PROSPECTUS SUMMARY

This summary contains basic information about us and the resale of securities being offered by the selling security holders. It does not contain all of the information you should consider before investing. You should read this entire prospectus carefully, including the section entitled Risk Factors and our consolidated and combined financial statements and the notes thereto incorporated by reference in this prospectus, before making an investment decision. Unless the context otherwise requires, references to the Company, HHC, we, us and our refer to The Howard Hughes Corporation and its subsidiaries and joint venture interests after giving effect to the spin-off.

Overview

We are a real estate company created to specialize in the development of master planned communities, the redevelopment or repositioning of real estate assets currently generating revenues, also called operating assets, and other strategic real estate opportunities in the form of entitled and unentitled land and other development rights, also called strategic developments. Our assets are located across the United States, and our goal is to create sustainable, long-term growth and value for our stockholders.

We currently operate our business in three segments: Master Planned Communities, Operating Assets and Strategic Developments. Unlike most real estate companies which are limited in their activities because they have elected to be taxed as a real estate investment trust, we have no such restrictions on our operating activities or types of services that we can offer.

We completed our spin-off from GGP, Inc., formerly known as General Growth Properties, Inc. (GGP), on November 9, 2010 in connection with GGP s emergence from bankruptcy. The Howard Hughes Corporation was incorporated in Delaware in 2010 to receive certain assets and liabilities of GGP and its subsidiaries (collectively, our predecessors). In connection with the spin-off, we issued 32.5 million shares of our common stock. In addition, we issued 5.25 million shares of our common stock and warrants to purchase an additional 8.0 million shares of our common stock for an aggregate price of \$250 million. GGP no longer holds any interest in our company.

We believe that our company name, which is identified with quality, excellence and success, can be more broadly utilized to increase value.

We were incorporated in Delaware on July 1, 2010. Our principal executive offices are located at One Galleria Tower, 13355 Noel Road, Suite 950, Dallas, Texas 75240. Our main telephone number is (214) 741-7744. Our website is <http://www.howardhughes.com/>. The contents of our website are not a part of this prospectus.

Warrant Agreements

On November 22, 2010, we entered into warrant agreements with David R. Weinreb, our Chief Executive Officer, and Grant Herlitz, our President, pursuant to which: (a) Mr. Weinreb purchased a warrant to acquire 2,367,985 shares of Company common stock for a purchase price of \$15.0 million in cash; and (b) Mr. Herlitz purchased a warrant to acquire 315,731 shares of Company common stock for a purchase price of \$2.0 million in cash, both of which purchase prices were determined to be at the warrants then current fair value. The warrants have an exercise price of \$42.23 per share and will generally become exercisable in November 2016, except in the event of a change in control, termination of the executive without cause, or the separation of the executive from us for good reason, and will expire in November 2017. The shares underlying these warrants are being registered on the registration statement of which this prospectus is a part.

On February 25, 2011, the Company entered into a warrant agreement with Andrew C. Richardson, our Chief Financial Officer, pursuant to which Mr. Richardson purchased a warrant to acquire 178,971 shares of company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value. The warrant has an exercise price of \$54.40 per share and will generally become exercisable in February 2017, except in the event of a change in control, termination of Mr. Richardson s employment with us without cause, or the separation of Mr. Richardson from us for good reason. Mr. Richardson s warrant will expire in February 2018. The shares underlying this warrant are being registered on the registration statement of which this prospectus is a part.

Shareholders Agreements

In order to fund a portion of our spin-off, GGP entered into investment agreements with the Plan Sponsors (as defined below). Pursuant to the terms of those agreements, the Company entered into agreements (the **Shareholders Agreements**) with each of: (i) Brookfield Retail Holdings LLC, an affiliate of Brookfield Asset Management, Inc. (and its designees, as applicable, the **Brookfield Investor**); (ii) The Fairholme Fund and Fairholme Focused Income Fund (collectively, **Fairholme**); and (iii) Pershing Square Capital Management, L.P. on behalf of Pershing Square, L.P., Pershing Square II, L.P., Pershing Square International, Ltd. and Pershing Square International V, Ltd. (collectively, together with their permitted assigns, including PSRH, Inc., **Pershing Square** and, together with Brookfield Investor and Fairholme, the **Plan Sponsors**). The Plan Sponsors entered into agreements with Blackstone Real Estate Partners VI, L.P. (**Blackstone** and together with its permitted assigns, the **Blackstone Investors**) whereby Blackstone subscribed for approximately 7.6% of the shares of reorganized GGP and our common stock issued to each of the Plan Sponsors under the Shareholders Agreements on November 9, 2010 and, in connection therewith, received an allocation of each of the Plan Sponsor's warrants described below to acquire our common stock (collectively, the **Blackstone Designation**). On November 9, 2010, the Plan Sponsors and the Blackstone Investors purchased \$6.3 billion of common stock of reorganized GGP and \$250 million of our common stock at \$47.619048 per share.

Upon consummation of the spin-off and after giving effect to the Blackstone Designation, we issued to Brookfield Investor, Pershing Square, Fairholme and the Blackstone Investors 2,424,618, 1,212,309, 1,212,309 and 400,764 shares of our common stock, respectively, pursuant to the Shareholders Agreements and the Blackstone Designation. Of the Plan Sponsors and the Blackstone Investors, only Pershing Square received shares of our common stock pursuant to the spin-off in the amount of 2,355,708 shares, as a result of its ownership of shares of common stock of GGP prior to November 9, 2010.

Upon consummation of our predecessors' plan of reorganization, we issued to Brookfield Investor warrants to purchase approximately 3.83 million shares of our common stock, to each of Fairholme and Pershing Square warrants to purchase approximately 1.92 million shares of our common stock and to the Blackstone Investors warrants to purchase approximately 0.33 million shares of our common stock, in each case, with an initial exercise price of \$50.00 per share. The per share exercise price has been adjusted from the originally contemplated exercise price to reflect a

reduction in the number of shares that will be issued for the

same aggregate consideration upon exercise of the warrants. See Related Party Transactions and Certain Relationships Transactions Prior to the Spin-Off contained in our 2011 Definitive Proxy Statement on Schedule 14A and incorporated by reference herein.

As of September 1, 2011, Brookfield Investor, Fairholme, Pershing Square and the Blackstone Investors beneficially owned 6.4%, 3.2%, 9.4%, and 1.1%, respectively, of our common stock (excluding shares issuable upon exercise of the warrants) or 13.6%, 6.8%, 11.9% and 1.6%, respectively, of our common stock (assuming exercise of all outstanding warrants, including shares issuable upon the exercise of warrants held by Fairholme, which are only exercisable upon 90 days notice).

