclosed in the Company's proxy statement. By voting on this frequency proposal, shareholders may indicate whether they would prefer that the advisory vote on the compensation of the Company's named executive officers occur every one, two or three years. Shareholders may also abstain from voting on the proposal. Accordingly, the following resolution is submitted for an advisory shareholder vote at the annual meeting:

RESOLVED, that the option set forth below that receives the greatest number of votes cast by the shareholders of PRGX Global, Inc. shall be the preference of the Company's shareholders for frequency of an advisory vote on the compensation of the Company's named executive officers:

every year;

every two years; or

every three years.

The Board has determined that an annual (every year) advisory vote on executive compensation is the best approach for the Company since it provides for the most frequent input from shareholders on the Company's compensation philosophy, policies and practices.

The option receiving the greatest number of votes (every one, two or three years) will be considered the frequency approved by shareholders. Although the vote is non-binding, the Board will take into account the outcome of the vote when making future decisions about the frequency for holding an advisory vote on executive compensation.

The Board recommends a vote in favor of an annual (every year) advisory shareholder vote on the compensation of the Company's named executive officers.

Board Leadership Structure and Role in Risk Oversight

The Board of Directors determines what leadership structure it deems appropriate from time to time based on factors such as the experience of the Company's Board members and executive officers, the current business environment of the Company and other relevant factors. After considering these factors, the Board has determined that the appropriate leadership structure for the Company at this time is a Board of Directors with an independent Chairman of the Board (Mr. Dills) and a Chief Executive Officer (Mr. Bahl) who also serves on the Company's Board. We believe that the role of an independent Chairman enhances the Board's oversight of management of the Company and helps to ensure that the Board is fully engaged with the Company's strategy and its implementation.

Table of Contents

Management of the Company is responsible for the Company's day-to-day risk management and the Board serves in a risk management oversight role. The Audit Committee assists the Board of Directors in fulfilling this oversight function. The Audit Committee and management of the Company periodically review various risks facing the Company and the internal controls and procedures in place to manage such risks. In addition, the Audit Committee and full Board consider risk-related matters on an on-going basis in connection with deliberations regarding specific transactions and issues. At the request of the Audit Committee, management is undertaking in 2011 an enterprise-wide assessment of risks facing the Company. Management expects to develop and implement mitigation plans for material risks, as needed, following completion of the risk assessment.

Stock Ownership Guidelines

On May 29, 2008, the Nominating and Corporate Governance Committee adopted stock ownership guidelines for the Company's non-employee directors to better align the interests of non-employee directors with shareholders. The guidelines require non-employee directors to own shares of Company stock with a value equal to or greater than four times the amount of the annual retainer paid to the non-employee director for Board service. Directors have three years to achieve compliance with the guidelines. Shares must be owned directly by the director or his immediate family residing in the same household or in trust for the benefit of the non-employee director or his immediate family. Restricted stock units, unvested shares of restricted stock and stock options (vested or unvested) do not count toward satisfaction of the guidelines. The Nominating and Corporate Governance Committee has authority to grant exceptions to the guidelines in rare circumstances.

Audit Committee

The Company's Audit Committee consists of three independent directors: Messrs. Dills, Mazzilli and Rosenberg. Mr. Mazzilli currently serves as Chairman of the Audit Committee, and the Board has determined that Mr. Mazzilli is an audit committee financial expert, as such term is defined in Item 407(d) of SEC Regulation S-K. The Board of Directors has determined that the current Audit Committee members satisfy the independence criteria included in the current listing standards for the Nasdaq Global Market and by the SEC for audit committee membership. The Audit Committee met 12 times in 2010. The Audit Committee has sole authority to retain the Company's independent registered public accounting firm and reviews the scope of the Company's annual audit and the services to be performed for the Company in connection therewith. The Audit Committee also formulates and reviews various Company policies, including those relating to accounting practices and the internal control structure of the Company, and the Company's procedures for receiving and investigating reports of alleged violations of the Company's policies and applicable regulations by the Company's directors, officers and employees. The Audit Committee also reviews and approves any related party transactions. The Board has adopted a written Audit Committee Charter which is available at the Company's website: www.prgx.com or upon written request to the Secretary of the Company at 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339. See Report of the Audit Committee.

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee approves each engagement of the Company's principal accountants for audit and non-audit related services and associated projected fees in advance of such engagement.

Compensation Committee

The Company's Compensation Committee consists of four independent directors: Messrs. Cole, Dills, Lind and Rosenberg. Mr. Lind is Chairman of the Compensation Committee. The Board of

Table of Contents

Directors has determined that each of the Compensation Committee members is independent based on the current listing standards for the Nasdaq Global Market.

The Compensation Committee held 10 meetings in 2010. The Compensation Committee determines the compensation of the executive officers of the Company and the other members of the Company's senior leadership team. The Compensation Committee also administers the Company's benefit plans, including the 2008 Equity Incentive Plan, the Stock Incentive Plan, the Performance Bonus Plan, and the 2006 Management Incentive Plan and makes recommendations to the Nominating and Corporate Governance Committee regarding director compensation. The Compensation Committee determines the amounts and types of all awards of stock-based compensation to individuals who file reports pursuant to Section 16 of the Securities Exchange Act of 1934 (the Exchange Act). Each member of the Compensation Committee is a nonemployee director, as such term is defined in Rule 16b-3 promulgated pursuant to the Exchange Act. Messrs. Cole, Lind and Rosenberg are also outside directors, as such term is defined in the regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Due to his service as Interim CEO and President of the Company from December 1, 2008 to January 21, 2009, Mr. Dills does not meet the definition of an outside director under Section 162(m) of the Code. Therefore, Mr. Dills abstains from voting on Compensation Committee matters that may be deemed to be performance-based and are intended to meet the requirements of Section 162(m). The Compensation Committee's charter requires that all members of the Committee shall be independent from the Company and that at least two members shall satisfy the definition of nonemployee director described above. The Compensation Committee charter is available at the Company's website: www.prgx.com or upon written request to the Secretary at 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339. For information regarding the Company's 2010 executive compensation, see Compensation Discussion and Analysis.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (NCG Committee) consists of three independent directors: Messrs. Cole and Lind and Dr. Georgiou. The Board of Directors has determined that each of the NCG Committee members is independent based on the listing standards for the Nasdaq Global Market. Mr. Cole serves as Chairman of the NCG Committee. The NCG Committee met four times in 2010. The NCG Committee has the responsibility to consider and recommend nominees for the Board of Directors and its committees, to oversee review and assessment of the performance of the Board, set Board compensation, and monitor and recommend governance principles and guidelines for adoption by the Board.