Each of the Plan Sponsors has participation rights in future public and private equity issuances by us, to allow them to maintain their respective percentage ownership on a fully diluted basis. These participation rights terminate when the applicable Plan Sponsor's beneficial ownership (together with its affiliates' beneficial ownership) is less than 5% on a fully diluted basis.

The following disclosure provides information required by SEC rules to be included in this prospectus but not required to be included in our Annual Report on Form 10-K.

Average Effective Annual Rental Rate per Square Foot

The calculation includes the terms of each lease in effect at the time of the calculation, including any tenant concessions such as rent abatements, allowances or other concessions, that may have been granted. Calculations exclude rent, charges and square footage for temporary tenants (leases less than one year) and tenants that pay percent in lieu of rent and also exclude anchor stores.

Company Policies

The following is a discussion of our investment policies, financing policies, conflict of interest policies and policies with respect to certain other activities. One or more of these policies may be amended or rescinded from time to time without a stockholder vote.

Investment Policies

We are a real estate company created to specialize in the development of master planned communities, the redevelopment or repositioning of operating assets and other strategic real estate development opportunities. Our assets are located across the United States and our goal is to create sustainable, long-term growth and value for our stockholders. We do not currently have an investment policy, however, our board of directors may adopt one in the future. We may invest in other real estate, real estate mortgages and the securities of persons primarily engaged in real estate activities, but do not currently, nor do we currently intend to, engage in these activities and we do not have a policy as to these investments, except insofar as that we will seek to maximize what we believe is the significant long-term value potential of our assets and create a leading real estate development company, while providing our stockholders with appropriate long-term returns commensurate with development risk. Given the makeup of our assets, particularly the undeveloped land in our Master Planned Communities segment, we have elected not to be treated as a REIT for U.S. federal income tax purposes; however, one of our subsidiaries, Victoria Ward, Limited, is and will continue to elect to be treated as a REIT. We are not subject to REIT limitations. Given the capital and operational differences between our three business segments, we intend to follow specific strategies in each business segment to maximize the value of our assets.

Financing Policies

We do not have a formal financing policy; however, in order to pursue development and redevelopment opportunities in our Operating Assets segment and our Strategic Developments segment, we will require significant additional capital. We intend to raise this additional capital with a mix of construction, bridge and long-term financings, as well as joint venture equity. We cannot assure you that any financings or joint venture arrangements will be available on terms acceptable to us or at all. See Risk Factors Risks Related to Our Business We may face potential difficulties in obtaining operating and development capital and Our business model includes entering into joint venture arrangements with strategic partners. This model may not be successful and our business could be adversely affected if we are not able to successfully attract desirable strategic partners or complete agreements with strategic partners, in our Annual Report on Form 10-K incorporated herein by reference.

If our board of directors determines to raise additional equity capital, it may, without stockholder approval, issue additional shares of common stock or other capital stock. Our board of directors may issue a number of shares up to the amount of our authorized capital in any manner and on such terms and for such consideration as it deems appropriate. Such securities may be senior to the outstanding classes of common stock. Such securities also may include classes of preferred stock, which may be convertible into common stock. Existing stockholders have no preemptive right to purchase shares in any subsequent offering of our securities. Under the Shareholders Agreements, the Plan Sponsors have participation rights to purchase HHC common stock as necessary to allow them to maintain its proportional ownership interest in HHC on a fully diluted basis. Any such offering could dilute a stockholder's investment in us and may make it more difficult to raise equity capital.

We do not currently have a policy limiting the number or amount of mortgages that may be placed on any particular property. Mortgage financing instruments, however, usually limit additional indebtedness on such properties.

Conflict of Interest Policies

We have Codes of Business Conduct and Ethics which apply to all of our employees, officers and directors, including our Chief Executive Officer. Our Codes of Business Conduct and Ethics require disclosure of, and in certain circumstances prohibit, conflicts of interest, which are broadly defined to include situations where a person's private interest interferes with the interests of the Company. In addition, the codes prohibit direct or indirect personal loans to executive officers and directors to the extent required by law and stock exchange regulation. The codes do not attempt

to cover every issue that may arise, but instead set out basic principles to guide all of our employees, officers and directors.

Table of Contents

The Code of Business Conduct and Ethics applicable to our directors recognizes that our directors have and may in the future have interests in other real estate business activities, including with reorganized GGP, and may have control or influence over these activities and may serve as investment advisors, directors or officers in such businesses. These interests and activities, and any duties to third parties arising from such interests and activities, could divert the attention of such directors from our operations. Additionally, the code recognizes that certain of our directors are engaged in investment and other activities in which they may learn of real estate and other related opportunities in their non-director capacities. The Code of Business Conduct and Ethics applicable to our directors expressly provides, as permitted by Section 122(17) of the Delaware General Corporation Law, (the DGCL) that our non-employee directors will not be obligated to limit their interests or activities in their non-director capacities or to notify us of any opportunities that may arise in connection therewith, even if the opportunities are complementary to or in competition with our businesses. Accordingly, we have, and investors in our common stock should have, no expectation that we will be able to learn of or participate in such opportunities. However, the code provides that if any potential business opportunity is expressly presented to a director exclusively in his or her director capacity, the director is not permitted to pursue the opportunity, directly or indirectly through a controlled affiliate in which the director has an ownership interest, without the approval of the independent members of our board of directors. See Risk Factors Some of our directors are involved in other businesses including real estate activities and public and/or private investments and, therefore, may have competing or conflicting interests with us in our Annual Report on Form 10-K incorporated herein by reference.

Policies With Respect To Certain Other Activities

We have authority to offer shares of our capital stock or other securities in exchange for property. We also have authority to repurchase or otherwise reacquire our shares or any other securities.

We intend to borrow money as part of our business, and we also may issue senior securities, purchase and sell investments, offer securities in exchange for property and repurchase or reacquire shares or other securities in the future. To the extent we engage in these activities, we will comply with applicable law.

We will make reports to our security holders in accordance with the NYSE rules and containing such information, including financial statements certified by our independent registered accounting firm, as required by the NYSE.

We do not have policies in place with respect to making loans to other persons (other than our conflict of interest policies described above), investing in the securities of other issuers for the purpose of exercising control and underwriting the securities of other issuers, and we do not currently, and do not intend to, engage in these activities.

Insurance

We have comprehensive liability, fire, flood, extended coverage and rental loss insurance with respect to our portfolio of retail properties. Our management believes that such insurance provides adequate coverage.

SELLING STOCKHOLDERS

When we refer to selling stockholders in the Plan of Distribution section of this prospectus, we mean the persons listed in the table below, and the pledgees, donees, permitted transferees, assignees, successors and others who later come to hold any of the selling stockholders interests in shares of our common stock other than through a public sale. Except as noted in this prospectus, none of the selling stockholders have, or within the past three years have had, any material relationship with us or any of our predecessors or affiliates and the selling stockholders are not or were not affiliated with registered broker-dealers.

Based on the information provided to us by the selling stockholders and as of the date the same was provided to us, assuming that the selling stockholders sell all of the shares of our common stock owned or beneficially owned by them that have been registered by us and do not acquire any additional shares during the offering, the selling stockholders will not own any shares other than those appearing in the column entitled Shares of Common Stock Beneficially Owned After the Offering Number of Shares. We cannot advise you as to whether the selling stockholders will in fact sell any or all of such shares of common stock. In addition, the selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the shares of our common stock in transactions exempt from the registration requirements of the Securities Act after the date as of which the information is set forth on the table below.

On November 22, 2010, we entered into warrant agreements with David R. Weinreb, our Chief Executive Officer, and Grant Herlitz, our President, pursuant to which: (a) Mr. Weinreb purchased a warrant to acquire 2,367,985 shares of Company common stock for a purchase price of \$15.0 million in cash; and (b) Mr. Herlitz purchased a warrant to acquire 315,731 shares of Company common stock for a purchase price of \$2.0 million in cash, both of which purchase prices were determined to be at the warrants then current fair value. On February 25, 2011, the Company also entered into a warrant agreement with Andrew C. Richardson, our Chief Financial Officer, pursuant to which Mr. Richardson purchased a warrant to acquire 178,971 shares of company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value. The warrants will generally become exercisable in November 2016, except in the event of a change in control, termination of the executive without cause, or the separation of the executive from us for good reason, and will expire by February 2018. For more information see Related Party Transactions and Certain Relationships in our 2011 Definitive Proxy Statement on Schedule 14A, which we filed with the SEC on May 2, 2011.

Beneficial ownership of shares is determined under SEC rules and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of common stock subject to warrants or options currently exercisable or exercisable within 60 days of the date of this prospectus are deemed to be outstanding and beneficially owned by the person and any group of which that person is a member, but are not deemed outstanding for the purpose of computing the percentage of beneficial ownership for any other person.

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the material terms of our capital stock that are contained in our amended and restated certificate of incorporation and bylaws, and is qualified in its entirety by reference to these documents. You should refer to our amended and restated certificate of incorporation and bylaws, which are included as exhibits to the registration statement of which this prospectus is a part, along with the applicable provisions of Delaware law.

General

We were incorporated as a Delaware corporation on July 1, 2010. Our authorized capital stock consists of 150 million shares of common stock, \$0.01 par value per share, and 50 million shares of preferred stock, \$0.01 par value per share. Our board of directors may establish the rights and preferences of the preferred stock from time to time. As of September 1, 2011, 37,942,107 shares of our common stock were issued and outstanding and no shares of preferred stock were issued and outstanding.

Common Stock

Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders, and there are no cumulative voting rights. Subject to any preferential rights of any outstanding preferred stock, holders of our common stock will be entitled to receive ratably the dividends, if any, as may be declared from time to time by our board of directors out of funds legally available for that purpose. If there is a liquidation, dissolution or winding up of our company, holders of our common stock would be entitled to ratable distribution of our assets remaining after the payment in full of liabilities and any preferential rights of any outstanding preferred stock.

Under the Shareholders Agreements, for so long as a Plan Sponsor and its affiliates beneficially own at least 5% of our common stock on a fully diluted basis, such Plan Sponsor will be provided with preemptive rights to purchase our common stock as necessary to allow them to maintain their proportional ownership interest in us on a fully diluted basis, even though other holders of outstanding shares of our common stock will not have such preemptive rights. Any such offering could have a dilutive effect on the holders of outstanding shares of our common stock. Other than the contractual preemptive rights of the Plan Sponsors, there are no preemptive or conversion rights or other subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and non-assessable. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Preferred Stock

Our amended and restated certificate of incorporation provides that our board of directors is authorized to provide for the issuance of shares of preferred stock in one or more series and, by filing a certificate of designations pursuant to the applicable law of the State of Delaware (hereinafter referred to as a Preferred Stock Designation), to establish from time to time for each such series the number of shares to be included in each such series and to fix the designations, powers, rights and preferences of the shares of each such series, and the qualifications, limitations and restrictions thereof. The authority of the board of directors with respect to each series of Preferred Stock includes, but is not limited to, determination of the following:

the designation of the series, which may be by distinguishing number, letter or title;

the number of shares of the series, which number the board of directors may thereafter (except where otherwise provided in the Preferred Stock Designation) increase or decrease (but not below the number of shares thereof then outstanding);

whether dividends, if any, shall be paid, and, if paid, the date or dates upon which, or other times at which, such dividends shall be payable, whether such dividends shall be cumulative or noncumulative, the rate of such dividends (which may be variable) and the relative preference in payment of dividends of such series;

the redemption provisions and price or prices, if any, for shares of the series;

the terms and amounts of any sinking fund or similar fund provided for the purchase or redemption of shares of the series;

Table of Contents

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of our corporation;

whether the shares of the series shall be convertible into shares of any other class or series, or any other security, of our corporation or any other corporation, and, if so, the specification of such other class or series of such other security, the conversion price or prices, or rate or rates, any adjustments thereto, the date or dates on which such shares shall be convertible and all other terms and conditions upon which such conversion may be made;

restrictions on the issuance of shares of the same series or of any other class or series; and

the voting rights, if any, of the holders of shares of the series.

Warrants

Pursuant to the Shareholders Agreements and the Blackstone Designation on November 9, 2010, we issued: to Brookfield Investor warrants to purchase up to approximately 3.83 million shares of our common stock with an initial exercise price of \$50.00 per share;

to Fairholme warrants to purchase up to approximately 1.92 million shares of our common stock with an initial exercise price of \$50.00 per share;

to Pershing Square warrants to purchase up to approximately 1.92 million shares of our common stock with an initial exercise price of \$50.00 per share; and

to the Blackstone Investors warrants to purchase up to 0.33 million shares of our common stock with an initial exercise price of \$50.00 per share.