The Board has delegated to the NCG Committee the responsibility for evaluating current Board members at the time they are considered for re-nomination. After considering the appropriate skills, expertise and experience needed on the Board, the independence, expertise, experience, skills and performance of the current membership of the Board, and the willingness of Board members whose terms are expiring to be re-nominated, the NCG Committee recommends to the Board whether those directors should be re-nominated.

In preparation for the Company's annual meeting of shareholders and at such other times as appropriate, the NCG Committee considers whether the Board would benefit from adding one or more additional Board members, and if so, the skills, expertise and experience sought. If the Board determines that a new member or members would be beneficial, the NCG Committee sets the qualifications for the position(s) and conducts searches to identify qualified candidates. Such searches may utilize the services of an executive search firm that would receive a fee for its services. The NCG Committee (or its Chairman) screens the available information about the potential candidates. Based on the results of the initial screening, interviews with the viable candidates are scheduled with NCG Committee members,

Table of Contents

other members of the Board and, from time to time, senior members of management. Upon completion of these interviews and other due diligence, the NCG Committee may recommend to the Board the election or nomination of a candidate. All potential candidates, regardless of whether they are developed through the executive search firm or otherwise, are reviewed and evaluated using same process.

When the NCG Committee engages an executive search firm, the search firm performs research to identify and qualify potential candidates using the desired qualifications identified by the NCG Committee, contacts such qualified candidates to ascertain their interest in serving on the Company's Board, collects resumes and other data about the interested candidates and recommends candidates for further consideration by the NCG Committee.

The NCG Committee has no set minimum criteria for selecting Board nominees, although its preference is that a substantial majority of all non-executive directors possess the following qualifications: independence in accordance with the listing standards established for companies listed on the Nasdaq Global Market; significant leadership experience at the corporate level in substantial and successful organizations; relevant, but non-competitive, business experience; the ability and commitment to devote the time required to fully participate in Board and committee activities; strong communication and analytical skills; and a personality that indicates an ability to work effectively with the other members of the Board and management. In evaluating candidates for the Board of Directors, the NCG Committee seeks to maintain a balance of diverse business experience, education, skills and other individual qualities and attributes in order to enhance the quality of the Board's deliberations and decision-making processes. In any given search, the NCG Committee may also define particular characteristics for candidates to balance the overall skills and characteristics of the Board with the perceived needs of the Company.

The NCG Committee will also consider nominating for service on the Company's Board candidates recommended by shareholders. Such recommendations will only be considered by the NCG Committee if they are submitted to the NCG Committee in accordance with the requirements of the Company's Bylaws and accompanied by all the information that is required to be disclosed in connection with the solicitation of proxies for election of director nominees pursuant to Regulation 14A under the Exchange Act, including the candidate's written consent to serve as director, if nominated and elected. To be considered by the NCG Committee, shareholder recommendations for director nominees to be elected at the 2012 Annual Meeting of Shareholders, together with the requisite consent to serve and proxy disclosure information in written form, must be received by Victor A. Allums, Secretary, at the offices of the Company at 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339, no earlier than December 15, 2011 and no later than January 16, 2012.

As of April 12, 2011, the Company had not received any shareholder recommendations of director candidates for election at the 2011 Annual Meeting.

The NCG Committee's charter is available at the Company's website: www.prgx.com or upon written request to the Secretary of the Company at 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339.

Shareholder Communications to the Board of Directors

In addition to recommendations for director nominees, the Board of Directors welcomes hearing from shareholders regarding the management, performance and prospects for the Company. To facilitate complete and accurate transmittal of shareholder communications to the directors, the Company requests that all shareholder communication to the Board or any of its members be made in writing and addressed to the Company's Secretary, Victor A. Allums, at PRGX Global, Inc., 600 Galleria Parkway, Suite 100, Atlanta, Georgia 30339. The Company also requests that any such communication specifies whether it is directed to one or more individual directors, all the members of a Board committee, the independent members of the Board, or all members of the Board and the mailing address to which any reply should be sent. On receipt, Mr. Allums will forward the communication to the director(s) to whom it is addressed as specified by the shareholder. If the shareholder does not specify which directors should receive the communication, Mr. Allums will distribute the communication to all directors.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

As discussed above under Information About the Board of Directors and Committees of the Board of Directors, the Compensation Committee of the Board of Directors has the overall responsibility for our executive compensation plans, policies and programs. The Compensation Committee approves the compensation of each of our named executive officers and other key personnel of the Company. As defined in the Compensation Committee's charter, key personnel includes the Chief Executive Officer, the Company's officers who are direct reports of the CEO, and other senior management personnel of the Company who directly report to the CEO. The Compensation Committee is also responsible for recommending to the Nominating and Corporate Governance Committee the compensation and compensation plans, policies and programs for our directors. The Compensation Committee consists of four members who are independent directors under the Company's corporate governance guidelines and the rules of The Nasdaq Stock Market LLC.

Executive Compensation Philosophy

We strive to establish compensation practices that attract, retain and reward our senior management, and strengthen the mutuality of interests between our senior management and our shareholders. We believe that the most effective executive compensation program is one that is conservative, but competitive, and which aligns the compensation of our senior management with the creation of shareholder value. Under the oversight of the Compensation Committee, we have developed and implemented a pay-for-performance executive compensation program that rewards senior management for the achievement of certain financial performance objectives. We achieve the philosophies of pay-for-performance and alignment of senior management compensation with shareholder value creation primarily by providing a substantial portion of each executive's total annual compensation through annual performance bonuses and grants of long-term equity compensation. In each of the past five years, the Compensation Committee tied the level of bonus payments under our Performance Bonus Plan to the achievement of certain financial performance objectives. As further evidence of our pay for performance philosophy, beginning in 2009, the achievement of individual goals and objectives became a significant factor in determining each named executive officer's annual performance bonus. We describe our 2010 Performance Bonus Plan in greater detail below under Cash Bonus and describe equity grants in more detail under Long-Term Equity Incentive Compensation. Although it is not tied to any particular compensation formula for the compensation of its named executive officers, the Compensation Committee's pay strategy is to generally position base salaries and total cash compensation (salary plus target bonus) near the 50th percentile of our peer group and total direct compensation (total cash compensation plus equity grant value) between the 50th and 75th percentiles of the peer group when the Company is achieving target financial performance.

The Compensation Committee periodically reviews external market data from peer companies and relevant compensation surveys. This data is one of many variables considered by the Committee when making compensation decisions. When comparing against market information, the Compensation Committee has historically focused on comparisons against the 50th percentile for base salaries and total cash compensation (salary plus target bonus) and between the 50th and 75th percentile for total direct compensation (total cash compensation plus equity grant value). In recent years, however, the Committee has focused its deliberations with regard to equity based compensation on the number of shares being awarded (grant rate) and the impact on share availability for on-going awards in the future. Accordingly, there has been less focus on the grant value of the equity awards and the resulting positioning of total direct compensation relative to peers. In 2010, the total direct compensation for our named executive officers was near or below the 50th percentile of the market compensation data provided by the Compensation Committee's independent compensation consultant.

Overview of Executive Compensation Program

We designed our compensation program to provide our senior leadership team, including our named executive officers, with a combination of cash (salary and incentive-based) and long-term equity incentive compensation to align their interests with those of our shareholders. During 2010, our executive officer compensation program primarily consisted of the following elements:

base salary;

cash performance bonus plan; and

long-term equity incentive awards.

Although the Compensation Committee has not established a policy or formula for the allocation of total compensation among these different elements of total executive officer compensation, cash bonus opportunities and long-term incentive award opportunities are generally a function of each officer's base salary. In allocating total compensation among these various elements, the Compensation Committee strives to achieve an appropriate mix between the different forms of compensation in order to:

motivate senior management to deliver superior performance in the short-term by providing competitive base salaries and annual cash performance bonuses;

align the interests of senior management with the long-term interests of the shareholders through the grant of equity incentive compensation; and

provide an overall compensation package that is competitive and therefore promotes executive recruitment and retention.

For purposes of this proxy statement, our named executive officers for the year ended December 31, 2010 were as follows:

Name	Title
Romil Bahl	President and Chief Executive Officer
Robert B. Lee	Chief Financial Officer and Treasurer
Victor A. Allums	Senior Vice President, General Counsel, and Secretary
James R. Shand	Senior Vice President Client Services Americas
Michael Noel	Senior Vice President and Chief Information Officer
Larry M. Robinson*	Senior Vice President Audit Services Americas

* Mr. Robinson left the Company effective June 16, 2010.

Process for Establishing Executive Compensation

Role and Use of Compensation Consultants. The Compensation Committee from time to time engages compensation consultants to assist the Compensation Committee in making compensation decisions. Since 2008, the Compensation Committee has engaged Pearl Meyer & Partners (Pearl Meyer), an independent compensation consultant, to provide advice on executive compensation. The Company engaged Pearl Meyer in 2008 primarily to maintain the Company's pre-existing relationship with an individual compensation consultant who joined Pearl Meyer in 2008, had advised the Company in prior years and who is very well acquainted with the Company and its competitive landscape. Since its original engagement, Pearl Meyer has performed executive compensation studies from time to time for the Compensation Committee and has presented to the Compensation Committee various analyses of the Company's executive compensation program and made recommendations to the Compensation

Table of Contents

Committee to better align our executive compensation program with the compensation programs of other similarly situated companies.

Benchmarking. To assist the Compensation Committee in its review of the Company's executive compensation, from time to time, Pearl Meyer provides compensation data for a peer group of publicly-traded companies. During the period from 2007 through 2009, the Company's peer group consisted primarily of a consistent group of professional/business services providers, including providers of auditing, consulting, professional staffing and healthcare industry services; however, over that period we increased the number of peer group companies in the healthcare services industry as a result of the Company's increasing focus on services to the healthcare industry.

In 2009, in an effort to ensure alignment with the Company's updated strategic plan, the Compensation Committee requested that Pearl Meyer review the composition of the Company's peer group and make recommendations regarding any necessary changes or updates to the peer group. In December 2009, Pearl Meyer presented the Compensation Committee with its findings and recommendations for a revised peer group for the Company after evaluating industry classification, company size and business model of other public companies. After careful deliberation and review of the Pearl Meyer report, the Compensation Committee approved the following professional/business services and healthcare technology and services companies, with 2008 annual revenues of between approximately \$120 million and \$811 million, as the Company's peer group for compensation benchmarking purposes:

Advisory Board Co.	HMS Holdings Corp.
CRA International Inc.	Hackett Group, Inc.
Computer Programs and Systems	Huron Consulting Group, Inc.
Corporate Executive Board Co.	LECG Corporation
Diamond Management & Technical	MedAssets Inc.
Eclipsys Corp.	Navigant Consulting, Inc.
Forrester Research Inc.	

Compensation of the CEO. The Compensation Committee reviews the performance and compensation of our Chief Executive Officer each year. In evaluating the compensation of the Chief Executive Officer, the Compensation Committee considers factors such as market data regarding the compensation of CEOs at comparable companies and the skills, relevant experience and recent performance of the Company's Chief Executive Officer.

In connection with the appointment of Mr. Bahl as our Chief Executive Officer and President in January 2009, the Compensation Committee took into account the recommendations of Pearl Meyer and Mr. Bahl's compensation arrangement with his former employer in establishing his PRGX compensation package. The Compensation Committee reviewed peer group CEO compensation data and targeted Mr. Bahl's base salary, annual target performance bonus and long-term equity compensation at the 75th percentile of the peer group. Mr. Bahl's overall compensation package was established through arm's length negotiations in a process led by the Compensation Committee and was reflected in an employment agreement with Mr. Bahl. Mr. Bahl's 2010 employment arrangement provided for an annual base salary of \$625,000 (subject to increase at the discretion of the Compensation Committee) and that Mr. Bahl be eligible for an annual target performance bonus equal to 100% of his annual base salary and a maximum performance bonus equal to 150% of his annual base salary under the Company's Performance Bonus Plan, based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. Mr. Bahl's target performance bonus and maximum performance bonus are each subject to adjustment, from time to time, as determined by the Compensation Committee. In February 2011, Mr. Bahl's maximum bonus percentage was increased to 200% of his annual base salary

Table of Contents

in order to align his maximum bonus percentage with the maximum bonus percentage of our other named executive officers at twice his target bonus percentage.