The initial exercise price was determined through negotiations between GGP and the Plan Sponsors. The warrants issued to each of Brookfield Investor, Pershing Square and the Blackstone Investors are immediately exercisable; the warrants issued to Fairholme are exercisable upon 90 days prior notice for the first 6.5 years after issuance and exercisable without notice any time thereafter. Each warrant has a term of seven years from the closing date of the investments. The Pershing Square and Fairholme Warrants are net share settled, meaning that the exercise price for the warrants will not be paid in cash and will instead be netted against the shares received upon exercise of the warrants, resulting in fewer shares being issued. We will not issue any fractional shares of common stock and warrant holders do not have any voting or other rights as a stockholder of our company.

If we (i) pay a dividend in cash or other property or make a distribution on our common stock in shares of common stock, (ii) subdivide our outstanding shares of common stock into a greater number of shares or (iii) combine or reverse-split our outstanding shares of common stock into a smaller number of shares, then the per share warrant price and the number of warrant shares will be proportionately decreased and increased, respectively, in the case of a subdivision, distribution or stock dividend, or proportionately increased and decreased, respectively, in the case of a combination or reverse stock split. The warrants are also subject to adjustment upon certain rights offerings, certain tender and exchange offerings, and certain recapitalizations, reorganizations, reclassifications, mergers and sales of all or substantially all of our assets. The aggregate warrant price payable for the then total number of warrant shares available for exercise under the warrant will remain the same. In certain circumstances, upon the occurrence of a change of control, other than a public stock merger or mixed consideration merger, each as defined in the warrant agreement, holders of the warrants will have the right to require us to redeem the warrants at the fair value of such warrants in cash as of the date of the change of control event as determined by an independent financial expert employing a valuation methodology provided for in the terms of the warrants. Upon the occurrence of a public stock merger or a mixed consideration merger, we may elect to redeem the warrants at fair value or, to the extent of stock consideration, have the warrants continue as warrants on the stock of the acquiring parent company as provided in the warrant agreement.

On November 22, 2010, we entered into warrant agreements with David R. Weinreb, our Chief Executive Officer, and Grant Herlitz, our President, pursuant to which: (a) Mr. Weinreb purchased a warrant to acquire 2,367,985 shares of Company common stock for a purchase price of \$15.0 million in cash; and (b) Mr. Herlitz purchased a warrant to acquire 315,731 shares of Company common stock for a purchase price of \$2.0 million in cash, both of which purchase prices were determined to be at the warrants then

current fair value. The warrants have an exercise price of \$42.23 per share and will, excluding certain specific circumstances, become exercisable in November 2016, except in the event of a change in control, termination of the executive without cause, or the separation of the executive from us for good reason, and will expire in November 2017.

On February 25, 2011, the Company also entered into a warrant agreement with Andrew C. Richardson, our Chief Financial Officer, pursuant to which Mr. Richardson purchased a warrant to acquire 178,971 shares of company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value. The warrant has an exercise price of \$54.40 per share and will generally become exercisable in February 2017, except in the event of a change in control, termination of Mr. Richardson's employment with us without cause, or the separation of Mr. Richardson from us for good reason. Mr. Richardson's warrant will expire in February 2018.

No market exists for the warrants. On September 1, 2011, warrants to purchase 10,862,687 shares of our common stock were outstanding.

Section 382 Restrictions

Our certificate of incorporation imposes certain restrictions on the direct or indirect transferability of our securities to assist in the preservation of our valuable tax attributes (generally consisting of (1) approximately \$400 million of suspended federal income tax deductions and (2) a relatively high federal income tax basis in our assets), including, subject to certain exceptions, that until the earlier of such time as our board of directors determines that it is no longer in our best interests to continue to impose such restrictions or the date that is three years after November 9, 2010, or upon the written consent from a majority of the members of the board of directors authorizing a person or entity to acquire or accumulate the Threshold Percentage or more of our securities: (i) no person or entity may acquire or accumulate the Threshold Percentage or more (as determined under tax law principles governing the application of section 382 of the Code) of our securities; and (ii) no person owning directly or indirectly (as determined under such tax law principles) on November 9, 2010, after giving effect to the Plan, the Threshold Percentage or more of our securities may acquire additional securities of ours. Notwithstanding the contemplated restrictions in our certificate of incorporation, no assurance can be given regarding our ability to preserve our tax attributes. Threshold Percentage means, in the case of (i) HHC common stock, 4.99% of the number of outstanding shares of HHC common stock and (ii) any other class of equity of HHC, 4.99% of each such class.

Anti-Takeover Effects of Various Provisions of Delaware Law and our Certificate of Incorporation and Bylaws

Provisions of the DGCL and our amended and restated certificate of incorporation and bylaws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in improved terms for our stockholders.

Delaware Anti-Takeover Statute. We are subject to Section 203 of the DGCL, an anti-takeover statute. In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the time the person became an interested stockholder, unless the business combination or the acquisition of shares that resulted in a stockholder becoming an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an interested stockholder is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status did own) 15% or more of a corporation's outstanding voting stock. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Size of Board and Vacancies. Our bylaws provide that the number of directors on our board of directors will be fixed exclusively by our board of directors. Subject to the rights of the holders of any series of preferred stock then

outstanding, newly created directorships resulting from any increase in our authorized number of directors will be filled by a majority of our board of directors then in office, provided that a majority of the entire board of directors, or a quorum, unless the board of directors otherwise determines that such directorships should be filled by the affirmative vote of the stockholders of record of at least a majority of the voting stock, is present and any vacancies in our board of directors resulting from death, resignation, retirement, disqualification, removal from office

Table of Contents

or other cause will be filled generally, subject to the rights of certain parties, by the majority vote of our remaining directors in office, even if less than a quorum is present.

Special Stockholder Meetings. Under our amended and restated certificate of incorporation and bylaws, our board of directors may call special meetings of our stockholders as well as the Secretary upon written request by stockholders who together hold 15% or more of the voting power of the issued and outstanding shares of the capital stock of our corporation entitled to vote generally on the election of directors.

Prohibition of Stockholder Action by Written Consent. Our amended and restated certificate of incorporation and bylaws expressly prohibits our stockholders from acting by written consent. Stockholder action must take place at the annual or a special meeting of our stockholders.

Requirements for Advance Notification of Stockholder Nominations and Proposals. Our amended and restated bylaws establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of our board of directors or a committee of our board of directors.

No Cumulative Voting. The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not provide for cumulative voting.

Indemnification of Officers and Directors

Our amended and restated certificate of incorporation includes provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer of the Company, or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be. Our amended and restated certificate of incorporation provides that it must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL. We entered into indemnification agreements with each of our directors and certain officers. These agreements, among other things, require us to indemnify each director and certain officers to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts reasonably incurred by the director or officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a director or executive officer. We are also expressly authorized to carry directors' and officers' insurance to protect us, our directors, officers and certain employees for some liabilities. The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, this provision does not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. The provisions will not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. There is currently no pending litigation or proceeding against any of our directors, officers or employees for which indemnification is being sought.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

Authorized but Unissued Shares.

Our authorized but unissued shares of common stock and preferred stock is available for future issuance without your approval. We may use additional shares for a variety of purposes, including future public offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

The transfer agent and registrar for the common stock is BNY Mellon, New York, New York.

PLAN OF DISTRIBUTION

We are registering shares of HHC common stock issuable to the selling stockholders to permit the resale of these shares of HHC common stock by the holders thereof from time to time after the date of this prospectus. We are registering shares of our common stock issuable upon exercise of the warrants issuable to Mr. Weinreb and Mr. Herlitz pursuant to their respective warrant agreements dated November 22, 2010 and to Mr. Richardson pursuant to his warrant agreement dated February 25, 2011 (all together, the Warrant Agreements). Although the warrants generally become exercisable in November 2016 (warrants issued to Messrs. Weinreb and Herlitz) and February 2017 (warrant issued to Mr. Richardson), except in the event of a change in control, termination of the executive without cause, or the separation of the executive from us for good reason, and will expire in November 2017 (warrants issued to Messrs. Weinreb and Herlitz) and February 2018 (warrant issued to Mr. Richardson), we do not know exactly when or in what amount the selling stockholders may offer the shares for sale. We expect that the offering price for our common stock will be based on the prevailing market price of our common stock at the time of sale.

Pursuant to the Warrant Agreements: (i) Mr. Weinreb purchased a warrant to acquire 2,367,985 shares of Company common stock for a purchase price of \$15.0 million in cash, which purchase price was determined to be at current fair value; (ii) Mr. Herlitz purchased a warrant to acquire 315,731 shares of Company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value; and (iii) Mr. Richardson purchased a warrant to acquire 178,971 shares of company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value.

We agreed to register such shares of our common stock pursuant to the warrant agreements with Mr. Weinreb, Mr. Grant and Mr. Richardson. We will pay all expenses of the registration of the shares of our common stock, including, without limitation, SEC filing fees and expenses of compliance with state securities or blue sky laws; provided, however, that each selling stockholder will pay all underwriting discounts and selling commissions.

We will not receive any proceeds from sales of any shares of our common stock by the selling stockholders.

The selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest selling shares received from a named selling stockholder as a gift, partnership distribution or other non-sale-related transfer after the date of this prospectus (all of whom may be selling stockholders)) may sell all or a portion of the shares of HHC common stock beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents, and any broker-dealers or agents may arrange for other broker-dealers or agents to participate in effecting sales of these securities. These underwriters or broker-dealers may act as principals, or as an agent of a selling stockholder. If the shares of HHC common stock are sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions. The shares of HHC common stock may be sold on any national securities exchange or automated interdealer quotation system on which the securities may be listed or quoted at the time of sale, in the over-the-counter market or in transactions otherwise than on these exchanges or systems or in the over-the-counter market and in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in a variety of transactions, which may involve crosses or block transactions. The selling stockholders may use any one or more of the following methods when selling shares:

- purchases by underwriters, brokers, dealers, and agents who may receive compensation in the form of underwriting discounts, concessions or commissions from the selling stockholders and/or the purchasers of the shares for whom they may act as agent;

- ordinary brokerage transactions and transactions in which the broker solicits purchasers;

- one or more block trades in which a broker or dealer so engaged will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction, or in crosses in which the same broker acts as agent on both sides;

purchases by a broker or dealer (including a specialist or market maker) as principal and resale by such broker or dealer for its account pursuant to this prospectus;

an exchange distribution in accordance with the rules of any stock exchange on which the shares of HHC common stock are listed;

Table of Contents

face-to-face privately negotiated transactions between sellers and purchasers without a broker-dealer;

an agreement between broker-dealers and the selling stockholders to sell a specified number of such shares at a stipulated price per share;

the pledge of shares as security for any loan or obligation, including pledges to brokers or dealers who may from time to time effect distributions of the shares or other interests in the shares;

settlement of short sales or transactions to cover short sales relating to the shares entered into after the effective date of the registration statement of which this prospectus is a part;

distributions to creditors, equity holders, partners and members of the selling stockholders;

transactions in options, swaps or other derivatives (whether listed on an exchange or otherwise);

sales in other ways not involving market makers or established trading markets, including direct sales to institutions or individual purchasers; and

any combination of the foregoing or by any other legally available means.

The selling stockholders may also transfer the shares of our common stock by gift. We do not know of any arrangements by the selling stockholders for the sale of any of the shares of our common stock.

The selling stockholders also may resell all or a portion of the shares of our common stock in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

Brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate in sales. If the selling stockholders effect such transactions by selling shares of our common stock to or through underwriters, brokers, dealers or agents, such underwriters, brokers, dealers or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders. Underwriters, brokers, dealers or agents may also receive compensation from the purchasers of shares of our common stock for whom they act as agents or to whom they sell as principals, or both. Such commissions will be in amounts to be negotiated, but, except as set forth in a supplement to the prospectus contained in the registration statement, in the case of an agency transaction will not be in excess of a customary brokerage commission in compliance with NASD Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with NASD IM 2440-1 and NASD IM 2440-2.

In connection with sales of the shares of our common stock, the selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of shares of our common stock in the course of hedging in positions they assume. The selling stockholders may also sell these securities short, and if such short sales shall take place after the date that the registration statement is declared effective by the SEC, the selling stockholders may deliver the securities covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge shares of our common stock to broker-dealers that in turn may sell such securities, to the extent permitted by applicable law. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or one or more derivative transactions which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the selling stockholders have been advised that they may not use securities registered on the registration statement to cover short sales of our common stock made prior to the date the registration statement, of which this prospectus forms a part, has been declared effective by the SEC.