In addition to his salary and annual performance bonus and in order to induce Mr. Bahl to join the Company as its CEO and President, his employment agreement provided for the payment of a one-time bonus in the aggregate amount of \$1 million payable on the last payroll date in July 2010, subject to Mr. Bahl's continued employment at such time. Mr. Bahl also received on January 21, 2009, the day that he joined the Company, a one-time, equity inducement grant award of 296,296 non-qualified stock options and 344,445 shares of restricted stock, subject to time-vesting requirements. The non-qualified stock options have a seven-year term, and an exercise price of \$3.57, which was the closing price of the Company's common stock on the date of the grant. 111,111 of the non-qualified stock options and 233,334 shares of the restricted stock (collectively, the *Initial Equity*) vest in equal increments over a period of four years from the date of the grant. The remaining 185,185 options and 111,111 shares of restricted stock (collectively, the *One-Time Equity Awards*) vest in equal increments on the second and fourth anniversaries of the date of the grant. We intended the \$1 million cash bonus and One-Time Equity Awards to compensate Mr. Bahl for certain vested cash compensation awards at his former employer that he forfeited when he resigned from his former employer and accepted the position as our Chief Executive Officer and President.

Compensation of Other Named Executive Officers. In setting the initial compensation for our other named executive officers, the Compensation Committee reviews peer group compensation data and takes into account the recommendations of Pearl Meyer and the CEO as well as the executive officer's compensation arrangement with his former employer. We establish the overall compensation package of these executive officers through arm's length negotiations and reflect the terms in an employment agreement. The Chief Executive Officer annually reviews the performance of the other members of our senior management team, including our named executive officers, and makes recommendations to the Compensation Committee regarding their compensation. After taking into consideration the recommendations of the Chief Executive Officer, the Compensation Committee determines the amount of compensation for the other members of our senior management team, including our other named executive officers, for the upcoming year. With respect to these other key personnel, the Compensation Committee and the Chief Executive Officer consider multiple factors in establishing the terms of their compensation packages, including market data regarding the compensation of comparable executives at comparable companies and the skills, relevant experience, recent performance and strategic fit of each member of senior management at the Company.

In September 2009, the Company hired Michael A. Noel as its Senior Vice president and Chief Information Officer (*SVP CIO*). In connection with the hiring of Mr. Noel, the Compensation Committee reviewed Mr. Noel's compensation arrangement with his former employer, as well as compensation data for positions comparable to the Company's SVP CIO role at peer companies. The terms of Mr. Noel's employment arrangement are reflected in an employment agreement, the material terms of which are described below under *Employment and Severance Agreements*.

The compensation packages for Messrs. Allums, Lee and Shand are reflected in their most recent employment agreements entered into in November 2008, May 2009 and March 2009, respectively. Messrs. Allums and Lee joined the Company in 2006, while Mr. Shand joined the Company in 2009. See *Employment and Severance Agreements* below for a description of the Company's employment agreements with its named executive officers.

Table of Contents**2010 Compensation Decisions**

In February 2010, the Compensation Committee approved the material terms of the 2010 Performance Bonus Plan, as described below under **Cash Bonus** 2010 Performance Bonus Plan. In addition to using EBITDA as a bonus payout criteria as had been the case with our Performance Bonus Plans for each year since 2006, the 2010 Performance Bonus Plan also incorporated certain revenue thresholds for determining the amount of the total bonus pool available for payout to all Performance Bonus Plan participants. We added revenue thresholds into the 2010 Performance Bonus Plan to provide incentives to the plan's participants, including the Company's named executive officers, to achieve a key Company objective of revenue growth, while at the same time maintaining a certain level of adjusted EBITDA.

In March 2010, the Compensation Committee, after consulting with Pearl Meyer and reviewing relevant market compensation information, increased the salaries of certain of the Company's key personnel, including the Company's named executive officers, as described in more detail below under **Base Salary**.

The Compensation Committee made equity grants to a number of the Company's employees, including our named executive officers, in June 2010. Consistent with its recommendation regarding equity grants to our named executive officers and other employees in 2009, and given the continued weakness in the Company's stock price (\$3.96 on the grant date), Pearl Meyer again recommended that the Compensation Committee adopt an overall equity grant rate of approximately 5% of the Company's common equity then outstanding. After careful deliberation, the Compensation Committee determined that the grant rate of approximately 5% of common shares outstanding was appropriate for 2010 grants. In making the equity grants, the Compensation Committee focused on the number of shares of restricted stock and options being granted and their expected future value, assuming the Company's execution of its strategic plan, rather than on the grant date values of the equity granted. As in 2009, the Compensation Committee determined that each equity award should be made up of an equal number of shares of service-based vesting restricted stock and service-based vesting nonqualified stock options. After the Compensation Committee determined that the CEO's grant would be 125,167 shares of restricted stock and 125,167 stock options, the CEO made recommendations to the Compensation Committee for allocation of the remainder of the 5% equity pool to other named executive officers and employee grantees. After considering the CEO's recommendation and other relevant information, the Compensation Committee determined the amount of the equity grants to each of our named executive officers and the other employee grantees. We designed the restricted stock and stock option awards to named executive officers to deliver a certain target value to the executive if and when the Company's share price appreciates to a projected price based on the Company's execution of its strategic plan.

Elements of the Company's Executive Compensation Program

Base Salary. The annual base salary component of the Company's executive compensation program provides each named executive officer with a fixed minimum amount of annual cash compensation. Salaries for our named executive officers are generally determined through their employment agreements, subject to annual review and adjustment by the Compensation Committee. The Compensation Committee generally targets base salaries for our named executive officers at the 50th percentile of our compensation peer group. The Compensation Committee increased the base salaries of certain of the Company's named executive officers in 2010 following reviews of market compensation data and each executive's performance and potential. An assessment of the performance and potential of each named executive officer other than the CEO was provided by the CEO to the Compensation Committee for its consideration in this process.

Table of Contents

The following table sets forth the base salaries for each of our named executive officers in effect as of December 31, 2010:

Named Executive Officer	Base Salary
Romil Bahl	\$625,000
Robert Lee	\$229,600
Victor Allums	\$268,800
James Shand	\$321,000
Michael Noel	\$220,000

Cash Bonus 2010 Performance Bonus Plan. In 2006, we began the practice of adopting an annual Performance Bonus Plan (a short-term cash incentive bonus plan with annual financial performance goals), through which we provide for cash bonus awards to certain of our senior employees, including all of our named executive officers. We continued this practice in 2010 through the 2010 Performance Bonus Plan (the Bonus Plan). The Bonus Plan was a cash incentive program designed to recognize and reward employees whom we expected to make significant contributions towards achieving our 2010 business plan.