Subject to any applicable company policy, the selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) may, from time to time, pledge, hypothecate or grant a security interest in some or all of the securities registered by the registration statement owned by them and, if they default in the performance of their secured obligations, the pledgees, secured parties or persons to whom the securities have been hypothecated may offer and sell such securities from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if

Table of Contents

necessary, the list of selling stockholders to include the pledgee, transferee, persons to whom the securities have been hypothecated or other successors in interest as selling stockholders under this prospectus. The plan of distribution for that selling stockholder's shares of our common stock will otherwise remain unchanged. The selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) also may transfer and donate the shares of our common stock in other circumstances in which case the transferees, donees, pledgees, persons to whom the securities have been hypothecated or other successors in interest thereof will be the selling beneficial owners for purposes of this prospectus.

The selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) and any broker-dealers or agents participating in the distribution of the shares of our common stock may be deemed to be underwriters within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. In such event, any profits realized by the selling stockholders and any compensation earned by such broker-dealers or agents may be deemed to be underwriting commissions or discounts under the Securities Act. Selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) who are underwriters within the meaning of Section 2(a)(11) of the Securities Act will be subject to the applicable prospectus delivery requirements of the Securities Act including Rule 172 thereunder and may be subject to certain statutory liabilities of, including, but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act. We will make copies of this prospectus (as it may be amended or supplemented from time to time) available to the selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) for the purpose of satisfying any prospectus delivery requirements. Except as otherwise set forth herein, each selling stockholder has informed the Company that it is not a registered broker-dealer or is not an affiliate of a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute our common stock. In no event shall any broker dealer receive fees, commissions and markups that, in the aggregate, would exceed eight percent (8%).

Under the securities laws of some states, the shares of our common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of our common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

The selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) may sell the shares covered by this prospectus from time to time, and may also decide not to sell all or any of the shares they are allowed to sell under this prospectus. The selling stockholders (or their pledgees, donees, transferees, distributees or successors in interest) will act independently of us in making decisions regarding the timing, manner, and size of each sale. There can be no assurance, however, that all or any of the shares will be offered by the selling stockholders. We know of no existing arrangements between any selling stockholders and any broker, dealer, finder, underwriter, or agent relating to the sale or distribution of the securities.

Each selling stockholder (or its pledgees, donees, transferees, distributees or successors in interest) and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of our common stock by the selling stockholder and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the shares of our common stock to engage in market-making activities with respect to the shares of our common stock. All of the foregoing may affect the marketability of the shares of our common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of our common stock.

To the extent permitted by applicable law, this plan of distribution may be modified in a prospectus supplement or otherwise. All of the foregoing may affect the marketability of the securities offered hereby. This offering will terminate on the date that all securities offered by this prospectus have been sold by the selling stockholders.

The expenses we expect to incur in connection with the registration and distribution of the securities being offered in this prospectus are estimated to be \$45,629.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax consequences of the purchase, ownership and disposition of our common stock. Except where noted, this summary deals only with common stock held as capital assets. This summary is based upon the provisions of the Code, regulations promulgated thereunder and judicial and administrative rulings and decisions now in effect, all of which are subject to change or differing interpretations, possibly with retroactive effect. This summary does not purport to address all aspects of U.S. federal income taxation that may affect particular investors in light of their individual circumstances, or certain types of investors subject to special treatment under the U.S. federal income tax laws, such as persons that mark to market their securities, persons receiving warrants as compensation for securities, financial institutions (including banks), individual retirement and other tax-deferred accounts, tax-exempt organizations, regulated investment companies, REITs, controlled foreign corporations, passive foreign investment companies, broker-dealers, former U.S. citizens or long-term residents, life insurance companies, persons that hold common stock as part of a hedge against currency or interest rate risks or that hold common stock as part of a straddle, conversion transaction or other integrated investment, or U.S. holders that have a functional currency other than the U.S. dollar. This discussion does not address any tax consequences arising under the laws of any state, local or non-U.S. jurisdiction or any estate, gift or alternative minimum tax consequences.

For purposes of this summary, a U.S. holder is a beneficial owner of common stock that is, for U.S. federal income tax purposes.

an individual citizen or resident of the United States;

a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if (a) a court within the United States is able to exercise primary jurisdiction over administration of the trust and one or more United States persons have authority to control all substantial decisions of the trust or (b) it was in existence on August 20, 1996 and has a valid election in effect under applicable Treasury regulations to be treated as a domestic trust for U.S. federal income tax purposes.

For purposes of this summary, a non-U.S. holder is a beneficial owner of common stock that is not a U.S. holder or a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes). If a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of common stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner that is a partnership and partners in such a partnership should consult their tax advisors about the U.S. federal income tax considerations of the purchase, ownership and disposition of our common stock and warrants.

Taxation of U.S. holders

Sale or other disposition of common stock

You will generally recognize capital gain or loss on a sale or other disposition of common stock. Your gain or loss will equal the difference between the proceeds you received and your adjusted tax basis in the common stock (for the initial basis of common stock acquired by exercise of a warrant, see Exercise of warrants to obtain common stock). The proceeds received will include the amount of any cash and the fair market value of any other property received for the common stock. If you are a non-corporate, U.S. holder and your holding period for the common stock at the time of the sale or other disposition exceeds one year, such capital gain generally will, under current law, be subject to a reduced federal income tax rate. Your ability to offset ordinary income with capital losses is subject to limitations.

Distributions on common stock

Any distributions made on the our common stock will constitute dividends for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined under U.S. federal income tax principles. To the extent that a U.S. holder receives distributions that would otherwise constitute dividends for U.S. federal income tax purposes but that exceed our

Table of Contents

current and accumulated earnings and profits, such distributions will be treated first as a non-taxable return of capital reducing the U.S. holder's basis in its shares. Any such distributions in excess of the U.S. holder's basis in its shares (determined on a share-by-share basis) generally will be treated as capital gain. Subject to certain exceptions, dividends received by non-corporate U.S. holders prior to 2013 will be taxed under current law at a maximum rate of 15%, provided that certain holding period requirements and other requirements are met. Any such dividends received after 2012 will be taxed at the rate applicable to ordinary income. Dividends paid to U.S. holders that are corporations generally will be eligible for the dividends-received deduction so long as we have sufficient earnings and profits.

Certain events, such as adjustments to the exercise price of warrants, could, in some circumstances, result in a deemed taxable distribution to a U.S. holder of our common stock if the adjustment has the effect of increasing the proportionate interest of the U.S. holder in our earnings and profits or assets, without regard to whether the U.S. holder receives any cash or other property. However, adjustments to the exercise price of the warrants made pursuant to a bona fide reasonable adjustment formula that has the effect of preventing the dilution of the interests of U.S. holders generally will not result in a deemed taxable distribution. In the event of a deemed taxable distribution, a U.S. holder's basis in its common stock will be increased by the amount of the taxable distribution. If a deemed taxable distribution occurs, such deemed distribution would be taxable as a dividend, return of capital or capital gain in accordance with the rules discussed herein, and U.S. holders may recognize income as a result even though they receive no cash or property.