Cash bonuses under the Bonus Plan were contingent upon our achievement of certain 2010 financial performance objectives. Each of our named executive officers participated in the Bonus Plan. No bonuses were to be earned under the Bonus Plan unless (i) our consolidated 2010 adjusted EBITDA was at least \$22.5 million, and (ii) our 2010 Company revenue was at least \$170 million. Adjusted EBITDA for purposes of the Bonus Plan is earnings from continuing operations before interest, taxes, depreciation and amortization, as adjusted for unusual and other significant items that management views as distorting our operating results from period to period.

The overall bonus pool under the Bonus Plan was established based on the level of the Company's 2010 revenue, provided in all cases that adjusted EBITDA of \$22.5 million was also earned by the Company. No amounts were to be contributed to the bonus pool unless the Company achieved 2010 revenue of at least \$170 million. At 2010 Company revenue of \$170 million, the total bonus pool would be equal to 25% of the sum of all target bonuses under the Bonus Plan. 2010 Company revenue of \$191 million would yield a bonus pool equal to the sum of all target bonuses under the Bonus Plan. If the Company's 2010 revenue fell between \$170 million and \$191 million, the total bonus pool would be a prorated amount from 25% of the aggregate of all target bonuses under the Bonus Plan to 100% of the aggregate of all target bonuses under the Bonus Plan. 2010 Company revenue of \$203 million would result in a bonus pool equal to the sum of all maximum bonuses under the Bonus Plan. If the Company's 2010 revenue fell between \$191 million and \$203 million, then the total bonus pool would be a prorated amount from 100% of the aggregate of all target bonuses to the sum of all maximum bonuses under the Bonus Plan. The target and maximum bonus amounts for each named executive officer under the Bonus Plan were established in accordance with the officer's employment agreement.

In 2010, the Compensation Committee also continued to include individual performance objectives (in addition to the revenue and adjusted EBITDA components) into the formula for determining bonus amounts payable under the Bonus Plan to named executive officers and certain other members of the Company's senior management team. Although the overall bonus pool was determined as described above, only 70% of the performance bonuses were to be awarded based on the revenue and adjusted EBITDA performance of the Company (or in the case of Mr. Shand, Senior Vice President Client Services Americas, based on a combination of the revenue and adjusted EBITDA performance of the Company and Company's recovery audit Americas operations), while 30% of the performance bonuses were to be determined for each named executive officer based on his or her achievement of individual performance objectives approved by the Compensation Committee.

Table of Contents

The Compensation Committee established the annual target and maximum revenue goals and the adjusted EBITDA threshold under the Bonus Plan in February 2010 after the completion of the Company's annual financial planning and budgeting process. The Compensation Committee believed that including both a revenue and an adjusted EBITDA component to the bonus calculation in 2010 was important to ensure that the Company's executive officers maintained their focus on achieving sustainable growth of our business, while at the same time maintaining a certain level of profitability. The Compensation Committee also believes that individual performance objectives should be included as a component of the bonus determination to ensure that senior management remains focused on additional key objectives important to our future success.

Upon our achievement of the minimum 2010 adjusted EBITDA of \$22.5 million, our named executive officers would have been entitled to receive the following bonus amounts (reflected as a percentage of base salary) under the Bonus Plan, assuming Company revenue of \$191 million for target bonuses, Company revenue of \$203 million for maximum bonuses (and for Mr. Shand, the achievement of applicable financial performance objectives for recovery audit Americas), and subject to adjustment for performance against individual performance objectives:

Name	Target Bonus (% of Base Salary)	Maximum Bonus (% of Base Salary)
Romil Bahl*	100%	150%
Robert Lee	50%	100%
Larry Robinson	50%	100%
Victor Allums	50%	100%
James Shand	50%	100%
Michael Noel	50%	100%

* Effective February 17, 2011, the Compensation Committee revised Mr. Bahl's compensation arrangement, by increasing the maximum annual bonus payable to him from 150% of his base salary to 200% of his base salary in order to align his maximum bonus opportunity with the maximum bonus opportunity of the other named executive officers at two times his target bonus opportunity.

Including our named executive officers, approximately 100 current U.S. and international employees participated in the Bonus Plan. As mentioned above, we paid no cash bonuses under the Bonus Plan based on the Company's level of adjusted EBITDA performance in 2010.

As discussed above, the minimum Company adjusted EBITDA for payment of bonuses under the Bonus Plan was \$22.5 million and the target revenue goal was \$191 million, with a minimum revenue threshold of \$170 million for the payment of any bonuses under the Bonus Plan. For purposes of the Bonus Plan, the Compensation Committee determined 2010 revenue and adjusted EBITDA to be \$184.1 million and \$21.5 million, respectively. Since the Company did not achieve the minimum \$22.5 million adjusted EBITDA goal, no annual performance bonuses under the Bonus Plan were paid to any plan participants, including the named executive officers.

Long-Term Equity Incentive Compensation

Issuance of Stock Options and Restricted Stock. In 2008, the Compensation Committee approved a long-term equity incentive program that provided the Compensation Committee with the ability to grant equity awards to further motivate our named executive officers and other employees to continue to achieve improved operating results for the Company. In connection with the 2008 annual meeting of shareholders, the Board of Directors recommended, and our shareholders approved, the PRGX

Table of Contents

Global, Inc. 2008 Equity Incentive Plan (the "2008 Equity Incentive Plan"). In June 2010, our shareholders also approved an amendment to the 2008 Equity Incentive Plan that (i) increased the amount of available shares under the plan by 3,400,000 shares; (ii) provided that only shares actually issued pursuant to awards would count against the available pool of shares; (iii) provided that shares issued pursuant to awards granted after the effective date of the amendment, other than options or stock appreciation rights, would count as 1.41 shares against the available pool of shares; and (iv) deleted a provision that granted the Board of Directors discretion in determining when a "Change in Control" occurs. The 2008 Equity Incentive Plan expires on March 25, 2018, and permits the grant of stock options (both incentive stock options and non-qualified stock options), stock appreciation rights, restricted stock, restricted stock units, and other incentive awards. As of December 31, 2010, there were 2,127,037 shares available for grant under the 2008 Equity Incentive Plan.

In 2010, we again provided long-term incentive compensation to key personnel, including our named executive officers. This long-term incentive compensation included service-based restricted stock and service-based vesting stock options. The Compensation Committee believes that its 2010 approach to long-term incentive compensation, i.e., making equity grants of service-based vesting restricted stock and service-based vesting stock options, provides appropriate long-term incentives from both executive retention and pay-for-performance perspectives. Because an officer will benefit from a stock option award only to the extent our stock price appreciates above the exercise price of the stock option, stock options align the interests of management with those of shareholders and ensure that management achieves gains only to the extent that the Company's share value has appreciated. Service-based restricted stock vesting over three years serves the dual objectives of aligning management's interests with shareholders by creating an ownership interest and attracting and retaining highly skilled executives. The Compensation Committee believes that the three-year time vesting of the stock option awards further supports the retention objective.

When determining the amount of equity to grant in 2010, the Compensation Committee considered the Company's relatively low stock price at the time of the grant in June 2010. The Compensation Committee determined that if it used the "grant value" methodology used prior to 2009, it would result in a large increase in the number of shares granted. Instead, consistent with its approach to equity grants in 2009, the Compensation Committee decided to use an overall grant rate equal to approximately 5% of the Company's common shares outstanding at the time of the grant and granted to each executive restricted stock and stock options as described above in "2010 Compensation Decisions". On June 23, 2010, the Compensation Committee made grants of equity incentive awards to certain of our employees, including the following grants of restricted stock and non-qualified stock options to our named executive officers:

Name	Restricted Stock	Non-Qualified Options
Romil Bahl	125,167	125,167
Robert Lee	25,247	25,247
Victor Allums	29,640	29,640
James Shand	36,675	36,675
Michael Noel	26,167	26,167

The restricted shares and the non-qualified stock options granted to executive officers and other employees on June 23, 2010 vest in three equal installments on each of June 23, 2011, 2012 and 2013. In accordance with the terms of the officers' respective employment agreements, unvested shares of restricted stock with service-based vesting will automatically vest in the event an officer's employment is

terminated without cause, the officer terminates employment for good reason, or the Company chooses to not extend the term of an officer's employment agreement. If an officer's employment with the Company terminates for any other reason, the officer immediately forfeits all unvested shares of restricted stock. All shares of restricted stock become 100% vested upon a change of control of the Company. In accordance with the terms of the officers' respective employment agreements, all unvested options will automatically vest in the event an officer's employment is terminated without cause, the officer terminates employment for good reason, or the Company chooses to not extend the term of an officer's employment agreement. In such circumstances, the vested options remain outstanding until the earlier of (i) one year after the termination of employment or (ii) the original expiration date of the options. If an officer's employment with the Company terminates for any other reason, the officer immediately forfeits all unvested options. The options become 100% vested upon a change of control. Our standard practice is to grant options with an exercise price equal to the closing price of our common stock on the date of grant. The non-qualified stock options granted to executive officers and other employees on June 23, 2010 have a seven-year term and an exercise price of \$3.96, which was the closing price of our common stock on such date.

Issuance of Performance Units under the Management Incentive Plan. In 2006, as contemplated by the financial restructuring which we were implementing at that time, the Board of Directors and the Compensation Committee established the Management Incentive Plan (MIP), whose material terms were delineated in the Restructuring Support Agreement that we entered into with certain of our bondholders as part of the financial restructuring. In August 2006, our shareholders approved the adoption of the MIP. Under the MIP, the Compensation Committee could award performance units to key employees, as determined in the sole discretion of the Compensation Committee.

Each performance unit entitles the holder to receive on the payment date the fair market value of one share of our common stock on the payment date, subject to applicable tax withholding. The payment dates are established by each participant's performance unit agreement. The Compensation Committee has determined that the fair market value is equal to the closing price of our common stock on the applicable payment date. Payments for vested performance units on the payment date are to be made 40% in cash and 60% in shares of common stock of the Company.

In September 2006, the Compensation Committee granted performance units to the Company's senior management team at that time, including Messrs. Robinson and Allums. Mr. Allums is our only named executive officer who still holds performance units issued under the MIP. Mr. Allums currently holds 44,830 performance units which are scheduled to be paid on April 30, 2011.

On April 30, 2010, we settled a portion of the performance units for Messrs. Allums and Robinson in accordance with their respective individual MIP payout schedules. We calculated the total values of the performance units based upon the closing price of our common stock on The NASDAQ Global Market on April 30, 2010 of \$6.76. Such settlements resulted in the issuance of 26,898 shares of the Company's common stock and \$121,226 in cash, less applicable tax withholding, to Messrs. Allums and Robinson.

In addition to the April 30, 2010 settlements, and in connection with the departure of Mr. Robinson from the Company in June 2010, we also settled on December 20, 2010 the remaining MIP performance units held by Mr. Robinson. This final payout of Mr. Robinson's remaining MIP performance units resulted in the issuance to him of 26,898 shares of common stock and a cash payment of \$106,521, less applicable tax withholding (based on a stock price on the payment/settlement date of \$5.94 per share).

Table of Contents**Employment and Severance Arrangements**

We have entered into executive employment agreements with Messrs. Bahl, Lee, Shand, Allums and Noel, and in 2010, entered into a separation agreement with Mr. Robinson. We describe each of these agreements in more detail below.