Exercise of warrants to obtain common stock

Because the warrants permit settlement through a cashless net share settlement, the U.S. federal income tax consequences of the exercise of a warrant are not entirely clear. It is expected that a U.S. holder exercising a warrant would not recognize gain or loss for U.S. federal income tax purposes because either (i) the warrant should be treated as an option to acquire common stock or (ii) the exercise of the warrant for common stock is treated as a tax free recapitalization. In either case, a U.S. holder's initial tax basis in the common stock received (including any tax basis attributable to a fractional share of common stock), would equal such U.S. holder's adjusted tax basis in the warrant exercised, increased by the amount of cash paid (if any) to exercise the warrant. If the warrant is treated as an option to acquire common stock, a U.S. holder's holding period for the common stock received on exercise generally would commence on the day following the exercise. If exercise of the warrant is treated as a tax free recapitalization, a U.S. holder's holding period generally would include the U.S. holder's holding period for the warrant exercised.

Despite the foregoing, the IRS could take the position that the exercise of a warrant constitutes a taxable exchange resulting in gain or loss, which would be capital gain or loss. The amount of capital gain or loss recognized on such an exchange and its character as short term or long term would depend on the position taken by the IRS regarding the nature of that exchange. If the U.S. holder is treated as exchanging the warrants for shares of our common stock, the amount of capital gain or loss would be the difference between the fair market value of our common stock (and cash received in lieu of a fractional share of common stock), reduced by the amount of cash paid (if any) to exercise the warrants and the U.S. holder's adjusted tax basis in the warrants exchanged. In that case, the U.S. holder would have long term capital gain or loss if it has held the warrants for more than one year and the U.S. holder's initial tax basis in the common stock received would equal its fair market value.

Alternatively specifically if the exercising U.S. holder elects a cashless net share settlement the IRS could take the position that the U.S. holder is treated as selling a portion of the warrants or underlying common stock for cash that is used to pay the exercise price for the warrants, in which case the amount of capital gain or loss would be the difference between that exercise price and the U.S. holder's adjusted tax basis attributable to the warrants or common stock deemed sold. If the U.S. holder is treated as selling warrants, such U.S. holder would have long term capital gain or loss if the U.S. holder held the warrants for more than one year at the time of exercise. If the U.S. holder is treated as selling underlying common stock, such U.S. holder would have short term capital gain or loss. The U.S. holder's initial tax basis in the common stock received would equal such U.S. holder's adjusted tax basis in the warrants deemed exercised, increased by the U.S. holder's deemed amount realized from the warrants or common stock deemed sold.

If you are a non-corporate U.S. holder and your holding period for the warrants at the time of the sale or other disposition exceeds one year, such capital gain generally will, under current law, be subject to a reduced federal

income tax rate. Your ability to offset ordinary income with capital losses is subject to limitations.

A U.S. holder that receives cash in lieu of receipt of a fractional share of common stock should generally be treated as recognizing capital gain or loss in an amount equal to the difference, if any, between the amount of cash received and the adjusted tax basis allocable to the fractional share.

U.S. holders should consult their tax advisors regarding the tax consequences of the exercise of the warrants.

Taxation of non-U.S. holders

Sale or other disposition of our common stock and warrants

You generally will not be subject to U.S. federal income tax on gain realized upon a sale or other disposition of common stock unless the shares constitute a United States Real Property Interest, or **USRPI** (which determination generally includes a five-year look-back period), within the meaning of the Foreign Investment in Real Property Tax Act of 1980, or **FIRPTA**. Shares and warrants to acquire shares of any U.S. corporation are presumed to be a **USRPI** unless an exception from such status under the **FIRPTA** rules applies.

Gain arising from a sale or exchange of a non-U.S. holder's shares of our common stock will generally not be subject to taxation under **FIRPTA** as a sale of a **USRPI** if:

- (a) shares of our common stock are regularly traded, as defined by applicable Treasury Regulations, on an established securities market, such as the NYSE, and
- (b) the non-U.S. holder owns or owned, actually and constructively, 5% or less of the shares of our common stock throughout the five-year period ending on the date of the sale or exchange.

We expect the shares of our common stock to be regularly traded on an established securities market. Thus, at the time a non-U.S. holder sells or exchanges its shares of our common stock, as long as our shares are regularly traded on an established securities market at that time and the non-U.S. holder does not own, or has not owned during the five-year period ending on the date of the sale or exchange, more than 5% of the shares of our common stock, any gain arising from the sale of the holder's shares of our common stock generally will not be subject to taxation under **FIRPTA** as a sale of a **USRPI**.

If gain on the sale or exchange of a non-U.S. holder's shares of our common stock is subject to taxation under **FIRPTA**, the non-U.S. holder will be subject to regular U.S. federal income tax with respect to the gain in the same manner as a U.S. holder (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). In addition, if at the time of the sale or exchange of shares of our common stock, the shares are not regularly traded on an established securities market, then the purchaser of the shares of our common stock will be required to withhold and remit an amount equal to 10% of the purchase price to the IRS.

Notwithstanding the foregoing, gain from the sale or exchange of shares of our common stock not otherwise subject to taxation under **FIRPTA** will be taxable to a non-U.S. holder if either (1) the investment in shares of our common stock is treated as effectively connected with the non-U.S. holder's United States trade or business (and, if a tax treaty applies, is attributable to a U.S. permanent establishment maintained by the non-U.S. holder) or (2) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met.

Distributions

Any distributions made with respect to common stock or a deemed distribution with respect to our common stock will constitute a dividend for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined under U.S. federal income tax principles. You generally will be subject to U.S. federal withholding tax at a 30% rate on the gross amount of such taxable dividend unless:

- the dividend is effectively connected with your conduct of a U.S. trade or business (and you provide to the person who otherwise would be required to withhold U.S. tax an IRS Form W-8ECI (or suitable substitute or successor form) to avoid withholding); or
- an applicable tax treaty provides for a lower rate of withholding tax (and you certify your entitlement to benefits under the treaty by delivering a properly completed IRS Form W-8BEN) to the person required to withhold U.S. tax.

Table of Contents

Except to the extent provided by an applicable tax treaty, a dividend that is effectively connected with the conduct of a U.S. trade or business will be subject to U.S. federal income tax on a net basis at the rates applicable to United States persons generally (and, if you are a corporation, may also be subject to a 30% branch profits tax unless reduced by an applicable tax treaty).