On January 8, 2009, we entered into an executive employment agreement with Mr. Bahl, the Company's Chief Executive Officer and President. The term of Mr. Bahl's executive employment agreement is four years, which will automatically be extended for additional one-year periods, unless either party notifies the other in writing at least 90 days prior to the end of the original term or any additional term of its intention not to extend the agreement. Mr. Bahl's executive employment agreement provides for an annual base salary of \$600,000 (subject to increase at the discretion of the Compensation Committee) and that Mr. Bahl will be eligible for an annual target performance bonus equal to 100% of his annual base salary and a maximum performance bonus equal to 150% of his annual base salary under the Company's Performance Bonus Plan, based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. As disclosed above, Mr. Bahl's annual base salary as of December 31, 2010 was \$625,000 and effective as of February 17, 2011, Mr. Bahl's maximum bonus percentage was increased to 200% of his annual base salary in order to align his maximum bonus percentage with the maximum bonus percentage of our other named executive officers at twice his target bonus percentage. Under the terms of his employment agreement, we also paid Mr. Bahl an additional one-time cash bonus in the aggregate amount of \$1 million on the last regular payroll date in July 2010, and, on the date he joined the Company, we granted Mr. Bahl a one-time equity inducement grant of an aggregate of 296,296 non-qualified stock options and 344,445 shares of restricted stock. In addition, Mr. Bahl's executive employment agreement contains standard non-competition and non-solicitation provisions. Mr. Bahl is also eligible to receive additional stock options, restricted stock, stock appreciation rights and/or other equity awards under the Company's applicable equity plans on such basis as the Compensation Committee may determine. Mr. Bahl's executive employment agreement further provides for standard expense reimbursement, vacation time, and other standard executive benefits. Finally, the employment agreement provided Mr. Bahl with relocation benefits in an amount up to \$75,000 in connection with his relocation from Irving, Texas to Atlanta, Georgia. In July 2009, the Compensation Committee revised this relocation amount due to the difficulty in selling Mr. Bahl's home in the midst of a depressed real estate market. To assist in defraying the costs incurred by Mr. Bahl in connection with his relocation, the Compensation Committee increased Mr. Bahl's relocation benefits to an after-tax benefit of \$100,000, and, effective June 1, 2009, granted him a relocation allowance of \$962 per bi-weekly pay period until the later of June 30, 2011, or the date upon which his home is sold.

On May 26, 2009, the Company entered into an employment agreement with Mr. Lee, formerly the Company's Controller. Mr. Lee's executive employment agreement provides for him to serve as Chief Financial Officer and Treasurer of the Company for an initial term of one year that will automatically be extended for additional one-year periods, unless either party notifies the other in writing at least thirty days prior to the end of the original term or any additional term of its intention not to extend the agreement. Mr. Lee's employment agreement provides for an annual base salary of \$205,000 (subject to increase at the discretion of the Compensation Committee) and eligibility for an annual incentive bonus (target bonus equal to 50% of his annual base salary up to a maximum bonus equal to 100% of his annual base salary), based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. As disclosed above, Mr. Lee's annual base salary as of December 31, 2010 was \$229,600. Mr. Lee also is eligible to receive stock options, restricted stock, stock appreciation rights and/or other equity awards under the Company's applicable equity plans on such basis as the Compensation Committee may determine. In addition, Mr. Lee's executive employment agreement contains standard non-competition and non-solicitation provisions. See Potential Payments Upon Termination or Change of Control below for more information regarding severance payments payable to

Mr. Lee in the event of the termination of his employment.

On March 12, 2009, the Company entered into an employment agreement with Mr. Shand. Mr. Shand's executive employment agreement originally provided for him to serve as Chief Innovation and Strategy Officer of the Company (though his title and role has since changed to Senior Vice President Client Services Americas) for an initial term of one year that will automatically be extended for additional one-year periods, unless either party notifies the other in writing at least thirty days prior to the end of the original term or any additional term of its intention not to extend the agreement. Mr. Shand's employment agreement provides for an annual base salary of \$300,000 (subject to increase at the discretion of the Compensation Committee) and eligibility for an annual incentive bonus (target bonus equal to 50% of his annual base salary up to a maximum bonus equal to 100% of his annual base salary), based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. As disclosed above, Mr. Shand's annual base salary as of December 31, 2010 was \$321,000. Additionally, Mr. Shand received a signing bonus in the aggregate amount of \$90,000 which was subject to his continued employment through July 31, 2009. Mr. Shand also is eligible to receive stock options, restricted stock, stock appreciation rights and/or other equity awards under the Company's applicable equity plans on such basis as the Compensation Committee or the Board of Directors of the Company or their designees, as the case may be, may determine. On the effective date of his employment agreement, we granted Mr. Shand an initial equity award of 20,000 shares of restricted stock, 50% of which vested on the first anniversary of the date of the grant, and the remaining 50% of which vests on the third anniversary of the date of grant, subject to Mr. Shand's continued employment through such date. In addition, Mr. Shand's executive employment agreement contains standard non-competition and non-solicitation provisions. See Potential Payments Upon Termination or Change of Control below for more information regarding severance payments payable to Mr. Shand in the event of the termination of his employment.

On November 28, 2008, the Company entered into an employment agreement with Mr. Allums. Mr. Allums's executive employment agreement provides for him to serve as Senior Vice President, General Counsel and Secretary of the Company for an initial term of one year that will automatically be extended for additional one-year periods, unless either party notifies the other in writing at least thirty days prior to the end of the original term or any additional term of its intention not to extend the agreement. Mr. Allums's employment agreement provides for an annual base salary of \$240,000 (subject to increase at the discretion of the Compensation Committee) and eligibility for an annual incentive bonus (target bonus equal to 50% of his annual base salary up to a maximum bonus equal to 100% of his annual base salary), based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. As disclosed above, Mr. Allums's annual base salary as of December 31, 2010 was \$268,800. Mr. Allums also is eligible to receive stock options, restricted stock, stock appreciation rights and/or other equity awards under the Company's applicable equity plans on such basis as the Compensation Committee or the Board of Directors of the Company or their designees, as the case may be, may determine. In addition, Mr. Allums's executive employment agreement contains standard non-competition and non-solicitation provisions. See Potential Payments Upon Termination or Change of Control below for more information regarding severance payments payable to Mr. Allums in the event of the termination of his employment.

On September 30, 2009, the Company entered into an employment agreement with Mr. Noel. Mr. Noel's executive employment agreement provides for him to serve as Senior Vice President and Chief Information Officer of the Company for an initial term of one year that will automatically be extended for additional one-year periods, unless either party notifies the other in writing at least thirty days prior to the end of the original term or any additional term of its intention not to extend the agreement. Mr. Noel's employment agreement provides for an annual base salary of \$220,000 (subject to increase at the discretion of the Compensation Committee) and eligibility for an annual incentive bonus

(target bonus equal to 50% of his annual base salary up to a maximum bonus equal to 100% of his annual base salary), based on the achievement of certain performance objectives to be set by the Company's Compensation Committee. Additionally, Mr. Noel received a signing bonus in the aggregate amount of \$60,000 which was subject to his continued employment through December 31, 2009. Mr. Noel also is eligible to receive stock options, restricted stock, stock appreciation rights and/or other equity awards under the Company's applicable equity plans on such basis as the Compensation Committee or the Board of Directors of the Company or their designees, as the case may be, may determine. On the effective date of his employment agreement, Mr. Noel received an initial equity award of 10,000 shares of restricted stock and 10,000 options to purchase common stock, one-third of which vested on the first anniversary of the date of the grant, with the remainder vesting in equal portions on each of the second and third anniversaries of the date of grant, subject to his continued employment through such date(s). In addition, Mr. Noel's executive employment agreement contains standard non-competition and non-solicitation provisions. See **Potential Payments Upon Termination or Change of Control** below for more information regarding severance payments payable to Mr. Noel in the event of the termination of his employment.

On August 3, 2010, the Company entered into a separation agreement with Mr. Robinson in connection with the termination of Mr. Robinson's employment with the Company effective June 16, 2010. Pursuant to the separation agreement, the employment agreement between the Company and Mr. Robinson was terminated. The separation agreement provides for the Company to make severance payments to Mr. Robinson based on his most recent annual salary for the period of sixty-eight (68) weeks from June 16, 2010. Mr. Robinson was also entitled to receive the bonus, if any, that he would have received for calendar year 2010 under the Bonus Plan, pro-rated based on the number of days he was employed in 2010 (through June 16, 2010). However, as disclosed above, no bonuses are being paid under the Bonus Plan. The Company permitted Mr. Robinson to continue medical and dental insurance coverage for himself, his spouse, and his eligible dependents for sixty-eight (68) weeks from June 16, 2010 on the same basis and at the same cost as if he remained employed. Mr. Robinson was also entitled to vesting in full of his outstanding unvested options, restricted stock and other equity based awards that would have vested based solely on his continued employment. Additionally, all of Mr. Robinson's outstanding stock options will remain outstanding until the earlier of (a) June 16, 2011 or (b) the original expiration date of the options. In addition, the Company made a lump sum payment of \$25,000 to Mr. Robinson. The sixty-eight (68) weeks' salary, pro-rated bonus, insurance continuation and equity vesting provided for in the separation agreement were all in accordance with the terms of Mr. Robinson's employment agreement with the Company. As a condition to the receipt of his severance benefits, Mr. Robinson entered into a customary release agreement with the Company. In addition to the severance and other benefits to which Mr. Robinson is entitled under the terms of his separation agreement, in accordance with the terms of the MIP, Mr. Robinson received the payout of his remaining MIP performance units in December 2010.

401(k) Plan

We currently sponsor a 401(k) plan for all of our eligible employees. This plan (the 401(k) Plan) is a tax-qualified retirement plan designed to meet the requirements of Sections 401(a) and 401(k) of the Code. Under the 401(k) Plan, participants may elect to make pre-tax savings deferrals of from 1 percent to 60 percent of their compensation each year, subject to annual limits on such deferrals (e.g., \$16,500 in 2010) imposed by the Code. Participants who attain age 50 also may elect to make certain catch-up contributions, subject to a separate annual limit on such contributions (e.g. \$5,500 in 2010) imposed by the Code. New participants automatically defer 3% of their compensation unless they make a contrary election. We may also in our discretion, on an annual basis, make a matching contribution with respect to a participant's elective deferrals and/or may make additional Company contributions. As of the date of this proxy statement, we have not made a final decision regarding a matching contribution to the

Table of Contents

401(k) plan for participant (including named executive officer) contributions to the plan in 2010. The only form of benefit payment under the 401(k) Plan is a single lump-sum payment equal to the vested balance in the participant's account. Under the 401(k) Plan, the vested portion of a participant's accrued benefit is payable upon such employee's termination of employment, attainment of age 59 1/2, retirement, total and permanent disability or death. Participants may also make in-service withdrawals from certain contributions under the plan for certain specified instances of hardship.

Perquisites

We provide our named executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with our overall compensation program. We believe the perquisites and other personal benefits provided to our named executive officers are modest compared to other public companies of similar size. The most significant perquisites provided to our named executive officers are allowances for, or reimbursements of, expenses incurred in connection with relocation. These expenses are generally incurred in connection with the initial hiring of our named executive officers and are frequently a condition to such named executive officers' acceptance of the Company's offer of employment. Executive officers who accept an assignment outside of their home country may receive certain additional perquisites, including housing assistance, relocation expenses, tax preparation expenses and tax equalization payments. None of our current executive officers are assigned to work outside of their home country.

Income Deduction Limitations

Section 162(m) of the Code generally sets a limit of \$1 million on the amount of compensation that the Company may deduct for federal income tax purposes in any given year with respect to the compensation of each of our named executive officers. However, certain performance-based compensation that complies with the requirements of Section 162(m) is not included in the calculation of the \$1 million cap. The Compensation Committee may consider Section 162(m)'s conditions for deductibility when structuring compensation arrangements for its officers, including the named executive officers. However, we believe that the Compensation Committee needs flexibility to pursue its incentive and retention objectives, even if this means that a portion of executive compensation may not be deductible by the Company. Accordingly, the Compensation Committee has previously approved elements of compensation for certain officers that are not fully deductible, and will likely do so in the future under appropriate circumstances.

Compensation Risk Assessment

As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program, and the incentives created by the compensation awards that it administers, on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may increase the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. The Compensation Committee believes that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall

business strategy and that the various components of the Company's overall compensation program, taken as a whole, do not encourage excessive risk taking. This conclusion is based on, among other factors, the level of base salaries paid by the Company, the balance of short-term and long-term incentive compensation and mix of time and performance-based vesting and payment criteria, and the establishment of goals and thresholds in compensation plans and awards that are believed to be aggressive, but achievable. The Compensation Committee believes that the risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Table of Contents**Employment Agreements**

The Company has entered into employment agreements with all of its current named executive officers, the terms of which are described under Compensation Discussion and Analysis- Employment and Severance Agreements.

Potential Payments Upon Termination or Change of Control

Under the terms of the employment agreements and other arrangements with its named executive officers, the Company has agreed to make severance payments to the named executive officers upon the termination of their employment. The following table shows the estimated payments and benefits for each named executive officer under the various employment termination scenarios set forth in their respective employment agreements assuming a triggering event took place on December 31, 2010. Additionally, the arrangements with Mr. Robinson in connection with his separation from the Company are described following the table immediately below. In accordance with SEC regulations, we do not report any amount to be provided to a named executive officer under any arrangement which does not discriminate in scope, terms, or operation in favor of our executive officers and which is available generally to all salaried employees. Notwithstanding the amounts described below, other than accrued obligations, an executive's right to receive any payments or benefits upon termination of his employment is contingent upon the executive's executing a separation and release agreement in a form acceptable to the Company.