Information reporting and backup withholding

Information returns may be filed with the IRS in connection with distributions on common stock and the proceeds of a sale or other disposition of common stock. A non-exempt U.S. holder may be subject to U.S. backup withholding on these payments if it fails to provide its taxpayer identification number to the withholding agent and comply with certification procedures or otherwise establish an exemption from backup withholding.

A non-U.S. holder may be subject to the U.S. information reporting and backup withholding on these payments unless the non-U.S. holder complies with certification procedures to establish that it is not a United States person. The certification requirements generally will be satisfied if the non-U.S. holder provides the applicable withholding agent with a statement on IRS Form W-8BEN (or suitable substitute or successor form), together with all appropriate attachments, signed under penalties of perjury, stating, among other things, that such non-U.S. holder is not a United States person (within the meaning of the Code). Applicable Treasury regulations provide alternative methods for satisfying this requirement. In addition, the amount of distributions on common stock or warrants paid to a non-U.S. holder, and the amount of any U.S. federal tax withheld there from, must be annually reported to the IRS and the holder. This information may be made available by the IRS under the provisions of an applicable tax treaty or agreement to the tax authorities of the country in which the non-U.S. holder resides.

Payment of the proceeds of the sale or other disposition of common stock to or through a non-U.S. office of a U.S. broker or of a non-U.S. broker with certain specified U.S. connections generally will be subject to information reporting requirements, but not backup withholding, unless the non-U.S. holder certifies under penalties of perjury that it is not a United States person or an exemption otherwise applies. Payments of the proceeds of a sale or other disposition of common stock to or through a U.S. office of a broker generally will be subject to information reporting and backup withholding, unless the non-U.S. holder certifies under penalties of perjury that it is not a United States person or otherwise establishes an exemption.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment generally will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is timely furnished to the IRS.

Recently enacted legislation will require, after December 31, 2012, withholding at a rate of 30% on dividends in respect of, and gross proceeds from the sale of, our common stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to interests in the institution held by certain United States persons and by certain non-U.S. entities that are wholly or partially owned by United States persons. Accordingly, the entity through which our common stock is held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and gross proceeds from the sale of, our common stock held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any substantial United States owners or (ii) provides certain information regarding the entity's substantial United States owners, which we will in turn provide to the Secretary of the Treasury. Non-U.S. holders are encouraged to consult with their tax advisors regarding the possible implications of the legislation on their investment in our common stock.

ITEM 33. RECENT SALES OF UNREGISTERED SECURITIES

On July 1, 2010, we issued 1,000 shares to GGP Limited Partnership, our parent company at the time. The shares were issued in a private placement exempt from registration pursuant to 4(2) of the Securities Act.

On November 22, 2010, we entered into warrant agreements with David R. Weinreb, our Chief Executive Officer, and Grant Herlitz, our President and from January 31, 2011 through March 28, 2011, our Interim Chief Financial Officer, in each case prior to his appointment to such position, pursuant to which: (a) Mr. Weinreb purchased a warrant to acquire 2,367,985 shares of Company common stock for a purchase price of \$15.0 million in cash; and (b) Mr. Herlitz purchased a warrant to acquire 315,731 shares of Company common stock for a purchase price of \$2.0 million in cash, both of which purchase prices were determined to be at the warrants then current fair value. The warrants have an exercise price of \$42.23 per share and will, excluding certain specific circumstances, become exercisable in November 2016 and will expire in November 2017. The warrants were issued in a transaction exempt from registration under Section 4(2) of the Securities Act.

On February 25, 2011, the Company also entered into a warrant agreement with Andrew C. Richardson, our Chief Financial Officer effective as of March 28, 2011, prior to his appointment to such position, pursuant to which Mr. Richardson purchased a warrant to acquire 178,971 shares of company common stock for a purchase price of \$2.0 million in cash, which purchase price was determined to be at current fair value. The warrant has an exercise price of \$54.40 per share and will generally become exercisable in February 2017 and will expire in February 2018. The warrant was issued in a transaction exempt from registration under Section 4(2) of the Securities Act.

ITEM 34. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our amended and restated certificate of incorporation includes provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as our director or officer, or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be. Our amended and restated certificate of incorporation also provides that we must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL. We have entered into indemnification agreements with each of our directors and certain officers. These agreements, among other things, require us to indemnify each director and certain officers to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts reasonably incurred by the director or officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a

Table of Contents

director or executive officer. We also carry directors' and officers' insurance to protect us, our directors, officers and certain employees for some liabilities. The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. The provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. There is currently no pending litigation or proceeding against any of our directors, officers or employees for which indemnification is being sought.

ITEM 35. TREATMENT OF PROCEEDS FROM STOCK BEING REGISTERED

Not applicable.

ITEM 36. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) The consolidated and combined financial statements of The Howard Hughes Corporation as of December 31, 2010 and 2009, and for each of the three years in the period ended December 31, 2010, and the related consolidated and combined financial statement schedule were filed as part of our Annual Report on Form 10-K and are incorporated herein by reference.

Prior to July 1, 2011, we owned a 52.5% economic interest in The Woodlands Partnerships. We have included as an exhibit to our Annual Report on Form 10-K and incorporated herein by reference the consolidated financial statements of TWLDC Holdings, L.P., as such partnership, either through majority ownership or as a primary beneficiary of variable interest entities, consolidates all of The Woodlands Partnerships, and the operations of The Woodlands Partnerships were significant to our operations for the fiscal year ending December 31, 2008 under the income test. The Woodlands Partnerships include the venture developing the master planned community known as The Woodlands (whose operations are in the Master Planned Communities segment) and also hold the beneficial interests in other commercial real estate within the Woodlands community, including the conference center, all located near Houston, Texas.

On July 1, 2011, we completed the acquisition of our venture partner's 57.5% legal interest, which equates to 47.5% economic interest based on the joint venture agreement, in The Woodlands Partnerships for \$117.5 million. Upon completion of the acquisition, The Woodlands Partnership became a wholly-owned subsidiary of HHC. The acquisition will require that we apply the acquisition method of accounting and record, on a consolidated basis, the assets and liabilities of The Woodlands Partnership at fair value on the date of acquisition.

ITEM 37. UNDERTAKINGS

- (a) The undersigned registrant hereby undertakes:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to the registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
 - (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (i) If the registrant is relying on Rule 430B:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement

or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

- (ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of the registration statement in reliance upon Rule 430A and contained in the form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of the registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
